

My Life 2071

Chapter 2071: The rest of my life is long. I am lucky to have you! (19)

There was blood at the corner of his mouth, and he choked himself.

“Zhuo Liye...”

Qiao yuanfei quickly took out a tissue, walked quickly to his side, and patted his back.

At the same time, she ordered the people outside to get a medical box.

Soon, a medical box was sent over.

“I’m fine. This little injury won’t kill me.”Zhuo Liye wanted to get up very manly, but Qiao Yuanfei refused to let him.

She pressed him down on the sofa and stubbornly insisted on treating his wound.

Fan Yu was envious of this scene.

But he was in the wrong first, and he hit someone again.

Anyone with a discerning eye could see that Qiao Yuanfei was angry and was deliberately provoking him.

If he didn’t behave himself at this time, the backyard would be on fire before his love rival was cleaned up.

Fan Yu did not say anything.

He stood quietly at the side and watched Qiao Yuanfei Treat Zhuo Liye’s wound.

Qiao yuanfei finally turned her head to look at fan Yu when Zhuo Liye pressed his face with an ice bag and left with a document in one arm.

But it was only a glance.

Her gaze swept past him and then turned to look at the crowd outside the door who were still watching the show. Her voice was slightly deep.

“You don’t need to work anymore?”

With a whoosh, the people blocking the door instantly disappeared without a trace.

The Secretary considerately closed the door for them.

The reception room was already in a mess. There wasn’t even a place to stay.

Qiao Yuanfei looked around and finally decided to give up and return to her office first.

She had just taken a step when she heard a muffled groan coming from behind her.

Fan Yu pressed on his chest and walked to her side, looking wronged. He stared at the medical kit in her hand.

“Feifei, my chest is hurt too. It hurts a little.”

“...”

Qiao Yuanfei was stunned. She really turned her head nervously to look at his chest.

The next second, she reacted. Zhuo Liye did not even touch a strand of his hair. How could he be hurt?

Pretend!

“It’s true. Feel my chest. It hurts so much that I can’t breathe.” Fan Yu saw that she did not believe him, so he grabbed her hand and pressed it against his chest.

Under her palm was the location of his heart.

Thump, thump, thump..

His strong heartbeat caused Qiao Yuanfei’s palm to go numb.

Just as her mind was in a daze, Fan Yu took the opportunity to speak.

“You’re ignoring me. My heart hurts so much. It’s worse than being beaten up. Feifei, let’s not fight, okay?”

“...”

Young master fan, Oh Young Master Fan, you’re so full of old-fashioned words of love. You must have practiced it, right?

Qiao Yuanfei was not really angry to begin with. When she heard him coax her, even if she was angry, her anger dissipated.

She deliberately held her breath and pretended to be angry as she turned around and questioned him.

“You didn’t believe me just now!”

“I didn’t...” Fan Yu tried to explain.

“You did. The moment you saw Zhuo Liye, you felt that there was something wrong with us,” Qiao Yuanfei said with certainty.

Fan Yu gave up struggling.

“We were about to get married, but you suddenly met Zhuo Liye alone. I thought you had gone back on your word and were prepared to...”

Fan Yu saw that Qiao Yuanfei’s expression was not right, so he quickly changed his words.

“I was in a hurry to find you because grandfather sent the wedding dress over for us to try. I didn’t expect you to still have the mood to come to the company to work at this time.”

Fan Yu said sourly.

In her heart, he could not be compared to Zhuo Liye, and he could not be compared to work.

How depressing would it be to think about it?

Knock Knock

At this moment, the door of the reception room rang.

The assistant pushed the door open and entered. Seeing that the atmosphere wasn't right, he cautiously reported back.

"President Qiao, the Senior Professional Manager you asked me to find has been found. He said that if the conditions are right, he can take over the Qiao Corporation in the shortest amount of time so that you can get married in peace..."

Chapter 2072: The rest of my life is long. I am lucky to have you! (20)

Go get married with peace of mind..

In such a long sentence, Fan Yu only heard this one sentence.

So, she didn't come to the company because she didn't care about their wedding. She just wanted to arrange things at work as soon as possible and marry him properly?

She didn't even want to manage Qiao Corporation anymore. Was she going to hand it over to a professional manager?

Nothing shocked Fan Yu more than this news!

She was so concerned about their wedding, but what did he do just now?

He came to catch them cheating..

Fan Yu moved his thin lips. He wanted to explain himself, but when he opened his mouth, he felt that it was better for him not to say anything.

"The wedding is a bit urgent. After the wedding next month, we might have to go on a honeymoon. I've calculated that it will take at least one to two months for us to not be able to focus on managing the company. The easiest way is to find a professional manager."

Qiao Yuanfei noticed Fan Yu's expression and said.

Her hand subconsciously fiddled with her hair at the side of her temples. She used her hair to cover her ears, not wanting Fan Yu to see her red ears.

She was looking forward to the wedding as much as he was.

Moreover, she had already promised Fan Fan Fan that she would work hard to give birth to a sister like Xiao Liuli.

If that was the case, it would be just right for her to get pregnant on her honeymoon.

However, if she really intended to have a child, she was afraid that she would not be able to manage the company for a year.

Therefore, she might as well make arrangements earlier so that she would not be flustered when the time came.

She did not expect fan Yu to come looking for her at this time. He even suspected that she only had work in her heart and not him..

Qiao Yuanfei did not know whether she should be angry or not.

“Feifei, I was wrong.”

Fan Yu quickly admitted his mistake.

After figuring out that Qiao yuanfei came to the company to look for a professional manager, she naturally understood that she had specially invited Zhuo Liye over to arrange work matters.

She was in such a hurry to deal with work matters because she was making time for their wedding.

How could he still be angry.

Right now, he wished that the keyboard would come over and kneel down, pretending to be pitiful so that she would calm down.

To be shameless and shameless in front of his wife... This was a fine tradition that they had collectively learned under Yu Yuehan’s influence.

At the thought of this, Fan Yu pressed his chest and stepped forward. He grabbed Qiao Yuanfei’s hand and continued to open his mouth.

“It’s my fault. I was angry because I didn’t understand it clearly. However, I also care about you. If you feel angry, you can hit me...”

As Fan Yu spoke, he grabbed her hand and greeted her face.

He didn’t even blink when he hit her.

“What are you doing!”

Qiao Yuanfei was shocked and retracted her hand without thinking.

Before fan Yu could cry out in pain, she had already held his face in pain.

“Where did you hit him? Is it very painful?”

“...”

Fan Yu could see the worry in her eyes. Just as he was about to say that he was fine, his eyes turned and he hugged her pitifully.

“The left side of my face hurts a little, but it doesn’t hurt. If you ignore me, I might feel even more pain.”

“...”

Qiao Yuanfei was seduced by his rustic words. She turned her head and looked at the door. The young assistant could not take it anymore and ran away with a red face.

The whole company would probably spread the news tomorrow that young master fan, who had always been as gentle and noble as jade, was acting coquettishly in private. He was comparable to a little puppy!

Did he not have any sense of shame?

“Others can say whatever they want. As long as you are not angry, I don’t care about anything.”

Fan Yu hugged Qiao Yuanfei and continued to tease her.

As he continued to tease her, the atmosphere was not right.

Chapter 2073: The rest of my life is long. I am lucky to have you! (21)

“Feifei, fan fan was talking in his sleep just now, he was dreaming about his sister. I was thinking that we can’t go on like this. In order to fulfill his wish as soon as possible, we have to work harder. I heard that you have a rest room in your office?”

Qiao Yuanfei:”...”

Screw him!

Qiao yuanfei came back to her senses and pushed him away forcefully.

She ran out with a red face.

“I haven’t forgiven you. Sleep by yourself today. I’ll go back and sleep with fan fan later!”

With a bang, Qiao Yuanfei closed the door.

She didn’t want fan Yu to chase after her.

The moment she rushed into the elevator, the corner of her mouth unconsciously curled up into a smile.

A sweet smile.

When she saw the smile on her face from the inner wall of the elevator, she was stunned.

She touched the curve of the corner of her mouth and her heart skipped a beat.

She seemed to be different from before... in front of fan yu today.

Although she would still blush and get nervous easily, she no longer felt worried about gains and losses.

Was She... Really in love?

– yes

Fan Yu and Tang Yuansi’s wedding was to be held at the same time.

It was bustling with excitement and joy everywhere.

Except for the Yu family villa.

Early in the morning, Yu Yuehan was dressed in a dark gray family uniform. The rope around his waist was casually tied and he went downstairs in high spirits.

It was not easy for him to eat meat, and he was in a good mood.

He could not bear to wake up Nian Xiaomu, who was still trying to catch up on her sleep, so he walked over to the sofa in the living room and sat down.

He reached out and was about to pick up the financial magazine that was in front of the coffee table when he suddenly caught a glimpse of something that should not have appeared in the Yu family Villa from the corner of his eye. His nerves tensed up!

With a pause, the magazine in his hand fell onto the carpet.

Yu Yuehan did not even look at it. He stood up from the sofa and walked forward.

When he saw that it was really a pram that was placed in the living room, he sucked in a breath of cold air.

He pointed at the pram and asked the butler.

“Xiao Liuliu did not use this thing two years ago. Don’t tell me it was a whim of yours to dig it out and take a look.”

Before the Butler could say anything, the babbling sound of a baby could be heard coming from the pram.

It sounded like it couldn’t wait to greet him.

The Butler added at the right time.

“Young Master Han, I didn’t flip out this pram. President Tang personally delivered it to us. He said that he and Miss Shangxin were busy preparing for the wedding next month and it was inconvenient for him to bring the Kirin along. Miss said that she wanted to raise a younger brother, so she specially sent it over to nurture the relationship between the two children...”

Before the butler could finish his sentence, Yu Yuehan felt as if he had been electrocuted, and the corners of his mouth twitched slightly.

He resisted the urge to kill Tang Yuansi and walked forward with the last trace of hope in his heart.

In his heart, he silently thought that all of this was an illusion and that it was just a dream.

Tang Yuansi had only played a joke on him. The person lying in the stroller was definitely not qiqi, but a doll.

Yes, a doll.

Yu Yuehan mustered up his courage and walked to the opposite side of the pram.

When he raised his head, he met the pair of large, rolling eyes in the pram, and his body suddenly stiffened.

“Keke...”

A certain little fellow who had just woken up did not know that he had been despised.

When he saw Yu Yuehan, he smiled in a very flattering manner with his handsome little face.

When he saw his fox-like smile, Yu Yuehan seemed to see the fear of his little princess being kidnapped.

The corners of his mouth immediately sank.

Without any hesitation, he took a step back and turned his head to look at the butler fiercely.

“Call Tang Yuansi immediately and give him an hour... No, come and pick up his son within half an hour. Otherwise, you will have to bear the consequences!”

Chapter 2074: The rest of my life is long. I am lucky to have you! (22)

The Butler was shocked by Yu Yuehan’s stern expression and hurriedly took out his phone to make a call.

In the end, he returned in less than ten seconds.

“How is it? Did Tang Yuansi come over to pick you up?” Yu Yuehan asked impatiently.

The Butler opened his mouth with great difficulty. “Young Master Han, President Tang’s phone is switched off...”

Yu Yuehan: “...”

Yu Yuehan: “Call Shangxin!”

This bastard Tang Yuansi could even abandon his own son.

Shangxin would definitely be reluctant to part with him.

Sending her son over to him was such a wicked idea. She was sure that Tang Yuansi had planned it all on his own. Shangxin would definitely not agree to it.

“Did you get through?”

Yu Yuehan went forward and asked nervously when he saw that the butler did not look well.

The butler nodded and moved the phone away from his ear. Then, he turned on the external voice.

Tang Yuansi’s voice could be heard clearly from the phone.

“Brother, don’t panic. Qiqi doesn’t eat much. You can still afford the milk powder. I Won’t let you take care of you for too long. I will go pick up qiqi after Xin ‘er and I are married. I love you!”

“Tang Yuansi, give me...”

Yu Yuehan was so furious that he was about to speak, but the call was already hung up.

His breath was stuck in his chest, and he could not get up or down.

He turned his head and glared at Tang Qianqi, who was in the stroller.

At this moment, Little Qiqi seemed to finally realize the truth of being abandoned by his parents and even being despised by Yu Yuehan. He pursed his lips, and tears immediately welled up in his eyes.

He was about to cry.

Yu Yuehan's heart skipped a beat!

"Little Brat, wait, Don't Cry..."

"Wah!"

The tender cries resounded throughout the entire living room.

Hence, the scene in the living room quickly changed.

Xiao Liuliu, who was in a daze from sleep, heard her little brother's cries and got up with a swoosh.

She carried her little piggy doll and came downstairs with a thud.

When she saw the pram parked in front of the sofa, she quickly threw the doll in her hand away and ran to the front to call out to her little brother in surprise.

Yu Yuehan did not have the chance to stop her at all. Xiao Liuliu had already grabbed the milk bottle from the pram, turned around, and ran into the kitchen to get the butler to help her prepare the milk..

Prepare the milk, feed the milk, and change the diaper..

A series of actions were completed in one go.

Yu Yuehan stood in the living room as if he had become a large sculpture that was ignored throughout the entire process.

Even the Kirin in the baby carriage was given preferential treatment by Xiao Liuliu.

As for him, as Xiao Liuliu's biological father, he did not get a single corner of his eye!

Xiao Liuliu was serious about adopting her younger brother.

Yu Yuehan was also serious when he was angry.

There were so many times that he was prepared to pack up Tang Qianqi and send him back to the Tang family villa, but he was frozen by Xiao Liuliu's confused gaze.

That gaze seemed to be asking him, why did his father bully his younger brother?

Did he bully qiqi?

Did he want to bully a baby?

His strong self-esteem made Yu Yuehan choose to give up.

He sat back on the sofa and pretended that nothing had happened as he continued to read his financial magazine.

However, from the corner of his eye, he could not help but glance at the two little ones on the opposite sofa.

Tang qianqi, who had eaten and drunk his fill, was still leaning in his little princess' embrace. Every now and then, he would stretch out his little paws to touch the Little Princess' face, and every now and then, he would kick his little short legs.

The most outrageous thing was that he kept pouting and looked like he was asking for a kiss.

"Pop!"

When Xiao Liulu lowered her head and kissed his face, Yu Yuehan finally could not hold it in and stood up from the sofa.

"Han, Young Master Han, Are You Alright?"

The Butler rushed over when he heard the sound.

He asked nervously when he saw Yu Yuehan's sullen face.

Yu Yuehan took a deep breath and resisted the urge to strangle Tang Qianqi to death.

Chapter 2075: The rest of my life is long. I am lucky to have you! (23)

He was an adult and could not be bothered with a baby.

His little princess was still young and only treated that little brat as her younger brother.

He could not use an overly drastic reaction to affect Xiao Liulu's growth.

He was a rational father.

Yes, Rational.

Yu Yuehan stood at the same spot and repeatedly hypnotized himself in his heart.

After ten minutes of self-hypnosis, he finally resisted the thought of suffocating Tang Qianqi because of that kiss.

Realizing that he might die of anger if he stayed in the living room any longer, he decisively prepared to head to the study.

Just as he reached the staircase, the butler suddenly rushed in from outside the door.

"Young Master Han, young master fan has sent someone to deliver something!"

"What is it?"

Yu Yuehan furrowed his brows and turned around to look at the butler.

His relationship with fan Yu was not so good that he could ask fan yu to send him a gift.

It was probably just a gift of wedding candy to provoke him.

However, he already had a wife. would someone who was still hugging his wife and having sex with her yesterday be Jealous?

“It’s wedding candy, wedding cakes, and...”

The Butler paused for a moment and turned his head to look behind him. It was as if he was pondering where he should run to after a while. Under the fury of Yu Yuehan, the chances of him surviving were higher.

“What else is there?”

Yu Yuehan’s voice was slightly deep.

When he saw the butler’s reaction, he suddenly had an ominous premonition.

Tang Yuansi was about to get married and had sent his son to him.

Fan Yu was going to get married next month and was only sending him wedding candy and wedding cakes?

Could it be..

Yu Yuehan’s heart sank abruptly!

“The person who sent the gifts was young master fan fan. Other than the wedding candy and wedding cakes, young master fan had also asked him to bring over the core information and important contracts of the two corporations. He said that he was especially busy with his wedding date and that the Yu Corporation would be handed over to young master Han. Additionally, there would be a fan corporation attached to it, so it would be a reciprocal gift. I would like to trouble young master Han to help manage it for a period of time.”

Yu Yuehan:“...”

“In addition, young master fan also said that you trusted him by handing over the company and the young miss to him back then. As a brother, he trusted you 100% as well. Therefore, apart from the fan corporation, young master fan also brought his luggage and said that he would be staying at the Yu family Villa for a period of time...”

When the butler saw that Yu Yuehan’s face was so dark that ink was about to drip out of it, he did not dare to continue speaking.

He only turned his body slightly to the side.

This allowed Yu Yuehan to see fan fan, who was dragging his small suitcase in the courtyard and walking toward the living room.

He was wearing a white suit and had a handsome little face.

The expression on his face was calm and composed, like a little facial paralysis.

At a glance, he looked like a copy of fan Yu.

So, was the heavens going to kill him?

Yu Yuehan stared fixedly at fan fan, who was walking toward him step by step. He was overwhelmed with grief and indignation, and no one knew what expression he was going to put on his face.

Could he take back what he had said earlier?

He wanted to take back everything he had said about how he did not care about him making a move on a child. He was an adult, and he was very rational.

He even had the heart to kill someone now!

In the end, he could only watch as fan fan walked up to him with a small suitcase. He raised his head and asked politely.

“Uncle Yu, my father and mother are busy getting married and are also busy giving birth to my younger sister. They may not have time to take care of me. Can I stay at your house for a few days?”

“...” could he say no?

Can He? Can He?

Can He? !

He didn't know anything about reciprocating favors or helping each other.

All he wanted now was to repay kindness with enmity and burn the bridge after crossing it..

Chapter 2076: The rest of my life is long. I am lucky to have you! (24)

However, the little fellow in front of him did not wait for his inner struggle to end at all. He had already consciously carried his small suitcase and walked upstairs.

He was still mumbling.

“Uncle Yu did not answer me, perhaps because he was too happy. Father said that if Uncle Yu did not speak, he would look for Aunt Nian. Aunt likes me the most and would definitely be very happy to see me...”

Yu Yuehan:“...”

Excuse me? ? ?

He was so happy that he was speechless?

Fan Fan, what gave you such an illusion when you came back? I can immediately apologize to you.

As long as you were willing to carry your luggage and the company information you brought, you would immediately disappear from his sight..

“Grandpa Butler, is this the guest room? which room is Xiao Liuliu's?”

The voice that came from upstairs made Yu Yuehan snap back to his senses.

He turned around and strode upstairs.

He stopped fan fan who was about to carry his luggage into Xiao Liuliu's room.

With one hand carrying him and the other carrying his luggage, he threw it into the guest room.

He patted his small shoulder.

“Rascal, recognize the door. This is the guest room. Don’t enter the wrong room.”

“Thank you, Uncle Yu.”

Fan Fan didn’t seem to sense his hostility at all.

He obediently dragged his luggage to the room and placed it there before opening the suitcase.

Just like every time he went out on a trip, he took out the clothes and daily necessities one by one. He placed the clothes in the closet and the bathroom in the right place.

He was so powerful that he looked like an adult. He didn’t need anyone to worry about him at all.

In comparison, the little qilin in the living room who relied on his small size and kept moaning at Xiao Liuliu was more scheming!

Yu Yuehan weighed the pros and cons in his heart. After settling fan fan down, he turned around and went downstairs.

The moment he turned around, fan fan, who had been lowering her head to pack her luggage, suddenly raised her head and took a look.

After confirming that he had really left, her small figure floated out from the wardrobe.

From his luggage, he took out a box of wedding candies from the bottom of his suitcase and walked towards the master bedroom.

Standing at the door, he first tidied up his little suit, which had been slightly wrinkled from tidying up earlier.

Then, he held the wedding candies in his hand and gently knocked on the master bedroom door.

“Knock Knock!”

“Knock Knock...”

Whatever the little fellow did, he would always be gentle and calm.

He also knocked on the door very obediently.

After knocking twice, he would wait for a while.

After confirming that no one had come to open the door, he knocked twice more.

Finally, the person in the room woke up.

“Fan Fan, why is it you?”

The moment Nian Xiaomu opened the door, Fan Fan, who was standing at the door, still had an obedient smile on his face as he raised the wedding candy in his hand.

“Aunt Nian, my parents asked me to bring you this candy. They said that you would be very happy if you ate it.”

“...”

Nian Xiaomu had just woken up from her sleep and her brain was spinning a little slowly.

However, when she saw that the person who had appeared in front of her was a handsome young man, her mood instantly brightened up.

Furthermore, fan fan was such a good talker.

Just a few sentences and Nian Xiaomu was ecstatic.

She took the candies from his hands and led him into the room.

She carried his soft and cuddly little body onto the sofa and caressed his little face as she asked.

“Are you the only one here? Where are your parents?”

“My parents are busy with the wedding and have to give birth to a younger sister for fan fan. They don’t have the time to take care of fan fan for the time being. Can I stay at Aunt’s house first?”

Fan Yu repeated what he had said to Yu Yuehan just now in front of Nian Xiaomu.

Nian Xiaomu’s heart softened instantly when she saw his obedient and sensible appearance.

Chapter 2077: The rest of my life is long. I am lucky to have you! (25)

She agreed without any hesitation.

“Of course! You can stay here as long as you want!”

“Fan Fan is a little afraid to sleep alone. Can I stay with Xiao Liuliu?” Fan Fan asked again.

He lifted his handsome little face slightly and looked at Nian Xiaomu innocently.

She was only a child who was more than five years old. No matter how sensible he was, he was still a child.

Nian Xiaomu’s heart ached when she heard that he would be afraid.

That was right. A child of such a young age would definitely be afraid when they had just arrived at an unfamiliar place.

Back then, when she had sent Xiao Liuliu to fan Yu’s place, Xiao Liuliu would stick close to Fan Yu when she slept so that she could sleep soundly.

Fan fan must have wanted to stay with Xiao Liuliu for the sake of having a companion.

Nian xiaomu rubbed his little face and nodded her head vigorously.

“Did you bring any luggage? I will get the butler to bring your luggage to Xiao Liuliu’s room later. You can stay with Xiao Liuliu.”

“There is no need to trouble Grandpa Butler. Fan fan can carry his own luggage.”

As fan fan spoke, his small body slid down from the sofa.

He ran out of the door.

In high spirits, he prepared to carry his own things.

As soon as he reached the door, he immediately bumped into a wall of meat.

His small body was dizzy from the impact. He spun around on the spot twice before he was lifted up by a large hand.

Yu Yuehan’s face was dark as he stared at fan fan, who had “Hooked up” with Nian Xiaomu when he was not paying attention. His brows were knitted so tightly that a fly could be squashed between them.

He enunciated each word clearly.

“What did you say just now? You want to share a room with Xiao Liuliu?”

Why didn’t he go to heaven?

He actually dared to act pitiful in front of Nian Xiaomu, saying that he was afraid of sleeping alone at night.

Only Nian Xiaomu would believe such words!

Fan Fan:”...”

“Yu Yuehan, be gentle. Don’t Scare Fan Fan!”

Nian Xiaomu was stunned. When she saw fan fan, who was held in Yu Yuehan’s hand like a groundhog, she hurriedly supported her waist and stood up from the sofa.

She walked over to them.

She saved fan fan from Yu Yuehan’s hands.

She helped him tidy up his collar, which had been wrinkled into a ball.

“Fan fan is still a child. You are always so fierce. What if you leave a psychological scar on him?”

“Nian Xiaomu, be reasonable. The person who snatched my daughter has already moved into our house. Isn’t he the one who wants to leave a psychological scar on me?”

Yu Yuehan retorted unwillingly.

Nian Xiaomu:”...”

Nian xiaomu said, “They are still young. Perhaps fan fan just likes to play with Xiao Liuliu. You should be more magnanimous.”

“I can’t be magnanimous in front of this brat who pretends to be obedient in front of me and secretly plans to move his luggage into my daughter’s room behind my back.” Yu Yuehan spread out his hands and spoke honestly.

He was already the kindest person he had ever been since he did not throw fan fan out of the Yu family villa at the first moment.

Nian Xiaomu: "..."

Nian xiaomu: "Yu Yuehan, have you forgotten how fan Yu helped us take care of our daughter when you sent Xiao Liuliu to Fan Yu's place? One must know how to repay kindness with gratitude."

"Be reasonable. How can this be the same? I sent fan yu a fragrant little princess. Where is fan Yu? He sent me a Stinky Little Hooligan."

And it was a fellow who wanted to kidnap his little princess.

"Alright, Alright, Alright. Fan Fan won't stay with Xiao Liuliu. Just stay with me."

Nian Xiaomu helped fan fan fan tidy up his collar and held his hand, preparing to take his luggage.

Anyway, when she heard that the little fellow would be afraid when she slept, Nian Xiaomu would not bear to leave him alone in the guest room.

She stopped in her tracks when she passed by Yu Yuehan.

Chapter 2078: The rest of my life is long. I am lucky to have you! (26)

He raised his eyebrows and shot a glance at Yu Yuehan.

"Oh right, I am pregnant now and I am taking up two seats by myself. With the addition of fan fan, the bed in the master bedroom is not big enough. You can sleep in the guest room from today onwards."

Yu Yuehan: "...!!"

"Wait!"

Yu Yuehan stopped the damage in time and reached out to grab Nian Xiaomu's arm tightly. Without any hesitation, he changed his words.

"I was just saying casually just now. would such a magnanimous person like me be calculative with a child?"

"You would."

Nian Xiaomu reminded him without giving him any face.

"You also said that you were going to throw fan fan out just now."

"Did I say that? I have forgotten about it. You must have remembered wrongly. I can tolerate Tang qianqi, who has been clinging onto Xiao Liuliu's arms all this while. How could I not tolerate fan fan?"

Yu Yuehan hugged Nian Xiaomu with both arms and lowered his gaze to stare at her angry face.

He softened his voice.

"Alright, don't be angry anymore. If you get angry, the baby in your stomach will also get angry."

"It's all because of you..." Nian Xiaomu complained in a low voice.

“Yes, yes, yes. It’s my fault. Weren’t you just worried that fan fan would be afraid if he slept alone? I have already thought it through. There are differences between men and women. He can’t sleep in Xiao Liuliu’s room. Coincidentally, Tang Yuansi has also sent Qi Qi over. It would be perfect for him and fan fan to stay in the guest room upstairs.”

Yu Yuehan could not help but applaud his own intelligence.

He was a genius.

To think that he could think of such a good idea to get rid of two brats at once!

Perfect!

“Qi Qi?” Nian Xiaomu was taken aback.

She looked at him in confusion.

It was only then that Yu Yuehan remembered that Nian Xiaomu still did not know about this devastating news.

His handsome face fell, and his expression was as pitiful as it could get.

He opened his mouth slowly.

“Tang Yuansi said that he was getting married and did not have the time to take care of his son. He sent Qiqi here, and Fan Yu went even further. Not only did he send his son here, but he also threw the jobs of the two companies to me. They are simply Inhuman. Right now, my heart has suffered a huge blow, and I Need a kiss from you to heal it...”

As Yu Yuehan spoke, he was about to take the opportunity to seek comfort when Nian Xiaomu covered his mouth with one hand.

She reminded him coldly.

“Stop complaining. You did exactly what you did back then. It’s all retribution.”

Yu Yuehan: “? ? ?”

This was his wife?

She had not been replaced?

No, he did not believe it..

Nian Xiaomu ignored him. When she heard that Tang Yuansi and Shangxin had sent their son over, she asked with concern.

“Where is qiqi? Who is taking care of him?”

This little baby was not like fan fan, who could take care of himself.

Nian Xiaomu was afraid that Yu Yuehan would leave him in the living room because he was unhappy.

“He is happily sticking to Xiao Liuliu,” Yu Yuehan said gloomily.

He wanted to torture that little rascal, but did he have the chance?

He had merely instructed the butler to hire an additional nanny so that there would not be insufficient manpower to take care of the two children. Xiao Liuliu immediately corrected him.

“Xiao Qiqi has Xiao Liuliu. There is no need for the nanny to take care of him. Xiao Liuliu can take care of him.”

Alright, Alright. He already knew that he had fallen out of favor.

Yu Yuehan was so depressed that he did not want to speak.

He had just turned around to head upstairs and was about to hug his wife to sleep to find some comfort. Who knew that he would see fan fan fan trying to trick Nian Xiaomu into wanting to move into his daughter’s room..

She could not live this life anymore!

Today was probably not his doomsday..

Each and every one of them wanted to infuriate him to death.

It was as if their bodies had been hollowed out.

Yu Yuehan’s head hurt.

“Xiao Liuliu is still a child. How can you really let her take care of Qiqi?” Nian Xiaomu did not have the slightest bit of sympathy for Yu Yuehan. She led fan fan as they walked past him and headed downstairs.

When they reached downstairs.

The scene was different from what they had imagined.

The Qi Qi was not in a terrible state, and Xiao Liuliu was not flustered either.

The Qi Qi had fallen asleep and was sleeping on the sofa with a pacifier in its mouth.

Xiao Liuliu was also lying next to him and had fallen asleep next to him.

An arm crossed the Qi Qi’s small body and hugged the Qi Qi.

The two little heads were leaning against each other tightly, and the scene was especially heartwarming.

It could not help but remind Nian Xiaomu of the baby in her belly, and she reached out to touch her own belly.

Xiao Liuliu liked her younger brother so much that it would definitely be the same scene when the baby in her belly was born.

In the end, before she could finish lamenting, Yu Yuehan had already strode forward, bent down, and carried Qi Qi into the baby carriage.

He carried his little princess and was about to head upstairs.

He separated the two children very quickly, but his strength was very gentle. When he met Nian Xiaomu's stunned gaze, he even stopped in his tracks and explained.

"I am very magnanimous. I am not jealous. I am just worried that it is not good for their health if they sleep on the sofa."

He even complained to the butler about why he did not pick them up immediately.

The Butler, who had been shot while lying down, was speechless

Nian Xiaomu:"..."

Very soon, Yu Yuehan, who had carried Xiao Liulu up the stairs, came down again.

Just as he was about to carry the Kirin to the guest room, he heard fan fan tugging at the corner of Nian Xiaomu's shirt as they walked up the stairs.

"Aunty, Uncle Yu doesn't seem to like little brother. Little Brother is so pitiful..."

"..."

Yu Yuehan stumbled and almost fell down the stairs.

He held onto the handrail of the stairs and looked at fan fan with an incredulous expression.

Little Brother was pitiful?

He suddenly had two devil kings who stole his daughter from him. wasn't he the one who was pitiful? !!

It was like a magic spell.

Ever since Yu Yuehan received two "Surprises" in a day, his good days had come to an end.

Tang Yuansi and Fan Yu were happily getting ready to get married. Sadly, he became the nanny for his three children.

If the one in Nian Xiaomu's stomach was included, there were four of them..

This was not a big deal. He still had two companies to manage.

Thus, the daily routine of the mighty President of the Yu Corporation, Young Master Han, who was overbearing and cold, became like this:

Just as he had finished preparing the milk for his precious daughter, the little qilin in the swaddling clothes started to wail loudly when it smelled the scent of the milk.

Before the porridge was served to Xiao Liulu, fan fan was already standing at the kitchen door, rubbing his stomach and complaining to him about how hungry he was.

This was nothing.

Young Master Han had money, so young master Han could hire a nanny.

Three children and three nannies, yet the arrangements were clear and well-arranged.

But who could tell him that he had coaxed those two brats to sleep in the guest room one second ago, but how did they manage to sneak into his daughter's room the next?

They even slept on Xiao Liuliu's bed!!!

Bastard!

They actually played this trick on him!

Without saying a word, Yu Yuehan picked one up with each hand and carried them back to the guest room.

The younger one couldn't understand, but the older one could at least understand, right?

Yu Yuehan repeatedly emphasized that they could not run to Xiao Liuliu's room. After receiving fan fan's assurance with a raise of his hand, he finally turned around and went to sleep with a sense of relief.

However, he did not expect that fan fan would immediately get up from the blanket after he left. He turned his head to look at his younger brother who was sleeping beside him.

"Qiqi, don't be afraid. Uncle Yu only did not allow us to go over. He did not say that Xiao Liuliu could not come over."

Fan fan reached out and switched on the bedside lamp.

He slid off the bed.

He walked softly to the door, opened the door, and meowed a few times like a cat.

In less than three seconds, the door of the room next door opened.

He responded to the two cat meows.

In the dark, Xiao Liuliu wore a nightgown and carried her beloved Piggy toy. She quietly entered their room.

She kicked off her slippers and hid under the blanket.

The next day, Yu Yuehan was furious when he learned the truth.

Since fan fan had a good attitude when he admitted his mistake, it wasn't appropriate for him to make a move.

Furthermore, Xiao Liuliu had snuck into the guest room by herself, so he couldn't blame anyone else.

Should he be allowed to lecture his own little princess?

It didn't exist.

He couldn't bear to part with her.

He could only sulk at himself.

In the end, Nian Xiaomu was the one who comforted him. The child was still young and innocent, so it was best not to let an adult's over-interpretation affect the pure feelings between children.

Yu Yuehan reluctantly accepted this explanation.

He was a reasonable parent.

He only cared for his daughter and did not coddle her. He was not a hegemonic figure.

He needed to be educated rationally and not use violence.

However, who would tell him that this brat who had just saved his life from his hands did not hide. Instead, he carried his pajamas to his daughter's room and invited his daughter to take a bath with him?

Did he want to die?

"Nian Xiaomu, don't stop me. I want to beat him to death!" Yu Yuehan picked up the baseball bat at the side, and his last bit of rationality was burned out.

Nian Xiaomu was so scared that she hurriedly hugged his arm.

"Yu Yuehan, calm down. Fan fan fan only called Xiao Liulu to take a bath, he did not say that they would take a bath together..."

Nian Xiaomu turned around and instructed the nanny to come up and take care of the children. Then, she dragged Yu Yuehan away.

She was worried that if he continued to watch, something big would happen.

It was only the third day..

There was still a month before Tang Yuansi and Fan Yu's double wedding..

All of a sudden, Nian Xiaomu felt that she had a lot of work to do.

Yu Yuehan, who was being held tightly by her, felt even more aggrieved.

"Nian Xiaomu, Tang Yuansi and fan Yu must have some hidden plot. They are intentionally working together to take advantage of this opportunity to infuriate me to death!"

Nian Xiaomu:"..."

If the two little devils were only the first step in Tang Yuansi and fan Yu's attempts to anger him to death.

The second step, then, was that while he was physically and mentally exhausted from the abuse, there were still two groups of work on his shoulders.

Angry during the day, stay up all night to work.

The daughter-in-law is right in front of him, but he can't even squeeze out the time to kiss and hug. Don't you think it's tragic?

It was indeed tragic.

Not to mention Yu Yuehan, even Nian Xiaomu's heart ached for him.

She stuck out her big belly and cooked supper for him, trying her best to coax him.

"Why don't I help you with some documents?"

Nian Xiaomu carried the coffee into the study room. When she saw the bruise under his eyes, she asked with some heartache.

When he heard this, Yu Yuehan laughed out softly.

The corners of his mouth curled up into a devilish arc. He took the coffee cup from her hand and placed it on the table.

He took the opportunity to hold her hand and let her sit in his embrace.

"If fan Yu can handle the workload of both companies, why can't I? I'm just so angry that my liver hurts because of those two brats. They are scheming against my heart and are torturing me both physically and mentally. They are too despicable!"

Yu Yuehan's strong arms wrapped around her increasingly rounded waist.

He stopped on top of her stomach.

His gaze became dotting.

"My stomach seems to have gotten a little bigger."

"Yes, I weighed it just now. It has gained a pound."

Nian Xiaomu also touched her stomach with anticipation.

Unlike other pregnant women, Nian Xiaomu's figure did not change much when she was pregnant. The only thing that had gotten bigger was her stomach.
