

My Life 2111

Chapter 2111: The rest of my life is long. I am lucky to have you! (59)

The assistant ran out of the banquet hall in a hurry and rushed in front of Tang Yuansi and Shangxin with a panicked look on his face.

“Little young master he... little young master he...”

“Why are you panicking? What happened to Little Young Master? Speak clearly!” Tang Yuansi put one hand on Shangxin’s shoulder and spoke calmly.

“Little Young Master is missing!”

The moment the assistant said that, Tang Yuansi and Shangxin immediately changed.

Shangxin’s body went limp and she almost lost her balance.

Tang Yuansi hugged her tightly and his expression did not look any better.

He had just promised her confidently that Qiqi would be fine. How did he lose Qiqi in the Blink of an eye?

“Didn’t little young master always stay by Grandpa’s side? Why did he suddenly disappear?”

Tang Yuansi did not panic.

He grabbed his assistant and asked anxiously.

“There were too many people in the banquet hall. Little Young Master followed Chief Shang in the beginning. However, it was rare for Chief Shang to come to City H. There were too many people who greeted him. I don’t know when little young master blended into the crowd to play. When chief Shang turned around, he had already disappeared!”

“Qiqi...”

Shangxin rushed to the banquet hall in a panic.

In the banquet hall, the guests were still celebrating.

Shang Lingsi suppressed the news at the first instance. He did not alert too many people to prevent the situation from becoming chaotic and it would be difficult to find people.

When Shangxin and Tang Yuansi rushed to the lounge, Shang Lingsi was already waiting for them inside.

“It’s all my fault. I was careless. I thought that this was the Tang family’s villa and we were all relatives here so nothing would happen. I didn’t expect that after praising qiqi proudly in front of Yan Chengchi, qiqi would disappear the moment I turned around.”

Shang Lingsi said with a frustrated expression.

After apologizing, he immediately spoke up again.

“I had the Tang family Villa sealed up inside and outside. I didn’t inform my relatives and friends at the banquet. I only arranged for some people to secretly search for Qi Qi. This is the Tang family villa. With Qi Qi’s intelligence, it’s impossible for him to get lost in his own house. If we still can’t find him after searching for a while, I’m afraid...”

He was probably taken away by someone.

Tang Yuansi and Shangxin thought of this at the same time when Shang Lingsi did not say it out loud.

Shangxin’s face turned pale instantly.

Shang Lingsi looked at her with a pained expression. He wanted to say something but hesitated. In the end, he only emphasized it once more.

“Qiqi is a smart child. You have to believe that he will be fine no matter what happens.”

Now was not the time to be sad.

Finding Qiqi was the most important thing.

Tang Yuansi and Shangxin quickly left the lounge and led their men to search the entire ballroom with wine glasses in hand.

At the same time, Shang Lingsi received a reply.

The assistant and his men searched the ballroom but could not find Qiqi.

Qi Qi had really been lost.

“Brother Xiaosi, what do we do now? Qi Qi is still so young. Who took him away?” Shangxin was completely flustered.

The surveillance cameras in the villa were still being checked, but there were so many images. It would not be easy to find the one where Qi Qi disappeared.

“That won’t happen. Qi Qi will be fine. Even if someone took him away, they must have their own motives. They won’t not contact us...”

Before Tang Yuansi could finish his sentence, his phone rang.

It was a text message.

When he opened it, his pupils constricted.

When Shangxin saw his strange expression, she instinctively looked at his phone.

When she saw the text message, her face turned pale!

“Qiqi... has been kidnapped...”

The other party asked for 10 million yuan.

Chapter 2112: The rest of my life is long. I am lucky to have you! (60)

I have left the address of the money collection to them.

If they did not show up with the money within an hour, they would immediately kill the two of them.

Tang Yuansi was still hesitating whether to call the police. When Shang lingsi received the news, he had already dashed forward to stop him.

“They still have qiqi. If the other party is only looking for money, we might as well satisfy them first to prevent the child from getting hurt!”

After Shang Lingsi finished speaking, he took another look at the address on Tang Yuansi’s phone.

After taking a glance, he narrowed his eyes slightly and reminded him.

“This location is very close to the Yu family villa. Aren’t you and Yu Yuehan Friends? Why don’t we go to his place first and ask him for help to discuss how to pay the ransom? It will be safer.”

“Father is right, Brother Xiaosi. I don’t care about anything. I only want Qiqi to be fine... we will pay the money. As long as Qiqi is fine, I am willing to pay any amount of money!” Shangxin grabbed Tang Yuansi’s arm, before she could finish her sentence, tears were already rolling down her face.

Her son was her lifeline.

Shangxin could not sit still for even a moment when she thought about how Qiqi was still so young and how he would suffer if he fell into the hands of the kidnappers.

Tang Yuansi furrowed his brows slightly. He had a hunch that something was not right about this matter. However, before he could think about it carefully, he could only order someone to prepare the ransom money when he saw how upset Shangxin looked.

At this time, the bank was already closed.

It was really not an easy task to gather ten million dollars in cash.

Especially since the other party had given them such a short amount of time.

In the end, Tang Yuansi only carried a box of cash and rushed to the Yu family villa with Shangxin.

He called Yu Yuehan on the way, but the call did not go through.

He called Nian Xiaomu, but the call did not go through either.

The doubts in Tang Yuansi’s heart spread, and he recalled the scene of Yu Yuehan and the rest missing the Qi Qi’s anniversary ceremony together before the Qi Qi disappeared.

Then, he thought about that Sly Spirit Qi Qi. Although he was very likable, that was only in front of people he was familiar with.

If an ordinary person wanted to hug him, he would be as cold and aloof as an adult.

It was almost impossible to bring him away silently at the banquet..

Tang Yuansi narrowed his eyes and used his cell phone to call the group of people one by one.

Fan Yu, Qi Yan, Mo Yong.

Qiao Yuan, Fei Tan, Bengbeng, Zheng Yan.

He called all of them once.

All of them could not be connected at the moment.

If it was not intentional, could it be that they all drifted to the no man's land? !

Could it be..

A bold thought flashed across Tang Yuansi's mind.

When he thought of Shang lingsi, who usually doted on Qiqi and was nervous about his grandson, and his exceptionally calm reaction today, Tang Yuansi almost believed his own speculation.

However, since it was related to his son, Tang Yuansi was still cautious.

He deliberately edited a text message and sent it to Shang lingsi.

The content of the text message was very simple. It only told Shang lingsi that he had already received qiqi.

However, the next second, Shang Lingsi's reply was not a happy message, but a sentence.

"Young people are indeed unreliable when it comes to handling matters. They were exposed so quickly."

"..."

Tang yuansi stared at the text message on his phone and his eyes were about to pop out of their sockets

Swoosh

The car stopped in front of the Yu family villa.

"Brother Xiaosi, have you contacted Young Master Han and Xiao Mumu?"Shangxin asked uneasily before alighting from the car.

Tang yuansi kept his phone and was no longer anxious. Instead, he was very curious about what tricks Yu Yuehan and the rest were up to.

They were actually able to convince Shang lingsi, who loved his daughter like his life, to help them hide the truth from Shangxin..

With this thought in mind, Tang Yuansi did not rush to tell Shangxin the truth. Instead, he held her hand and walked towards the Yu family villa.

Chapter 2113: The rest of my life is long. I am lucky to have you! (61)

Just as they walked to the door, there was a "PA" sound, and a circle of small colored lights suddenly lit up outside the door.

Like a walking lantern, the color of the lights around the door kept changing.

Liu Li Huan Cai.

“President Tang, Miss Shangxin, we have been waiting for you for a long time. Please come in.” The guard who was guarding the door opened the door for them respectfully.

When he opened the door, he handed Tang Yuansi a red rose.

Tang Yuansi did not hesitate to lend the rose to Shangxin.

Shangxin took the rose in a daze. She had yet to recover from her shock.

Weren't they going to save Qiqi?

Why did the atmosphere feel weird? It felt like they were on a date?

“Brother Xiaosi, Qiqi...”

“Shh! Qiqi is fine. It's our time now.”

By this point, Tang Yuansi had already understood everything.

He held Shangxin's hand and walked forward generously.

Other than the colorful lights and red roses at the entrance, they would be pleasantly surprised if they walked ten meters forward.

From the Crystal Ball of the Prince and the castle to the chocolate carved flowers, the princess dress, and the Princess' crystal shoes..

They walked for a full hour from the main door to the living room of the villa.

Every present that Tang Yuansi received would be sent to Shangxin.

A love sentence that was attached to it.

By the time they reached the living room of the villa, Shangxin's hands were already filled with presents.

Her eyes were red again and again.

At this moment, even if she did not realize it, she had already realized that the kidnapping of Qiqi was fake.

It would be real if everyone had collectively prepared a surprise for her and Tang Yuansi..

“Kacha –”

The tightly shut door of the Yu family Villa's living room slowly opened the moment they arrived.

The lights that flowed out from inside, along with the heart-shaped candles that had long been placed in the courtyard, lit up the dark night sky.

Today's birthday girl, Qiqi, who had just turned one year old, was the first to run out from inside happily.

Her pretty little face was full of smiles.

She hugged the small box in her arms and ran towards Tang Yuansi's direction anxiously with staggering steps.

She was so anxious to be a little cupid that she ran so fast that she almost tripped a few times.

In the end, she steadied herself and accurately stuffed the small box in her hands into Tang Yuansi's hands.

Then, she ran away.

Tang Yuansi lowered his head and saw that the little fellow had given him a ring.

His eyes moved slightly.

Back then, he was worried that Shang Lingsi would not agree to their marriage, so his relationship with Shangxin had been an underground affair.

They had also secretly gone to get the marriage certificate and did not even have a proper proposal.

Although Shang Lingsi had agreed to their marriage later on, the wedding had been held in a hurry and many things had not been prepared in time.

Tang Yuansi had been thinking about it all this while and still owed Shangxin a proposal.

Every time he saw her cry emotionally as she stared at the proposal on the television, he could not help but wonder if she would cry like this too if they had a proposal ceremony..

It seemed to be an obsession.

It was not the first time that Tang Yuansi had mentioned in the Brotherhood group that he wanted to make up for a proposal.

However, he could not find the right opportunity.

Tang Yuansi did not expect that Yu Yuehan and the rest would take this private conversation between brothers to heart and had even prepared a surprise for them silently..

Tang Yuansi raised his head. The Moment Qi Qi ran back, all the doors to the living room had already been opened.

All of them came out from inside.

Qi Yan and Tan Bengbeng were also there. Not a single one of them was missing.

A few men stood at the front, teasing and urging them.

"What are you still standing there for? This is the best I can do for you. Hurry up and propose!"

Chapter 2114: The rest of my life is long. I am lucky to have you! (62)

Tang Yuansi snapped back to his senses and lifted his head to look at Shangxin.

At this moment, Shangxin was already so touched that tears were streaming down her face. She hugged the gift in her hands and saw that when Tang Yuansi held the ring and knelt down on one knee towards

her, all the things in her hands fell to the ground. She covered her mouth with both her hands to prevent herself from crying out loud.

Every woman would fantasize about the day when the person they loved would take the token that symbolized their "Lifetime" and kneel in front of them, saying, "Marry me."

Shangxin was no exception.

She had liked Tang Yuansi since she was young.

She had never counted how many years she had liked him.

She was young and ignorant. She was the brightest light in Tang Yuansi's world of despair, and "Brother Xiaosi" was her belief.

They were originally two people from two different worlds, but their fates had intersected.

Because of love, they held on tightly to that tiny bit of hope that they might be together and persevered all the way until today..

Only they themselves knew how difficult each step was.

How many times had Tang Yuansi's life been on the line.

It was as if the heavens were playing tricks on him.

Only those who had truly experienced the pain of being hung on the edge of despair would understand.

The suffering had finally passed.

They had waited for the miracle of the "King of Hell".

Shangxin's greatest wish in her life was no longer a princess dream. Instead, it was for her brother Xiaosi to be able to live on peacefully like this..

Whether it was a proposal or the wedding of the century, it was no longer important.

However, even though she was already very content, at this moment, when the scene that she had been looking forward to the most in her dream appeared in front of her eyes, Shangxin's emotions were instantly moved to the point of breaking down.

Tears gushed out continuously like a surging spring.

She could not wipe them away no matter how hard she tried.

It was the same for Tang Yuansi.

A man would not easily shed tears, but they did not reach his heart.

He was born with a congenital heart disease. From the moment he was born, he had decided that he was destined to be different from others in his life.

In the past, he had thought that a person like him did not deserve to live.

Other than making the people around him worry, he could do nothing else.

At his most desperate moment, he even thought of giving up on the treatment and finding a place where no one was around to quietly wait for his death..

If not for Shangxin's stubbornness and pulling him back time and time again, Tang Yuansi would not have imagined that he still had a future.

He wanted to give her the best.

However, in reality, he had not even given her a proper proposal.

Today, he could finally fulfill his dream..

With reddened eyes, Tang Yuansi stretched out his hand and opened the box.

The resplendent diamond ring emitted a dazzling glow in the red velvet box.

"Xin 'er, marry me!"

"Brother Xiaosi..."

Shangxin bit her lips tightly and choked up the moment she opened her mouth.

Tang Yuansi looked at her with a solemn expression and enunciated each word clearly.

"You have always been by my side in this life. If there is a next life, I will look for you and protect you for the rest of my life. Xin 'er, I love you!"

She swore in the name of love.

She would never change her mind.

"Okay!"

Shangxin threw herself into his arms and nodded her head frantically with tears in her eyes.

At this moment, nothing was important anymore.

They only had each other in their eyes..

At the entrance of the living room.

"I am so touched..."

Qiao Yuanfei's parents had passed away early. She was the most sensitive person in her heart and could understand how difficult it was for Tang Yuansi and Shangxin. When she saw this scene, she cried her eyes out.

"Me too."

Zheng Yan also cried like a dog.

Nian Xiaomu did not speak. To be more precise, she cried until she could not speak.

Even Tan Bengbeng, who had the highest amount of tears, was choking up at this moment. She silently raised her hand to wipe away the tears at the corner of her eyes.

Chapter 2115: The rest of my life is long. I am lucky to have you! (63)

The four women stood together and looked over. Apart from feeling touched, there was also envy in their eyes..

What could be more touching than this kind of love after experiencing life and death?

“Although saying this is a little spoilt, I really want to ask, why did we help Tang Yuansi to set up such a romantic proposal venue? “I feel that there is something wrong with the way Bengbeng is looking at me now.” Qi Yan was the first one to alert fan yu.

Fan Yu nodded as well.

“Feifei was extremely touched by my romantic proposal at the airport. For a long time, she couldn’t bear to reject me no matter what I said. The way she looked at me was filled with love. But now, I suddenly have a premonition that my privileges are about to end.”

Fan Yu suddenly had a bad premonition in his heart.

He didn’t know whether to say it or not.

Mo Yongheng spoke on his behalf.

“Aren’t we a little silly to help Tang yuansi create such an extremely romantic surprise in front of our wives?”

Yu Yuehan:”...”

Qi Yan:”...”

Fan Yu:”...”

They had already discovered it.

But it seemed like it was a little too late.

Tang yuansi and Shangxin hugged and kissed each other. The four women who were watching from the sidelines were moved to tears as well.

The four men were also about to cry.

However, when they saw the look of disgust in their wives’ eyes, they felt so wronged and regretful that they were about to cry..

If there was really anything to be happy about...

Then, there was only Tang Yuansi who was hugging his wife and kissing her happily. At that moment, the birthday girl, Xiao Qi, who had just turned one year old, was unhappy. She staggered over with her short legs, she tried hard to separate the two of them.

Due to her small strength, she fell on her butt before she could pull Tang yuansi away.

She stood up unwillingly and continued to pull on Tang Yuansi’s pant leg.

Tang Yuansi lifted his leg, but he lost his balance again and fell onto the grass.

He raised his handsome little face and looked at his mother who had been taken over by his father alone. He pursed his lips in grievance and burst into tears.

“Qiqi!”

The moment Shangxin heard her son’s cries, she snapped back to her senses and pushed Tang Yuansi away without hesitation.

Tang Yuansi was in the midst of enjoying his kiss when he was suddenly pushed away. He almost fell to the ground like Qiqi.

Just as he steadied himself, Shangxin had already carried her son into her arms.

She kissed his little face and coaxed the pitiful little fellow in her arms gently.

Tang Yuansi’s face darkened.

The four men who were watching the show were happy.

They could not help but applaud Little Qi in unison.

When they saw Tang Yuansi turn his head to glare at them and pretend that he had not done anything earlier, they raised their heads to look at the sky innocently.

Tang Yuansi:”...”

“Today is QIQI’s birthday. He also contributed to your proposal just now. Now is the time for you, as his father, to express your gratitude.”Shangxin carried her son and walked up to him to remind him.

Tang Yuansi thought for a moment and reached out to shake his son’s hand to make peace.

“Today can be considered a big day for both of us. Shall we call a truce?”

“...”

Little Qiqi stared at Tang Yuansi’s hand and his big eyes flashed as though he was considering. In the end, he turned his head and saw something. Suddenly, he reached out to hold Tang Yuansi’s hand in a very straightforward manner.

He agreed.

Tang Yuansi instinctively followed his gaze and turned his head away.

Tang Yuansi did not see anything.

He could not guess what this brat wanted to do. However, since he was willing to call a truce, they were the closest father and son today!

“It is rare for Qi Yan and Beng Beng to bring their daughter back. Everyone, stop standing there and celebrate Qi Qi’s birthday inside.”

Chapter 2116: The rest of my life is long. I am lucky to have you! (64)

This was the Yu family villa.

Nian Xiaomu snapped back to her senses very quickly and invited everyone in.

There were cakes and fruits prepared by the butler in the living room.

There was also a series of dishes.

Both adults and children could eat them.

Everything that had happened tonight was a surprise to Tang Yuansi and Shangxin. However, it had already been planned for a long time for the others.

They had everything they needed.

Tang Yuansi picked up a glass of red wine that was rarely seen and took the initiative to look at the few of them.

“Good Brothers! Let me propose a toast to all of You First!”

“No, no, no! Take it easy. Although I am here, this is a great day. Don’t pour a glass of wine on the spot. Not only will I be unlucky, but I will also have to work overtime. Isn’t that great? !”

Qi Yan stopped Tang Yuansi without a word. He took the glass of wine from Tang Yuansi’s hand and exchanged it for a glass of plain water.

“Drink this. Water for wine.”

“Qi Yan...”Tang Yuansi looked at him, slightly touched.

This was the first time he realized that apart from being a little ugly, Qi Yan was still human.

After he became a father, he started to think for others.

Tang Yuansi took the cup and continued to say his thanks. Then, under the encouragement of his brothers, he drank up the water in the cup in one gulp.

Just as he was about to put down the cup, he suddenly realized that they had surrounded him.

Tang Yuansi was dumbfounded.

What was going on?

Was there something wrong with him?

“He drank it all! He drank it all!”Fan Yu said excitedly.

“Why does he look fine...”Mo Yongheng reached out and picked up the cup that Tang Yuansi had just placed down. He placed it under his nose and sniffed it.

Yu Yuehan did not say anything. However, the way he looked at Tang Yuansi was as if he was looking at an experimental subject.

The only person who remained unchanged was Qi Yan.

Under such circumstances, no matter how slow Tang Yuansi's reaction was, he realized that there was definitely something wrong with the cup of water that he had just drunk.

Just as he was about to ask them what trick they were playing, he felt a sharp pain in his stomach.

It was just a slight pain.

What happened next felt like..

Tang Yuansi's expression changed as he grabbed Yu Yuehan and asked for the direction of the washroom.

He was so anxious that he was dumbfounded. He had come to the Yu family villa so many times that he could not even figure out the direction of the washroom.

Yu Yuehan pointed at him casually and he immediately rushed out.

When he reached the end of his run, he realized that Yu Yuehan had pointed him in the opposite direction and ran back again.

"You B * stards, just you wait —"

With a bang, Tang Yuansi, who had finally found the washroom, closed the door forcefully.

The Four-person team outside the door had already burst into laughter.

"Brother Xiaosi."

Shangxin reacted slowly. She was worried and wanted to go and see Tang Yuansi. However, she was immediately stopped by someone.

Qi Yan placed one hand in his pocket and the corners of his mouth curled up.

"Don't worry about the medicine that I concocted. He won't die. After being smug for an entire night, it's time to let him suffer a little and let him know that it's not so easy to take advantage of a brother."

His words received a lot of praise from the others.

When Tan Bengbeng saw that Shangxin was still a little worried, she walked to her side and reminded her.

"The medicine is a newly developed medicine by Qi Yan. It protects the heart and blood vessels and is beneficial to Tang Yuansi's body. However, there are side effects to this medicine. People who are not used to it will have diarrhea easily."

Tan Bengbeng stopped at the end of her sentence.

This group of people could be considered as pranks, but they knew their limits very well.

They would not joke about their brothers' bodies.

Although they had pranked Tang Yuansi, they did not mean any harm.

In fact, Tang Yuansi had taken advantage of him.

If he really wanted to buy Yama's new medicine, there was a high price but no market for it.

Chapter 2117: The rest of my life is long. I am lucky to have you! (65)

"Thank you," Shangxin said gratefully.

Tan Bengbeng shook her head. She did not have the heart to tell her that she had heard from Qi Yan that the side effects of this medicine could be resolved.

Now that Qi Yan was giving it to Tang Yuansi directly, it was highly likely that he would take the opportunity to take revenge..

Tang Yuansi squatted in the washroom for almost two hours.

When he came out, his expression was normal.

His complexion looked even better than before he entered the bathroom.

If one ignored the fact that he had diarrhea that caused his legs to tremble..

Tang Yuansi tried his best to straighten his body so that no one would notice that he had become a limp shrimp.

However, the medicine was made by Qi Yan, and he knew the effects of the medicine best.

Tang Yuansi could barely hold on for more than three seconds before he was broken by Qi Yan's words, "Brother, your legs are shaking so badly. Do you need me to take a look at them?".

He collapsed onto the sofa and hugged Shangxin as he reprimanded them for bullying him.

"Be good, it's good for your body. Let's not cry. In a few days, you will be a good man again!" Shangxin patted his head and comforted him.

Today was the anniversary celebration of Qi Qi.

The little protagonist had been ignored for the entire night and was lying on the sofa unhappily.

His little face that had already grown out completely inherited the strengths of Tang Yuansi and Shangxin. He was a handsome young man who was extremely handsome no matter which angle one looked at him from.

His obsidian-like eyes sparkled.

It was obvious that he was a little person.

The Little Guy was already one year old.

The boy walked rather fast, but he spoke a little too slowly.

Little Qiqi only knew how to call him Mommy Now.

Tang Yuansi had coaxed him for a long time, but he did not even manage to call him daddy.

At one point, he suspected that Qiqi had done it on purpose.

It was only when he saw that Shang lingsi had hugged qiqi and coaxed him for an entire day, but he did not manage to coax him into calling him grandpa, that he finally regained his balance.

Everyone knew that Qi Qi was a slow talker.

When he did not speak, it was in line with his cold and aloof personality.

He sat down on the sofa like a little prince.

Everyone in the living room had arrived.

The children had also arrived.

Fan Fan was the eldest and was a very gentlemanly little brother. He had been following Qiao yuanfei obediently all this while.

Xiao Liuliu was busy.

Ever since Nian Xiaomu had given birth to her second child, she did not need to take care of him at all. Xiao Liuliu had already taken the initiative to take on the responsibility of taking care of her younger brother.

At this moment, she was also busy taking care of her younger brother and sister and turned a blind eye to everything around her.

Xiao Yang and Xiao Bengbeng were lying on the stroller. From a short distance away, they looked at each other... so much so that their eyes did not even blink.

“It’s getting late. It’s time for the Kirin to cut the cake!”

Nian Xiaomu reminded the butler and the butler immediately pushed the cake forward.

The exquisite cake was engraved with patterns that all children would like.

The atmosphere became even more intense when the candles were lit.

Xiao Liuliu was a foodie. When she saw the cake, she immediately walked to the front.

She had a cute bun on her head and her cheeks were pink. Her eyes were glowing as she stared at the cake.

After the cake was cut, it was time for the highlight of the first anniversary celebration.

“I asked the elders beforehand to prepare these items according to the old rules. Let’s see what Qiqi likes.”

As Nian Xiaomu spoke, she scattered a series of small items onto the coffee table in the living room.

There was a fountain pen, an abacus, and banknotes..

Everyone was looking forward to what Qiqi would choose.

“Qi Qi, go get whatever you like.”Shangxin carried him to the front and gently encouraged him.

The little guy glanced at the things on the coffee table and his eyes were filled with disdain.

Under everyone's expectant gazes, he walked around the coffee table without hesitation and hugged Xiao Liuli, who was engrossed in eating the cake.

He opened his mouth with a childish and clear voice.

"I want Big Sister!"

Chapter 2118: The most beautiful thing is reunion after a long separation (1)

Seventeen years later.

Night had just fallen.

The street lights along the straight road lit up one by one.

In the traffic, a red sports car jumped out.

It stepped on the accelerator and continuously overtook the car.

Soon, it rushed out of the city. Not only did the car not slow down, but it also sped up, faster and faster..

"Buzz Buzz –"

A series of cell phone ringtones sounded in the car.

The young man in the driver's seat did not seem to hear it. His eyes were staring straight ahead.

His long and narrow peach blossom eyes were deep and filled with an evil aura.

The bridge of his nose was tall. When the light hit the side of his face, a shadow appeared on the bridge of his nose, outlining his facial features.

There was nothing wrong with every angle.

His chin was slightly raised, and his thin lips were tightly pursed.

This was a face that made people involuntarily hold their breath when they saw it.

The simple word "Handsome" could no longer describe the feeling he gave people.

If one had to use one word to describe it, it would probably be..

Evildoer!

At this moment, the young man's entire body was exuding a stifling aura, as if he was trying his best to restrain something.

All the way until the call was hung up.

Less than three seconds later, the phone rang again.

He narrowed his eyes and reached out to pick up the phone. He pressed the speakerphone and threw the phone on the passenger seat.

“Qi Qi, why haven’t you returned home yet? Today is your birthday, everyone is waiting to celebrate your coming of age ceremony...”

A gentle female voice came from the phone.

It was a simple sentence, but no one knew which word in it had hit the sensitive nerves of the young man. He suddenly tightened his grip on the steering wheel.

He exerted strength with his right foot and stepped on the accelerator to the bottom.

The car was like an arrow that had left the bow and instantly rushed out!

“Qi Qi? Qi Qi...”

Along with the uneasy exclamation on the other end of the phone, the speed of the sports car that was speeding on the road had already soared to the limit.

At this moment, a stray dog suddenly ran out from the roadside.

It limped and slowly crossed the road.

The young man’s pupils suddenly constricted, and he quickly turned the steering wheel.

The car that didn’t have time to stop suddenly crashed into the guardrail by the roadside, and with a bang, it flipped to the side and fell to the ground.

The car door fell from the violent collision.

Blood dripped down from the driver’s seat along the falling car door, forming a pool of blood on the ground.

A drizzle started to fall from the sky.

The gloomy sky seemed to be filled with the scent of death.

Fresh blood spread along with the rain.

Only the phone that had not been hung up was still ringing.

“Qi Qi, What’s wrong? Where are you? Say Something to Mom, don’t Scare Me...”

“HMM...”

On the driver’s seat, the person who had been soaked in fresh blood was murmuring softly.

He seemed to want to say something, but he no longer had the strength to speak.

His slanted body caused the wallet in his pocket to fall out.

In the open wallet, there was a picture of a little girl eating a cake. It was playful and cute.

Along with the wallet, there was also a necklace shaped like the starry sky.

The unique design of the stars and the Moon was embedded with a small diamond with a digital implication. Even in rainy weather, it still emitted a dazzling light.

It was a gift that he had meticulously prepared for her, but he would never have the chance to give it away again..

The corners of his mouth curled into a bitter smile. In the next second, he completely fell into a coma.

—

On the campus of a university.

It was the beginning of the school year again. The orientation activities of the various colleges were in full swing.

On the first day of the school year, the school welcomed the first explosive news!

Chapter 2119: The most beautiful thing is reunion after a long separation (2)

Famous International University, eighteen years old and already at the top of the rankings of all the major universities, jumping grades all the way, won countless awards genius seven, is about to enter the school of Management of a university!

When the news came out, it was a moment of shock.

No matter which major the female students, they all screamed at the same time.

Shouting “Prince Charming,” “Idol,” and “My husband,” they all gathered at the entrance of the School of Management!

As if they were welcoming a star, they held up a sign, waiting for the legendary non-human god seven, who crushed all his peers, to appear.

Seven was only the god’s English name.

As for what his Chinese name was, where he came from, or even his family background, no one knew.

There were very few photos of the god.

If there were, it would definitely only be taken when he was participating in the competition.

The possibility of a selfie or a photo being taken was almost zero.

But even so, just the name seven alone had already attracted countless fans.

Before he officially reported to the school, the people crowding at the entrance of the school of management had already surrounded the entrance of the school..

The school had no choice but to send out the campus police to maintain order.

At this moment.

In the international finance class.

“Yu Liuliu, why are you still sitting? Everyone has gone down to see seven, aren’t you going? That’s a Prince Charming! It was said that not only was his IQ so high that he didn’t look like a human, his looks were also heaven-defying... Oh My God, how could such a perfect man exist? “I’m going to suffocate!”

Su Lidan propped her hands on the desk and looked at her college roommate in disbelief.

It was as if seven had come. If someone didn't read it, then this person must be a fool.

Especially since this person was her good friend.

She couldn't accept this kind of reckless behavior!

"It's just hearsay, right? If there really is such a heaven-defying character, why would he come to our school?" Yu Liuliu was holding the adult comic in her hand and reading it with great interest.

Interrupted, she raised her beautiful big eyes and replied nonchalantly.

Su Lidan was anxious.

He snatched the manga from her hand, pressed it on the table, and raised his voice.

"What hearsay? Are you a normal human or not? Seven has won an international award, and I'm afraid that even a classroom wouldn't be able to fit it. How could this be fake? As Seven's die-hard fan, I won't allow you to slander my Prince Charming!"

"..."

Yu Liuliu looked at the little comic that her roommate had pinned on the table with a pained expression.

She had finally managed to get her hands on one, but she had yet to see the "Highlights", so she had better not crush it.

She took a deep breath and looked at her roommate seriously.

She explained sincerely.

"You've misunderstood. I'm not Doubting Your Idol's IQ, I'm just doubting his looks. I'm not interested in ugly little brothers... Oh, including Ugly Little Brothers."

After saying this, Yu Liuliu took advantage of the moment when her roommate was stunned to quickly snatch her little manga back from her hand.

After making sure that the manga was not damaged, she first heaved a sigh of relief.

Following that, she heard the exclamations from downstairs, and her brows furrowed.

Seven..

Such a strange name.

She had won a room full of awards and had never taken the initiative to show her face. Other than being ugly, there was no other explanation.

God was fair.

She could not have it both ways. There was no other person in the world who had such a high IQ and was as beautiful as a flower.

Yu Liuliu clicked her tongue. She lowered her head and was about to continue reading the manga when she suddenly heard a strange sound of footsteps..

Chapter 2120: The most beautiful thing is reunion after a long separation (3)

She subconsciously raised her head to look, but only saw Su Lidan standing in front of her.

Su Lidan was indignantly lecturing her.

“You, it’s not right to judge people by their looks... forget it, if I were to grow a face like yours, I would also judge people by their looks. No, a face like yours should only be considered for the sake of the next generation.”

Su Lidan stared at the face in front of her in despair.

When she smiled, her curved brows and eyes could be so sweet that it could reach one’s heart.

Her small nose and red lips were a little red.

Her fair skin could be broken with a single blow.

From any angle, she looked like an exquisite crystal doll. However, this crystal doll was a living person in front of her.

Hearing words like “I only like good-looking little brothers” from her mouth would make people feel that it was natural.

After all, those who were not good-looking would really feel inferior in front of her..

Moreover, as a roommate, how could su Lidan not know that Yu Liuliu was just saying it and not really judging people by their appearance.

“Aren’t you going down to see your Prince Charming?”

Yu Liuliu’s attention was on the strange footsteps at the door and she asked perfunctorily.

Just as she was about to pass Su Lidan and look at the person at the door, Su Lidan suddenly reached out and cupped her face.

“Dear Liuliu, since we’re both professionals and roommates, can you accompany me? I’ll look very infatuated if I go to see my Prince Charming alone.”

Su Lidan said with a worried heart.

Her expression was serious, but she was already impatient. She wanted to rush down and see the legendary seven.

What if it was really like the rumors? Her Prince Charming not only had an outstanding IQ, but he was also very handsome!

“Dandan, believe in yourself. It’s Okay!”

Yu Liuliu escaped from her demonic claws and added.

“Because even if I accompany you, I can’t hide your love-struck nature. Since you’re destined to be a love-struck fool, then be a love-struck fool and be fair. I support you!”

“You actually dare to laugh at me. Watch me beat you up!”

Su Lidan shouted angrily out of embarrassment and pretended to hit Yu Liuliu.

Yu Liuliu hurriedly stood up from her seat and turned around to run out.

She had just run two steps when she saw the young man at the door and her footsteps suddenly stopped!

Su Lidan who was chasing after her also stopped.

“Oh my God, he’s so handsome...”

Su Lidan stared at the young man in front of them and exclaimed instinctively.

He jumped behind Yu Liuliu excitedly and grabbed her shoulder.

“Did you see that? Did you see that? “Mom, I’ve never seen such a handsome man in my entire life. I feel like my head is a little dizzy right now. Hurry up and pinch me to see if I’m Dreaming. My legs are a little weak too...”

Su Lidan’s voice stopped abruptly when she saw the crutch in the young man’s hand.

Such a handsome boy was actually a cripple?

Just as they were sizing up the young man, the young man had already walked forward with the crutch in his hand.

His long and narrow peach blossom eyes stared at Yu Liuliu. He slightly narrowed his eyes as a faint light flashed through them.

Then, he faintly opened his mouth.

“Excuse me, is this the International Finance Class?”

Her magnetic voice carried a hint of mischief.

It was so nice to listen to!

Su Lidan grabbed Yu Liuliu tightly again. He was so excited that he couldn’t speak.

Yu Liuliu was in so much pain from her grip that she almost cried out. She pried open her hand. Although she was also excited in her heart, she still answered calmly on the surface.

“Yes, this is the international finance class. Who are you looking for?”
