

My Life 2151

Chapter 2151: The most beautiful thing is reunion after a long separation (34)

She opened the refrigerator, glanced at the ingredients inside, and turned to ask Yu Liuliu.

“Do you like fish?”

“Yes, I’m Not Picky,” Yu Liuliu answered quickly.

As long as it was delicious, she could eat it.

Moreover, she was still immersed in the amazing discovery that seven could actually cook.

She watched in a daze as he took out a fish from the refrigerator to defrost, then took out some other ingredients from the refrigerator, stood in the open kitchen, and began to process them with familiarity..

She sighed in her heart.

It was not easy to be a genius these days. He had the ability to go up and down the kitchen, had a face that could bring disaster to nations and people, and could even win a world-class University Award.

He was so capable. Had he ever considered the feelings of others?

Yu Liuliu, who had always prided herself on her beauty and talent, felt for the first time that someone had surpassed her.

She put down the little puppy in her arms, walked to the kitchen door, and asked curiously.

“Do you often cook? Very few boys like to cook.”

“...”

Seven’s hand movements clearly paused. When he turned his head to look at her, the corners of his mouth curled into a half-smile.

He explained.

“In my family, learning to cook is a family education. My parents think that daughters are more valuable than sons. If sons don’t learn to cook, they may not be able to take good care of other people’s precious daughters in the future.”

However, there was only one reason why he learned to cook.

It was because of her.

Seven’s eyes became deep.

“Your parents are really nice,” Yu Liuliu lamented.

“Yes, my mom is very nice. As for my dad...” seven paused slightly when he was handling the ingredients.

He tightened his grip on the knife.

His expression was a little complicated.

“What’s wrong with your dad?” Yu Liuliu could not help but ask curiously.

“Very childish.”

Seven’s brain flashed over a hundred words of ridicule in just a few seconds. In the end, he chose the most appropriate one.

“Since I was born, he has been planning how to send me away so that he can monopolize my mother.”

For example, he would prepare a betrothal gift and send him to a few uncles who had daughters in the name of marriage in advance.

If one didn’t work, he would change to another.

Until a few uncles saw him, and they all treated him as a hooligan who wanted to abduct their little princess.

Fire Prevention, Burglary Prevention, childhood sweetheart prevention.

They packed him up and sent him away without hesitation.

He clearly only liked one childhood sweetheart..

It was the one in front of him.

Seven’s gaze became gentle, but what he told Yu Liuliu was true.

“It’s true that my father’s health isn’t very good, but it’s not that serious. He just realized that when he said he wasn’t feeling well, my mother’s attention would be on him, so he often deliberately complained about his illness and pretended to be in pain. He even threatened the hospital’s doctors to help him exaggerate his condition in front of my mother.”

This wasn’t the only childish thing about his father.

When he realized that he couldn’t win over his son no matter what, his father sold his son to his father-in-law without hesitation.

Seven grew up in his grandfather’s house. He had to admit that not only was he filial to his mother, but more importantly, he had an extremely childish father.

“You must have a very good relationship with your father.”

Yu Liuliu did not hear the resentment in his words and said simply.

Seven was stunned for a moment before he frowned slightly.

“You might have misunderstood something. My father has told me more than once that the most regretful thing in his life was for me to come to this world. If fate allowed him to make a new choice, he would not hesitate and immediately let me go back to where I came from.”

Yu Liuliu:” ...”

Chapter 2152: The most beautiful thing is reunion after a long separation (35)

Yu Liuliu: “Do You Need Comfort?”

Seven: “No need. I can understand him. After all, if the positions were reversed, I might agree with what he did.”

Yu Liuliu:” ...”

She suddenly felt that it was not unreasonable to say, “We are not a family.”.

“Do you like braised fish or sweet and sour fish?”Seven asked Yu Liuliu about her tastes during the break in the conversation.

He seemed to be asking casually, but in fact, he was asking her about her preferences bit by bit.

They had been separated for too many years.

He was not sure if her current preferences were still the same as back then.

He wanted to know everything about her.

“I like them all. What About You?”

Yu Liuliu subconsciously asked back.

A good upbringing had made her accustomed to reciprocating.

In fact, she had already begun to wonder if she should find an opportunity to treat him to a meal some other day when she was having dinner at his house today.

“I’m not picky about food either.”

The two of them had exchanges.

During this time, they chatted about their common interests.

Yu Liuliu was initially worried that seven would say that he knew how to cook just to keep up appearances. However, when he opened fire, she realized that using the words “Knows how to cook”to describe his cooking skills was really too underwhelming.

“This sweet and sour fish is so delicious!”

“This braised pork is also so delicious!”

“The fried eggs you fried are so fragrant!”

“Is this rib soup? So Sweet...”

Yu Liuliu sat at the dining table and kept feeding seven with food. She couldn’t help but praise seven.

At the end of her praise, she realized that she was talking too much and paused for a moment.

“Did I make too much noise and affect your eating?”

He didn't seem to have eaten much. All the food was in her bowl.

"I usually eat alone. I'm very happy to have someone to accompany me. Eat more."

As seven spoke, he put another piece of braised pork into her bowl.

Yu Liuliu had something delicious to eat, so she didn't have time to talk.

After making sure that she didn't affect him, she continued to work hard.

She swept all the dishes on the table into her stomach one by one.

She ate until her stomach was full and she drank two more bowls of soup. She was so full that she couldn't bear to stop until she couldn't eat anymore.

She praised him generously.

"You're handsome, your grades are good, and your cooking skills are good. If people knew about this, your fan club would probably double!"

If she could eat such delicious dishes every day, she would be unable to help but become his fan.

"In the future, when you have no classes, you can come over often. I'll Cook for you."

Seven took out his phone from his pocket, typed a string of numbers with his fingers, and then sent it to her.

"This is the password to my apartment."

Yu Liuliu was still immersed in the delicious food, unable to extricate herself. When she suddenly heard what he said, her mind was somewhat unable to react.

When she realized what he had said, she glanced at the password on her phone again, and her body, which had collapsed on the chair, suddenly sat up straight.

"No, no, no. How can I come to your place every day to freeload..."

"You don't have to be polite with me. I have to take care of Lil'eight and the four puppies by myself. There will definitely be times when I'm too busy. If you have time to freeload, you can also accompany them for me. Are we even?"

Seven interrupted her lightly and teased her.

His tone was very relaxed, with a hint of a joke.

If Yu Liuliu was too serious and insisted on rejecting, it would instead make things awkward between them.

She could only agree first.

After all, she also liked nine, ten, eleven and twelve.

The appearance of the four little puppies was really very cute.

Chapter 2153: The most beautiful thing is reunion after a long separation (36)

“I’ll help you wash the dishes.”

After eating and drinking to her heart’s content, Yu Liuliu took the initiative to help.

Just as she stretched out her hand to collect the dishes, seven had already grabbed her wrist.

He exerted a little strength, and her entire body was pulled in front of him.

The two of them were almost standing face to face. The moment she raised her head, she bumped into his deep gaze.

It was as if the eyes contained the entire galaxy, as if they could absorb a person’s soul.

At that moment, Yu Liuliu’s mind went blank.

“My mother said that washing detergent hurts the hands. A true gentleman can not let a woman wash the dishes. Moreover, I have a dishwasher in my kitchen.”

Seven pretended not to see her dazed look and continued to approach her.

He almost locked her between his chest and the dining table. Their breaths soon intertwined.

His arms crossed Yu Liuliu’s body and calmly tidied up the cutlery on the dining table.

Yu Liuliu had never been so close to the opposite sex before. Her heart was pounding like thunder.

She wanted to make way, but he reminded her.

“Don’t move around, or your clothes will get greasy. I’ll put it away quickly.”

“...”Yu Liuliu really didn’t dare to move.

But he was too slow when he said “Soon.”She waited for him to say “Put it away.”.

The innocent little rabbit didn’t know that if she wasn’t carrying the dining table but facing the dining table, she could clearly see the person who said he was cleaning up the cutlery. His hands kept picking up and putting down the cutlery, he put it down and picked it up again, but he did not put it together..

On the other hand, the two of them had already pressed their bodies together.

Yu Liuliu could not only feel the warmth of his body, she could even hear his heartbeat.

Bang, Bang, Bang..

Each time, it was exceptionally clear.

For some reason, she became nervous, and her mouth and tongue were dry.

She kept feeling that something was strange, but she could not put her finger on it.

She didn’t know where to put her hands and feet..

“Seven, are you ready? I Can’t stand anymore,”she whispered.

She fanned her face with her hand as if it was very hot. If one looked carefully, her fair face had turned red, like a red apple in autumn.

"I'm Ready." Seven sensed that something was wrong with her, so he let go of her hand. Just as he stepped back, Yu Liuliu was so anxious that she wanted to run away.

She tripped over the leg of the chair because she was too quick. Instead, she threw herself into seven's arms even harder.

She pushed seven, who was caught off guard, against the wall.

Her head even hit his chest.

Both of them grunted at the same time.

Yu Liuliu was in pain, so Seven's voice was a little complicated.

It wasn't until Yu Liuliu came back to her senses and raised her head to see her hand on his chest. Then, she saw his complicated expression. She let go of him with a whoosh and stepped back abruptly.

She stared at her hand and then turned her head to look at his chest. She opened her mouth several times to explain, but in the end, she couldn't say anything.

"I. . . I just... I actually..."

"It's okay. I believe that you didn't molest me on purpose." Seven suddenly opened his mouth.

With a simple sentence, Yu Liuliu's face instantly turned red.

She had only grabbed him in a moment of desperation. She didn't molest him!

But before she could say anything, seven had already carried the dishes into the kitchen and was putting them into the dishwasher one by one.

Yu Liuliu could only follow behind him like a little follower, trying to explain her unintentional behavior just now.

In the end, she nagged for a long time, but seven did not respond.

She anxiously walked behind him. Just as she was about to tiptoe to pat his shoulder, he happened to turn around and look down at her.

Two people's lips, without warning met..

Chapter 2154: The most beautiful thing is reunion after a long separation (37)

"Oh!"

Yu Liuliu's eyes suddenly widened. She was so shocked that she wanted to say something, but when she opened her mouth, it seemed like she wanted to deepen the kiss.

Seven's expression was also a little surprised, but he still cooperated with her.

He almost told her that she could do whatever she wanted to him.

Both of their reactions were very awkward, but the atmosphere in the kitchen suddenly became ambiguous.

When Yu Liuliu realized how misunderstood her actions were, she hurriedly retreated to the door.

She reached out to touch her lips and only found her voice after a long time..

“I... I didn’t mean it. I just wanted to tell you that I didn’t mean to touch your chest just now. I didn’t expect you to suddenly turn around...”

Then, she kissed him instead.

Yu Liuliu didn’t know how to explain her actions either. She felt like she couldn’t even clear her name by jumping into the Yellow River.

But it was true that she had suddenly stepped forward just now, and seven had turned around to kiss her. She couldn’t just push the blame onto him.

If it were anyone else, they would think that she had deliberately ambushed him and taken advantage of him.

“Okay.”

Seven responded very calmly.

From his voice, it was impossible to tell whether he was happy or unhappy.

But if one looked closely at the root of his ears, they would realize that they were already red.

Without waiting for Yu Liuliu to say anything else, he turned around and started The Dishwasher, then walked out of the kitchen.

When he passed by Yu Liuliu, he stopped in his tracks. Without looking at her, he went straight into the bathroom.

Yu Liuliu looked at his back and felt that she had not explained clearly, but she did not know what to say.

Her mind was in a mess.

Other than worrying that he would misunderstand, she also felt sad that her first kiss was given to a stranger..

They were not even friends now, right?

When she saw the closed door of the bathroom, she hesitated whether she should leave first, but the bathroom opened again.

Seven walked out from the bathroom. Not only did he wash his hands, but his face was also wet.

He did not use a towel to wipe his face. He just casually wiped the water droplets on his face and looked up at the uneasy Yu Liuliu.

“If you want to go back, wait for me to take a shower to send you back.”

“No, there’s no need to trouble yourself. I can go back myself.”

Yu Liuliu was about to refuse when seven had already walked to the balcony to get a change of clothes. As he walked back, he opened his mouth slightly.

“I have class tomorrow morning, so I’m going back to school too. We’ll go together.”

“...”

Yu Liuliu had no reason to refuse.

The bathroom door closed, and she was the only one left in the living room.

Yu Liuliu tried her best to ignore his existence. She walked to the kennel and teased the four cute puppies.

Eighty was eating dog food, and the four puppies had been circling around it.

When Yu Liuliu approached them, the puppies immediately changed their target of flattery and stumbled around her. First, they sniffed, then they wagged their little tails and began to lick her hands.

The furry little puppy was both cute and cute.

It instantly cured her depression.

By the time seven came out of the bathroom, she had already returned to normal. She was holding little twelve reluctantly and turned to ask seven, who was drying his hair behind her.

“You’re usually at school. What if they get hungry when no one’s Home?”

“I hired a part-time worker. Every day, I’ll come to the house regularly to be a cleaner and help me raise a dog.” Seven stopped drying his hair, grabbed the towel in his hand, and went forward to squat in front of the Doghouse.

His gaze was not on the family of five in the Doghouse, but on Yu Liuliu, who was holding the puppy and touching and kissing it.

The corners of his mouth rose slightly.

He had guessed that she would like small animals, but he had not expected that she would like them so much.

Chapter 2155: The most beautiful thing is reunion after a long separation (38)

“Nine, ten, eleven, and twelve are still young. Now, they are all under little eight’s care. After some time, when they have grown up, a part-time worker might not be able to take good care of them. Are you willing to come over and help?”

After seven finished speaking, as if afraid that Yu Liuliu would refuse, his eyes flickered as he continued.

“Little eight is a stray dog. It has a gentle temperament, but it doesn’t feel safe. This kind of emotion seems to be contagious. The four little ones are the same as well. They are not afraid of humans at birth.

Every time I come back, they will follow little eight to the door to pick me up. If they can have someone to accompany them, they will definitely be very happy.”

“...”

Yu Liuliu lowered her head and looked at the soft little puppy that was rubbing against her palm.

When she thought of their pitiful backgrounds, she immediately felt a surge of motherly love and agreed to seven without hesitation.

“As long as I have time, I will come over.”

“It’s a deal!”

Seven nodded his head in satisfaction.

He helped Yu Liuliu put the little puppies in the warm kennel and smoothed little eight’s fur for a while before the two of them returned to school together.

Ever since she found out that seven had gotten into a car accident because he couldn’t bear to hurt stray dogs, Yu Liuliu’s impression of him had changed a lot.

He had also generously written off his previous enslavement of her.

Remembering that seven had skipped a grade to become a third-year student, he took the initiative to say something.

“My study materials are all here. If you need to make up for the previous courses, I can give you a reference. It’s more convenient than going to the bookstore to buy reference materials.”

Seven subconsciously wanted to say no. After all, the fact that he could skip a grade already showed that he already had a good understanding of the courses of the previous two years.

He had also passed the exams that he should have passed.

However, when the words were about to come out of his mouth, he held them back.

On the Empty Street, the night wind gusted, causing the leaves on the branches on both sides to rustle, forming a sharp contrast with the silence around them.

Seven walked to the position where the wind was blowing, blocking the slightly cool night wind for her.

He asked tentatively.

“I’m using your information. Can you help me with my tutoring while you’re at it?”

“What?” Yu Liuliu looked at him blankly, as if she didn’t understand what he meant.

But when she looked at her expression carefully, how was it that she didn’t understand? It was that she was shocked!

Seven, the mysterious genius who was famous internationally and defeated all the top students of various universities and had won countless awards, told her that she needed tutoring?

She was tutoring him... was he joking with her?

Seven thought about it, and it seemed that this reason was indeed too deliberate, so he changed his words.

“What I mean is that there might be some personal notes on the information that I can’t see clearly. If there’s a need, can I ask you?”

“Of course!”

Yu Liuliu readily agreed.

Seeing that he meant it, his expression instantly returned to normal.

“It just so happens that the study materials are all in the school. I’ll go back to my dorm to tidy them up, and I can bring them to you tomorrow.”

“Okay.”

Seven was disinterested in the study materials, but he was very interested in the person who sent them to him.

He sent her to the girls’ dorm and reminded her to go to bed early before leaving.

Yu Liuliu’s figure had just disappeared in front of him when Seven’s phone rang.

Seeing the caller ID on the phone, he quickly picked it up.

“Mom.”

“I’m your dad.” A voice that deserved a beating came from the other end of the phone.

Seven frowned. He moved his phone away and glanced at the caller ID. He resisted the urge to hang up the phone and put the phone back to his ear.

“Dad, you stole mom’s phone again.”

“How can you talk like that? What do you mean by stealing? Your mom and I are no different. I belong to her. What’s wrong with using my phone? Besides, if I didn’t use her phone to call you, would you have picked up so quickly?”

Chapter 2156: The most beautiful thing is reunion after a long separation (39)

Seven choked for a moment. If it were anyone else, he would have hung up the phone by now.

However, the person opposite him was his biological father.

He could only ask patiently, “Father, why are you looking for me?”

“You are really capable. You actually transferred to university without saying a word. Aren’t you afraid that your uncle Yu will find out and bring a knife to greet you?” Tang Yuansi said with a faint smile.

Seven was speechless once again.

He had already suspected that his father had called him today on purpose to make things difficult for him.

Fortunately, Tang Yuansi knew what he was doing. He did not forget that he was joking.

“Let’s be serious. Don’t think that you can hide from that unscrupulous old man, Yu Yuehan, just because you changed your identity and transferred to another school and found a substitute to help you stay abroad. This little trick of yours is just a gimmick in his eyes. He will definitely see through it in less than a month.”

“...”

Seven fell silent.

Of course, he also knew that with Uncle Yu’s ability, he would not be able to hide from him for long.

Did such things happen very rarely when he was young?

He was young and ignorant, and he had just been brought to his grandfather’s house. Because he could not bear to part with his childhood sweetheart, he had sneaked back to City H during the weekend.

In the end, before he could even get close to the Yu family’s main gate, he was caught and beaten up by Yu Yuehan.

From then on, he was discovered and beaten up every time he came back..

It was like a strange circle. No matter how many ways he thought of, the same ending could not be avoided.

At first, he did not believe it.

How could there be such a coincidence.

Later on, he found out that Yu Yuehan had people keeping an eye on him. They were more concerned about his whereabouts than his biological parents.

Once he returned to City H, Yu Yuehan would receive the news.

This situation continued until he went abroad to study..

Yu Yuehan had indeed done something improper in this matter. After all, the two families had a good relationship.

However, if one were to really talk about it, it was also Seven’s fault for being too pretentious.

From the moment he was born, he did not acknowledge anyone but his own childhood sweetheart.

When he grew up, he was even more impressive. Every day, he would clamor about sleeping with his childhood sweetheart and marrying her.

Later on, he even stole a kiss from Xiao Qingmei while she was asleep and Yu Yuehan caught him red-handed. At such a young age, he even argued with her and said that he would take responsibility..

From then on, he was blacklisted by the Yu family and never came down again.

He was completely blocked by Yu Yuehan.

As he grew older, the burden of his studies and the pressure of the family business slowly made him busy.

In addition, he could not get in touch with his childhood sweetheart even if he stayed in the country, so he agreed to his grandfather's suggestion of sending him abroad to study.

At the same time, he also wanted to use the opportunity of going abroad to make Yu Yuehan lower his guard.

Who knew that something would happen in the middle of it, and he would be gone for many years as soon as he left..

This time, he returned to the country with a brand new identity in order to avoid Yu Yuehan's eyes.

When Tang Yuansi mentioned the thing that he was most worried about, seven furrowed his brows tightly.

His tone also became serious.

"Dad, if you have something to say, just say it."

"You are indeed my son. You are a little smart like me."Tang Yuansi praised him in a good mood.

He did not make this call to show concern for his son for no reason.

He wished that his son was not around so that he could occupy Shangxin by himself.

After reminding seven of the situation, seven could tell that he had a way to resolve it. Of course, the next step was to negotiate the terms..

Tang Yuansi coughed twice and his strong voice suddenly became weak.

"Father is getting older and his body is getting weaker year by year. I am also reluctant to part with your mother. I am determined to take care of my body and accompany her for a few more years. Furthermore, you have already grown up..."

Chapter 2157: The most beautiful thing is reunion after a long separation (40)

"Dad, speak in English, don't be so emotional."Seven placed his hand on his forehead.

"I like people who are so straightforward! A straightforward person doesn't beat around the bush. I want to retire early and bring your mother around the world. If you can take over the company completely, I will help you snipe Yu Yuehan's spies. I don't dare to say how many there are, but I can at least buy you another month."

Tang Yuansi was extremely shameless when he set his son up.

"Two months."Seven did not seem to be surprised. He was negotiating very rationally.

"One month plus ten days."Tang Yuansi's voice was no longer as relaxed.

"Two months."Seven was still insisting on his conditions.

“One and a half months. I can’t add any more. If I add more time, even if I agree to it now, it will be useless even if I can’t hide it from Yu Yuehan.”Tang yuansi opened his mouth and said.

That was Yu Yuehan, not anyone else.

In terms of scheming, who in this group of friends could be more scheming than him?

If not for the fact that they had known each other for so many years and understood each other better, Tang yuansi would not have dared to agree to it for one and a half months.

“Deal.”

Seven had tested Tang Yuansi’s bottom line and agreed without hesitation.

What he lacked the most right now was time.

If Yu Yuehan were to discover this in advance, he would be dead for sure.

“I want to wait for you to help me obtain the corresponding amount of time before I take over the company,”seven added immediately.

Before Tang Yuansi stomped his feet, he continued.

“I believe in father, but time is limited. I want to focus on chasing Liuliu.”

Tang Yuansi:”...”

He suddenly looked forward to Yu Yuehan’s expression.

Initially, Tang Yuansi was not satisfied with waiting for some more time. However, when he thought about how he would be able to show off in front of Yu Yuehan every day in the future if his son really succeeded, he suddenly felt that life was filled with joy.

The phone call between the father and son ended here.

Seven hung up the phone and raised his head.

On his handsome face, there was a bigotry and black-bellied face that did not match his age.

That’s right, seven was seven.

Tang yuansi and Shangxin’s only son, the Crown Prince of the Tang Corporation, Tang Qianqi, and Qiqi.

He was someone who had been determined to be his daughter-in-law since birth. He had been working tirelessly and had suffered defeat after defeat after defeat after defeat..

This year was his most desperate and most hopeful year!

After all, he would finally meet the person he wanted to meet..

Tang Qianqi thought of the unexpected kiss just now, and his eyes became deep.

The heat from the cold shower surged back into his heart.

He cursed under his breath and left quickly.

—
Backstage of Hall A.

“Liuliu, the zipper of my skirt is stuck. Help me pull it!” Su Lidan’s head popped out of the changing room and shouted anxiously.

“Coming.”

Yu Liuliu walked forward to help her pull the zipper. Su Lidan immediately turned around and grabbed her to ask.

“How is it? Isn’t It Pretty?”

It was going to be the freshmen welcoming party soon.

From this morning, the entire auditorium was rehearsing the program.

Logically speaking, the freshmen welcoming party shouldn’t have anything to do with their junior year. However, because Su Lidan was on the school’s dance team, according to tradition, the members of the dance team would represent the seniors in a welcoming party.

Yu Liuliu also had a talent show because of her title as the school beauty.

Therefore, she appeared at the rehearsal venue at this moment.

What was special this year was that every year at the welcome party, there would be a freshman speaking as the freshman representative.

However, this year, there was an additional freshman who wasn’t a freshman

Seven, who had just transferred to a university and jumped to a junior year.

The news that the god was going to attend the orientation party instantly made the venue Hot!

Chapter 2158: The most beautiful thing is reunion after a long separation (41)

Many students who had wanted to meet the god by chance but did not manage to do so had already arrived at the auditorium early.

They planned to take a seat in the front row before the party started.

Therefore, although there was still half a day before the welcome party and they were only rehearsing, there were already quite a number of people in the auditorium.

It was bustling outside, and it was not quiet backstage either.

There were many programs for the welcoming party. The school dance team was performing the opening dance. Su Lidan had just finished changing her clothes when her companions immediately called her to go on stage.

“It’s very beautiful, don’t worry.”

Yu Liuliu patted her shoulder encouragingly. “I’ll help you take a photo in a while.”

Su Lidan ran out with her skirt in hand as he turned around and shouted at her.

“Help me take more pictures. I want to rinse them out and hang them by the bed. This is the first time that my idol and I are on the same stage, even though it’s not the same performance.”

Yu Liuliu:” ...”

The poison was too deep.

However, Su Lidan’s words reminded her.

Although seven did not have a performance, he was going up on stage to give a speech. was he at the rehearsal venue right now?

Yu Liuliu started to turn her head to search for him. She didn’t find seven, but she saw someone she didn’t really want to see.

Ning Lizi.

Ning Lizi was an art student. She specialized in playing instrumental music and was good at playing the piano.

However, she wasn’t here to perform, but to host.

She was one of the hosts for tonight. The other three hosts with her were two men and a woman.

Except for one of the boys and one of the girls, they all looked like freshmen.

They should be the two pairs of hosts of seniors and juniors.

Seeing that the show was about to start, they were nervously looking at the program sequence on the cue card.

Yu Liuliu was about to shift her gaze away when Ning Lizi saw her. She left her partners behind and walked over.

Yu Liuliu had already begun to silently recite her opening line that would never change. She did not expect Ning Lizi to be so innovative today and change her line.

“Yu Liuliu, don’t think that just because you can perform a show at the orientation party that you’re so amazing. See, this is my home ground.”

It was a sentence filled with a sense of superiority.

Those who did not know would have thought that the entire auditorium had been contracted by her.

Yu Liuliu ignored her. She did not see seven backstage and was prepared to go outside to look for him.

However, just as she took a step forward, Ning Lizi had already reached out to block the path.

“I’m talking to you. Didn’t you hear me? Do you have a tutor?”

Her suddenly raised voice made many of the surrounding students look over.

Someone wanted to remind her, but when they saw that the person who was shouting was Ning Lizi, they immediately quieted down.

No one knew Yu Liuliu's background, but Ning Lizi's background was not simple at all!

Her father was a high-ranking member of the Mo Corporation, a famous philanthropist in City A.

There was no need to introduce the Mo family, right?

Everyone knew that it was a super large family with a deep background.

In the early years, it had been in a slump for a period of time. However, ever since the eldest daughter of the Mo family returned more than ten years ago, the Mo family had once again become one of the most influential families in the domestic and foreign business world.

Ning Lizi's father was a high-ranking member of such a large corporation!

In addition, she had an arrogant personality and held grudges. Who would dare to provoke her?

In comparison, Yu Liuliu had a good character and was extremely beautiful. However, she did not put on any airs at all.

Although she would occasionally reveal her powerful aura and look like a queen, there were many times when she was like a simple porcelain doll.

Chapter 2159: The most beautiful thing is reunion after a long separation (42)

She was not on the same side as Ning Lizi, a spoiled young lady.

Yu Liuliu, a grassroots name, did not seem to have any powerful background. Therefore, even though everyone liked her in their hearts, they did not dare to make a sound without understanding the situation for a while.

They were afraid of stirring up a beehive and offending Ning Lizi.

"Didn't your family teach you that when you talk to others, you should first see if they are willing to pay attention to you?"

Yu Liuliu frowned slightly and glanced at Ning Lizi with disgust.

Her gaze was like looking at a detestable dog skin plaster.

As the saying goes, one should kiss a gentleman and keep a distance from a villain.

She really did not want to pay attention to Ning Lizi, but Ning Lizi was really too difficult to deal with.

Even a clay figurine had a temper, let alone her.

One had to know that she grew up in the hands of her father and a few uncles, and her brothers were even more protective of her.

When she was young, she was the only one who bullied others. If anyone dared to bully her, before her father could do anything, her brother would have already rushed forward to take revenge for her.

Yu Liuliu tolerated it a few times, but Ning Lizi was still aggressive regardless of the occasion.

Her temper also rose.

Her tone became unyielding.

“A good dog doesn’t stand in the way, get out of the way!”

“Who are you calling a dog?”

Ning Lizi was still proud of everyone’s fear of her a second ago, but when she heard Yu Liuliu’s words, her expression instantly changed.

“Whoever answers will be called a dog. Is there even a need to ask? It is indeed difficult to communicate with someone with a low IQ.”

Yu Liuliu spread her hands innocently.

Ning Lizi:” ...”

“PFFFT –”

Some of the students who were preparing for the program backstage could not help but laugh.

This laugh made Ning Lizi’s expression turn even uglier.

She originally wanted to use this orientation party as an important member of the student union of the host department to Suppress Yu Liuliu.

She did not expect that Yu Liuliu did not put her in his eyes at all. In front of so many people, he called her a dog and even mocked her low IQ.

Ning Lizi was so angry that she almost hit someone.

However, when she thought about how she would not be able to stand up in front of so many people, she narrowed her eyes and sneered coldly.

“It’s not up to you to decide whether her IQ is high or not. However, it’s already known that someone seduced god seven by showing off his beauty. If I Were you, I wouldn’t have the face to stand here. I would find a place to hide early to avoid embarrassing myself!”

It was no different from what she had said in the restaurant. Yu Liuliu and Seven’s scandal had already been uploaded onto the school intranet.

When Ning Lizi saw it, she was so angry that she broke a pen.

She wished that the woman who had become Seven’s deskmate and had a scandal with him was herself.

Or perhaps it would be better if it was someone else.

But it was Yu Liuliu who was always suppressing her!

After the scandal came out, everyone was scolding Yu Liuliu at first. She had initially felt comforted and accompanied them to watch the show.

Who knew that someone would suddenly mention her again.

While praising Yu Liuliu as a winner in life, they also ridiculed her for not being worthy of the Almighty's eyes.

Compared to her title of the second in a thousand years, the others were actually happy..

At that time, she almost vomited blood!

She secretly made up her mind to use the opportunity of sharing the stage with the almighty at the orientation party to leave a deep impression on the Almighty.

When the time came, she would find someone to secretly take a photo of her standing next to the Almighty. As long as the photo was released, would she be afraid that no one would spread rumors about her and the Almighty?

Who would still dare to laugh at her?

However, before that, she had to deal with Yu Liuliu, this stumbling block.

Yu Liuliu's scandal with the Almighty could be used for now..

Chapter 2160: The most beautiful thing is reunion after a long separation (43)

Seeing that everyone was looking at her, Ning Lizi crossed her arms and walked around Yu Liuliu from her side.

Her tone was mocking.

"If the people from other schools know that the campus belle of our a university is so unreserved and pounces on handsome guys as soon as she sees them, slapping our a university's face more, Yu Liuliu, our face will be completely lost by you!"

"Crazy."

Yu Liuliu rolled her eyes.

She and seven were only deskmates, but from Ning Lizi's words, it turned into seduction.

Other than the fact that this person had a problem with his brain, Yu Liuliu could not think of a second explanation.

"Am I crazy? I think you are the White Lotus! While pretending to be innocent and telling everyone that you are not close to seven, you deliberately posted a photo of you and seven. Don't tell me that the sub-account that likes the gossip posts is also yours?"

Ning Lizi spoke nonsense with a straight face.

At first, no one believed her.

They just thought that she was jealous of Yu Liuliu.

However, the more she spoke, the more enthusiastic she became. In addition to the Ning family's connections in city a, many people suddenly began to waver.

Could it be that the few photos on the school's intranet were really exposed by Yu Liuliu herself?

She even used Seven's name to apply for a sub-account to like and use it to attract everyone's attention..

If that was really the case, then she would truly be a white lotus scheming B * Tch!

"I'm too lazy to waste my breath on you."

Yu Liuliu saw that there were more and more people around and did not want to be treated like a clown with Ning Lizi as a topic of gossip. She pushed her arm away and walked out.

Ning Lizi, on the other hand, had someone stop her.

Aggressive.

"If you didn't do it, why are you feeling guilty?"

"Which eye of yours can tell that I'm feeling guilty? I'm afraid it's not cataracts," Yu Liuliu sneered.

"If you're not feeling guilty, don't leave if you have the ability. Explain clearly about the scandal. If you can prove that you didn't do it, I'll apologize to you in front of everyone. But if you can't, then you'll be tacitly admitting that you're the mastermind behind the whole thing!"

Ning Lizi wasn't a brainless fool. This was a rare and brilliant move.

These words sounded reasonable at first glance.

After careful analysis, it was simply hooligan logic.

If Yu Liuliu didn't act on her own, then it meant that she didn't know who took those photos secretly. How could she find evidence to prove her innocence in such a short time?

Ning Lizi also said that if she could not prove it, it would be the same as admitting that she had done it.

If this was not hooligan logic, then what was?

The "Presumption of innocence" that was commonly used in the law became "Guilty theory" when it came to Ning Lizi.

Without evidence to prove her innocence, it was equivalent to committing a crime.

If Yu Liuliu agreed to it on a whim, it would mean that she had fallen into her trap.

But if she didn't agree, with so many people watching, wouldn't she admit that she had a guilty conscience?

It was a dilemma.

Ning Lizi's lips curled up proudly, wanting to see how anxious she was.

But as she waited and waited, Yu Liuliu's face didn't show the slightest hint of panic.

"Clap Clap Clap!"

A round of applause suddenly rang out from the quiet backstage.

The one who applauded was Yu Liuliu.

When she met everyone's astonished gazes, she smiled faintly.

"Student Ning's eloquence and learning art are really a waste. You should go study law. If you become a lawyer in the future, this ability to turn black into white and white into Black will definitely open up a large market. You Won't have to worry about not having enough food to eat!"

"I'm speaking the truth. If you can't produce any evidence now, you'll be the one twisting the facts!" Ning Lizi was still trying to stir up everyone's emotions.
