

My Life 2171

Chapter 2171: The most beautiful thing is reunion after a long separation (54)

“Thank you, everyone!”

Yu Liuliu stood up from her chair, took the microphone from the staff, and politely took the curtain call.

Then, she turned around and left.

When she walked to the exit of the stage, she saw Ning Lizi standing there with an unwilling look on her face.

Yes, unwilling!

She had arranged it so meticulously that she had even deliberately arranged for her to go up and host after Yu Liuliu so that she could go up and stab her in the back after she lost face.

She did not expect that Yu Liuliu would actually raise the volume of her singing when the microphone was broken and use her own voice to sing the entire song in one go.

Her playing and singing were impeccable to begin with, and she also had such a beautiful ability to save the situation.

Ning Lizi did not need to wait for the voting results to come out. Just by standing here and listening to the applause outside, she knew that the most popular performance tonight would definitely be Yu Liuliu's.

How could she be satisfied with this? !

“You're just lucky today. But next time, you might not be so lucky!” Ning Lizi was already holding her breath. Seeing that Yu Liuliu did not seem to see her and was about to walk away.., suddenly, a burst of anger rose and blocked her way.

She spoke rudely.

Compared to her furious look, Yu Liuliu seemed to have only just seen the person standing in front of her.

She blinked her eyes and asked innocently.

“My Luck has always been pretty good. What's Wrong?”

“...”

“Oh, but your luck might not be too good. You broke the microphone twice and I found out about it twice. Moreover, the first time I came down, I already sent a message to the teacher in charge of this evening party. Presumably, there will be a professional teacher soon to check all the equipment used for today's performance. If someone tampers with it, that person will be in deep trouble!”

“...” Ning Lizi's expression changed, and a guilty look flashed across her eyes.

Then, when she thought of the Mo family's supreme status in city a, her attitude became arrogant again.

“You Think You can threaten me? Who Do you think you are? Don’t think that just because seven is protecting you in the backstage lounge, you can be proud in front of me. When I step on you, seven will definitely know that I am the person who is most worthy of him!”

Ning Lizi still couldn’t believe that seven really liked Yu Liuliu.

All men cared about face.

Especially for a god like seven who had countless halos, his girlfriend definitely couldn’t be any worse.

Compared to other people, Yu Liuliu’s biggest advantage was her title as the school Belle.

Didn’t everyone say that the god and the school Belle were a perfect match.

But the school Belle might not be Yu Liuliu. If she could beat Yu Liuliu and become the school Belle herself, then wouldn’t the person who was a perfect match with the god become her?

Thinking of this, Ning Lizi felt that she had seen through the truth. Without any hesitation, she wanted to embarrass Yu Liuliu at the orientation party.

The school Belle could not even handle a talent show. By then, without waiting for her to make a move, the spittle outside would be enough to drown Yu Liuliu.

However, she did not expect her plan to fail!

Her design didn’t make Yu Liuliu lose face. Instead, it became Yu Liuliu’s stepping stone and helped her gain a wave of popularity.

Ning Lizi was so angry that she almost vomited blood!

Even when her partner on the stage asked her to go on stage to host the curtain call, Ning Lizi ignored him and insisted on staying here to wait for Yu Liuliu to come out and vent her anger on her!

“Did you break the microphone for Liuliu’s performance?”

A cold voice suddenly sounded behind her. Ning Lizi turned her head and saw seven who had appeared in the waiting area. Her face instantly turned pale!

Chapter 2172: The most beautiful thing is reunion after a long separation (55)

She did not think much of Yu Liuliu, but seven... This was the man she had her eyes on.

A figure on the level of a Prince Charming.

If seven heard their conversation just now, wouldn’t it be the same as admitting that she had framed Yu Liuliu out of jealousy in front of him?

How could ning Lizi be calm when such an image-destroying thing had happened right in front of her eyes?

She was so panicked that she did not notice that seven did not call Yu Liuliu by her full name, but rather by calling her Liuliu intimately.

“It seems that you did not remember my previous warning,”Seven’s thin lips parted slightly.

He was originally worried about Yu Liuliu. When he found out that there was a problem with her microphone, his first reaction was to help her save the situation.

However, his LIULIU was more outstanding than he had imagined. She did not need anyone's help at all and reignited the atmosphere of the venue.

Seven listened to the entire song below the stage. After the song ended, he was ready to go backstage to check on her condition.

Unexpectedly, he happened to hear her conversation with Ning Lizi.

He immediately understood that the continuous failure of the microphone was not a coincidence. Someone had used the power in his hands to deliberately set up a trap for Yu Liuliu.

His face instantly darkened.

It was clouded by the impending storm.

His sudden appearance made Ning Lizi's heart skip a beat, but she still went forward unwillingly.

"Seven, you may have misunderstood. The microphone incident had nothing to do with me. It was Yu Liuliu who was aggressive. I was so angry that I argued with her for a while. Don't listen to her nonsense! She deliberately slandered my image in front of you because she was jealous of me!"

"Is that so?" Seven raised the corner of his mouth and stared at her with a faint smile.

At this moment, even Yu Liuliu, who was watching the show from the side, could see that seven was angry. Only Ning Lizi thought that he believed her words and was trying her best to approach him and confess her feelings to him.

"Seven, actually, from the first time I saw you, I fell in love with you, but I never had the chance to tell you the truth of my heart. Whether it's my family background or my looks, I'm not inferior to anyone. If you're willing, actually i... Actually I..."

Ning Lizi's face turned red at the end of her speech.

She had always been proud and arrogant, and only others could confess to her.

However, seven didn't agree or interrupt her after she spoke for a long time. He just listened quietly.

What was the meaning of this?

Just as Ning Lizi was about to stop speaking, she heard him say "MHM" again.

Instantly, Ning Lizi felt as if she had been injected with stimulants. She mustered up her courage and continued to confess.

It was not until she had spoken for almost three minutes and the skit on stage was almost finished that she could not find anything else to say. She then stopped in embarrassment.

She looked at seven with anticipation. She thought to herself, since he was willing to listen to her talk so much, it should not be completely meaningless to her, right?

Would he agree?

If seven really agreed to her request, it would be equivalent to giving Yu Liuliu a hard slap in front of Yu Liuliu.

Thinking of this, Ning Lizi became more and more excited as she waited for seven to speak.

“I have no interest in you at all.”

Seven did speak, but he rejected her mercilessly.

It was as if she was just entertaining herself after hearing so much from her.

Ning Lizi clenched her fists unwillingly.

“Yu Liuliu doesn’t like you at all. She’s just using you. Seven, I really love you!”

Seven furrowed his brows and looked up at Yu Liuliu who was standing at the side.

Just as Yu Liuliu was about to speak, he opened his mouth faintly.

“So What? I still like her.”

Chapter 2173: Terrifying background (1)

So what? I still like her.

This sentence was spoken so naturally and smoothly.

It was as if whether Yu Liuliu would agree to it or not, he would continue to persist until she saw his existence..

The deep affection contained in his words could not be heard at once, but after careful reflection, it was also revealed.

If it was an ordinary person, they would probably only sigh with emotion that deep affection did not live long.

But hearing it from Seven’s mouth, it was truly shocking!

One had to know that this was a god!

Don’t look at how young he was. The word “Young” was definitely not a positive word when applied to seven.

Because anyone who had come into contact with him would know that he was independent, steady, thoughtful, and had his own opinions... every step he took, he was working hard towards his own goals.

This was how it was when he participated in the competition to win an award.

It seemed to be the same when he rejected the invitations of all the famous foreign universities and transferred to a university.

His mental age far exceeded his actual age. would such a person chase after a person with great fanfare just because of love at first sight?

Ning Lizi was really at a loss for a moment.

She blurted out.

“Even if Yu Liuliu never agreed to you, would you not consider me?”

What was so great about Yu Liuliu that he was worth it?

Ning Lizi clenched her fists unwillingly.

When she came back to her senses, she wished she could bite off her own tongue.

She asked such a question in front of Yu Liuliu. If seven said yes, wouldn't it be the same as telling her that she was really inferior to Yu Liuliu?

When Ning Lizi thought of this, she didn't want to hear Seven's answer at all. She turned around and wanted to leave.

But after taking two steps, she didn't want to give up.

What if his answer wasn't rejection?

Did that mean she had a chance?

Compared to losing face in front of Yu Liuliu, it was more important to capture a prince charming like seven and become the object of everyone's envy, right?

Ning Lizi stopped again.

She turned around and looked at seven.

Seven didn't let her fantasize for a few more seconds. He put one hand in his pocket and walked towards Yu Liuliu.

Under Ning Lizi's jealous gaze, he held Yu Liuliu's hand.

He opened his thin lips slightly and enunciated each word.

“Yes, I don't want anyone else but Yu Liuliu!”

Ning Lizi:” ...”

Yu Liuliu:” ...”

His exceptionally decisive words seemed to answer Ning Lizi's question, but it was more like a confession.

Therefore, not only did Ning Lizi feel a burning sensation on her face, but Yu Liuliu, who was being held by seven, also felt a little dazed.

She also forgot to withdraw her hand and was led away from Ning Lizi in a daze..

Until seven sent her to the dormitory downstairs and left, she had forgotten to ask, did he mean what he said just now?

—

Yu Liuliu, who had left early, did not know what happened after the orientation party.

However, her roommate was still at the venue. According to Su Lidan's description of him coming back and dancing with her, the microphone did not have any problems in the following performance.

However, after she left, Ning Lizi's entire host.., it was a complete mess.

She misstepped, introduced the wrong program, forgot her lines, and even stepped on her long dress and almost fell on the stage..

This kind of problem, which only happened to newbies, was fully demonstrated by her.

At the end of the orientation party, Yu Liuliu's performance was undoubtedly the most popular show. At the same time, Ning Lizi was automatically voted as the worst host since the founding of a university!

The contrast between the campus belle and the joke was once again boiling on the school's Internet!

Another thing worth paying attention to was seven's speech at the orientation party.

Chapter 2174: Terrifying background (2)

Normally, not many people would pay attention to the well-behaved new student representative's speech.

But now, this new student who had just transferred to another school was seven!

A God who used all the world-famous universities to send out invitations, only to be admitted to a university in the end.

This kind of identity was already eye-catching. In addition, there was a new scandal that broke out on the school intranet today.

There were many onlookers, and everyone was curious to varying degrees.

Although dating was not prohibited in universities, it was not appropriate to ask directly in front of the school leaders.

Therefore, when it came to the interactive segment, everyone took a roundabout way to ask if Seven's account had been hacked.

In the end, seven gave a crisp answer.

"I just applied for the school intranet account. It's called seven, and it has never been hacked before!"

Such a decisive statement was equivalent to giving a positive answer to all the onlookers.

Seven's computer skills were obvious to all.

If he said that he hadn't been hacked, then he definitely hadn't.

From this, it could be inferred that —

"Liuliu, the god is really chasing you!"

When Su Lidan said this vividly, he slapped Yu Liuliu's thigh in excitement.

Yu Liuliu almost jumped up from her chair after being slapped by her tathagata palm.

She rubbed her thigh, which had been slapped red, and nervously stopped her.

"Tell me slowly if you want to chase me or not. Don't hit me anymore! It hurts so much..."

Yu Liuliu lowered her head and lifted her nightgown. As expected, her thigh was slapped Red by Su Lidan.

Su Lidan was still indignant.

"Are you a normal person? Seven is confessing to you and wants to pursue you! He's a true God! My Idol! Can you show me a normal reaction?"

Yu Liuliu:"..."

Yu Liuliu: "If you calm down, I'll tell you a secret."

Su Lidan smelled the scent of gossip and pretended to be calm. "Tell me."

"Actually, all of you have been deceived. Seven confessed to me only because I asked him for help..."

Yu Liuliu pondered for a few seconds before she spoke.

She told Su Lidan everything that had happened backstage, including the fact that no one else knew about the way she looked at Ambassador Seven.

She touched her instantly dazed face and smiled.

"Now you can rest assured? Your Prince Charming is still yours. He hasn't been kidnapped."

"Screw You!"

Su Lidan slapped her hand away. Although he was surprised, he didn't say anything.

He turned around and was about to wash his face when he walked to the door with the basin in his hand. He could not help but turn around and mutter.

"I think seven might not have said those things just to help you. Otherwise, why would he like your gossip posts? In my opinion, he might be using his official position for personal gain. The Big Bad Wolf might have taken the opportunity to trick you, Little White Sheep!"

"..."

Yu Liuliu ignored her. She climbed onto the bed and fell asleep with her head covered.

She slept all the way until daybreak. She habitually wanted to stay in bed for the weekend, but her cell phone rang at this time.

She grabbed her cell phone in a daze and answered it.

"Hello?"

“Didn’t you say that you’re coming over to see Lil Eight and the four babies today?” Seven’s voice came from the phone.

“...”

Yu Liuliu’s sleepiness disappeared in an instant.

She turned over and sat up from under the blanket. After hanging up the phone, she turned her head to look at the alarm clock.

It was almost noon.

She slept soundly this time.

She washed up, changed her clothes, and wrapped herself up tightly.

Yu Liuliu greeted Su Lidan, who was still lazing in bed, and left the dormitory alone.

She had just walked to Seven’s apartment and was about to knock when the door was opened from the inside.

A person and four or five dogs were waiting at the door.

When she came in..

Chapter 2175: Terrifying background (3)

Lil’Eight was the fastest.

Seeing that Yu Liuliu did not enter the door immediately, she wagged her tail and went to bite on her clothes and coat, trying to pull her in.

The four little dogs followed suit and staggered around Yu Liuliu’s feet.

“Don’t bite, don’t bite, your clothes are going to be torn.”

Yu Liuliu hurriedly squatted down, trying to comfort Lil’eight like seven did before, but she forgot that she did not have seven’s physique at all.

Little eight excitedly licked her face and directly threw her onto the ground..

“Little Eight!”

Seven finally spoke.

It was not a stern scolding, but the obedient little eight immediately realized that she had done something wrong and quickly moved away from Yu Liuliu.

“Are You Alright?”

Seven walked forward and pulled Yu Liuliu who was lying at the door.

Yu Liuliu stood up again and reached out to pat her butt.

“I’m fine. Don’t scold little eight. She’s just happy to see me. I’m happy to see them too.”

As Yu Liuliu spoke, her eyes and brows were curved into a smile.

It seemed that she did not care about the small accident that happened just now.

Instead, she let go of Seven's hand and bent down to pick up the smallest of the four little dogs, little twelve.

She kissed its furry little head and carried it into the apartment.

The heater was turned on in the apartment. Yu Liuliu was wearing too much and had been taking care of the four little puppies. Soon, she could not stand the heat anymore.

She took off her thick coat and sat next to the Doghouse. She was using a special comb to comb twelve's hair.

The little guy raised its head comfortably and narrowed its eyes.

It had a look of enjoyment on its face.

Yu Liuliu stopped. When it was little eleven, it was still unhappy and ran around her hand a few times. It wanted to run into Yu Liuliu's arms again.

It looked so funny.

Yu Liuliu could not help but laugh.

Little eight lay on its dog pad. Seeing that its four babies were being taken care of, it also fell asleep on its stomach.

A man and five dogs, a simple and warm company in the apartment on the weekend..

This scene made seven envious.

He clearly wanted to use the name of a dog to trick people into coming here. Why was he completely forgotten in the end?

He had already thought about this question for nearly half an hour.

Seeing that Yu Liuliu had finished grooming the four little dogs and was about to tease them with a dog toy, seven could no longer sit still.

"Cough, cough."

Two inconspicuous coughs reminded Yu Liuliu that there was still a living person in the room.

However, it did not have any effect.

Yu Liuliu's attention was still on little eight's family.

If this continued, his efforts today would be in vain..

"Have you eaten lunch?"

Seven finally chose to take the initiative and look for an opportunity.

It was close to noon now, and lunch was indeed a good excuse.

In addition, he had calculated the time it would take for the school to come to his apartment, so Yu Liuliu should have woken up and come straight over. She didn't eat anything on the way.

"Gulp—"

Yu Liuliu did not answer this question, but her stomach did.

The corners of Seven's mouth curled up. He finally found the meaning of his existence.

"What do you want to eat? There are a lot of ingredients in the fridge. I'll Cook For You."

"... will it be too troublesome?"

Yu Liuliu asked politely.

In fact, she had not neglected the fact that there was another person in this apartment from the beginning to the end.

It was just that there had been a lot of things happening the day before.

Coupled with Sudan's inexplicable speculation, Yu Liuliu suddenly felt a little uncomfortable.

She should have thanked seven for helping her yesterday.

But now, wouldn't it be a little awkward to bring up this topic again?

Chapter 2176: Terrifying background (4)

And the last thing he said last night, was it to help her, or was it serious?

Should she ask?

So, Yu Liuliu looked like she was taking care of the dog, but she was actually feeling apprehensive.

She hesitated, of course, and didn't know what to talk to seven about, so she could only pretend that he didn't exist.

Who knew that he would suddenly ask her if she wanted to eat..

Yu Liuliu could never say no to delicious food.

It was already her limit to be reserved.

"It's no trouble. I haven't eaten yet, so we can go together."

Seven walked forward and patted little nine in her arms. Then, like a puppy, he patted her head and finally turned around to go into the kitchen.

Yu Liuliu:" ..."

Did he think she was a puppy too?

Forget it. On account of his good cooking skills, she forgave him.

Yu Liuliu could still calmly play with the dog in the living room at first, but when the kitchen began to emit the smell of cooking, she couldn't help but smell it. She rubbed against the kitchen door and leaned on the door frame to peek inside.

When she saw seven turn around, she pretended to pass by casually.

He turned around and looked inside again.

As if he knew that she was really hungry, the dishes seven made today were not complicated.

Soon, three dishes and a soup were all served.

Yu Liuliu took a look.

Chopped fish head with chili, stir-fried meat, boiled cabbage heart, and a white radish rib soup.

Yu Liuliu had personally seen him pour the last of the sauce on the fish head with chili.

The spicy taste, the fragrance..

Her stomach was no longer growling, it was drumming.

Yu Liuliu helped him wash the dishes as usual, then ran out with the rice.

He placed one bowl in front of him and the other in front of himself.

Just as he sat down and was about to start eating, a hand pressed down on her bowl.

“...”

Yu Liuliu looked up at him in a daze.

“If you haven't eaten breakfast, drink a bowl of soup to nourish your stomach.”As seven spoke, he scooped up a bowl of soup and placed it in front of her.

Yu Liuliu heaved a sigh of relief.

She had thought that he had gone back on his word and refused to let her eat.

Yu Liuliu finished the soup in a few bites and began to eat happily. After a few mouthfuls, she thought of something and could not help but scratch her head and speak.

“I haven't thanked you for yesterday's matter. It's just that I seem to have dragged you down now.”

Yu Liuliu was really bored when she was waiting for her meal, so she went to the school's Internet again.

There were already tens of thousands of comments on that gossip post, and the likes and reposts were even more exaggerated.

Now, almost everyone in university knew that seven was pursuing her, but she had rejected him..

To him, it was indeed not a good thing.

Speaking of which, it might be a little embarrassing.

Therefore, Yu Liuliu did not know how to start a conversation with him.

“HMM?”

Seven answered doubtfully. He saw Yu Liuliu wave her phone at him.

He finally picked up the phone and entered the school intranet.

Very soon, he backed out again and opened his mouth again.

“HMM.”

It was still a word with an unknown meaning, but his tone had completely changed.

He became completely unconcerned.

His attitude made Yu Liuliu not know what to say at that moment.

She just instinctively thought that he was trying to force himself.

Making so many people think that his confession was rejected was a matter that hurt a boy's pride. How could he really not care.

Yu Liuliu pursed her lips and saw that the dishes in front of her were all her favorite dishes.

Then she remembered that seven did not hesitate to help her yesterday..

“Actually, if you care about other people's opinions, I can accompany you to think of a way to solve it!” Yu Liuliu suddenly said.

Seven was stunned and raised his eyebrows at her.

“You want to agree to date me?”

Chapter 2177: Terrifying background (5)

“...” Yu Liuliu had just reached the chopsticks in front of the plate and froze on top of the chopped fish head.

After a long while, he did not dare to use his chopsticks.

He blinked his eyes as if he suspected that he had heard wrongly.

What did he say just now?

“Didn't you say that you wanted to think of a way to solve this matter with me? Now that everyone knows that I'm pursuing you, the only way to redeem my image seems to be the pursuit that you promised me.”

Seven analyzed it clearly.

Yu Liuliu couldn't help but nod after hearing it, confirming his judgment.

But when she thought of the method that he said, she was stunned again..

They... could it be that they really wanted to..

Yu Liuliu retracted her chopsticks and looked at seven in a daze.

Seven took in all of her reactions, and his eyes became dim.

He probably knew what she was hesitating about, and the corners of his mouth curled into a self-mocking smile. Then, he said calmly.

“Are you good at acting? Don’t tell me that people can tell that we’re a fake couple at a glance?”

“Fake couple?”

Yu Liuliu was stunned for a moment before she laughed out loud.

So that was what he meant.

She had said that they had only known each other for such a short period of time, and he did not like her. Why did he suddenly want her to be his girlfriend.

Even if it was to save his image, he would not go so far as to sacrifice his own relationship.

Now that she heard this, Yu Liuliu completely understood.

Since seven could cooperate with her acting, she could also cooperate with Seven’s acting.

As long as she told the public that she had accepted Seven’s secret love for her, wouldn’t the matter that she had been pursuing for so long be over?

“Smart!”

Yu Liuliu gave him a thumbs up.

Once the problem was solved, her attention immediately shifted to the food in front of her. She ate the food in front of her bite by bite..

Touching her round tummy, she contentedly scooped up a little puppy that had run to her feet and stroked it in her arms.

She glanced sideways at seven, who had already cleaned the dishes and went into the kitchen to wash them.

The corners of her mouth twitched.

In fact, when he had asked her if she wanted to be his girlfriend, she had almost taken him seriously.

At that moment, her heart was beating so fast.

It was so fast that she had forgotten how she should react.

Fortunately, he did not see through it. Otherwise, it would have been very embarrassing.

Yu Liuliu lowered her eyes, and Su Lidan’s words from last night rang in her ears again.

She picked up the little puppy in her arms and whimpered.

“Your Prince Charming is not setting me up. He has no interest in me at all...”

“What do you mean by no interest?”

Seven had already put the dishes into the dishwasher at some point in time. He walked to the kitchen door and leaned against the door frame, looking at Yu Liuliu who was talking to herself.

Yu Liuliu: “...”

Yu Liuliu: “No, it’s nothing. What you said just now was a good idea. Should I go to the school’s Internet to reply now?”

“No need. It’s not good to be too deliberate in such things.”

Seven stood up straight and walked forward as he spoke. He propped one hand on Yu Liuliu’s chair and looked down at her, his thin lips slightly parted.

“I like things to happen naturally.”

Yu Liuliu: “? ? ?”

Such as?

“Do you have anything else to do today?” Seven suddenly asked.

Yu Liuliu shook her head.

He narrowed his eyes in satisfaction and turned around to enter the study room. He took a few books from there and then took a jacket before walking towards her again.

“Accompany me to the library for self-study.”

—

At first, Yu Liuliu did not realize how big of a hole this sentence was.

It wasn’t until they entered the library.

The study room of the library on weekends was even livelier than usual.

Most of the tables were already occupied.

According to Yu Liuliu’s personality, she would definitely sneak in and find an inconspicuous seat to sit down.

Chapter 2178: Terrifying background (6)

But just as they reached the door, seven suddenly stopped her.

“We can’t go in like this.”

Yu Liuliu: “? ? ?”

Was there any particular way to enter the study room?

Seven didn't say anything. He reached out and took off the scarf around her neck, revealing her delicate face under the scarf.

Then, he took the small bag she carried on her back and carried it himself.

After making sure that everyone could recognize Yu Liuliu at a glance, he calmly held her hand and walked into the study room.

He sat in the most eye-catching position!

"Hiss —"

"Hiss —"

"Hiss —"

It was as if there was a pathogen spreading in the study room. The sound of stifled gasps was endless.

In just a few minutes, Yu Liuliu felt countless gazes sizing up her back.

It was as if they were going to pierce through her body.

However, the person sitting next to her did not notice and was still focused on feeding her water!

Yes, Hello.

This word, which was equivalent to having no self-care ability, was perfectly displayed on Yu Liuliu's body at this moment.

Seven poured a cup of water with the lid of the Thermos flask and blew it to cool it until it reached the corner of Yu Liuliu's mouth.

Seeing that she did not open her mouth, he even coaxed her with extra gentleness.

"Drink more hot water. It's good for your body."

There was another round of gasps that sounded like she was about to faint.

Yu Liuliu turned her head to look at him with uncertainty. She used her gaze to ask if he really wanted to do this. Seven did not say anything. He just smiled dotingly and stared at her.

That gaze... even if it was said to be filled with love, Yu Liuliu would believe it.

She swallowed her saliva in fear.

Just as she was about to secretly praise him for his good acting skills, this show of affection not only caught the onlookers off guard, but she was also caught off guard!

In the end, before she could speak, seven had already picked up the scarf on his hand and turned to her.

Yu Liuliu's nerves froze!

What was he trying to do?

Didn't he just have to take this scarf off her neck?

“Don’t move. You’ll catch a cold if you don’t wear a scarf.”

Seven opened his mouth as if no one was around. His slender fingers circled the scarf neatly around Yu Liuliu’s neck.

Like he was encouraging a child, he patted her head encouragingly.

“You’re already so old, yet you’re still acting like a child. You like it when I help you wear a scarf.”

Yu Liuliu:”...”

Excuse me?

Didn’t he have to take off her scarf and make her wear it?

After two rounds of manipulation, Yu Liuliu felt dizzy, but the crowd was excited!

On the school intranet, more and more news about the two of them studying together in the library grew.

The news of their relationship being confirmed gradually overshadowed the post of Seven’s one-sided confession..

Some people cheered and some cried. In just a few minutes, seven had given everyone an unusual weekend with his one-sided manipulation.

Even Yu Liuliu, when she came back to her senses, logged into the school intranet and saw all kinds of heated discussion posts. She felt that she had learned a lot!

[seven got what he wanted! Lovers will eventually get married]

[on how the Great God conquered the school Belle or how the school Belle conquered the Great God]

[from the beginning, Yu Liuliu’s path to the school Belle]

[Yu Liuliu doesn’t deserve seven! Yu Liuliu doesn’t deserve seven!]

[...]

All kinds of headlines dazzled people.

Yu Liuliu found that many people were scolding her, trying to find a post that was against her and seven, thinking that seven didn’t deserve her.

In the end, it ended in failure.

“Male fans are indeed calmer than female fans,”Yu Liuliu comforted herself in her heart.

As for those who were scolding her, she didn’t really take them to heart. Instead, she turned her head and saw Seven’s calm and composed look. She couldn’t help but criticize him in her heart.

Stupid girls, like who is not good, like such a black-bellied man?

Chapter 2179: Terrifying Background (7)

“What are you looking at?”

Seven seemed to have noticed her gaze and suddenly turned to look at her.

Yu Liuliu immediately blinked guiltily and lied with her eyes wide open. “Nothing. I just suddenly realized that you’re very smart.”

The sudden compliment stunned seven.

After staring at her for a while, he returned to his demonic nature and curled his lips.

“You reminded me. I suddenly remembered that I came to the library today because I have a question to ask you.”

After Yu Liuliu said that she was digging her own grave, a certain someone really took the book in front of her and moved closer to her. He pointed at a topic that the teacher had just taught her and asked her sincerely.

“How do I explain this case? I seem to remember that it uses the principles of second-year economics. I can’t remember clearly.”

Yu Liuliu:”...”

Her head was stuck in the door. Only then would she believe that he really couldn’t remember it clearly.

And why was he so close to her when he could just ask her questions?

He looked like he was leaning on her shoulder..

Yu Liuliu repeatedly reminded herself to calm down. She had to hold on to the evildoer that she had summoned back.

However, facing seven who was at full power, she really began to reflect on herself. She was backstage in the auditorium yesterday. Why did she ask him for help?

So what if she was ridiculed by Ning Lizi?

Wasn’t it better than eating the consequences of her own actions now?

If time could be reversed, she would definitely go back to that time and tell herself that seven was poisonous, and extremely poisonous!

Cherish life and stay away from seven!

Because of seven’s “Success will come naturally”, Yu Liuliu accompanied him in the study room for the entire afternoon.

When she finally left the study room, she was so tired that she was about to faint.

Before seven could speak, he spoke first.

“Let’s call it a day. I see that the trend on the school’s Internet has changed. It would be a little fake if we continue to act.”

Yu Liuliu sincerely suggested.

Of course, there was also a little bit of selfishness in his sincerity.

However, from a rational analysis, there really wasn't a couple that would choose to show their love in public all day long.

"I just want to ask you, I'm preparing to have a lobster feast tonight. Do you want to come to my house for dinner?"

"..."

Yu Liuliu and the others were stunned. They couldn't help but swallow their saliva.

After acting for such an entire afternoon, how could the lunch they had for lunch be enough.

She was already hungry.

But in her eyes, seven was now a scourge.

They had just announced their relationship. If anyone were to see them coming and going in the same apartment, she was afraid..

"Buzz Buzz –"

The ringtone of the phone interrupted Yu Liuliu's hesitation.

She subconsciously picked up the phone.

"Yu Liuliu, you actually dare to tell me that you're innocent with my idol. If I ever believe your words again in the future, I'll chop off my head and use it as a chair for you to sit on! "To think that I trusted you so much. You stole my idol and still kept it from me. Are you still human? Sob, sob, sob... at least tell me and make me happy..."

It was Su Lidan's voice.

The person on the other end of the phone was crying and laughing, as if he had gone crazy.

Yu Liuliu covered the phone and turned to look at seven.

"The harem is on fire. My roommate misunderstood that I stole her Prince Charming. I have to go back to the dormitory to comfort her first. Let's wait for the lobster banquet another day. Bye Bye!"

After Yu Liuliu finished speaking, she was worried about Su Lidan's condition. She did not have time to explain to seven. She waved her hand and ran away.

Just as he returned to the entrance of the dormitory, he realized that the door was not closed. It was only ajar.

It was quiet inside..

Yu Liuliu cautiously did not immediately push the door open and enter. Instead, he carefully approached and leaned against the door to listen for a while.

After confirming that there was nothing unusual, he reached out and pushed the door open.

“Dandan... Ah!”

Chapter 2180: Terrifying Background (8)

A figure pounced in front of her and hugged Yu Liuliu tightly in his arms.

“You Little Vixen, I thought you were my life-and-death friend. How could you hide such a big thing from me! ! “I asked you last night, what did you say? “You told me that you only had me in your heart and that you didn’t like anyone else. In the end, I saw the news of your relationship being exposed on the school’s Internet today!”

Su Lidan was so embarrassed that he became angry and hugged Yu Liuliu tightly.

“If I want to punish you, I will punish you to be with my Prince Charming for a long and happy life?”

“PFFT —”

Yu Liuliu could not help but laugh out loud.

She could tell from the beginning that Su Lidan was not really angry, but she was still worried that she might misunderstand, so she rushed back immediately.

Now that she saw that Su Lidan was really fine, Yu Liuliu also relaxed.

“What do you mean long-term, Happy Life? It’s just a fake relationship.”It was still a fake relationship.

Yu Liuliu added in her heart.

She had promised seven that she wouldn’t tell anyone about the fake relationship.

But now, she felt that she couldn’t explain it to Su Lidan clearly.

Plus, they had been good friends for three years. She trusted Su Lidan, so she simply told her the whole story.

In the end, she spread her hands.

“Now do you believe what I Told You Yesterday? Is It True? I really didn’t have an affair with seven. It was just that he did me a favor and got implicated. Now it’s my turn to help him, so let’s reciprocate.”

“...”Su Lidan opened her mouth, but she hesitated.

She actually wanted to ask, how could reciprocation be used in this way?

But seeing how Yu Liuliu trusted seven, she held back and didn’t say anything.

She was just muttering in her heart.

Someone who could propose a fake relationship, could it be that they wanted to take the opportunity to have a real relationship?

Yu Liuliu didn't know what Su Lidan was thinking, but she had just rejected a big meal and was now so hungry that her stomach was growling. Seeing that Su Lidan was fine, she immediately dragged her to the cafeteria to eat.

The news on the school intranet only shocked everyone at first, but later, as time passed, a post suddenly appeared, causing the whole incident to begin to ferment..

“Yu Liuliu’s family background is so ordinary, and her IQ is also very ordinary. How does she deserve seven?”

“In this world that depends on appearances, even a god is not immune?”

“I thought the story of Prince Charming and Cinderella only existed in fairy tales...”

“...”

The first person to discover these rumors was Su Lidan.

She had originally wanted to go to the school intranet to check out the posts about seven and Yu Liuliu’s relationship, but she did not expect to be attracted to a new post the moment she entered the school intranet.

The content of the post was very simple. It was all about seven.

Among them, she sorted out seven’s family background and his schooling experience.

Finally, there was a shocking information table.

From this table, one could infer that seven was definitely a scion of a wealthy family. In addition to his outstanding IQ and handsome face, he was simply a standard match for Prince Charming.

In comparison, Yu Liuliu was much more ordinary.

She had been the campus belle of a university for three years, and people had long inquired about her background.

To put it simply, she did not have any background.

It was said that she came from a very ordinary family. She did not say anything in person. In addition to her grassroots name, which no one could really tell what was going on, no one doubted that she was a real grassroots!

On the other hand, Ning Lizi, who had always been competing with her for the title of campus Belle, had used her father’s position as a high-ranking member of the Mo Corporation to ruthlessly steal the limelight!
