

My Life 2191

Chapter 2191: Terrifying Background (19)

“Seven, actually...”

“Little eight seems to want to go to the toilet. I’ll bring it to the empty meadow over there first.” Seven took the dog leash and turned around to walk away from Yu Liuliu.

It was not until they were far away that his tensed nerves finally relaxed.

On the other hand, little eight, who was in his hand, kept looking up at him, as if he did not understand why he was separated from his baby.

It kept looking back worriedly, waiting for seven to bring it back.

Seven found a corner that Yu Liuliu could not see and squatted down, stroking its dog head.

“Little Eight, you are already a mature big dog. You have to learn how to help your master solve problems. The next time I say that you want to go to the bathroom, even if you don’t want to, you have to pretend that you want to. Cooperate with Me, Okay?”

“Woof Woof!” Lil’ eight barked twice.

Seven stroked its head in satisfaction. “I knew you were so smart. You would definitely agree.”

The Man and the dog dawdled for a while. Seeing that it was about time, seven led Lil’ eight back to Yu Liuliu.

Yu Liuliu had just smoothed the fur of the four little dogs.

When he raised his head, seven appeared.

“I have something to do later, so I might have to leave first,” Yu Liuliu put down the comb and said.

“Where are you going? Didn’t we agree to have dinner together?” Seven asked vigilantly.

Was it because he had avoided her question just now that made her unhappy.

“Then should I leave after eating?” Yu Liuliu asked hesitantly.

She was also reluctant to give up the delicious meal in front of her.

Therefore, seven successfully made her stay by reporting a series of menus.

The two of them sat downstairs for a while, and the topic unconsciously shifted to the gossip on the school intranet.

Ning Lizi was no longer a problem, but their relationship had become the focus of everyone’s attention.

Yu Liuliu always felt that the current trend was a little different from what she had imagined.

Especially now that seven was sitting next to her and walking the dog with her..

It felt like a real couple.

But they weren't.

"Seven, how long are we going to act like this?" Yu Liuliu asked in a low voice.

After that, she specially explained.

It wasn't that she didn't want to help him, she just asked in advance.

After all, they wouldn't be together every day in the future. If someone found out, there had to be an explanation.

Yu Liuliu comforted herself this way in her heart, but when she thought of the day their fake relationship ended, for some reason, she felt a little uncomfortable.

Therefore, the moment she said it, she regretted it.

When she turned her head and saw Seven's lifeless expression, she felt even more regretful.

Just as she was about to move on from this topic, seven suddenly squatted in front of her.

He was still holding onto Lil'Eight's leash. They supported each other on her knees and raised their heads slightly to look at her.

He asked, enunciating each word.

"You want to break up with Me Now?"

Yu Liuliu:"? ? ?"

What with what?

What break up?

What nonsense was he talking about? They weren't even a couple, so how could they break up?

She was clearly asking how long they were going to act, so why did he suddenly bring up the matter of breaking up.

"Yu Liuliu, I've never been in a relationship. What About You?" Seven suddenly opened his mouth.

Yu Liuliu was stunned. He was still immersed in the topic of his breakup and subconsciously answered.

"Neither have I."

"That's good. Both of us have no experience. We can learn together," seven said with a smile.

Yu Liuliu:"..."

For a moment, Yu Liuliu really suspected that there was something wrong with his ears.

Chapter 2192: Terrifying background (20)

She blinked her eyes and looked seriously at the person squatting in front of her.

After looking at him for a long time, the person in front of her did not disappear.

She was not dreaming. In other words, what he said just now was also true?

Study together..

Not literally study together, but study together and fall in love.

She and him.

“But didn’t we pretend to be a couple to help each other back then?” After a while, Yu Liuliu finally found her voice and asked weakly.

Hearing this, seven finally stood up in front of her.

He grabbed her shoulders with both hands and looked down at her.

His gaze was focused.

Seven: “Liuliu, do you like little eight and its baby?”

Yu Liuliu: “I do.”

Seven: “Then do you want to see them every day, like now, and grow up with them?”

Yu Liuliu: “...”

Seven: “Liuliu, do you like eating my cooking?”

Yu Liuliu: “I do.”

Seven: “Then do you want to eat my cooking every day, as well as many desserts that you haven’t eaten before?”

Yu Liuliu: “...”

Two consecutive questions stumped Yu Liuliu.

Just as she was hesitating and didn’t dare to casually answer, seven spoke again.

“This is my first time in a relationship, and there might be some things that I haven’t done well. I can change, but if you’re willing to give me a chance, I want to be with you. I want to watch the puppies grow up, and I want to watch Little Pat have many children and grandchildren. In the future, I’ll be in charge of cooking for you. I’ll be your personal chef, and you only need to be in charge of eating... so much to say, but actually, I just want to ask, Yu Liuliu, are you willing to be my girlfriend?”

Seven mustered up his courage and finished his sentence in one breath.

For the first time in his life, he was so nervous that he held his breath.

He did not rush her. Instead, he stared at her and gave her enough time to think.

He wanted to consider his sentence.

The time was too short. If he could, he would not choose to confess at this time. However, if he did not say it now, he was afraid that he would not have the chance.

Yu MUYANG's reminder was not unreasonable. He could only take a gamble first.

If she liked seven, then she would definitely like QIQI as well.

"Girlfriend..."

These three words completely stunned Yu LIULIU.

The person in front of her stared blankly at him as if he did not understand what he was saying.

Her mind instantly went blank. Only the four puppies were still rubbing against her feet.

At this moment, it was as if they were also speaking up for seven, asking her to agree to him.

But weren't they... fake lovers?

She had never thought that she would fall in love in university, and it was with a stranger whom she had known for less than a month.

Even in his body, she always felt a sense of familiarity.

But in the end, he was still a stranger.

But the food he cooked was really delicious.

She also liked Lil Eight and the four puppies.

Yu LIULIU seemed to be petrified and did not respond for a long time.

Until the phone in her bag rang..

She took out her phone and the moment she saw the caller ID, her expression changed.

She could not wait to pick up the phone.

"Brother Fan Fan!"

Those three simple words instantly made seven feel as if he had fallen into hell.

The hand that was holding her shoulder unconsciously tightened, as if he was afraid that she would disappear from his sight the moment he let go.

She would never appear again.

His thin lips were tightly pursed, and there was an uncontrollable pain in his eyes.

He forcefully endured it, not allowing himself to snatch the phone from her hand.

Yu LIULIU's shoulder was in pain, and he furrowed his brows for a moment. When he came back to his senses, he hurriedly covered the phone and explained to him first.

"It's a very important person. Please wait for me for a while."

Chapter 2193: Terrifying background (21)

It would have been better if she hadn't said this, but when she said this, Seven's expression became even worse.

The hand that was holding her shoulder suddenly loosened and drooped down weakly.

His black eyes were filled with a wounded light. He slowly closed his eyes and took a step back.

Yu Liuliu was still holding her cell phone and chatting, completely unaware of his strange behavior.

From her point of view, seven had heard what she said and deliberately gave her space to talk on the phone.

At this moment, she was happily asking the person on the other end of the phone.

"Brother Fan Fan, have you returned to City H? Did you bring back aunt Zheng Yan's two younger sisters?"

Fan Fan was more than a year older than Yu Liuliu. He was the eldest brother of all the children.

His personality was also very steady. He had taken care of his younger siblings since they were young.

Fan Fan was different from Yu Liuliu, who was a brother and a sister-in-law. All younger siblings liked fan fan.

After fan Yu and Qiao Yuanfei got married, they gave birth to a younger sister within two years. Fan fan practically raised her by himself.

Later on, he went abroad to study. His grades were excellent, and he skipped grades all the way to finish his studies. He did not stay idle outside either. He entered the fan corporation early and helped fan yu manage the corporation.

Along the way, he had already known his background.

He knew that he was not the biological son of Fan Yu and Qiao Yuanyuan.

However, the parents of several large families did not care about this matter. Fan Fan had been raised by Qiao Yuanyuan since he was young, and in his heart, he had never experienced the misery of an orphan. Therefore, his reaction towards his background was calm and indifferent.

So indifferent that it was almost impossible to notice that he already knew his own background.

If there were any major changes in these years, it was probably only Zheng Yan who gave birth to a pair of twin daughters five years ago as an old woman giving birth.

From then on, fan fan chose to go to City N to develop the fan group's new business while helping to take care of his two newly born sisters.

He stayed in city n for five years.

Even his master's degree was completed when he took time to take care of his two sisters and manage the company.

His ability was so outstanding that no one could find fault with him.

He also successfully became a role model for all the children.

Even Yu Liuliu, who was only a year younger than him, would call him brother fan.

Not to mention Tang Qianqi and Yu Muyang, who were younger than him by many years. They called him brother wholeheartedly.

“You can bring your younger sister anywhere you want. Uncle Mo won’t agree to bringing her back to City H,” fan fan said in a mocking tone.

Everyone knew that there were three devil kings in City H who treated their daughters like their lives.

If one Yu Yuehan was not enough, Fan Yu would be enough.

It was fine if he doted on his own daughter, but he would not even let go of other people’s daughters.

As for Tang Yuansi, he did not have his own daughter to dote on. Of course, his gaze was fixated on other people’s daughters as well!

Mo Yongheng had seen the dangers of Nian Xiaomu giving birth in the early years. In addition to Zheng Yan’s weak constitution, he had never intended to have a child.

So what if she was from the Dink Family?

As long as Zheng Yan could stay by his side well, he was not dissatisfied with anything.

Initially, Zheng Yan did not agree to it and tried her best to recuperate her body so that she could give birth to a child for him. However, she could not get pregnant even after many years of hard work. Gradually, she had come to terms with it.

In front of Zheng Yan, no one mentioned this topic to prevent her from feeling pressured.

However, when the few of them were together in private, Mo Yongheng, who didn’t have a child, was the target of everyone’s ridicule. He would be stabbed in the heart from time to time.

A daughter who showed off her strength.

Even if he didn’t have a daughter, he had to drag his son out for a walk. It was better than nothing.

Mo Yongheng is the nothing.

Chapter 2194: Terrifying background (22)

After being sullen for so many years, he was about to become immune to it. Who would have thought that Zheng Yan would suddenly become pregnant when other people’s children had already grown up!

This pregnancy gave Mo Yongheng quite a scare.

He brought Zheng Yan and examined her again and again.

When Zheng Yan was young, he did not agree to her having a child.

Now that she was an old woman giving birth, he was even more worried.

He even had the thought of giving up on the child..

Zheng Yan herself did not expect that she would suddenly get pregnant at this time.

But when she thought that this was her and Mo Yongheng's baby, she insisted on giving birth no matter what.

She could not convince Mo Yongheng to agree to her taking the risk, and Mo Yongheng could not convince her to give up on the baby either.

The two of them were in a stalemate. After a while, when Zheng Yan was having a prenatal check-up, she realized that she was pregnant with twins!

It was a pleasant surprise!

The two of them had been married for more than ten years and did not have any children. Two of them came as soon as they arrived.

Zheng Yan cried at that moment.

Mo Yongheng also wanted to cry. He was about to cry.

He also liked children, but he was more worried about Zheng Yan's physical condition.

An old woman giving birth to twins meant that the risk was double.

But when he saw the baby growing in her stomach day by day, and the first time he felt the baby move, Mo Yongheng couldn't help but tear up his eyes. He couldn't say anything to persuade Zheng Yan to give up the baby.

In the end, he signed some disgraceful treaty and persuaded Qi Yan to bring Tan Bengbeng back from the private island. Since Zheng Yan was four months pregnant, he had been staying in city n to help her recuperate.

On the day Zheng Yan gave birth, in the corridor of the delivery room, five men who could summon the wind and rain in the business world lined up.

They were like standard soldiers standing guard.

Everyone was mumbling something.

Mo Yongheng was praying for the safety of Zheng Yan and her son. As for the other four, they were saying the same sentence in tacit understanding: if you want to give birth to sons, you must have two sons..

Knowing that Zheng Yan was giving birth to two soft and cuddly little princesses, the four men at the door had a change of expression.

They all thought of the same sentence at the same time: 'one has to pay for being a gangster!'

However, when they regained their senses, they immediately thought of an even more insidious move.

That was to snatch Zheng Yan's daughter away from Mo Yongheng while he was busy taking care of Zheng Yan!

However, there were only two little princesses and four of them. How were they going to divide the child?

Instead of snatching the child away, the four of them started fighting first.

Tang Yuansi had a heart attack and was the weakest among the four of them. He was the first to be eliminated.

He stood at the side and rubbed the wounds on his face. He decided to use his wits to deal with the pain.

In the end, before the three of them could decide who would win, he suggested that the two families raise a daughter together.

“Brothers, wake up. Do you really think that this is your daughter? We are going to steal Mo Yongheng’s two daughters before he regains his senses. If we continue fighting, no one will be able to get anything if we are discovered!”

Tang Yuansi’s words played a crucial role.

The few of them pondered for a moment and realized that it made sense. In the end, they shook hands and made peace. Qi Yan, who was the best in medicine, took the lead and sneaked out of the hospital with the two little princesses who had just been born.

They ran away?

It was Mo Yongheng’s first day as a father and he did not even get to see his own daughters. The two little princesses, who were delicate and delicate, were kidnapped by the four scoundrels!

He was so angry that he almost died on the spot!

Later, Old Master Mo came forward and the children were finally coming back.

From then on, Mo Yongheng’s two little babies could go anywhere except City H!

If Zheng Yan had not stopped him, he would have cut ties with those four shameless scoundrels long ago!

Chapter 2195: Terrifying Background (23)

“Hahaha, Uncle Mo really hates my dad, but he probably hates uncle Tang the most.”

Yu Liuliu’s eyes curved into a smile when she talked about the past of the elders.

Obviously, she still remembered.

They had already grown up when their two youngest sisters were born.

When was a daughter the cutest? If she were to ask her father and a few uncles about this, they would probably say that they were young without any hesitation.

The little cuddly rice ball that smelled like milk and milk in the swaddling clothes.

The little princess who had just learned how to walk and Babble.

Or when she had just learned how to act coquettishly..

Those were the periods when their father had the most sense of presence.

Who would have thought that their little princess would have grown up, while Mo Yongheng would welcome his own spring, with two little princesses that were crying out for food at once.

It was not Yu Yuehan and the others' fault for going crazy.

They had joined hands to snatch the daughters from Mo Yongheng.

Two daughters!

In their eyes, they were worth more than two mountains of gold.

Among all of them, the happiest person was Yu Yuehan, who had a daughter at the very beginning.

However, there was only one daughter!

Although Qi Yan and fan Yu had daughters later on, there was only one daughter!

Tang Yuansi was even more miserable.

Everyone had daughters, but he was the only one who did not.

Initially, he could have comforted himself with Mo Yongheng, but in the end, Mo Yongheng had two daughters at once. Wasn't this stabbing him in the heart?

Ah!

Tang Yuansi definitely had reason to suspect that one of Mo Yongheng's two daughters was originally prepared for him by the heavens. It was a coincidence that he ended up with Mo Yongheng.

He tried his best to abduct Mo Yongheng's daughter.

He had used every trick he could.

In the end, he was decisively blacklisted by Mo Yongheng. He was banned from appearing within a three-kilometer radius of the Mo family villa.

When brothers reached this stage, it was unprecedented and unprecedented.

When fan fan and Yu Liuliu talked about this matter, both of them could not help but laugh out loud.

But soon, fan fan's voice became serious.

"Speaking of younger brothers and sisters, I actually called you today because I really have something to ask you. Has Qi Qi contacted you during this period?"

"Qi Qi..." Yu Liuliu was startled and then answered.

"No, why did brother Fan suddenly ask this? Did something happen to Qi Qi?"

"I didn't. It's just that I can't contact him all of a sudden. I have some guesses in my heart, but I'm not sure yet. If he contacts you, please let me know."

He was only guessing that Tang Qianqi had returned to the country.

Moreover, according to the news he received, he should have returned to the country on his birthday.

Why did he suddenly disappear? The Tang family didn't ask anyone to look for him.

Fan Fan was just about to say something when a soft voice came from beside him asking for a hug. He could only tell Yu Liuliu to take good care of himself before he hung up the phone to take care of his two younger sisters.

"Brother Fan Fan Fan..."

Yu Liuliu had just opened his mouth when he stopped speaking.

There was a hint of worry in his eyes.

What happened to Qi Qi?

When Yu Liuliu came back to her senses, she suddenly realized that seven, who had been standing in front of her earlier, had also disappeared.

Along with the little eight in front of her and its litter of puppies, seven had already brought them back.

She had been so engrossed in the conversation just now that she actually didn't notice it at all.

Thinking of Seven's confession to her earlier, Yu Liuliu bit her lip lightly and lowered her eyes.

Actually, she didn't hate seven.

She still felt that he was very familiar and couldn't help but want to get close to him..

But she had never thought of falling in love with him.

She already had someone in her heart.

Even if that person didn't come back at the promised time and stood her up.

Chapter 2196: Terrifying background (24)

But she still wanted to wait for him.

Yu Liuliu didn't know how to answer seven. In the end, she didn't go upstairs. She turned around and left the apartment to go to her appointment.

The person who had asked Yu Liuliu out was Ning Baizhen's secretary.

To be precise, it was ning Baizhen himself.

However, Ning Baizhen thought highly of himself. He was a respectable elder. For a small matter, he personally went to meet a junior.

In his opinion, it was degrading himself.

In the negotiation field, such a position was especially disadvantageous.

Ning Baizhen was a smart person. After a little analysis, he immediately decided to let his secretary use his own name to meet Yu Liuliu.

Then, he hid in the private seat next to him. Through a screen, he could clearly hear what Yu Liuliu said to his secretary.

He didn't show up, but he could control the whole situation.

Ning Baizhen was very satisfied with his arrangements.

When it was time for the appointment, Yu Liuliu appeared at the entrance of the restaurant on time.

"Miss, have you made an appointment?" The waiter at the front desk asked politely.

Yu Liuliu took out her phone, flipped through the messages the other party sent her, and reported the table number.

Immediately, someone led her to a table by the window.

A person was already sitting in front of the table.

It was a man wearing a black suit and black-rimmed glasses.

He looked to be less than 30 years old, and his entire body exuded a sense of seriousness.

After confirming that the person who had come was Yu Liuliu, he immediately stood up and extended his hand to her.

"Miss Yu Liuliu, I am Vice President Ning's secretary. My surname is Zhou. You can call me secretary Zhou. Please have a seat."

In the eyes of the experienced secretary Zhou, a young man like Yu Liuliu, who had not graduated from university, would have no difficulty dealing with her.

In fact, he did not need to deal with Yu Liuliu at all.

He sat down and reached for the menu to look at the dishes.

When the waiter came over to ask them what they wanted to order, Yu Liuliu quickly gave them a list of dishes.

Secretary Zhou was about to tell her, "Order whatever you want, Don't stand on ceremony." But he suddenly choked.

The other party really didn't stand on ceremony.

There was no need for him to do anything unnecessary!

While waiting for the dishes, secretary Zhou remembered his task. He kept beating around the bush, asking about Yu Liuliu's family.

Yu Liuliu held a cup of water and drank it one mouthful at a time. She was a little listless, completely different from the lively and energetic person who ordered the dishes just now.

She also answered secretary Zhou's question one sentence at a time.

Secretary Zhou could tell that she was hungry, so he reminded himself in his heart, don't worry. When the dishes are served, he will ask slowly.

In the end, he quickly realized that he was wrong.

Because after the dishes were served, he simply couldn't find the opportunity to speak.

Yu Liuliu ate the entire time and even encouraged him to eat together!

"Secretary Zhou, right? Try This. This baked seafood salad is especially delicious."

"This secret roasted meat is also very tasty."

"Do you like to eat scallops? Their scallops are really superb. If you don't eat them, you'll die young!"

"And the abalone is also not bad..."

"..."

Secretary Zhou swallowed his saliva. It was not because he was hungry, but because he couldn't help but swallow his saliva because he was sweating.

He had seen plenty of food before, but he had never seen anything that could be eaten so well.

The tall and thin young lady had a pure and sweet appearance, and her disposition was on par with that of a rich family's daughter. Yet... In the end, she turned out to be a true foodie?

This shop was a famous one in this area.

Famous delicacies were also famous for being expensive.

Ning Baizhen had chosen this place to kill Yu Liuliu's prestige so that she could see the difference between them.

But now secretary Zhou looked... the other party didn't feel anything at all and was eating very happily!

Chapter 2197: Terrifying Background (25)

What surprised Secretary Zhou the most was that all the dishes she ordered were the signature dishes of this restaurant.

Could it be that this person ordered something expensive and she ordered something?

Just as this thought flashed through Secretary Zhou's mind, he was stunned!

A young girl who had never seen the world actually didn't feel nervous at all after entering such a luxurious restaurant. She even ordered a table of signature dishes with familiarity..

What was going on?

Before Secretary Zhou came, he had sworn that he would be able to complete the mission well.

After all, the other party was just a little girl who had not experienced much in the world and her family background was not that great. It would be a matter of minutes for him to ask about something.

But now, he was uncertain.

He kept feeling that the development of things was completely different from what he had imagined.

But what was different? He actually couldn't say anything for a while.

Was it because she was too calm?

Or was it because she was too calm?

Or was it because she didn't show any nervousness or inferiority complex from the beginning to the end?

Noticing that she was absent-minded, secretary Zhou hurriedly sorted out his thoughts and opened his mouth again.

"The teaching of a university is one of the best in the country. Miss Yu must have put in a lot of effort in order to enter a university, right?"

"It's not bad." Yu Liulu was still eating.

But she was not just eating and doing nothing.

As she ate in her bowl, she was still flipping through the menu in her hand, as if she was studying if there was anything good to try in this restaurant.

The only thing that did not catch her attention was secretary Zhou, who was chattering non-stop.

His answer was also very perfunctory.

When Secretary Zhou heard her words, he took her "Not bad" as a polite remark, to save face for himself.

A university was not a school that anyone could easily get into.

The tuition fee was not low either.

It was needless to say how difficult it was for a child from an ordinary family to get into such a key university.

If they could not successfully finish their studies, it was self-evident what it meant.

Thinking of this, the light in Secretary Zhou's eyes became more confident.

He was already confident of winning today's negotiation. He slowly opened his mouth to speak.

"I believe that Miss Yu has already guessed the reason why I asked Miss Yu out today. In that case, I won't beat around the bush."

As soon as secretary Zhou finished speaking, he reached into the pocket of his suit and took out a check, placing it in front of Yu Liulu.

He pushed it forward.

Yu Liuliu was stunned. She raised her head to look at the amount on the check.

There was no reaction.

Secretary Zhou took in her expression and the corners of his mouth rose slightly.

He was certain that she was trying to hold on.

One Million was not a small amount for an ordinary family.

“Do you want me to tell the teacher that the orientation party was a misunderstanding and help Ning Lizi get rid of that demerit?”

Yu Liuliu finally spoke.

When Secretary Zhou heard her words, the smile on his face became even more obvious.

See, he said that no one would be uninterested in money, especially a girl of her background.

Secretary Zhou leaned forward slightly, put his hands together on the table, and said with a smile.

“This is only one of the conditions. There is another condition.”

“What?” Yu Liuliu asked.

“Break up with seven.” Secretary Zhou opened his mouth slowly and said without waiting for Yu Liuliu to answer.

“You are not from the same world. Even if you are together now, it is just a game between children. There will be no result in the end. Instead of waiting for your feelings to get hurt, why don’t you take the money and leave him now!”

Chapter 2198: Terrifying background (26)

“...” Yu Liuliu was really stunned.

She had never lacked for food or clothing since she was young, and she had never been particularly particular about anything.

Her mother always told her that the most important thing in life was to be happy, to make herself happy, and to make the people around her who she cared about happy.

And her mother had always been like this. Her father often said, “How old are you, and you’re still like a child.”

He was talking about her mother.

Yu Liuliu grew up in a happy environment. She was not arrogant and did not bully others with her power.

She never thought that there would be a day when others would bully her and take the money to buy her love..

Although she and seven were not really boyfriend and girlfriend, the scene of them taking the money and throwing it at her was exactly like what they saw in TV dramas!

“Miss Yu, I hope you understand that I’m here to see you today on behalf of Vice President Ning and the Ning family’s position in City A. I’m sure you also know that this amount of money is not a small amount. If you agree to it now, it’s good for everyone. Otherwise, if things really get out of hand, I’m afraid that you’ll end up with nothing.”

Secretary Zhou saw that Yu Liuliu didn’t respond for a long time, and his voice became heavy.

There was a threat in his words.

It was as if they were the righteous party. The one million yuan was not to force a girl to give up her love, but to fulfill her dream.

“As long as I agree to break up with seven, I can get this one million yuan?”

Yu Liuliu finally came back to her senses and confirmed.

The confidence in Secretary Zhou’s eyes returned. “Yes, as long as you agree, this one million yuan will be yours immediately!”

“OH.”

Yu Liuliu pursed her lips and fell silent again.

She picked up her chopsticks again and planned to continue eating.

“Yu Liuliu, don’t you...”

“Shh!” Secretary Zhou, don’t be so agitated. I’m not asking for an inch and a mile. I’m just too happy. I’m going to have a huge sum of money soon. I have to spend some time thinking about my life. Also, as you know, this sum of money is for my boyfriend. After all, we’ve met for a while. I have to think about it... yes, if I think about it properly.”

As Yu Liuliu spoke, she had already picked up a piece of meat and put it into her mouth, happily eating it.

“...”secretary Zhou.

He wanted to urge her, but Yu Liuliu completely ignored him.

Moreover, subconsciously, he did not believe that Yu Liuliu would dare to reject his conditions.

After all, if she refused this one million yuan, it was equivalent to rejecting the olive branch that the Ning family had thrown out.

How could a nobody like her dare to go against the Ning family?

Time passed by minute by minute.

One minute.

Ten minutes.

It was about to be half an hour. Yu Liuliu had not thought it through yet. Furthermore, as she was eating, she was considering and ordering a few more dishes. Secretary Zhou had an inexplicable feeling that the other party had set their sights on his treat, they were deliberately trying to eat him down..

Secretary Zhou felt a burst of perspiration on his back.

Sensing that Ning Baizhen, who was next door, seemed to be getting impatient, he hurriedly interrupted Yu Liuliu.

“Miss Yu, it’s getting late. I wonder if you’ve thought it through?”

“It’s not early, it’s just time for dinner. Secretary Zhou, are you really not going to eat a bit? The dishes in this restaurant are really delicious. We’ve ordered so many, it’s really a waste if we don’t eat,” Yu Liuliu replied with a smile.

Secretary Zhou:” ...”

There was no us, only her.

He didn’t order any of the dishes on the table. They were all Yu Liuliu’s masterpieces.

Not to mention that Ning Baizhen had lost his patience, secretary Zhou was also a little mad at this moment.

Just as she was about to ask Yu Liuliu what she meant, she had already put down her chopsticks and wiped her mouth calmly.

“I’ve thought it through...”

Chapter 2199: Terrifying background (27)

As soon as Yu Liuliu opened her mouth, Secretary Zhou immediately looked at her, waiting for her to say yes.

Yes, Secretary Zhou did not doubt his judgment at all.

He could find a hundred reasons for Yu Liuliu to agree, but he could not find a reason to refuse.

So he was sure that Yu Liuliu was stalling for time, just to convince himself to agree.

Now that she had made up her mind, of course, she had to accept the one million yuan.

It was really a task that was not challenging at all.

Although the delay was a little long, the outcome was not surprising at all..

“I refuse!”

Yu Liuliu’s voice suddenly rang in Secretary Zhou’s ears.

At that moment, he almost suspected that there was something wrong with his ears.

“What did you say just now? Say It Again!” Secretary Zhou asked with a dull expression.

Yu Liuliu continued to smile and obediently repeated.

“Weren’t you the one who asked me for an answer? I said that I would refuse. Although seven has some problems and his temper doesn’t seem to be very good, he is really handsome. Moreover, he is younger than me. It would be a pity if such a good-looking little brother were to be given away. Therefore, I seriously thought about it and decided that I don’t want this one million yuan.”

As Yu Liulu spoke, he picked up his bag and prepared to leave after eating and drinking.

“Wait!”

Although Secretary Zhou’s face hurt a little, he finally came back to his senses. The last bit of rationality he had left allowed him to stop Yu Liulu without hesitation.

“Young man, you have to think carefully. This world is not as simple as you think. Offending the Ning family will make it difficult for you to stay in University until you graduate. Are you sure you want to make such an impulsive decision?”

If Secretary Zhou had only been a veiled threat before, then this sentence was a clear threat.

He was just short of telling Yu Liulu that if he offended the Ning family, he would not be able to graduate from a university!

Did a girl from an ordinary family really have the confidence and courage to go against the Ning family?

He did not believe it!

However, under his incredulous gaze, Yu Liulu did not hesitate to push his arm away and slowly tidied up his skirt.

He waved his small hand.

He left.

He really left..

When Secretary Zhou realized that the situation was completely different from what he had imagined, he wanted to chase after him, but the waiter had already stopped him.

“Sir, you haven’t paid the bill, so you can’t leave the restaurant.”

“I’ll buy it now, Hurry Up!”

Secretary Zhou hurriedly took out a card from his pocket and handed it to the waiter to swipe.

When the waiter came over with the bill for him to sign, he saw the number on the bill and his eyes almost popped out!

“Are you a black shop? Two people eating together, and you actually paid me more than 100,000 yuan! It’s not my first time coming to your restaurant, those dishes are not worth that much money!” Secretary Zhou held the waiter and demanded an explanation in an aggressive manner.

Although the dishes at Yu Liulu’s restaurant were all famous and expensive, they were not that exaggerated.

With the number of dishes there, no matter how much she could eat alone, she would not be able to eat more than 10 people.

Tens of thousands of yuan was about the same, but hundreds of thousands was too much!

“Sir, ordinary dishes are indeed more than that much, but the dishes that the lady ordered just now were not ordinary dishes. She specially added seasonings at the back of each dish. All of them are top-notch ingredients, such as truffle crab, yellow croaker caviar. These are the treasures of our restaurant...”

Chapter 2200: Terrifying background (28)

Before the waiter could finish speaking, Secretary Zhou couldn't hear anything.

He took the menu and saw that it was exactly as the waiter had said.

No Wonder Yu Liuliu had been eating seriously since the beginning. How could he not eat such expensive food seriously? !

No matter how slow secretary Zhou's reaction was, he realized that he had been set up at this moment.

He was different from Yu Liuliu. He was by Ning Baizhen's side. No matter what, he was a well-known figure. He couldn't fight with others over the money for a meal.

But a meal cost more than 100,000 yuan..

After Secretary Zhou swiped his card, his heart hurt.

But when he came, he had already said that this meal was on him.

He wanted to follow Ning Baizhen's instructions and bring Yu Liuliu to see the world so that she would understand the difference.

Now that he had been tricked, Secretary Zhou really did not know if Yu Liuliu could see the gap. He only hoped that Vice President Ning would reimburse him for the meal money. Otherwise, he would really cry to death.

By the time Secretary Zhou chased Yu Liuliu out of the restaurant, she was already gone.

He was still calm. Knowing that he could not catch up, he turned to make a call.

He was initially worried that Yu Liuliu would not pick up his call. He did not expect that she would immediately pick up the call as soon as the call was connected.

Secretary Zhou took a deep breath to calm himself down.

However, his attitude was no longer as polite as before.

“Yu Liuliu, don't think that you can fool me with your little tricks. It's okay if you offend me, but you'd better understand that you can't be with seven even if you give up the one million yuan. It Won't be long before you regret your decision today!”

"If I regret it now, can you still give me that one million yuan?" Yu Liuliu asked sincerely on the other end of the phone.

Secretary Zhou was dumbfounded by this question.

After he realized that he had been tricked by Yu Liuliu, he had actually already decided that money couldn't buy her over.

However, he was really unhappy to admit defeat like this, so he called this number in order to scare Yu Liuliu.

Who knew that she would change her mind again..

What was going on?

Secretary Zhou was about to go crazy.

After this exchange, he could not see through the young girl who he thought was easy to deal with.

He, who had always been calm and self-controlled, was about to be driven to the brink of collapse.

Before Secretary Zhou could analyze Yu Liuliu's purpose, Yu Liuliu asked on the other end of the phone again.

"By the way, you haven't told me who seven is. is his family very rich? How Rich? "If I don't break up with him and wait for him to break up with me, how much do you think he will give me? "If I calculate it this way, it seems like a million is a bit small. How about this, Secretary Zhou? I see that you look pretty good and you seem pretty capable. Why Don't you quit your job and become my assistant? Help me see how I can get more breakup fees and I'll split it with You?"

Secretary Zhou:" ..."

"Miss Yu just turned around and left. She doesn't look like she's short on money." Secretary Zhou's words were obviously filled with sarcasm.

"I'm not short on money, but I don't mind having more money. Secretary Zhou, do you mind having more money?" Yu Liuliu asked in a teasing manner.

She was laughing very happily, but Secretary Zhou couldn't laugh anymore as if he was being teased like a cat.

Finally, before he could not help but want to hang up the phone, Yu Liuliu returned to her normal self.

She smiled coldly.

"I really don't care about a million dollars. If vice president Ning wants to help his daughter, I can consider swapping his position as vice president."
