

My Life 2201

### **Chapter 2201: Terrifying background (29)**

Such arrogant words, secretary Zhou once suspected that he had heard wrong. Just as he was about to scold Yu Liuliu, Yu Liuliu had already hung up the phone decisively.

Leaving behind a furious Secretary Zhou who had nowhere to vent his anger.

When he returned to the entrance of the restaurant, he raised his head and saw Ning Baizhen walking out of the restaurant.

Ning Baizhen was just sitting next door. He had heard the conversation between Secretary Zhou and Yu Liuliu.

At this moment, his expression was not good either.

“That girl called Yu Liuliu has left?”

“Vice president, she has left.”

Secretary Zhou went forward in fear and trepidation and returned the check that Ning Baizhen had given him previously.

In the end, he did not forget to add on.

“This girl doesn’t know what’s good for her. She actually said that she doesn’t care about such a small amount of money. If vice president wants to help the eldest miss, she might consider using your position as vice president to exchange for it.”

When he repeated this sentence, secretary Zhou almost gritted his teeth.

He was an unrelated person, yet he was so angry, not to mention Ning Baizhen.

He was immediately furious!

“A brat who is still wet behind the ears actually dares to be so arrogant. I want to see how she is going to take the position of Vice President!” Ning baizhen crumpled the check in his hand into a ball and gritted his teeth.

Before getting into the car, he turned his head and asked Secretary Zhou.

“I remember that the Mo Corporation has always had an internship program with a university.”

“Yes, there are many interns who want to join the MO Corporation every year. President Mo has instructed us to give more opportunities to young people. A university is also a famous university, so every year, there will be top-notch talents sent to the Corporation for internships. Calculating the time, next week will be the time when a new batch of interns will be decided.”

Secretary Zhou had already vaguely guessed ning Baizhen’s intention, so he quickly replied.

Entering a large group like the Mo Group for internships was an opportunity that almost every university student wanted to fight for.

Especially for students majoring in international finance, being able to personally experience the contents of the teachers' books in a large group was a very valuable experience for them to get a job after graduation.

However, the number of internships was limited. A university would usually select students based on their results.

The most outstanding students would be sent to the MO group. The rest would also be arranged to do internships in other companies.

After Secretary Zhou finished speaking, a disdainful smile appeared on Ning Baizhen's mature face.

"This time, you will personally go and contact the person in charge of the school. There's no harm in adding a few more places to a university. However, Yu Liuliu must be one of them!"

He wanted to see how this Yu Liuliu would be able to act arrogantly in front of him once she entered the Mo Corporation!

"Yes!"

Secretary Zhou had a premonition that the opportunity for revenge had arrived. He was so happy that he eagerly went down to make arrangements.

—

On the other side.

Yu Liuliu made a gesture to Secretary Zhou and left the restaurant after eating and drinking.

However, she did not immediately take a taxi back to the school.

Instead, she carried her bag and strolled on the street alone.

The reason why she answered Secretary Zhou's call so quickly was because she had been holding her cell phone in her hand.

When Secretary Zhou called, she thought it was seven..

But it wasn't.

It had been several hours since she left his apartment, but Seven hadn't contacted her.

He didn't ask where she had gone.

Was He angry?

He should be.

If she had confessed to Qi Qi and Qi Qi had not given her an answer and had instead slipped away, she would have been angry too.

Not only angry, she might even be a little sad..

Thinking of this, Yu Liuliu picked up her phone again and opened the chat box.

She asked jokingly.

“Brother, I just rejected the temptation of a million dollars for you. Do you want to treat me to a midnight snack?”

### **Chapter 2202: Terrifying background (30)**

After Yu Liuliu sent the message, although she continued to walk forward, her speed obviously slowed down.

She was waiting for seven to reply to her message.

But after waiting for a long time, until she returned to the dormitory at a slow speed, he did not respond at all.

Was he really angry? He did not even reply to her message.

Yu Liuliu did not know what was wrong, but she felt a little stuffy in her chest. She said hello to Su Lidan, got into bed, and went to sleep.

The next day, he originally wanted to go to class early so that if seven came early, he could explain the situation yesterday to him when there were fewer people.

However, Yu Liuliu went from the classroom to empty. When it was time for class, seven did not appear.

He did not attend class.

He did not come in the morning, nor did he come in the afternoon.

The next day, the third day..

He did not appear again for a whole week.

During this week, Yu Liuliu tried to contact him many times, but he could not be reached.

No one answered his calls, and no one answered his messages.

Yu Liuliu asked the teacher to find out that he had called in sick.

However, she went to his apartment and knocked on the door, but no one answered.

Could it be that he lived in the male dormitory?

Yu Liuliu could not go up to the male dormitory building.

“Liuliu? Yu Liuliu?” Su Lidan shouted several times, but the people around her did not respond. She could not hold back her temper and reached out to Pat Yu Liuliu. When Yu Liuliu raised her head, her eyes were filled with confusion.

“I said, What’s wrong with you? Are you not feeling well? You’ve been absent-minded these past few days. What are you thinking about? Oh, I know. My Prince Charming did not come to school. You miss him, right?”

Su Lidan teased arrogantly.

"I don't." Yu Liuliu refused to admit it.

She was indeed a little worried about seven. He had just been in a car accident, and now he was sick. He hadn't come to school for a week.

Even if they were just ordinary friends, she would still be worried. Moreover, there was no one in Seven's apartment, so she didn't know if Lil'eight and its baby were being taken care of.

Yu Liuliu told herself in her heart that she only missed Lil'eight and its baby, not seven.

At this moment, Su Lidan suddenly came up to her and asked,

"Liuliu, did you notice that seven is missing and feel empty in your heart?"

Yu Liuliu: "..."

"Did you suddenly feel that even though you've only known each other for a month, it feels like you've known each other since your previous life? His shadow has already filled every corner of your life, it's everywhere... Ah, this is love! True love!"

Su Lidan grabbed Yu Liuliu's shoulder and pretended to be exaggerating in a joking tone.

When she realized that Yu Liuliu was in a daze, she immediately snapped back to her senses.

"No Way, liuliu, I was right. Are you really thinking about seven?"

"No, don't talk nonsense." Yu Liuliu noticed that she was in a daze and quickly changed the topic.

"Oh right, what were you talking to me about just now?"

"You also know about this semester's internship. The most ideal company is the MO group, but the competition is fierce. I was wondering if we could successfully obtain a spot and go for an internship together. I Can't bear to part with you."

As Su Lidan spoke, he suddenly reached out and hugged Yu Liuliu.

Her worry was actually only worried about herself.

Yu Liuliu's results and her usual performance would definitely not be a problem for her to enter the MO group for an internship.

Although SU Lidan's results were also considered excellent, it was her fault for having such a dazzling figure like Yu Liuliu by her side. Compared to Yu Liuliu, her results were indeed not enough.

She was completely in a position where she had a chance to fight for it, but she still needed a bit of luck.

### **Chapter 2203: Terrifying background (31)**

Originally, the difficulty she wanted to fight for wasn't small. However, the MO group had suddenly increased the number of slots this year. This way, Su Lidan's chances would be much greater.

"Do your best, you can do it!" Yu Liuliu encouraged.

The light in her eyes flashed slightly.

She didn't tell Su Lidan that she could help her enter the MO group. This was because in Yu Liuliu's heart, Su Lidan had the strength to fight for this slot.

If she opened her mouth at this moment, it would be a form of contempt towards her.

"Don't worry, I will work hard. If it really doesn't work, I can only trouble you, the Mo family's 100 billion heir, to open a backdoor for me," Su Lidan ridiculed her in a frivolous manner.

Up until now, she still did not believe that Yu Liuliu had revealed her identity, so she kept saying these words to tease Yu Liuliu.

"Okay, if you really don't get chosen, I'll help you," Yu Liuliu said seriously.

"Damn, you're really starting to take advantage of me? Okay, my 100 billion heir, don't think about seven. Think about what we'll have for lunch. I'm about to faint from hunger..."

Su Lidan's entire body hung onto Yu Liuliu. Seeing her indecent manner, Yu Liuliu dismissed the idea of explaining her identity to her again.

She helped her to the cafeteria.

There were no classes in the afternoon.

In order to get an internship, Su Lidan went to the library for self-study. Yu Liuliu was the only one in the dormitory.

She was originally just tidying up the photo album and accidentally flipped to the photos of Lil Eight and the four puppies... as well as the photos of seven.

Yu Liuliu still remembered this photo. When she was capturing the movement of Lil Twelve running, Lil Twelve suddenly crashed into seven's arms and was lifted up by him with one hand.

The chubby little puppy was kicking its short legs and rubbing against his palm..

At that time, she snapped a photo of a man and a dog together.

Now that she saw this photo, she seemed to be able to recall the happy and harmonious scene back then.

"Liuliu, did you realize that seven was missing and feel empty in your heart?"

"Did you suddenly feel that even though you've only known each other for a month, it seems like you've known each other since your previous life? His shadow has already filled every corner of your life and is everywhere... Ah, this is love! True love!"

Su Lidan's words suddenly rang in her ears, and Yu Liuliu's hand that was holding the photo suddenly paused.

Was she really... missing seven?

Yu Liuliu stopped her wild thoughts, took a coat, and left the house.

She walked to Seven's apartment alone, raised her hand, and rang the doorbell.

Just like every time she came, the doorbell rang, but no one opened the door.

This time, Yu Liuliu did not turn around and leave like before. Instead, she raised her hand and entered the password that seven had told her before.

With a "Di" sound, the password lock was opened.

Yu Liuliu pursed her lips and gently pushed the door open and walked in.

When she walked into the room, she was still looking forward to seeing Hachi run out with four puppies to welcome her, just like in the past.

Or perhaps, she would look up and see seven, who had disappeared for a long time, sitting on the sofa in the living room.

But there was no one there..

There was only a cold aura in the empty house.

Yu Liuliu was stunned and turned to look at the kennel.

Hachi and the puppies were not there.

She vaguely guessed something and ran into the room. She did not care about her manners and reached out to open the wardrobe in front of her.

Seeing that there was only a row of empty hangers, her heart seemed to be emptied at that moment..

He moved away.

#### **Chapter 2204: Terrible background (32)**

She left without warning.

Her eyes were hot and her nose was sore.

She thought they were friends.

Even if he was angry, he wouldn't be angry for long. She just needed to coax him when they met.

She never expected that he would suddenly leave without saying goodbye.

What about school?

Would he come back?

Or would he directly apply for suspension like he was moving..

When she thought of this possibility, Yu Liuliu's heart felt like it was being pinched by an invisible hand, and she felt a faint pain.

She had had this feeling before.

It was the day when she had heard that Qi Qi had decided to study abroad. She had sneaked to the airport behind her father's back, but she had not had the time to send him off..

"Buzz Buzz –"

Yu Liuliu's phone rang.

She sniffed and picked up the call.

"Are you crying? Who bullied you? Tell Daddy that Daddy will teach him a lesson right away!"

Before Yu Liuliu could speak, Yu Yuehan, who was on the other end of the phone, had already opened his mouth to ask excitedly.

Yu Liuliu was stunned. "Daddy?"

She moved her phone away and took a look at the caller ID. It was really her father.

She had anxiously picked up the call just now, but she did not expect it to be from her father. She snapped back to her senses and hurriedly explained.

"No one bullied me. It's just that the weather was a little cold and my nose was running from the cold."

"Really?"

Yu Yuehan's tone became gentle, but there was still a hint of worry in it.

"I've already said it earlier. If you were to study outside alone and no one would take care of you, you might as well stay in City H and still be able to stay at home. If you want to come back now, I can actually arrange it for you too..."

"Dad, why are you calling me at this time? Where's Mom?" Yu Liuliu hurriedly interrupted him when she heard that Yu Yuehan was going to brainwash her again.

She had gone to study outside the city, but she had worked together with her mother to fight for the welfare that she had earned after a few years.

However, to Yu Yuehan, this was simply a failure in his life.

He had actually made his little princess suffer outside the city all by herself... Every time the father and daughter spoke on the phone, he would always try to persuade Yu Liuliu to transfer to another school and correct this failure in his life.

"Your mother just fell asleep, so I secretly called you when she wasn't paying attention. You know how much your Mother Loves Me. If she finds out that the father and daughter are chatting behind her back, she will definitely be jealous. Sigh, it's all your father's fault for being so charming."

Yu Yuehan was lying through his teeth on the other end of the phone.

Yu Liuliu held back her laughter and did not expose him.

If one were to really talk about jealousy, her father was the king of jealousy.

If he was even jealous of her younger brother, it would be very difficult for Yu MUYANG to get close to her mother during her childhood.

It was also pitiful.

Later on, when she grew up, she wanted to fight for her son's family status.

In the end, before she could make a move, her father said, "Do you still want your daughter-in-law?" and firmly grasped Xiao Yang's soft spot.

She knelt down on the spot and called out to her father!

TSK TSK, speaking of which, she was really in tears..

The father and daughter chatted for a while, and Yu Yuehan quickly got to the point.

"Are the teachers and classmates at a university treating you well? Are there any brats who don't know what's good for them who want to pursue you? Tell Daddy that Daddy is a very democratic parent, and I will help you check up on them."

Yu Liuliu:" ..."

Daddy, do you have some misunderstanding about the word "Democracy"?

Just ask her if she's in a relationship.

Yu Liuliu hesitated for a second before answering decisively.

"No, everyone treats me very well. My studies are also very fulfilling. No one is pursuing me. I'm about to start my internship. How would I have time to fall in love?"

### **Chapter 2205: Terrifying Background (33)**

The long string of words was completed in one go.

"Oh, that a university student's taste is pretty bad. My Daughter is so outstanding, yet he didn't even take a fancy to her. However, that's also true. Those brats must be ashamed of their inferiority in front of you and wouldn't even dare to chase after her."

It was unknown who Yu Yuehan was ridiculing in the first half of the sentence, but in the next second, he suddenly changed the topic.

"Liuliu, you wouldn't lie to Dad, would you?"

Yu Liuliu:" ..."

A torture that came from the soul.

For a moment, Yu Liuliu felt so guilty that she almost admitted it.

However, when she thought about the consequences of her admitting it — that her dad would personally fly to city A to investigate all the suspicious people around her and might even cripple a few of them — Yu Liuliu immediately dismissed the idea.

Seven had already left.

She would be busy with her internship from now on and would not be in the mood to care about other things. This could be considered the truth.

Yu Liuliu had successfully convinced herself and also successfully comforted Yu Yuehan.

In reality, Yu Yuehan did not seem to be very wary of anyone other than Tang Qianqi.

After confirming that his precious daughter was doing very well, Yu Yuehan quickly hung up the phone.

On the other hand, Yu Liuliu hung up the phone and sat on the sofa. She looked at the empty apartment and her mood, which had finally calmed down, suddenly turned gloomy.

Unwilling to give up, she dug out seven's phone and dialed the number.

The next second, she heard the sound of a bell ringing at the door.

She was stunned for a moment and thought that it was an illusion.

When she raised her head, she saw a tall figure standing at the entrance of the apartment.

The long white windbreaker made him look particularly handsome and upright. Together with the way he appeared, it was as if he had descended from the sky.

His handsome three-dimensional facial features were extremely handsome.

However, his gaze was a little cold. The moment he saw Yu Liuliu, his footsteps paused slightly.

It was as if he wanted to get close, but he did not have the courage to do so.

Before seven could make any movements, Yu Liuliu had already stood up from the sofa and ran in front of him.

Her eyes were red as she clenched her fists and punched his chest.

"Bastard, why didn't you answer my calls or reply to my messages? Do you know how worried I was about you? I thought something had happened to you..."

As she cursed, she choked up.

Her tears fell uncontrollably.

Just as she was about to use the back of her hand to wipe them away, seven had already reached out and grabbed the back of her head, hugging her tightly into his embrace.

It was a mixture of surprise and heartache.

Surprise, her care, and heartache for her tears.

"Let go of me. You disappeared for a week for no reason. You didn't even say anything when you moved. Don't think that just because you said sorry to me, I will pretend that nothing happened. Moreover, you didn't even say sorry..."

Yu Liuliu's muffled voice came from his chest.

Unable to break free of his arm, she stepped on him angrily.

She was like a little wild cat that had lost its temper.

She was about to scratch him.

“What’s with the one million yuan?”Seven asked suddenly, not to answer her question.

Obviously, he had seen her message, but he didn’t reply.

Yu Liuliu became even angrier.

“Someone gave me a million yuan to break up with you, but I refused. But now I regret it. How can you be worth a million yuan? If I had known earlier, I would have accepted the check. Now, no matter what, I Am a millionaire’s wife... Ugh!”

Yu Liuliu’s voice came abruptly. Her eyes widened in shock as she looked at the person who had suddenly lowered his head and kissed her.

Was she forcefully kissed?

With a bang, seven kicked the door shut.

He turned around and pressed Yu Liuliu behind the door. He pried open her teeth and deepened the kiss!

### **Chapter 2206: Terrifying background (34)**

Their breaths intertwined. As time passed, the air around them became more and more ambiguous.

Yu Liuliu didn’t come back to her senses for a long time.

She leaned against the door and allowed seven to take whatever he wanted.

A thought kept running through her blank mind: they kissed..

The intimate act between lovers actually happened to them.

She and seven weren’t even friends!

At least he didn’t inform her when he moved.

She had sent him so many messages and made so many phone calls, but he hadn’t replied to any of them!

Now that he had appeared and kissed her, what was the difference between him and a Hooligan? !

Yu Liuliu was furious!

Unable to push the person in front of her away, she raised her foot and stomped on the instep of his foot!

“Hiss –”

Seven grunted. He did not let go of the arm that was grabbing her shoulder, but he raised his head slightly.

He stared at her dark red lips, and the depths of his eyes were naturally filled with an apologetic look.

“Liuliu...”

“Don’t talk to me. Let Go First!”

Yu Liuliu moved her shoulder, trying to break free from his embrace.

She lifted her feet, turned around, and ran out of the door.

Her face was red, and she was about to escape Seven’s sight.

But in the next second, seven had caught up to her and held her wrist tightly.

“I don’t plan to leave. I’m not moving to avoid you. It’s just that this apartment is too small. Lil’eight and a dog are barely enough. With the addition of the four fast-growing little puppies, they won’t be able to stay for long. I want to give them a bigger apartment.”

Seven’s words successfully made Yu Liuliu stop struggling and look back at him in surprise.

It was as if he was asking him with his eyes. Why didn’t he tell her that he was only changing the apartment?

“Come with me.”

Seven held her hand and returned to the apartment.

He pointed at a piece of paper lying on the kennel.

On it was the address of the new home Lil’eight and his family were currently living in.

“I...” Yu Liuliu was speechless.

She had been here a few times before, but every time she knocked on the door, no one answered, so she left.

Today was the first time she opened the door and came in by herself. When she thought that he had moved and might never appear in front of her again, she was so disappointed that she did not even notice if he had left her a new address.

In her eyes, he had not replied to her messages or answered her calls, which was equivalent to drawing a clear line between them.

Yu Liuliu came back to her senses and finally stopped being led by the nose by him.

“You can call me or send me a message tomorrow. You went through so much trouble to leave an address. I’m not a worm in your stomach, how could I possibly know?”

What if she did not see it? Wouldn’t that mean that she would never see the puppy and... him again.

No, no, since he was not really leaving city a, then he would definitely return to school.

It was impossible for them not to see her. What was there to be sentimental about.

“What About You? You clearly have the password to my apartment. Why did you only come in today? Is it because of my confession?” Seven suddenly asked.

“...” Yu Liuliu didn’t know what to say.

“Your hesitation and hesitation are all because you don’t know how to reject me, so you subconsciously avoid me. If you’re already like this, isn’t it normal for me, a person who is about to be rejected, to hide and be sad for a few days?”

Seven pretended to be relaxed as he spoke, but there was an unconcealable disappointment in his eyes.

His tall figure stood in front of Yu Liuliu and lowered his eyes to stare at her. He opened his thin lips slightly, pausing between each word.

“I’m ready now. If you want to reject me, say it now.”

### **Chapter 2207: Terrifying background (35)**

“...” Yu Liuliu was stunned.

She was even more shocked than when she first heard seven confess to her.

“I...” She had originally thought that if it had been a week ago, perhaps she would have said it without hesitation.

But now, seven had disappeared for a week, which suddenly made her uncertain.

Did she really not like him?

Then why did she feel inexplicably sad when she found out that he was not going to school and was even planning to move?

When she thought that she might never see him again, she even felt a little flustered at that moment..

She had never felt this way before.

Yu Liuliu bit her lip and suddenly did not know what to say..

“What’s wrong? Don’t tell me you can’t bear to reject me with that look on your face? Or perhaps, you actually like me a little in your heart?”

Seven pretended to break the silence in a relaxed manner. He originally wanted to remove the awkwardness between the two of them and give her a way out.

Then, he caught a glimpse of her small face that instantly turned pale. His pupils suddenly constricted as he suddenly realized something.

“Liuliu.” Seven grabbed her shoulder in surprise and pulled her to him.

“Do you really like me? Even if it’s just a Little?”

"I don't know..." Yu Liuliu lowered her head as if she was trying to avoid him, like a child who had lost his way, she mumbled softly, "I already have someone I like, and I can't tell what I'm thinking. I just can't bear to let you go, and Li'eight and his family..."

Before she could finish her words, seven had already hugged her tightly.

"Alright, stop talking. I don't want your confession. Just don't reject me. We'll be like before. We'll study together and take care of little eight and its babies. I'll make whatever you like to eat."

Seven spoke quickly as if he was afraid that she would regret it.

He had guessed the person she liked.

He was already mentally prepared to be rejected by her. However, he had never expected that she would have such a trace of liking for him.

Even if it was just a one in a thousand chance, he did not want to give up.

He believed that as long as he worked a little harder, perhaps one day she would think of him and be willing to accept him.

"Okay."

Yu Liuliu's heart was also in a mess at this moment.

She had not waited for Qi Qi to return before she met seven. Perhaps it was really God's will.

"I'll bring you to see Li'eight and the others." Seven was sure that she would not reject him anymore. He held her hand and walked out.

Just as he took a step, Yu Liuliu had already pulled back her hand and stood where she was, glaring at him.

Meeting his astonished gaze, she pointed at her mouth. "You haven't explained to me why he suddenly kissed me just now?"

That was her first kiss, and he had snatched it away just like that, not intending to give her an explanation!

"Oh..." seven realized what she was angry about, and the corner of his mouth suddenly curled up. He turned around and pressed her against the wall again.

With one hand propped on her side, he lowered his head, and his thin lips almost touched the tip of her nose as he sincerely apologized.

"I couldn't help but kiss him. I'm a first kiss, and I don't have much experience. If you're not satisfied, I'm willing to accept your training, or if you feel that you're at a disadvantage, I can let you kiss me back."

"..." can it still be like this?

Yu Liuliu was stunned for a few seconds. He caught the smile in his eyes and immediately realized that he had been teased.

He angrily pressed seven against the wall!

“So be it, I’m not afraid of You!” Then he closed his eyes and kissed him on the face!

### **Chapter 2208: Terrifying background (36)**

30% exasperation, 70% bite the bullet and kiss.

She was already prepared to be embarrassed.

In the end, she found that his face was really soft.

Kissing was like kissing lips, soft and a little sweet..

Yu Liuliu was cursing in her mind when she suddenly realized that something was wrong. The moment she opened her eyes, she realized that she was kissing Seven’s mouth. She was so scared that she stepped back.

Then, a strong arm had already wrapped around her waist.

It pulled back the body that she wanted to step back.

He lowered his head and a warm breath gushed onto her face.

The smile on the corner of his mouth became more obvious.

“Liuliu, your skills aren’t that good either. It seems that we’ll have to work harder in the future.”

Yu Liuliu:” ...”! !

Yu Liuliu’s face instantly turned red!

She originally wanted to win back the situation, but in the end, she ended up shooting herself in the foot.

She puffed up her cheeks and stared at seven. She couldn’t find any lines for a long time, so she could only sulk at herself.

If her mother found out that she actually got off on the wrong foot and was eaten up by a boy younger than her, she would definitely laugh at her.

Yu Liuliu was still conflicted about the kiss when seven had already pulled her out of the apartment.

The two of them didn’t go to his new house to look at the dog right away. Instead, they went to the mall first.

“The dog toy from before is old, so I didn’t bring it with me when we moved. Come with me to buy some new ones so we can buy the ingredients to cook tonight,” seven explained on the way.

He hadn’t gotten his driver’s license yet, and the shopping mall wasn’t far from here, so the two of them decided to walk over.

Of course, this “Decision” was seven’s decision. Yu Liuliu had been wondering if this was near the school, and if they were too conspicuous.

After all, he was still on “Sick leave.”

“I just sent a message to the teacher saying that I will go to school tomorrow,” seven said without a blush or panting in the face of Yu Liuliu’s resistance.

Yu Liuliu:” ...”

She could report it, right?

There was a bad kid here who had falsely reported his illness and asked for leave. The teacher quickly came to punish him!

“I had a fever a few days ago. I took the hospital’s medical records and applied for leave. I did not falsely report my illness,” seven added. Yu Liuliu was immediately stunned.

“Fever?”

Yu Liuliu looked up at him in surprise.

He was fine the day they separated. Why did he suddenly have a fever.

Yu Liuliu quickly thought of something and looked at him in disbelief.

“... Don’t look at me like that. I didn’t hurt myself. I just drank some red wine because I was in a bad mood. In the end, I slept on the sofa in the living room for a night and had a fever the next day.” Seven met her shocked gaze. In order to prevent her from letting her imagination run wild, he took the initiative to explain, “I’m sorry.”

Just a few simple sentences had brought him through the week’s situation.

It was just that his own complexion was not that good.

In fact, he was not only in a bad mood that day.

He was almost in despair.

When he saw her receiving fan fan’s call, he was ecstatic.

When he heard her say that she was an important person and asked him to wait first, he used all his strength to restrain himself and did not snatch her phone.

Instead, he chose to give in..

His alcohol tolerance was not good, not much better than pouring a glass.

But that night, he almost drank a bottle of red wine alone. He was so drunk that he hugged her favorite twelve and kept asking her why she did not love him.

He almost forced a little puppy to speak human language.

In the end, he could not stand it and barked at him a few times..

He did not remember what happened after that.

**Chapter 2209: Terrifying background (37)**

All he knew was that when he woke up the next day, he was wearing a thin shirt with Hachi and four little puppies happily drinking milk beside him.

Well, he didn't just hug twelve and ask why he didn't love him that night.

He even slept in the doghouse.

Seven didn't want to remember such a shameful thing.

"Are you cold?"

He turned his head to look at her. He held her hand and placed it into the pocket of his windbreaker.

He used his body temperature to warm her hands.

Yu Liuliu was still immersed in the news of him getting drunk for her..

She recovered her senses and gently shook her head, answering his question just now.

Although she wasn't cold, she didn't withdraw her hand either.

She allowed him to hold her hand.

"Oh right, during this week when you weren't around, the teacher informed me about the internship. If you want to enter the Mo Corporation, there shouldn't be any problems. However, you may need to apply in advance," Yu Liuliu reminded him.

Seven's outstanding results and outstanding ability were already beyond doubt.

However, the application process still had to go through.

Yu Liuliu thought that they could still be interning together in the future. Just as he was about to urge him to apply as soon as possible so that he wouldn't miss the time, seven spoke first.

"I might not be interning at the MO Group."

"Oh?" Yu Liuliu was stunned. His expression was a little surprised.

In city a, the largest internship unit was the MO Group.

If he didn't join the MO group, could it be that he was planning to find a company himself?

"To be precise, I am not participating in this internship. I have already submitted the relevant social practice reports to the school. As I have the same type of internship experience, there is no need for me to go there again."

Seven explained softly as he kept his gaze on Yu Liuliu.

He was worried that she would ask him where he interned previously.

In fact, he had never lacked social practice.

He had officially entered the Tang Corporation since he was 15 years old.

Currently, the nominal CEO of the Tang family was Tang Yuansi, but the actual person in charge was basically Tang Qianqi.

Tang Yuansi was waiting for his son to take over the entire corporation so that he could retire to the second line and take Shangxin on a vacation.

If he heard that Tang Qianqi was interning at the Mo Corporation at this time, he would probably go crazy.

Even if seven wanted an internship, he could only stay in his own company.

“Oh, that’s a pity. I originally thought that I could do an internship with you,” Yu Liuliu said with some regret.

The moment he said this, Seven’s heart jerked and he almost regretted saying that he was going.

In the end, he held it in.

It was not for anything else, but for the sake of Tang Yuansi, who was racking his brains to cover for him in front of Yu Yuehan and to buy time, he could not offend his own father.

—

The next day, seven returned to school.

From that day onwards, all the taboos between him and Yu Liuliu were broken.

The couple in everyone’s eyes had really become a couple.

Yu Liuliu did not agree to his confession nor did she reject it.

Seven naturally made use of everyone’s misunderstanding to create a series of opportunities to be together with her.

After all, everyone was now certain that they were a couple.

“If we act too estranged, people will see through us.” When seven said this, his hand was already on Yu Liuliu’s shoulder.

“No couple would not eat together. I can even help you queue up for food.” Under everyone’s eyes, seven carried two plates of food that he had just received from the canteen auntie and sat in front of Yu Liuliu.

“Give me your schoolbag. I’ll send you back to the dormitory downstairs.”

Seven sent her to the dormitory downstairs, but he did not return her schoolbag. Instead, he pointed at his own face.

“I need a goodbye kiss. It’s okay if you don’t Kiss me on the face.”

### **Chapter 2210: Terrifying Background (38)**

Yu Liuliu looked at that handsome and indecent face and wanted to slap his hand that was about to scold him for being a hooligan, but he couldn’t swing it.

Was he really going to kiss her?

But this was the downstairs of the girls' dormitory, and there were so many people coming and going.

Seven seemed to have seen through Yu Liuliu's misgivings, and he calmly lowered his head and leaned in front of her.

"If we kiss like this, others won't be able to see us. Otherwise, we're a couple. It's only realistic if someone sees us."

Yu Liuliu was forced into a corner by his scoundrel. She blushed and gave him a kiss.

She originally wanted to kiss his face, but who knew that he would suddenly turn around and she would instead firmly kiss his thin lips.

Yu Liuliu was stunned. The next second, she realized that he did it on purpose and immediately gave him a kick.

She even ran over the instep of his foot and turned around to run away.

"Hiss—"

Seven grunted and ignored his foot that had been stepped on. Instead, he reached out to touch his lips that had been kissed. The aftertaste was endless.

Even his LIULIU looked so cute when she was angry.

—

Yu Liuliu was afraid that she would be recognized. She covered her face and rushed upstairs. Then, without stopping for a single step, she rushed into the dormitory.

However, a figure flew toward her head and flew into her arms with the pillow. She was knocked back a few steps.

"Dandan?" Yu Liuliu cried out in surprise.

At the same time, Su Lidan's angry roar was heard.

"Yu Liuliu, how dare you lie to me? I'll strangle you to Death!"

As she spoke, she pounced on Yu Liuliu and hugged her tightly.

"I've already seen it! You kissed my Prince Charming and even lied to me that it was just a fake couple. Would fake couples go to class and eat together? Would they hold hands and return to the dormitory? Would they play kissing outside the dormitory? How could you hide such a big matter from me!"

"My King, please spare my life! I'll confess to anything!" Yu Liuliu raised her hands and surrendered.

Taking advantage of Su Lidan's relaxation, she quickly broke free from her embrace and hugged the pillow as she lay down in front of her bed.

"This is a little complicated. It's a long story."

In fact, Yu Liuliu couldn't tell whether she and seven were a couple or not.

Although they were a couple, she hadn't officially agreed to seven's confession yet.

Even if they weren't a couple, the way they were interacting now made her feel like they were a couple.

"Don't try to muddle through it. Even if it's complicated, you have to explain it clearly!" Su Lidan had already moved the small stool of gossip to her bed and was listening attentively.

Yu Liuliu could only explain everything that had happened recently.

After listening to the things that had happened between the two of them, Su Lidan touched his chin and sighed.

"Seven's way of doing things is very deep!"

"? ? ?" Yu Liuliu looked at her with a dumbfounded expression.

What? wasn't she the one who had picked up a Prince Charming in a daze?

Su Lidan glared at her in disappointment.

"Don't you think that seven was scheming when he disappeared for a week? A person who was very attentive to you suddenly disappeared from your life after he didn't get a response to his confession. He was waiting for you to miss him!"

"..."

"Waiting for you to be heartbroken and unable to eat or sleep because of him, then he would appear again. Even if you didn't love him, would you still have the heart to hurt him at this time? "Aren't you afraid that he will continue to disappear? "In the end, I won't force you. I just want to stay by your side and accompany you. I will successfully capture your heartache. In the end, I will make use of your lecherous shortcomings and slowly nibble away at your little heart... High! Really High!"

Su Lidan's last sentence of "Lecherous" successfully made Yu Liuliu cover her mouth.

"Don't talk nonsense, I am very reserved!"
