

My Life 2211

### **Chapter 2211: Terrifying background (39)**

Yu Liuliu's modesty was the biggest lie in the world.

At least, that was what Su Lidan thought.

Sigh, it was a pity that those little handsome guys who looked at the goddess did not dare to make a move did not know that the goddess' goal since Young was to raise a nest of good-looking little brothers..

But now it seemed that she had met the devil!

"Liuliu, as a good friend, I have to remind you to be careful of my Prince Charming. I have a hunch that he is a scheming boy whose goal is to eat you! Ouch!" Su Lidan bared his fangs and brandished his claws as he pounced on Yu Liuliu.

The two of them fought, and the topic quickly became inappropriate.

Yu Liuliu did not really take Su Lidan's words to heart.

The internship arranged by the school soon began.

It would last for a month as part of the midterm evaluation.

On the day the name list was given, Yu Liuliu specially went to look for Su Lidan's name.

In the end, she searched through the MO Group's internship list, but she still couldn't find him. She frowned slightly.

Logically speaking, with Su Lidan's results and her usual performance, she should be the one to get the additional spot. How could there not be any?

"What are you looking for, Campus Belle? Do you need help?"

A piercing voice sounded in Yu Liuliu's ears.

Yu Liuliu subconsciously moved aside and turned around to look at the person behind her.

It was Ning Lizi. She was really haunting!

She was a student of the Art Institute, yet she ran to the entrance of the management institute every day. Didn't she feel embarrassed?

Moreover, she heard that ever since she was given a demerit, she had not come to the school. Just like seven, she had taken sick leave.

Why did she appear today?

Fang Huishi was also by her side.

Yu Liuliu didn't intend to pay attention to them. She turned her head and continued to look at the name list. She felt that something was wrong since Su Lidan wasn't on the name list.

“You’re on Su Lidan’s name, right? Stop looking, she’s not here.”

Ning Lizi’s proud voice entered her ears again.

Yu Liuliu narrowed her eyes slightly. She seemed to have realized something and looked at her sideways.

“Did you do it?”

“Oh, are you angry? Are you looking at me like that? Don’t tell me you want to do it? I’m So Scared!” Ning Lizi smiled and patted her chest.

Her pretentious look was indeed asking for a beating.

Yu Liuliu took a deep breath to calm herself down.

She said sarcastically.

“Don’t worry, Student Ning. You’ll get a demerit if you hit someone. I’m not like some people who don’t know how to reflect on themselves after getting a demerit and come out to ask for a beating.”

“You...” Ning Lizi’s expression changed when she was stepped on a sore spot.

She gritted her teeth and said it on purpose.

“The art academy also needs internships. Hui Shi and I have both applied to go to the MO group. You know that there are only so many places. If you’re not careful, Su Lidan will be gone. However, Hui Shi is also a roommate of yours. Su Lidan won’t be able to go, and Hui Shi will go in her place. It’s also good to keep the good news to herself!”

The meaning behind her words was clear.

She was the one who had played tricks in the dark, allowing Fang Huishi to take Su Lidan’s spot.

Although the internship opportunities at the MO group were precious to the Art Institute, they were far inferior to the management institute.

Ning Lizi was deliberately seeking revenge!

“I will let all of you know the consequences of offending me!” After Ning Lizi finished her words, she turned around and left arrogantly.

There were still quite a number of people looking at the name list around Yu Liuliu. Everyone had heard Ning Lizi’s words.

At this moment, she was looking at Yu Liuliu with a sympathetic gaze.

Although Yu Liuliu’s spot was still there after being targeted like this, would he still have a good life after entering the MO Corporation and Ning Lizi’s father’s territory?

### **Chapter 2212: Terrifying background (40)**

Yu Liuliu was worried about Su Lidan.

She didn’t know that her spot had been replaced.

Yu Liuliu pursed her lips and ignored the surrounding gazes. She walked straight out of the crowd and headed in the direction of the dormitory.

When she returned to the dormitory, she didn't see Su Lidan.

She remembered that during this period of time, Su Lidan had been studying in the library. She closed the door and was about to go to the library to look for someone when she saw Fang Huishi.

Fang Huishi was holding an internship notice in her hand.

It seemed like she had come back specially to pack her luggage.

She was preparing to report to the Mo Corporation.

When she saw Yu Liuliu, she seemed like she wanted to say something, but in the end, she didn't say anything. She passed Yu Liuliu and wanted to enter the dormitory.

"It's your choice that you're willing to be friends with Ning Lizi. No one can interfere with you. I just want to ask, did you already know from the start that Ning Lizi intentionally let you take over Dan Dan's position in this internship opportunity?"

The moment the two of them brushed past each other, Yu Liuliu asked.

Everyone had their own aspirations. She had never felt that since they had helped Fang Huishi before, Fang Huishi should side with them in everything.

However, if she knew that Ning Lizi had deliberately used her to provoke Dan Dan, and she still helped Ning Lizi, then she had truly let down Su Lidan, who had once helped her so sincerely.

Yu Liuliu did not want to easily deny someone, so even though it was awkward, she still chose to ask directly.

Fang Huishi stopped in her tracks.

There was not much expression on her delicate face, and no unnecessary emotions could be seen from her eyes.

She only lowered her head and stared at the tips of her feet, her voice carrying a hint of mockery.

"Is it important?"

"Yes." Yu Liuliu turned around and looked at Fang Huishi with a burning gaze.

Even though she knew that since Ning Lizi wanted to deal with them, without Fang Huishi, Ning Lizi would have let someone else take the spot.

However, if it was anyone else, they would not be like Fang Huishi, causing her to feel a chill in her heart.

This was because Fang Huishi clearly knew how much importance Su Lidan placed on this internship, yet she still helped Ning Lizi and gave her a fatal blow!

“To me, it’s not important. I only know that every man for himself. If it weren’t for Ning Lizi, with my abilities, I wouldn’t have been able to obtain such an internship. But now, I’ve obtained it. So no matter who this internship should have belonged to, I will hold it tightly in my hands.”

Fang Huishi raised her head and enunciated each word clearly.

“Since you feel so sorry for Su Lidan, why don’t you give up your spot to her? After all, she was also implicated by you. If it wasn’t for helping you stand up for her, with Ning Lizi’s prideful personality, she wouldn’t have bothered to make a move on a nobody like her.”

“You know Ning Lizi very well. Do you really think that by following her, you can have a backer?” Yu Liuliu narrowed his eyes and coldly opened his mouth.

Fang Huishi did not mind. “At least helping her is better than helping you. Hasn’t Su Lidan always stood on your side? Didn’t you see what happened to her with your own eyes? “Bow down to the higher ones and trample on the lower ones. This society is so cruel. I just want to keep myself safe.”

“...”

They did not get along.

Yu Liuliu had already gotten the answer he wanted. He did not say anything more and only looked deeply at Fang Huishi.

“I hope you won’t regret your choice today in the future.”

—

Yu Liuliu finally found Su Lidan in the library’s bathroom.

She was washing her face.

When Yu Liuliu walked in, her eyes were still red.

### **Chapter 2213: Terrifying Background (41)**

One could tell at a glance that she had just cried.

From the looks of it, she already knew about the name list.

“Dandan, listen to me...”

Yu Liuliu walked forward. Just as she was about to speak, Su Lidan had already pulled out a piece of paper in a panic to wipe her face. Then, she squeezed out a smile and turned her head to look at her.

“There was something dirty in my eyes just now. It hurts so much. Why did you come to the library? Come on, a top student like you still came to study. Are you going to let us ordinary people live?”

Su Lidan crumpled the tissue into a ball and threw it into the trash can. He wrapped his arm around Yu Liuliu’s shoulder as if nothing had happened and teased her.

If Yu Liuliu had not seen her secretly wiping her tears just now, she would have really thought that she was fine.

Yu Liuliu's eyes flashed slightly. She thought for a moment before speaking.

"Don't take the matter of the name list to heart. There will definitely be an internship slot for the Mo Corporation. I guarantee it!"

"I'm fine. It's just an internship unit. I Won't be able to go to the Mo Corporation. It's the same for other companies. Besides, my results aren't considered top-notch. If it weren't for the additional spots this time, I wouldn't even have the chance to compete. It's only expected that I won't be able to get a spot. It has nothing to do with you. If you really want to comfort me, why don't you treat me to the red braised meat from the canteen tonight? "To be honest, the chef in the cafeteria must be a star chef. His dishes are even better than the ones in the restaurant!"

Su Lidan talked about food with Yu Liuliu non-stop.

Usually, Yu Liuliu was the one who started this topic.

As long as it was about food, she could forget everything.

But now..

Yu Liuliu looked at her quietly.

They had been roommates for more than two years. How could she not know that the more Su Lidan cared about something, the more he would pretend that he did not care about it at all.

She had been working so hard during this period of time in order to fight for this internship spot.

If her performance was really bad and she did not manage to get it, it would not be a big deal, but it just had to be someone else's fault..

"Let's go. We're going to eat. I've been reading for a long time. I'm starving." Su Lidan put his arm around Yu Liuliu's shoulder and was ready to leave.

Yu Liuliu hurriedly stopped her and gestured for her to pack her things first. She wanted to go to the washroom.

Su Lidan did not suspect that she was with him. He let go of his hand and walked into the study room to get his books.

It was only when she disappeared that Yu Liuliu took her cell phone to an empty corner and dialed a number.

"Liuliu?"

Nian xiaomu, who was on the other end of the phone, seemed to be surprised that she would receive a call from her precious daughter.

After she let out a cry of surprise, an indecent laugh immediately sounded.

"Did you run into some problems in your relationship and want to ask Mom? Feel free to ask. Your dad isn't around right now, and mom will definitely tell you everything!"

"..." Yu Liuliu choked.

Nian Xiaomu was still rambling on.

“Liuliu, you are almost twenty-two years old. Why haven’t you gotten a boyfriend yet? This won’t do! When I was twenty-two years old, my childhood sweetheart was already worried about me. I even chose your father... if I remember correctly, you were already born at that time! “I don’t expect you to surpass me. I’m sure you won’t be able to catch up with my speed, but you can’t be too far behind either. If there’s a boy that you like, just do it when it’s time. We’re not afraid of taking responsibility!”

“... Mommy, I’m here to ask you about official business.” Yu Liuliu finally managed to squeeze out a sentence after a long while.

“Oh, that’s a pity. I originally had a secret book on how to pursue a husband that I wanted to read to you,” Nian Xiaomu said regretfully.

### **Chapter 2214: Terrifying background (42)**

Yu Liuliu:” ...”

This was her mother, a woman who was like a god.

Only her father could control her, and she had not been angered to death yet.

“Tell me, what exactly do you want to ask your mother?” Nian Xiaomu finally regained a trace of the seriousness of a mother.

It was as if she could smell the difference in Yu Liuliu’s emotions.

The mother and daughter pair looked like sisters, and their way of getting along was even more so.

Yu Liuliu would never hide her worries in front of her.

She would tell her mother whatever she had in her heart.

When Tang Qianqi went abroad in the early years, Yu Liuliu would run to Nian Xiaomu and cry in front of her every day, worried that her little brother would be kidnapped when he went abroad.

Nian Xiaomu tried her best to persuade her, but she managed to coax her with much difficulty.

In the blink of an eye, her daughter had grown up. She had grown up into a big girl and even knew how to help manage the company.

Nian Xiaomu was very pleased!

“Mom, I want to ask who is in charge of the Mo Corporation in City A. I have some personal matters that I want to open a back door to. Actually, it isn’t considered a back door...”

Yu Liuliu briefly explained the matter of the replacement of the Su Lidan position.

Nian Xiaomu did not ask too much and told her directly.

“The person in charge of the headquarters in City A is your uncle Mo. . However, he has been staying at the Mo family’s ancestral residence in city n to take care of your great-grandfather. If there is anything you need, give him a call and he will arrange it for you.”

Although Mo Yongheng was not a descendant of the Mo family, he was personally raised by old patriarch mo and had been by his side since he was young.

In the end, he was reluctant to let him leave.

In addition, the head of the Mo family was getting older and his body was not as strong as before. It was impossible for him not to have someone close by his side.

Mo Yongheng had asked Zheng Yan for her opinion. The two of them brought the two lively and cute twin princesses to live in the Mo family's ancestral residence.

The head of the Mo family was grinning from ear to ear every day and did not mention the matter of Yu Muyang changing his surname.

Yu Liuliu knew all this, so he did not ask any more questions after confirming that the person in charge of city a was Mo Yongheng.

On the other hand, Nian Xiaomu recalled an important matter.

"I've been hearing your father talking about qiqi for the past few days. I wonder if Qiqi is going to return to the country soon. Has He contacted you?"

Qiqi was going to return to the country..

Yu Liuliu was slightly taken aback when he heard this news.

Yu Yuehan's sensitivity toward Tang qianqi was comparable to that of a first-rate police dog.

He would definitely receive the news immediately if Tang Qianqi made any slight movements. Those who did not know about this would even think that he was Tang Qianqi's biological father.

It was precisely because of this that Nian Xiaomu's reminder was especially important.

If Yu Yuehan really mentioned Tang Qianqi frequently, then the day that Tang Qianqi would appear would not be far away.

However, he did not contact her..

Yu Liuliu caught a glimpse of SU Lidan coming out of the study room in the library from the corner of her eye. She did not have the time to chat with Nian Xiaomu too much and hung up the phone very quickly.

"What are we going to eat now? It's a little early, and the cafeteria might not have opened for dinner yet. Why don't we go out for spicy hot pot?"

Su Lidan pulled Yu Liuliu along as he spoke and walked out of the library.

Yu Liuliu's mind was filled with the news that Tang Qianqi was coming back, and she followed her footsteps in a daze.

"Beep Beep!" Just as the two of them sat down to eat, her phone vibrated.

Yu Liuliu quickly took out her phone. She swiped open the screen and saw that it was a message from seven. Her smile widened.

“What are you doing?” Seven asked.

Her casual tone carried the sweetness of a couple.

Yu Liuliu eyes curved, with a smile in his eyes, a word of reply.

### **Chapter 2215: Terrifying background (43)**

“Eating outside with my roommate.”

“Roommate? That Su Lidan? I remember she was my fan and asked me for an autograph. She was the one who gave me your wechat.”

It was rare for seven to remember a member of the opposite sex other than Yu Liuliu. The reason was that Su Lidan had helped him get Yu Liuliu’s wechat.

“Dandan, your idol remembers you. And your name is not wrong at all.” Yu Liuliu flipped her hand and handed the phone to Su Lidan.

Su Lidan’s eyes immediately lit up. Just as he was about to scream in excitement, Yu Liuliu immediately reached out to cover her mouth.

“Allow me to remind you that your idol remembers you based on the premise that you betrayed your true love in exchange for my wechat. You Traitor!”

Su Lidan pulled her hand away, still very excited.

“If it weren’t for me, a traitor, would you have been able to take down the god so smoothly? However, I still feel that it wasn’t you who conquered the god, but the god who tricked you, a simple little white sheep.”

“...” Yu Liuliu.

Yu Liuliu refused to accept Su Lidan’s explanation and lowered her head to continue replying to the message.

“It’s Dan Dan. We’re at the snack bar next to the school. Have you eaten?”

She clicked send.

Then, she put down her phone and ate the spicy hot soup.

She closed her eyes. Seven’s handsome face that could not be faulted flashed across her mind.

She was not a little white sheep. She was a beauty lover. Such a handsome little brother could even cook. Of course, she would not be at a disadvantage if she took him down first.

Seven replied later. Yu Liuliu only saw it after she had eaten her fill.

The two of them chatted all the way, and there was no serious topic to talk about. They only talked about one thing after another.

[As they chatted, their mood became especially good.](#)

Yu Liuliu was in a good mood, but Su Lidan, who was beside her, was even sadder.

“The whole world reeks of love. Only I am still filled with the fragrance of a single dog.”

“Back then, a certain someone swore to me that her relationship with seven was pure and innocent. In the end, now... It’s a large-scale true fragrance scene.”

“We agreed to be single forever. In the end, you secretly found a boyfriend behind my back...”

Along the way, Su Lidan was muttering to himself.

It was only when they returned to the dormitory and Yu Liuliu was about to start packing up the things for the internship that Su Lidan became quiet again.

“Dandan, the notice for the internship will arrive by tomorrow at the latest. You Don’t have to worry. With your conditions, it’s their loss if the Mo Corporation doesn’t want you. They won’t be so stupid. Trust me!”

Yu Liuliu noticed the disappointment in her eyes and spoke in a serious tone.

“Yes, I know. I’ve already packed up everything. Even if I can’t go to the Mo Corporation, I’ll still need to change to another company for my internship. Don’t worry, I’m really fine.”

As Su Lidan spoke, he found an excuse to end this topic in a low mood.

Everyone had to get up early the next day to gather and report to their respective companies, so they slept very early the night before.

When Yu Liuliu woke up, Su Lidan was no longer in the dormitory.

Her backpack was also missing.

Yu Liuliu searched around for her but couldn’t find anyone. When it was almost time to gather, she could only meet everyone at the gathering place.

They boarded the bus heading to the MO Group.

This was the difference between the MO group and other companies.

Students who could enter the MO group for internships were like the top students we usually talked about. Even their treatment was different.

The Mo group would personally send a car to pick them up. After they arrived at the MO group, there would also be people in charge of small groups to help them connect to their respective internships and positions.

#### **Chapter 2216: Terrifying background (44)**

As for the students who were interning at other companies, they could only report to the company themselves.

Yu Liuliu boarded the car and saw the arrogant Ning Lizi.

With Ning Baizhen, the vice president of the Mo Group, as her backer, even if Ning Lizi wasn't a student of the management school, she was extremely popular among the students of the management school.

As soon as she got into the car, she was surrounded by many people who were asking her about the MO Corporation.

"This is the largest listed company in City A. I heard that the daily income and expenditure figures are astronomical. I wonder if we can witness it with our own eyes."

"The MO Corporation's management system is top-notch. The teachers of our management courses are basically using the MO Corporation as an example. I'm looking forward to the upcoming internship."

"What I admire the most is the MO Corporation's actions towards cultural protection. I heard that the Mo family's family motto is the same..."

"..."

Everyone had a lot of questions, and most of them revolved around the upcoming internship.

Ning Lizi was surrounded in the middle, and she wasn't in a hurry to speak.

She crossed her arms, and her attitude was extremely arrogant.

In her eyes, even if she was sitting in the same car as everyone else, the people around her weren't on the same level as her.

Just like the things that they had asked about, Ning Lizi had already seen it for herself.

The reason why she had taken the initiative to apply for the internship this time was firstly to suppress Yu Liuliu, and secondly, she felt that this was such a rare opportunity. Perhaps Seven would also go.

If she could embarrass Yu Liuliu in front of seven, the scene would definitely be very exciting!

Unfortunately, Ning Lizi only realized in the end that seven was not on the Mo Corporation's internship list.

However, she was only disappointed for a short while.

Seven wasn't around, but Yu Liuliu was.

Ning Lizi looked up and saw Yu Liuliu getting into the car. She immediately teased him.

"Why is student Yu alone? Where's your good friend? Oh, I forgot. Su Lidan's performance wasn't good, so he didn't manage to get this internship. What a pity!"

As soon as she said this, everyone looked at Yu Liuliu in unison.

Some of those who knew the inside story also looked sympathetic.

No one dared to speak up for Yu Liuliu.

They were afraid of offending Ning Lizi.

Yu Liuliu ignored her. She carried her bag and got into the car. She walked to the last row of seats and sat down.

She took out her phone and sent a message to Su Lidan asking where she was now.

Then he sent a message to seven.

He told him that he was about to start his internship.

Both of them did not reply.

The car set off quickly.

Although the MO group in city a was not the real headquarters of the entire group, it was still quite large.

The entire skyscraper was filled with the office buildings of the Mo Group. It was located in the center of the city, where every inch of land was expensive.

The car had just stopped when the people in the car were already excitedly carrying their bags as they walked towards the Mo Corporation.

“Everyone, wait here for a moment. There will be people coming over to bring everyone to their respective positions to report in. Everyone, please form two lines first and take attendance.”

The leading teacher led everyone to an empty space in the corporate hall.

Just as everyone had gathered here, the person in charge of the docking of the Mo Corporation had also arrived.

“Thank you, teacher Chen.”

“It’s nothing, manager Zhao is too polite. These are all the top students in our school. The name list is all here. Take a look. If there are no problems, I’ll leave the names to you.”

Teacher Chen handed over the name list. Just as he was about to leave, manager Zhao in front of him suddenly spoke.

“Wait, there’s still one more person.”

### **Chapter 2217: Terrifying background (45)**

There’s another person?

Teacher Chen, who was leading the team, was stunned.

She retracted her hand and looked at the name list, then checked the number of people present.

There wasn’t a single person missing!

All fifteen people were here.

Ning Lizi, who was at the side, seemed to be a little impatient as she urged her.

“If someone isn’t here, then he’s late. Don’t tell me he wants everyone to stay here and wait for him?”

Her voice wasn't loud, but because of Ning Baizhen, the moment she opened her mouth, all the students around her subconsciously moved aside.

In this way, Ning Lizi's not loud voice fell into manager Zhao's ears.

At the same time, manager Zhao turned around and glanced at her.

Manager Zhao was in charge of the human resources department.

He had some status in the Mo Corporation, but compared to Ning Baizhen, the vice president, he was definitely nothing.

When Ning Lizi became the focus of everyone's attention, she also became slightly nervous for a second.

Then, when she remembered that this was the Mo Corporation, her father's territory, she became arrogant again.

She asked straightforwardly.

"I heard that the people in the Mo Corporation are very punctual. Although there aren't overly severe punishments for employees who are late, the relevant attendance system will still make some records. As a reference for the evaluation of outstanding employees, manager Zhao, are you sure you want us to be late together?"

Ning Lizi raised her chin. She was certain that manager Zhao would definitely let them in first after she finished speaking.

This way, everyone would naturally know how much weight her words would carry when they interned in the Mo Corporation in the future.

Ning Lizi waited for a few seconds but did not hear manager Zhao's reply. Just as she thought that he was going to use silence as a response to avoid this question, manager Zhao suddenly spoke up.

One word at a time.

"This is the MO group. Anyone here must abide by the Mo Group's rules. When the higher-ups don't speak, no one is allowed to interrupt."

"..."Ning Lizi's face heated up.

Noticing the gazes around her, she felt a little embarrassed and angry, but she didn't dare to talk back.

Just as she was about to go to her father to complain later, she heard manager Zhao continue.

"They'll be here soon. We won't miss the registration time, and there's no such thing as being late. Don't worry, everyone."

This time, Ning Lizi didn't even have a reason to complain.

She was so angry that she couldn't vent it out.

She could only stand in the hall with everyone and wait. Just as she was about to see who the last person was, a black luxury car stopped in front of the Mo Corporation.

The car door opened and the driver got out first.

Then, he went around to the back seat of the car and opened the door.

The person who got out immediately after... was Su Lidan!

Boom —

Something seemed to explode in Ning Lizi's mind.

She looked at the scene in front of her in disbelief.

When she saw manager Zhao personally come forward to welcome Su Lidan, her hands by her side clenched into fists.

Didn't she already let Fang Huishi take Su Lidan's spot?

Why would Su Lidan appear here?

They had all come here by bus, yet Su Lidan was receiving them in a luxurious car. He even made so many of them wait for her alone..

The moment Su Lidan appeared, Ning Lizi could clearly feel all the students around her looking at her in unison.

Their eyes were filled with ridicule and ridicule. Every gaze was burning..

It was as though she was mocking her. Once again, she had turned into a joke!

"Liuliu!"

Ever since Su Lidan received the call and confirmed that she would be able to come to the Mo Corporation for an internship, his head had been spinning.

His entire body felt as though he was stepping on cotton.

It was only when he saw Yu Liuliu that she immediately snapped back to her senses and swiftly dashed towards her.

### **Chapter 2218: Terrifying Background (46)**

"Dandan." Yu Liuliu smiled, the corners of her eyes slightly narrowed.

She hugged her happily.

"Hurry up and pinch me. Let me tell you, I was worried that this car was sent by a swindler and was prepared to sell me off. Why do you think the Mo Corporation suddenly informed me that I can come for an internship?"

Su Lidan's stomach was filled with surprise and joy. At this moment, all of it spilled out in front of his good friend.

Su Lidan was not stupid. Ning Lizi was right in front of him. She would not give Ning Lizi a chance to strike her down. She whispered into Yu Liuliu's ear.

After saying that, she looked in the direction of Ning Lizi in a mumbling manner.

Seeing how Ning Lizi was struck down, she suddenly felt that today should be the peak of her life!

At the same time, her heart became even more anxious.

Ning Lizi had clearly asked Fang Huishi to replace her, so why would the MO Corporation still inform her to come for an internship?

At first, she thought that everyone had a private car to pick them up. However, when she saw the bus parked outside the door, she realized that it was also a private car, but the level of this private car was completely different!

How did she look like an intern? This was the treatment of a high-ranking official!

If not for the fact that she was holding Yu Liuliu's hand, Su Lidan would have suspected that he was dreaming.

"Of course, it's because you have the ability. The Mo Corporation can't bear to waste such a good talent like you. I've already said that you can definitely enter the MO Corporation for an internship!" Yu Liuliu smiled and pulled Su Lidan to her side, she stood in a row with her and officially joined the intern team.

Su Lidan stood firmly. When he heard her words, he couldn't help but mutter a sentence.

"To make me believe that I'm so outstanding that I've attracted the attention of the higher-ups of the Mo Corporation, I'd rather believe that you're the Hundred Billion Young Miss of the Mo Corporation and that you've discovered me with your discerning eyes."

"..."friend, you've discovered the truth.

"Alright, everyone's here. The time is just right." Manager Zhao walked forward and raised his wrist to glance at the time.

Hearing this, the others who were still in shock finally regained their senses.

Everyone turned their heads to look at Su Lidan, their eyes filled with doubt.

However, manager Zhao had just said that the time was up. They had to report to the various departments now. If they didn't go now, they would really be late.

If an intern was late, it would directly affect their internship results.

For a moment, everyone put away their curiosity and followed the staff in front of them.

After teacher Chen finished the handover, it was time for him to leave. However, he was still standing at the same spot. When everyone had left, he finally couldn't help but step forward.

"Manager Zhao, this Su Lidan isn't on our list at all. Why did he suddenly appear?"

The internship list had always been decided in advance. It was rare for the MO group to have an internship spot, and a university had always attached great importance to it. There had never been such a situation before.

This sudden appearance of an extra spot..

“Then I’ll have to ask you, teacher Chen. I heard that you will be fully responsible for the selection of the interns this time. May I ask, how did Su Lidan, who should have been on the list, suddenly get replaced? And what’s with that Fang Huishi?”

Manager Zhao’s face immediately darkened when he saw that everyone had left. His gaze became sharp.

The Mo Corporation provided internship opportunities in order to provide a fair platform for outstanding students to speak based on their ability.

But now, someone was actually using the power in their hands to carry out secret operations.

“This... this... This is Vice President Ning’s intention!”

#### **Chapter 2219: Terrifying background (47)**

After teacher Chen said this, he let out an inexplicable sigh of relief, as if he had found himself a good backer, and his tone became firm.

“Vice President Ning? I think it’s the eldest daughter of the Ning family, Ning Lizi!” Manager Zhao sneered.

One sentence had exposed the guilty teacher Chen.

Teacher Chen’s expression changed instantly.

The person who asked him to change the internship list was indeed Ning Lizi, but who didn’t know that Ning Lizi’s father was the vice president of the Mo Group? Ning Lizi’s meaning was most likely vice president Ning’s meaning.

Teacher Chen didn’t think there was any difference between the two. Now that manager Zhao asked, he was stumped instead.

“Manager Zhao, are you saying that Vice President Ning doesn’t know about this?”

It was only at this moment that teacher Chen realized how rash he was to change the internship list just because of Ning Lizi’s words.

“Perhaps,” manager Zhao replied meaningfully.

Then, his voice sank.

“The MO corporation will get someone to communicate with the school for this matter. Teacher Chen, you should think about how to keep your job!”

“Manager Zhao, I am the person personally appointed by Vice President Ning. Aren’t you afraid of offending Vice President Ning by doing this?”

Seeing that manager Zhao did not intend to do him a favor, teacher Chen directly brought out Ning Baizhen.

No matter what, Ning Lizi was Ning Baizhen's biological daughter.

How could a father not protect his beloved daughter?

Even if this matter was brought to Ning Baizhen's side, it would only be settled.

It was precisely because of this that teacher Chen was fearless.

However, he didn't expect manager Zhao to be so domineering. When he heard Ning Baizhen's name, his expression didn't even change.

Instead, he sneered.

"Then let's see who will be the first to suffer."

After manager Zhao finished speaking, he ignored the uneasy teacher Chen and followed the team in front of him.

Others might not know who was in this group, but he knew very well!

This was a great ancestor!

Compared to her, what was Ning Baizhen?

If he offended Ning Baizhen, nothing might happen to him. After all, the vice-president still had the president above him.

But if he offended this ancestor, if she didn't make a move, there would be a bunch of people lining up to kill him!

Moreover, he still had president Mo's personal instructions above him.

Manager Zhao hurriedly ordered that all the interns who came this time should be treated seriously. They were absolutely not allowed to bully rookies!

Especially the people from their department. They should perform well and absolutely not make any mistakes!

It was a matter of life and death!

As a result, the entire human resources department fell into an unprecedented positive state..

On the other side.

Yu Liuli and the other students were all brought to their respective internship positions. On the other hand, when Ning Lizi saw that manager Zhao had left, she didn't say a word to the person who was leading the way for her and went to the vice president's office.

She did not care whether someone had seen her or not. As soon as she entered the door, she immediately threw a tantrum at Ning Baizhen.

“Dad, I don’t care. This Su Lidan absolutely can not stay! “You promised to help me vent my anger. In the end, not to mention Yu Liuliu, even a Su Lidan can not be dealt with. I have already kicked her out of the internship list. Why did you still send a car to pick her up? You made me a joke just now.”

“What Sultan?” Ning Baizhen was processing documents. It was obvious that he did not know what had just happened.

Seeing that the secretary was still standing at the side, he waved for him to go out first. Then, he put down his pen and raised his head to reprimand him.

“You, when will you grow up? Don’t you know how to speak and act according to the situation? You’re so jumpy over a small matter. Tell me, who provoked you again?”

### **Chapter 2220: Terrifying background (48)**

“Who else could it be?” “It’s Yu Liuliu and her lackey. Speaking of Lackey, I’m getting angry. I’ve already revoked her internship slot, but the Mo Corporation sent a car to pick her up. Furthermore, it’s a sports car that I can’t even afford to ride!”

Ning Lizi walked in front of Ning Baizhen and told him everything that had happened with an aggrieved expression.

“That’s impossible. He’s just an intern. Even if he missed something, he wouldn’t have gone to the trouble of sending a VIP car to pick him up. Manager Zhao isn’t such a careless person. Did you make a mistake?”

Ning Baizhen opened his mouth without hesitation.

Hearing this, Ning Lizi, who was sure that he still didn’t know, thought that she had finally found her own home ground.

“If dad doesn’t believe me, you can ask anyone. Everyone has seen it. That manager Zhao even made more than ten of us wait for Su Lidan alone. My feet are sore from standing!”

“...” Ning Baizhen did not believe it at first, but when he saw his daughter’s solemn promise, he could not hold back for a moment.

He signaled Ning Lizi not to say anything. He reached out to press the intercom and called Secretary Zhou, who had just left, back.

“Little Zhou, I heard that the company used a VIP car today. Go and ask about the situation and who they picked up. If manager Zhao asks, just say it was my idea.”

“Yes, I’ll go now.” Secretary Zhou had been waiting for today ever since Yu Liuliu tricked him and paid for a meal.

He was initially curious why Ning Baizhen did not respond. Now that he heard his instructions, he immediately understood that he was going to make a move.

He immediately turned around to inquire about what had happened today and returned to report back.

“You mean that manager Zhao personally sent a car to pick him up. He’s just an ordinary intern?”

After Ning Baizhen heard the news from Secretary Zhou, he immediately stood up from his office chair in shock.

How was this possible?

“Dad, you believe what I said this time, right?” “This Su Lidan has always helped Yu Liuliu in school and opposed me. I originally wanted to use suppressing her to make Yu Liuliu suffer this internship. In the end, I became a joke in everyone’s eyes when she came to the MO group for an internship in such a high-profile manner!”

Ning Lizi grabbed Ning Baizhen’s arm, her eyes red as she shouted.

“I don’t care, I don’t care. Dad, you must help me vent my anger this time!”

“Don’t be in a hurry to say this, let me think about it.”

The older the wiser. Ning Baizhen calmed down and immediately felt that something was wrong.

Although he was the Mo Corporation’s Vice President, the Mo Corporation was not his place.

The operation of the entire group had clear rules and regulations. That was why he was so surprised when he heard that manager Zhao had actually sent a VIP car to pick up an intern.

“What’s the background of that Su Lidan? Is He the daughter of a big family? Or is he someone from a business partner?”

Ning Baizhen’s thoughts were extremely clear as he asked.

For him to be able to sit in his current position, he did not even have the ability to calmly analyze problems. He had long been replaced.

“I’ve checked. There’s nothing special about this Su Lidan’s family background. He’s the same as Yu Liuliu. However, he comes from an ordinary family. His parents are both working class. His grades are above average and his overall score is not bad. Therefore, he was originally on the Mo Group’s internship list. It’s just that...”

Secretary Zhou took a glance at Ning Lizi.

Without him saying anything, Ning Baizhen also understood that it was Ning Lizi’s doing.

It wasn’t a big deal to change someone, but now that the person she replaced had been invited back by the Human Resources Department, it was unusual!
