

My Life 2221

Chapter 2221: Terrifying Background (49)

“By the way, I met manager Zhao when I came up. I got some news from him...”

Secretary Zhou didn't say it directly this time. Instead, he moved closer to Ning Baizhen and reported in a low voice.

“Is what you said true?” Ning Baizhen's face suddenly changed.

The next second, Secretary Zhou nodded seriously.

“It's absolutely true. The style of work of the personnel department today is not quite the same as usual. Each of them is extremely active. Although manager Zhao's business ability is usually very strong, but today it is as if he is putting his life on the line. No one will believe that there is nothing fishy about it.”

“If that's the case, this Su Lidan...”

Before Ning Baizhen could finish his words, the office door suddenly rang.

It was someone from the personnel department, and there was a young stranger standing next to him.

Before Ning Baizhen could speak, Ning Lizi had already shouted out.

“Su Lidan, why are you here?”

The personnel department did not pay attention to her shouting and directly looked at Ning Baizhen.

“Vice President Ning, this is the intern who came today. Manager Zhao wants to keep her here as an intern assistant.”

Speak of the Devil.

There was no one faster than this.

After the personnel department finished speaking, they saw that Ning Baizhen had no objections and turned around to leave.

Ning Lizi's surprise had completely disappeared. The way she looked at Su Lidan was like she was looking at a lamb waiting to be slaughtered.

Exactly.

There was a path to heaven that Su Lidan would not leave, and she barged into Hell without any doors.

This was her father's territory. Wouldn't it be a piece of cake for her to take care of an intern?

She had already thought of a way to torture Sullidan a thousand times, but in the next second, she heard Ning Baizhen speak.

“Student Sullidan, right? Please come in, please come in. Treat this place as your own home. Take a seat first. If you want to drink something, I'll get secretary Zhou to pour it for you!”

“Dad...”Ning Lizi was completely dumbfounded.

When she saw Ning Baizhen suddenly turn into a different person, she widened her eyes. Just as she was about to say something, Ning Baizhen interrupted her.

“It’s work time now. It’s time for student Ning to go back to her post. If there’s anything, we can talk about it after work.”

Ning Lizi:” ...”

Ning Lizi looked at Secretary Zhou in disbelief. In the end, Secretary Zhou also didn’t look at her. Instead, he went closer to Su Lidan and asked him.

“I wonder if student su prefers fruit juice or coffee? Does fruit juice have a specific flavor? Does coffee prefer English or American?”

“...”Ning Lizi was completely confused.

Su Lidan, who was surrounded by Ning Baizhen and Secretary Zhou, was also confused.

When she found out that she had been assigned to Be Ning Baizhen’s intern assistant, all she could think about was that she was going to die.

This must be a trap set by Ning Lizi, and now she was finally going to take action against her.

Especially when she walked to the door of the Vice President’s office and saw Ning Lizi inside, Su Lidan had the urge to turn around and run.

But unexpectedly... unexpectedly, not only did ning Baizhen not make things difficult for her, he even asked her what she wanted to drink!

When Su Lidan heard Ning Baizhen berating Ning Lizi, her eyes were wide open. She opened her mouth several times, wanting to shout 666, but in the end, she held it back.

However, when she saw secretary Zhou pushing a food cart filled with snacks, fruits, and drinks in front of her, she couldn’t help but raise her hand weakly.

“Well, I’m here for an internship...”

“We Understand!”

Ning Baizhen and secretary Zhou answered in unison, immediately giving Su Lidan a fright!

Chapter 2222: Terrifying background (50)

What was going on?

Not only did vice president Ning not hate her, but he was also so passionate towards her.

As expected of a leader of a large corporation, they separated business and personal matters!

But if they really separated business and personal matters, they shouldn’t have treated her so well..

And it was in front of Ning Lizi.

Su Lidan turned his head to look at Ning Lizi who was standing in front of her desk. Uh, Ning Lizi's expression was so ugly that it seemed like she would pounce on her at any moment and bite her to death.

Before Su Lidan could figure out what was going on between the father and daughter, Ning Baizhen had already noticed her gaze and reminded Ning Lizi in a deep voice.

"Zizi, it's time for you to report back to your internship!"

"Dad!" How could Ning Lizi watch as Su Lidan ate and drank well in front of her? She was scolded to go to work and was about to flare up.

Ning Baizhen quickly reached out and grabbed her, dragging her to the resting room in the office.

As soon as she closed the door, Ning Lizi had already flung Ning Baizhen's hand away.

"Dad, What's going on between you and Secretary Zhou?" "That Su Lidan is Yu Liuliu's sidekick. She's been opposing me every day. Now that she's joined the Mo Corporation, not only did manager Zhao arrange such a good internship position for her, you're actually treating Su Lidan so well instead of settling accounts with manager Zhao. Aren't you helping Su Lidan to slap my face?!"

"This matter isn't as simple as you think!" "Old Zhao is a practical person. He's not someone who's good at flattery, yet he suddenly treats an intern so well. There's only one explanation for this. He truly respects this person from the bottom of his heart. If my guess is correct, this intern called Su Lidan is most likely related to the Mo family. You can offend anyone you want, but you absolutely can not offend her. Otherwise, I won't be able to protect you, much less you!"

Ning Baizhen said vehemently.

He had worked hard in the MO Corporation for more than half of his life to achieve what he had today. He could not afford to make any mistakes at this time.

"Is it really that serious?" Ning Lizi was stunned.

She muttered to herself. Su Lidan's family background was clearly very simple.

However, when she thought of the person that even Ning Baizhen was afraid of and how he might implicate Ning Baizhen, she did not dare to say anything for a moment.

Her father was one of the higher-ups of the Mo Corporation. This was the only backing she could rely on.

If she really lost him, she would cry herself to death.

Su Lidan was not the main target she wanted to deal with. The person she really hated was Yu Liuliu.

If she could not target Su Lidan, she could at least deal with Yu Liuliu, right?

When she thought of this, Ning Lizi's heart calmed down again.

"I won't provoke Su Lidan. However, father, you can't arrange a position that is inferior to Su Lidan for me, right? You know that I can't stand others bossing me around." Ning Lizi made a new request.

The positions of interns were usually arranged in advance according to their respective specialties before they entered the MO group.

But it wasn't completely impossible to make adjustments.

For example, Su Lidan's position was obviously adjusted at the last minute.

Ning Lizi boasted in front of all her classmates that she wanted to make Yu Liuliu look good. Of course, her position couldn't be too bad.

"Get Secretary Zhou to bring you to various departments to see if there's any shortage of manpower. If you think it's suitable, then stay. That's fine, right? This is the company, not home. We can't allow you to act according to your character. Control Yourself!"

Ning baizhen compromised while reminding her.

Ning Lizi waved her hand and walked out perfunctorily. "I know, I know."

The father-daughter conversation ended here.

Before leaving the Vice President's office, Ning Lizi even glared at Su Lidan.

She secretly gritted her teeth.

If she couldn't deal with Su Lidan, couldn't she deal with Yu Liuliu?

Chapter 2223: Terrifying Background (51)

"Which department is Yu Liuliu in?"

As soon as she stepped out of the Vice President's office, Ning Lizi immediately turned around and asked Secretary Zhou, who was following behind her.

Secretary Zhou was also a shrewd person.

He had dealt with Yu Liuliu previously and suffered at her hands. He really hated Yu Liuliu.

But in the end, didn't he meet Yu Liuliu back then for Ning Lizi's sake?

As soon as Ning Lizi opened her mouth, he immediately replied, "In the finance department, Yu Liuliu's results were excellent. His special skills were noted to have an outstanding memory and he was sensitive to numbers, so he was arranged to be in the finance department."

The finance department was the most important department in the group.

Ning Lizi didn't say anything and gestured for Secretary Zhou to lead the way. "Let's go and take a look at the finance department first."

"Yes."

Secretary Zhou hurriedly walked to the front, and the two of them entered the elevator one after the other.

Coming down from the Vice President's office on the first floor was the entire finance department's Office area. It was divided into several areas, and everyone was busy.

The figures that kept flashing on the computer, as well as the financial statements one after another, let people see how fast a super large corporation operated.

Even if Ning Lizi was an amateur, she could tell that this was the most suitable department for international finance internship.

From the Finance Department, to the project department, and the Wind Control department..

If she could make it all the way, she would definitely improve.

Yu Liuliu was actually in such a good department.

"Where is she?"

Ning Lizi didn't say her name, but secretary Zhou understood instantly. He pointed at the office of the head of the finance department.

"Yu Liuliu's academic results are excellent, and her personal ability is also very strong. Originally, I wanted her to randomly find a vacancy in the finance department. I didn't expect that when she just came to report, Head Lin of the finance department liked her very much. He explicitly asked her to follow him. Isn't she helping out in Head Lin's Office?"

Secretary Zhou said as he looked up.

Seeing that Yu Liuliu was so quick to learn the business, he was also a little surprised. He could not help but raise his glasses.

It was as if they couldn't believe their own eyes.

Through the glass door, they could almost see Yu Liuliu sitting in supervisor Lin's seat. She was rapidly entering data into the computer while supervisor Lin stood beside her with a face full of surprise.

It looked like Yu Liuliu had helped her with something..

Speaking of which, supervisor Lin's ability was definitely not bad to be able to sit in the position of the MO Group's financial director.

What problem could it be that she could not solve it and needed Yu Liuliu's help?

The two of them seemed to be able to get along well. If Ning Lizi wanted to make things difficult for Yu Liuliu, it would not be so easy.

Secretary Zhou thought of something and his eyes lit up. He moved closer to Ning Lizi's ear and reminded her.

"HMPH, the heavens are helping me. Let's see how Yu Liuliu will fight with me this time!" After Ning Lizi heard secretary Zhou's words, she laughed complacently.

She turned around and scanned the finance department.

There were a total of sixteen students from University A, and seven of them were in the finance department.

Everyone came in a car, so they could be considered to have gotten to know each other.

When Ning Lizi saw that so many people were present, she secretly rejoiced in her heart.

She was originally worried that no one would notice her imposing manner in front of Yu Liuliu later on, but now she didn't have to worry.

Ning Lizi tidied up her skirt and made secretary Zhou bring her to see supervisor Lin in a high-profile manner.

In the busy finance department, not many people would pay attention to the commotion here. Ning Lizi deliberately made a show of herself, and with Secretary Zhou following by her side, it made many people's attention turn to her curiously.

Ning Lizi liked this kind of attention the most. She immediately raised her head and puffed out her chest like an arrogant peacock, walking towards Yu Liuliu.

Chapter 2224: Terrifying background (52)

"Knock, Knock!"

The person who knocked on the door was secretary Zhou.

Although he didn't like the feeling of Ning Lizi treating him like a subordinate, he still treated her respectfully due to Ning Baizhen's face.

When he heard the person inside let them in, he opened the door for Ning Lizi.

"Secretary Zhou, does Vice President Ning have any orders?" Supervisor Lin saw the person and asked politely.

"It's not vice president Ning's intention. It's just that Vice President Ning's daughter is going to enter the MO group for an internship. I specially brought her around to various departments to see if there's a suitable position for her."

Secretary Zhou intentionally or unintentionally revealed Ning Lizi's identity to supervisor Lin.

At the same time, he explained his purpose.

If it was anyone else, he wouldn't be so direct.

But supervisor Lin was different.

Back when she entered the Mo Corporation, the person who had interviewed her was Ning Baizhen.

At the same time, there were still quite a number of people who were competing with her. Their strengths were on par. In the last round of interviews, Ning Baizhen had personally appointed her to stay. Only now did she have the chance to be promoted to the position of head of the finance department.

Speaking of which, she could also be considered a talent that Ning Baizhen had personally promoted.

It was time for her to return the favor

“This is Vice President Ning’s daughter, Ning Lizi. Supervisor Lin should have seen her information. She is actually one of these interns.”

As soon as secretary Zhou finished speaking, Ning Lizi immediately reached out her hand to supervisor Lin.

“Hello, supervisor Lin. My father often told me about you. He said that you are very capable and take care of the younger generation. He asked me to learn more from you.”

“Miss Ning is too polite. Indeed, like father, like daughter. Not only is Miss Ning beautiful, her temperament is also elegant. Oh right, help me greet Vice President Ning,” manager Lin politely shook hands with her and said with a smile.

Hearing her praise, the arrogance in Ning Lizi’s eyes became more and more obvious.

However, she had already suffered twice. She knew that in the Mo Corporation, it was not up to her father to decide on his own.

There were many things that her father could not personally handle.

If she really wanted to deal with Yu Liuliu, she would need other helpers.

For example, right now..

Ning Lizi held supervisor Lin’s hand tightly and chatted with her intimately.

Seeing that the atmosphere was almost over, she changed the topic and suddenly became concerned about supervisor Lin’s work.

“Actually, I have done some research on finance. My father always said that supervisor Lin is an extremely outstanding person. If I could stay and learn from you, he would definitely be very happy. I just don’t know if there’s still a position on your side...”

As Ning Lizi spoke, she turned her head to look at Yu Liuliu.

Her hint was full of meaning.

When she entered, she had already asked Secretary Zhou and confirmed that a supervisor could only keep one assistant.

Supervisor Lin was bold enough to hire a new person because he had always helped her assistant apply for sick leave. She did not have anyone available at the moment, so she used Yu Liuliu.

If Ning Lizi wanted to stay, Yu Liuliu naturally had to leave.

It must be very exciting to steal something from her in front of her!

“This... Yu Liuliu’s performance is very good. She helped me when she just arrived. I feel that she is completely qualified for the current job. If Miss Ning wants to learn, there are actually many internship positions available in the Finance Department.”

Supervisor Lin’s expression froze, and he did not immediately agree.

Both the words and the words were somewhat protective of Yu Liuliu.

“Supervisor Lin, let’s not talk about my father’s friendship with you first. Just look at this Yu Liuliu. You must not be deceived by her appearance. She looks simple, but her intentions are actually very bad. When I was in school, it was because of her schemes that I was penalized by the teacher. I asked you to chase her away because I was actually helping you.”

Chapter 2225: Terrifying background (53)

What Ning Lizi couldn’t stand the most was someone protecting Yu Liuliu.

With the intention of smearing Yu Liuliu in front of supervisor Lin, her tone became more and more harsh.

“I heard that the team leader would take special care of her. I don’t know what kind of benefits she received or what shameful things she did... supervisor Lin, speaking of which, she doesn’t even have the qualifications to stay in the Mo Corporation as an intern. My father is the kindest person and was willing to give her the opportunity to specially increase the internship quota to let her in!”

“This...”supervisor Lin’s expression changed as he looked at Yu Liuliu in shock.

He couldn’t believe that such an innocent-looking girl could be so scheming behind her back.

She had admired the other party’s ability just a moment ago..

Yu Liuliu had already sensed something from the moment Ning Lizi appeared. She wasn’t surprised at all when she heard that she was getting close to supervisor Lin.

It wasn’t until she heard that she actually wanted supervisor Lin to replace her in front of her..

This person really couldn’t get tired of playing with her.

How Long would she need to use the same trick? ! Did she really think that the Mo Corporation was the Ning Family? !

Yu Liuliu pushed away the keyboard in front of her and stood up from her chair.

“Are you done spouting nonsense?”

“I’m telling the truth!”Ning Lizi was certain that Yu Liuliu had no one to rely on. The two people here would definitely only help her and start spouting nonsense with their eyes wide open.

The door of supervisor Lin’s office wasn’t closed. The argument here had spread to the office area, and many colleagues were already looking over.

Ning Lizi deliberately raised her voice.

“Do you dare to say that the reason why I was marked down by the school didn’t include you? Do you dare to say that the increase in the internship quota of the Mo Corporation has nothing to do with you? Yu Liuliu, a woman like you, who will do whatever it takes, simply doesn’t have the qualifications to enter the Mo Corporation...”

“Bang –”

A keyboard fell in front of Ning Lizi. Standing in front of her was the gloomy Yu Liuliu.

“If I hear another lie, this keyboard will definitely fall on your head!”

“...”

Ning Lizi’s heart skipped a beat. She simply couldn’t believe that Yu Liuliu had such an aura.

Immediately after, she was frightened and annoyed by her words.

When she saw the keyboard on the ground, she suddenly realized that her chance had come!

Yu Liuliu, you are courting death. Don’t blame me.

Ning Lizi raised her head and shouted.

“Look, everyone, she hit someone. I only said a few words of the truth, and she dared to damage the company’s things and even threatened me. Why are you all standing there? Call the police!”

As soon as Ning Lizi finished speaking, the elevator door opened, and four security guards really walked out of the elevator.

They seemed to know that there was a dispute here, so they specially rushed over.

When Ning Lizi saw this scene, she couldn’t be happier.

The Mo Corporation was indeed a large corporation. Even the security guards had come so quickly.

A university had never had a student who was fired by the Mo Corporation on the first day of her internship..

Once Yu Liuliu was thrown out, she would have no face to return to school!

Ning Lizi crossed her arms. Seeing that the security guards were approaching, she hurriedly pointed at Yu Liuliu. “It’s her, quick, catch her!”

In the next second, two security guards suddenly grabbed her arms and lifted her up.

Ning Lizi was shocked. “What are you doing? The one causing trouble is Yu Liuliu, not me. Look carefully!”

“You’re the one who’s being arrested.”The two burly security guards held onto Ning Lizi tightly and were about to walk out with her.

Ning Lizi struggled with all her might. “Are you crazy? I’m the daughter of Your Vice President Ning. If you dare to touch me, I’ll get my father to fire you immediately!”

“President Mo is here –”

Chapter 2226: Terrifying background (54)

A voice suddenly sounded, causing this space to seem as if it had been frozen.

In the crowd, they unconsciously opened up a path. At the end of their line of sight was a noble figure.

A black handmade suit with a close-fitting cut outlined his tall and straight figure.

His meticulous short hair was as black as ink.

Mo Yongheng raised his eyes slightly. His clear black and white pupils flickered with a sharp and steady light.

Under everyone’s gaze, he walked forward.

“So Handsome!” In the crowd, a few interns who had just arrived couldn’t help but exclaim.

“Didn’t you say that President Mo isn’t young anymore? I thought he was a middle-aged greasy uncle. Why does he look like he’s only around 30 years old?”

“His aura is so strong.”

A few small discussions disappeared at the same time after Mo Yongheng stepped forward.

No one dared to gossip in front of him.

“What’s going on?” Mo Yongheng put one hand in his pocket and glanced at the scene in front of him with an indifferent expression. His brows furrowed slightly.

“President Mo, we received news that someone was causing trouble in the finance department, so we came up to stop it,” said two security guards who were carrying Ning Lizi.

Upon hearing this, Ning Lizi, who was so shocked that she forgot to struggle, immediately came back to her senses when she saw Mo Yongheng appear.

She tried her best to kick her legs, trying to get rid of the shackles of the security guards.

At the same time, she shouted loudly.

“President Mo, don’t listen to their nonsense. The one who caused trouble wasn’t me at all, it was Yu Liuliu! She was the one who smashed supervisor Lin’s keyboard and even threatened me in front of everyone. It was all her doing!”

Yu Liuliu..

These three words were like a spell that hit Mo Yongheng’s expression switch.

A second expression finally appeared on his face besides indifference.

However, the change was very subtle. From the looks of it, it seemed like he was angry because of Ning Lizi’s words.

After all, a new intern dared to be so impudent in the Mo Corporation's finance department, smashing the keyboard and threatening people. It was indeed very excessive.

"President Mo, actually, Yu Liuliu didn't do this for no reason..." supervisor Lin valued her talent and wanted to explain on Yu Liuliu's behalf.

Just as she opened her mouth, Secretary Zhou, who was standing beside her, had already pulled her back.

He lowered his voice to remind her.

"Supervisor Lin, don't Forget Vice President Ning's favor. By opening your mouth, you're helping others bully his daughter. If his own daughter causes trouble in the company, Vice President Ning won't be able to explain it to President Mo. ."

"I..." Supervisor Lin hesitated for a moment.

He looked at Yu Liuliu hesitantly.

He felt some heartache for this smart girl, but he still couldn't help her.

Everyone in the Mo Corporation knew that President Mo had always kept a straight face. However, his expression had actually changed because of Ning Lizi's words just now. This meant that he was definitely angry.

Yu Liuliu was afraid that... she wouldn't be able to stay in the Mo Corporation.

What a pity.

Supervisor Lin's thoughts were basically the thoughts of everyone present.

It was as if they had a tacit understanding. Everyone looked at Yu Liuliu with sympathy.

No one noticed that Mo Yongheng was looking at Yu Liuliu. However, there wasn't the slightest bit of anger in his eyes.

If one were to look carefully, one would discover that there was a faint hint of a smile and doting look in his eyes.

"Let go of me!"

Ning Lizi took advantage of the fact that the security guards weren't paying attention to her and forcefully broke free from the restraints. She ran in front of Mo Yongheng.

She pointed at Yu Liuliu and said, "President Mo, it's her. Everyone saw her smash the keyboard and threaten me just now. You might not know this, but Yu Liuliu isn't a good person at school. She's the best at using that face to pretend to be pitiful and gain sympathy."

Chapter 2227: Terrifying Background (55)

"Actually, she's cunning and especially seductive. If we let her stay in the Mo Corporation, it will definitely affect the atmosphere of the entire corporation!"

Mo Yongheng narrowed his eyes and a dangerous glint flashed across his eyes.

He retracted his gaze from Yu Liuliu and finally looked at Ning Lizi. He asked coldly, "What do you mean?"

"Chase her out and don't let her step into the MO Corporation again!" Ning Lizi said without hesitation.

She looked at Yu Liuliu provocatively.

The corners of her mouth had already curled up into a triumphant smile.

This time, she could finally strike Yu Liuliu so hard that she would never be able to raise her head again!

The two security guards looked at Mo Yongheng. When they saw Mo Yongheng nod, they immediately walked forward.

However, they did not go to catch Yu Liuliu. Instead, they lifted Ning Lizi up once again.

This time, Ning Lizi didn't even have the time to cry out in alarm. Mo Yongheng had already coldly opened his mouth, "Throw her out, don't let her step into the MO Corporation again!"

"Yes!" The two security guards didn't hesitate to carry out the order.

Ning Lizi was completely dumbfounded.

At this moment, she still couldn't understand why President Mo, who was standing on her side a second ago, suddenly changed his mind and wanted to throw her out.

"Did you guys get it wrong? Put Me Down..."

"My Father Is Ning Baizhen. Aren't you afraid that he'll come after you for treating me like this..."

"I want to find my father..."

"Ding -"

The elevator suddenly stopped on this floor.

The elevator door opened.

The person who walked out of the elevator happened to be the vice president that Ning Lizi mentioned, Ning Baizhen.

Seeing his daughter being held in mid-air with messy hair and crying like a frightened rabbit, Ning Baizhen's face darkened.

"What are you doing? This is the Mo Corporation, and this is my daughter. Let Go of me!"

"..."

The two guards stopped in their tracks, but they did not let go of Ning Lizi.

Instead, they turned to look at Mo Yongheng.

It was only then that Ning Baizhen noticed Mo Yongheng, who was standing not too far in front of him.

He had also suddenly received news that President Mo had arrived at the company and had rushed down specially. However, he had not expected to see such a scene the moment he arrived.

He calmed down slightly and immediately realized that since Mo Yongheng was here, the actions of the guards were definitely his orders.

If he wanted to protect his daughter, the first thing he had to do was to get past Mo Yongheng..

“Dad, you’re finally here. Hurry up and save me. I’m clearly not the one who did the wrong thing. I don’t want to be thrown out...”Ning Lizi was still arrogant just a moment ago. Now that she saw Ning Baizhen, she burst into tears.

Ning Baizhen:”...”

“Liuliu!”Su Lidan, who had come down with Ning Baizhen, ran forward excitedly when he saw his good friend.

He grabbed her arm worriedly and checked her three times.

“Are You Alright? Are you being bullied?”

“I’m fine.”

Hearing the conversation between the two girls, Mo Yongheng’s cold gaze became gentler, and his expression was not as ugly as before.

Ning Baizhen was an old man in the business world after all, and he immediately caught the change in Mo Yongheng’s mood.

Combined with the information he had gathered previously.

It seemed that this Su Lidan’s identity was really not simple. President Mo, who had always been a serious person, was able to make an exception because of her.

He had really done the right thing in fawning over Su Lidan just now!

Ning Baizhen was not in a hurry to plead on behalf of his daughter. He took the opportunity to go forward and greet Mo Yongheng.

“President Mo, this is student Su Lidan. She just came to my side as an intern assistant. Don’t tell me that the children nowadays are really smart. Student SU’s performance is especially outstanding. I’m planning to properly groom her!”

Chapter 2228: Terrifying Background (56)

After Ning Baizhen finished speaking, he saw Mo Yongheng turning his head to look at him. It was as if he had received some encouragement as he continued speaking.

“President Mo, don’t worry. Miss Su is by my side. I Won’t let her suffer, and I won’t let her suffer any grievances either. It’s just that this Yu Liuliu...”

Ning Baizhen took a detour and finally came to the topic he wanted to talk about.

He carefully observed Mo Yongheng's expression. Seeing that there was no change in his expression and that he did not look like he was about to get angry, he swallowed his saliva and braced himself to say the same thing as Ning Lizi.

"Miss su may have good intentions, but good intentions are easily taken advantage of. I heard that Yu Liuliu often caused trouble when she was in school. My daughter, Zi Zi, has been taken advantage of by her a few times. I'm afraid that Miss SU will be led astray by befriending such a person!"

Ning baizhen deliberately lowered his voice when he said these words.

It sounded like every word he said was for Su Lidan's sake.

In fact, it was to plead on behalf of his daughter.

As long as Mo Yongheng was certain that Yu Liuliu was a scheming person, he would naturally treat Ning Lizi's mistake today as being framed.

Coupled with his position in the Mo Corporation..

Mo Yongheng might even give him face.

If he was lucky, the unlucky person might become Yu Liuliu!

Ning Baizhen's move could also be considered a drastic move.

He couldn't help but want to thank manager Zhao for sending a clown like Su Lidan in front of him, allowing him to fight for this chance to escape death.

"What are the two of you waiting for? Let Go First!" Ning Baizhen couldn't wait to order the security guards to let go of Ning Lizi.

The two guards couldn't wait for Mo Yongheng's order and refused to let go. Ning Baizhen was about to push them away when a clear voice came from behind him.

"Uncle Mo. ."

Ning Baizhen's body shook!

He turned his head and looked at Yu Liuliu and Su Lidan who were standing together.

Then, he was overjoyed.

What did he say? He was really lucky today!

Uncle Mo... This Su Lidan was indeed related to President Mo!

The number of people who could call Mo Yongheng uncle could be counted on one hand!

This time, his daughter would definitely be saved. On account of the good food and drinks he had served just now, no matter what Su Lidan said, he would be embarrassed to embarrass him.

A smile appeared on Ning Baizhen's face. Just as he was about to approach Su Lidan, he saw that the person who walked in front of Mo Yongheng was Yu Liuliu!

Could that “Uncle Mo” just now be..

“You, sneaking into your own company, what do you look like?” Mo Yongheng’s tone sounded like he was reprimanding her, but it sounded like he was trying to coax his daughter.

Moreover, he even smiled..

Mo Yongheng smiled.

It was the first time that their stern president Mo had smiled in front of so many people!

He even rubbed Yu Liuliu’s head..

Wait a minute!

What did President Mo just say?

His own company.

His own family.

Yu Liuliu... surnamed Yu.

The only heir of the Mo Corporation, the mysterious eldest daughter of the Mo family, was married to someone with the surname Yu.

The famous young master Han of City H, Yu Yuehan!

Everyone was used to calling Yu Yuehan young master, so they were not that sensitive towards his surname.

No one had expected that an ordinary intern would actually be the heir of the Mo Corporation’s Hundred Billion Yuan..

“I’m not sneaking around. I’m here to do my internship openly. It’s a good opportunity for me to secretly investigate the internal situation of the Mo Corporation,” Yu Liuliu replied with a smile. He reached out to pull Su Lidan, who was standing at the side in a daze, and introduced him to Mo Yongheng.

Chapter 2229: Terrifying Background (57)

“Uncle Mo, this is my roommate and good friend, Su Lidan.”

Su Lidan’s nerves trembled as he subconsciously reached out his hand. “Hello President Mo, I’m Su Lidan.”

“Hello, just like Liuliu. Just call me uncle.” Mo Yongheng opened his mouth.

“... uncle.” Su Lidan was already dumbfounded. She lowered her eyes and stared at the hand that Mo Yongheng had held. She was dumbstruck.

She wasn’t dreaming.

She had really met the president of the Mo Corporation and even shook his hand.

This was her idol on her career path. Her life was complete..

Su Lidan couldn't help but laugh out loud. He laughed like a silly roe deer.

He grabbed Yu Liuliu's arm and shook it with all his strength. "Liuliu, president mo shook my hand. He really shook my hand!"

"Yes, yes, yes. It's not a dream. It's real." Yu Liuliu knew what she was thinking and echoed with great foresight.

"It's all thanks to you, Liuliu. You're really my lucky star. If it wasn't for you... you..." Su Lidan was halfway through his words when he suddenly couldn't continue.

She had been immersed in the high and mighty President of the Mo Corporation, yet he had actually noticed the pleasant surprise of a small figure like her. At this moment, her reason for leaving gradually returned to her. She finally remembered the main point of Mo Yongheng's words just now.

The main point was..

"F * ck! Are you really the Mo family's little princess, the Mo Corporation's Hundred Billion heir?!"

After Su Lidan shouted these words, a muffled sound suddenly rang out.

The person who fell was not Su Lidan, but Ning Baizhen, who was standing behind her.

Ning Baizhen pressed his chest, as if he had a heart attack, and his entire body was trembling.

"Medicine, where's my medicine..."

Secretary Zhou, who was beside him, quickly took out the medicine bottle he always carried from his pocket and poured one into his mouth.

Just as he was about to catch his breath, the two security guards holding Ning Lizi spoke again.

"President Mo, she seems to have fainted from shock."

As the security guard spoke, he stretched out a hand and forcefully pinched Ning Lizi's body.

Ning Lizi screamed and opened her eyes.

"She's awake," the security guard reported expressionlessly.

Ning Lizi was awake, but at this moment, she would rather continue to faint.

She had always relied on her father being a high-ranking member of the MO Corporation to strut around outside.

She never thought that she would bully the Little Princess of the Mo family.

Ning Baizhen was the vice-president of the MO Group. Ning Lizi had heard a lot about the Mo family since she was young.

She heard that the person that Old Master Mo loved the most in the Mo family was the little princess of the Mo family.

At one point, he did not even care about his own granddaughter and wanted to leave all his assets to his great-granddaughter.

The Mo family alone was scary enough.

However, this little princess was also the Little Princess of the Yu family. Yu Yuehan was the nanny of the Yu family and had raised her from a young age.

It was said that the graves of those who had bullied his daughter were already three meters tall..

Ning Lizi could already see herself being dismembered and dismembered.

Her face turned pale, and she tilted her head before fainting again.

She closed her eyes tightly and pretended to be dead.

“Yo, fainting again? Don’t move, I’ve learned first aid, let me do it!” Su Lidan shouted loudly. Just as he was about to say something, he turned his head and picked up a glass of water from the table beside him. He rushed forward and aimed it at Ning Lizi’s face.

“Hua —”

A full glass of water poured over Ning Lizi’s heart.

Yu Liuliu, who was standing by the window, moved his hand and pushed open the window. A gust of wind blew in.

Ning Lizi suddenly twitched. “It’s so cold!”

Chapter 2230: Terrifying background (58)

Ning Lizi raised her head and wanted to curse, but when she saw Mo Yongheng standing in front of her and saw that it was Yu Liuliu who opened the window, she forcefully swallowed her words.

She never thought that the person she hated the most was someone she couldn’t afford to offend.

She had always relied on the Mo family’s influence to bully others, but in the end, she even bullied the little princess of the Mo family..

Drops of water dripped down Ning Lizi’s face. Her delicate makeup had been melted by the water, and she was in a sorry state.

She opened her mouth to ask Ning Baizhen for help, but Ning Baizhen could not save himself.

Secretary Zhou helped him up from the ground after a long time.

Ning Baizhen looked at the sorry state of Ning Lizi and subconsciously wanted to scold Su Lidan, but when he saw Yu Liuliu standing beside her, he could only hold it in.

This was the Mo family’s most precious little princess.

Compared to Mo Yongheng, who was adopted by the Mo family, Yu Liuliu was the true heir of the Mo family!

This huge MO group would be hers in the future.

He didn't try to curry favor with such a figure and even deliberately set her up. He wanted to embarrass her and chase her out of the Mo group..

Ning Baizhen never dreamed that after being in the business world for so many years, he would actually be so stupid as to treat a pearl like a fish's eye.

In front of Mo Yongheng, he kept saying bad things about Yu Liuliu.

"President Mo, what happened today was all a misunderstanding. I can explain it." Ning Baizhen regained his senses and hurriedly walked in front of Mo Yongheng.

Su Lidan beat him to it and complained to Mo Yongheng.

"President Mo, Ning Lizi usually uses the Mo Corporation's name to bully others at University A. she has bullied Liuliu more than once and spread rumors about liuliu. Not only did vice president Ning not discipline his own daughter, but she actually helped her. She used her official position for personal gain and got someone to replace my internship slot. She got Ning Lizi to deliberately come to the finance department to make things difficult for Liuliu. You Can't let this father and daughter off so easily. Otherwise, who knows how they will tarnish the MO Corporation's reputation. If you don't believe me, you can ask our classmates at university a!"

Su Lidan casually pointed his finger, and the surrounding a university students nodded their heads.

Ning Lizi was an arrogant person, and no one liked her.

However, due to the Ning family's influence, they could only hold it in.

Now that they could tell the truth, they naturally wouldn't hide it for her.

"... You Shut Up!" Ning Baizhen panicked. Just as he was about to scold Su Lidan, Su Lidan immediately imitated Ning Lizi's earlier behavior and stepped back, shouting while pointing at him.

"Everyone, Look! Vice-president Ning is about to hit someone. He dares to threaten me in front of everyone. If it wasn't for president mo being here today, I would be in trouble if I said a few words of the truth..."

Su Lidan spoke over and over again as he pitifully wiped his non-existent tears.

Then, he looked at Yu Liuliu.

He was a fool who repaid kindness with resentment.

For people who did not know how to repent, he should teach them a harsh lesson and let them understand what it meant to do to others what one did not want to do to oneself!

"Liuliu, how do you want to deal with this?" Mo Yongheng glanced at the few people in front of him and asked indifferently.

Yu Liuliu's eyes flashed. "The state has the state, the law has the family rules, and the Mo Group has the MO Group's management system. Deal with it according to the system."

“If that’s the case...” Mo Yongheng narrowed his black eyes and looked at Ning Lizi. He ordered the security guard, “Throw her out and expel her from her internship. Don’t let her take another step into the Mo Group!”

“...” Ning Lizi’s knees went weak and she was completely paralyzed.
