

My Life 2241

Chapter 2241: 77? Qiqi? (5)

"..."Yu Liuliu choked. Her expression was a little complicated.

Wasn't it a little silly to recall her childhood sweetheart in front of her current boyfriend?

She repeatedly confirmed that seven really wanted to hear her talk about the past. In the end, she realized that his expression was as conflicted as hers.

So, was she going to say it or not?

Or should she compromise a little?

"I want to hear the truth, but I won't care about who you've liked before,"Tang Qianqi suddenly said as she slowly realized the complicated feelings in her heart.

The nervousness in her eyes gradually turned into anticipation, waiting for the answer he wanted to hear from her.

"Are you really not angry?"Yu Liuliu looked at him suspiciously, a little worried.

She didn't know what men were thinking, but it was definitely a lie for a girl to say that she didn't mind her ex being assured.

When he really confessed, she would start to make all kinds of comparisons.

Yu Liuliu stared at seven at this moment. She deeply felt that his indifference was actually because he was being stubborn.

But she still chose to confess.

"He's the only boy I've liked since I was young... speaking of which, he's a little shy. I've liked him since before he was born. Although at that time, I only treated him as my younger brother, I don't know what happened after that. He came to crawl into my bed every day and brought me delicious food every day. He even promised me that he would marry me when he grew up... Although it was a little childish, I really believed him at that time. After we separated, I actually waited for him to come back for a very long time. It's just that..."

She did not wait for the person she wanted to wait for, and seven appeared.

Human emotions were so strange.

Yu Liuliu had once thought that other than Tang Qianqi, she might not fall in love with anyone else in her life.

When seven first appeared, she did not have a good impression of him. If it were not for the familiar feeling he gave her, which reminded her of Qi Qi, she would have beaten him up long ago.

Who would have thought that she would fall in love with him one day..

Yu Liuliu didn't continue speaking, but raised her head to look at seven.

“...”Tang Qianqi was already dumbfounded.

Ever since he heard Yu Liuliu say that she had only liked him and had been waiting for him to come back, he had been stunned on the chair and entered a dazed state.

She liked him..

She had always liked him.

There was only him and no one else.

So his sadness, pain, loneliness, and even unbearable pain were all self-inflicted?

If he had mustered up the courage to go in and ask, perhaps they would have been together a long time ago!

At that time... Something was wrong!

“You said just now that you only had a childhood sweetheart and only liked Tang Qianqi. Are you sure you haven’t confessed to anyone else?”

Seven turned his body sideways with a burning gaze and looked at Yu Liuliu.

At that time, he had heard with his own ears that she had only treated him as her younger brother in front of Uncle Fan’s little princess, Fanny. The person she liked was Fanny.

That day, he had brought a gift specially prepared for her. He had been looking for her with anticipation, avoiding uncle Yu’s eyes. The moment he had walked to the door and heard the conversation between her and Fanny, he felt as if he had been struck by lightning.

That kind of pain was heart-wrenching.

He would never forget it for the rest of his life.

“When I was young, I was a little careless. When I saw good-looking little brothers, I couldn’t help but like them. But I promise, that’s not the same as liking you!”Yu Liuliu raised three fingers in a particularly serious manner.

Then, as if recalling something, she pursed her lips nervously. “I think there was a serious confession once, but it wasn’t real. It was for acting...”

Chapter 2242: 77? Qiqi? (6)

Acting?

When these two words entered Tang Qianqi’s ears, he immediately had a bad feeling.

Yu Liuliu would not run to Fanny for no reason to act, unless... Tang Qianqi’s gaze was directed at Fan Fan.

Fan fan replied with a very annoying smile, indicating that this matter really had something to do with him.

Tang Qianqi’s heart skipped a beat!

Yu Liuliu continued, "It's a long story. To put it simply, Brother Fan fan came to me for help and cooperated with him to put on a show. It doesn't even count as an official confession. After all, the male lead wasn't present. He only said it on purpose for others to hear. Hehe."

Yu Liuliu couldn't explain fan fan and Fanny's problem to seven in a few sentences, so she simply used the simplest way to explain it.

On the other hand, she suddenly thought of something and laughed out loud.

Tang Qianqi was feeling depressed when he suddenly saw her waving at him with a smile. He subconsciously leaned towards her.

"Let me tell you in secret. Actually, I didn't do it all to help brother fan. That day was my childhood sweetheart's 18th birthday. He said that he would return to the country when he became an adult, so I wanted to sneak out to look for him. However, my father was very strict with me. I deliberately said that I didn't like Qi Qi in front of my father and only treated him as a younger brother so that my father would let down his guard."

"..."the corner of Tang Qianqi's mouth twitched slightly. He really couldn't smile anymore.

Was there anyone in the world who was more miserable than him?

After all this time, what she said the other day was actually a lie... Fortunately, he heard it and believed it.

Because he lost control of his emotions for a moment, he almost died in a car accident.

But now, he even hid it from her and used a fake identity to appear by her side and fall in love with her.

He should be happy. Even if she did not recognize him, she would still like him.

Or should he be sad that she had "Fallen in love with someone else"?

This was not the worst part. Now that they were officially together, they would have to start getting to know each other. He could not possibly not tell her who he was forever.

Tang Qianqi suddenly felt a chill on his back.

After the shock, shock, and ecstasy, he felt his heart palpitate!

He suddenly realized what fan fan had said to him in the bathroom.

Yu Liuliu did not realize that he was Tang Qianqi at all. When he had talked to him about Tang Qianqi, he had been a little cautious, worried that he would be jealous.

If she knew that he was Tang Qianqi.

The person who had caused her to wait for so many years had appeared in front of her without a word, and he had lied to her for so long.

He used all kinds of tricks to test her intentions..

Tang Qianqi felt that he was going to die.

He was beaten to death by Yu Liuliu.

It was not easy to get a girlfriend. After knowing the truth, it was very likely that he would become a single dog again in a fit of anger.

“Why do you have a weird expression? Do you not like to talk about qiqi? To be honest, I don’t like him anymore either. That guy used to say that he would come back and marry me when he became an adult. In the end, he still hasn’t appeared. If I were to see him, I would definitely give him a good beating!”

Yu Liuliu was very considerate of her boyfriend, so she deliberately said in a fierce tone.

It sounded like she was really angry.

However, she was muttering in her heart. She had deliberately said that she hated Tang Qianqi. He should be in a good mood now, right?

However, when she turned her head, Seven’s expression became even worse.

She could still find some color in her blood just now, but now she had a pale and handsome face. She sat stiffly on the chair like a little wife who was about to be abused.

Chapter 2243: 77? Qiqi? (7)

He picked up the cup and put it down.

He put it down, picked it up again, and put it down again.

He felt like he couldn’t even hold the cup anymore, so he asked faintly, “How ruthless?”

“Huh?” Yu Liuliu was stunned for a moment, but then he realized that he was talking about beating up Tang Qianqi.

Seeing that he seemed to care about Tang Qianqi’s existence, Yu Liuliu immediately waved his fist to show off his nonexistent muscles. “Don’t worry, if I don’t beat him up until his teeth are all over the floor, my name won’t be Yu Liuliu!”

With a bang, the cup in Tang Qianqi’s hand could no longer be held and it fell on the table.

Fan Fan had seen enough of the show and finally opened his mouth to say, “Girl, don’t talk about beating people up so easily.”

“Yes, yes, brother fan is right.” Tang Qianqi felt as if he had been pardoned and agreed gratefully.

The next second, he heard fan fan continue to say, “You have a brother and a younger brother. If you’re really angry, let us do it. You just stand on the side and shout 666.”

“...” the corner of Tang Qianqi’s mouth froze.

He couldn’t even fake a smile.

However, Yu Liuliu still felt that fan fan’s words were quite reasonable. They discussed and discussed how they would teach Tang Qianqi a lesson the next time they saw him.

Tang Qianqi himself: “...”

His emotions were a little complicated, but he still had to pretend that this matter had nothing to do with him.

“Seven, I’ve decided! I’ll give you a chance to kill your love rival. Do you want it?” Yu Liuliu suddenly asked excitedly.

“...” did he hit himself? Was it that cruel?

But even Fan Fan could tell that Yu Liuliu was deliberately trying to make him happy. How could Tang Qianqi not feel it.

Although his heart was perturbed, it was already a mess.

He held her hand and wrapped her delicate fingers in his palm. “As long as I know the person you like, nothing else is important.”

Yu Liuliu was still worried that he would go back on his EX’s words. When he heard his words, he was so touched that he threw himself into his arms. “Seven, you’re So Nice!”

Tang Qianqi hugged her and sighed silently.

A Thousand words stuck in his heart, but he was unable to open his mouth.

Fan Fan’s phone rang at this moment.

He glanced at the two people who were hugging each other and his eyes flashed. He stood up and walked to the side to answer the phone.

After half a minute, he hung up the phone and came back.

“I have something to do later, so I have to go.”

“So soon? Can’t you stay a little longer?” Yu Liuliu came out of Seven’s arms and asked somewhat reluctantly.

It was not easy for them to get together, but they had to leave so soon?

She still wanted to go with him to see the two little sisters.

“Don’t be like this. I reckon that I will stay in city a for a while. Let’s meet again another day,” Brahman said in a doting tone.

He looked at Yu Liuliu with his big brother’s humble expression.

Yu Liuliu was in a good mood when he heard that they could meet again, he turned around and mumbled to seven, “I’ve only known one person since I was young who could call brother Fan away. Do you want to know who it is? It’s a secret that won’t be leaked.”

“Liuliu, don’t talk nonsense!” Fan Fan tightened his grip on his coat.

A complicated look flashed across his eyes.

He seemed to have thought of something. He cleared his throat and suddenly said, "I didn't plan to tell you guys so quickly, but this blind date is based on marriage, so you guys will know about it sooner or later."

"Blind date? No Way!" Yu Liuliu was the first to stand up in shock.

She was speechless

With her condition, brother fan, did he need a blind date to find a partner?

Not to mention Yu Liuliu, Tang Qianqi, who was sitting next to her, also looked at fan fan in surprise.

"With who?" Yu Liuliu couldn't help but ask.

Chapter 2244: 77? Qiqi? (8)

A blind date with marriage as the premise, then it was for real.

It was hard for Yu Liuliu not to be curious.

Fan Fan did not keep her in suspense. He put on his coat and called the waiter over to pay the bill. At the same time he handed the card to the waiter, he looked at Yu Liuliu and opened his mouth.

"You shouldn't be unfamiliar with that person. It's Zhong Rui Shu."

"Zhong what book? How Do I know her..." Yu Liuliu was halfway through his mumbling when his eyes widened and he looked up in disbelief. "Who did you just say? Rui Shu?"

Zhong Rui Shu was another girl from the art academy in Yu Liuliu's dormitory.

Unlike Fang Huishi, Zhong Rui Shu studied painting.

That was why she often went out to sketch with her teacher. This semester, Yu Liuliu had only seen her once on the first day of school.

It was because school had just started and everyone had to report back to school, so they bumped into each other.

After that, Zhong Rui Shu did not show up.

They had been roommates for more than two years. Due to Zhong Rui Shu's specialty and her well-to-do family background, she rarely went back to her dorm, so everyone was used to it.

Speaking of which, the person with the best temper in their dorm was Zhong Rui Shu.

She was a fair-skinned, beautiful, and long-legged fairy. She did not like to talk, but she was very polite to everyone.

She never lost her temper. She was the most patient person Yu Liuliu had ever met.

Speaking of which, the thing that impressed Yu Liuliu the most about Zhong Rui Shu was that she often stayed in the studio for an entire day, painting pictures on the drawing board..

But now..

Brother fan and Zhong Rui Shu.

No matter how hard Yu Liuliu tried to imagine the two of them, she could not imagine them together.

“The Zhong family and the fan family are business partners. I’ve met CEO Zhong a few times, and CEO Zhong has a good impression of me, so he mentioned to father that he wanted to introduce his daughter to me,” fan fan said calmly, a simple sentence could be considered to explain the origin of this blind date.

However, this explanation could not convince Yu Liuliu and Tang Qianqi.

They knew that fan fan was not the biological son of Fan Yu and Qiao Yuanfei.

However, they knew that in fan Yu and Qiao Yuanfei’s hearts, Fan Fan was their biological son. They would never force fan fan to marry someone he did not like.

There was no such thing as a business marriage.

Unless..

“I agreed to it myself. Great-grandfather Zhong and my great-grandfather are friends. My biggest wish is to see the two families get married. It just so happens that I’m single. Zhong Rui Shu might be a good choice as well. Let’s go meet her first. Maybe she won’t like me.”

Fan fan said in a relaxed tone as he wrapped the scarf around his neck.

The waiter happened to bring his bank card back.

Fan Fan took the pen, signed the bill, put the card away, and was about to leave.

Yu Liuliu quickly tugged at the corner of his shirt, looking a little sad. “Must it be like this? I’m not saying that Rui Shu is bad. You know very well that Xiao Ni... I’m worried about Xiao Ni...”

“Liuliu, stop talking.” Fan Fan stopped her, his brows furrowed.

Then, he loosened his grip.

He reached out and rubbed Yu Liuliu’s head. “You are both my sisters. Even if she knew, she would give me her blessing.”

“... she would never do that,” Yu Liuliu muttered confidently.

Fan fan pretended not to hear her and looked at Tang Qianqi. The corners of his lips curled up. “I say, if you have time to worry about me, why don’t you worry about yourself? Uncle Yu still doesn’t know that you’re in a relationship, right?”

Yu Liuliu:” ...”

Tang Qianqi:” ...”

Chapter 2245: 77? Qiqi? (9)

Yu Liuliu’s attention was immediately diverted.

He did not have time to worry about fan fan. He reached out and grabbed seven's arm, pretending to be calm. "Don't worry, my father is very democratic. If he really wants to expose us, I won't agree either."

Tang Qianqi:"..."

Yu Yuehan was Democratic. This was probably one of the funniest jokes he had heard this year, but he could not laugh now.

Yu Liuliu only had to worry about what he would do if his parents found out. He also had to worry about the consequences if his girlfriend found out about his true identity.

Otherwise, why would there be a saying that said, 'If you don't act, you won't Die'.

Tang Qianqi felt that he was doing a good job right now.

However, Yu Liuliu still comforted him at this moment. "Seven, let me tell you. My father only opposes me being together with Qi Qi. If it were anyone else, he might not be so angry. You have to be more confident in yourself."

"..."seven was about to cry.

He was Tang Qianqi. How could he be confident?

His heart was filled with regret!

Tang Qianqi turned around and reached out to hug Yu Liuliu, like an insecure child, "Liuliu, if one day I make you angry, you can hit me and scold me, but don't break up with me."

"Alright, Alright, we won't be separated."Yu Liuliu was like a little puppy, tiptoeing and lovingly stroking his head.

Fan fan saw the two of them hugging each other and could not help but smile when he saw their handsome faces.

He turned around and walked away.

He had driven here by himself. The car drove out of the parking lot of the restaurant and even circled around the vicinity of a university. Finally, he found a place where Tang Qianqi and Yu Liuliu would not pass by and parked the car.

The car window rolled down.

His gloomy face was revealed.

He reached into the hidden compartment of the car and took out a cigarette case and lighter.

He pulled out a cigarette and lit it up.

He took a deep breath and exhaled a faint puff of smoke. His agitated mood seemed to have eased a little.

Yu Liuliu's words rang in his mind again.

“Must it be like this? I’m not saying that Rui Shu is bad. You know very well that Xiao Ni... I’m worried about Xiao Ni...”

“... she won’t.”

That’s right.

Even Yu Liuliu knew that with Fanny’s personality, if she knew that he was going on a blind date, she would definitely turn the world upside down.

She had never been a person who could ease people’s worries.

A hint of helplessness flashed across fan fan’s eyes, but the corners of his mouth curled up into a smile because he thought of something.

The helplessness in his eyes also turned into indulgence.

There were some things that he could lie to others, but not to himself.

* Buzz Buzz... * his phone rang.

Fan fan picked up the phone with a different hand holding the cigarette.

A clear female voice could be heard from the other end of the phone.

“Hello, I’m Zhong Rui Shu. Is this fan fan’s phone number?”

“I’m Fan Fan.” Fan Fan sat up straight. He did not expect to receive a call from his blind date at this time. He put out the cigarette, and the emotions in his eyes disappeared.

After he blew out the last puff of smoke, he had returned to his usual appearance.

He was handsome, calm, and capable. His every move carried the demeanor of everyone.

The person on the other end of the phone was sure that he had found the right person. He paused for a moment, then, he spoke again, “I heard that you are the blind date that my family arranged for me... Well, I’m sorry, I’m not used to this kind of way of meeting, especially when my parents are present. So, I want to ask you, can we... can we meet alone?”

Chapter 2246: 77? Qiqi? (10)

Zhong Rui Shu stuttered, as if she had been mentally preparing herself for a long time.

Fan Fan was slightly taken aback. Zhong Rui Shu did not wait for his reply and thought he was angry, so she apologized first.

Her voice was gentle and apologetic.

“You’ve misunderstood. I’m not angry. There’s really no need for us to get to know each other according to the requirements of the older generation. If you have time now, I can pick you up. I’ll cancel the restaurant we booked. Let’s Find a coffee shop and have a cup of coffee first.”

Fan fan said very gentlemanly.

After he finished speaking, he could clearly hear Zhong Rui Shu's relieved voice on the other end of the phone.

His eyes narrowed slightly.

She seemed to be against blind dates?

There were many children in the Zhong family's generation, but only one daughter.

Zhong Rui Shu was quiet and gentle. Coupled with her filial piety, she was very popular with old master Zhong.

Fan Fan had checked her information in advance and saw that she had participated in quite a number of events. He thought that she was just like the daughters of the upper-class society, accustomed to the phenomenon of blind dates or marriages between the various large families due to business cooperation.

Now, it seemed that he had made a judgment too early.

Zhong Rui Shu was a little different from what he had imagined.

The two of them agreed on the location of their meeting. Fan fan started the car again and drove away from the vicinity of a university.

Zhong Rui Shu did not really ask him to pick her up. She even asked for his location considerately and chose a compromise location based on the distance between the two of them.

Fan Fan was used to taking care of his younger siblings. This was the first time he was being "Taken care of" by a girl.

He drove himself and arrived earlier than Zhong Rui Shu.

He took a look at the time and guessed that she should be arriving soon. He parked his car and walked straight to the entrance of the cafe.

He did not go in immediately. Instead, he stood at the entrance and waited.

In less than three minutes, a white figure walked over from the sidewalk.

Her long black hair draped over her shoulders and hung down to her waist. As the wind blew, her hair and the white gauze skirt that revealed her coat fluttered slightly, giving her a sense of elegance.

She was very immortal and very clean.

Fan fan had seen Zhong Rui Shu's photo before and recognized her from afar.

However, the person who greeted her first was Zhong Rui Shu.

"I'm sorry. I thought I would be the first to arrive. I didn't expect you to wait." Her voice was as gentle and polite as it was on the phone.

“It’s okay, I didn’t run into any red lights along the way. I was lucky to arrive early.” Fan fan placed one hand in the pocket of his windbreaker. As he spoke, he pushed the door of the cafe open for Zhong Rui Shu.

In reality, he was not lucky.

After knowing the distance between the Zhong family and the cafe, he had calculated the time she would need to come here. Then, he calculated his own position. He could easily tell that she had deliberately chosen a place that would allow her to arrive earlier than him.

She would rather wait for him herself.

Unfortunately, the men of the fan family were all well-known gentlemen. There was no reason for a girl to wait. In order to arrive earlier than her, fan fan had sped all the way here and managed to snatch three minutes away from her.

At the thought of this, fan fan turned to look at the girl beside him.

Zhong Rui Shu’s facial features could not be considered stunning. They could only be considered delicate and pretty.

However, there was a sense of tranquility about her. For some reason, it made people think of the words “Untainted by mud”.

The air of a little fairy filled the air.

“Thank you.” Zhong Rui Shu walked past fan fan and turned around to wait for him when she entered the cafe.

Fan Fan’s eyes flashed. Seeing her uneasy look, he asked the waiter to arrange a quiet spot for them.

He asked directly, “You don’t like me?”

Chapter 2247: 77? Qiqi? (11)

Fan Fan was not the one who had casually asked this question.

He was not a fool. When a girl met her blind date, she did not show any pride at all. Instead, she was considerate and considerate. When she considered a guy, it meant that she did not even have any intention of examining him, she only treated him as a guest.

Zhong Rui Shu had just sat down on the chair that he had pulled out. When she heard what he said, she turned to look at him in surprise.

Fan fan tidied up his coat and walked over to sit across from her.

The two of them sat face to face. They could clearly see the expression on each other’s faces.

Zhong Rui Shu pursed her lips. “I . . . Don’t know how to communicate with people. Great-grandfather told me that you’re very outstanding and wanted us to get to know each other, so...”

“So you obediently came out to get to know me, but you weren’t mentally prepared to go on a blind date with me or Get Married?” Fan fan continued with a smile.

Zhong Rui Shu was a little surprised, but she still nodded sincerely.

She held the hot water that the waiter had just brought over with both hands, lowered her head, and took a sip. She did not say anything else.

“Let’s order something first.” Fan Fan was a boy, so he asked her about her preferences in a gentlemanly manner.

“A cup of caramel macchiato, thank you.”

Hearing that, Fan Fan was slightly taken aback, and a complicated look appeared in the depths of her eyes.

Caramel macchiato, Fan Xiaoni’s favorite coffee.

A girl who did not like the bitter taste of coffee and insisted on drinking coffee, caramel macchiato was her favorite.

Fan Fan was stunned for a second, then quickly closed his eyes and called the waiter over.

He ordered a caramel macchiato for Zhong Rui Shu and a cup of black coffee for himself.

After that, the two of them fell into silence again.

Fan Fan was not a talkative person. Under normal circumstances, he would choose to remain silent if he could.

On the other hand, Fan Xiaoni was a little chatterbox.

Ever since she was young, she liked to stand around him and chatter non-stop.

Most of the time, she was the one who talked, and he was the one who listened.

When he heard that she needed to respond, he reached out and patted her head. She would continue talking for a long time as if she was encouraged.

Occasionally, when he was busy with his studies and needed silence, she would sit by his side and hold her cheeks with both hands. Without saying a word, she would just stare at him with her big round eyes.

She looked pitiful, as if she was asking him when he would be able to finish chatting with her.

At times like this, Fan Fan would not last more than three minutes..

Fan Fan’s eyes sparkled as he looked at Zhong Rui Shu, who was sitting opposite him. He did not speak, and neither did she.

Neither of them played with their phones. They just sat quietly.

The coffee had not been served yet. She was drinking water.

She held the cup of hot water with both hands and sat quietly in her seat. The quiet scene made it seem as if she was the only person in the world..

If she had not taken the initiative to ask him out, even fan fan would have suspected that she was unwilling to see him and was forced to come. That was why she deliberately kept silent.

However, the girl's innocent eyes told him that she did not have that intention. She seemed to really not know how to get along with others. She could only keep quiet.

"Actually, with your condition, you probably don't need a blind date," Zhong Rui Shu finally spoke.

It seemed that she also realized that it was rude of her to keep silent when she asked someone out.

She took the initiative to find a topic to talk about.

"Aren't you the same?" Fan Fan said affirmatively.

Zhong Rui Shu's looks were not stunning enough, but she was still considered pretty and charming. Coupled with her personality and family background... there should be quite a number of men who liked her.

Chapter 2248: 77? Qiqi? (12)

"I'm different." A different expression finally appeared on Zhong Rui Shu's face.

The smile on her face was a little bitter as she looked down. "I've only liked to sit in the studio and draw since I was young. I have a slight social disorder."

"..."

"I've tried to change before, so I always attend the banquets arranged by my family. Later, I found out that I would only find a quiet place to sit until the end of the banquet and would not talk to anyone."

Zhong Rui Shu tightened her grip on the glass of water, her eyes darkening.

"The Doctor said that I'm sick and asked me to cooperate with the treatment, but I don't think there's anything wrong with me," Zhong Rui Shu said softly.

She had very few friends around her because of her personality.

Girls would not take the initiative to be friends with her, and boys would think that she was cold and aloof. They would keep hitting on her without any response, so naturally, they would not look for her again.

Actually, it was not that she did not like to talk to others, it was just that she did not know what she should say..

Was this a sickness?

"You are indeed not sick, it's just that your personality is a little cold. There's nothing wrong with that."

Fan Fan took off his scarf and hung it on the back of his chair.

Just then, the waiter came up with a cup of coffee. He pushed the caramel macchiato in front of Zhong Rui Shu. "You are just like my sister. She likes to drink this too."

“Really? I just don’t think caramel macchiato tastes that bitter.” Zhong Rui Shu gave him a rare mischievous smile.

Fan Fan shook his head and smiled. “Even the reason is the same.”

Fan Fan stirred the coffee in his cup and took a sip.

“I heard that you’re a professional painter. What style of painting do you like?”

“Italian Renaissance paintings. Although I majored in sketching, I also like oil paintings with bold colors. The extreme simplicity and extreme brightness are very eye-catching...”

Zhong Rui Shu started to talk about her hobby.

She did not drink the coffee in front of her. Instead, she heard fan fan’s occasional comments and realized that he seemed to know a lot about painting. The conversation became more active.

The two of them chatted for nearly half an hour.

Fan Fan was almost done drinking the coffee in his cup.

Zhong Rui Shu was about to ask him if he wanted to refill his cup, but when she opened her mouth, she suddenly sensed something and fell silent.

Instead, fan fan smiled.

“Actually, there’s nothing wrong with you. It’s just that you’re shy and can’t find a suitable topic to talk about. If someone is willing to talk to you about something you like, you should have no problem communicating with them.”

“...” Zhong Rui Shu was still a little stunned, as if she was thinking about what he said.

Soon, she seemed to realize that he did it on purpose. She looked up at him, her eyes rippling.

“Thank you.”

“You don’t have to be so polite. You’re Liuliu’s classmate, so you should be one year younger than me. You can call me brother fan like she did.” Fan fan finished the coffee in his cup and raised his hand to glance at his watch.

He looked at Zhong Rui Shu again. “It’s not a good time to take a taxi. I’ll send you back first.”

Fan Fan stood up from his chair as he spoke.

Zhong Rui Shu followed him and stood up. She wanted to say something when she saw that he was paying, but she did not say anything in the end.

She followed him out.

When she reached the door, she suddenly grabbed his arm and asked awkwardly, “If you go to the restaurant that you canceled today, will there still be seats available?”

Fan fan looked at her in confusion.

Zhong Rui Shu's face turned slightly pale. She mustered up her courage and said, "I want to treat you to a meal."

Chapter 2249: 77? Qiqi? (13)

"..."fan fan raised an eyebrow in surprise.

"Don't misunderstand me. I just wanted to thank you,"Zhong Rui Shu quickly explained.

Fan fan understood.

He had originally come out to meet Zhong Rui Shu and cultivate their relationship.

His eyes sparkled and his thin lips quivered. "You can go over and take a look first. If it's not possible, you can change to another restaurant."

"Alright."Zhong Rui Shu nodded and followed him into the car.

—

At University A.

Seven had been carrying Yu Liuliu ever since fan fan left.

When the two of them left the restaurant, they were hugging each other.

Yu Liuliu felt embarrassed and wanted to push him away. Seven immediately looked as if he was about to be abandoned and stared at her with a mournful expression.

Yu Liuliu had no choice but to let him carry her.

They returned to Seven's new house together.

The house with three bedrooms and two living rooms was indeed much bigger than the small apartment from before.

The house was on the first floor, and there was a courtyard in front of it. Little eight could run away.

The four little dogs were now bolder. They did not stick together anymore and split up to cause trouble in the courtyard and the living room..

From time to time, they would get into a fight in groups of two or three.

Little Twelve had been the smallest since he was born, and he was always at a disadvantage when he fought. Yu Liuliu's heart ached for him, and every time he came, he would always be the first to hug him.

This time, he had just carried little twelve and sat down on the sofa when seven walked up to her and asked.

"You were in a hurry to meet me earlier. What did you want to tell me?"

"..."Yu Liuliu's arm that was hugging little twelve froze.

She suddenly remembered that she had come to look for seven today because she wanted to tell him about her identity.

When they were eating earlier, she had wanted to use the opportunity of chatting to tell him about it. In the end, seven did not react at all to the few powerful uncles that she had mentioned. Instead, she was unable to connect with them.

Now that he had suddenly asked, Yu Liuliu was suddenly stuck. She did not know how to respond at all.

“During your internship, did someone bully you?” Seven guessed.

But on second thought, she was interning at the Mo Corporation. Who could bully the Little Princess of the Mo Family?

Unless she did not want others to know her identity, she would rather endure it alone.

This was what he was most worried about.

So when he received her call, he immediately wanted to see her. In the end, he was still afraid that she would be bullied.

It was only when he heard her talking to fan fan about uncle Mo during dinner and knew that Mo Yongheng had come to the company for an inspection that the worry in his heart had really disappeared.

The three words “Yu Liuliu” were not only supreme existences in the Yu and Mo families, but also supreme existences in the uncles’ families.

After all, before they had their own daughter, Liuliu was the source of happiness for them. She kept calling them “Uncles”, acting like a spoiled child and calling them so much that they were overjoyed.

Even seven believed that Mo Yongheng and the others treated Yu Liuliu as their own daughter.

With Mo Yongheng around, anyone who dared to bully Yu Liuliu would be courting death.

“There was indeed a problem with the internship, but the biggest problem wasn’t the internship. It was my uncle Mo who found out that I was in a relationship, and I even praised you in front of him...”

Yu Liuliu spoke weakly.

She thought that so many people had seen how she dealt with Ning Lizi in the Mo Corporation. Perhaps the school’s Internet had already spread.

Instead of waiting for seven to discover her identity, she might as well confess now.

Take the initiative!

Yu Liuliu steeled her heart and continued, “Actually, I have something that I’ve been wanting to tell you. You should have already felt it. My father doesn’t like my puppy love. Actually, it’s not just my father, my uncles also...”

Chapter 2250: 77? Qiqi? (14)

“Now that Uncle Mo knows, it means that my father will probably find out soon. If my father finds out, he will definitely rush to the school to look for you and inspect you... actually, I have said so much. I just want to tell you that my father is a little overbearing...”

Yu Liuliu saw Seven's face instantly turn pale. Feeling a little heartache, he threw away little twelve and reached out to hug him.

He consoled him.

"Don't worry, don't worry. Although my father is a little overbearing, he's not fierce at all. He also won't casually hit people. Ever since he was young, he only beat up Qi Qi among the boys who came to my house. He's still very polite to others."

"..."Seven's expression became even worse.

He lowered his eyes and stared at Yu Liuliu, who was trying her best to comfort him. His heart had already turned cold.

He was the person that her dad wanted to beat up the moment he saw him.

Yu Liuliu saw that he didn't say anything and had already said so much. She might as well tell him the worst outcome.

"My dad is very rich, so he might very well give you a huge sum of money and ask you to leave me." Yu Liuliu raised her head and looked at seven, thinking that he would definitely lose his cool and ask her who her dad was.

In the end, seven did not ask.

She repeated what she had just said, but seven still did not ask.

Her heart suddenly thumped. He was so abnormal, could it be..

"Will you take my father's money and break up with me?"

"..."seven almost laughed out of anger.

In his heart, no amount of money could compare to a strand of her hair.

However, her nervous look made him suddenly realize something.

Under normal circumstances, he would definitely ask his girlfriend who her father was.

He never asked, as if he was telling her that he wasn't interested in her family.

Seven could only ask despite knowing the answer, "Who is your father?"

"Yu Yuehan, the CEO of the Yu Corporation," Yu Liuliu answered without hesitation.

She wasn't in a hurry to show off, but she was worried that if she spoke too slowly, she wouldn't have the courage to say it.

She let out the biggest secret in her heart in one breath and let out a long sigh of relief.

Before seven could speak, she had already begun to comfort herself in her heart.

It was fine.

He had never asked her before. This wasn't considered hiding anything.

He shouldn't be angry.

But after waiting for three minutes, when seven still didn't speak, Yu Liuliu started to lose her composure.

She turned around and sat on his lap, reaching out to wrap her arms around his neck.

Staring at his handsome face, she blurted out, "Are you afraid by not saying anything? Are you afraid of my father, so you're breaking up with me?"

"..."seven did not come back to his senses for a moment.

When he heard Yu Liuliu say the three words "Yu Yuehan" so directly, his mind was filled with thoughts. Should he take this opportunity to tell her that he was Tang Qianqi?

Her childhood sweetheart did not stand her up. He had come back to look for her.

Would she be happy, or would she feel that she had been deceived and dump him in a fit of anger?

Before seven could come to a conclusion, Yu Liuliu suddenly questioned him in an aggrieved manner, interrupting all his thoughts.

He came back to his senses, hugged her with both hands, and opened his mouth with certainty.

"I will never break up with you in this lifetime!"

"Then why do you have such a hopeless expression on your face?" Yu Liuliu wanted to get off him, but just as she jumped to the side, Seven's cell phone rang on the sofa.

A call came in.

Yu Liuliu was shocked by the ringtone and sat on his cell phone. She was in a hurry to get out of his way, but she accidentally picked up the call and even put it on speaker.

She had just turned around to see the caller ID on his cell phone with "Mom" on it when she heard Shangxin's voice coming from the phone the next second!
