

My Life 2281

### **Chapter 2281: Ding! Death warning from father-in-law (21)**

He had not forgotten that his daughter was only five years old and a certain brat who was still wearing a diaper could already crawl into her bed.

He did not forget to flirt with his daughter while holding a milk bottle in his mouth and placed a piece of chocolate in front of him as a betrothal gift, saying that he would marry his daughter when she grew up..

The deeds that Tang Qianqi had done were uncountable!

Yu Yuehan kept reflecting on what sins he had committed in his previous life? What Sins had he committed in this life? ! Did the heavens want him to savor the horror of his little princess being kidnapped every day since his daughter was five years old? !

The fact that he did not kill Tang Qianqi was already the greatest mercy he had ever shown in his life!

So what if he was prejudiced now that he was being prejudiced?

He could accept anyone his daughter liked, but not Tang Qianqi!

“Alright, Alright. Father and daughter, calm down and have a drink of water. We can talk things over properly.” Seeing that the atmosphere was not right, Nian Xiaomu stepped out to smooth things over and said at the same time.

“The floor is cold. Get Up First and get someone to pour you a cup of hot water.”

“Thank you, Mommy.”

Yu Liuliu was about to pull Tang Qianqi up when Yu Yuehan shot a cold glance at Tang Qianqi.

Tang Qianqi’s legs instantly went weak, and he gently pushed Yu Liuliu’s hand away. He opened his thin lips slightly and said, “Go to Aunt First. I’ll kneel down.”

“Then I’ll kneel down with you.” Yu Liuliu knelt down again.

It was obvious that she wanted to advance and retreat together with him.

“Liuliu, you’ll only make Uncle Yu even angrier if you do this. I’m really fine.” Tang Qianqi shook her hand and comforted her.

Yu Liuliu was not acting out of spite, she lowered her voice and whispered into his ear, “My father is a paper tiger. He loves me the most. In half an hour at most, I can make him soften his heart just by saying a few words about how my knees hurt. If you were the only one kneeling...”

He was afraid that he would not be able to get up.

Tang Qianqi immediately understood what Yu Liuliu was trying to say.

The two of them held hands once again and knelt in a row.

Yu Yuehan could tell that it was his daughter’s idea, and his chest instantly constricted. He was so angry that he almost wanted to give Tang Qianqi a kick!

“You should be more open-minded. When our daughter grows up, she has the right to choose her own life. Even if we are parents, we should learn to respect her. I think that Qiqi is quite good. He is handsome, handsome, and knows his roots well. We will not lose out if he is compatible with our Liuliu!”

Nian Xiaomu had already started to make plans. In the future, when the two families became in-laws, they could be even closer.

Yu Yuehan reached out and covered her mouth. “Stop talking. I am afraid that I will die of anger from you.”

When Nian Xiaomu was silenced, Tang Qianqi and Yu Liuliu did not dare to speak. The atmosphere became tense once again.

Yu Yuehan and Nian Xiaomu sat on the sofa. Tang Qianqi and Yu Liuliu knelt in front of them and straightened their backs.

Ten minutes had passed.

Twenty minutes had passed.

Half an hour had passed..

Yu Yuehan’s attitude was not the least bit soft, and Yu Liuliu did not act coquettishly like how she had told Tang Qianqi previously.

She was seriously kneeling down to admit her mistake and wanted to fight with Tang Qianqi to get Yu Yuehan to agree to them being together.

Nian Xiaomu noticed that the situation was not right and wanted to advise her, but Yu Yuehan did not let her speak.

If this stalemate continued, both father and daughter would definitely not be able to handle it.

“Uncle Yu, I really want to know why you have been so against me being together with Liuliu since you were young?” Tang Qianqi suddenly opened his mouth and broke the deadlock.

Yu Yuehan was angered by his words and laughed. “You’re asking me? You actually have the cheek to ask me this question. Don’t you know what kind of good deed you have done?”

### **Chapter 2282: Ding! Death warning from father-in-law (22)**

Tang Qianqi: “...”

Uh, although he was young, he still remembered some of the things that happened when he was young.

Tang Qianqi felt a little guilty when Yu Yuehan pointed this out.

If he were to put himself in Yu Yuehan’s shoes, if he had a daughter in the future and had a brat who did not know the difference between life and death, pestering his daughter from a young age, he did not think that he would have the tolerance that Yu Yuehan had and would still be able to let that brat grow up properly.

When he thought of this, he could not help but feel a little sympathetic toward Yu Yuehan.

Tang Qianqi swallowed his saliva and said, "Uncle Yu, I was still young at that time. I did many things based on my instincts and did not intentionally go against you. For so many years, Liuliu and I have always been separated from each other. I have never complained about you. I understand your position as a father. You only did it for Liuliu's good. However, we have already grown up and I am sincere toward Liuliu. We have already missed out on a lot of time and I do not want to continue missing out on her. I implore uncle Yu to give me another chance."

Both Nian Xiaomu and Yu Liuliu were touched by the sincerity and sincerity in Tang Qianqi's words.

They turned their heads to look at Yu Yuehan in unison. Yu Yuehan was expressionless, as if he was a merciless killer.

"What if I don't agree?"

Tang Qianqi:"..."

Yu Liuliu:"..."

Nian Xiaomu:"..."

This was a reply that did not surprise them at all.

Without a doubt, the atmosphere fell into a stalemate once again.

Yu Yuehan was not in a hurry and continued to spend time with Tang Qianqi.

There was no need for him to say anything now. As long as he did not agree to Tang Qianqi dating his daughter, it would be enough to make Tang Qianqi feel as if he was on pins and needles!

Seeing that the situation was not right, Nian Xiaomu took out her cell phone quietly and was about to call Tang Yuansi and Shangxin.

However, Yu Yuehan noticed it the moment she took out her cell phone.

He had snuffed out any hint of her tipping him off.

The next second, Special Assistant Yang suddenly walked in from outside the door. With a panicked expression, he said, "Young Master Han, President Tang and Miss Shangxin are here."

"Quick, quick, invite them in!" Nian Xiaomu heaved a sigh of relief and instructed before Yu Yuehan could say anything.

Special Assistant Yang shot Yu Yuehan a careful glance. Seeing that Yu Yuehan did not speak, he turned around and walked out.

Before Special Assistant Yang could leave, Tang Yuansi had already brought Shangxin in from the outside.

The moment they entered the living room, Tang Yuansi immediately stopped in his tracks and turned around to help Shangxin tidy up the dust on her clothes. "It's not a big deal. You even used an excavator. Don't you think that the dust will choke you?"

Tang Yuansi opened his mouth casually and took good care of Shangxin. The moment he lifted his head, he seemed to have discovered Tang Qianqi and Yu Liuliu kneeling in the middle of the living room.

His expression was joyful and contained a hint of mockery.

“So everyone is kneeling inside. I was wondering why it was so quiet.”

“Be more serious. Haven’t you seen how miserable qiqi is?” Shangxin tugged at him.

Tang Yuansi nodded his head. Then, he said, “Liuliu, the ground is cold. You should get up quickly. Qiqi’s skin is rough and his flesh is thick. Just let him kneel by himself.”

Yu Liuliu:” ...”

Tang Qianqi:” ...” was this his biological father? He must have picked him up, right?

“He came very quickly. You must have been waiting for him,” Yu Yuehan said coldly.

There was a hidden meaning behind his words.

Tang Yuansi did not deny that he was also one of the accomplices to his son’s evil deeds.

When he and Shangxin received the news that Yu Yuehan and Nian Xiaomu had arrived in city a, they did not think much of it. They only assumed that their son had been discovered and rushed over immediately.

Luckily, they had arrived fast enough!

Tang Yuansi held Shangxin’s hand and walked forward. Turning his head around, he instructed the people beside him, “Go and find a rope to trap Tang Qianqi. beat him up first!”

### **Chapter 2283: Ding! Death warning from father-in-law (23)**

Tang Yuansi’s words stunned everyone present.

Was he sure that this was his biological father and not his stepfather?

Yu Liuliu thought that Tang Qianqi’s backer had arrived. However, when he heard Tang Yuansi’s words, he widened his eyes in shock.

Yu Yuehan raised his eyebrows slightly and narrowed his deep black eyes. He sized up Tang Yuansi, who was suddenly on the same side as him, suspiciously.

What was this?

Was he planning to use a trick to make him soften his heart?

The assistant brought the rope over very quickly. Tang Yuansi did not hesitate at all. He took the rope and was about to tie Tang Qianqi up.

Shangxin had initially thought that he was just putting on an act. However, at this moment, she could not hold it in any longer and said, “Are you really going to tie up QIQI? He is your son!”

“Uncle Tang, if you want to tie him up, then tie me up as well. Qiqi’s leg has just recovered and he can not take another beating!” Yu Liuliu blocked Tang Qianqi’s path.

Tang yuanshi ignored him and instead lectured Yu Liuliu.

“Liuliu, although Uncle Tang likes you a lot and wants you as his daughter-in-law, you can’t go against your parents’ orders. Your parents have worked so hard to raise you up, you still have to listen to them. After I’m done teaching that Brat Qi Qi a lesson, if he’s still alive, we’ll talk about the relationship between the two of you.”

Tang yuanshi tied Tang Qianqi up tightly and strolled around the living room. He picked up a baseball bat and walked back to Tang Qianqi.

After spitting twice in his palm, he raised the baseball bat and was about to hit Tang Qianqi.

“Uncle Tang!” Yu Liuliu was so scared that she turned around and hugged Tang Qianqi. “You will definitely beat Qiqi to death!”

Tang yuanshi stretched out his hand and pulled her away. “Liuliu, don’t bother yourself. This time, it’s Qiqi’s fault. How could he hide it from your father and secretly date you? If I don’t teach him a lesson, he won’t know his place!”

As soon as Tang Yuanshi finished speaking, a baseball bat was already aimed at Tang Qianqi.

“En!” Tang Qianqi grunted and her face turned pale.

Tang Yuanshi was really going to hit him!

He did not show any mercy at all. With such a thick baseball bat, he almost knocked Tang Qianqi down with just one hit.

“Stop hitting him, stop hitting him...” Yu Liuliu felt a sharp pain in his heart as he protected Tang Qianqi tightly.

Seeing that he could not persuade Tang yuanshi, he knelt down and moved in front of Yu Yuehan, he grabbed his arm and pleaded, “Dad, save Qiqi. I was the one who liked qiqi first. It has nothing to do with him. If you want Uncle Tang to hit me, just hit me. Don’t hit Qiqi anymore. If this continues, Qiqi will really be beaten to death.”

“...” Yu Yuehan did not say a word. He glanced at Tang qianqi, who was still alive and kicking, and the corners of his eyes twitched slightly.

It was only one strike. He would not die.

Yu Liuliu’s plea did not succeed. In the blink of an eye, Tang Qianqi was hit again.

This time, he could not even kneel down. He was half-sprawled on the ground with his face turned sideways. His gaze never left Yu Liuliu, and he used his gaze to tell her that he was fine.

Yu Liuliu’s heart ached even more when she saw him like this.

She blinked her eyes, and tears streamed down her face.

Bean-sized teardrops all fell on the back of Yu Yuehan's hand. She sobbed, "Dad, do you not want Xiao Liuliu anymore? You Won't help Xiao Liuliu now. Xiao Liuliu is so sad. I don't want to Love Dad Anymore!"

"..."Yu Yuehan was stunned. He lowered his gaze and stared at the little princess who was kneeling in front of him.

What did she just say? That she no longer loved her father?

Just because of this brat, Tang Qianqi?

"Repeat what you just said,"Yu Yuehan asked in disbelief.

#### **Chapter 2284: Ding! Death warning from father-in-law (24)**

"Father clearly knew that I cared about qiqi, yet he insisted on separating me from Qiqi. He even wanted Uncle Tang to beat Qiqi to death. You Don't care about me at all,"Yu Liuliu said as he wept.

Yu Yuehan was dumbfounded. "What does it have to do with me if Tang Yuansi wants to beat up his son? I didn't even touch him with a single finger."

Yu Liuliu teared up. "Uncle Tang wanted to beat up Tang Qianqi because you were angry and refused to forgive him. If you were willing to plead on behalf of Tang Qianqi, Uncle Tang would definitely not beat up Tang Qianqi anymore."

Yu Yuehan:"..."

This logic was right, but why did he feel that something was wrong?

So now, not only was he unable to beat up Tang Qianqi, he even wanted to plead on behalf of Tang Qianqi?

Yu Yuehan was still struggling internally. When Yu Liuliu saw that Tang Qianqi had been beaten up again, blood trickled out from the corner of his mouth, and his tears fell uncontrollably. Pushing Yu Yuehan away, he ran back and blocked Tang Qianqi's path with all his might, he did not want Tang Yuansi to make a move.

Nian Xiaomu and Shangxin could not bear to see the two of them in such a miserable state.

They wanted to plead for mercy, but they knew that it would be best if they did not do so now.

Yu Yuehan had to let him let go of that knot in his heart. Otherwise, even if Tang Qianqi were to date Yu Liuliu, he would not have a good life.

"It has already been three strokes. If this continues, I'm afraid that Qi Qi will not be able to take it,"Nian Xiaomu reminded Yu Yuehan in a low voice.

If he only wanted to vent his anger, then Tang Yuansi had indeed helped him to teach Tang Qianqi a harsh lesson.

If this continued, no one knew what would happen to Tang Qianqi if anything were to happen to him.

“Yu Yuehan, look at how upset Liuliu is. If you don’t let go of me now, I might really abandon you as a father.” Nian Xiaomu had poked a sore spot in Yu Yuehan’s heart.

Yu Yuehan took a glance at Tang Qianqi, who was half-dead, and lifted his eyes slightly. With an indifferent expression, he said, “Alright, I will teach him a lesson these few times. I am not a petty person who would argue with a junior.”

“...” Tang Yuansi stopped his hand immediately and did not touch Tang Qianqi again.

Yu Liuliu quickly helped Tang Qianqi up and reached out to touch his pale face.

“QIQI, how do you feel? Does it hurt very much? I will send you to the hospital...” Yu Liuliu was anxious and wanted to help him up. However, Tang Qianqi held her hand and turned to look at Yu Yuehan.

He coughed lightly and opened his mouth with great difficulty.

“Uncle Yu, I really like Liuliu. Can I ask you to agree to our relationship?”

“Qiqi, let’s go to the hospital to take a look first. We can talk about your relationship with Liuliu later,” Shangxin advised from the side at this moment.

After all, he was their biological son. Tang Yuansi did not feel sorry for him, but Shangxin did.

Tang Qianqi shook his head and refused to leave no matter what.

He reached out and pushed Yu Liuliu away gently. Then, he stood up from the ground and walked in front of Yu Yuehan again before kneeling down.

“Uncle Yu, I know that I often made you angry when I was young. I also know that you don’t really hate me. You just don’t want Liuliu to get married and want her to stay by your side for a few more years. I promise you that I will definitely treat Liuliu well. Furthermore, I am not yet nineteen years old. There are at least four more years before I reach the legal age for marriage. Liuliu can always stay by your side and no one can snatch her away from you.”

“...” when Tang Qianqi finished saying this, Yu Yuehan’s eyes lit up.

His little princess had already reached the legal age for marriage. If she were to fall in love, it would only take one or two years for her to get married.

### **Chapter 2285: Ding! Death warning from his father-in-law (25)**

If he was with Tang Qianqi, the situation would be different.

Tang Qianqi was not of the legal age yet. Even if they were to initiate a relationship before marriage, they would have to wait at least a few more years.

With Tang Qianqi watching over them, he did not have to worry about which rascal would kidnap his little princess. He did not seem to lose out on this deal..

Yu Yuehan looked at Yu Liuliu, who was still angry and turned his head away from him in a fit of pique.

Yu Yuehan was instantly frustrated.

After careful consideration, he gladly accepted the fact that his little princess was in a relationship and set out his own conditions.

“Isn’t it a little too simple for me to agree to your relationship just like that? However, since you are still considered sincere, I will reluctantly agree to it. The probationary period will last for four years and it will depend on your performance.”

“...”

The living room suddenly fell into silence.

Everyone only widened their eyes in slight astonishment, completely unable to react in time.

Tang Qianqi had mentally prepared himself for the worst. The moment he heard Yu Yuehan’s words, he was so excited that tears were about to fall.

Could this be considered as a long-term wife becoming a mother-in-law?

He had finally obtained the approval of his father-in-law!

“Liuliu, pinch me quickly to see if I’m Dreaming.”Tang Qianqi grabbed Yu Liuliu’s hand and placed it on his face.

He had had such a dream before.

When he was overseas and missed her so much that he was going crazy, he couldn’t even see her again.

As he lay on the bed, his dreams were filled with the images of them being together every day after Yu Yuehan had given his consent.

The images were so beautiful that he did not even need to wake up to know that he was dreaming.

Until this moment, when he heard Yu Yuehan’s words with his own ears, he could not help but suspect that he was still in the dream.

“It’s true. You are not dreaming. My father has really agreed to let us be together!”Yu Liuliu hugged him and laughed happily.

The Tears on her cheeks had not dried yet. Hugging Tang Qianqi, the two of them cried and laughed at the same time.

Their completely released emotions infected everyone in the living room.

“Why are they crying like this? Am I going to Lose My Daughter? I feel like I have become a bad person for no reason. Nian xiaomu, didn’t I agree to let them be together just now?”Yu Yuehan turned his head around and asked with a puzzled expression.

Nian Xiaomu’s eyes were slightly red, and she was probably feeling happy as well.

When she heard Yu Yuehan’s words, she shifted her butt and leaned into his embrace.

Lifting her head up, she kissed his chin and said, "It's none of your business. I was too touched. I didn't expect that the relationship between the two children would be so deep and that they would be so determined to be together."

She thought of the time when she and Yu Yuehan were young.

Every time they separated, she was afraid that she would never see each other again... it was the same now.

They were willing to have one person's heart and never part.

There were only a few short decades in life. A Day would pass when they closed their eyes and opened them.

A lifetime would pass when they closed their eyes and did not open them.

Fortunately, in these short and long decades, they found a person worthy of being together.

Holding the hand of their son, they would grow old together.

It was just like the lyrics of a song: for the rest of your life, the wind and snow will be you, the plain will be you, the poor will be you; the glory will be you, the gentleness in your heart will be you, and wherever your gaze goes, it will also be you.

The rest of my life will be long, and as long as it is you, the future will be fearless.

"Qi Qi, Qi Qi!" Yu Liulu suddenly shouted twice. Everyone looked at Tang Qianqi, who was leaning in her arms, and only then did they realize that Tang Qianqi had already fainted.

"Ambulance, quickly call an ambulance –"

### **Chapter 2286: Ding! Death warning from father-in-law (26)**

In the hospital.

At the entrance of the ward and in the corridor.

Tang Yuansi was trying his best to coax his wife. "I really didn't do it on purpose. I just gave him a few random punches. Who knew that his body would be so fragile and that he would even faint... the doctor has already said that it's nothing serious. If you are really worried, you should be able to let Qi Yan take a look at you the next time Qi Yan comes back, right?"

"It hasn't even been a year since Qiqi got into a car accident, and he is now in the hospital. How can I be at ease with you?" Shangxin pushed his hand away and glared at him.

Her heart ached when she thought about how her son had been beaten up by Tang Yuansi until he was in the hospital.

"I am doing this for his own good. Think about it carefully. If I had not beaten him up a few times, would Yu Yuehan have been able to calm down? At the very least, I was mindful of the relationship between father and son and did not hit him ruthlessly. If Yu Yuehan were to really come, would Qi Qi have the chance to be admitted to the hospital? I'm afraid that it's time for the funeral!"

Tang Yuansi analyzed the situation logically and logically.

Shouldn't he be praised for being so smart?

"Do you dare to say that when you hit Qi Qi, you didn't have any intention of using your official position to benefit yourself?" Shangxin had a look of disbelief on her face.

Tang Yuansi: "... Yes, a little.

Speaking of which, Yu Yuehan was not the only one who suffered.

Tang Qianqi had spoiled Tang Yuansi's good deeds since he was young. It was not appropriate for Tang Yuansi to make a move in front of Shangxin.

Later on, when his son grew up, it was not appropriate for him to make a move as well.

Now that the good opportunity was right in front of him, how could Tang Yuansi not take revenge for him? He wanted to settle this score!

He did not expect that he would be a little too harsh..

"Uncle Tang, Aunt Shangxin." A familiar voice suddenly sounded from the corridor.

Tang Yuansi and Shangxin turned around and saw two people coming down from the elevator.

The one walking in front was Fan Fan, who was dressed in a white suit and looked calm and handsome. On the other hand, it was the girl who was following beside him..

Tang Yuansi and Shangxin did not recognize her for a moment.

"I heard that Qi Qi was hospitalized, so I came over to see him." Fan Fan walked forward and paused for a moment. After explaining, he looked sideways at the person who was standing beside him.

"This is Zhong Rui Shu, my girlfriend, Rui Shu. This is my uncle Tang and Aunt Shangxin."

"Hello, Uncle Tang and Aunt Shangxin." Zhong Rui Shu took the initiative to greet him politely. When she shook hands with Shangxin, she added, "I have seen the video of your fashion show back then. I was once your little fan."

Shangxin used to be a well-known top model. Although she returned to her family for Tang Yuansi, she still paid attention to the modeling industry.

When she heard Zhong Rui Shu's words, she was slightly stunned. Then, she smiled and said, "You like to watch shows too? Let's go together if we have the chance."

"Sure, it's my honor to be able to watch shows with you," Zhong Rui Shu said happily.

Shangxin had always been very distant from strangers.

On account of Fan Fan, she was rather friendly with Zhong Ruishu. After chatting for a while, she realized that Zhong Ruishu did not say those words on purpose to curry favor with her. Instead, she really liked her and had her own opinions about the fashion show, Shangxin's impression of Zhong Ruishu immediately increased significantly.

During their conversation, Tang Yuansi lowered his voice and reminded her that this girl was a blind date that the fan family had arranged for fan fan not long ago.

Shangxin's expression changed slightly. She could not help but pull Zhong ruishu along and ask a few more questions.

When she remembered that they were here for qiqi, she quickly changed the topic.

"Qiqi was beaten up and his injuries were not light. He's inside."

"I'll go in and take a look."

Fan Fan was about to enter the ward with Zhong Ruishu when the elevator door opened. Fan Ni walked out with a backpack on her back!

### **Chapter 2287: Ding! Death warning from father-in-law (27)**

The 17-year-old girl was full of youthful spirit.

She had a beautiful face, exquisite facial features, and between the corners of her eyes and the tips of her eyebrows, there was a charming playfulness.

She wore a pale yellow blouse, a white denim skirt, and a pair of simple canvas shoes.

The little yellow duck's backpack was a little cuter.

It was neither as gentle as fan Yu's, nor as beautiful and gentle as Qiao Yuanyuan's. There was a unique aura about Fani that made her look young, confident, and energetic.

It made people feel relaxed and happy when they saw her.

"Uncle Tang, Aunt Shangxin!"

Fani was also a nice person. When she saw Tang Yuansi and Shangxin when she got off the elevator, she immediately ran up and greeted them before pouncing into Shangxin's embrace.

"Auntie, I miss you so much!"

Shangxin's heart softened instantly and she hugged her back, she teased with a smile, "I miss you too. I was a little worried about Qi Qi being hospitalized at first, but now that I see all of you appearing one by one, I suddenly don't feel so worried about Qi Qi anymore. Let me take a good look at her. After not seeing her for a while, Xiao Ni has already grown into a young lady."

"That's right. If Qi Qi didn't already have Xiao Liulu, I would have wanted him to bring Xiao ni back to be my daughter-in-law," Tang Yuansi teased from the side.

Among their group of friends, he was the most miserable. He only had a single son.

Back then, when Mo Yongheng and Zheng Yan were welcoming the Twins' little princess, his life was like a living hell.

However, it was different now.

There was a saying that went, “The river flows east for thirty years, and the river flows west for thirty years.”.

The children had all grown up. When they reached the age where they could talk about marriage, who was the happiest?

Of course, it would be him!

Other people would not be able to eat or sleep well, and they would be worried that someone would come and kidnap their own little princess.

Tang Yuansi was the complete opposite. He only had a smelly son, and anyone who wanted him would take him away. If he was lucky, he would even be able to bring back someone else’s sweet-smelling little princess.

Tang Qianqi had done his best and managed to kidnap Tang Yuansi’s favorite, Xiao Liulu.

When Tang Yuansi sent Yu Yuehan off earlier, he saw Yu Yuehan’s dark face and thought about how hard he had worked to not show off since the two children were not married.

Now that he saw fan ni, he could not help but worry for Fan Yu.

This little princess who was in his hands had grown up and was still so cute and playful. What if he was deceived by some hooligan?

Why didn’t he give birth to another son back then? !

He wondered if it was still too late to adopt one now..

“I knew that Uncle Tang dotes on me the most. I love Uncle Tang the most!”Fanny turned around and hugged Tang Yuansi. The moment she opened her mouth, a series of rainbow farts gushed out, instantly coaxing Tang Yuansi to his heart’s content, she took her cell phone and walked to the side to give fan Yu a call to show off.

Done!

Fanny clapped her hands lightly.

Growing up in a family where women were superior to men, Fanny simply did not know how to make a few uncles happy.

Seeing that Tang Yuansi had gone to make a call, she greeted shangxin. Just as she was about to enter the ward to see Tang Qianqi, she turned around and saw fan fan standing at the door of the ward... and Zhong Ruishu standing beside him.

Fan Ni’s body stiffened and the smile on her face disappeared instantly. She stood rooted to the ground in a daze and looked at the two people standing in front of her from a short distance away.

Her gaze moved downwards bit by bit until it landed on their hands that were clasped tightly together..

Her pupils constricted abruptly and her heart felt as though it had been pricked by a needle. It was so painful that she wanted to bend down.

Was this the girl that he liked?

Quiet, quiet, easy-going... nothing like her.

### **Chapter 2288: Ding! Death warning from father-in-law (28)**

Fanny remained in a daze for a long time, trying her best to look normal. The only thing she could do was to grab the shoulder straps of her backpack so hard that her fingertips were turning white.

She knew that she should greet the person in front of her now, as she usually did. However, she moved her lips a little, but her throat seemed to be choked by someone, and she could not say a word.

She could not lie to herself.

“Fanny, is this the sister you told me about?” Zhong Rui Shu broke the silence.

She turned to look at Fanny, her eyes filled with confusion.

However, she knew what she was doing and did not show it on her face.

“Yes, this is my sister, Fanny.” Fanny continued, a complicated look flashing across his eyes. Soon, he returned to his usual nonchalant self.

He held Zhong Rui Shu’s hand and stepped forward, rubbing Fanny’s head.

“Why are you in city a? Why didn’t you tell your family? Dad called me yesterday and told me that you’ve been running off to God knows where all day. Let me tell you about you.”

“Hello, I’m Zhong Rui Shu. Nice to meet you,” Zhong Rui Shu extended her hand in a friendly manner.

The two of them spoke one after the other, looking extremely much like a loving elder brother and sister-in-law, caring for their immature younger sister.

Fanny was still stunned when she was touched on the head.

Upon hearing Zhong Rui Shu’s greeting, logic told her that she should respond to Zhong Rui Shu. The standard line was, “Hello, I’m Fan Fan’s younger sister. My name is Fanny. Everyone in my family calls me Xiao Ni.”

“I suddenly remembered that I have other matters to attend to. I will be leaving first. I will visit Qi Qi another day,” fan ni said out of the blue. She rushed into the elevator without looking back and pressed the button for the first floor.

“Xiao Ni!”

Shangxin was the first to regain her senses and called out.

Tang Yuansi had just hung up on fan Yu and turned around to walk over. The two of them did not know what had happened. All they saw was fan ni disappearing before their eyes in the blink of an eye as though she was running for her life.

Shangxin and Tang Yuansi looked at fan fan subconsciously.

“Did you educate her?”

“...”Fan fan was silent. His expression had turned extremely ugly from the moment he saw fan ni’s back. He pursed his thin lips tightly and did not want to speak.

As an outsider, Zhong Rui Shu did not understand fan ni’s personality. When she saw her leaving like this, she thought that she had said something wrong.

“Does your sister not like me?”

“It’s none of your business. She’s just spoiled.”Fan Fan’s thin lips parted slightly. On his handsome face, there was a dark expression. His gloomy eyes were filled with a light that no one could understand.

After giving a simple explanation to Tang yuansi and shangxin, he brought Zhong Rui Shu into the ward.

In the middle of the White Ward was a hospital bed.

The bed in the VIP ward was slightly bigger than that of an ordinary ward.

However, it was also a single bed.

At this moment, there were two people lying on that single bed.

“Brother Fan.”Yu Liuliu instinctively wanted to get up from the bed when he saw fan fan. The moment he moved, an arm had already crossed her waist and pushed her back onto the bed.

When Tang Qianqi saw Yu Liuliu glaring at him, he immediately squeezed out a pitiful expression and complained that his chest was hurting and that he needed to be comforted.

Yu Liuliu’s heart softened and he leaned back into his arms, gently rubbing his chest.

At the same time, he asked fan fan fan and Zhong Rui Shu to find a place to sit themselves.

“This is the first time I’ve seen you being eaten alive by a boy.”Zhong Rui Shu walked to the chair by the window and sat down, unable to resist teasing him.

She and Yu Liuliu were roommates. Although Zhong Ruishu rarely stayed in the school dormitory, she was not too estranged from her own roommates.

Seeing how close Yu Liuliu and Tang Qianqi were, they looked like a couple in love, unlike her..

Zhong ruishu thought of something and looked up slightly at fan fan.

Fan Fan did not look at her. His focus was not even on the ward, but on the outside of the window.

It was raining outside. The drizzle was accompanied by a gentle breeze, and the temperature was a little low.

The sparkling raindrops fell on the windowsill, blurring the view outside the window.

Zhong Rui Shu looked over. It was all a blur outside. She could only vaguely make out the outline of the building across the street. She did not know what he was looking at, but he was so engrossed in it.

Zhong Rui Shu poured him a cup of hot water. Just as she was about to pass it to him, fan fan suddenly looked away from the window and looked at her. "I have something to do. I'll be out for a few minutes. I'll be back soon. Wait for me here."

"..."before Zhong Rui Shu could reply, the person in front of her had already walked out of the ward in a hurry.

His footsteps were as hurried and messy as when fan ni left a few minutes ago.

"Did something happen? Why are you leaving so soon?"Yu Liuliu got up curiously and looked at Zhong Rui Shu in confusion when he saw that Fanny had left.

Zhong Rui Shu looked down and did not reply.

She recalled the moment when Fanny had suddenly turned around and held her hand when she saw Fanny at the entrance of the ward..

It was the first time that Fanny had taken the initiative to hold her hand since they had known each other for so long.

—

In the hospital building.

Fanny rushed into the elevator and went straight down to the first floor.

When she walked out of the elevator, she saw people coming and going outside. She bit her lip in annoyance and knocked on her forehead.

She was such a fool!

She had come to city a to look for that person, but when she was in front of him, she was so terrified that she did not dare to say a word and ran away.

Now, it was not only uncle Tang and Aunt Shangxin who felt that it was strange. The girl called Zhong Rui Shu should also feel that she was strange, right?

Fanny reached out and rubbed her face hard, but her face was still very pale.

She walked to the exit of the hospital building. It was a cloudy day outside, and she did not know when it had started to drizzle. Her originally depressed mood instantly turned gloomy.

She hated rainy days. She had hated rainy days since she was young.

Whenever it rained, her mood would become very bad.

When she was a child, she would lose her temper because of this. Whenever this happened, her brother would be the only one who would patiently coax her, patiently explaining to her that rainy days were just a natural phenomenon, not real angels crying... but now.., her brother would never coax her again.

The image of him holding Zhong Ruishu's hand and standing at the door of the ward flashed before Fanny's eyes again.

She had never seen such an intimate gesture with their fingers clasped together.

Fanny's eyes suddenly felt hot. She looked at the rainy sky outside and subconsciously walked out. Just as she was about to walk out of the hospital in the rain, a hand suddenly grabbed her arm.

Fanny subconsciously turned her head and saw fan fan standing behind her. His breathing was unsteady as if he had jogged all the way down. She did not come back to her senses for a long time.

It was as if she was in a dream. She stared at him blankly.

"It's been raining a lot recently. Where do you live? I'll send you back." Fan fan held her hand tightly, his eyes filled with worry.

Fanny finally came back to her senses. She was sure that the person in front of her was not her hallucination. The tears that she was holding back suddenly fell down and she turned around and threw herself into his arms.

She cried out loud!

### **Chapter 2290: Ding! Death warning from father-in-law (30)**

When Fanny Cried, the space between her brows instantly tightened. She raised her arms slightly, wanting to hug her, but in the end, she put them down.

Her voice was steady. "How Old Are You? Why are you still crying so easily?"

"..." Fanny paused for a moment, tears streaming down her face. She raised her head to look at him in a daze.

Seeing his handsome face and indifferent expression, her heart sank into the ice cellar.

She wiped away her tears and retreated from his embrace. She turned to look behind him nervously. Her expression softened slightly when she did not see Zhong Rui Shu.

She apologized sullenly, "I'm sorry. I was in a bad mood and dirtied your shirt."

As Fanny spoke, her fair fingers pointed at the white shirt on his chest, which was wet with tears.

Fanny looked down and followed her gaze. When she saw the moistness, her eyes narrowed slightly.

Her chest inexplicably became a little annoyed.

Just as she was about to raise her hand to pull her tie, she saw Fanny being very careful. Before her hand touched the tie, she had already held her hand and pulled her to the parking lot.

"You don't have to send me off. I can take a taxi and go back."

"Then sit in the taxi and cry into the rainy sky?" Fanny stopped in her tracks and turned around to glance at her.

Fanny lowered her head guiltily.

But in her heart, she was mumbling, did he have to remember her embarrassing incident so clearly?

He even took it out to mock her from time to time.

If not for the serious expression on his face, when he said those words, he would definitely sound like a sharp-tongued brother in a TV series mocking his own sister.

He was obviously very gentle with others.

“Get in the car.” Fan fan led her to the underground parking lot, reached out to open the car door, and said in a low voice.

Fan Ni glanced at the car in front of her, but did not move. She grabbed the shoulder straps of her backpack with both hands and slid them up and down. “If you send me back, what about Zhong Ruishu?”

Fanny rested one hand on the car door. When she heard her words, she lifted her eyes slightly and stared at her for a few seconds. Her thin lips parted slightly. “I’ll come back to pick her up later. This has nothing to do with you.”

“You two are dating. Even if she’s my future sister-in-law, how can she be okay with it? It’s the right thing for a smart sister to do to build a good relationship with her sister-in-law in advance,” Fanny analyzed logically.

Fanny’s brows furrowed even more tightly, as if she was unwilling to discuss this topic with her. She grabbed her shoulders, shoved her into the car, and closed the door!

She went around to the driver’s seat, opened the car door, and got into the car.

She looked at Fanny, who was stunned in the passenger seat, and said, “Put on your seatbelt.”

“I don’t want to, it’s uncomfortable.” Fanny was throwing a tantrum. She was a well-developed girl, and she only wore a light yellow t-shirt, which could not hide her proud curves.

When she said this, she was a little proud, and her small mouth also pouted.

She was straightforward, but there was also a hint of childishness.

She simply disliked the discomfort of wearing a seatbelt. She did not expect that Fanny would suddenly take off her coat and throw it at her. Then, she crossed the gear area and reached out to help her put on the seatbelt.

Meeting her dull gaze, she sat back in her seat expressionlessly, but her ears were still quietly stained with a touch of red.

Before Fanny could react, the car had already started and drove out of the parking lot.

Fanny saw the scenery flying past the window. She turned her head and looked at the person who was driving beside her. The atmosphere in the car was so depressing that it was hard to breathe.
