

My Life 2301

### **Chapter 2301: You are the best gift (7)**

Forget it, it's better to die of thirst than to be beaten to death.

Sleeping, sleeping, and waking up might all be a dream.

"Kacha –"

Fanny was trying her best to hypnotize herself when a faint sound came from the door.

It sounded like someone had opened the door and entered.

There were also footsteps..

Fanny was hesitating whether to open her eyes to take a look when Fanny had already placed a glass of water on the bedside table. At the same time, she said, "Drink the water and sleep for a while. When the fish soup is ready, I'll call you."

"..."

Fish Soup? Fanny opened her eyes and turned to look at the bedside table.

Standing there, Fanny had already left the room. However, what he said just now was still echoing in Fanny's ears.

Didn't he just leave? Didn't he just go to buy fish to make fish soup for her?

The fish soup that she loved the most..

Fanny heard the sound of the door closing and sat up from the bed with a whoosh. She picked up the glass of water that was placed on the bedside table.

She took a sip. It was warm, neither cold nor hot.

She was thirsty, so she gulped it down and put the empty glass back. Then she thought of Fanny who was making Fish Soup for her. Fanny suddenly felt that she was not burning anymore, and she did not feel uncomfortable anymore.

She hugged the quilt and rolled around on the bed happily.

After a while, she realized what she was happy about, but she secretly complained that she was useless.

When fan fan fan finished cooking the fish soup and came in to call for her, Fanny was finally able to say something. She quickly got off the bed, went into the bathroom to wash her face, and followed him into the dining room.

"Do you still have a fever?" Fan fan placed a bowl of fish soup in front of her and asked.

Before he could finish his sentence, his hand had already touched her forehead.

Seeing that the temperature on her body had already subsided, but her face did not look too good, he was slightly relieved and reminded her, "Drink more fish soup, and don't kick the quilt when you sleep later, to prevent the fever from recurring again."

Just as he said that, fan fan suddenly thought of something and suddenly raised his eyes to glance at Fanny.

Fanny felt uncomfortable under his gaze. She could not help but touch her face and asked, "Is there something on my face?"

Fan fan looked at her meaningfully and said coldly, "It's nothing. I was just thinking that after saying so much just now, are you scolding me in your heart for being naggy?"

Fan Ni: "... did she say something like that?"

Impossible!

At most, she was just thinking about it in her heart. How would she dare to say it in front of him, unless it was in a dream..

In a dream.

Something suddenly flashed through fan ni's mind, and her eyes widened.

Could it be that the person she was flirting with in her dream..

"Cough Cough Cough Cough Cough!" Fan Ni was so frightened by her bold idea that she choked on a mouthful of fish soup and started coughing violently.

"Drink slowly, no one is fighting with you." Fanny frowned and stood up to take out a piece of paper for her. She patted Fanny's back to make sure that she was alright. She wanted to say something, but she remembered her evaluation of her, she could not help it anymore.

He was not a little old man, he did not nag.

He had to restrain himself, he could not leave such a stereotypical impression in her heart.

As for what she said about teasing him..

Fan Fan's gaze shifted slightly. After a moment of contemplation.., he felt that he should teach her a lesson. "A girl should be reserved. Don't casually flirt with a good-looking boy. It's not appropriate to just joke around. If people take it seriously, you will be in danger."

"PFFT—"this time, fan ni was so scared that she spat out the fish soup in her mouth.

Holding the spoon, she looked at him in astonishment.

"Brother... I just... you..." Fanny held it in for a long time, but she didn't have the courage to ask if he was the one she was teasing.

**Chapter 2302: You are the best gift (8)**

Fanfan did not seem to want to bring up such a shameful matter. He said lightly, "Have some soup. It's getting late. Go to bed early."

"What About You? Are You Leaving Tonight?" Fanni blurted out.

After saying that, she realized that this sentence was a little strange. She quickly added, "What I mean is, it's already so late. If you want to leave, drive safely."

"I'm not leaving tonight. I'm staying in the room next to yours. If you feel uncomfortable, just go next door and call me. I'll send you to the hospital."

Fan Fan's expression did not change as he lowered his head and drank the soup.

He placed the fish meat that had been shaved clean into a small plate and handed it to Fanny.

When Fanny saw the small plate in front of her, her eyes turned red again.

She sniffed.

She liked to eat fish since she was young, but her mouth was stupid, so she couldn't cut the fish bones. After eating fish ten times, she would get stuck by the fish bones eight or nine times.

At that time, she was still small, so she would only cry if she got stuck by the fish bones. One time, it was very serious, and the fish bones were very thin. When it got stuck, it didn't clean up, and a broken thorn fell into her throat.

The next day, she got infected and became inflamed, causing her body to have a fever, which almost burned her into a fool.

She was kept in the hospital for a few days.

Ever since then, her expression changed when she smelled fish. No matter how much she liked to eat fish, she was so scared that she did not dare to eat fish.

Later, her brother hugged her especially gently. In front of her, he clearly separated the flesh of a fish from the fish bones. Just like an autopsy, he taught her how to eat fish.

She could not learn it, so her brother was not angry. He just patiently shaved the fish bones clean for her and then fed her the fish meat.

From that year onwards, she was never stuck by the fish bones again..

"Thank you, Brother."

Fanny stared at the small plate of fish meat, her voice like a mosquito fly.

She was no longer a child. It was not that she did not think that her brother could not take care of her forever. She had to learn how to take care of herself.

Especially when she heard her parents mention for the first time that her brother was not young and should find a suitable person to fall in love with.

Although she had thought that she was not related to her brother by blood, if she could be with her brother, he could take care of her for the rest of her life.

But on second thought, it was too hard for her brother.

She had grown up and had to learn to take care of herself and her brother.

She was learning very hard. Even though her father always said that her daughter was born delicate and unwilling to let her learn to do housework, she still secretly learned.

In fact, she had thought about it. Even if she really got together with her brother in the future, she would learn how to be a good wife and mother. She even thought that when she learned all her life skills, she would be able to show off in front of her brother in the future, it would definitely be interesting to see his surprised expression.

She had also thought about it..

However, she did not expect that before she had the chance to show off the “Surprise” that she had created for him, he had already given her a surprise.

He had announced his relationship.

A relationship based on marriage..

With the eldest daughter of the Zhong family, Zhong Rui Shu, who everyone could not help but say, “You two make a great couple.”.

“Why are you suddenly so polite to say thank you to me? Have you gone crazy from the Fever?” Fan fan furrowed his brows and asked in puzzlement when he heard the words that sounded like she was talking to herself.

Fan Ni came back to her senses and blinked her eyes. She curled her lips and said, “I’ve always been very polite. It’s just that I didn’t know what was good for me in the past. I didn’t know what was good for me when I was blessed. Now, I’ve learned to cherish my blessings.”

That’s right, she had learned to cherish her blessings.

Even if it was just a piece of fish meat with a fish bone, it was still a blessing that she should cherish.

But... was it still too late?

### **Chapter 2303: You are the best gift (9)**

Fanny suddenly realized that even if fanfan did not like her and only treated her as a sister, she could not bear to be angry with him and did not want to cut off contact with him.

In the past, she was not sensible and always pestered him because of her small emotions.

She always felt that it was natural for her brother to treat her well.

Her brother was hers, and she liked him first. She did not care whether her brother liked her or not, nor did she want to let him go.

But now she understood.

Her brother had his own life, his own life he wanted to live.

If he really did not like her, then her insistence would only annoy him and embarrass herself.

Zhong Rui Shu might have noticed something, but she did not say that she thought of her as a mischievous sister. If it were someone else... or perhaps one day, fan fan would get tired of her mischievous behavior and would no longer be willing to tolerate her, how would she be able to live with herself in front of him?

She had never thought of any of these questions.

All she did was rely on her brother's love for her. She could not bear to leave her alone and do whatever she wanted.

"Earlier, I was mocking Lin Haolin, but I suddenly realized that I'm not much better than him. Lin Haolin was able to lie down and let himself be mocked by his ancestors, but I'm amazing. With the love of my family, I still think I'm so awesome..."

"What are you mumbling about?" Fan fan stopped drinking the soup and raised his eyebrows to look at the mumbling Fani in front of him.

There was confusion in his eyes, as if he did not understand when she had learned to recite scriptures.

The little tyrant actually knew how to reflect on himself by reciting scriptures, but..

"Who is Lin Haolin?"

This was the first time fan fan had heard the name of another boy from her mouth.

He could not tell if it was because of fan Yu's advice or his own selfishness. He looked at the fish soup in front of him and suddenly lost his appetite. He put down the spoon and looked at Fanny seriously.

"My classmate, a second-generation kid who is ignorant and incompetent. He takes advantage of his family's money and only sleeps in class every day. He is ranked last in the exams and even tried to cheat to get answers from me. He is a scoundrel who has been beaten up by me several times." Fanny did not even raise her head, she ridiculed him in one smooth breath.

At the mention of Lin Haolin, she was filled with a bellyful of bitterness.

Especially this scoundrel, he was so righteous and confident. He looked like he was from a wealthy family, and those who mocked him because they were poorer than him were all jealous.

Fanny had never seen such a shameless person.

It just so happened that this person was still in her practice group, trying to curry favor with her by acting like they were brothers every day.

At first, it was for the sake of her, the group leader, passing the practice assessment. Later, she found out that her results were really good, and she felt that if she had a good relationship with Lin Haolin, she would be able to cheat on Lin Haolin's exam without having to worry about failing..

Fanny could count Lin Haolin's shortcomings for three days and three nights.

Speaking of which, no one was perfect. No matter how bad a person was, they would always have one or two advantages.

But Fanny thought about it carefully. Lin Haolin really did not have any advantages.

If she insisted on finding one, she would probably only be left with "Lying flat and being mocked". She would never defend herself with this advantage.

To be able to ruin the image of a "Rich second generation" to this extent, Lin Haolin was also a talent!

"Those who get close to the Vermilion Bird will become the scarlet bird and those who get close to the ink will become the black bird. Such a person, stay away from him in the future." After listening to her ridicule, the stuffy feeling in Fanny's chest dissipated. She then continued to slowly drink the fish soup while exhorting.

"I'm not familiar with him to begin with. It's him who likes to stick to me." Fanny pursed her lips.

#### **Chapter 2304: You are the best gift (10)**

Hearing this, fan fan was very satisfied.

Then, he felt that he should "Care" more about his sister's improper classmates so as not to let them affect her studies.

However, he would not tell fan ni about this thought.

"Take your time to drink, I'm going to reply a message." Fan Fan picked up his phone, walked to the Windowsill, edited a message and sent it to Fan Yu.

The content of the message was very simple.

There was only one name. At the same time, he told fan yu that this brat called Lin Haolin was pursuing fan ni.

Yes, Fan Fan was a man. He knew very well that a teenager would find an excuse to pester a young girl like a fly. Other than a secret crush, he could not think of a second reason.

Fortunately, fan ni did not realize it at all and did not take him to heart.

Otherwise..

Fanny frowned.

Otherwise, he did not know what would happen to him. He even avoided thinking about it.

After sending the message, she put her phone back into her pocket and walked back to the dining table.

Fanny had finished the soup in the bowl, and the fish in the small plate had been eaten up.

She patted her belly and burped.

Then she began to yawn again.

“Go to sleep, I’ll clean up here.” Just as Fanny was about to reach out to clean up the dishes, she stood up and took the dishes and bowls in front of him first.

She tidied them up quickly, and then picked them all up in one go.

She turned around and walked to the kitchen, accurately putting them into the sink.

When she found that there was a dishwasher in the kitchen, she praised Tang Qianqi in her heart for being a good family man. She turned around and said to Fanny, “Brother, you go take a shower and rest, I’ll clean up the dishes.”

“...” fan fan stood outside the kitchen and looked at the familiar girl who was putting the dishes into the dishwasher. His eyes deepened.

She was not trying to be brave. She really knew how to do it.

However, he had never known that she knew how to do housework.

Did her parents not stop her?

Fan Fan’s emotions became complicated. Looking at fan ni in front of him, he kept feeling that he had not been at home for the past two years. Many things had become different from what he had imagined.

He had always been reluctant to let her go and learn things, but she had quietly learned them all.

In the end, he still had not taken good care of her.

“Brother? Brother?” Fani put all the bowls into the dishwasher and turned around to see fan fan standing at the door, not leaving. She called out a few times in a daze.

Seeing that fan fan was ignoring her, her expression did not look right either. She wiped the beads of water off her hands, walked forward on tiptoe, and touched his forehead.

“You scared me to death. I thought I had infected him.”

Fan Fan: “...”

Fan Fan: “I’m going to take a shower.”

“If you don’t have any clothes on you, you can wear Qi Qi’s pajamas. I’ve helped you to take a look inside just now. Many of his pajamas are new, but there doesn’t seem to be any new underwear. You might not be able to change them...” fani whispered from behind.

Fanny staggered. Hearing her words, she almost fell to the ground.

She glared at her with a dark face. “Shut up, don’t talk!”

“Can I say one last thing?” Fanny shrank her neck and raised a finger weakly, she said quickly, “I searched with my phone. There is a supermarket that is open 24 hours a day a few hundred meters from here. There should be men’s underwear sold there.”

Fan Fan: “...”

"I'm going to bed. Good night." Fanny rushed into her room and slammed the door shut.

After making sure that fan fan fan would not come in and beat her up, she left the door and could not help but burst out laughing.

### **Chapter 2305: You are the best gift (11)**

I didn't expect my brother to be so shy. His blushing face is so cute.

Fanny covered her face with her hand and smiled like a silly roe deer.

She turned around and threw herself onto the bed. She covered her head with the quilt to prevent herself from laughing too loudly.

Outside the door.

Fan Fan's handsome body was standing in the living room.

His mind was still filled with the words of someone who had reminded him to buy underwear with a serious expression. When he realized that he had been teased, his face was filled with frustration.

When he returned to his senses and looked at the guest room's door, he did not need to go forward to know that the door was definitely locked.

After that, Fan Ni's stifled laughter could be heard coming from the room.

The way she was hiding under the blanket and laughing secretly was better than laughing in front of him.

Fan fan tried to take a deep breath to remind himself not to be affected by her words. In the end, he could not help but grab his phone and walk to the windowsill. He called his assistant and asked him to send him a change of clothes.

The next day, when fan ni woke up, she rubbed her hair and walked out of the room in a daze. The first thing she heard was, "Fan Xiao Ni, the daily necessities on the coffee table in the living room are for you."

"What?" Fanny was confused.

She didn't need any daily necessities.

She had brought her luggage, and Tang Qianqi's house had everything that she needed.

She only needed to bring her personal belongings.

Fanny walked to the sofa in a daze and found several big bags on the coffee table.

From shampoo, shower gel, fragrance... to pajamas, slippers, and bathrobes, they were all brand names that she used at home. They were all well-prepared.

But she didn't need them!

Other than the personal items that she brought herself, she didn't pick the brand name for the other daily necessities.

Living outside and still having to fuss about it, how tiring would that be.

Just looking at these big bags of things gave her a headache.

“Brother, did you buy all these things?” Fanny pointed at the things on the coffee table with difficulty.

Fanny had already changed into the white sportswear she wore yesterday. Today, she was wearing a white shirt and khaki-colored casual pants. She looked more delicate and handsome.

He also wore a pair of black-framed glasses on the bridge of his nose. He looked very homely with the TV remote control in his hand.

Oh, that was not a remote control. It was a dog toy to play with the dog.

Fanny raised her hand. Lil Eight ran forward and took the toy away from his hand.

Fan fan clapped his hands and walked up to Fanny. He used the hand that had just touched Lil’ eight’s head to touch her head.

He spoke clearly, one word after another.

“No, my assistant brought it over when he came over last night to bring me my change of clothes.”

Fan fan emphasized the words “Change of clothes”.

Fanny: “...”

Fan fan: “You can use these things if you want to. If you don’t want to use them, you can keep them. You can use them when Qi Qi and Liu Liu come back.”

“Okay.”

Fanny carried a few large bags and returned to her room.

She cursed silently in her heart. He wasn’t buying her daily necessities. He was clearly looking for an opportunity to tell her that he had changed his underwear yesterday.

Fanny held back her laughter. When she carried the things into her room and closed the door, she couldn’t help but laugh out loud.

In the living room, Fan Fan, who thought that he had won her back, was speechless. “? ? ?”

Could it be that his hint just now was not obvious enough?

Did she not understand?

Fan fan furrowed his brows. He took out his phone and sent a message to Zhong Rui Shu in a daze, asking her about the situation when the girl suddenly laughed out of nowhere.

Poor Zhong Rui Shu was also a slow-witted person. After analyzing for a long time, she still could not figure it out for him.

### **Chapter 2306: You are the best gift (12)**

But he replied with uncertainty, “Maybe it’s because you bought something for her and she is happy?”

Brahman: "No, I think she is laughing at me."

This was a man's intuition.

Until Fanny came out of the room, Brahman did not understand.

But Fanny took the initiative to ask, "Are you going out today?"

"Do you want to go out?" Fanny asked instead of answering.

"Yes." Fanny nodded, "I went to the hospital yesterday and didn't see Kirin. I want to see him today."

"Your fever has just subsided. Your immunity is too weak at this time. It's not suitable to go to a place like the hospital." Fanny frowned in disagreement.

Fanny circled around in front of him, opened her arms and looked at herself from top to bottom.

"My Fever has subsided a long time ago. I feel that I'm in a good condition now. I even plan to ride my bike to the hospital and train my body at the same time."

"Is that so? That's great. Now that the fever has subsided, let's talk about how you had a cold yesterday and spilled the ginger soup. Also, you grabbed me and called me handsome. You insisted that I give you my contact information. Finally, you complained to me that your brother is like an old man and likes to threaten people..."

Fanny was petrified.

She stood stiffly in front of fan fan. After a few seconds, she suddenly came back to her senses and reached out to cover her forehead. "I suddenly feel a little dizzy. I don't want to go out anymore. I want to go back to my room and lie down for a while."

She ran away!

Fan fan reached out and accurately grabbed her collar, pulling her back.

Fanny could not run away. She immediately pinched her earlobes with both hands and looked pitiful.

She looked at him with an aggrieved expression.

"Brother, I was wrong."

"Who taught you to say those things? Why didn't I know?" What Fanny cared about was that she actually knew how to flirt with men.

And she was so skilled at it.

When Fanny saw that he was asking about this, she did not hesitate to betray her teammates. "Sister Liuliu, she's really amazing. She said that it was aunt who taught her. That's the Yu family's tradition. Even the Yu family's daughters have to know how to Flirt!"

"..."fan fan felt a headache coming on.

She had an indecent aunt who had taught Xiao Liuliu badly. Now, she had even infected fan ni.

What kind of girl would want to keep a handsome man just because she saw him?

What if she was cheated if she wasn't skilled enough?

"Sister Liuliu is really amazing. Look at how badly Qi Qi was eaten by her. He would rather be broken by uncle Yu than be with her. Aunt Xiao Mumu is right. Girls shouldn't be too timid. If you like him, you have to fight for him bravely. If you can't even say that you like him openly, how can you expect him to respond to your feelings?"

Fanny mustered up her courage to finish her sentence. After being glared at by fan fan, she pinched her ears and lowered her head.

Fan fan: "I like handsome guys. You guys aren't courageously pursuing love, you're acting like hooligans!"

"I don't like handsome guys just because I see them. I just like you..." at the end of her sentence, Fanny's voice became softer and softer, so soft that she could not hear it clearly.

She lowered her head and did not dare to look into Fanny's eyes.

If she raised her head at this moment, she would definitely see the shock and forbearance in Fanny's eyes.

She almost could not control herself and held her in her arms. She could only clench her fists tightly.

She pretended that she did not hear anything.

The atmosphere instantly froze.

The silence deepened the suffocating atmosphere. Just then, the doorbell rang.

"Ding Dong -"

"Ding Dong -"

"Ding Dong -"

The consecutive ringing of the doorbell brought fan fan fan back to his senses. He collected his emotions and turned around to walk towards the door.

The second he reached out to open the door, Lin Haolin suddenly hugged him from outside!

"Fan ni, it's me. Are you surprised? Are you surprised?"

### **Chapter 2307: You are the best gift (13)**

"Who is it?"

Fan Fan was caught off guard and was hugged tightly. When he came back to his senses, his eyes turned cold!

He pushed Lin haolin away abruptly and like ice, he landed on Lin Haolin's body. He narrowed his eyes and sized him up.

Lin Haolin did not expect that he would hug the wrong person. When he raised his head and saw that the person in front of him was a man, he was so shocked that he was stunned for a few seconds. Fan fan pushed him away but he did not come back to his senses and almost fell to the ground.

After a long while, he finally remembered what he was here for. He quickly said, "My name is Lin haolin, I'm Fan Ni's classmate. I heard that she came to city a, and I specially came to look for her to play. Who Are You? Why do you live together with Fan Ni?"

Fan Fan:"..."

Who else did he think he was.

Lin haolin, he had just finished tattling to his father, and he had already delivered himself to Lin Haolin's door.

Fan Fan took out his phone from his pocket and glanced at fan Yu's reply: [ find him and kill him. Don't show any mercy. Don't let Xiao Ni be abducted by this brat. If you can't break his legs, you'll just have to wait for them to break! ]

Such a simple and crude instruction was extremely pleasing to fan fan's eyes at this moment.

Fan fan turned his head and scanned the living room, thinking about what tool he could use to break the legs of this second-generation heir who dared to come and abduct his sister.

"Lin Hao Lin, why are you here?" Fan Ni's voice came from behind them.

Fan fan thought of something and turned around to look at her.

The expression on her face was not much better than fan fan's. She was also stunned.

Her relationship with Lin Hao Lin was not good enough to the point where they would hang out during the holidays.

As soon as fan ni opened her mouth, Lin Hao Lin saw her and immediately jumped over fan fan excitedly, pouncing towards her..

The bear hug that he had used to open the door flashed past fan fan's mind. When he saw Lin Haolin running straight towards Fanny, he narrowed his eyes and stretched out his leg without saying a word.

"Ouch -"

"Bang -"

Two consecutive sounds rang out. Lin haolin, who had been tripped, fell to the ground like a dog eating SH \* t.

His chin hit the floor and he was in so much pain that he could not speak.

He reached out to support his chin and looked at Fanny with tears in his eyes.

It was as if she was asking, "Why is your floor so hard?"?

Fanny did not expect Lin Haolin to suddenly fall in front of her. The sound was painful to hear.

Moreover, she seemed to have seen her brother deliberately trip Lin Haolin just now..

Fanny came back to her senses and quickly went forward to help him up. She said mysteriously, "Are you okay? There are more dogs at home and there are often dog toys on the floor. It's easy to trip people. Let me help you up first."

As soon as Fanny finished speaking, Lil Eight seemed to understand. He immediately picked up a dog toy and placed it next to Lin Haolin. It looked like he really tripped over the dog toy and fell.

Lin Haolin stood up and rubbed his chin. He was in so much pain that he wanted to get angry.

He was the only son in the family. He had been treasured since he was young. When had he ever suffered like this?

However, he could not lose his temper at a dog, which would affect his image.

"Forget it, I'm fine. It was my own fault." Lin Haolin turned around and hugged Fanny happily after he finished speaking.

Fanny was about to step back when a strong arm was already placed in front of them, firmly holding Lin Haolin's arms.

Fanny looked sideways and met Fanny's expressionless face.

She heard him say with a cold tone, "Do you know that the Brat who tried to take advantage of my sister last time is now several meters tall?"

Lin Haolin:"? ? ?"

#### **Chapter 2308: You are the best gift (14)**

Lin haolin came back to his senses and looked shocked."... You Are Fanny's brother? The two of you don't look alike at all."

Fanny:"..."

Fanny:"..."

Otherwise, Lin Haolin was an ignorant and incompetent second-generation heir. He could not even speak a single word.

Who would say that the two of you did not look alike when they knew that the other person was brother and sister?

His parents were really lucky to have protected him to this age.

"One of them definitely looks like dad, and the other one looks like mom." Lin Haolin's EQ finally came online.

The person who knew that he was carrying the wrong girl was Fanny's brother. He quickly apologized and then introduced himself again.

"I'm Fanny's classmate and a member of a practice group. We're still good friends. I heard that she came to city a, so I came here to play with her. I didn't expect my brother to be here. Um, I don't know if uncle and Auntie are here, but I'll also meet the parents..."

As Lin Haolin spoke, he was already looking for other people in the living room.

He didn't see the elders, so he looked a little disappointed.

"You should be glad that my parents aren't here." Fan fan caught his expression and said coldly.

Otherwise, if Lin Haolin had tried to hug Xiao Ni just now, both of his arms would have been broken.

"Hehe..." Lin Haolin scratched his hair and laughed foolishly.

Even though he was a spoiled brat, he was still a good guy who knew how to Reincarnate.

He had money and was the only son of this generation.

He also had a handsome face. When he smiled, the dimples on his lips were a little cute. The corners of his eyes were raised, and there was a hint of wickedness. He was a guy who could pretend to be cool, but could also act cute.

Lin Haolin was not really stupid. He could tell that fan fan did not like him, he immediately turned to Fanny and pretended to be pitiful. "Kiddo, it's my fault that I came to your house without informing you beforehand. I apologize to you, but I flew here early in the morning and I'm so hungry. Can I have a meal at your house?"

"..." Fanny didn't say a word and looked at fan fan.

She didn't know how to cook and was still hungry.

There were ingredients in the kitchen, but she didn't need to ask to know that Lin Haolin definitely didn't know how to cook.

Hence, if she wanted to fill her stomach, she could only look to her brother.

But looking at her brother's attitude towards Lin Haolin, even if he didn't beat him up, he would still show mercy. Cooking for him... forget it, forget it.

"Let's order takeout..."

Before Fanny could finish her sentence, fan fan had already walked towards the kitchen. She took out the ingredients from the fridge and started cooking.

Phew —

She let out a long sigh of relief.

She was really worried that her brother would pack her and Lin Haolin together and throw them into the trash can, labeled "Non-recyclable".

Fanny had escaped a calamity. She flipped her hand and aimed it at Lin Haolin's forehead and gave him a slap, she lowered her voice and flew into a rage. "You bastard, I didn't tell you where I lived. How did

you know? You actually came knocking on my door without saying a word. If it were my father today, you would be dead for sure!”

“... girl, be gentle.” Lin Haolin didn’t fight back even though he was hit. He covered his head and ran around.

Fanny was in a rage, she chased after him and hit him. “You still have the face to say that we’re good friends? Who’s your good friend? ! I’ve been unlucky enough to become your classmate for eight lifetimes. Even in my dreams, I wanted to distance myself from you. You still have the face to say that we’re friends everywhere. I’ll beat you to death!”

Hearing this, Lin Haolin threw himself onto the sofa and grabbed a pillow to cover his face. “Girl, don’t hit my face!”

### **Chapter 2309: You are the best gift (15)**

“Don’t call me a girl! Who Is Your Girl? !” Fanny put her hands on her hips. She was so angry that she was about to curse when she thought about how Lin Haolin made her lose face in front of her brother.

Lin Haolin took out a lollipop from nowhere and handed it to her with a smile.

“Here, I brought it for you. It’s your favorite strawberry flavor. Calm Down?”

Fanny grabbed the lollipop, unwrapped it, and put it into her mouth. The sweetness filled her heart, she was still angry. “Don’t think that you can bribe me with just a lollipop. Let me make it clear that you’re not allowed to tell others that we’re friends in the future. I don’t have friends like you who don’t want to improve themselves. If my parents find out, they’ll definitely think that I’ve learned something bad.”

Lin haolin shook his hair and smiled nonchalantly.

He leaned back on the sofa and crossed his long legs, he smiled sinisterly. “It’s just that my exam results were a little bad. Look at how you described me as a monster. To tell you the truth, it’s not that I can’t learn it. I just think that those things are too simple and I despise them.”

“Bah!” Fanny almost spat the lollipop in her mouth onto his face.

She raised her head and looked in the direction of the kitchen. After making sure that Fanny was not looking outside, she reached out for the lollipop and immediately kicked Lin Haolin.

The hand that was holding the lollipop pointed at his unruly face.

“The person who is at the bottom of the grade in every exam actually has the nerve to say such words. If you don’t feel ashamed, I will feel ashamed for you. If you fail the next exam, don’t Expect Me to pass your practice report!”

“What if I pass? Is there a reward?” Lin Haolin asked back.

Fanny was stumped.

Then she thought, can this guy pass the exam? Even a sow can climb a tree.

He just wanted to be straightforward and didn’t want to be too embarrassed.

“If you really can pass the exam, I will acknowledge you as a friend and won’t laugh at you in the future, Okay?” After saying that, Fanny rolled her eyes at the sky. She didn’t have any expectations for Lin Haolin in her heart and purely thought that she was doing a good deed, she encouraged the delinquent.

Lin haolin, on the other hand, patted his thigh and stood up from the sofa in high spirits. He stretched out his little finger at her. “Pinky swear. It’s a deal.”

Fanny had just reached out to touch his finger when there was a loud sound from the kitchen. It was like a pot had fallen to the ground.

“Brother!”

Fanny snapped back to her senses. She withdrew her hand without hesitation and ran to the kitchen.

Lin Hao Lin stared at his little finger for two seconds before he closed his eyes and followed her into the kitchen.

When the two of them walked into the kitchen, they immediately saw the pot that had fallen to the ground and the hot water that had spilled out from the pot. Fan Fan stood by the side and his pants were a little wet. At that moment, he was holding onto his hand.

Fan Ni panicked and walked forward to grab his hand, wanting to look at it.

Fan fan furrowed his brows slightly and allowed her to hold onto his hand and take a shower of cold water under the faucet. He glanced at Lin Hao Lin who was standing at the door.

His gaze was filled with scrutiny.

He had heard everything that they had said in the living room just now.

This ruffian’s half-truths... he was actually someone that he could not see through.

“I’m going to look for the medicine chest...” Fan ni was about to run out when fan fan stopped her.

“It’s just an accidental burn. I’m fine. It’s just that it’s not convenient to handle the ingredients. I need someone to help me.”

“I’ll do it.” Just as Fanny was about to roll up her sleeves, fan fan had already smiled and held her hand.

“If Daddy finds out that I, as your big brother, let you do the housework by yourself, I’m afraid he’ll be angry. You’re not the only one here.” Fan Fan’s thin lips parted slightly, his gaze fixed on Lin Haolin.

### **Chapter 2310: You are the best gift (16)**

At this point, even if Lin Haolin was an idiot in the kitchen, he had to do it.

He couldn’t let Fanny do the work in front of her family while he watched from the sidelines.

“Kiddo, go sit in the living room. I’ll help my brother.” Lin Haolin greeted Fanny as if he was familiar with her. He rolled up his sleeves and walked into the kitchen.

His young face was filled with an unruly smile.

It was hard to tell if he was serious when he said "Brother" just now, or if he was just casually calling her "Brother".

If he deliberately corrected him, it would seem like he was being a little calculative.

Fanny narrowed her eyes in displeasure and remained calm.

She stood to the side to make room for Lin Haolin.

Lin Haolin did not hesitate. He bent down and picked up the pot that had fallen to the ground. He washed it according to Fanny's instructions and added more water to boil it.

Fan Ni did not go to the living room. Instead, she stood at the door and watched worriedly.

She did not leave. Lin Haolin worked even harder. He would do whatever fan fan said. He was usually unreliable, but now, he seemed to have disappeared. He did whatever he wanted.

If not for fan ni recognizing this face and confirming that it was Lin Haolin, she could not help but wonder if the person in front of her had been replaced.

Was this still the second-generation heir who only knew how to score in her practice group?

He looked quite decent..

That face was also a little handsome. Not to mention when he was doing things seriously, he really had the ability to make girls scream.

Fanny was so engrossed in looking at Lin haolin that she did not notice that Fanny's face had become more and more gloomy.

It was not until she suddenly stuffed a few bowls into her hands and let her take them to the dining room that Fanny came back to her senses.

She glanced at the bowls in her hands and was about to turn around when Lin Haolin took them for her. He said considerately, "The dishes are all ready. I'll take them over. Go Wash your hands and prepare to eat."

When Fanny saw the two people walking towards the dining hall together, the last smile on her face completely disappeared..

At the dining table.

There were three people, four dishes and a soup.

There were meat and vegetables. It was not considered sumptuous, but it was very nutritious.

The person in charge of the kitchen was fan fan, and Lin Haolin was just a helper. However, the situation at the dining table was like this:

"Girl, try this steamed sea bass. It's my first time cooking. Although I'm only helping out my brother, I think this dish is especially good!"

"Girl, do you like the fried tofu? It's crispy on the outside and tender on the inside."

“There’s also the stir-fried lettuce. Don’t all girls like to eat vegetarian food? There’s a lot of fiber and vitamins in the food, and it’s not easy to get fat...”

Lin Haolin was like a sparrow, and he didn’t stop eating ever since he got to the dining table.

He kept putting food into Fanny’s bowl.

Fanny lowered her head and didn’t even have time to finish eating. The bowl was already stacked one layer higher. Just as she was about to tell him to stop, fan fan, who was sitting next to her, put down his chopsticks with a “Pa” sound.

Fanny had grown up with fan fan since they were young, and she could clearly feel that he seemed to be angry.

She turned her head to look at him nervously.

No matter how thick Lin Haolin’s nerves were, he realized that something was wrong. Just as he was about to say something, fan fan had already stood up from the dining table and turned to walk towards the kitchen.

“I’ll go get a glass of water.”

As soon as fan fan left, Fanny immediately grabbed her chopsticks and knocked Lin Haolin’s head. “Stop it. If you continue to put food into my bowl, I’ll slam the bowl onto your face. I won’t even be able to dig it out!”

“So what if I put food in your bowl? You just said that you treat me as a true friend.” Lin Haolin was not convinced.

Fanny: “That was after you passed the exam!”

Lin haolin spread his hands and opened his mouth. “Alright then. Feed me a piece of tofu and I won’t put food in Your Bowl.”

Fan fan carried the cup of water out of the kitchen. When he heard those words, he suddenly stopped in his tracks!
