

My Life 2311

Chapter 2311: You are the best gift (17)

He raised his head in shock and looked at Lin Haolin in disbelief.

For a second, he suspected that there was something wrong with his ears.

What did this bastard just say?

Let Xiaoni feed him tofu..

Fan Fan had just finished digesting this sentence and before he could get angry, Xiaoni had already picked up a piece of tofu and placed it into Lin Haolin's bowl.

"I'll give you a piece and you can eat it yourself. Don't make a scene," she said in a coaxing tone.

She was a baby herself and fan fan was usually the one who coaxed her at home.

This was the first time fan fan fan had seen her coaxing others!

And it was even coaxing a little wolf dog!

Fan Fan was furious and just as he was about to step forward, he heard Lin haolin open his mouth unyieldingly. "My hand was splashed by hot oil when I was frying the tofu just now and it still hurts a little. Feed me one piece and I'll give you one piece!"

Fan Fan's brows were so tightly knitted that he could squeeze a fly to death.

This was the first time he realized that someone could lie to such an extent just to get a piece of tofu.

That plate of fried tofu was clearly made by him.

Lin Haolin had only helped to wash one pot from start to finish. What did it have to do with him? !

He even said that he had splashed his hand with hot oil. Why didn't he just say that the hot oil had splashed onto his brain and burnt his brain?

"Alright, Alright, stop pretending to be pitiful. I'll only feed you one piece." Fanny seemed to be helpless against him. She reached over the dining table and grabbed Lin Haolin's chopsticks. She picked up a piece of tofu and stuffed it into his mouth.

Her actions were so fast that fan fan did not have time to stop her.

When he walked back to the dining table, what he saw was Lin haolin eating the tofu that Fanny had fed him. He was leaning against the back of the chair, chewing and swallowing slowly. The smug look on his face that was slowly savoring the aftertaste... he really deserved a beating!

"Bang!" Fanny could not bear it any longer and placed the glass of water heavily on the dining table.

He glared at Lin Haolin and turned his head to ask Fanny.

“Didn’t you say that you wanted to go to the hospital to see the Kirin? I happen to be free today. I’ll send you over in a while.”

The most important thing now was to separate Fanny from Lin Haolin.

When Fanny thought of this, she calmly sat down on her seat.

Fan Ni had originally planned to go to the hospital, but when she heard his words, she hesitated for a moment, she said: “That’s not very good. Yesterday, in order to send me back, you didn’t even send your girlfriend back. Aren’t you going to treat her to a meal today to explain? I can take a taxi to the hospital to see Qi Qi.”

“I’m free today, I can accompany you.” Lin Hao Lin saw the opportunity and said.

Fan Fan: “...”

He had originally wanted to separate the two of them, but how did it turn out to be a chance for them to be alone?

Fan Fan’s eyes narrowed and his thin lips opened slightly. “Student Lin, you should be underage, right? Do your family know that you ran out alone? With your situation, I’m afraid it’s not suitable for you to accompany Xiao Ni.”

Lin Haolin did not expect fan fan fan to suddenly use such a serious tone to speak to him. He paused and suddenly raised his head to look at fan ni.

Fan Ni’s eyes also flashed with hesitation.

She did not need anyone to accompany her, but if she rejected Lin Haolin, she would be her brother.

Her brother had a girlfriend now and kept pestering her brother’s sister. She was not a good sister.

Lin Haolin’s eyes flashed. He took out his phone from his pocket and dialed a number. In front of fan fan and Fan Ni, he reported his schedule to the family. In the end, he even got the permission of the parents and sent a chauffeur to pick them up.

After hanging up the phone, Lin Haolin raised his eyebrows confidently. “Don’t worry, Brother Fan Fan. I will take good care of the girl.”

Fan Fan: “...” !!

Chapter 2312: You are the best gift (18)

“I’m full. I’ll go in and get something.” Fanny didn’t want to discuss this anymore. She put down her chopsticks, stood up from the chair, and went back to her room to get her bag.

She pulled Lin Haolin and quickly left the living room.

In the house, there was only Fanny and five dogs waiting to be fed.

Fanny didn’t expect Fanny to move so quickly. When he stood up, he only had time to see her pulling Lin Haolin and walking out of the door.

The two hands that were holding each other were particularly eye-catching.

His pupils constricted slightly, and his heart skipped a beat.

When Fanny saw him with Zhong Rui Shu, did she think the same?

No, they were different..

—

In the courtyard, Fanny pulled Lin haolin out without stopping.

They did not stop until they reached the courtyard door.

“Kiddo, don’t go. Just wait for the bus here. I’ve already told my family to hurry up. The driver should be on his way,” Lin Haolin pulled Fanny and said with a smile.

His Bright Eyes were full of joy.

He had lost count of how many times he had looked at Fanny and took his hand..

Every time he looked, he would smile foolishly.

In the end, she moved closer to Fanny, Smiling Evilily. “Girl, I think you’re very gentle and beautiful today!”

“...” Fanny raised her head and glanced at him, not saying a word.

She did not hear what Lin Haolin had said at all. All she could think of was to get out of Fanny’s sight as soon as possible, so that she would not be influenced by him again.

At that moment, she was suddenly pulled back by Lin Haolin. She looked at him instinctively like a child who had lost her direction.

When she recalled his expression, fan ni’s brows immediately furrowed.

Then, she let go of his hand that was holding her hand and wiped it on his clothes in disgust, “Don’t talk to me in such a disgusting tone. You have to know that even if you blow rainbow farts on me for an entire day, I will not admit that you are my friend until you pass the exam!”

“...” the smile on Lin Haolin’s face froze, and he immediately shook his head indifferently.

“Woman, your other name is heartless.”

Fanny pretended to be deaf.

After waiting for a while, she didn’t wait for the Lin family’s chauffeur to come pick them up. She turned to Lin haolin and said, “We can take a taxi in front. Why Don’t we take a taxi to the hospital?”

“It’s still early. We can still make it even if we take it slow. Why are you panicking?” Lin Haolin put one hand in his pocket and casually looked back at the courtyard behind them.

“You seem to be afraid of your brother. Look at the way you dragged me out just now. People who don’t know would think that you’re planning to elope with me.”

“You wish! I’m not blind,” Fanny retorted without thinking.

Then, she thought of something and her eyes darkened again.

She lowered her head slightly and stared at her toes.

She was not afraid of her brother. She just did not know how to face him..

Perhaps, she should not have come to City A.

It was meaningless to witness the person he liked with her own eyes, except to embarrass herself.

“Girl, What’s Wrong? Did I say something wrong? Don’t Cry!” Lin Haolin didn’t expect Fanny to suddenly lower her head and wipe her tears with one sentence. She became anxious.

They had known each other for a long time. Lin Haolin had only seen Fanny go crazy and deal with people. He had never seen her like this, soft side.

With red eyes, she looked like a little rabbit, which made his heart hurt.

Chapter 2313: You are the best gift (19)

She just wanted to reach out and hug her to give her some comfort.

However, when she reached out her hand, Fanny had already slapped it away.

“I’m fine. It’s just that there’s sand in my eyes.” Fanny wiped her face casually and sniffed. She looked up at the front and asked impatiently again, “Why isn’t the car here yet? Why don’t we go and get a taxi?”

She was anxious to leave this place.

“Okay, okay, okay. As long as you’re not angry, we’ll get a taxi now.” Lin Haolin held her hand and led her to the side of the road. He flagged down a taxi and opened the door for her.

He gave her the address of the hospital.

Fan fan came out slowly. The door was empty.

He frowned slightly. He took the car keys and drove himself to the hospital.

When he reached the hospital ward, Lin Haolin and Fanny were already inside.

Yu Liuliu pulled Fanny to the windowsill and whispered to each other. The two sisters were mumbling something. Lin haolin, on the other hand, was not idle at all. He had been standing by the bed and chatting with Tang Qianqi.

“Hello, my name is Lin Haolin. The Vast Expanse, the rain that falls from the sky. I know who you are. I’ve heard about you from the girl a long time ago. I heard that you’re a genius and have won many international awards. Our teacher even mentioned you in class. At that time, the girl was very happy.”

Such a way of chatting that did not know who the target was and complimented him first was really able to satisfy one’s vanity.

No matter how bad-tempered a person was, when faced with Lin Haolin's smiling face and his words of flattery, they could not bear to give him a cold face.

Although Tang Qianqi did not fall for this trick, it was rare to hear Fanny praising him. He could not help but raise his tail and said, "I'm average. I Can't be called a genius, but I do have some talent."

After Tang Qianqi said that, he turned his head and looked at Yu Liuliu and Fanny who were by the window, he lowered his voice and forced a confession, "I say, do you like my Xiao Ni? You've already chased her all the way to City A. Don't talk to me about being classmates. I'm not that stupid fan Xiao Ni. I Won't believe your nonsense."

"Hehe..." Lin Haolin touched the back of his head and laughed foolishly. He neither admitted nor denied it.

Tang Qianqi glanced at him and raised his eyebrows.

Seeing that he didn't say anything and didn't care, the two of them chatted for a while more before Lin Haolin turned around to look for Fani.

It was at this moment that fan fan came in.

He had heard the conversation between Tang Qianqi and Lin Haolin.

Seeing him come in, Tang Qianqi didn't look surprised at all, as if he already knew that he was outside.

"Brother fan fan, as a younger brother, I have to remind you that there are some things that people can not escape from. It is better to face it as soon as possible. Otherwise, it will be too late to regret."

"..."

Fan fan ignored Tang Qianqi and looked straight at fan ni.

She stood by the windowsill. Her white t-shirt shone under the sunlight and covered her fair face.

She had a smile on her face and her eyes were curved.

When she saw him appear, the smile on her face suddenly froze. Then, it disappeared from her mouth. After a while, she called out, "Big Brother."

Fan Fan's heart seemed to be choked by something.

Fortunately, Yu Liuliu was there, and she immediately pulled fan ni to chat. The atmosphere seemed to have returned to before fan fan appeared.

But only fan fan himself knew that it was different.

She was avoiding him..

"We're brothers. Do you need any help?" Tang Qianqi suddenly moved closer to Fanny and asked. He winked at him.

Fanny narrowed her eyes and glanced at him. "Have you recovered?"

Tang Qianqi immediately sat up, patted his arm and kicked his leg.

Chapter 2314: You are the best gift (20)

"This little injury is nothing? My father is my biological father. Do you really think that he would be willing to be so cruel to me? He was just putting on an act in front of Uncle Yu. My injury is nothing at all. I just need to stay in the hospital for a few more days to calm uncle Yu down. If you need my help, I can..."

"Uncle Yu is here." Fan Fan suddenly looked towards the door and opened his thin lips.

Just as he finished speaking, Tang Qianqi fell back onto the bed with a bang, he hugged himself and started to wail, "Brother fan fan fan, although my injuries are very serious, I don't blame my father at all. I definitely don't blame Uncle Yu. It's all my fault. I shouldn't have hidden it from my elders and secretly dated liuliu."

Fan Fan: "..."

"Mr. Tang, it's time to change the dressing." The young nurse who came in through the door was stunned when she saw Tang Qianqi's acting skills that were comparable to a textbook.

"PFFFT –"

A few people in the ward burst out laughing at the same time when they saw the scene just now.

Tang Qianqi: "? ? ?"

Tang Qianqi turned his head and saw that there was only one nurse who came in through the door. Where did uncle Yu come from?

No matter how slow Tang Qianqi was, he knew that he had been played by fan fan.

At that moment, the nurse consoled him seriously, "Mr. Tang, don't worry. Although you're injured, it's really not that serious. We'll keep you under observation for a few more days. If there's nothing else, you can be discharged."

As soon as the nurse left, Tang Qianqi immediately grabbed fan fan's arm. Just as he was about to say something, he suddenly shouted at the door in surprise, "Zhong Rui Shu."

"..." fan fan was stunned for a moment before he chuckled. "Do you think I'll believe the same trick?"

"You already know it's the same trick. Do you think I'll use it?" Tang Qianqi let go of his arm and pointed at the door, indicating for him to see for himself.

Tang Qianqi knew his limits in certain aspects.

Hearing what he said, fan fan quickly turned to look at the door. He was slightly taken aback when he saw Zhong Ruishu standing outside.

It was as if he had not expected to see her here.

Fan Ni was also taken aback.

Her hands, which were hanging by her side, subconsciously clenched tightly. Yu Liuliu was not the only one who could feel her tense body. Even Lin Haolin could feel it.

Zhong Rui Shu was still dressed in a long white dress. Her loose long hair hung on her shoulders.

Her frail figure always carried a hint of aloofness that was isolated from the rest of the world.

She met all their gazes and took the initiative to walk up to fan fan. She said softly, "I was bored at home, so I thought of coming to the hospital to chat with Yu Liuliu. I didn't expect all of you to be here."

After Zhong Rui Shu finished speaking, she reached out to shake fan fan's hand.

With just a light touch, her hand was released.

The moment their bodies made contact, Zhong Rui Shu whispered something to fan fan.

It was only one sentence, and fan fan's expression changed slightly. He looked down at her in shock.

It was as if he was trying to confirm the authenticity of the news from her eyes.

"It's true."

Zhong Rui Shu saw his reaction and felt a little uneasy. She said softly, "I'm sorry, I just received the news. I called you, but no one answered. I was too anxious to come here."

The calmness on Fan Fan's face gradually disappeared.

He took out his phone and opened the page. After confirming that the news was not out yet, he heaved a sigh of relief.

Then, he thought of something. He pulled Zhong Rui Shu along and left without looking back.

"Brother Fan Fan!" Yu Liuliu called out. He seemed to have thought of something and turned to look at fan ni.

Fan Ni stood where she was. Her face was so pale that it made one's heart ache. She stared blankly in the direction fan fan and Zhong Rui Shu had left.

Chapter 2315: You are the best gift (21)

"Xiao Ni..." Yu Liuliu was the one who knew the situation between Fanfan and Fani the most. When she saw the situation, she grabbed Fani's hand worriedly.

She grabbed her hand a little harder. Fani came back to her senses and looked at her, she smiled bitterly. "I'm fine. My brother and Miss Zhong are boyfriend and girlfriend. They left together. They should be going on a date. I can understand. I happen to be accompanying my classmates. I don't have the time anyway."

Fanny didn't know what she was talking about. She was a little incoherent.

At the end of her sentence, she pulled Lin Haolin and walked out of the ward.

"Brother Qi, rest well. I'll come to see you guys another day."

"Xiao Ni!" Yu Liuliu shouted. Fanny had already pulled Lin haolin away.

She turned around and looked at Tang Qianqi. She reached out and slapped his shoulder. "Xiao Ni is obviously not in a good mood. You were beside her just now. Why didn't you hold her back?"

"I think she's fine. The person who's not in a good mood is brother fan. Are you worried about the wrong person?" Tang Qianqi's shoulder hurt. He reached out to rub it and defended himself.

"She's already called you brother Qi. Isn't that abnormal enough?" Yu Liuli retorted.

Tang Qianqi: "...he couldn't continue the conversation with those words.

— ..

Fan Ni pulled Lin Haolin out of the ward and walked straight to the outside of the hospital building.

Standing on the busy street, she suddenly stopped and looked up at the traffic in front of her. She suddenly felt a little lost and didn't know where she should go.

"Girl, are you hungry? Let's Find a place nearby to have afternoon tea?" Lin Haolin pulled her and asked.

"I..." Fanny wanted to say that she was not hungry. They had just come out after eating, but when she opened her mouth, she felt that something was wrong with her. She quieted down and let Lin Haolin hold her hand as they walked to the coffee shop next door.

There were many types of desserts in the coffee shop. Lin Haolin did not ask anything. He directly ordered a cup of caramel macchiato for Fanny and a strawberry-flavored cake for her. Then, he handed her a fork.

"It's all sweet. You like the taste. Try It and you might feel better."

"Thank you." Fanny took the fork from his hand and dug a piece of cake into her mouth.

Just like what Lin Haolin said, the sweet taste melted in her mouth and the bitterness in her heart seemed to have been diluted.

She blinked her eyes and looked at Lin Haolin. She wanted to say something, but she hesitated.

"You don't have to explain anything to me. As long as you make yourself happy, I can not ask anything." Lin Haolin met her gaze and teased her with a smile.

Hearing his words, Fanny's heart relaxed. She didn't say anything else and lowered her head to eat quietly.

Before she could finish a piece of cake, her cell phone rang.

"Who's calling?" Lin Haolin asked when he saw that she didn't pick up the phone.

Fanny clenched her cell phone tightly and pursed her lips. "My great-grandfather."

Fanny came back to her senses and picked up the phone.

Fanny's great-grandfather, which was also fan Yu's grandfather, was already ninety-nine years old this year.

The old man had been recuperating abroad. He was old and could not bear the torment, so he rarely returned to the country. Usually, if Fanny wanted to see her great-grandfather, she would specially go abroad to visit him.

She had less contact with him on a daily basis. It was only when she suddenly received a call from the old man that she was so surprised.

Less than a minute after the call was picked up, Lin Haolin saw that her expression had changed.

Then, Fanny hung up the phone.

“What happened? Why are you so surprised?” Lin Haolin grabbed her arm and shook the stunned Fanny.

Chapter 2316: You are the best gift (22)

Fanny came back to her senses and almost shouted, “My great-grandfather is back in the country!”

“...”

“He just flew to city A and is now at the Zhong family’s residence. He knows that I’m also in City A, so he asked me to go over.” Fanny suddenly thought of fan fan, who had just left in a hurry with Zhong Rui Shu.

At first, she thought that fan fan was in a hurry to go on a date with his girlfriend.

Now that she received this call, she suddenly realized that fan fan must have known that her great-grandfather had returned to the country and was in a hurry to visit him.

However, if she was only going to visit her great-grandfather, they were already together at that time. Why didn’t her brother ask her to come along?

Her great-grandfather loved her the most..

Fanny’s mind was a mess. She didn’t have time to think too much. She stood up and wanted to hail a cab to the Zhong family.

“My father sent a driver to the hospital. I’ll send you there.” Lin Haolin was worried and held her back.

Fanny didn’t reject his kindness. Her mind was indeed a little unclear now. Moreover, her instincts told her that something would happen today.

The uneasiness that surged up from her heart made her feel a little uncomfortable.

“Follow me.” Lin Haolin held her hand and led her out of the coffee shop. The two of them waited by the roadside and soon, the chauffeur who came to pick them up arrived.

What was bad about the Lin family was that they were rich and powerful.

Although city a was not an important city where the Lin family’s businesses were distributed, the car that Lin Haolin’s father sent was still a luxury car. If it were to stop by the roadside, it would attract a crowd of onlookers.

Lin Haolin opened the car door for Fanny and sat in the car with her.

When he heard Fanny anxiously give the Zhong family's address, he didn't say anything. He helped her fasten her seatbelt and sat quietly beside her.

The Zhong family was considered a reputable family in city a. their aura was definitely not as imposing as the fan family's, but speaking of which, they were also a wealthy family.

Their families were harmonious, their brothers and brothers were respectful, and their children were filial.

This was a good atmosphere that was not found in many large families. It could be seen in the Zhong family.

The old master of the fan family and the old master of the Zhong family had been friends for decades.

Now, both of them were half-dead people, and they rarely saw each other.

When the Zhong family received the news that the old master of the fan family was visiting the Zhong family, they immediately began to prepare meticulously. They even started to make preparations inside.

Fani had just arrived at the door of the Zhong family. Just as she was hesitating on how to reveal her identity and enter, the Guard standing guard outside had already recognized her with a photo. He took the initiative to step forward and said, "Miss Fan, Old Master fan is already waiting inside. Please come in."

Fani glanced at the unfamiliar courtyard in front of her and thought about how her great-grandfather did not return to City H to visit her parents first. Instead, he came to city a's Zhong family first. She pursed her lips, took a deep breath, and walked in.

Before she reached the door of the living room, she could already hear the laughter coming from the living room.

There was also Old Master fan's deep voice, "Good, you two good children. I knew that you two were fated. Let great-grandfather see, the two of them standing together, they are a perfect match!"

"They are a perfect match, a perfect match. Who would have thought that the fan family and the Zhong family would have the chance to marry in-laws in this generation?" Immediately following that was the voice of another elder.

It sounded like the old master of the Zhong family.

Fanny quickened her pace and walked into the living room. As soon as she entered, she saw fan fan and Zhong Rui Shu standing side by side in front of her two grandpas.

No one noticed her presence. Old Master fan was holding Zhong Rui Shu's hand and asked kindly, "Little girl Rui Shu, are you willing to marry my fan fan?"

Chapter 2317: You are the best gift (23)

Fanny's body trembled slightly. Just as she was about to step back, she bumped into Lin Haolin who had followed her in.

Lin Haolin did not have time to react. The two of them bumped into each other and slammed into the door frame at the side.

With a bang, everyone in the living room looked at them!

“Lin Haolin, let go of me quickly!” Fanny growled. She lowered her head and stared at Lin Haolin’s nervous hand that was holding her waist.

When the two of them bumped into the door frame, Lin Haolin was so scared that he hugged Fanny tightly.

The two of them were still hugging each other at this moment.

Those who did not know what was going on would definitely misunderstand that they were a couple when they saw this scene.

“Oh, okay.” Lin Haolin heard Fanny’s words and knew that he could not be cheeky in this kind of situation. He immediately let go of her. However, his entire body weight was on Fanny’s body. When he let go of her, his entire body slid down against the door frame, he fell to the ground.

“Ouch!”

His butt hit the doorsill. His anus was not too good.

Lin Haolin screamed. Fanny quickly turned to look at him and helped him up in a hurry.

Even old master fan let go of Zhong Rui Shu and got someone to help him up from the chair.

“What happened? is everyone okay?”

“No, I’m fine...” Fanny turned to look at Lin Haolin, whose face was flushed red and he was in so much pain that he could not speak. She spoke for him out of kindness.

At a time like this, she could not say that something was wrong with his anus.

However, even if Fanny did not say anything, the people in the living room had already seen it.

At this moment, when they saw Lin Haolin’s expression that was filled with unspeakable pain, they tried their best to hold back their laughter. They helped Fanny to help Lin Haolin sit down on the nearest sofa.

After making sure that Lin Haolin was fine, Fanny turned to look at old master fan and greeted him politely, “Great-grandfather.”

“Come, come to great-grandfather. Let me take a good look at my little darling. She has grown taller and more beautiful!” Old Master fan waved his hand and pulled Fanny to his seat, asking her to sit beside him, he pointed at the other people in the living room and introduced them to her.

“This is your great-grandfather Zhong and the other elders of the Zhong family. I called you here specially for you to come and recognize him. Your great-grandfather Zhong’s family are all well-read and reasonable people. Learn from your brothers and sisters and they will be able to treat your arrogant character.”

Old Master fan introduced them to Fanny one by one, and Fanny obediently called for them.

The Zhong family was different from the fan family. The Zhong family had many children, and there were three older brothers who were the same generation as Fanny.

However, they were much older than Fanny. Their eldest and second brothers were already married, and they had children.

Only their third brother was still single, and it was said that he was about to get married.

Old Master fan finally pulled Fanny and pointed at Zhong Rui Shu who was standing in front of them, "Xiao Ni, this is your great-grandfather Zhong's granddaughter and your brother's girlfriend. I've come back for their marriage. If they really get married, Rui Shu will be your sister-in-law from now on!"

The word "Sister-in-law" made Fanny's ears hurt.

Although she had already guessed it, when she heard her great-grandfather say it, her heart still hurt.

She tried her best to act as if nothing had happened and called out with a smile, "Sister-in-law."

Zhong Rui Shu was stunned and did not reply. She turned to look at fan fan.

Fan fan narrowed his eyes slightly. From the moment he saw fan ni pulling Lin haolin into the Zhong family home and hugging him, his attention was no longer on Zhong Rui Shu, but on fan ni.

When fan ni called out "Sister-in-law", the person who lost his composure the most was not Zhong Rui Shu, but him.

Chapter 2318: You are the best gift (24)

"Great-grandfather, I've only known brother Fan for a short time and we've only just started dating. Isn't it a little too soon to talk about marriage?" Zhong Rui Shu averted her gaze from Fan Fan's face and spoke under pressure.

"What's there to be unhappy about? You two have always been dating for the purpose of getting married. Now that the two of you like each other, the earlier we settle the marriage, the better it will be for me and your great-grandfather's worries," old master fan said kindly.

With that, he looked at the Zhong family's old master who was sitting beside him.

Old Master Zhong nodded in agreement.

Stroking his beard, he teased, "The earlier you settle the marriage, the better. If you get married early, perhaps the two of US old men will have the chance to see the birth of your child. Fan Fan, you are a boy, what do you think?"

"..."

Fan Fan's palm tightened, his thin lips pursed tightly. He looked away from Fanny, and a complicated look appeared in his eyes.

Some people were destined not to be his from the start.

He had never thought about it, and he was not willing to lie to himself.

When he found out that his family was going to arrange a blind date for him, he could not refuse, but he had made up his mind to tell the other party everything.

To his surprise, the other party had the same thoughts as him..

His relationship with Zhong Rui Shu was to comply with the wishes of his elders, and it was also an agreement with her.

He did not want to marry her, and neither did she.

If the two of them got together and pretended to be each other's other half, they could avoid a lot of trouble.

They had long agreed that if the other party met someone they liked and wanted to be together, they would announce a peaceful break-up when the time came.

However, no one expected that old master fan, who had always lived abroad, would suddenly return to the country and personally come to the Zhong family to settle the marriage.

Dating was different from talking about marriage.

Once they had agreed to it, the two families would have to start preparing for the wedding.

The fan family and the Zhong family were both prominent figures in the business world. The marriage between the two families would definitely be reported in the newspapers. When the news got out, it would be a foregone conclusion.

Now that the elders of both families were here, there were still many relatives and friends of the Zhong family. If fan fan rejected the marriage, it would be embarrassing for Zhong Rui Shu in front of everyone.

Fan Yu had taught him to be a gentleman since he was young and to take care of his younger siblings. He could not say anything that would embarrass Zhong Rui Shu.

But if he did not say anything, it would mean that he had tacitly agreed to the marriage..

"Great-grandfather, can we just let the matter between brother Fan and I go with the flow?" Zhong Rui Shu had never liked to talk, but now that she realized fan fan's difficulties, she had already spoken in front of him twice in a row.

However, the two old men ignored her, thinking that she was shy about her marriage.

She continued to ask fan fan with a smile.

"Fan fan, everyone is here to watch. Tell me yourself, do you want to marry Rui Shu?"

After the two old men finished speaking, the living room fell into silence.

Everyone's eyes were focused on fan fan, waiting for his answer.

Including fan Ni.

The smile on her face was almost gone.

Seeing the joy and anticipation in the eyes of the people around her, she just wanted to run away from this place, not wanting to hear another word.

But she couldn't leave.

"Fan Fan?" Old Master Fan, who had been waiting for a long time for an answer, lowered his voice.

Many of the elders of the Zhong family around them began to whisper among themselves.

"..."fan fan's hands, which were hanging by his side, subconsciously clenched into fists.

His thin lips were tightly pursed.

He could not answer this question.

Once he asked for the marriage to be postponed, the elders would definitely ask for a reason. However, this reason was a secret that he could not tell them.

Chapter 2319: You are the best gift (25)

Old Master Fan's face was already dark, not to mention Old Master Zhong, who was sitting next to him.

The two old masters were of the same age as the elders in the family. They had personally come forward to discuss the marriage between the two juniors, yet they had been rejected.

If it were not for the relationship between the two families, they would have gotten angry long ago.

The situation had become a little tricky. Zhong Rui Shu stood beside fan fan, and knew what he was thinking the best.

Fan fan could not say no, and her words were ignored.

The current situation was like a dead end.

If they could not think of any other way, fan fan would have no choice but to agree to the marriage in order to save her face.

Zhong Rui Shu bit her lip, and from the corner of her eyes, she glanced at fan ni, who was sitting in the old man's seat.

A complicated look flashed across her downcast eyes.

From the beginning, she only knew Fanny because she could not reject the family's arrangement. She only wanted to brush it off.

Later on..

Fanny was really good.

He had an elegant and gentlemanly manner. He spoke in an extraordinary manner. No matter what he said or did, he always took extra care of her feelings.

More importantly, he was the first person to tell her that she was not sick, but that the people around her did not understand her.

They did not spend much time together, but as long as she was with him, Zhong Rui Shu could not tell why she felt so relaxed.

If she did not know that he had someone in his heart and that he would not fall in love with her, Zhong Rui Shu thought that she might have already fallen in love with him..

She knew very well that as long as she refrained from speaking, fan fan would definitely agree to the marriage under the circumstances.

He was a responsible person. If he agreed to marry her in front of so many people, he would definitely fulfill the marriage agreement.

Once they were married, she could slowly work hard to make him fall in love with her.

This might be the only chance she could take. As long as she kept quiet and did not say or do anything, it would be fine.

However, she could not do it..

Zhong Rui Shu closed her eyes. When she opened them again, her eyes had regained their clarity. She let out a soft sigh. Before anyone could react, she suddenly turned around and ran out shyly with a red face.

“Rui Shu!”

“Rui Shu!”

The few of them shouted at the same time. Fan Fan was the first to come back to his senses.

He seemed to have come back to his senses all of a sudden and chased after her without a second thought!

“This child is usually shy and blushing like that. She must be shy,” said grandfather Zhong.

Someone beside him teased, “Fan fan was also shy and didn’t say anything, but when he saw Rui Shu run away, he chased after her quickly.”

“There must be too many of us today, making the two children shy. Let them rest for a while.”

“That makes sense. I think the two of them are together right now. You’re looking at me blushing, and I’m looking at you blushing!”

“Hahahahaha...”

The elders in the living room teased each other, and the atmosphere became harmonious again.

One after another, they began to guess that if fan fan and Zhong Rui Shu’s future children were not shameless, they would probably be blushing all the time.

No one noticed that fan ni’s eyes dimmed when she saw fan fan fan chase after Zhong Ruishu.

She found an excuse and left the Zhong family home.

She walked out in a daze. She had even forgotten about Lin Haolin.

As she walked, her eyes turned red.

The image of fan fan being asked if he wanted to marry Zhong ruishu kept echoing in her mind.

He was never one to hesitate. If he did not want to marry Zhong Rui Shu, he would not date her, and he would not hesitate to answer the question.

Chapter 2320: You are the best gift (26)

No one knew what he was thinking, but Fanny thought she could guess a little.

He was probably trying to save her some face.

She had just told him that she liked him, and he had promised to marry another woman in front of her. wasn't that a slap in her face.

If she had been the little bully in the past, she would definitely have made a scene in public.

When that happened, not only would her great-grandfather get angry, but the fan family would also lose face.

The scene of him chasing after Zhong Rui Shu without hesitation had already given everyone an answer.

Weren't the elders in the Zhong family's living room already happily preparing for their wedding.

What did Fanny not understand? She had already figured it out, but she still felt uncomfortable inside.

It was as if her heart had been emptied.

She wanted to cry but could not.

She only felt that her chest was so tight that she could not breathe.

"Girl..."the moment she stood up, Lin Haolin had already followed her out, silently following behind her.

Seeing that she had walked out of the Zhong family's courtyard and onto the street, he quickly reached out to pull her. "Be careful of the car!"

Fanny stopped in her tracks and looked up to see a car passing by in front of her.

With a pale face, she turned to look at Lin Haolin.

Lin Haolin didn't say anything. He just spread his arms around her and let her lean against his chest. "I don't trust you to be alone like this. Where do you want to go? I'll send you."

"I want to go home."Fanny didn't cry, but her voice was a little choked up. "To my parents'place."

The Fanny family was in City H.

Fanny meant that she wanted to leave this place.

"Okay, I'll book the plane tickets now. The holiday is about to end, so I plan to go back."Lin haolin called the driver over and booked the plane tickets for the two of them.

He asked the driver to send them back to get their things before going to the airport.

Fanny sat quietly in the back seat of the car. Seeing that he had arranged everything, she did not say anything.

Halfway through the car, she seemed to be very tired. She leaned against the car door and fell asleep.

Lin Haolin gently held her head, helped her up, and leaned into his arms.

He lowered his eyes and stared at her somewhat haggard face. A hint of heartache flashed across his eyes.

The driver was the driver sent by Father Lin. When he saw that Fanny was asleep, he then reminded her, "Young master, President Lin already knows about the news of you being at the bottom again in the mock exam. He asked me to tell you that he no longer expects you to get good results in the college entrance exam. He only asks you to give him a definite letter as soon as possible. Do you want to study in a university in China or do you want to go abroad so that he can donate everything that he needs to see if he can get a place for you? I'm just afraid that with your results, even if he donated ten teaching buildings, no school would be willing to accept you."

Lin Haolin: "..."

His father might not be his biological father, but Fani's biological father. The two of them spoke exactly the same thing.

Was he really that bad?

Lin Haolin looked at Fani, who was sleeping soundly in his arms. He could not help but reach out to scratch her nose and raise his eyebrows.

As if he had made up his mind, he suddenly opened his mouth.

"Tell my father that he doesn't have to worry about it. I'll take the test for whatever school I want to go to."

When the driver heard this, he was so scared that his hands trembled. He almost drove the car to the guardrail and regained his senses, he turned around and looked at Lin Haolin in disbelief. "Young master, isn't it bad to be so stubborn? You've never passed the test since you were young."

"What do you know?"

Lin haolin glanced at Fanny who was snuggling in his arms. The corners of his mouth curled up into a happy smile. "I didn't meet her before."
