

My Life 2331

Chapter 2321: You are the best gift (27)

Fanny slept soundly. When they arrived at the airport, Lin Haolin didn't even plan to wake her up. He planned to carry her inside.

Fortunately, Fanny woke up by herself. Otherwise, she would have made a fool of herself at the airport.

"Are you hungry? Our flight is still early. Let me accompany you to eat something first." Lin haolin took Fanny's backpack and carried it on his back. He held her hand with an empty hand and led her inside.

Fanny was in a low mood. She was not in a good state, but she was not stupid.

She pulled her hand back and glared at Lin Haolin. "Speak up. Don't take advantage of me. I'll Beat You Up!"

"TSK tsk, woman, you don't know what's good for you. I'm the one who escorted you all the way. I can be considered your bodyguard, right? If you don't thank me and are still so fierce, you won't have any friends." Lin haolin glanced at his empty palm, the warmth and softness of his palm still made him unable to forget it.

When he met Fanny's wary gaze, the mischievous look in his eyes disappeared, the corners of his mouth curled up slightly. "Alright, I know you don't treat me as a friend. You're in a bad mood, yet you're still so guarded. I'm so handsome and carefree, do I look like a bad person? I'll definitely pass the next exam. You Won't have anything to say."

"..."Fanny really had nothing to say.

She was just casually saying it just now. She did not really doubt Lin Haolin's intentions.

He was very good. He had been following her. He had clearly seen everything, but he did not ask anything.

Fanny had been worried all the way. If Lin Haolin asked her what she was upset about, how would she answer.

But he had silently sent her to the airport all the way. Now, he had to take the same flight as her and send her home.

Fanny licked her lips, she softened her voice. "Don't wait for the exam. I admit that you're my friend... But you can't forget the promise of the exam. You're one year older than me. You're an adult, and you still failed the exam. Do you think it's appropriate for your family to worry about you?"

"Will you worry about me?" Lin haolin stared at her with a burning gaze.

Fanny was frightened by his gaze. She felt that something was wrong, but she could not tell what it was. She stammered, "What does it have to do with me? I Won't be worried about you."

“Oh...” Lin Haolin was not surprised. His eyes could not help but darken. Soon, they returned to normal. He pulled Fanny back to the restaurant in the airport.

He ordered a sweet dessert and a sweet drink for her.

Fanny dug into the cake as she complained, “Why do you always bring me here for dessert? If I eat like this, I will soon become a fat man.”

Although she said she did not want it, her body was very honest. Fanny had almost finished Lin Haolin’s order.

She only dared to complain at the last bite because she was afraid that Lin Haolin would be angry and not let her eat.

“It’s not what you girls say. If you eat more sweet things, your heart won’t be so bitter.” Lin Haolin saw that Fanny had finished eating the cake. He took a piece of tissue for her and handed it to her. Then, he slowly opened his mouth.

Fanny: “...”

Fanny looked at the tissue in front of her and lowered her eyes.

A tinge of pain flashed across her heart, but she still took it as if nothing had happened and wiped her mouth, she smiled and looked up. “Did any of the girls you know tell you that there are some things that Zhou Yu is willing to do? Some people are not afraid of suffering, but they are not even worthy of suffering.”

Just like her feelings for fan fan fan, she liked him when he was young, but when he married Zhong Rui Shu, they would only be brother and sister.

Chapter 2322: You are the best gift (28)

She was not a person who could not figure things out.

It was precisely because she understood everything that she felt so sad.

Her first love, her secret crush, from this moment on, it was all over..

—

Outside the Zhong family’s villa.

Fan fan chased after Zhong Rui Shu, who had just reached the door.

Zhong Rui Shu was running very fast. Seeing that he was the only one who had chased after her, she finally stopped to catch her breath.

She pressed her hand against her chest and leaned against the wall, her face as white as a sheet.

"I was worried that you wouldn't be able to react in time and chase after me outside. If you stayed inside, you would be forced to get married by great-grandfather and the others," Zhong Rui Shu said as she gasped for breath. She finally recovered and looked at fan fan who was walking towards her.

At that time, she really had no other choice.

If she continued to stay in the living room, Fan fan would not be able to refuse the marriage in front of so many elders, and she would not be able to say anything either.

The only thing she could think of was to run away.

As long as fan fan chased after her, both of them would be able to escape. When the elders had mostly dispersed, they would have a long-term plan.

But..

"I'm sorry, I'll make you chase after me like this. Fani might feel uncomfortable." Zhong Rui Shu looked at fan fan worriedly.

He did not look too good. He had not said a word since he had chased her out.

The two of them were pretending to be a couple. They were also worried that they might give themselves away in front of their elders, so they had prepared a secret signal beforehand.

Whenever the other party suddenly got close to them or overreacted, there would usually be a situation.

At such a time, the other party only needed to cooperate unconditionally.

That was why fan fan had chased Zhong Rui Shu out without any hesitation. It was precisely because he knew that Zhong Rui Shu was looking for an excuse to help him escape.

He placed both his hands in his pockets and strolled to her side. Just like Zhong Rui Shu, he leaned against the wall.

The white shirt was properly worn on his clothes-like body. He looked up at the sky expressionlessly. After a while, he opened his mouth faintly.

"After today, she won't feel uncomfortable anymore."

"What?" Zhong Rui Shu was confused. She turned to look at fan fan.

She realized that there was no joy on his face. There was only sadness, as if he had been abandoned by the whole world..

"Fani, she..." Zhong Rui Shu suddenly realized something. She looked surprised.

"Do you need me to explain it to her?" "Just tell her that we were just acting from the start. She'll understand what you're doing later and that we're not getting married at all. Everything that happened today was just a misunderstanding."

"There's no need." Fan fan closed his eyes gently to hide his emotions.

When he turned to look at Zhong Rui Shu, his eyes had become calm.

There was no emotion in his eyes.

A gentle smile appeared on his lips. "It has nothing to do with you. Ever since we started dating, I've been anticipating this ending. Now, it's just a little earlier than I expected..." it made him feel a little uncomfortable.

It had never been possible between him and Fanny.

Now that she had given up, he should feel relieved.

She still had Lin Haolin by her side. However, as time passed, she would realize that she was still young. He was just an insignificant part of her life. As long as she was willing to let him go, she would not have to bear any rumors, she would be able to enjoy her life to the fullest.

As for him... he should be happy for her.

He was someone who should never have appeared in her life. It was the mercy of fate that allowed him to have a family, a foster parent who doted on him, and an obedient and cute little sister. He had already received enough.

Chapter 2323: You are the best gift (29)

One must learn to cherish blessings.

This sentence was told to him by Fanny that he could not lose to his sister.

But in his heart... it was as if it was hollowed out.

It hurt so much that he could not stand straight.

In the end, he still lost her.

For the rest of his life, there would be no one like her, whose every frown, every smile, every anger, every anger, all moved his heart.

If only he was not adopted by the fan family. If only they could meet in a different identity, that would be great.

However, there were no ifs in life.

"Eldest miss, young master fan, the two old masters would like to invite you to the study room," the Butler said as he hurriedly found the two of them.

Zhong Rui Shu looked at fan fan worriedly. Fan fan did not seem to be any different. He only opened his thin lips slightly. "Let's go, it's time to end this."

Zhong Rui Shu:"..."

No one knew what happened after that day.

They only heard that the old master of the fan family had only stayed in the Zhong family for one day when he returned to the country. The next day, he did not even return to the fan family. He did not even visit his precious grandson, Fan Yu. He just took a plane and left.

There were also people who said that before old master fan left, Fan Fan had stayed alone with him in the study for more than half a day. When the grandfather and grandson came out, old master fan looked fine, but fan fan could not even walk, he was helped out by someone.

The next day, Old Master fan left, but Tang qianqi had a new patient in the ward next door. It was fan fan.

The two brothers held hands and sighed about how difficult life was.

A few months later, fan fan and Zhong Ruishu didn't get married and announced a peaceful break-up.

The fan and Zhong families kept their mouths shut about the relationship.

Fan Fan's whereabouts were unknown..

Fani didn't know about any of this.

After she came back from city a, she felt like a completely different person. She locked herself in her room all day long and didn't go out to play. She also didn't like to talk to anyone.

It was as if she had locked herself in an independent world and refused to communicate with anyone.

She focused all her attention on her studies.

Qiao Yuanfei was worried that her daughter wouldn't be able to take it and felt that her condition wasn't quite right, so she told Fan Yu in private.

Fan Yu held a cup of coffee and a financial magazine in his hand. He floated to the door of his daughter's room and stood behind Qiao Yuanfei to take a look, he did not mind. "I think Xiao Ni is really great. The college entrance exam is in a few months. Isn't it good that she is preparing for the exam so seriously? I think it's very good."

Qiao yuanfei rolled her eyes at him. "I think that as long as your daughter doesn't fall in love, you will think that everything she does is good."

Fan Yu's thoughts were exposed. He lowered his head and took a sip of coffee, pretending not to hear anything. He took the magazine and sat down on the sofa.

He sincerely advised Qiao yuanfei, "Our daughter is old and has her own thoughts. Don't worry about her. Our daughter will definitely know her limits when she does things, just like me."

Qiao Yuanfei:"..."

Young master fan, I hope that when your daughter brings her boyfriend back in the future, you will still remember what you said.

Fan Yu ignored her, and Qiao Yuanfei was worried about nothing.

She had secretly chatted with Fani a few times, and even said things like “If your family is rich, you don’t have to worry even if you really can’t get into the exam”. She was sure that Fani only wanted to prepare for the exam, it wasn’t that she couldn’t accept it, but Qiao Yuanfei was finally relieved.

A few families were happy, and a few families were sad.

While the fan family was worried about their daughter, the Lin family was also like a pot that had been uncovered recently, bustling with noise and excitement.

The only son of the Lin family in this generation, the only child, had never received a single red flower since kindergarten. The young master, Lin Haolin, who had failed his exams once, had been obsessed with his studies for the past few months.

Chapter 2324: You are the best gift (30)

From the bottom of the entire grade, from the bottom of every exam, from the passing line can not touch, all the way to the top 100 of the grade.

This month just ended the mock exam, in one breath, he entered the top three of the grade!

The Lin family was so excited that they almost bought all the firecrackers in the city, the whole world was celebrating!

In the end, before they could rejoice, Lin Haolin was invited back by the school.

There was no other reason. Everyone knew that Lin Haolin was a piece of trash.

No one believed that a person who talked about “If you have money in your family, why are you still working hard in this life?” would suddenly work hard and turn around to become a top student.

His exam results this time were too heaven-defying. He was reported and suspected of cheating in the exam venue.

After checking the monitoring of the exam venue, he was confirmed to have not cheated. He was also suspected of having paid off the teacher in advance... just like that, Lin Haolin was invited back to the school. It was not considered cooperating with the investigation if there was no evidence, it was just the “Friendly concern” of the school to ask about his preparation for the exam this time.

Father Lin was shouting that the school was humiliating him by doing this. He wanted to seek an explanation for his son. At the same time, he secretly asked his secretary to inquire about the news and ask if there was really someone who leaked the questions for Lin Haolin.

Speaking of which, no one could be blamed for being suspicious. Even his own father could not believe that this was the result of his son’s exam.

The Secretary went out for a trip and did not find out if there was anyone who leaked the questions for Lin Haolin. He was so scared by the news that he rushed back to Father Lin’s study room like a ghost.

His voice was trembling as he spoke, “Lin, chief Lin, I just received news from the school. It said that young master... Young Master He...”

“What’s wrong with Haolin? Did he really cheat and get caught?”Worry and shame were written all over father Lin’s face.

He stood up from his chair with a Whoosh and walked out with his head lowered with his arms behind his back.

“What did I say?”? I knew that this brat had never done anything serious since he was young. He had never scored 60 points in a single test, so how could he get such good results in one go? I’m really... I’m really... I’m so happy for him for nothing! He thought that he could buy the answers for the mock exam, so how could he buy the answers for the college entrance exam? Stupid! He might as well admit defeat to me honestly and ask me to arrange a school for him... I’ll go to the school right now and see how far he can embarrass me.”

When Father Lin walked to the door, the secretary had already come back to her senses. She hugged his waist with a panicked look on her face. “No, chief Lin, you’ve misunderstood.”

“...”

“After young master arrived at school, he did not defend himself. He only asked the teachers present to give him a test question on the spot. He did it on the spot, and then... and then...”

“And then what? He got it all wrong?”Father Lin asked in despair.

He was already a little reluctant to listen to the Secretary’s answer.

He did not notice that the secretary’s face was full of admiration at that moment. “Young master got it all right. It’s even better than the mock exam. It’s a full score!”

If he did it on the spot, there was no possibility of buying the answer.

And it was a full score..

This was enough to prove Lin Haolin’s ability.

Father Lin suddenly raised his head and stared at the secretary. “What did you say just now? Repeat what you said just now... No, repeat it ten times!”

Full score!

Was this still his son?

“Chief Lin, you didn’t hear wrong. Young master didn’t cheat. He took the top three grades and got a full score. There are more than ten invigilators on the spot. It can’t be fake!”

Chapter 2325: You are the best gift (31)

When Father Lin heard the secretary’s words, he turned around and was about to go to school.

The Secretary thought that he didn’t believe it and was about to stop him when Father Lin pushed him away and laughed, “It’s not that I don’t believe it, I’m going to pick up my son. You’ve given me too much face!”

Before the secretary could come back to his senses, Father Lin, who had a look of disbelief on his face just a moment ago, had already walked to the door.

This speed... how happy must he be?

Before he left, he did not forget to instruct the butler to buy firecrackers and inform the elders to come for dinner. The whole family would celebrate together.

“Dad.”

Father Lin did not go out, but Lin Haolin had already returned.

A youth dressed in casual clothes, with a cap on his head, gently lifted the cap and pushed down his flying bangs.

The corners of his mouth curled up slightly, and his every move carried a bit of a ruffian’s aura.

If it was any other time, Father Lin would definitely say that he did not stand properly. However, at this moment, he was stunned at the door. For a long time, he only looked at his son. His old eyes were red, and he could not speak.

After an unknown amount of time, he finally said, “You Little Brat... I knew that you had my outstanding genes, so you definitely wouldn’t be bad. I just didn’t expect that I would actually live to see the day that you would be successful.”

Father Lin was so excited!

Without Tears, he was already very restrained.

The news of Lin Haolin’s performance in school and his answer questions, which were comparable to a genius youth, had gradually spread.

The entire Lin family was so happy that they couldn’t close their mouths. In the entire upper-class society of City H, who wouldn’t mention the fact that the useless little ancestor of the Lin family had suddenly become successful.

Just like that, Lin Haolin suddenly went from being a disgraced second-generation heir to becoming the model of a straight-A student.

In order to encourage everyone to learn from him, the school specially praised his progress at the flag-raising ceremony on Monday.

Lin haolin appeared obedient on the surface, but in private, he didn’t care about everyone’s praise.

He had already said that he wasn’t stupid, he was just lazy.

In the past, he thought that his grades were good or not, but now it was different.

The girl he liked had too good grades. If he was an underachiever, he felt that he did not have the qualifications to be friends with her.

This time, his exam results were second in the entire grade, only three points away from the first place.

The school had arranged for him to take that test alone, and he got full marks. Everyone was looking forward to whether he would be able to achieve a breakthrough next time, and go from being the last in the grade to becoming the real first.

Only Lin Haolin himself knew that he would not.

Because the person in front of him was Fanny.

Second place was enough.

Seeing their names appear side by side on the same list, that feeling was really indescribably comfortable!

When Lin Haolin received the report card, his long fingers flicked the crisp paper. He looked at the name in front of him, he said something sweet, "I'll stand behind you and you'll see me when you turn around. Girl, when will you see me?"

Lin Haolin took the report card and walked to the windowsill. He found the brightest spot and spread it out. He took a few photos of the two names next to each other and then chose the most clear one, he sent it to Fanny.

After sending out the photos, he put the report card into the drawer. He lay on the bed with one hand on his head and waited quietly for a reply.

After waiting for a long time, he did not receive any news from Fanny. He made a call.

He was ready to show off his results and get some benefits from her, such as having a meal or watching a movie..

Chapter 2326: You are the best gift (32)

In the end, no one answered his phone.

Lin Haolin made several calls in a row, but no one picked up.

In a hurry, he directly called the fan family Villa. From the butler's mouth, he found out that Fanny had been sick for the past two days and had not left her room for the entire weekend.

Before Lin Haolin could think of an excuse to visit Fanny at the fan family, his room door rang first.

"Knock Knock!"

There were two crisp knocks again, but there was no response. Father Lin, who was outside the door, immediately shouted at the top of his voice.

"Haolin, why are you hiding in your room with your report card? The elders in the family heard that you got good grades and came to visit you. Hurry up and come out to have a chat with everyone. Remember to bring your report card out!"

Having raised his son for more than ten years, he was finally able to hold his head high.

Father Lin's mood was even more smug than him getting full marks.

He wished he could put a rope around Lin Haolin's neck and lead him to visit his family and friends from door to door, letting everyone know that his son got into the top three of the grade.

How could he tolerate him hiding in his room with his report card in his hand.

Hearing his words, Lin Haolin narrowed his eyes. A dim light flashed in his eyes as he abruptly sat up from the bed.

He walked forward and opened the door.

He saw father Lin, who was grinning from ear to ear outside the door, suddenly, he said, "Dad, it's just a mock exam. Let's put aside the celebration for now. I have something more important to tell you. It's a matter of whether or not I can get into a top-ranked school during the college entrance examination!"

Father Lin: "..."

—

At the fan family Villa.

Fan Ni was sick. She was so sick that she suddenly had a fever. It took her an entire night before someone noticed.

She was rushed to the hospital and hung up the water. She slept for half a day before she woke up in a daze.

Whatever fan Yu and Qiao Yuanfei asked, she said that she did not know. When they asked her why she had a fever, she hesitated for a long time before saying that it was probably because she read too late at night. She fell asleep on the table and caught a cold.

She was still sick. Fan Yu and Qiao Yuanfei's hearts ached for her. How could they bear to scold her anymore.

After bringing her back to the villa and making sure that her fever had not relapsed, Fan Yu and Qiao Yuanfei went out of the room quietly and closed the door for her.

Just as they were about to order the butler to prepare some porridge for fan ni to drink when she woke up, the Butler ran in from outside the door with a panicked expression. "President fan, there are people outside the door... there are many cars..."

"What are they? Are they here to cause trouble?" Fan Yu frowned and reached out to pull Qiao Yuanfei to his side. He subconsciously protected his wife first.

"They are not here to cause trouble, they are here to give gifts. There are dozens of cars full of gifts. From the entrance of our villa all the way to the street, the traffic at the intersection has been blocked. The person in charge of giving gifts has been shouting outside the door, asking the guards to let them in. However, I took a look at the leader and did not recognize him at all. This gift is a little strange."

The Butler managed to find his voice with great difficulty and finished his sentence in one breath.

The Butler had been in the fan family for many years and was not someone who had not seen the world. It was not a small matter for him to lose his composure.

Fan Yu held Qiao Yuanfei's hand and walked out.

When he reached the front door of the villa, he saw a row of luxurious cars and a pile of gift boxes on top of the cars. His footsteps paused slightly.

"What's going on?"

Fan Yu was about to continue walking when Qiao Yuanfei suddenly stopped him.

"Fan Yu, don't you think that the people outside don't look like they're here to give gifts, but to offer betrothal gifts?"

Fan Yu: "...!!"

Chapter 2327: You are the best gift (33)

Betrothal?

Betrothal? whose betrothal? !

Fan Yu's expression changed instantly. He stared at the row of luxury cars outside, and the more he looked, the more frightened he became.

His daughter was not an adult yet. If anyone dared to betrothal, he would break that Brat's legs!

"Butler, no matter who comes, Chase them out!" A trace of hostility flashed across fan Yu's gentle face, and he ordered without hesitation.

He was not in the mood to watch the show anymore. As soon as he heard Qiao Yuanfei's words, he wanted the mess to disappear immediately.

"Hey, wait a minute!" Qiao yuanfei pulled him back and looked at the situation outside the gate.

The dozens of luxury cars stopped at the gate of the fan family. Such a big scene had been known by everyone. If they chased them out without asking clearly, who knew what would happen then.

If someone took the opportunity to spread rumors, it would really be bad for their daughter.

"Since they are here, you should at least ask clearly. I was just guessing. What if I guessed wrong?"

Fan Yu did not say anything. Qiao Yuanfei had already instructed the butler to go out and ask whose family had sent this carriage of gifts.

"Yes, I will go out and ask." The Butler reached out his hand to press the winter hat on his head and hurriedly walked out.

Fan Yu did not stand to listen to the news. He pulled Qiao Yuanfei and walked out of the door.

Seeing that the Butler had asked a few people in a row and no one knew what was going on, Fan Yu frowned and said in a deep voice, "You are only responsible for delivering things. Then, you should know who this thing is for, right?"

"The Lin family. It was chief Lin who ordered us to deliver it."

As soon as he finished speaking, two people suddenly got out of the last car.

The ones walking at the front were father Lin and Lin Haolin.

The Lin family was a well-known figure in City H. together with the virtue of their ancestors, they had done many good deeds and were somewhat famous in City H.

Father Lin's name was Lin Yao. He was a decent and optimistic person. He had many dealings with fan Yu in the business world.

As soon as he got out of the car, he immediately walked forward and extended his hand to Fan Yu.

"Director fan, we meet again!"

"Hello, Uncle Fan." Lin Haolin followed beside Lin Yao. He had changed into a white shirt and suit pants. At this moment, he was wearing a bow tie around his neck. He was as well-behaved as he could be.

In Lin Yao's words, he looked like a dog and was quite good at scaring people.

Lin Haolin also pretended to be very well-behaved. When he saw fan yu shaking hands with his father, he greeted him respectfully.

Fan Yu glanced at him but did not reply.

His gaze stopped on Lin Yao. Then, he glanced at the motorcade behind them and slightly opened his thin lips. "Director Lin, what is the meaning of your display today?"

Fan Yu did not show any emotions on his face, but in his heart, he had long wanted to curse.

What did he say?

If he was being solicitous for no reason, he was either a traitor or a thief!

Qiao Yuanfei did not believe him and said that there might be another reason.

Did you see it now? Lin Yao had personally brought his son to his house and brought so many gifts with him. If he was not here to make a betrothal, could he have come to his house to meet his younger sister?

If Fan Yu did not think that the two families had some sort of relationship in the business world, he would have chased Lin Yao away without even bothering to ask!

No, why didn't he send someone to the Yu family just now to borrow Yu Yuehan's excavator in case he needed it.

Lin Yao did not know what fan Yu was thinking. When he heard what fan Yu said, he laughed so hard that he could not close his mouth.

That laughter made fan Yu feel guilty when he heard it.

The fan family and the Lin family did have a collaboration, but Lin Yao did not need to smile so apologetically for the amount of business they had done together.

Chapter 2328: You are the best gift (34)

Usually, if someone took the initiative to express their goodwill, it was most likely because they had a guilty conscience.

For example, the brat from the Lin family had kidnapped his daughter!

Fan Yu was about to flare up when Lin Yao spoke first.

“This matter is really embarrassing. However, I came here today to sincerely thank President fan... And Your Daughter. I wonder if Fanny is at home? “I want to meet her. President fan, look at all these things I brought. I haven’t even had the chance to tell you. These gifts are all for Fani. President fan, you have taught your daughter well. Our Lin family will also benefit from it.”

Fan Yu:”...”!!

He had guessed correctly. The Lin father and son were here for his precious daughter.

His daughter was not even an adult yet. were the Lin father and son even human? !

Fan Yu’s face darkened. “Butler, kick them out and close the door!”

Lin Yao:”...”

Lin Haolin:”...”

Lin Haolin reacted before father Lin could react. He rushed to Fan Yu and stopped him from leaving. “Uncle Fan, let me explain. Fanny and I... Ouch!”

Before Lin Haolin could finish his sentence, Fan Yu had already punched him in the left eye.

Half of his eyes instantly turned black.

“I’m warning you. If you dare to tell me that you and Xiao Ni are truly in love with each other and that you want me to fulfill your wish, I’ll beat you to Death Today!” Fan Yu gritted his teeth and said.

The examples of Tang Qianqi and Xiao Liuliu were still in front of him. Now that Fan Yu saw Lin Haolin, he felt his eyes turn red.

Lin Haolin:”...”

Lin haolin: “Uncle Fan, I’m just a classmate of the girl. I came here today just to thank her.”

Fan Yu:”...”

The anger on Fan Yu’s face froze. His expression stiffened. “What did you say just now? Say It again.”

“Are you really just classmates?” Fan Yu asked warily.

Lin haolin nodded.

Fan Yu stretched out his hand and pointed at the pile of gifts outside the door. He sneered, "But why did you bring so many gifts from your parents? People who don't know would think that you're here to Betroth."

Lin Haolin:"..."

He wanted to betroth, but he needed Fanny's permission.

He wasn't thinking that although Fanny still didn't like him, he already regarded fan yu and Qiao Yuanfei as his future parents-in-law in his heart. This was the first time they were meeting officially. Bringing more gifts would give him a good impression.

Now it seemed like she was shooting herself in the foot.

The first time they met, she was already being guarded like a wolf.

Lin Haolin's mind was quick. When he saw Fan Yu's attitude change and the scene in front of him, his eyes narrowed and he looked at his own father.

Father Lin was indeed a person who worked in the business world. His reaction was fast enough.

When he saw the opportunity, he immediately squeezed in front of Fan Yu and explained.

"It's a misunderstanding, it's all a misunderstanding. It's my fault for not explaining clearly. Actually, I personally brought Hao Lin here today to thank fan ni for helping Hao Lin with tutoring. I'm afraid that President fan has also heard about it. This rascal of mine used to know how to eat, drink, and play. Ever since he met Fan Ni and became her classmate, he changed his ways. This time, he managed to get me second place in the mock exam... I was both happy and excited. I was thinking of coming to the fan family with his mother to personally thank her benefactor."

"Tutorial?" Fan Yu startled, turned to see qiaoyuanfei.

Chapter 2329: You are the best gift (35)

Qiao Yuanfei was not sure either, so she whispered, "I didn't hear Xiao ni mention anything about tutoring, but I think I heard her mention something about a classmate whose grades are very bad, and she even dared to bet with her that she would definitely pass the exam..."

"That classmate is me."

Lin Haolin heard Qiao Yuanfei's words, so he did not care whether it was polite or not, and anxiously pointed at his own nose to admit it.

When he heard this, Fan Yu's expression turned slightly better.

Then, he snorted coldly, "Who knows if you're using the excuse of tutoring to kidnap my daughter."

Qiao yuanfei nudged fan Yu with her elbow, telling him to restrain himself.

How Old was his daughter? He kept saying that he was going to be a joke if word got out.

Lin Haolin felt guilty and did not dare to reply. When he saw Qiao Yuanfei helping him, he quickly raised his hand and promised, "Uncle Fan, I really came to thank the girl. Also, I heard that she's sick and I'm very worried about her. Can I go in to see her?"

"Sure, sure. Come in." Qiao Yuanfei rushed in front of Fan Yu and asked the butler to bring Lin and Lin Haolin in first.

Her gaze fell on the cart of gifts outside the door and she could not decide whether to accept them or not.

"Let the Butler Open the door first and move all the cars in. It will take some time to decide whether to accept them or not. There are so many cars blocking the road. The traffic police will be here soon. Don't make a big deal out of this."

After Qiao Yuanfei gave her instructions, she pulled fan yu into the living room.

Qiao Yuanfei was gullible, but Fan Yu was not. His instincts told him that this rascal Lin Haolin definitely had designs on his daughter.

Fire, burglar, and male students!

Especially male students who liked to look for his daughter for tutoring.

It was one thing to communicate together in class, but to study together after class. As time passed, and his little princess was so lively and cheerful, it was hard to guarantee that they would not have any puppy love.

On the way from the courtyard to the living room, Fan Yu told Qiao Yuanfei about his thoughts. Qiao Yuanfei rolled her eyes at him.

"That's enough. Don't act like you're as mysterious as young master Han. Have you forgotten what Xiao Liuliu said to you in private? Didn't your godfather promise Xiao Liuliu that you would definitely be more open-minded than young master Han and would not interfere with her daughter's normal social life?"

Fan Yu: "..."

Fan Yu: "Can I be the same as Yu Yuehan? This is a reasonable deduction!"

Qiao Yuanfei: "Come On, I think the two of you are birds of a feather. Don't talk later, I will entertain the guests."

Fan Yu: "..."

—

In the living room.

Lin Yao and Lin Haolin sat on the sofa. Both father and son sat in a very well-behaved manner.

Lin Yao was an elder. Although there was no need for him to be formal, the moment he thought about how his son had taken a fancy to the good daughter that the fan family had painstakingly groomed and

even used the excuse of learning from each other to visit her., the dilemma in his heart as an accomplice was really... complicated.

He then glanced at his son from the corner of his eyes.

Oh, this rascal. I've never seen him sit so upright before, have I?

His hair was cut, his clothes were changed, and his body was stiff. The more he looked at him, the more he looked like he was when he was young.

"Dad, I haven't seen the girl yet." Lin Haolin's mind was completely focused on Fanny. As soon as he entered the living room, he had already looked around. He did not see Fanny. He sat on the sofa, but his heart was still empty.

He only knew that Fanny was sick. He did not know how she was doing.

It was not appropriate for a junior like him to ask such a question directly.

Lin Yao heard his words and coughed twice. He raised his head to look at Qiao Yuanfei.

Chapter 2330: You are the best gift (36)

"About that, when I was outside just now, I thought I heard the butler say that Fanny was sick. I wonder how she's doing?"

Lin Yao rubbed his hands, he blushed. "As you all know, my son has never been successful since he was young. I didn't expect him to do well in the exams. I planned to sell my old face to donate something and ask for a favor. I wanted to see if I could arrange a decent university for him. It was Fanny who saved him and even helped him to turn over a new leaf. To put it bluntly, Fanny is not only the benefactor of Hao Lin, but also the benefactor of our Lin family. When I heard that she was sick, I was so anxious that I couldn't sit still... I wonder if I could see her?"

Lin Yao's words were sincere. Lin Haolin was moved when he heard it, not to mention Qiao Yuanfei.

"Xiao Ni just came back from the hospital. Her fever has subsided and she's sleeping inside. You guys sit down for a while. I'll go in and see if she's awake." Qiao Yuanfei turned around, Lin Haolin immediately gave his father a thumbs up.

He did not hold back in his praise, "Dad, it's a pity that you're not going to act."

After he said that, he received a slap on the back of his head. Father Lin huffed, "You still have the face to say that? Don't you think about who I'm doing this for? If you were half as obedient and sensible as Fanny, I would be able to laugh even in my dreams."

"As long as I can be with Fanny, I'll learn everything from her in the future," Lin Haolin expressed his stance quickly.

Lin Yao had nothing to say.

Ever since he found out the reason for his son's improvement in his studies, not only did Lin haolin urge him to visit him to thank him, even if Lin Haolin did not request it, Lin Yao would still come.

His Lin family only had one child, and he could not be counted on. Now, he had become a gifted student.

Lin Yao's words just now were a little exaggerated, but most of them were true.

"Kid, you better be serious. If you dare to bully Fanny, not only will the fan family not let you off, even I will not forgive you!"

Lin Haolin did not reply. His thoughts had already flown to the door of Fanny's room. He wanted nothing more than to immediately go in and see her.

Seeing Qiao Yuanfei waving at him, he walked forward without a word.

"Auntie."

"Xiao Ni is awake, but she is not in good condition. I asked her. She heard that it was you who came and said that she could see you." Qiao Yuanfei opened the door for Lin Haolin and motioned for him to go in.

Lin Haolin was about to run in when he thought of something. He held back and turned around to say "Thank you" to Qiao Yuanfei. Then, he raised his hand to knock on the door and called out to the person in the room.

"Ni, I'm coming in."

He walked in slowly.

The moment the door closed, he turned around to look at Qiao Yuanfei's expression that was full of praise. He praised himself in his heart.

He turned his head, and in the room, Fanny was leaning against the headboard of the bed, looking at him with disdain.

"You acted well. Do You Need an award?"

Their eyes met, and Lin Haolin was stunned. Then, he pounced on her.

"Girl, I missed you so much..."

Fanny was hugged by him, and when she came back to her senses, she pushed his chest and gritted her teeth. "Hey, can you be a little more shameless? You acted so gentlemanly in front of my mother just now, and instantly became a beast!"

"I'm really worried about you." Lin Haolin suddenly let go of her and stood up. His dark eyes stared at her haggard face as his gaze darkened.

"Girl, you're sick because of your brother..."

"Lin Haolin!" A trace of panic flashed across Fanny's eyes as she reached out to cover his mouth.
