

My Life 2331

### Chapter 2331: You are the best gift (37)

“What nonsense are you spouting?” Fanny anxiously turned her head to look at the door. After making sure that no one had entered, she suddenly heaved a sigh of relief.

Lin Haolin took in all of her reactions. He narrowed his eyes and sneered, “Girl, if I’m just spouting nonsense, why are you panicking?”

Fanny:”...”

“If you don’t want to talk about city a, I can pretend that I don’t know anything. But you have to promise me that you’ll take good care of yourself and don’t make me worry... What I mean is, if you fall sick, who will be able to supervise my studies?” Lin haolin propped himself on the headboard with one hand, he bent down and approached Fanny.

The distance between the two was too close. Fanny raised her head and almost kissed him. She was so scared that she shrank back.

She glared at him.

“If you’re talking, then talk. Why Are You So Close? If my dad sees you, he’ll definitely break your legs.”

“You’re worried about me?” Lin Haolin raised his eyebrows and asked in a light tone.

It seemed that his mood had suddenly improved.

Fanny rolled her eyes at him, she mumbled, “I really don’t know if you’re really stupid or pretending to be stupid. I’m looking down on you. Men and women can’t be intimate. It’s the same for male and female students. If you take advantage of me again, be careful that my father doesn’t find out. You’ll be beaten up by me until your teeth are all over the floor.”

“I don’t believe it. You Can’t bear to part with me.” Lin Haolin still pretended to be obedient even though he had taken advantage of her.

The girl he liked was right in front of him. It was fine if he couldn’t confess, but if he did everything according to the rules, he would have to wait for a long time before she found out about his existence?

Fanny was completely helpless against his shameless ways. She simply lay down, pulled the blanket over her chest, and said, “I’m going to sleep. If you’re fine, you can leave.”.

However, Lin Haolin pretended not to see her and even reached out to touch her forehead.

“What are you doing!” Fanny frowned.

Lin Haolin sat next to her, and the teasing in his eyes disappeared. He asked seriously, “Has the fever really subsided? Are you still feeling unwell?”

“No... I’m fine. It’s nothing to begin with. Don’t look at me like that. I Can’t take it,” Fanny stammered.

She was still more used to Lin haolin messing around with her. Although he wasn't serious, at least he didn't put any pressure on her.

He suddenly became serious. She didn't know how to talk to him.

"Girl, are you really okay? If you're in a bad mood, you don't have to hold it in. You can tell me. I promise, I won't say a word." Lin haolin raised his hand and promised, seeing that she pursed her lips and did not say anything, she thought for a moment and said.

"Actually, I know in my heart how your illness came about. You know in your heart too. But have you thought about it? You're already sick. It's impossible that your brother didn't receive the news. He knew that you were sick and still didn't come back to see you..."

"Lin Haolin, stop talking!" Fani glared at him angrily. She grabbed a pillow beside her and threw it on the ground.

It was unknown whether she was angry at Lin Haolin or at herself.

Her eyes were slightly red. She bit her lips and tried hard to suppress her emotions.

Seeing her like this, not only did Lin Haolin not stop talking, he continued to speak.

"Let me tell you something that you might not know. Your Brother broke up with his girlfriend. I just heard the news. It's said that they broke up peacefully. Whether it's really peaceful or fake peace, I don't know."

"..."

"I just want to tell you that he has already broken up. Now that he has no ties and you're sick, he still hasn't come back to see you. This proves that he doesn't have you in his heart at all."

### **Chapter 2332: You are the best gift (38)**

"If it were me, the girl I like would be sick. Even if I can't see her, I would try my best to meet her," Lin Haolin said indignantly.

At first, he didn't know that Fanfan and Fani weren't biological siblings.

Seeing them in city a didn't seem right, so he didn't think too much about it. Later, when he found out, although he was shocked, he didn't think much about it.

They were not related by blood. If they really wanted to be together, they only needed the fan family to cancel the adoption procedures for fan fan.

Legally and ethically, it was all logical.

However, Lin Haolin saw fan fan had a girlfriend with his own eyes. In the Zhong family, he chased after Zhong Rui Shu without hesitation..

He was the only one who felt sorry for his girl.

“They broke up...” Fan ni mumbled in a daze. She looked at Lin Haolin in surprise and licked her lips nervously. “Do you know why?”

“No one said anything. It seems like it was because of a bad personality. That’s what the Zhong family said. They didn’t say anything either. It seemed like they had an agreement and didn’t cause any trouble. The matter passed just like that. They did, but you got sick.”

Lin Haolin wanted to say something, but he stopped when he saw that Fani didn’t look too good.

He thought for a while and asked again.

“Kid, your brother broke up with his girlfriend. Will you... forget it. Why would I ask such a question that would make me unhappy? Your fever has subsided, so you can’t just lie there and not go out. My dad is here too, and he brought you a lot of presents. Do you want to go out and take a look?”

“...”

Before Fanny could recover from his words, Lin Haolin had already pulled her up from the bed. He helped her put on her coat and pushed her out.

“Slow down, my slippers are going to fall off...”

“Wait, I haven’t washed my face and my hair isn’t tied...”

“Lin Haolin...”

“Girl, my dad is just here to thank my benefactor. It’s not like an ugly daughter-in-law wants to meet her in-laws. Why Are You So Nervous?” Lin haolin smirked and teased her.

Hearing this, Fanny was stunned and used her elbow to press against his chest.

Lin Haolin felt the pain and grunted, “Little girl, it hurts.”

“Let’s see if you still dare to spout nonsense.” Fanny said that she did not care. She reached out her hand to pull at her hair twice and put on her coat before following Lin Haolin out.

In the living room.

Lin Yao was chatting with Qiao Yuanfei. The content of their conversation was all about the child’s education.

To be more precise, Lin Yao had been praising Fanny and Qiao Yuanfei for their good education. He praised Fanny for being smart and well-educated, so that her parents would not have to worry, unlike his own son.

“This B \* stard... This brat has never let me breathe a sigh of relief ever since he was born. When he was young, I had to worry about his health. When he grew up, I had to worry about him even more. Even when he was studying, he made me beg for help from my grandparents. I really did not expect that he would one day be able to use his own abilities to make me proud. Speaking of which, it was all thanks to your fan Ni.”

“You’re too kind, chief Lin.” Qiao Yuanfei had a good impression of Lin Haolin and praised him with a smile.

Fan Yu, on the other hand, remained aloof the entire time. He sat at the side with an expressionless face and took out his phone to send Yu Yuehan a message.

Lend Me the excavator!

Yu Yuehan did not lend it to him and took the opportunity to mock him: [ the fan family has such a big business. Can’t you afford an excavator? ]

Fan Yu gritted his teeth.

Could it be that he could not afford it? ! Who would be like Yu Yuehan, who would always have an excavator at home and wait to dig into the walls of someone else’s house? !

Yu Yuehan scoffed, “What do you know? This is called ‘better safe than sorry’. You Don’t care about it. Don’t borrow it from me now. When your daughter is kidnapped, I will personally drive an excavator to congratulate you.”

Fan Yu:” ...”

### **Chapter 2333: You are the best gift (39)**

Can’t he just live a good life?

Why did he want to borrow an excavator from Yu Yuehan?

Fan Yu was just about to stuff his phone into his pocket when Yu Yuehan continued to send a message, [ I think you will probably need it frequently in the future. For the sake of being brothers for many years, I advise you not to borrow it from me. Buy One yourself. We always have an excavator at home so you can sleep at ease. ]

Fan Yu:” ...”

He almost believed it.

Fan Yu stared at the message that popped up on his phone and imagined Yu Yuehan’s smug face on the other end of the phone.

His warm eyes flashed slightly, and the corners of his mouth curled into a mocking smile. He typed slowly: [ you are amazing because you have an excavator. So what? Xiao Liuliu was still kidnapped. ]

Yu Yuehan:” ...”

Fan Yu looked at the Speechless Yu Yuehan with satisfaction and felt extremely comfortable in his heart!

He put his phone into his pocket and raised his head. When he saw Lin Haolin and fan ni walk out of the room side by side, his pupils constricted.

His eyes were filled with vigilance.

He was desperately trying to save face when he chatted with Yu Yuehan. Although he said that he did not care about it, he really did care about it in his heart.

His daughter was only seventeen years old!

She was not an adult yet. If she were to give him a boyfriend at this time, he was afraid that he would be so angry that he would faint on the spot..

Fortunately, Lin Haolin and fan ni only walked out side by side and did not hold hands. There was still a distance of half a body between the two of them, so they did not look like a young couple.

“Father, mother.”Fan Ni walked in front and called out obediently.

Then, her gaze fell on the middle-aged man on the sofa. She recognized that he was Lin Haolin’s father and greeted him politely, “Hello, Uncle Lin.”

“Good, good, good.”Lin Yao smiled so much that his eyes narrowed into slits. He kept praising Fanny.

“Haolin is insensible. It’s all thanks to you that he can make such progress now. Uncle Lin specially came to see you today to give you a gift.”

“Uncle Lin is too polite. Actually, it has nothing to do with me. It’s Lin Haolin’s own efforts.”Fanny’s fever had just subsided, and her face was still pale. Hearing Lin Yao’s words, she replied politely.

After saying that, Lin Yao looked at her with even more fondness.

He had thought that the fan family was big and that Fan Yu and Qiao yuanfei only had one pearl in their hands. However, they would definitely dote on each other as much as they wanted. It was inevitable that they would be spoiled.

He did not expect that not only did Fanny have exquisite facial features, she also had an outstanding temperament. She was also well-mannered and graceful.

He could not see any trace of the arrogance of a rich and powerful young lady on her.

If such a good girl could really be together with the rascal of his family, it would definitely be a virtue of his Lin family in his previous life.

Seeing the rascal of his family working hard for the Smile of a beauty, he was afraid that he would not have to worry in the future. Killing two birds with one stone!

It was just that the two children were too young..

Lin Yao composed himself and decided to take things one step at a time. He cleared his throat and said.

“Uncle Lin really likes obedient children like you. You Don’t have to stand on ceremony with me. Although the gifts outside are nothing, they are all from the Lin family. From now on, you are our Lin family’s benefactor!”

“Uncle Lin, I... I can’t bear it...”Fanny’s face was muddled. Just as she was about to decline, Lin Haolin interrupted her.

"I can bear it, I can bear it. What my father said was from the bottom of my heart. It's all thanks to you that I was able to get to where I am today. After you accept the gifts, I feel embarrassed to continue disturbing you and ask you to tutor me. Girl, did you forget that you said that you would treat me as a friend and help me tutor?"

#### **Chapter 2334: You are the best gift (40)**

"..."Fanny paused and glanced at Lin haolin with disdain.

In front of Lin Yao, she did not roll her eyes at him.

This guy was really addicted to acting.

When did she tutor him? She was clearly mocking him back then and was certain that he would fail the exam. She did not expect that not only did he pass the exam, but he was also doing so well now.

Fanny admitted that she had underestimated him back then, but giving him tutoring was something she had never done before.

She could not accept this gift without merit.

Fanny licked her lips in front of the elders, she gave Lin Haolin some face. "I can't accept the gift, but if you need tutoring in the future, you can come to me. I will try my best to help you... but with your current results, you don't need to come to me for tutoring, right?"

"There's no end to learning. Of course I need it,"Lin Haolin said without hesitation.

Fan Ni:"..."

Let him be. As long as he was happy.

Fan Yu had never agreed to keep the gift in the first place. Now that he heard that his daughter had the same thoughts as him, the worry in his heart instantly disappeared.

If he didn't want to keep the gift, then it definitely wasn't a dowry.

Even if it was a dowry, the fan family had already sent it back.

His little princess was still his.

When he saw that the two children were really just classmates, Fan Yu's attitude immediately became polite. Even the way he looked at Lin Haolin was not as unpleasant as before.

He politely sent the Lin father and son away.

Fan Yu turned around and hurriedly called his assistant with his phone.

Qiao yuanfei asked in puzzlement, "What do you want?"

Fan Yu did not even raise his head. "Get Someone to buy an excavator. Yu Yuehan is right. Xiao Ni will be having her coming-of-age ceremony soon. Although today's incident was a blunder, we can't guarantee that a real incident will happen soon. Better safe than sorry!"

Qiao Yuanfei: "..."

In the courtyard, Fan Yu and Qiao Yuanfei had a dispute over the matter of buying an excavator.

Fan Ni did not participate in the discussion. After sending Lin Haolin and his son away, she went back to her room and closed the door.

The weather these two days was a little warmer. When the winter sun shone on people, it would make them feel warm.

But she still felt cold.

It was the kind of cold that seeped out from her bones.

She had been pampered since she was young. She had no other shortcomings except that her body was weak.

There was nothing wrong with taking good care of her. If she was not careful, she would easily get sick.

The cause of this fever was also very simple.

She was in a bad mood and secretly drank half a bottle of red wine from the wine cabinet. After drinking, she was a little drunk. She leaned on the windowsill and looked at the moon outside the window. As she looked at it, she fell asleep..

She even had a dream.

In the dream, she was very brave. She rushed to her brother alone, grabbed his clothes, and waved her fists to ask him why he could not like her.

But before he could answer, she started to cry herself.

She grabbed his clothes with her nose and tears, and promised him that she would not pester him in the future. She would try to forget him, even if she couldn't.

In the dream, he was not as cold as reality.

He would look at her with his heart aching, and he would reach out to hug her. He would touch her head and tell her not to cry, saying that he actually liked her.

It was a dream..

When Fanny woke up, her clothes were wet. She must have cried in a dream.

She blew on the windowsill again. When she got up, she had a fever and was confused.

For a moment, she really thought that she was not dreaming. Her brother was really back.

### **Chapter 2335: You are the best gift (41)**

But when she woke up in the hospital bed, she knew that everything was her own wishful thinking.

Fanny shook her head, not letting herself think about the past.

She took off her coat and lay back on the bed. The high fever had just subsided, and she only went out for a walk, but she felt cold and dizzy.

She crawled into the blanket and wrapped herself tightly in it.

She closed her eyes and wanted to go to sleep. However, when she closed her eyes, she saw fan fan chasing after Zhong Rui Shu and Lin Haolin telling her that fan fan had broken up with Zhong Rui Shu..

Didn't he like Zhong Rui Shu very much? Why did they break up?

He had not returned home once in the past few months. His mother had called him, but he had not returned.

Even though fan ni did not ask a single question, she knew better than anyone else.

Fan Fan was avoiding her.

He probably did not even want to see her.

She had initially thought that it was because of Zhong Rui Shu. After all, he already had a girlfriend, so it was only right for him to keep his distance from the other members of the opposite sex. Even her sister, who was not related by blood, should also keep her distance.

But now... he had broken up with Zhong Rui Shu.

Why?

Was it because of her?

Fanny's mind was a mess.

She was obviously very sleepy, but she could not fall asleep no matter how hard she tried.

She picked up her phone and wanted to give him a call to ask about it. However, before she could make the call, she thought of something and put her phone down with a self-deprecating smile on her face.

What was she still waiting for?

She had promised to let him go. She had been trying so hard for so long. Was it just because she heard that he had broken up with her?

Even if he did not love Zhong Rui Shu, it would not be her.

He had made it very clear that he only treated her as his sister. There was no possibility between them..

He did not want to go home. Perhaps it was because he could not bear to break up with Zhong Rui Shu. He was somewhere, reminiscing about his lost love.

Fanny wiped the tears from her eyes and waited for her emotions to calm down. She took out her phone and sent a message to Lin Haolin, answering a question that he had asked her countless times, but she had never answered.

[ after the college entrance exam is over, I will study abroad. ]

--

City A.

In the hospital ward.

Tang Qianqi was holding a lunch box with one hand and pushing the door open with the other. He turned his body to the side and let Yu Liuliu, who was following behind him, enter first.

He walked in slowly and closed the door with a lift of his foot.

The two of them walked side by side to the only bed in the VIP ward.

"Auntie called again to ask. Today, even uncle fan said that he would let you go home when you have time. Don't let the family worry. Brother fan fan, are you really not going to tell them?" Yu Liuliu said as soon as he walked into the ward, he immediately lost his cool and said.

"Ahem!" When the person on the bed saw them coming, he tried to sit up. The moment he moved, he immediately coughed a few times.

Yu Liuliu quickly went to the head of the bed and poured him a cup of warm water.

"You have really grown up. You can take care of people now. If uncle Yu finds out, he will be very pleased." Fan fan drank a mouthful of water and teased with a smile.

His handsome face was pale from his long illness.

Yu Liuliu pursed his lips and said, "You're changing the topic again. Every time you bring up this issue, you start avoiding it. You've been sick for So Long..."

"It's not a serious illness. I'll be fine after recuperating for a period of time. If the family finds out about this, they will only be more worried." Fan fan put down the glass of water and opened his mouth.

Hearing this, Yu Liuliu immediately refuted in disagreement.

### **Chapter 2336: You are the best gift (42)**

"What minor illness? You've been sick for almost three months. If Qi Qi and I hadn't gone to look for you on a whim, no one would have seen you die from your illness. The Doctor said that you didn't take your body seriously enough to cause your cold to accumulate in your lungs. If you had come a little later, I'm afraid it would have turned into pneumonia!"

Yu Liuliu still felt a lingering fear when he recalled what they had seen at fan fan's house when they had gone to look for him.

The house was in a mess and there were empty wine bottles all over the floor. It was no different from a rubbish dump.

Fan Fan was the only living thing in that rubbish dump.

He was completely drunk.

If they had not gone there, he would not know how long he would have been drunk. He did not even know that he was feeling unwell. All he did was talk nonsense and shout a person's name..

Yu Liuliu could be considered to have grown up with fan fan as a childhood friend. He only knew that he was good in every way. He had never seen him look so down and out.

It was as if his entire body had been hollowed out, leaving only a shell.

Every time he thought about it now, he could not bear it.

Only fan fan himself could pretend that nothing had happened.

"Doctors like to exaggerate things. It's not that serious. Don't you see that I'm Fine Now?" Fan Fan's eyes flashed as he took the lunchbox that Tang Qianqi handed him. He opened it and saw the plain porridge inside. His brows furrowed slightly.

Tang Qianqi knew what fan fan was going to say. He spoke first, "If you don't listen to the Doctor's advice, you will end up like this if you don't treasure your body. You can only eat porridge."

Fan Fan:"..."

The two of them were in sync today. They wanted to make things difficult for fan fan.

"I will call home in a few days and tell my family personally." Fan fan compromised.

Tang Qianqi pulled a chair beside him and sat down on it. He then carried Yu Liuliu to his lap, he teased, "I'm not worried about uncle and Auntie fan. I just want to know what happened between you and Zhong Rui Shu." "Didn't you already talk about marriage? Why did you break up all of a sudden?" "And your great-grandfather, he suddenly left after only returning to China for a day. I heard that you were punished to kneel in the study the other day and couldn't even walk when you came out. The Zhong family is really tight-lipped. I've been asking around for a long time, but I still haven't found out what happened that day."

"..."

"And Xiao Ni, if she didn't see you for three days, she would definitely make a big fuss and look for you everywhere. This time, you disappeared for a few months, and she didn't even ask a single question. This isn't normal, this is too abnormal... Ouch!"

Before Tang Qianqi could finish his sentence, Yu Liuliu suddenly pinched his thigh.

He couldn't help but shout out in ecstasy.

Yu Liuliu ignored him and looked up at fan fan. When he saw that fan fan's face had turned pale in an instant, he angrily pinched Tang Qianqi again.

What's the point of mentioning Xiao Ni when you're just gossiping.

He knew that this was a lightning strike. Why did he have to bring up this topic.

Tang Qianqi was beaten up twice in a row and he was on the verge of tears. Seeing that Yu Liuliu was about to make a move.., he quickly raised his hands in surrender. "I was wrong, I was wrong. I Won't say

anymore, Alright? Besides, brother fan and Xiao Ni can hide for a while, but they can't hide forever. In name, they're still brother and sister, and they have the same parents. In the end, they still have to meet."

"You still say..." Yu Liuliu stepped on Tang Qianqi's foot again. Although he scolded him, he actually agreed with Tang Qianqi's words in his heart. Coincidentally, she had just learned of a piece of news today.

Yu Liuliu pursed her lips and hesitated for a few seconds before she slowly said, "Brother fan fan, I heard that Xiao Ni is going abroad."

### **Chapter 2337: You are the best gift (43)**

"..."

Fan Fan's body froze on the hospital bed. The expression on his face did not change much, but the color of his blood had faded even more.

The light in his eyes dimmed in an instant, making Yu Liuliu feel a little uncomfortable. He could not hold himself back and revealed everything that he knew.

"Xiao Ni is sick. I just found out about it. I heard that she has a fever. Her fever is quite bad. She was in the hospital for a whole day and was just brought home."

"She has a male classmate who brought his parents to her house. I heard that he brought dozens of carriages of gifts. He said that he came to thank her, but from the looks of it, it's almost like he came to propose marriage."

"Then, there was the news that Xiao Ni was going abroad... Brother Fan, as an outsider, it's not convenient for me to interrupt some things, but I think that my mother is right. If you like someone, you should work hard to win them over. Those who have not worked hard or have not asked for the other party's opinion, and make decisions that they think are good for the other party, to put it bluntly, are all cowards and selfish. I... I'm not lecturing you, I'm just worried that you will regret it in the future..."

Yu Liuliu said a lot in one breath. Tang Qianqi had been standing by her side, holding her hand.

She was also holding his hand tightly.

Some words that she didn't dare to say, as long as the two of them held each other's hands, they would have strength in their hearts.

This was love.

Love was the most beautiful thing in this world.

If you could hold it tightly, you wouldn't have to let go so easily.

Tang Qianqi and Yu Liu arrived at six o'clock. Each of them had a beginning and an end. After they finished speaking, they left.

The ward suddenly became empty.

The air seemed to be filled with loneliness.

Fan fan drank a few mouthfuls of porridge. His mouth was tasteless, and his heart was filled with bitterness. After drinking a few mouthfuls, he put the lunchbox aside.

Yu Liu's words kept echoing in her ears.

Fanny was going abroad..

She finally decided to let it go and start a new life.

Wasn't this the result that he had been looking forward to all this time? Why did his heart feel so uncomfortable at this moment?

His heart throbbed as if it had been emptied.

Fan fan reached into the drawer of the bedside table and took out his wallet. He opened it gently, and there was a small photo in the middle of the wallet.

The edge of the photo was a little yellow, and it had traces of being rubbed. It was an old photo.

The young girl in the photo was smiling sweetly.

Her curved eyebrows and deep dimples made it hard for people to look away.

This was the girl he had watched grow up. She was finally going out to soar.

He should be happy for her.

Fan Fan's lips curled into a smile, like a smile, but also like a self-deprecating smile.

In his mind, other than fan ni's stubborn expression, there was also the scene of him confessing to his great-grandfather in the Zhong family that day.

In order to consolidate their position in the upper-class society, it was common for large families to form marriages with each other.

Fan Fan knew very well that his great-grandfather had not set him up with someone to form a marriage with, but only because he cared about him.

He did not want to beat around the bush in front of the old man.

"Rui Shu is a good child. Do you really not like her?" Old Master fan was stunned when he heard that he was here to break off the engagement.

Seeing fan fan's determined attitude, his bright eyes blinked a few times as he asked seriously.

"Since you don't like her, why did you agree to go out with her in the first place?"

"..."

Old Master fan had lived for nearly a hundred years after all. He could see through many things at a glance.

Any one of his questions almost overwhelmed fan fan fan.

#### **Chapter 2338: You are the best gift (44)**

This was not something that could be brushed off with just a simple “Inappropriate”.

Fan fan knew better than anyone that such a reason could not be hidden from his great grandfather.

Before fan fan could think of how to explain it to the old man, Old Master fan had already sat down in front of him. He picked up his teacup and took a sip before slowly opening his mouth.

“Fan fan, tell great grandfather, is there someone else in your heart?”

Fan Fan had already forgotten how he had reacted back then.

He was surprised but also a little guilty. After a few seconds of hesitation, he nodded and said, “Yes.”

“B \* Stard! Since you already have someone in your heart, why did you still come and provoke Rui Shu? Just because I arranged the blind date, and you’re too embarrassed to refuse, you’re just going to brush me off and brush the Zhong family off? “How am I going to explain this to the Zhong family? !”

Old Master fan put down his teacup forcefully, his face darkening slightly.

“It’s my fault, I will personally explain this to the Zhong family.” Fan Fan did not clear his name and knelt down in front of old master fan.

Old Master fan was so angry that he stood up and walked towards him with his walking stick. His hands were trembling as he pointed at fan fan who was kneeling on the ground and admitting his mistake. His voice was trembling with anger.

“You’re still trying to brush me off at this point in time? Fan Fan, you’re great-grandfather’s adopted child. Great-grandfather has watched you grow up since you were a child. Do you think I don’t know what kind of personality you have?”

“...”

“You grew up without biological parents. You were raised by my silly grandson and granddaughter-in-law. You’re sensible and filial. Great-grandfather knows all of this. However, it’s because you value family ties too much that you like to make yourself suffer. As long as you can make your elders happy, you’ll do your best to do it. Based on this point, great-grandfather believes that you’re not a person who plays with other people’s feelings. Did you have a compelling reason for agreeing to date Rui Shu?”

“...”

Fan fan pursed his thin lips and remained silent.

If it had been anything else, he might have chosen to confess from the moment he entered the room.

But he knew what kind of impact this would have on old master fan.

No matter how strong the old man's body was, he was still an old man and could not stand the stimulation.

Fan Fan did not dare to take the risk.

"If you don't say it, how will great-grandfather make the decision for you? Even if you don't want to marry Rui Shu, everyone knows that you two are dating. If you say you don't want her, then you don't want her. Where will the Zhong family put their face?"

Old Master fan was really angry.

He could not understand what could have happened that fan fan would not tell him a single word.

"Then you can at least tell great grandfather which family you like, right?" Old Master fan asked.

Seeing that fan fan did not say anything, he was furious.

"You've grown up, and your wings have hardened. You did not say anything when great grandfather asked you, so why did you come to me today? Just because you don't want to marry Rui Shu, you want me to help you break off the engagement?"

"... I'm sorry, great-grandfather." Fan fan struggled to open his mouth.

"What's the point of me asking you to apologize? You..." old master fan raised his walking stick and hit fan fan on the back. He heard him grunt and wanted to hit him again, but he could not bring himself to do so.

In the end, he still felt sorry for his grandson. He gritted his teeth and angrily walked back to his desk to sit down.

"Just kneel down and kneel until you're willing to talk!"

The grandfather and grandson were in a fit of pique in the study and stayed there for the entire day.

Old Master fan even leaned back on his chair to take a nap. After drinking a few cups of tea, Fan fan did not feel so comfortable anymore. After kneeling for a long time, he still stood up straight and gritted his teeth to persevere.

### **Chapter 2339: You are the best gift (45)**

In the end, it was old master fan who felt sorry for his grandson and admitted defeat first.

"Forget it, the child has grown up and has his own ideas. It's up to you." Old Master fan instantly aged a lot. He stood up with his cane and prepared to return to his room to rest.

When he passed by fan fan's side, his footsteps paused slightly.

"I really can't tell great grandfather, who do you like?"

"..." fan fan's eyes narrowed slightly and a dark light flashed in his eyes.

It wasn't that he couldn't say it, it was that he didn't dare to say it.

People who were destined not to be together, it didn't matter whether they said it or not. There was no need to say it out loud to make great grandfather worry.

"Alright, it's good that you know what you're doing. In great grandfather's heart, you're my biological grandson. You Don't have to suffer too much and don't worry too much. Great grandfather only hopes that you can live a more free and easy life. As for you and the little girl Zhong... It's a pity. But for matters of fate, I can't force it. Perhaps the heavens have better plans."

Old Master fan said meaningfully.

He slowly walked out of the study.

Not long after old master fan left, Zhong Rui Shu entered the study. When she saw fan fan kneeling on the ground, she quickly went forward to help him up.

"Are you okay? Can you still stand?"

Zhong Rui Shu saw that his expression did not look right. She could not help him up by herself, so she could only call for help.

Fan Fan was carried out of the study.

The next day, Old Master fan booked a plane ticket and saw him alone before he left.

Only fan fan knew what he had said..

Fan fan came back to his senses from his memories. He stroked the small photo in his hand and a bitter smile appeared on his face.

Before his great-grandfather left, he only asked, "Fan fan, are you happy?"

"..."

"Child, life is full of ups and downs. Everyone has their ups and downs, but the most important thing to do in life is to make yourself happy. If you have an obsession, then you're deceiving yourself. Great-grandfather is afraid that you'll hurt yourself... You're still young, after all. How would you know what your parents and elders are thinking? They just want their children to be happy. Why Can't you accept that?"

"..."

Fan Fan's heart skipped a beat when he recalled that sentence.

He kept the photo in his wallet and was just about to get out of bed when the nurse pushed the door open and came in for rounds.

The young nurse could not handle a handsome man like fan fan and she greeted him with a red face, "Mr. Fan, do you need anything? I'll help you while you lie down."

"No need, I just need to change my clothes. and..."fan fan turned to look at the nurse and suddenly said, "I want to go through the discharge procedures as soon as possible."

“Discharge?” The nurse was startled, she reminded him worriedly, “Your body is recovering well, but you still need to recuperate. If you live alone, and the same thing happens again, I’m afraid it will affect your recovery.”

“I don’t live alone.” Fan Fan picked up the shirt and pants hanging on the hanger and turned to enter the changing room. He stopped in his tracks and turned to look at the nurse with a smile. He opened his thin lips and enunciated each word.

“I’m going home.”

His parents and elders only wanted their children to be happy..

How could he be so stupid? Only now did he understand this logic.

City H.

Fan family Villa.

Fan Yu, who had just arrived at the fan group, rushed back to the fan family Villa because of a phone call.

Fanny’s body had recovered and she had already returned to school for classes. However, teacher Fanny came to visit the fan family.

Fanny was not at home. The teacher-in-charge had deliberately chosen this time to come. Such a thing had never happened before.

When Fan Yu received the phone call, he immediately felt that something was wrong and rushed back without stopping.

When he walked to the door of the living room, he coincidentally heard the teacher speak.

“... Fani is very obedient and her performance is also very good. However, in the past few months, her condition has obviously deteriorated and the frequency of her daydreaming in class has become increasingly high. I suspect that she has fallen in love at a young age.”

“Bang —”

Fan Yu, who had just reached the door, staggered and knocked his head against the door frame.

The sudden movement immediately attracted the attention of the two people in the living room.

Before the people in the living room could regain their senses, Fan Yu had already rushed forward with his hand on his forehead. With a face that looked like he was about to suffocate, he asked, “Teacher, what did you say just now? My daughter fell in love at an early age? !”

The form teacher:” ...”

Qiao Yuanfei: "..."

"I'm not sure if it's true, but looking at Fanny's recent situation, there is indeed something wrong. The college entrance exam is coming up soon, and her results are very outstanding. Her future is limitless. I'm also worried that something might affect her performance in the exam, so I specially came here. I hope that your parents can be more concerned about her psychological state."

The teacher-in-charge wanted to say something, but she hesitated.

There were some things that the teacher could manage. There were some things that the teacher could not manage, so the parents could only cooperate.

She was also concerned about her favorite student. She was worried that Fanny would delay her studies because she was young and insensible, so she made this trip. After she finished speaking, she saw that fan Yu's expression was frighteningly gloomy, so she did not dare to stay any longer and left.

Once the teacher left, Fan Yu went crazy.

"What did I say?" "Ever since that kid surnamed Lin brought his parents to our house that day, my intuition told me that something was wrong. As expected, my guess was right. He was using the excuse of tutoring to kidnap my daughter. I should have gone to the Yu family's house to dig an excavator and dig a grave for him!"

Fan Yu placed his hands on his waist. He was so angry that green smoke was rising from the top of his head.

"What nonsense are you making? There's no chance of anything happening." "Didn't the teacher say that Xiao Ni's condition wasn't right? She wasn't sure if it was puppy love. If people found out that you were making such a fuss, wouldn't you be putting pressure on Your Daughter?"

Qiao yuanfei stretched out her hand to pull him back. How could fan yu remain calm.

"Other than puppy love, what else could it be?" "My daughter has been a little unruly and unruly since she was young, but she has always had a sense of propriety and never let me worry about her. Ever since Lin Haolin appeared, Xiao Ni has either fallen ill or her condition has deteriorated. If it wasn't because of him, what else could it be?"

Fan Yu sharpened his knife as he instructed the butler to call Lin Haolin and ask him to come over to the fan family after class.

Qiao Yuanfei was about to stop him when the Butler made a call.

When Lin Haolin heard that fan Yu wanted to see him, he agreed happily without a word.

After class, he pulled fan ni back home in high spirits.

However, just as they entered the front door of the fan family's villa, they were tied up by the butler and carried into the living room.

"Father, what are you doing?" Fan Ni followed him into the living room with a stunned expression. When she saw fan yu standing in the living room with a cane in his hand, she asked in astonishment.

“Xiao Ni, don’t meddle in this matter. Father knows that it has nothing to do with you. You must have been deceived by this brat’s flowery words. Father will definitely avenge you today!” Fan Yu gave her a look, he asked Qiao Yuanfei to bring Fanny back to her room first.

Fanny looked at the scene in front of her in confusion. She only came back to her senses when she heard fan yu ask about Lin Haolin’s relationship with her.

Did her father misunderstand that she and Lin Haolin were dating?

Fanny took another look at Lin Haolin who was tied up like a dumpling. She quickly went forward to stop him. Just as she was about to explain, she caught a glimpse of fan fan who had appeared at the door from the corner of her eye..
