

My Life 2351

### **Chapter 2351: You are the best gift (57)**

Worrying about everything is just wishful thinking.

Today is her birthday and her coming of age ceremony. She is no longer a child.

Fanny gritted her teeth and mustered up her courage to say, "Brother... you... i. . . Where is my birthday present?"

After saying that, she wanted to slap herself twice.

What happened to not being afraid and using the adult method to solve the problem?

Why did she dare to ask for a birthday present at such a critical moment..

Fanny carefully raised her head. When she met his gentle gaze, her heart trembled slightly.

He was..

"Come with me."The corners of Fanny's mouth curled up. She reached out to hold Fanny's hand and avoided everyone as they walked forward.

He turned around and walked to the lobby of the hotel. He swiped his card and entered the elevator. He pressed the button for the top floor.

Fanny's dress today was a little long. He was holding her hand, and she was nervously holding the hem of her dress with one hand. When she came back to her senses, she saw that van fan was going to take her to the hotel room. Her eyes blinked in shock.

Wait, wasn't this the script that she had originally planned?

She had been worrying about how to trick him into the hotel room and create a chance for the two of them to be alone together. She had taken the opportunity to ask the answer that she wanted.

It was only at the critical moment that she had given up and pulled him to the grass.

Why was he the one bringing her upstairs now?

The space in the elevator was a little small. Because of her wild imagination, Fanny suddenly felt a little thirsty.

Her heart was beating wildly, and she was unspeakably nervous. With a ding, the elevator arrived.

She could not help but sneak a glance at Fanny. She could not see anything from his face. Fanny could only follow him until Fanny brought her to the last presidential suite in the corridor.

Using the card in his hand, he swiped open the door.

"Do... Do you want to go in?"Fanny stood at the door, licking her lips as she asked softly.

“Didn’t you want a birthday present? It’s inside.” Fan fan smiled as he pushed open the door. Seeing that she was not moving, he went in first. Then, he pulled her and strode into the bedroom.

“Wait a minute...”

Fani saw the big bed in the room and stopped in her tracks.

Her heart was beating a little fast.

A man and a woman were in the same room together.

She turned her head and looked around. There wasn’t even a gift box in the room. Could the birthday present he was talking about be... himself?

“Swish –”

While Fani was distracted, Fanfan walked to the window alone and stretched out his hand to pull open the curtains of the floor-to-ceiling window in the bedroom.

The bright moonlight shone through the window and onto the floor, giving off a faint layer of splendor.

“Fanny, come here.” Fanny was bathed in the moonlight and stretched out her hand towards her like a prince.

Fanny was still indulging in her wild thoughts. When she saw the hand that he stretched out towards her, her heart trembled.

She had already forgotten how long it had been since he had looked at her with such a dotting gaze and called her by her nickname so intimately.

Fanny did not even have time to think before she instinctively stepped forward and walked in front of him.

She swallowed her saliva and was about to speak when Fanny suddenly reached out a hand and covered her eyes.

“Brother...”

Fanny had just called out when Fanny had already let out a “Shh”. Then, she gently turned her body to face the floor-to-ceiling window. Her voice was deep and magnetic, “Are You Ready?”

“What?” Fanny was dazed.

“Your birthday present.” As soon as Fanny said this, the hand that was covering her eyes suddenly moved away.

Fanny’s attention was still on his hand. She blinked her eyes in discomfort. Then, when she saw what was flashing outside the window, she was stunned.

## **Chapter 2352: You are the best gift (58)**

What is this thing?

Fanny was attracted by the light in front of her eyes. She unconsciously leaned against the window and leaned against it. She found that there was a circle of fluorescent lights hanging outside the window.

The fluorescent lights were not the main point. The main point was that the shape of the lights was... Heart-shaped.

Fanny's heartbeat suddenly became very fast.

She was so excited that she wanted to turn around to look at fan fan. At that moment, fan fan suddenly stepped forward and walked behind her.

His strong chest was almost pressed against her back. For a moment, Fanny felt that she could hear his heartbeat.

"Look down. Look Downstairs." Fan Fan's gentle voice rang in her ears.

Fani's mind was empty.

He had never been so close to her and used such an ambiguous tone to talk to her. When he spoke just now, she could even feel his warm breath on her ear.

Itchy.

Fani came back to her senses and followed his words, lowering her head to look down.

When she saw the picture on the grass downstairs, she was shocked!

As if she could not believe her eyes, she reached out and rubbed her hands. Then, she pushed open the floor-to-ceiling window and rushed to the balcony.

She grabbed the guardrail and leaned her body to look outside.

"Be careful." Fanny reached out and grabbed her shoulder, but she did not block her line of sight.

Fanny could clearly see that on the grass downstairs, fluorescent lamps were emitting a dazzling light. They were pieced together to form "Happy Birthday, Fanny!".

In the middle of the fluorescent lamps, a large bunch of roses was quietly placed there.

Just like the arrangement upstairs, the Roses in the grass were surrounded by a circle of heart-shaped fluorescent lamps. The fiery red petals reflected each other under the sparkling white light.

The moment Fanny looked down, it was as if she had received a signal. The fluorescent lights on the grass, which were originally still, suddenly began to throb. They even flew up with the rhythm of the flashing lights..

Was it her imagination?

Fanny's eyes were filled with tears as she looked at the scene in front of her. She was shocked beyond words.

"Fireflies! It's actually Fireflies!" Fanny realized what she had seen and exclaimed.

She turned around and looked at Fanny in surprise and joy.

“Why are there so many fireflies in this season?”

“Do you like it?” Fanny reached out to tidy her bangs that were messed up by the wind. When she saw the smile on her face and the excitement in her eyes, the corners of her mouth curled up slightly.

“I Like It!” Fan Ni really liked it. She liked this unique gift and the person who had meticulously prepared this gift for her.

Did he come to the venue so late just to prepare this surprise for her?

“As long as you like it, even if it is not something that should be present in this season, I will still send it to you.” Fan Fan’s deep eyes swept away his previous forbearance and hesitation as he enunciated each word clearly.

“...”

Fanny was stunned once again.

She just looked at him and did not dare to speak for a long time.

Was it a psychological effect?

Why did she feel that her brother today was a little different.

What was different about him? She could not put her finger on it.

He was so gentle.

He was also a little overbearing.

Moreover, he had a perfect score for his love talk... What he said just now, could it be considered love talk?

But why would he talk to her about love talk?

The scene in front of her was too unreal, it felt like a dream.

Fanny pinched her own face, it hurt a little.

And she remembered that today was really her birthday.

Then, she pinched Fanny’s face again, she heard him groan in pain and suddenly let out a sigh of relief.

So it was not a dream.

### **Chapter 2353: You are the best gift (59)**

But the more it was like this, the more Fanny felt insecure.

She had never seen such a Fanny before.

Could it be that he deliberately lied to her because it was her birthday... it was not considered lying. After all, he was only wishing her a happy birthday, not confessing to her. It was her own imagination.

What if she was really thinking too much..

“Brother, my heart is beating a little fast. Can you let me have a glass of wine to calm my nerves?”

“...”

Fan fan furrowed her brows. It seemed like she didn't agree to her drinking, but it also seemed like she was surprised that she actually wanted to drink at this time.

Before he could speak, Fanny had already passed him and ran into the living room. She picked up the red wine prepared in the presidential suite and gulped down a glass of wine in one go.

When she put down the empty glass and heard the crisp sound of the glass colliding, the chaotic string in her mind suddenly sounded. She remembered her original plan for tonight.

She nervously pursed her lips and poured the red wine into the two empty glasses in front of her again.

She turned around and looked at fan fan, who came out of the room a step slower. Her bright eyes blinked. “Brother, can you drink with me?”

“...”fan fan stared at the red wine glass in her hand, his eyes twinkling.

His gaze finally fell on her flushed cheeks. He walked forward, took the red wine glass from her hand, and drank it in one gulp.

Fan Ni was about to continue pouring, but fan fan had already reached out and pressed her down. His brows raised slightly, “What, are you trying to get me drunk?”

Fan Ni's eyes suddenly widened, “I didn't... I didn't...”

What should she do now that her intentions had been seen through? She was waiting online, and it was urgent!

Fanny's heart was in a mess for a moment. Just as she was at a loss as to how to explain herself, Fanny pulled out the chair in front of her and sat down.

She took the wine glass from her hand and took another sip.

She took a sip and glanced at the chair opposite her.

Fanny instinctively pulled the chair that he was looking at and sat down obediently.

She picked up the glass of red wine in front of her and was about to drink it when Fanny pressed down on her hand. “You're slightly allergic to alcohol. Drink less.”

After saying that, he raised his head and drank all the wine in the glass for her.

He put down the glass in his hand and picked up another glass. He then drank all the red wine in the glass. Fanny looked at him in a daze, forgetting how she should react.

In the blink of an eye, he had finished three glasses of red wine. He raised his eyes slightly, met Fanny's gaze, and opened his thin lips, “Do you want me to drink more?”

Fanny:“...”

It was obvious on his face that he was trying his best to cooperate with her acting.

“Fool.” Seeing her shocked expression, the corners of Fanny’s mouth curled into a doting smile.

He had seen all kinds of social events ever since he joined the fan corporation as an intern. It was just a few glasses of red wine, how could he possibly get drunk.

He was just curious about what she was planning to do in order to get him drunk..

Fan Fan was just about to ask when he suddenly felt that something was wrong with his body. There was a hot breath in his lower abdomen that was spreading to all directions of his body. His breathing became a little hurried.

He reached out to hold the edge of the table and raised his head to look at Fani. However, there was a layer of mist in front of his eyes and he could not see clearly.

The emptiness in his body made him want to grab something. Just as he reached out his hand, he grabbed a slender arm.

“Brother, what happened to you?”

Fani looked at fan fan in front of her in surprise. When she met his confused eyes, she waved her hand in front of him and asked carefully.

As soon as she said that, Fanfan suddenly lifted her up by her waist!

#### **Chapter 2354: You are the best gift (60)**

“AH –”

Fanny was shocked. She lost her balance and subconsciously wrapped her arms around his neck.

Her instinctive reaction seemed to have stimulated van fan. His breathing became heavier and heavier.

Carrying the person in her arms steadily, she strode into the bedroom and placed her on the large bed covered with white sheets.

The moment Fanny touched the soft bed, she was so frightened that she wanted to sit up.

The moment she moved, Fanny had already grabbed her upper arm and raised it above her head.

“Brother, can we talk first?” Fanny stared at his strange expression. Although she was afraid, she still asked stubbornly.

She coaxed him to drink because she wanted him to tell the truth when he was drunk.

In order to ensure the effect, she even went to look for uncle qi and wanted some medicine that could make people tell the truth.

However, it was unfortunate that she didn’t see Uncle Qi. She only saw Uncle Qi’s family’s young miss, Qi Rou.

She thought to herself that uncle qi and aunt Bengbeng were both medicine kings and doctors. Sister Rou Rou had followed her parents since she was young and had been influenced by them. Her medical skills should be pretty good too.

She told Xiao Rou about her purpose of coming here.

Xiao Rou did not say anything. She just turned around and went into Uncle Qi's pharmacy to get a pill for her.

She was worried and wanted an extra pill, but Xiao Rou refused to give it to her. Just saying one pill would make fan fan listen to her.

Although fan ni felt that this sentence was a little strange, she did not think too much about it. "Listen" and "Tell the truth" did not seem to mean much different things.

If she could make people listen to her, then she would definitely say whatever she asked.

Thinking of this, Fanny did not care about the awkward posture of the two of them. She raised her head and looked at fan fan who was pressing on her body. She licked her lips, she spoke again, "Brother, there is something I have always wanted to ask you. Today is my birthday. Can you answer me seriously?"

"..." fan fan's brows were tightly knitted together. Her face was abnormally red as she stared at the person beneath her. Her sexy Adam's apple bobbed up and down.

The distance between the two of them was too close. The young girl's fragrance on her body was constantly stimulating his senses.

His mind was a little muddled, but his strong self-control was not so strong that he could not distinguish the person in front of him.

He could hear the nervousness in her words.

Even though he was feeling all kinds of discomfort, he still held his temper and gave a soft "HMM".

"Then can you let me sit up first? I'm a little nervous with you pressing on me like this," Fanny said again.

"No," this time, Fanny's answer did not go through any thought.

Fanny: "..."

Fanny took a deep breath. This was a rare opportunity and she did not care about the question of posture. Her eyes blinked and the words that Yu Liuliu had told her earlier appeared in her mind. She seemed to have finally mustered up her courage and her cherry lips moved.

"Sister Liuliu said... you asked her to help you pretend to be your girlfriend in order to act in front of me and hide the fact that you like me... is that true?"

"... Yes." Fan Fan's eyes sparkled and his thin lips parted slightly.

His mind was getting heavier and heavier and he was almost unable to think. He could only answer the question according to his instincts.

As soon as the words left his mouth, he realized something and looked at Fani in surprise.

What did she say just now?

Yu Liuliu told her... When did they meet?

She had thought of ways to get him drunk just now so that she could ask him if he liked her?

But he had gone out of his way to surprise her today, to be alone with her, just to confess his love to her.

She was such a fool that she had beaten him to everything. It really frustrated him.

### **Chapter 2355: You are the best gift (61)**

Brahman was frustrated, but when Fanny heard his answer, she was ecstatic.

He said "Yes".

He did not deny it like before, he admitted it!

He admitted that he liked her.

But would he wait until he sobered up and tell her that the kind of like he said was the kind of like his brother had for his sister?

Fanny quickly asked again, "Is it for lovers?"

She was surprised, happy, and a little shy.

Her face was flushed, and she did not even dare to look at Fanny. She also did not notice the blush on Fanny's face. It was more exaggerated than hers, and there was a hint of unusual warmth in the redness.

Hearing her words, Fanny did not answer this time. She lowered her head and kissed her cheek.

This kiss stunned fan ni.

She reached out and touched her face, as if she could not believe it.

She looked up at fan fan in shock. Fan fan did not avoid her gaze. His dark eyes looked at her deeply. The answer she wanted could be seen in his eyes.

It was true..

He really liked her.

Wait a minute..

Fan Ni suddenly realized something. Her white fingers poked fan fan's face.

As if she was not sure, she touched Fanny's face with her palm again. "Brother, do you feel uncomfortable? Your Face is a little red. The Way You Look at me is also a little strange. It seems like you want to eat me up."

“Yes.” Fanny nodded.

He felt uncomfortable all over and wanted to eat her up.

His intuition told him that something must have been added to the few glasses of wine he drank just now.

But it was Fanny who had brought the wine to him.

If something had really been added to the wine, it was also added by her.

Fanny did not avoid her true thoughts. She lowered her head and kissed her lips, then began to eat her.

Fanny was still a little dizzy. When she heard his “HMM”, she was wondering if he was saying that he was not feeling well, or if he wanted to eat her... before she could think of a result, a sudden kiss.., it stunned Fanny.

In the next second, her eyes widened.

She looked at Fanny, who was taking off her clothes, in disbelief.

He... He... was he playing a hooligan and taking advantage of her?

“Fanny, don’t look at me like that.” Fanny met her gaze, and the corner of her mouth curled up. Her fingertips touched the tip of her nose, and her tone was full of affection.

The question she asked earlier was not right. She should not have asked him if he liked her.

He did not just like her.

He loved this silly and cute look, but she looked at him with such a shocked and innocent gaze that he could not bring himself to do it.

He took a deep breath and suppressed the agitation in his heart.

Fan fan held her chin and raised it slightly. Mimicking the tone she used to question him earlier, he asked, “You haven’t told me what your relationship with Lin Haolin is. Do you like him?”

“Father has misunderstood. We are just classmates, we are not dating,” Fani said straightforwardly.

Fan Fan was very satisfied with this answer. He wanted to give her an encouraging kiss, but as soon as he met her, there was a voice in his head that kept clamoring for more.

Fan fan narrowed his eyes and tightened his grip on Fani’s chin. His breathing became heavier as he tried to hold on to his last bit of rationality. He opened his thin lips slightly and said, “Fani, did you add the stuff in that glass of wine?”

Fanny panicked and wanted to deny it subconsciously. However, when she met his eyes that saw through everything, she shrunk her neck and said, “... Yes.”

Just as Fanny was about to apologize, fan fan had already lowered his head and kissed her lips accurately.

In a trance, she seemed to have heard him say "Very good". After that, she could not hear anything anymore..

### **Chapter 2356: You are the best gift (62)**

When Fanny woke up, the outside of the window was still gray.

She did not know if it was because the curtains were not fully opened, but she felt that the room was a little dark.

In the darkness, she reached out and touched a warm body beside her.

The man's muscular chest was distinct, and the temperature was different from the palm of her hand. As soon as Fanny touched it, she seemed to realize something and immediately pulled back nervously.

She lay back in her original position, pulled the quilt to her chest, and closed her eyes.

She thought to herself, "It's all a dream. I'll be fine when I wake up."

She must have wanted to be with her brother so badly that she dreamed that her brother confessed to her and did such a shameful thing to her..

Fanny thought of Fanny's domineering and demanding behavior last night, and her face turned red. She wanted to pull the quilt over her head, but when she exerted strength in her arms, a strange ache suddenly came over her body.

It reminded her faintly that this did not seem to be a dream..

Fanny's sleepiness disappeared in a second.

She opened her eyes abruptly and turned her head to look at her side.

The person she had touched just now was still lying there. Fan Fan's well-defined handsome face was slightly tilted. Half of his face was buried in the pillow, and the other half was covered by the soft light outside the window. The corners of his mouth rose slightly, it was as if he had dreamt of something happy..

Fanny swallowed hard. When she saw that the fan fan in front of her was not an illusion, she was so shocked that she almost jumped up from the bed!

She pressed her hands on her chest and tried hard to take a deep breath. She forced herself to calm down and think about everything that had happened after they left the banquet hall last night.

First, she had dragged fan fan away. Then, fan fan had brought her to the hotel suite to give her a surprise for her birthday.

And after that?

Fanny narrowed her eyes. She remembered that she had added the medicine Qi Rou had given her to fan fan's wine. She wanted to ask fan fan for his truth.

The medicine was so effective. After fan fan ate it, he admitted everything and even confessed to her.

What happened after he confessed?

Fanny's expression suddenly changed. There was a hint of panic in her flushed face.

She remembered that after fan fan drank the wine with ingredients yesterday, there was something wrong with his eyes. After that, he suddenly kissed her and even said a lot of strange... words of love to her.

It wasn't that those words were strange, it was that they came out of fan fan's mouth and looked very strange.

Fanny remembered that when she couldn't help but cry out in pain yesterday, it was as if she heard him say "I love you".

He even said that he was going to tell her father to allow them to be together.

He even said that he was sorry, that he shouldn't have made her wait so long, that he should have let her know his intentions earlier..

At that time, Fanny was completely kissed by him until she was dizzy, and her mind was completely muddled. Now that she thought about it, she was so shocked that her eyeballs almost fell out of their sockets.

So, she used a glass of wine to sleep with Fanny during her coming of age ceremony?

Fanny shuddered and came back to her senses. She did not care about the discomfort on her body. She crawled out of the bed, put on her clothes, and ran away!

She ran out of the hotel room in one breath, hailed a taxi, and quickly got into it.

At the same time.

In the presidential suite of the hotel, Fan fan turned around, wanting to hug the person next to him. When his arm failed to reach out, he opened his eyes.

When he turned around and saw the empty seat next to him, he suddenly sat up from the bed.

He got out of the bed and searched the room, but did not see fan ni.

His face darkened.

Running away after sleeping, was she... abandoning him?

### **Chapter 2357: You are the best gift (63)**

Fan fan bent down to pick up her suit pants from the ground and put them on calmly. She took out her phone from her pocket and dialed someone's number without hesitation.

The call did not go through and the phone was turned off.

Very good, not only did she slip away early, her phone was also deliberately turned off.

Fan Fan did not believe it and was about to call again when he suddenly realized that there were a lot of missed calls and unanswered messages on his phone.

He flipped through the messages and saw that they were all calls from Tang Qianqi and Yu Liuliu.

Last night was Fanny's coming of age ceremony. The few of them were waiting in the banquet hall to celebrate Fanny's birthday. In the end, after Fanny finished cutting the cake, she had disappeared without a trace.

They searched around but could not find her and found fan fan.

Who knew that fan fan had also disappeared for a night..

The last message was from Tang Qianqi, he sounded like someone who had been there before. "Brother fan fan, Xiao Ni is with you, right? "This lonely man and woman are having a passionate love affair... take it easy, I've sealed their mouths for you, but if Uncle Fan finds out that you're not coming home for the whole night, even brothers can't help you. I heard that Uncle Fan ordered an excavator yesterday and it will be delivered to the fan family Villa Today..."

Fan Fan's temples throbbed. He turned off his phone and reached out to pick up the coat on the ground.

Just as he was about to put it on, he looked down and saw the scratches on his chest. His frustration instantly cleared up.

The image of Fanny's blushing face last night and the way she buried her face in his chest flashed through his mind..

He narrowed his eyes and exhaled lightly. He calmed himself down and thought of something more important.

She actually dared to use medicine on him.

Where did she get this medicine from? !

Fan fan put on his clothes and left the hotel room. When he walked to the lobby of the hotel and heard the respectful greetings from the front desk, Tang Qianqi's reminder flashed across his eyes.

He was not afraid that Fan Yu would know that he liked fan ni.

He had come home this time to tell fan ni about his feelings and confess to his parents together with her.

However, the development of the matter had already exceeded his expectations. He did not regret it, but he was worried that fan Yu would be even angrier if he acted first and reported the matter later.

Fan fan thought for a moment and walked towards the front desk.

"Good morning, eldest young master."The young lady at the front desk greeted him immediately when she saw the usually quiet eldest young master.

Her face turned red after greeting him.

Fan Fan was not fan Yu's biological son. His facial features were different, but his temperament was similar.

For people who did not smile often, the magic of his smile was even more astonishing.

When the young lady at the front desk saw him smiling at her, she was so nervous and shy that she could not even straighten her tongue. She stammered, "Young master... What can I do for you, Young Master?"

"Yes, I have a favor to ask you," fan fan said straightforwardly.

The front desk was flattered, "If you say so, I'll definitely do it."

"Delete my room records from Last Night." Fan Fan's thin lips opened slightly.

The front desk was stunned, "Ah... delete? What do you mean?"

"I drank too much yesterday and did not attend the banquet. I don't want anyone to know, so..."

Before fan fan could finish, the front desk staff immediately had a look of "I understand" and followed his words, "Don't worry, Young Master. I'll help you delete the records now. No one will find out."

"Thank you." Fan fan nodded slightly and turned around to leave.

He walked out of the hotel and drove straight home.

Just as he arrived at the fan family's villa, he saw the butler come out to welcome him. "Young master, you are finally back."

#### **Chapter 2358: You are the best gift (64)**

"Is there something going on at home?" Fan fan saw the butler's strange expression and frowned.

The butler quickly replied, "It's nothing, it's just... It's just that the excavator that master fan ordered has arrived. It's So Big and I'm hesitating where to put it. Can you help me ask Master Fan?"

After the Butler finished speaking, fan fan looked in the direction that he was pointing and realized that there was really a brand new excavator parked in the huge courtyard of the fan family villa.

The eldest daughter of the fan family had turned 18 years old, and she had grown up like a flower.

She had just made a public appearance at the coming of age ceremony yesterday, and it immediately attracted the attention of the young masters in the upper-class society.

In order to prevent someone from trying to kidnap his little princess, Fan Yu did not have the time to argue with Yu Yuehan. He just bought it as he said, and the family always had an excavator at home in case of any mishaps.

The corner of fan fan's mouth twitched slightly when he saw the excavator.

He narrowed his eyes and opened his mouth as if nothing had happened.

“Yes, I got it. Is father at home... wait, where is little ni?”

Fan fan changed the topic and decided to ask fan ni first.

He stretched out his hand to tidy up his clothes and rubbed his temples worriedly to remind himself to stay alert.

“The eldest miss seemed to have come back this morning, and now...” before the butler could finish his sentence, fan fan heard that Fanny had gone home, so he immediately quickened his pace and entered the living room.

He did not find anyone in the living room, so he paused for a moment and walked back to her room.

“Knock Knock!” Fan Fan stood at the door and raised his head to knock twice.

The room was quiet and there was no response.

Fan Fan’s frown deepened. He turned around and saw the butler following him. He instructed the butler to get the spare key.

“... Yes.” The Butler did not understand what was going on, but seeing that fan fan’s expression was not good, he did not dare to hesitate and quickly brought the spare key to Fan Ni’s room.

Fan fan took the key and knocked on the door again. “Xiao Ni, I know you are in the room. Open the door.”

Fan fan waited for a few more minutes. After making sure that the person in the room would not open the door for him, he used the key to open the door and walked in.

He had never been a greedy person. He had never made any excessive demands on his parents.

The only greedy person in his life was probably fan ni.

He wanted her.

He wanted her to know how he felt.

Yesterday’s incident happened too quickly. He was not gentle enough and considerate enough. Because of the medicine, he might have been a little rude... he could accept anything, but he could not accept it. She avoided him.

Did she regret it?

When Fanny thought of this possibility, she quickened her pace and entered the room. She looked around the room.

When she did not find Fanny, his eyes narrowed. He looked at the butler standing at the door and said, “Didn’t you say that Xiao Ni came back this morning?”

“... the eldest young miss did come back. I saw her come in with my own eyes. I even called her back then. But the eldest young miss seemed to be in a hurry. She ignored me and went into the room. As for when she left, I really did not pay attention to that.”

The Butler answered slowly.

Hearing that, fan fan was about to call his assistant. Before the call could be made, he received a call from fan Yu.

“Dad...”fan fan only heard it for a few seconds before his expression changed. He clenched the phone tightly in his hand as if he was going to crush it. He asked in disbelief, “Dad, what did you say?”

Fan fan hung up the phone and stood rooted to the ground. He came back to his senses and went straight past the butler to the fan corporation!

### **Chapter 2359: You are the best gift (65)**

In the Yu family villa.

Fanny hugged her backpack and curled up on the sofa.

When Yu Liuliu heard the sound and rushed down, her small face was still white and pale, looking completely devoid of blood.

Her pair of eyes stared blankly at the tips of her feet, as if her soul had disappeared.

She did not look the slightest bit excited from having just completed her coming-of-age ceremony. Instead, her entire body was filled with fear.

What happened?

“Xiao Ni,”Yu Liuliu called out as soon as she came down the stairs.

Fanny, who was on the sofa, heard her voice and looked up. “Sister Liuliu.”

Yu Liuliu went forward and hugged her. “It’s me. What’s wrong with you? You look terrible. We couldn’t find you last night. I was just about to call you when you came over...”

When she heard Yu Liuliu mention last night, Fanny’s face turned even paler.

Her Lips quivered as she squeezed out a sentence after a long while. “Sister Liuliu, I did something bad last night.”

“What? What Bad Thing?”Yu Liuliu looked at her guilty look in shock. She wanted to ask her in detail, but the sound of footsteps could already be heard in the living room.

They looked up and saw that Yu Yuehan had just returned from outside. He happened to walk into the living room and took off his coat and handed it to the butler.

“Daddy.”

“Uncle Yu.”

Yu Liuliu and fan ni greeted him at the same time.

Yu Yuehan was stunned. He turned around and saw that the person standing in front of him was not only his little princess, but also fan ni. The corners of his mouth curled up slightly.

“Yo, Xiao Ni, come here. Let Uncle Yu take a good look at you. It’s rare for your father to allow you to come to the Yu family villa. I thought that he would have to hide you at home for the rest of his life,” Yu Yuehan teased.

These few brothers had been together for their entire lives, but they had also cheated each other for their entire lives.

Other families would kidnap their daughters if they could, but their own daughters would only watch them carefully, afraid that they would be kidnapped if they were not careful.

When it came to the people who were the best at kidnapping their daughters, Yu Yuehan would definitely not let them go.

Fan Yu would not stop fan ni from going anywhere since she was young. However, Fan Yu would definitely object to her coming to the Yu family villa.

He was afraid that it would be easy for his little princess to come in, but she would not be able to leave after she came in!

“Uncle Yu is laughing at me again.” Fan Ni’s small face was slightly red. She did not say anything, but she still stood up obediently from the sofa and walked over to Yu Yuehan.

Yu Yuehan stroked her head lovingly and immediately turned his head to instruct the butler to prepare some good food for her.

“Xiao Ni likes to prepare more food. There is also a guest room...” Yu Yuehan paused when he said this, he looked sideways at fan ni and said, “Xiao Ni, do you want to stay at Uncle Yu’s place for a few days? Ever since your sister Liuliu has a boyfriend, the person she loves the most is no longer uncle Yu.”

Yu Yuehan reached out and wiped the nonexistent tears from the corner of his eyes. He squeezed out a sad expression and said, “If even you don’t Love Uncle Yu and are unwilling to accompany Uncle Yu, Uncle Yu’s heart... His Heart...”

“Uncle Yu, I can stay.” Fanny bit her lips lightly.

“Really?” Yu Yuehan returned to normal in a second and looked at her in surprise.

It was as if he could not believe that he had convinced Fanny so quickly.

Fanny had agreed to it, but there was still some hesitation on her face. Yu Yuehan was worried that she would say that she wanted to go back and ask fan yu about it, but in the next second.., however, he heard her ask, “Uncle Yu, can you not tell anyone about what happened at the Yu family villa... I mean, not even father and brother?”

Yu Yuehan was stunned. He did not expect such conditions. Without a word, he agreed and asked the butler to prepare the guest room.

“The Yu family is your home. You can stay as long as you like. I promise that I won’t tell anyone!” This made fan yu extremely anxious.

Yu Yuehan kept the latter half of his sentence in his heart silently.

He went upstairs happily to look for Nian Xiaomu.

The moment Yu Yuehan left, Yu Liuliu immediately pulled fan ni into the room.

Fan Ni stammered for a long time, but she was too embarrassed to tell him about what happened last night.

In the end, Yu Liuliu found the Hickey on her chest and asked her in surprise who she was with last night. Fanny couldn’t hold it in any longer and confessed.

“My goodness, you must have eaten a bear’s heart and a leopard’s guts to actually dare to pounce on brother fan. More importantly, you even succeeded.” Yu Liuliu sighed.

Recalling her current progress with Tang qianqi, she sighed, “Compared to you, I suddenly feel that you’re more like my mother’s biological daughter. You’re fast and accurate!”

Fanny: “...”

Fanny: “... The Medicine was given to me by Sister Xiaorou. I didn’t know it was this medicine at first. I thought... I only found out about it later.”

But it was too late.

Fanny covered her face in despair.

No one would doubt the efficacy of Qi Yan’s medicine.

When fan fan drank that glass of wine, she was bound to be knocked down by her. At first, Fanny was both happy and embarrassed. She really believed fan fan fan’s confession.

When she woke up in the hotel, she would run away. It was only because she was shy and did not know how to face fan fan.

It was not until she ran out of the hotel and returned home. The moment she turned on her phone and saw the message qi ROU had sent her that she truly understood what she had added to fan fan’s wine..

She did not dare to imagine what kind of look fan fan would look at her when he woke up and knew what had happened last night.

The more fan ni thought about it, the more afraid she became. In the end, she did not dare to stay at home. She packed her backpack and ran to the Yu family’s villa to look for Yu Liuliu.

“Sister Liuliu, can you not tell brother and let me stay here for a few days? I want to calm down first,” fan ni licked her lips and said.

Yu Liuliu pondered for a few seconds, she nodded. "I can not say it, but with fan GE's ability, it won't be difficult for him to find you. Moreover, this is City H. Other than the Yu family, the fan family has the widest distribution of spies. You had better be mentally prepared. Fan Ge might not even pass today and he will find you here."

Fanny: "..."

Fanny's face turned pale again. Yu Liuliu was afraid that she would scare herself, so he comforted her for a while.

He analyzed the reasoning in detail with her.

"He has already done it. Maybe brother fan will be very happy even if he doesn't say it out loud. I think he will not lose his temper even if he finds you. He will probably take the opportunity to let you take charge and drag you to meet the parents."

"Will that happen?" Fanny's eyes were wide open as she looked at Yu Liuliu in surprise.

"If it were Qi Qi, he would definitely be so shameless. As for Brother Fan... when it comes to the girl he likes, the boys should all have the same routine, right? What did my mother say about this? Oh, you're still acting like a good boy after taking advantage of me!"

Fanny: "..."

According to Yu Liuliu, if fan fan had her in his heart, he would definitely find her very quickly. First, he would pretend that he had suffered a loss and make her feel guilty for a while, wanting to compensate him. Finally, he would take the opportunity to take her down and drag her to see the parents.

"Then what should I do now?" Fan Ni was at a loss.

Yu Liuliu touched his chin and looked like someone who had experienced it before. "Wait! Don't do anything. If the enemy doesn't move, I Won't move!"

Fan Ni swallowed her saliva and asked humbly, "Then what if brother Fan really finds me tonight?"
