

My Life 2371

Chapter 2371: So beautiful and sweet (7)

Wasn't he... sick?

Yu MUYANG clearly said that he was so sick that he couldn't even get out of bed. Why was he standing in front of her now?

Fanny was stunned.

She didn't even dare to blink her eyes. She was afraid that she was hallucinating.

The Sea of roses in front of her and the affectionate Fanny was probably a beautiful bubble dream that would burst with a poke.

When Fanny thought of this, she held her breath.

She stared at the man in front of her without blinking. She originally thought that he would also stand still, but who knew that he would suddenly walk towards her in the next second.

He was holding a beautiful small box in his hand.

According to the plot of the TV series, what was in the box should be a proposal ring..

Fanny's heart was beating so fast that it felt like it was about to jump out of her throat.

She gripped her clothes tightly and swallowed her saliva.

It must be her illusion. If Fanny liked her, he would not have stopped looking for her after they had sex.

After she went abroad, he did not appear.

How could he propose to her now? It would be good if he did not pounce on her and beat her up.

Fanny tried her best to hypnotize herself, trying to calm herself down. However, when she saw Fanny Open the box in her hand, she was still stunned.

Inside the box lay a ring.

There was also a necklace.

The necklace went through the ring. It looked like the diamond ring had become a pendant.

The pink diamond at the front of the necklace was emitting a bright light.

"Xiao Rou, do you like diamonds? If you like them, I'll buy them for you too." An inappropriate voice came from the corner of the ward.

Qi Rou did not even raise her head. She slapped Yu MUYANG's mouth and said, "I don't like them."

Yu MUYANG pulled her hand away and insisted, "If you like diamonds, I can buy other gemstones as well."

“Don’t talk.” Qi rou glanced at him with disdain, as if she disliked him for ruining the atmosphere.

Yu Muiyang ignored her and leaned closer to her. She lowered her head and leaned on her shoulder, her face filled with envy and jealousy. “Brother Fan’s confession has nothing to do with me. I only care about you, and I hope that you care about me too...”

Fan Ni could no longer hear what Yu Muiyang said after that.

Two words kept echoing in her ears: confession.

Fan Fan was confessing to her.

The red rose in the ward, the ring and the necklace in his hand, were not her hallucinations.

Fan Ni raised her head and looked at the person standing in front of her in disbelief.

“You just became an adult, it’s still too early to wear a ring, so I bought a necklace. If you want, you can wear the ring around your neck... Xiao Ni, I’m sorry, and I Love You.”

Fan Ni gazed at her with deep affection. He gently held her hand and placed the necklace with the ring in the box into her hand.

As if afraid that she would reject him, Fan Ni held her hand and refused to let go.

From his eyes, one could clearly see a trace of unease and nervousness.

Feigning illness to lure her back was his initial plan.

Taking this opportunity to confess, it was Yu Muiyang who instigated it.

He said that pretending to be sick for a moment and chasing his wife to the crematorium, it was better to be ruthless and get the job done in one step.

1

But at this moment, seeing Fanny with red eyes, biting her lips and not saying a word, he was a little flustered.

If she didn’t agree and didn’t refuse, did it count as a successful confession?

Fanny hesitated whether she should say anything more, but Fanny finally opened her mouth, “Are you pretending to be sick to deceive me?”

PS: There have been rumors recently, saying that I’m less because I’m writing a new book. Actually, it’s not that. If I want to write a new book, I’ll first finish writing the rest of my life for everyone. My current work plan is to finish the rest of my life in February, I only started writing a new book in March. I’ve been in the industry for six years. Every year during the spring festival, I spend my time with my computer. I ignore my family and friends, and I also ignore my own health. To be honest, novels may be just a pastime for you, but for me, it’s my own effort. When I’m really in a bad state, I don’t want to be perfunctory. I also hope that I can be responsible for you. After the lantern festival, I’ll leave my parents.

I'll go into seclusion and start writing the ending of the rest of my life, I won't let you down for the rest of your lives

Chapter 2372: So beautiful and sweet (8)

Fan Fan: "..."

Was that the main point?

Wasn't the main point the gift that he had meticulously prepared and his confession?

Fan fan felt stifled. However, when he met Fan Ni's serious gaze, he could only brace himself and explain, "I was sick and missed you."

Caught off guard, he stuffed a mouthful of dog food into Yu MUYANG and Qi Rou's mouths.

Yu MUYANG clicked his tongue and stretched out his hand to turn Qi Rou's face away. He did not want Qi Rou to look at fan fan and continued to tease her.

Qi Rou slapped his hand away and Yu MUYANG immediately grumbled unhappily, "If you don't fall in Love Yourself, what's there to look at other people?"

"I'm curious." It was rare that Qi rou did not ignore his words. After pondering for a few seconds, she asked seriously, "Is this how it is when you fall in love? One pretends to be sick and the other says something but doesn't mean it."

Fan Fan: "..."

Fan Ni: "..."

Qi rou seemed to see the awkwardness on their faces. She pursed her lips and said, "I'm sorry, I was just spouting nonsense. You guys don't have to pay attention to me. Since both of you are fine, I'll be leaving first."

Since she was leaving, Yu MUYANG naturally had to follow her.

As he thought of something, Yu MUYANG walked to the door and stopped. He turned around to look at the two people in the room who were still hesitating. He kindly reminded them.

"Well, if you two like each other, don't torture each other. Don't forget, Uncle Fan doesn't know about Xiao Ni's return, but he should know by now. Shouldn't you two think about how to explain it to the parents?"

Fan Fan: "..."

Fan Ni: "..."

Are you two demons?

Once Yu MUYANG and Qi Rou left, only fan fan and fan ni were left in the ward.

From the moment fan ni heard fan fan's confession, she was stunned.

It was only when she saw the person left in front of her that she seemed to snap out of her surprise and asked uncertainly, "Am I Dreaming?"

"No," fan fan replied firmly.

Noticing the joy in her eyes, his tensed nerves relaxed slightly, however, he did not dare to relax completely. "Xiao Ni, I used to worry too much and not be brave enough. I know it's too late to say anything now, but if you're willing to give me a chance, I want to tell you that I like you. You like me earlier and I like you more."

Fan fan cupped her face with both hands and planted a kiss on her forehead.

"Are you willing to come home with me and confess to Mom and Dad?"

"I'm willing... But are you willing?" Fanny suppressed the joy in her heart and asked softly.

No one knew better than her how important family was to fan fan.

"Dad's excavator is still parked in the yard..." Fanny added weakly.

Fanny: "..."

He had once let her go out of concern.

Now, he would not make the same mistake again.

Compared to losing her, there was nothing more frightening to him.

Fanny did not answer her. She took out the necklace from her hand and put it on her. Then, she walked out of the ward with her.

His car was parked downstairs of the hospital.

When Fanny sat in the front passenger seat, her hand was still holding the ring that was used as a necklace pendant. Her head was dizzy.

She just wanted to go back to China to visit him. Why was she suddenly confessed to him?

Oh right..

"You haven't taken the Roses that you gave me yet. That's the first time you've given me flowers!" Fanny shouted.

Fan Fan did not stop. He drove the car out of the hospital. "I'll buy them for you next time. You Can't take the flowers home at this time."

Before he could finish his sentence, a familiar sports car suddenly stopped in front of them.

Fan Fan was forced to stop. The next second, he saw Fan Yu step out of the car in front of him!

Chapter 2373: So beautiful and sweet (9)

Fan Fan Zi's pupils constricted!

He wasn't really sick, so he naturally wouldn't inform his family.

Today's scene was only for fan ni. Logically speaking, Fan Yu shouldn't have appeared.

But now, Fan Yu came..

He came without any warning, which was surprising.

Fan Fan didn't know how to respond for a moment. Because he had just confessed to fan ni, he felt so guilty facing fan yu that he didn't dare to look him in the eye.

When he saw fan yu walking towards them and saw Fanny sitting in his car through the car window, he shouted in surprise, "Little Ni, when did you return to China?"

Fan Fan:"..."

Fanny:"..."

Fan Fan took a deep breath, pushed open the car door and got out of the car with Fanny.

He took the initiative to call out, "Daddy."

"Daddy."Fanny called out as well. She did not explain why she was here, but turned to look at fan fan.

Fan fan pursed his thin lips and was thinking about how to speak. Before he could think of anything, Fan Yu's brows were already tightly knitted together and he suddenly opened his mouth.

"What's going on with you two siblings?" They were all puzzled. It was one thing for little ni to be insensible, but fan fan, you're the elder brother. You're not feeling well and you're in the hospital. You Didn't tell your family and you even deliberately hid it from your parents. Is this what you should be doing?"

If it wasn't for the fact that the fan corporation was working with the hospital, and his assistant had accidentally heard that fan fan was hospitalized, he would still be in the dark.

He was worried that Qiao yuanfei would be worried if she knew, so she came over to check on the situation without telling her wife.

However, as soon as he reached the entrance of the hospital, he met fan fan.

Fan Fan was still with fan ni, who was supposed to be overseas..

This scene made fan Yu, who was calm and composed, unable to recover from his shock.

"Dad, actually, I..."Fan Fan was about to say that he was fine when another car stopped beside them.

The car door opened and the assistant hurriedly got out of the car. He was holding a bunch of red roses in his arms.

He did not see fan fan and fan ni standing at the side and walked straight to fan Yu.

Fan Ni quickly tugged at fan fan's sleeve and whispered, "These flowers look a little familiar..."

Before she could finish her sentence, the assistant reported, "Director Fanny, I just heard from the hospital that the eldest young master has been discharged. I don't know what illness he is suffering from, but I went to the ward he stayed in to take a look. I didn't see anyone, but I saw a floor full of rose petals in the ward, and there was such a big bouquet of roses on the bed. I don't know what happened."

Fanny's worries were confirmed and they were exposed..

At that moment, both of their bodies became extremely stiff.

Fan Yu:"..."

Fan Yu's gaze swept past the Roses in front of him and then to Fanny and Fanny who were standing side by side in front of him.

He caught the guilty look in their eyes and a white light flashed in his mind!

Their Hearts sank, unwilling to believe it.

"Fan Fan, tell me, why are there so many roses in your ward? Did a friend come to see you and specially bring them to you?"

Fan Fan:"..."

Fan fan: "Dad, actually, Xiao Ni and I..."

"I like my brother. I was the one who insisted on being with him. If dad is angry and wants to hit me, then hit me!" Fan Ni said before fan fan fan could.

Her words were too clear. Even if fan Yu wanted to deceive himself, he could not pretend to be ignorant.

His guess was confirmed and he almost could not catch his breath.

He took the rose from his assistant's hand and threw it at fan fan. "You want to kidnap my daughter with just a bunch of Flowers?"

Chapter 2374: So beautiful and sweet (10)

The fan family Villa.

The door was wide open, and the new excavator in the courtyard shone with a metallic light under the sunlight.

In the living room, the atmosphere was stifling yet strange.

Fan Yu sat on the sofa with a livid expression. Beside him was Qiao Yuanfei, who was still in a daze after learning that her son and daughter were in love.

Fan Fan and fan ni knelt side by side in front of them.

The most unique thing was that on the sofa opposite fan yu and Qiao Yuanfei Sat Yu Yuehan, Tang Yuansi, and Mo Yongheng, who should not have appeared in the fan family's villa..

Qi Yan was on his own private island and was too far away. He did not have the time to gloat over his misfortune.

"It's hard to guard against a thief even if we defend day and night." Qi Yan, who was not present, was the first to communicate his current state of mind through the phone.

Fan Yu's expression, which was already difficult to explain, turned even uglier when he heard what he said.

These words were also his true thoughts.

"My Liuli only got a boyfriend when she was almost twenty-two years old. Xiao Ni has just become an adult... Tsk Tsk, brother, my heart aches for you." Yu Yuehan crossed his legs and opened his mouth emotionlessly.

It was fake to feel heartache, but it was real to stab him in the back.

As if fan Yu had not been stimulated enough, Yu Yuehan gave him a look, and his assistant immediately sent fan yu a copy of the hotel records.

Needless to say, the two people who had booked a room were naturally fan fan and fan ni.

The time was on the day of Fan Ni's coming of age ceremony.

"Under your nose, if it wasn't for the fact that I couldn't find Xiaoni that day, I got someone to pay attention and discovered this... Fan Yu, Oh Fan Yu, isn't your biological father a fake father?"

Fan Yu:"..."

The truth came too quickly, like a tornado.

Fan Yu flipped through the records in his hands and raised his head to glare at fan fan. "Is this true? The two of you are really... already..."

"It's not brother's fault. I took the wrong medicine from Xiao Rou and let brother take it, so..." Fan ni was too embarrassed to finish her sentence and lowered her head to admit her mistake with a red face.

"..."

Fan Yu's chest tightened and he almost had a stroke.

He raised his hand and threw the information in his hand onto fan fan's head.

"You've done well! You brought Xiao Ni to the hotel and even colluded with the hotel staff to help you hide it. You're really my good son!"

Fan Fan was hit by the hit. He lowered his eyes and stared at the floor. He did not open his mouth to explain himself.

However, his hand was still holding onto fan ni tightly.

Fan Yu was even more furious when he caught this detail.

What was this?

Pretending to be mute to show his sincerity?

Qiao yuanfei felt sorry for her son and hurriedly pulled him back. "Speak properly, don't make a move."

"He was the one who made the first move!" Fan Yu was like a child as he opened his mouth in a childish manner. "He even made a move on Xiao ni behind my back, why should I be polite to him? I didn't beat him to death on the spot, it's all because I'm Kind!"

Qiao Yuanfei: "..."

Fan Yu: "Do you see the excavator in the courtyard? I painstakingly ordered it, what are you using it for now, to steal from your own family? What Sins Did I commit in my previous life, to have given birth to the two of you in this life..."

"Fan Fan wasn't born by You," Qiao Yuanfei said again.

She looked sympathetically at Fan Yu who was already dizzy from anger.

They had been together for so many years, but she had never seen him like this.

She was so angry that she was dumbfounded.

Fan Yu: "..."

Was that the main point? Wasn't the main point that his little princess had been kidnapped?

And it was right under his nose!

He had seen Yu Muyang with Qi Rou not long ago, and he had even mocked Qi Yan.

Karma had come too quickly, and he could not accept it!

Chapter 2375: So beautiful and sweet (11)

"It's quite tragic indeed. Xiao Ni is the youngest, and even the daughter of the Qi Yan family has yet to fall in love. Xiao Ni is already well-prepared for this," Mo Yongheng, who had been watching the show silently, suddenly said.

It would have been better if he did not say anything. However, when he did, Fan Yu felt even more stifled.

It was true. Other families' daughters would at most fall in love at an early age. As a father, he could even threaten that little rascal who abducted his own daughter.

Look at Yu Yuehan. Back then, when he was operating the excavator in City A, how much fun did he have?

He had almost dug tang Qianqi's head out.

It was great when it came to him. The little rascal who had eaten his daughter without saying a word, and the little wolf cub that he had raised by himself... What kind of sin had he committed? !

At this stage, it was neither right for him to agree nor wrong for him to not agree.

He felt extremely aggrieved.

When Fan Yu saw that all of them had rushed over and were waiting for him to make a fool out of them, he was furious.

“Butler, send the guests off!”

What was he looking at? He was in a bad mood and was not going to let them see!

“We are all brothers. Why did you come all the way here to see you off?” Yu Yuehan shifted his butt and calmly placed his long legs that were crossed together. He sat on the sofa as steady as Mount Tai and did not move.

Tang Yuansi smiled and did not say anything. He continued to cross his arms and continue to watch the show.

He was the only person in this group who did not have a daughter. In the past ten years, his life had been the most difficult.

Now, he had made a name for himself.

His son was a promising man. He had taken Xiao Liuliu, whom he had grown up with, as his wife. He had picked up a soft and cuddly little princess for nothing. Furthermore, he was able to see the people who had mocked him back then suffer.

This was called the saying, “The river flows east for thirty years, and the river flows west for thirty years!”!

It was really impossible for them not to be happy.

Yu Yuehan, Tang Yuansi, and Mo Yongheng... of these three people, either their daughters had been taken away, or they did not have daughters. Mo Yongheng was the only one left. His twin little princess was still young, and it would be at least another ten years before they could discuss marriage.

All in all, they were fearless.

Today, they had come specially to watch fan Yu make a fool of himself.

“Do you guys still have any sense of shame? I feel embarrassed for your childishness in front of the children!”

Fan Yu was so angry that his face turned red when he saw that they were not leaving.

However, he was a well-known gentleman, a gentle young master. No matter how angry he was, he would not be able to scold them.

Yu Yuehan and the rest leaned on the sofa without feeling any pain.

Tang Yuansi was leisurely munching on the melon seeds that he had brought with him when he heard fan Yu’s words, with a straight face, he spouted nonsense, “We are just concerned about our child. If I

Were you and my daughter had someone that she liked, I would definitely graciously fulfill her wish. After all, you can't keep her even if you want to now. Why are you struggling?"

"You don't have a daughter, what do you know!" Fan Yu finally could not hold it in anymore and swore.

Mo Yongheng flicked the dust on his knees that did not exist at all and raised his eyebrows. "In the future, if little fox has someone that she likes, I will definitely graciously grant them their wish."

Fan Yu: "...he did not believe it!

Fan Yu was about to retort when he noticed that Yu Yuehan was staring at him. He subconsciously paused and turned his head to look in his direction.

In the next second, when he saw Yu Yuehan spread his arms, he opened his mouth sympathetically and affectionately. "Come on, Welcome to hell!"

Fan Yu: "...!!

Fan Yu was about to explode, qiao yuanfei quickly stopped him. "Fan Yu, calm down. Fan Fan and Xiauni like each other. It's a good thing to look at it from another angle. A son becomes a son-in-law and a daughter-in-law becomes a daughter-in-law. The benefits don't flow to outsiders. You haven't suffered a loss!"

Chapter 2376: So beautiful and sweet (12)

Fan Yu: "..."

How could it be like this?

Fan Yu could not help but ask what was on his mind.

Qiao yuanfei nodded decisively. "Of course. Look at young master Han. Xiao Liulu is married, and Xiao Yang is busy chasing after his wife. He clearly has two children, and neither of them is by his side. It's natural for him to be mentally unbalanced, but you're different."

"How is it different?" Fan Yu was still in a daze.

He was still angry that his little princess had been kidnapped.

Wasn't he just as miserable as Yu Yuehan?

"The both of you are different in every way! Fan Fan is your son and he and Xiao Ni are in love. You helping the two children is equivalent to keeping Xiao Ni in the fan family. Your son and daughter will always be by your side. Think about it carefully and think about it carefully. Have you made a profit?"

Qiao yuanfei analyzed on his behalf with reason and evidence.

Upon hearing this, Fan Yu was stunned for a few seconds.

He had been immersed in the anger of his little princess being kidnapped when she had just reached adulthood. He had completely forgotten that fan fan was also his son.

Even if they were not related by blood, they were still related in name.

In the future, when he married fan ni, he would definitely stay in the fan family and inherit the family business.

Compared to Xiao Liuliu marrying Tang Qianqi and benefiting Tang Yuansi, Xiao ni marrying fan fan was equivalent to producing and selling herself. Not only did fan yu not suffer any losses, but he also did not have to worry that someone would come and steal his precious baby for the rest of his life.

There was no harm in anything.

As for the relationship between Fan Fan and Fani in name, as long as he appeared and persuaded Old Master Fan to cancel the adoption procedures for fan fan, the relationship between Fan Fan and Fani would become legitimate.

“I’ve earned it...”

Fan Yu was also a smart person. He did not regain his senses for a moment because he was too shocked just now.

Now that he thought about it, what else could he not figure out?

“Haha, that’s right. My Son and daughter are all mine. I didn’t suffer any losses. If I didn’t suffer any losses, then I’ve earned it!” Fan Yu suddenly slapped his thigh and laughed out loud happily.

He was happy, but the few of them who had also figured out the crux of the matter could not laugh anymore.

Tang Yuansi stopped halfway through eating the melon seeds and turned his head to look at Yu Yuehan.

Mo Yongheng’s expression was not too good either. He lowered his eyes and did not say a word.

However, the two of them could still be considered good when compared to Yu Yuehan.

How Happy Yu Yuehan was when he had dealt a blow to fan yu just now was how frustrated he was at this moment.

Tang Yuansi had taken his little princess as his daughter-in-law, and the Little Fox was still by Mo Yongheng’s side. Needless to say, Fan Yu was afraid that Xiao Ni would never be able to walk out of the fan family for the rest of her life.

It was only him!

His daughter was gone, and his son was raised on behalf of Qi Yan.

Was there anyone else who was more miserable than him?

Such a tragic incident was truly heartbreaking to hear, and tears flowed down the ears of those who heard it.

He could not bring himself to laugh..

“Fan fan, Xiao Ni, what are you still kneeling for? Quickly get up, your father is no longer angry.” Qiao Yuanfei noticed the change in the situation and quickly winked at fan fan and fan ni, hinting for them to take the opportunity to plead for mercy.

When Qiao Yuanfei insisted on adopting fan fan, she really didn't expect that a pair of children would end up together.

She was the most shocked and also the happiest one.

Whether it was her biological child or the child she adopted, they were all children that she had raised.

Being able to live happily and still be by her side was her greatest wish.

As soon as Qiao Yuanfei finished speaking, fan fan immediately held fan ni's hand and walked over to Fan Yu. “Father, I'm sorry.”

Fan Yu walked past them and turned to look at Yu Yuehan with an extremely smug expression. He deliberately said, “Young Master Han, why don't you think about it for me? Should I agree to let them be together?”

Chapter 2377: So beautiful and sweet (13)

Yu Yuehan: “...”

The pot came from the sky while the person was sitting on the sofa.

What did he do wrong? Why did he have to answer such a heart-wrenching question?

Yu Yuehan used a part of his thumb to think. He knew that fan Yu definitely did not really want to listen to his opinion. This fellow was deliberately showing off in front of him.

“Uncle Yu...”

After fan Yu finished speaking, fan fan and fan ni were the ones who were anxious.

The two of them turned their heads to look at Yu Yuehan at the same time and stared at him pitifully.

Yu Yuehan: “...”

Forget about fan fan. There was nothing to feel sorry for his son.

Fan Ni was the little princess that Yu Yuehan had watched grow up from a young age. When she was young, she especially liked to stick by Yu Yuehan's side. Yu Yuehan was constantly showing off in front of Fan Yu.

At this moment, she stood in front of him obediently and begged for mercy. Indeed, Yu Yuehan could not bring himself to do it.

However, when he saw Fan Yu's smug face, he thought of the little princess who had already been kidnapped..

Yu Yuehan lifted his leg and kicked Tang Yuansi who was beside him. "It's already so late, yet you still want to eat melon seeds. If it weren't for your son, My Xiao Liuliu would still be clinging onto my arms and acting coquettishly."

"Aiyo!"

Tang Yuansi was just munching on melon seeds when he was caught off guard and received a kick. He almost fell off the sofa.

"If you can talk, then don't do it. Don't you have any manners?"

Tang Yuansi shook the remaining melon seeds in his hands and placed them on the coffee table. Then, he clapped his hands, he became complacent as well. "You really can't blame me for this. My Son is promising and he only likes Xiao Liuliu. I also like Xiao Liuliu as his daughter-in-law... Moreover, weren't you the one who agreed to let the two children date back then? Why? Are you envious of Fan Yu now that he can produce and sell himself? "Forgive me for being blunt, but even without my Qi Qi, Xiao Liuliu and Xiao Yang are still real siblings. You Don't have the fortune of being able to produce and sell yourself!"

Yu Yuehan:"..."

Did he say that he wanted to produce and sell himself?

Did he say that he was envious?

"What are you so proud of? It's as if everyone doesn't have a son."Yu Yuehan rolled his eyes at Tang Yuansi.

His son was even more promising. Ever since he was young, he liked to chase after the little princess of the Qi Yan family.

He was just a little kid who had already decided on a wife for himself when he was still a baby. As long as his son could successfully bring Xiao Rou to the Yu family villa, he would not lose out.

Yu Yuehan could not sit still when he thought of this.

Ignoring fan Yu and Tang Yuansi, who were showing off their toys to their children, he walked to the side with his cell phone and dialed Yu MUYANG's number. "Rascal, where are you now?"

"Dad... No, are you concerned about me? You finally remember me as your son, right?"On the other end of the phone, Yu MUYANG was so touched that she was on the verge of tears. She hugged her phone and could not control herself.

"I knew it. I am your biological son. It is impossible for you to not have a son like me in your heart... I have finally waited for this day..."

"..."

Yu Yuehan furrowed his brows and moved his phone out of his ear. He glanced at the number displayed on the screen and confirmed that he had not dialed the wrong number. Then, he slowly interrupted Yu MUYANG's words.

“Of course I remember that I have a son. When You Were Young, you fought with me for my favor every day in front of Nian Xiaomu. I had hoped that you would not exist. As for now... Don’t be moved too early. I am calling this number just to remind you that if you can’t get Xiao Rou, don’t go home.”

Yu MUYANG:” ...”

Was he really not picked up?

Her desire to live made Yu MUYANG turn her head and hug Qi rou without hesitation. She squeezed out a look of grievance and took the opportunity to say, “Xiao Rou, my dad won’t let me go home. Can you take me in for a few more days?”

Chapter 2378: So beautiful and sweet (14)

When Yu Yuehan heard the words from the other end of the phone, he hung up the phone in satisfaction and walked back to the sofa.

He ignored fan Yu’s smug expression, he opened his mouth indifferently and said, “I’m magnanimous. I Won’t argue with you and let you be proud for once. As for these two children, it’s a good thing that they are blessed to be together. As an open-minded parent, would I make things difficult for the children?”

You would!

This was what everyone present thought at the same time.

However, no one said it.

Yu Yuehan’s “Kindness” towards his brothers had a prerequisite. None of them wanted to violate the taboo.

Yu Yuehan suddenly became amiable and fan Yu was no longer in the mood to gloat. In the end, he still could not bear to part with his daughter.

Although he was always in the fan family, his state of mind was different.

The little princess whom he had held in his hands since Young had abandoned him as a father when she had just reached adulthood. Now that she had someone whom he liked even more, it would be a lie if he said that he was not disappointed.

Especially when he had raised the Little Wolf Cub who had abducted his daughter by himself.

Do you think it’s Sad?

Do you think it’s hopeless?

After sending off his brothers who were watching the show, Fan Yu locked himself in the study room.

Other than Qiao yuanfei, no one else was willing to see him.

Fan Fan knelt at the door of the study for a few hours, wanting to apologize to Fan Yu. In the end, Qiao Yuanfei persuaded him to leave.

Just as he stood up, he was pulled into the room by Fanny, who quietly closed the door.

She took out the dinner that she had prepared for fan fan fan.

"It's important to make daddy happy, but it's also important to take care of your health. Daddy's temper is the best. He's definitely not really mad at you. It's just that he can't accept the fact that I have someone I like so quickly, so he's jealous of you. He'll be fine in a few days."

Besides, the person that Daddy loved the most was his mother, and she was only second in line.

Now that the person who was first in line was being coaxed, there would definitely be no problem.

Fanny pulled out a chair and sat across from fan fan. She rested her chin on her hands and stared at him with a smile.

Fan Fan's originally depressed mood was met with her bright and beautiful smile, and the corners of his mouth unconsciously curled up.

Fanny hurriedly pushed the lunchbox in front of him to him. "Hurry up and eat. Talk after you're full."

"..."

The light in Fanfan's eyes became dotting. Seeing that she was so worried, he nodded and reached out to open the lunchbox in front of him.

With just a glance, he was slightly stunned.

In the lunchbox, there was a layer of white rice at the bottom. On top of it was the shape of a rose made of vegetables and meat. Along with the fragrance of the ingredients, it drifted into his nose.

It was very fragrant and very beautiful.

Fan Fan's heart skipped a beat. He looked up at Fani who was sitting in front of him. She was... giving him the rose that he had given her in another way.

Was it a confession?

Fan Fan's Adam's apple bobbed up and down. He could not help but want to kiss her.

His thin lips were just close to her forehead when something flashed in his mind. He suddenly stopped and asked faintly, "I suddenly remembered something very important."

"What?" Fan Ni saw him approaching and thought that she was going to be kissed. She held her breath shyly and when she heard what he said, she blinked her eyes blankly.

Fan Fan's gaze moved down and landed on her cherry red lips. His fingers finally pinched her chin gently and said, "On the day of your coming of age ceremony..."

"The medicine was given by Xiao Rou, it's none of my business!" Qi Rou thought that he was going to dig up old debts and sold qi rou without thinking.

Since Qi Rou was not around, even if fan fan wanted to settle the score, there was no way to do so.
If it was her, it would be different..

Fan ni swallowed her saliva nervously. She did not have the time to think about anything else as she stared intently at fan fan's expression.

The next second, fan fan revealed a helpless expression. "That's not what I wanted to ask."

"Oh, then continue." Fanny heaved a sigh of relief.

As long as it wasn't an old matter.

Fanny's eyes flashed. "It's fine if you sleep with me, but what do you mean by running away after you sleep with me? Are you regretting it?"

Fanny: "...what happened to not bringing up the old matter?"

"I didn't know that the effect of the medicine was so strong... anyway, I didn't sleep with you on purpose. I was worried that you would get angry when you woke up... I felt a little guilty and didn't know how to face you, so... so I ran away."

After Fanny stammered, she carefully looked at Fanny's expression.

Then, she thought of something, her cheeks puffed up. "You're still talking about me, aren't you the same? You Didn't come to find me even after I ran away. Sixth Sister said that if you really liked me, you would definitely come on the first night, but I waited for you for three days."

Fanny seemed to remember those three dark days. She lowered her eyes, and her eyes became disappointed.

She was really sad at that time. She couldn't sleep on the first day, and couldn't sleep on the second day... when he still didn't show up on the third day, she couldn't even feel the pain anymore.

"I'm sorry." Fan fan held her face with both hands and kissed her gently between her eyebrows.

His voice was low, with traces of heartache.

"It's My Fault."

Fan Ni's attention was not on his apology, nor did she notice the Flash of pain in his eyes. Instead, she thought of another possibility and suddenly grabbed his hand.

"Did you decide to be with me because I suddenly left the country? You Were Afraid that I would take things too far, so you wanted to take responsibility for me..."

Fanny's lips were pressed down by a slender finger.

Fanny did not let her continue. She pursed her thin lips and said in a low voice, "The only thought I had when I woke up was to look for you. It was just that some accidents happened."

Fanny paused and let out a light breath. As if she had adjusted her emotions, she opened her mouth calmly and indifferently, "My parents have come."

"What? !" Fan Ni's eyes widened in shock, and she almost stood up from her chair.

She asked in surprise, "Didn't great-grandfather say that your biological parents died not long after you were born?"

Compared to the fact that fan fan's biological parents came to find him, fan ni was even more surprised that his biological parents did not die.

This meant that fan fan was abandoned by his biological parents. This hurt him too much. How could they bear to do this? !

Fan Ni clenched her fists, not knowing how to comfort fan fan.

"Don't feel sorry for me. My parents are already dead. The two people who came to find me are imposters."

The corners of fan fan's lips curled up, and his smile was slightly bitter.

In just a second, he regained his rationality.

He reached out and rubbed fan ni's head as he spoke.

"The couple who came are distant relatives of the family. When my parents passed away, they left behind a lot of inheritance, so they adopted me and abandoned me in the end."

"Despicable!" Fanny cursed angrily.

Seeing her honest appearance, the corners of Fanny's mouth curled up into a dotting smile, she continued, "They seized the inheritance my parents left me, but did not have the ability to manage the company. In the end, they also lost all the assets in their hands. By chance, they found out that I was adopted by the fans, so they wanted to use this relationship to take a detour to ask father for hush money."

"Shameless!" Fanny was so angry that her face turned green.

"Do they still have any shame? After doing such a thing, they still dare to come and ask for money. God really should strike them down with lightning!"

After Fanny finished speaking, she looked at fan fan hesitantly.

Fan fan did not like her scolding people. Every time he heard her scolding people, he would pat her head and tell her, "If you have anything to tell your brother, your brother will stand up for you. Girls are not allowed to swear."

However, when fan fan met her gaze today, it was rare that he did not correct her. Instead, he smiled and said, "Yes, they are very shameless, so I called the police and accused them of extortion. They are now in jail."

To be precise, the person who called the police was fan yu, but the person who asked him to do so was fan fan.

He did not want to pursue the past.

He did not care about the property his parents left him.

It was just that he could not stand that someone was using his deceased parents to hurt his parents who had raised him since he was young.

"... sentenced?" Fan Ni's small mouth opened slightly as she stared blankly at fan fan, as if she did not expect him to be so decisive.

Although she hated that cunning couple, if fan fan's previous behavior was any different, he probably would not have bothered with them.

At most, he would not give them money.

"They have already been taken away. The specific case is still under investigation. The assistant will follow up." Fan Fan's eyes flashed, hiding the disappointment in his eyes.

Money, humanity, morality..

Some people would do all kinds of unimaginable things for their own selfish desires.

Fortunately, although God had made him experience a lot of pain, in the end, he still prepared the best for him.

Fan fan narrowed his eyes and reached out to grab Fanny's hand. He pulled her in front of him and kissed her gently.

"Thank you for coming into my life."

"..."the confession came unexpectedly.

Fanny's face instantly turned red. Then, she smiled with her eyes curved.

She said sweetly, "I also have to thank your biological parents. Although they are no longer around, they left you so good to me."

At this point, Fanny hesitated for a few seconds and asked, "Since that couple adopted you, they should know about your biological parents. Have you asked them? What kind of people are they?"

"I did, but it wasn't me who asked. It was father who asked," said Fanny Softly.

There was a clear sign of emotion in her eyes.

Fanny and Qiao Yuanfei had been extremely kind to Fanny, but they had never asked Fanny for anything. Instead, they had always given him enough respect and choice.

They had never even avoided mentioning his biological parents.

When Fanny's distant relatives came looking for him, Fanny had already followed the clues and found out about Fanny's background. He had even handed over the information of his biological parents to Fanny.

"My father is a businessman, and my mother is a university professor. My mother's physique is not good, so they were married for many years before they had me..."

When he mentioned his biological parents, fan fan's gaze became profound.

His biological parents were very loving, and they were a model couple.

Although the scale of his father's business was not as large as the fan family's, his life was still comfortable and comfortable.

He often wondered where he would be and what kind of life he would be living if it were not for that accident.

However, he did not think about it because there were no ifs in life.

What he had now was enough to make him grateful to the heavens.

Fan fan seemed to have thought of something. He held Fanny's hand tightly and lowered his head to finish all the rose-shaped dishes she had prepared. He slowly wiped the corner of his mouth, he said, "I will arrange for you to continue studying when you return to China. If you are free tomorrow, I will take you somewhere."
