Elsa's thoughts

My life is a fucking mess... Well it was amazing till when I was 5 years old and lost my mother... I loved her with all my heart she was everything to me... That day changed everything... I stopped believing in love I think if I let someone in and love them then they'll end up leaving me or breaking me even more... Break me just like my father... a er my mothers death he flipped he started being controlling and abusive as hell he made me and my sister his slaves we cooked cleaned we were working in the garden and everything else... At least I went to school and I had amazing friends... I was bullied but I could care less... I just said one thing to myself.... I won't give up I won't fall down I'll try harder and get stronger...

Her father:*walks in slamming the door making her jump then walks to her *You bitch!! *grips her hair and pulls her o bed*what time is it huh?! Breakfast was supposed to be ready!!

Elsa:*winches when he grips her hair and groans when she falls o the bed*i-im sorry father... I was really tired I didn't sleep well*tears up*I'll go do it right now...

Her father: *growls*look who else decided to wake up*kicks Anna making her stumble back hitting her bed and falling down, and then he slaps Elsa*you have 10 minutes to make breakfast then get the hell out of my house!! *let's her go and storms out*

Elsa:*wipes her tears holding her cheek then runs to Anna*are you okay?! *checks her and helps her up*

Anna:*nods crying hugging her back*i hate him so much...
