Elsa's thoughts

A er the amazing shower I had I put on his clothes and went downstairs when he looked at me I could tell he liked how I looked and that made me smile I don't know why but I didn't mind him looking at me... then I ate the most amazing dinner in my whole entire life god it was delicious! Anyways a er that we sat down and I asked him what he wanted to talk about so he told me... First was that I had to call him sir or Mr. Frost and I have to say this i kinda like calling him sir~ the next think he said that he was a bit touchy and I gotta say I hated when my father tried to sexually assault me but when that is Jack... I wouldn't mind him touching me at all....dammit....anyways the next rule was always being honest and actually I don't mind this one I'll tell him everything, I feel safe with him.... moving on to the next rule was if I go out I should tell him I guess he would want to know when I le and where I am it's cute and the last rule didn't mean much to me I mean I'm not the wanting it all stu like I don't want dressed or cars but when he said kiss my heart skipped a beat so I just blushed god he is amazing.... A er that I went in my room and instantly got in bed
