

The National Goddess Reborn 133-138

Chapter 133 Do You Know How to Fly a Plane? (2)

“You ill-mannered thing, who let you in!” Lin Yan stood up and wanted to scold her, but she felt her neck tighten. Unknowingly, the girl who was at the door just now had already arrived in front of her. She even reached out and grabbed her neck!

“Shut up.”

There was a hint of ruthlessness in the girl’s eyes. When she saw the blood on Lin Nan’s forehead, her eyes were filled with gloom.

“Who hit you?” Her voice was cold.

The surroundings were so quiet that the sound of a pin dropping could be heard. Lin Yan, who had her neck grabbed by Nian Yue, turned paler.

“You?” Nian Yue raised her eyebrows slightly and looked at Lin Yan with a hint of playfulness.

Then, she exerted force and the person she was holding had already landed lightly on the ground.

Everyone present was shocked by her actions for a long time.

“I designed it.” Nian Yue sneered. “If you want to take the copyright, look for me.”

When she designed the blueprint, she had already expected this situation. However, it had happened even faster than she had imagined!

“Do you know who you’re talking to?!” Old Master Lin almost fainted from anger!

“Do you know who you’re talking to, then?”

The aloof girl had one hand in her pocket and there was a hint of wildness in her eyes. Her aura made everyone present unable to breathe

aura

“You’re revolting!” Old Master Lin was so angry that he wanted to call for help, but he felt a chill on his forehead. The black gun was already pointed at his temples. “If you don’t want to die, shut up.”

Lu Yong’s face darkened. He rarely appeared in front of others, but his aura made people shiver unconsciously.

“You traitor. Lu Yong, do you know who sent you to the Fu family?” Old Master Lin was so angry that he was trembling.

“Do you think I would be here without the approval of that person from the Fu family?” Lu Yong sneered. “Old Master, why are you deteriorating...”

Hearing his words, Old Master Lin’s eyes were filled with disbelief.

“You...”

It was that man!

Without that man’s approval, Lu Yong would not be so arrogant!

It was only when the group of people left that Old Master Lin came back to his senses. His face was ashen. “This is outrageous! This is the Lin family, not a place where she can behave atrociously?!” The group of people trembled in fear, no one daring to say anything.

Since Lu Yong was here, he must have received tacit approval from that man.

When Lin Nan came out of the Lin family's house and was brought to the hotel, his face was pale.

Nian Yue passed him the iodine and band-aid in her hand. "Clean up..."

Lin Nan's face turned pale as he looked up at Nian Yue. "I'm sorry..."

Nian Yue sat on the sofa opposite him. Her eyes were cold and only her side profile was glowing

"Are you related to the Lin family?"

"Yes." Lin Nan nodded. "The Lin family in Jiang City is a branch of the Lin family in Imperial City. However, they were separated because of some matters..."

He didn't know much about this matter, and Old Master Lin refused to talk about what happened back then.

"Sure."

Nian Yue nodded. "Leave the virtual reality of the Lin Group to me..."

Before the VR virtual idol was even listed, it had already been targeted by many people. Other than the Lin family, there was also the country's military.

Nian Yue's eyes turned slightly cold. When she saw the message Manager Zhao sent, she replied.

"Imperial Capital."

Zhao Shan raised his eyebrows when he received the message. He knew that Nian Yue would not agree so easily.

At the thought of this, he called Yin Han again. "General Yin, the VR Virtual Training Reality rights are with Miss Nian."

"Give me the address. I'll go there myself." If he had only seen the model 004 had given him, he would not have been so shocked. But when he really arrived at the Lin Group and saw the virtual image of the VR, Yin Han was already stunned beyond words!

If such a virtual reality battle was really used in the military, it would bring unimaginable value!

Therefore, even if the commander-in-chief had asked him to wait for the orders from the higher-ups, he had to make a move first!

Zhao Shan gave him the address and Yin Han rushed to the capital.

Chapter 134 Do You Know How to Fly a Plane? (3)

When the man in black received the call from the Lin family, his eyes darkened. "He's been rescued!"

"Yes, a young lady took him away... That young lady's attitude is arrogant... She even has Lu Yong behind her..." Lin Yan's expression was extremely ugly when she mentioned this.

When had anyone ever pointed a gun at her, the eldest daughter of the Lin family?

However, that girl was extremely arrogant!

"Lu Yong?" The other end of the line lowered his voice for no reason. "Even people from the Imperial Capital are interfering?"

Then, let's see who can play this game better!

After the indoor filming was over, it was time for the outdoor filming.

Shen Jinran had arranged for her and Jiang Yan to go to the island in the country to do wilderness survival.

After such a long period of time, Jiang Yan looked at Nian Yue with a hint of admiration.

The more time he spent with Nian Yue, the more he realized that there was a glow about her that made him yearn for her.

Even if the two of them were filming, he would always be the one being overshadowed by Nian Yue.

After the day of wilderness survival filming ended, dark clouds gathered outside. The other members of the production team were preparing to return to the Imperial Capital.

"Where's Nian Yue? Why don't I see her?" Shen Jinran looked around but could not find Nian Yue.

"Sister Yue..."

The makeup artist at the side pretended to say unintentionally, "I think she has something on and went back with the staff to end work early..."

Jiang Yan had just packed up and changed his clothes. He didn't see a familiar figure and frowned, "Where is Nian Yue?"

"Someone said that she went back just now..." his assistant reminded him.

The weather forecast was good. It was a sunny day but in the afternoon, the sky had turned dark. If they delayed any longer, they would have to spend the night here when the rain came!

Jiang Yan took out his phone, wanting to contact Nian Yue but the moment he pressed the button, he remembered that he didn't have Nian Yue's contact details. "Let's go, Brother Jiang," his assistant urged. Jiang Yan gritted his teeth and left.

It would be raining heavily later and it would be even more difficult for them to leave!

Seeing that the island was getting further and further away, the makeup artist's lips twitched and a vicious glint flashed across her eyes.

When Nian Yue came out of the island, the people who had come to film had already packed up and left. Dark clouds gathered outside and a storm was brewing. There was only a small submarine at the edge of the beach. Nian Yue raised her eyebrows slightly and walked over. The engine was broken and couldn't be used.

Nian Yue shrugged indifferently. When she thought of the appointment she arranged with Yin Han today, her slender and fair fingers rubbed her temples.

It was just an appointment...

Nian Yue turned around and returned to the island. She had plenty of experience surviving in the wild. It was not a problem for her to spend some time on the island.

Almost as soon as she turned around, she accidentally saw a black dot above her head. The black dot was getting closer and closer. It was a plane!

Nian Yue raised her eyebrows slightly. With one hand in her pocket, she watched the plane approach.

This was a small fighter jet. Because it had been modified, it did not look big, but its speed was very high.

Lu Yong got down from the plane. "Miss Nian, I'm here to bring you back!"

“Thank you.” Nian Yue got onto the plane and sat in the back seat. “Miss Nian, do you have an appointment with General Yin?” Lu Yong asked her as he sat in the back seat. If he had not received the notice, he would not have known that Nian Yue was filming on this island.

“Yes, in half an hour.” Nian Yue rubbed her temples. The plane slowly rose and the weather outside was getting worse. After filming for a day in the wilderness, Nian Yue was a little tired. She leaned back in her seat and narrowed her eyes.

The plane flew for another ten minutes or so before Nian Yue suddenly opened her eyes. The pilot’s forehead was filled with cold sweat. “No, the plane might have to land urgently...”

Initially, they thought that the thunderstorm would occur later and that they could leave within half an hour, but this storm came quickly and urgently!

“With the forced landing at this point, we have no chance of escaping...”

Lu Yong let out a long sigh. The sea was right below them. At this moment, there was a mixture of wind and rain. Even if they were parachuting, the possibility of surviving was extremely low!

Nian Yue frowned and glanced at the dashboard. She immediately stood up from her seat. “I’ll do it.”

Chapter 135 Do You Know How to Fly a Plane? (4)

“No, Miss Nian, this is a plane, not a car...” Lu Yong could not help but remind her. He knew how Nian Yue liked to race.

“I know...” Nian Yue’s voice was cold as she went straight to the driver’s seat. “Change it to the autopilot mode first...”

With current technology, planes could already operate automatically. The driver could not help but take another look at her. "Miss Nian, do you have a pilot's license? This is not a car. If we make a mistake, we will lose our lives..."

Nian Yue was just a young lady who had yet to reach adulthood. Even though she was wearing this military uniform, it could not hide the stern aura she exuded. "Then how confident are you that we can fly to land safely?" Nian Yue raised her eyebrows.

The pilot choked on her question. He was indeed not confident of driving out of this area in half an hour.

Before her brain could react, her body had already started operating.

The plane had already been switched to an automatic pilot mode. Nian Yue sat in the driver's seat and familiarized herself with the dashboard and various functions.

"You don't know how to fly an airplane?" The pilot's face was filled with disbelief. He had thought that Nian Yue was telling the truth!

"No." Nian Yue's voice was cold and she was already familiar with the dashboard!

"Then how could you touch it!" When the pilot heard her reply, his vision went dark. He was so angry that he almost fainted!

She didn't know how to fly the plane, yet she dared to touch the cockpit!

How bold!

"I know how to pilot a fighter jet," Nian Yue said calmly. "Sit tight."

Almost as soon as she finished speaking, she had already accelerated the plane!

The plane drew a beautiful arc in the air and disappeared! “How old are you? How would you know how to pilot a fighter jet?” The pilot sneered in disdain. The lowest level of fighter pilots in the country were from the National Defense University, and they had to go through multiple selections!

Even he was eliminated!

How could an eighteen-year-old girl know these things!

“Sit tight!” Nian Yue’s brows were already mixed with impatience, and there was a rare hint of seriousness in her eyes!

The pilot felt suffocated by her aura and shut up resentfully.

Lu Yong, who was standing at the side, had been shocked by Nian Yue’s series of actions for a long time. He knew that Nian Yue was powerful, but he did not expect her to actually know how to pilot a fighter jet!

Others might take her words to be a joke, but only he knew that she was telling the truth.

“Boss, we seem to have found traces of R10...” On an island not far away, a man in military uniform had his legs crossed on the ground and was holding a computer in his arms. On it was a map of the sea with a red dot moving on

it.

“R10?” Mo Yi raised his eyebrows, his eyes showing a hint of playfulness. “Are actors so big these days?” “It’s not for rent. This one seems to have been modified...” The man’s eyes were filled with seriousness.

The R10 aircraft had been officially introduced in the third generation, but the model he had seen just now was more inclined to be an aircraft.

“However, to be able to drive an R10 to such a level, the person’s capability is not bad, right?” the man muttered.

“Yue...” Mo Yi smiled. “I think I smell you...”

I haven’t seen you for nearly half a year. Do you miss me?

“Give them a little gift...” Mo Yi smirked. “My dear little girl, I hope you will like it.”

His eyes were filled with interest.

Nian Yue narrowed her eyes and sensed the surrounding waves. Her aura instantly turned cold!

Mo Yi!

This man was really persistent!

“Beep, beep, beep...” The plane had already sounded the alarm. Lu Yong’s expression changed slightly. “What’s going on?”

“There’s signal interference!”

The plane made a turn in the air and the dashboard almost lost control!

Nian Yue’s eyes turned cold. That man would feel upset if he did not make things difficult for her!

Due to the interference of the signal, the plane drew a long arc in the air and charged downwards!

“Do we have parachutes?” Lu Yong’s heart was in his throat. If the plane crashed today, the three of them would die without leaving their corpses!

“No need.” Nian Yue narrowed her eyes. Her aura became even colder and her grip on the joystick tightened. In the end, she forced it back and the plane returned to its original trajectory!

Until the plane landed, Lu Yong and the pilot were still in a daze!

They almost thought that they were going to crash!

Nian Yue got down from the driver’s seat, and there was a hint of coldness in her eyes. She had one hand in her pocket, and her gaze became a little colder. She raised her hand slightly, and there seemed to be electricity on her wrist from that man back then!

Nian Yue glanced at the time. There were still ten minutes before her agreement with Yin Han.

“Give me the keys.” Nian Yue casually took the keys from Lu Yong and walked towards the nearest jeep!

Then, she started the car and it shot out like an arrow!

Looking at the beautiful tail of the car, Lu Yong laughed helplessly.

Indeed, Young Master Fu was the one who understood Miss Nian the most. He knew that she would like such a vehicle and had gotten someone to prepare it in advance.

Yin Han held the body data indicator in his hand and looked at it over and over again. If he had not been holding down the reputation of the country’s military, Manager Zhao would not have given him such a body data indicator.

There were still five minutes before the person he had arranged to meet. Yin Han looked outside again, but there was no one there.

Yin Han felt a headache coming on when he thought of what Manager Zhao had said when he sent him the information.

Hopefully, this kind of technical talent would not be too difficult to deal with.

Yin Han's face darkened as time passed.

Could he have been stood up?

After an unknown period of time, it was time for the appointment. The door of the cafe was pushed open from the outside and a beautiful youth in a green military uniform walked in.

Nian Yue walked up to Yin Han. "Hello, I'm Nian Yue."

She came almost on time, her cold aura making her seem imposing.

A shop assistant peeked at her through the gaps of her fingers. "That little brother is so handsome..."

Chapter 136 She's the Commander-in-Chief! (1)

In order to film, Nian Yue had already cut her short hair. Coupled with her cold expression, it was easy to mistake her for a boy.

"Hello." Yin Han looked at the person in front of him and was a little stunned.

He had thought that the person waiting would be a strong woman, but he did not expect her to be a beautiful seventeen or eighteen-year-old boy.

"General Yin, do you want to buy the copyright to the VR virtual world?" Nian Yue went straight to the point.

“Yes.” Yin Han also became serious. “Although the Lin Group’s virtual system is used for gaming and entertainment, I found that it is suitable for real-life combat training after experimenting with it...”

The data in the Lin Group’s VR was very complete. It could be used as a small data collection bank.

“General Yin, do you want to use it in military training?” Nian Yue sat opposite him and raised her eyebrows as she asked.

Even though she was wearing a military uniform that had not been changed in time, there was no position on it. However, she was sitting upright, and her back was straight.

Yin Han seemed to have seen a real leader sitting opposite him, discussing a deal with him.

Initially, he had looked down on Nian Yue when he saw that she was just a young kid. Now, he discarded that impression. “Yes. I’ve seen your designs. The VR virtual idol was changed from real-life training to games.”

Perhaps Zhao Shan only treated it as a game, but Yin Han saw it from a different perspective. The moment he saw the design plan, he realized that VR virtualization was built for training!

“Yes.” Nian Yue nodded. “Its main purpose is to carry out real-life training to improve physical fitness.”

In the post-apocalyptic world, human resources were depleted. Such things existed in every area.

However, what she was holding was more towards perfection.

He did not expect Nian Yue to admit it so easily. Yin Han could not hide the excitement on his face. “Then... Do you have the original design?! I can pay ten times the price!”

Was it that powerful just by changing it to a game? Yin Han could not imagine how powerful such a system was!

“Yes.” Nian Yue nodded. “I can give you another design plan, but I have a condition.” Hearing her condition, the passion on Yin Han’s face was extinguished. He liked deals that were done with money and goods. It was even simpler to use money to measure value. Once money is replaced with benefits, things would become even more complicated. “Tell me.” Yin Han narrowed his eyes. His aura was much stronger than before.

“Give me the data of the various physical fitness tests. I will be the Commander-in-Chief.” Nian Yue’s thin lips parted.

Her condition was akin to smashing a bomb on a calm lake!

Yin Han’s expression immediately changed. “Do you know what you’re saying?!”

If the virtual system resided with her, the training of the country’s soldiers would be in her hands. All the indicators and data inside were national secrets!

A seventeen-year-old girl had casually said that she wanted everyone’s data!

This was simply wishful thinking!

Most importantly, she was still an underage

girl!

She wants to be the Commander-in-Chief for training?!

If others found out, they would laugh their heads off! “I want the data to better analyze their physical indicators.” Nian Yue’s lips curled up slightly. “The decision-making power is in your hands.”

This conversation ended on an unhappy note. Yin Han rubbed his temples. Nian Yue was more troublesome than he had imagined!

She was clearly a seventeen-year-old girl, but he had felt suppressed by her aura!

When Nian Yue returned to the hotel, it was already late at night.

The intern saw her and rushed over. "Sister Yue, are you alright?"

"Yes." Nian Yue had one hand in her pocket and the coldness in her eyes lessened.

"I've been unable to contact you. I was afraid that something would happen to you, so I've been waiting for you here..." The intern heaved a sigh of relief when she saw that she had returned safely.

"It's fine." Nian Yue's lips twitched. The intern looked at her and hesitated. "What's the matter? Is there anything else?" Nian Yue raised her eyebrows.

"You... be careful of the makeup artist next to Sister Qu..." the intern said softly.

"Alright, I understand." Nian Yue raised her eyebrows slightly and was not as flustered as she had imagined. She did not care about the makeup artist's private tricks and had always looked down on her.

But this time...

Chapter 137 She's the Commander-in-Chief! (2)

Nian Yue's eyes turned cold and the coldness on her body intensified.

– Inside an office –

"This is the recording of Miss Nian when she was filming 'Commander'. She completed almost all the extreme sports, including skydiving..." When 004 saw the data, he could not hide the shock on his face.

If they had doubted the authenticity of the data when they received the measurements of Nian Yue's body from Zhao Shan, they would have been convinced after watching this video!

He had not seen such physical data for three years!

"Furthermore, Lu Yong is supporting Miss Nian..."

Lu Yong was such a proud person. He followed Master Fu around every day, but now he was willing to follow Nian Yue.

"Alright, I understand."

Yin Han rubbed his temples, his expression unclear.

Yin Han looked at the data sheet for a long time. After a long while, he seemed to have made up his mind.

He wanted to give it a try!

This girl had extremely strong explosive power!

If all the soldiers could be trained to be like her...

The country would have an invincible army!

"I want to give her everyone's physical statistics..."

In a dark room, one could barely see that person's back. Yin Han's face was filled with respect.

“Have you thought about it carefully? This is a secret of the country. If it falls into her hands...”

Such confidential documents and data had always been strictly confidential and could not be given to others at all.

“I know.” Yin Han nodded heavily. “Remember when we were attacked on the internet?”

“She did it.”

This was not a question, but an affirmation.

Such a method was probably rare in the entire country. Such a talent should either be taken as their own or killed!

When Nian Yue received Yin Han’s information, she was not surprised. She gave him another design plan.

The moment Yin Han took the design plan over, he was extremely glad that he had made the decision. With the current scientific research conditions in the country, this design would never be able to reach the standards! Even with the Lin Corporation’s successful experience!

Therefore, they still needed Nian Yue’s guidance to produce the final product!

Lin Yan’s face was still plastered with a mask, and she was holding a scroll of information in her hand. Her eyes were a little cold. “How dare people from Jiang City come to the capital and behave atrociously?”

The butler didn’t dare to say anything. Since she could bring Lu Yong in to hijack her plans, she must have a powerful background.

“Has ‘The Commander’ been pretty popular these few days?” Lin Yan’s lips twitched, and a hint of determination flashed across his eyes.

“Put her on!”

Since she dared to run to the Lin family to snatch Lin Nan, she was too arrogant!

At night, a video titled “Newcomer actress forced the makeup artist to kneel” spread online.

In two hours, it reached the top three!

Even The Commander’ was on the hot search.

The netizens who clicked on the video criticized her.

“Damn! This is too arrogant! Are people still so barbaric in the 21st century?!”

“A female lead without any background?! Who would believe that?! She must have bullied people a lot!

“I don’t want to see this kind of female lead who destroys the world! She can’t be the epitome of the country’s righteousness! Don’t tarnish the country’s reputation!”

Snes

At the same time, Jiang Yan posted on social media to support Nian Yue.

Along with Jiang Yan were a few veteran actors from the entertainment industry.

They were all collaborators when they filmed the movie.

When Nian Yue arrived at the airport, the airport was already packed tightly before she boarded.

A group of reporters came over with cameras and microphones. “As a public figure, can you tell us about how you bullied your fellow crew members?”

“Nian Yue, can you tell us about how you bullied your fellow crew members just because you have your backer?”

“Did you bring the role of An Shan into your life?!”

These reporters seemed to have come prepared, their questions getting more and more difficult. There was a hint of impatience in the girl’s eyes. Her face was pale, but her words were extremely cold.

“Bully?” Nian Yue sneered. “Someone else was using their seniority to bully the newbie.”

“Are you shirking the responsibility? The video clearly shows that you forced a member of the crew to kneel down...”

A reporter came prepared and asked aggressively.

Chapter 138 She’s the Commander-in-Chief! (3)

The moment she spoke, all the reporters fell silent. Their cameras flashed non-stop at her.

“I was the one who hit her, but it’s just repayment.” Her voice was cold, as if she was saying something extremely ordinary.

The reporter was suffocated by her aura and forgot to ask another question. Nian Yue could not be bothered with everyone else. She raised her eyebrows slightly and continued with her sloppy attitude. However, no one dared to stop her.

At the same time

A cold man saw the news and his eyes turned cold. "Who released the news?"

"I think it's the Lin family in the Imperial Capital." Jiang Jincheng chewed on his gum and said indifferently, "It's related to the Imperial Capital Military District..." Although he didn't look at that small design plan, he knew the value of it since people from a few families were fighting for it.

"Arrest the person in charge of the Lin family." The man in black had a voice as cold as ice.

"The Lin family has a relationship with General Yang..."

"I don't care who he is with." Fu Xiuyuan leaned back in his seat, his face cold.

Jiang Jincheng could clearly sense the coldness on his body, and he silently lit a stick for the Lin family.

Lin Yan was doing her makeup in the dressing room on the second floor when the door was suddenly kicked open from the outside.

The leader, Lu Yong, said, "Miss Lin, please come with us!"

Seeing so many people break in, Lin Yan's expression was extremely ugly!

"How dare you! Do you know where this is?" Lin Yan walked over in two steps and was about to slap Lu Yong!

"Miss Lin, please come with us!" Lu Yong's expression was ugly as he grabbed her wrist.

"Do you think you can break into the Lin family just because you want to? You're just a dog beside Jiang Jincheng!" Lin Yan sneered in disdain, his eyes filled with arrogance.

“Bring her away!”

Lu Yong couldn't be bothered to waste his breath on her. He gave an order and a group of people entered.

“You're revolting! Where's Jiang Jincheng! Get him out here!” Lin Yan was furious. Because of her anger, her exquisitely made-up face was twisted to the extreme! “Bring her away.” Lu Yong's expression was dark.

“I want to see Fu Xiuyuan...” Lin Yan knew that it was useless to look for Jiang Jincheng now. The man who was really in charge was Fu Xiuyuan.

She was the daughter of the Lin family after all, so Fu Xiuyuan would have to give her some leeway.

“Young Master Fu is not in the country,” Lu Yong replied coldly. No matter how Lin Yan kicked up a fuss, he did not even look up.

Lin Yan didn't know who she was trifling with when she provoked Nian Yue.

The female lead of 'The Commander' was still a mystery. Even though it was announced to the public that her scenes had been completed and that it was time for the post-production of the drama.

The interview photos at the airport had been deleted overnight.

When Jiang Yan was bored, he asked his assistant, “Do you have Nian Yue's contact details?”

After working with Nian Yue for two months, he realized that the girl was even colder than in the movies. She spent most of her time casually swiping her phone. He had accidentally seen her play games and they seemed to be quite popular online.

He thought carefully about the name of the game and downloaded it. He sent Yan Shan a message. "When are you coming back from Jiang City?"

The game replay was playing on the big screen in front of Yan Shan. His gaze was a little cold. "I'm waiting for someone."

"You call yourself a gaming genius, is there anyone you can't find out about?" Jiang Yan raised his brows, his voice filled with schadenfreude.

"She's different." Yan Shan rubbed his forehead helplessly.

In the past, he could still find Nian Yue's contact details, but now, he could not even find a trace of her.

Furthermore, as long as he investigated Nian Yue, the company's internet would be paralyzed from time to time. He felt that Nian Yue might be toxic.

"Enough, lend me your account to play for a few days..." Jiang Yan sneered, feeling that Yan Shan was making a mountain out of a molehill.

Yan Shan logged in and password. "If you meet that 5563, remember to take a detour."

He did not know that 5563 was Nian Yue's login name. She had yet to set up a nickname.

However, all the players in 'Pugilistic World' knew that the big boss was not to be trifled with. If there was nothing important, one should not jump in front of her. "Got it."

Jiang Yan casually replied, clearly not taking his words to heart.

The second semester of Year Three was already starting. Nian Yue had disappeared for two months and she only returned two days after school started.
