

The National Goddess Reborn 145-151

Chapter 145 Competition (2)

Grandma Nian's doting was the reason why Nian Yue had specially come back when she spoke to Nian Chaoyu.

"It's alright." Nian Yue casually took the things from Grandma Nian's hand and went home with her.

"What? They're fighting again?!" In the military surveillance room, Yin Han looked at the contents of the surveillance camera and was so angry that the veins on his forehead were throbbing!

It was already the third day!

There would be group fights almost every day and Wang Yang was always the one starting them. He couldn't wait to cause trouble for Li Yi!

"Yes, this is the tenth 1v3..." the assistant at the side couldn't help but say.

Even he admired Wang Yang's perseverance. Every time he provoked someone, he would be beaten up. Yet, after being beaten up, Wang Yang would incite his opponent again.

He really did not know what he was thinking.

"Who let him in?" Yin Han's expression was a little ugly.

He had carefully selected everyone here. Even Wang Yang had a set of beautiful data.

But now that he had been beaten by Li Yi again, he began to doubt the authenticity of the data.

"It's Miss Nian. She said that his various physiques and statistics are not bad..." the assistant at the side explained.

Some people had good physiques compared to ordinary people. But she had to remember that this was the military zone!

Especially those who had been sent to test the virtual system! Which of the people inside were not the best among men?!

They had all been specially sent over. To think Wang Yang actually dared to provoke them. He might even die without knowing!

“You should separate them first...” Yin Han rubbed his temples. He trusted Nian Yue’s judgment.

However, they could not just watch as Wang Yang was beaten to death.

When Nian Yue came over, it would be difficult for him to explain!

On the training ground, Wang Yang strode in and threw a punch at Li Yi.

“Did you do it?!”

When he woke up earlier, he realized that all his things had been thrown outside!

Li Yi faced his attack, his face full of disdain. “This is the military district! Those who can enter are all outstanding people. Someone like you is a disgrace!”

Those who were under Yin Han were cream of the crop.

Not to mention that he was chosen to undergo a virtual system test.

“You’re going too far!” Wang Yang’s face was ashen as he attacked Li Yi again.

Although he had been in the underground boxing ring for more than ten years, he had seen all kinds of opponents.

However, Li Yi was trained after all and was on a completely different level from Wang Yang!

He dodged Wang Yang's attack, and then kicked his lower abdomen!

Wang Yang's injuries from two days ago had yet to recover. When he was kicked to the ground again, the pain almost made him faint on the spot.

"They've all stopped."

A man's voice sounded behind them. Yang Zheng, who was in a white coat, walked in. "Why are you so arrogant? Aren't you afraid that someone will teach you a lesson later?"

Yang Zheng helped Wang Yang up. "Come with me to the infirmary."

He had just been beaten up by Li Yi a few days ago and had yet to recover from his injuries. Today, he had another conflict with him.

He probably felt like dying from the pain.

"It's not necessary."

Wang Yang used his strength to stand up and hold his chest. "I want to wait for someone."

When Nian Yue said that she would be coming today, he believed that she would definitely come.

Yang Zheng put his hands in his pockets and tsked. "I hope you can still be so arrogant when the commander comes later." He had heard that the commander was the creator of the virtual system and was a young lady.

He was getting more and more curious about how this little girl would tame this group of disobedient beasts later.

"I'm as curious as you are." Li Yi squatted down casually, plucked a blade of grass from the ground, and bit into it. "General Yin personally invited the Commander-in-Chief."

His attitude was sloppy. He chewed a few mouthfuls of grass and felt that it didn't have much taste, so he spat it out.

Then, he stood up and narrowed his eyes to look at the sky outside.

She should be here soon.

The training ground was so quiet that one could hear each other's breathing and a gust of wind blew.

A car stopped outside the field and a black jeep dashed over.

It was a car without a license plate. The car stopped steadily in front of everyone.

The car door opened and a handsome young man alighted from the car.

Chapter 146 Competition (3)

The youth was about 17 or 18 years old. He was wearing a black sportswear and had long legs. His face was as cold as jade and he looked a little unruly. The youth was Nian Yue.

Nian Yue narrowed her eyes and walked over in a few steps. She stretched out her hand and said to Wang Yang, "Can you get up?"

Wang Yang was a little stunned. He had only seen Nian Yue once. At that time, Nian Yue had long hair and always had a nonchalant expression on her face. She looked like a young lady not to be trifled with.

But now, with Nian Yue's short hair and casual clothes, she looked like a good looking young man.

"Sure..." Wang Yang only found his voice after a long time. He grabbed her hand and stood up from the ground.

"Let me introduce myself. I'm your Commander-in-Chief, Nian Yue." Nian Yue walked up to Li Yi and reached out her hand. Li Yi had his hands in his pockets and looked sloppy. "Why did General Yin find a pretty boy?"

Nian Yue was wearing casual clothes. Because her face was too cold, it was easy to mistake her for a beautiful youth.

In the team, this group of men looked down on weak pretty boys the most.

However, Nian Yue had such an image now.

"Are you the inventor of the virtual system?" Li Yi looked her up and down.

The person in front of her stood upright with one hand in her pocket. She looked like a minor.

"Yes." Nian Yue nodded and retracted her hand. She placed her hands in her pockets and frowned. "Is there a problem?"

"Of course there is." Li Yi stretched her shoulders and looked at Nian Yue with some disdain. "Since you're the Commander-in-Chief, you can't just be the Commander-in-Chief with a system, right?"

“Do you want to compete?” Nian Yue raised her eyebrows.

“Sure.” Li Yi spat out a piece of grass in his mouth and took off his jacket. His face was filled with provocation. “If you compete with anyone here, you’ll be disgraced if you lose!”

This was an insult!

“Don’t insult her!”

Hearing this bet, Wang Yang was the first to stop it. He stood up to help Li Yi.

In the beginning, he was not convinced. However, he was a man after all. If he was not convinced, he would just fight. It would not be a big deal!

However, it was different for Nian Yue. She was just a little girl. If she were to be disfigured by Li Yi, things would get out of hand! “What? You’re not convinced? Then let’s fight again.” Li Yi stretched his muscles. He had thought that the person Wang Yang was protecting would be a big shot, but he didn’t expect him to be an underage pretty boy.

He was just a pretty boy. How capable could he be?!

“No need.” Nian Yue stretched out her hand and stopped Wang Yang. Her face was filled with unruliness. “Whoever loses will do a hundred push-ups and call the other party ‘tyrant’ a hundred times.”

“Of course!” Li Yi agreed readily. He stretched his muscles and was about to attack Nian Yue.

“I don’t mind if you all attack.” Nian Yue sneered. The moment Li Yi attacked, she had already moved forward.

Her power was extremely strong. She grabbed Li Yi’s fist and kicked.

Li Yi dodged and turned around to kick her. He was the fastest and the strongest! Most importantly, he had conducted many missions and had a lot of combat experience.

Otherwise, Wang Yang wouldn't have been at a disadvantage every time!

Nian Yue narrowed her eyes, a hint of admiration flashing across them. Li Yi had attacked multiple times, but she had always dodged them. It was hard not to be angry!

Taking advantage of an opportunity, he grabbed her wrist and tried to dislocate it! However, the moment he grabbed her arm, Nian Yue exerted force and grabbed his wrist instead. Then, she kicked his lower abdomen!

Li Yi was kicked to the ground and stopped. "Again!"

He had already attacked Nian Yue again. Nian Yue dodged his attack and raised her eyebrows at the group of people behind him. "All of you, attack together!"

These words were indeed arrogant! But she had the right to be arrogant!

The group of people who had been watching immediately joined the battle!

104!

Yin Han, who was watching the surveillance footage, turned gloomy when he saw this!

"Do these people think it's not lively enough?! They're actually ganging up?!"

If anything happened to Nian Yue, he would go crazy!

"What's the rush?" Yang Zheng pushed his glasses up the bridge of his nose and smiled like a cunning fox. "Don't you want to see her true strength?"

Chapter 147 Competition (4)

Was that aloof girl really just for show? Or did she really have the ability to subdue those people?!

“Cough cough...”

Yin Han coughed dryly, but his eyes were fixed on the screen.

They did not want to miss a thing!

Finally, five minutes later, everyone was defeated by her.

Nian Yue stretched her muscles. There was a thin layer of sweat on her nose because she had been exercising for too long. She took off her jacket, revealing a black shirt underneath.

Her slender and fair fingers undid two buttons, revealing her exquisite collarbone.

Li Yi got up from the ground and happened to see her movements.

His eyes subconsciously looked at her neck...

No Adam's apple...

Li Yi seemed to remember now that her wrist had been extremely slender when he'd grabbed

it...

She was a girl!

Knowing this, Li Yi felt like he had been struck by lightning...

“You lost.”

The aloof girl had one hand in her pocket as she walked over slowly, her eyes extremely cold.

“Tyrant!”

Li Yi shouted without thinking, then lay on the ground and did push-ups.

The others who were following him also shouted.

“Tyrant!”

“Tyrant!”

The sound was deafening. Those who did not know better would think that a group of people was shouting slogans.

Then, they got down and started doing push-ups.

Nian Yue did not even raise her eyebrows. She held her coat and raised her eyebrows at Wang Yang.
“Have you learned it?”

Wang Yang hurriedly nodded. “I’ve got it!”

He knew that Nian Yue’s ability was not simple after she helped him fight the previous time.

Now that he saw Nian Yue make her move, he felt his blood boiling!

With such skills and speed, she was much better than him! It would not be an exaggeration to say that she could become his teacher!

When Nian Yue entered the surveillance room, Yin Han had yet to recover from his shock.

“Give me the information.” Nian Yue had one hand in her pocket and there was a hint of unruliness in her eyes.

Yin Han passed her the information that he had prepared long ago. Nian Yue flipped through it a few times before saying unhurriedly, “Half a year, I will return to you a new special forces team. Are you sure you only want these few people?”

“These few people have all done things under me in the past. They are the best,” Yin Han explained to her.

However, he did not reveal certain things. The ones he had chosen were all above average. The only outstanding one was Li Yi. He had been exiled because he had committed a crime.

He had not trusted Nian Yue completely yet.

Rather than appointing Nian Yue as the Commander-in-Chief, it would be more accurate to say that he was testing a possibility. He wanted to see how well Nian Yue could train this group of people! “Okay.” Nian Yue took back the data and nodded. Then, she left the surveillance room with her hands in her pockets.

Yin Han did not know that he would regret his decision one day!

When Nian Yue returned to the dormitory, the group of people who were fighting with her had just come out of the shower. When they saw her, they immediately quieted down. She still looked sloppy, but there was a hint of coldness in her eyes.

“Hello, commander!” Li Yi saw her and ran over to greet her.

The others followed and stood in front of her.

“Li Yi?” Nian Yue raised her eyebrows. “Here!”

Nian Yue sized him up a few times. He was indeed a rare good seedling.

“Hold out your hand.”

Nian Yue walked up to him. Li Yi reached out his hand and saw Nian Yue grab his arm and squeeze it a few times.

Then, she slowly retracted her hand.

Her hands were very soft and white. They seemed to be no different from those of ordinary girls.

If he hadn't fought her, Li Yi would never have believed that such a pair of hands could have such explosive power!

There was a faint fragrance on her body, extremely faint. If one did not approach her, one would not be able to smell it at all.

However, she had been gone for so long, but Li Yi still felt the smell near his nose. It couldn't be dispersed no matter what.

This was crazy. This was really crazy. He actually thought that Nian Yue was good-looking!

Chapter 148 Let Me Show You the Savant (1)

Inside a black room, Fu Xiuyuan was still holding a pale jade in his hand. The energy inside was very weak and one could barely feel

it.

Jiang Jincheng came in with a stack of documents. "Where do you think Nian Yue got this stone?"

This kind of stone was extremely difficult to find. Otherwise, he and Fu Xiuyuan wouldn't have rushed over the last time it appeared in Jiang City.

"I asked for it." Fu Xiuyuan said calmly, his face expressionless.

Jiang Jincheng touched his chin and thought about it. He had already guessed it.

It was likely that this stone was not very valuable. At most, it could come in handy during an emergency..

"But why did I hear that she had not gone to class these past few days?"

Because Duan Yu had his contact details, Jiang Jincheng would even chat with Nian Yue on the phone occasionally.

He knew that Nian Yue was not in school now.

"She went to the military base. You know that."

"Does Yin Han really have so much power to let her be the commander?" Jiang Jincheng continued to ask curiously.

"No." Fu Xiuyuan retracted his Energy Stone. "It was his order."

In the entire country, there was only one person who could give her the data of everyone's bodies and had the right to command.

"You mean, the president?!"

When Jiang Jincheng thought of this possibility, he felt a chill down his spine!

How was that possible?!

She was clearly a stunt double for 'The Commander' during the winter break, but in the blink of an eye, she had become a real commander?

"Who else do you think it could be?" Fu Xiuyuan sneered. How could Yin Han have so much power?

"To be honest, I'm also very curious about what method Sister Nian Yue used to make that old fellow Yin Han listen to her."

Normally, when he saw an old fox like Yin Han, he would beat around the bush with him.

In the end, he actually listened to Nian Yue obediently and handed the position and team over to her?

"She has her own way."

Fu Xiuyuan's lips twitched and a hint of warmth flashed past his eyes.

"Eh..."

Jiang Jincheng couldn't stand it and had goosebumps all over his body. "If she really joins the army, will you let the young lady do as she wishes? Won't you bring her to the capital?"

With Nian Yue's results, she could easily get into the Imperial University.

Only when she came to the Imperial Capital could Fu Xiuyuan protect her better.

"I won't."

He would naturally let her do whatever she liked.

However, with her unruly personality, the possibility of her joining the army was extremely small.

Nian Yue did not appear in the class for the next half a month. The students of Class A were already used to her occasional absence.

Most importantly, the teachers in Class A gave in to her. Especially the math and physics teachers. After all, to be able to score so well with her eyes closed, it went without saying that she would be able to enter the Imperial University next year.

She could also be the top science student in Jiang City.

However, Old Sun was not so optimistic. He had worked hard for three months, but Nian Yue had only managed to score 90 points from 60 every month. Occasionally, she would even perform badly and write an essay that was excruciating to read. However, Nian Yue did not take the usual path. When she was in a bad mood, she would casually write a few lines in an essay. In the end, he could only give her the nominal score.

...

At the military base everyone had gathered at the training grounds. Nian Yue was still wearing her black sportswear. She looked a little unruly, but there was an indescribable coldness in her eyes.

“Are you done training?” Nian Yue raised her eyebrows. She stood in front of a group of people. She looked like she was still underage, but the aura she exuded suppressed everyone.

“Report! Training completed! Please guide

me!”

Li Yi stood at the front and shouted confidently.

“Sure.” Nian Yue’s lips twitched and she looked a little devilish. “We’ll start the ten-kilometer march now.”

Almost as soon as she finished speaking, the group of people looked at one another and rushed out.

Looking at the backs of the group of people, Nian Yue walked to the tree and took out her timer to take a look.

Then, leaning against the tree, she yawned and narrowed her eyes.

Yin Han, who was still in the surveillance room, rubbed his temples when he saw her actions.

After yesterday’s incident, he thought that Nian Yue would perform well and discipline these brats.

In the end, she only asked him to practice while she slept there?

As Yin Han sat in front of the surveillance camera, he could not help but twitch his lips.

Chapter 149 Let Me Show You the Savant (2)

Forget it. He would give her a week to see what method Nian Yue had to improve everyone's physical statistics!

However, for the next week, Nian Yue made the group practise running with weights. She sat under the tree herself and occasionally played a few games. Most of the time, she lay there and slept. Yin Han observed for a week and could not stand it anymore. In the end, he shouted through the surveillance camera, "Nian Yue, come to the office."

He had taken a fancy to the potential of Nian Yue's virtual system and agreed to hand over his people.

In the end, Nian Yue was sleeping most of the time. If the higher-ups asked him for data indicators, where would he get them?!

Only then did the aloof girl open her eyes. Her eyes were clear and she did not look like she had just woken up at all.

Nian Yue sat up and casually picked up a stone from the ground. She glanced at the small drone closest to her and threw the stone at it!

The drone was hit by a stone and fell from the sky. It was completely silent.

Yin Han, who was still sitting in front of the surveillance room, saw the black screen of the surveillance camera and had no choice but to leave the office to look for her.

"Miss Nian, you have been here for a week..." Yin Han tried his best to persuade her. If Nian Yue still could not produce any results, this project would be delayed!

“Half a year,” Nian Yue said slowly, her jade-like face filled with coldness.

“But...”

“General Yin, you don’t trust me?” Nian Yue raised her eyebrows and looked more serious.

“I...”

“Data.” Nian Yue threw him a few data sheets. From the time she came here until now, everyone in the team had improved their statistics.

It had only been a week, but these people seemed to have practiced for a year!

Most importantly, she had not used the virtual system to reach this level. If they had used the virtual system, their improvements would increase exponentially!

“Any more questions?” Nian Yue raised her eyebrows and picked up a few more stones from the ground. She had a blade of grass in her mouth and looked nonchalant.

Then, she threw the stones in her hand in several directions!

Plop...

Plop...

Several drones fell from the sky. There were still red dots on the drones, and it was obvious that they were still filming.

“It’s best if you remove all your surveillance methods.”

Nian Yue sneered. "After all, you wouldn't want to look at a black screen every day."

This was a blatant threat!

She really had the ability to hack all his surveillance cameras!

The reason why she hadn't made a move yet was mainly because she was lazy.

Yin Han felt a headache coming on. However, the higher-ups had already ordered him not to chase Nian Yue away until the results came in.

In the following month, when Yin Han saw that when the group of people improved rapidly, they could finally hold their heads up high.

On the training ground, the group had just finished training. When they saw the girl sitting under the tree, Li Yi glanced at her and asked, "Is she really a girl?"

Since he did not see Nian Yue's Adam's apple at the start, he was certain that Nian Yue was a girl.

However, looking at her behavior for the past month, she had been sloppy all day. If not for the intensity of their training, he would have thought that Nian Yue was really a sloppy second-generation heir. As a result, he became suspicious of his initial guess. Wang Yang took a sip of water and did not reply. He hadn't forgotten how Li Yi had beaten him up when he first arrived!

"Hey, I'm talking to you! Can't you hear me?!" Li Yi was angry and kicked him. "What? Do you want to fight?!" Wang Yang put down his drink.

"Fine! Do you think I'm afraid of you?!" Li Yi got into position.

"Enough, Li Yi. Why are you so conflicted about whether the commander is a man or a woman!" someone else chimed in. "In any case, she would only train us for half a year."

His words were filled with regret.

Although Nian Yue did not talk much, her methods were really ruthless. When they first started following her, none of their stamina passed her standards.

They were only able to reach Nian Yue's standards after being thrown into the virtual system for half a month.

However, this group of people knew clearly in their hearts that if not for Nian Yue, they would probably not have been able to reach their current physique even after training for a few more years.

Most importantly, under Nian Yue, everyone's various indicators had already taken a qualitative leap!

Chapter 150 Let Me Show You the Savant (3)

"Can't she join the team..." Li Yi scratched her head in frustration.

He did not know if it was his imagination, but even though Nian Yue was sloppy, she had the aura of a leader.

"You're overthinking. Boss wants to take the college entrance examination." Wang Yang rolled his eyes at him, not responding to Li Yi's words.

"Are her results good?"

"Other than Chinese, she scored full marks for all subjects." Wang Yang said.

"Damn!"

Li Yi scratched his head in frustration. He had thought that Nian Yue's grades wouldn't be good and that she could stay in the team. In the end, she was the Goddess of Studies. She would have no problems getting into a good university.

Nian Yue had just come out of the virtual system. Because of this month of training, her physical fitness had taken a qualitative leap.

In terms of speed and strength, she had reached almost eighty percent of what they were in her previous life.

Even her physical fitness was much stronger than before.

Because she had been training for too long, a layer of sweat had already formed on Nian Yue's forehead. Her coat was casually draped over her shoulders, and she wore a white shirt. Because it was too hot, two of the buttons had been undone, revealing her exquisite collarbone.

"Boss, you're out?" After more than a month of training, Wang Yang had completely become Nian Yue's number one fan.

"Yes." Nian Yue had one hand in her pocket as she looked at Wang Yang. "Do you regret following me here?"

"I won't regret it!" he answered with confidence!

Ever since Nian Yue had fought for him, he had decided to follow Nian Yue wholeheartedly!

He had never expected to come to such a place.

Li Yi had just come down from the training ground. When he saw the girl's side profile, his face lit up.

Li Yi walked over. "Commander, how old are

you?"

As soon as he finished speaking, he regretted

it.

However, at this moment, he desperately hoped to hear a different answer from Nian

Yue.

"Guess." The cold girl's lips twitched, not prepared to answer his question.

"Let's make a bet..."

Li Yi followed behind her. "Half a year later, if I have the same physical fitness as you do, answer this question."

Nian Yue stopped. She stood tall, her eyebrows raised slightly and her chin raised slightly. She looked more serious. "Are you sure?" "I'm sure!" Li Yi nodded his head.

Actually, the moment he saw Nian Yue take off her coat, he knew that she was a girl.

However, because it was winter when she came and her clothes were a little thick, he could not see any feminine features.

Now that Nian Yue was only wearing a thin shirt, he could tell at a glance. He had thought about her freaky stamina before he guessed that she was male.

"Sure." Nian Yue agreed readily and returned to the dormitory.

Although she had only been here for a month and saw the changes in these people, this was not a place she wanted to stay in.

After the first month, Nian Yue spent much less time in the military.

Other than the military district, she would spend most of her time in school. Lin Nan's grades had improved rapidly in the past half a year. On the one hand, he was still learning the management knowledge of the Lin family.

After the new year, there were still two months before the college entrance examination.

Class A was surrounded by a sense of oppression.

When the teachers of the other subjects saw Nian Yue return, they were initially worried about her grades. However, when they saw Nian Yue's answers, everyone heaved a sigh of relief.

Other than Chinese, she scored full marks for all the subjects.

As long as she maintained her composure, she would breeze through the examination and get into the Imperial University.

On the other hand, Old Sun advised her earnestly, "Nian Yue, can you write better and more words for our next essay..."

He watched helplessly as Nian Yue scored from 60 to 90 points. As long as she practiced her writing, she could get better scores for her essay.

When the time comes, she would definitely be able to score well in the Chinese Literature examination!

"I'll try."

Nian Yue raised her eyebrows and replied slowly.

Old Sun was speechless.

He should not expose the fact that Nian Yue had referred the full marks essay for his college entrance examination.

Finally, when the three months were about to end, it was time for the college entrance examination.

Nian Yue had just come down from the training ground. She was holding a group of figures and a rare seriousness was written on her face.

Chapter 151 Let Me Show You the Savant (4)

A voice came from the door. Nian Yue put down the report and rubbed her eyebrows. "Come in."

Wang Yang walked in first, followed by Li Yi and the others on the training ground.

"Boss, are you taking the college entrance examination tomorrow?"

"I made you two duck eggs and a fritter in the kitchen. I hope you'll score a hundred points for your exam." "This is the peace blessing that I asked my mother to get from the temple. I guarantee that you will perform beyond your usual standards tomorrow..." "Are you crazy! You! Why do you need a peace charm for the exam!"

Li Yi kicked Wang Yang.

"Then you're even crazier. Don't you know that the full score for English is 150? What are you doing letting Boss get 100 marks?!"

Seeing that the two of them were about to fight, Nian Yue rubbed her temples with a headache. "Thank you very much. Give them to me."

Li Yi and Wang Le brought over their gifts. "Boss, you have to bring it with you for tomorrow's exam. This thing is very spiritual..."

Nian Yue received the peace charm and smiled. "Thank you."

"Mine too..." Li Yi gave her the item. He still looked angry, but his ears had turned red.

"Alright, I'll accept your kind intentions. I'll be the top scorer." Nian Yue smiled.

"Alright, then we'll wait for your good news..." Li Yi replied. Wang Yang could not bear to tell him that his boss was just humoring him.

After all, he knew that Nian Yue had not passed the Chinese Literature examination.

During this period of time, no matter how much she studied, she would not be able to catch up to other people's more than ten years of hard work.

The day before the college entrance examination, Nian Yue received a call from Wang Zhizhi and Lin Nan. The three of them were on voice chat.

"Sister Yue, you've been missing for almost half a year. I thought you weren't coming back." Lin Nan lay on the bed, looking like he had nothing to live for.

"Well, I'm back." Nian Yue had just come out of the shower, and her hair was wet. She casually took a towel and wiped her hair, her cold face a little warmer.

"Yue Yue, which school do you want to get into?" Wang Zhizhi asked, dragging her chin.

“Imperial University,” Nian Yue replied casually. She turned on her computer and sent the document to Wang Zhizhi. “Investigate it.”

On the day of the college entrance examination, Nian Yue woke up early as usual. By the time she reached the school gate, there were already many students outside. Lin Nan and Wang Zhizhi were not in the same examination venue as her so she was alone.

“Nian Yue, I’m here to cheer you on!” Jiang Jincheng whistled and got out of the jeep. “How great am I as a brother? I knew that you were going to take the college entrance examination, so I specially rushed back from the Imperial Capital.” Jiang Jincheng smiled like the spring breeze and greeted her.

Nian Yue looked behind him and, as expected, saw a man dressed in black standing beside the jeep. “Thank you.” Nian Yue’s lips twitched and the coldness in her eyes intensified.

“Good luck with the exam.” Fu Xiuyuan handed her a fountain pen. “This is for you.”

“Thank you, I will become the top scorer.” Nian Yue took the fountain pen and smiled. She waved her hand at the two of them and entered the examination hall.

Jiang Jincheng looked at her and asked rather curiously, “Nian Yue, where did you get the confidence to be the top scorer?” He knew Nian Yue’s Chinese Literature results. She had barely passed.

Even if she scored full marks for all her other grades, she could barely get to 690. It was a little difficult to become the top student in Jiang City with less than 700 points.

From what he knew, the college entrance examination questions in the previous two years were relatively easy. Based on the trend, the examination this year should be the most difficult.

Other than Chinese, it would be very challenging for Nian Yue to get full marks.

“Not necessarily.” Fu Xiuyuan’s lips curled up slightly.

“Alright, your fan game is strong.” Jiang Jincheng sighed.

He was also very curious about Nian Yue’s score for the college entrance examination.
