

The National Goddess Reborn 161-165

Chapter 161 New Cadet (2)

She was looking in the direction where Nian Yue was leaning against the bed.

“Is her name on it?” Nian Yue looked up and asked.

She had already put away her phone and had one hand in her pocket. There was a hint of coldness on her face.

The new students had to randomly choose a bed. Since there was no one on the bed, it meant that no one was using it.

“No.” The girl in glasses pushed her glasses up the bridge of her nose. “But she said before that she likes the location of the lower bunk...”

“Mmm.” Nian Yue did not even raise her head when she heard that. She raised her chin and asked Wang Zhizhi, “Are you done packing?”

“Alright.” Nian Yue jumped down from the top bunk. “Let’s go to the canteen to eat. I want to see what’s different about the canteen at the Imperial University!”

The two of them seemed to have turned a deaf ear to the girl in sunglasses.

Just as they were about to leave, the door was suddenly kicked open from the outside!

Just as Wang Zhizhi reached the door and was about to open it, she felt a strong impact coming from outside!

Nian Yue quickly pulled her behind her!

A girl in a red dress greeted her sight. She looked to be around seventeen or eighteen years old, but she had straight makeup on and ten centimeters of high heels.

She also looked arrogant and conceited.

She saw that the lower bunk had already been laid with a blanket, and the blanket on top had been folded and neatly arranged.

Xu Mo's expression changed instantly. She pointed at Nian Yue and said, "Throw your things out! Who asked you to take my bed?"

"Is your name written on it?" Nian Yue raised her eyebrows.

"Don't you know that I've taken over the lower bunks of all the freshmen?!" Xu Mo sneered and walked over in two or three steps. "I'll give you three seconds to disappear from my sight. Scram."

Her voice was proud and conceited.

As someone who had been specially invited by the country to be the first batch of students, Xu Mo felt she had the right to be arrogant and proud.

In this country, she was always supported no matter where she went!

If it were anyone else, they might subconsciously give way when they saw Xu Mo.

However, it was a pity that she met Nian Yue today.

The Nian Yue who could draw a bomb layout in a minute and shoot someone in the head.

“Repeat what you just said...” Nian Yue raised her eyebrows and wiped the cynicism from her face.

Her slender and fair fingers were holding onto her phone, looking a little relaxed.

“Don’t you understand human language? I said...”

The few of them did not even see how Nian Yue grabbed Xu Mo’s chin with one hand and casually took the cup with the other, pouring all the water into Xu Mo’s mouth!

“Mmm...”

Xu Mo did not expect her to attack as soon as she said she would. She struggled with all her might under her hand.

However, Nian Yue’s grip was extraordinarily strong. She could not break free even after using all her strength!

The girl only released her grip when she had poured the entire cup of water into Xu Mo’s mouth.

“Cough, cough, cough...”

Xu Mo was already out of breath and sat on the ground in a sorry state.

“Your mouth isn’t clean. I’ve washed it for you.” The aloof girl took out a wet tissue and wiped her fingers slowly. Her slender and fair fingers were so white that they were almost glowing. Nian Yue then casually threw the wet tissue into the rubbish

bin.

“If you don’t want to stay, get lost!”

With that, Nian Yue put one hand in her pocket and left the house.

To be precise, Xu Mo was an exchange student.

As the first of specially-recruited exchange students, she ended up being kicked by Nian Yue.

When had she ever suffered such grievances? Xu Mo's eyes darkened.

Nian Yue, Wang Zhizhi, and Lin Nan went to the canteen to eat. When the three of them found a seat and sat down, a girl secretly took out her phone.

"Sister Yue, do you know how popular you were during the summer break? Our classmate asked me about you every day and asked for your autograph!" Lin Nan sat opposite Nian Yue and started complaining to her.

Nian Yue was too busy during the summer holidays and she had a cold personality, so she did not have much time to talk to Lin Nan.

"I know," Nian Yue replied casually.

She had nearly ten million followers on her social media account; how could she not be popular?

"What a pity, you didn't even take your graduation photos." Lin Nan sighed.

"You can take it after you graduate from Imperial University."

Chapter 162 New Cadet (3)

“Not necessarily. I heard that the requirements for the new major this year are very strict. You still have to pass the assessment. If you don’t pass the assessment, you will have to transfer to a different faculty.”

These were all internal news. Although they did not say it explicitly, everyone knew it.

After all, there were less than a thousand new majors in the country this year.

“Have you and Zhizhi thought about militarizing management?” Nian Yue raised her eyebrows and asked.

This year’s new field, or more accurately, it was another extension of the special forces.

In terms of recruitment and training, they would probably be stricter than the army. There were still a few more strict assessments ahead.

“Of course!”

Wang Zhizhi nodded. “I’ll be wherever Yue Yue is!”

“Me too!” Lin Nan patted his chest and promised.

“Alright.” Nian Yue nodded. “I’ll introduce a few people to you later.”

If she wasn’t wrong, Li Yi should be here too.

Nian Yue did not have much idea about her own appeal. She did not know that she was a living signboard no matter where she went.

As a result, the forum was flooded with messages on her first day at Imperial University.

“I’m shocked! I saw a handsome young man in the canteen. What kind of beauty is this! I love him!”

Behind her was a photo of Nian Yue sitting in the canteen, waiting for someone slowly. Her eyes were cold as usual, but her face was really beautiful.

Other than the photos posted by the production crew and Jiang Yan, this was the first time someone had posted a photo of Nian Yue on the forum.

Half an hour after the post was made, the forum exploded.

“Ahhh! What kind of godly looks is this? He’s so handsome! I think we’ll have a new school hunk this year!”

“Is he more handsome than in the movies! I realized that I actually like good-looking people. There’s no gender difference!”

“Speaking of which, is Nian Yue a little brother or a little sister?”

“Replying to the comment above, Nian Yue is a handsome young lady. She saw Nian Yue in person in the canteen and she exuded an aura of nobility. I want to become her little wife...”

Nian Yue did not know that the forum had exploded.

On the other hand, Wang Zhizhi was laughing non-stop while holding her phone. In the end, she posted a photo.

“Nian Yue was also very pretty when she had long hair, okay?”

She posted a photo of a young girl in Jiang City No.1 Middle School’s uniform. She was holding a cup of milk tea and her exquisite chin was slightly raised. She was probably looking into the distance, but her face was still extremely beautiful.

Half an hour after this reply was sent, the thread was filled with people asking for photos.

Wang Zhizhi held her chin and smiled like a fox.

She had been aggrieved for almost the entire summer break. During the summer break, when various netizens were arguing over whether Nian Yue was a boy or a girl, she wanted to post a photo to show them.

However, when she thought of Nian Yue's special status and her special mission overseas, she suppressed this thought.

She had volunteered to delete all the photos of Nian Yue from all the major websites. This resulted in no other photos of Nian Yue on the internet during the entire summer holidays.

Because this was the first day of reporting, the military training began the next day.

When Nian Yue left the canteen, she saw a message from Fu Xiuyuan on her phone.

"You're in the capital? I'll treat you to a meal."

When Nian Yue came out of the canteen, she received a message from Fu Xiuyuan.

"Okay."

Nian Yue walked towards the school gate.

"Sister Yue, where are you going? Didn't you say you were going to the field?" Lin Nan shouted from behind.

“I have something on. You guys go ahead.” Nian Yue waved at the two of them. With one hand in her pocket, she had already walked out of the school gate.

At the entrance of the Imperial University, a black car without a license was parked outside the school. A man in black was leaning against the car, holding his phone and replying to messages.

Imperial University was almost famous throughout the country. There were many luxury cars at the entrance.

As far as the eye could see, almost the entire row was filled with luxury cars.

It was extremely inconspicuous when parked at the entrance.

A girl stopped and kept looking over. The man was expressionless from the start to the end.

However, he could not hide the noble aura he exuded. No matter where he went, he would attract everyone’s attention.

Chapter 163 New Cadet (4)

When Xu Mo and the bodyguard came out of the canteen, they saw the noble man.

“How can there be someone driving such a car in a place like the Imperial University?” Xu Qing said from the side, her voice full of disdain.

This was the Imperial Capital and the Imperial University. Those who could attend school here were either rich or noble.

This was the first time she had seen such a person driving a car that did not have a license plate.

Xu Mo glanced at the man. The man was only wearing a black windbreaker, and his body exuded elegance.

She knew better than anyone that someone who could drive a car without a license plate in the Imperial Capital had to have a high status.

Maybe it was the man standing at the top of the pyramid.

“Who knows?” Xu Mo sneered. “Be good in school. Don’t cause trouble for me.”

“You’re the one who’s going to cause trouble, right? You were beaten up by such an arrogant student on your first day?” Xu Qing couldn’t be bothered with her.

The darkness in Xu Mo’s eyes darkened slightly, but she still left first.

When Nian Yue came, Fu Xiuyuan had been waiting there for a long time.

The elegant man was leaning against the car as he made a call. His white shirt was unbuttoned at the top, seemingly because it was too hot.

He exuded a cold and noble aura.

“Have you been waiting for a long time?” Nian Yue raised her eyebrows and asked.

This was the first time she had seen Fu Xiuyuan since the college entrance examination.

Fu Xiuyuan didn’t talk much. He seldom messaged her. He only sent her a photo of his movie ticket on the day of the movie premiere.

“Not too long.” Fu Xiuyuan turned around. Her hair seemed to have been cut when she was filming. She still had short hair now, and she looked clean and neat.

However...

Fu Xiuyuan glanced at her a few times. She seemed to be a few centimeters taller than she was during the new year.

“Let’s go, aren’t you treating me to a meal?” Nian Yue raised her eyebrows and asked.

She entered the front passenger seat.

Fu Xiuyuan got into the car and started it before asking unhurriedly, “New major?”

“Yes.” Nian Yue nodded. “They probably want to connect with the international market...”

Internationally, the impression of the country was that of a backward nation.

“The instructors for this year’s assessment are Yin Han and Yang Kai.”

“Yang Kai?” Nian Yue raised her eyebrows.

She was not surprised to see Yin Han. A general-level figure had come to personally assess the freshmen during military training. It could be seen how much importance the higher-ups attached to this major.

“Yes.” Fu Xiuyuan explained to her, “Yang Kai and Yin Han are of the same status and are also one of the founders of this new major.”

Fu Xiuyuan reminded her and Nian Yue already had a rough picture of Yang Kai in her mind.

She had never officially met Yang Kai at the base, but anyone who could be on par with Yin Han was not simple.

It seemed like this military training assessment was much more interesting than she had imagined.

Fu Xiuyuan didn't say anything else. The car drove along the gentle road until it stopped in front of a villa.

"Come down."

Fu Xiuyuan got out of the car. When Nian Yue saw the scene before her, her eyes were a little surprised. "Your house?"

"Yes." Fu Xiuyuan nodded and explained to her, "I have a gift for you."

Nian Yue followed him into the villa.

Nian Yue was a little stunned when a bowl of longevity noodles was placed in front of her. "Mine?"

"Right."

A rare smile appeared in Fu Xiuyuan's eyes, and he said lazily, "Your coming of age gift."

Chapter 164 Beaten Up Unilaterally by Her (1)

Only then did Nian Yue suddenly remember that this body was eighteen years old when she was on a mission.

There was a hint of warmth in her cold eyes. Nian Yue raised her eyebrows slightly. "Thank you."

Even with Lin Nan and Wang Zhizhi's blessings, she was still appreciative of this celebration.

“You’re welcome.” Fu Xiuyuan’s lips twitched. He was still holding a fountain pen in his hand. His slender and fair fingers spun the pen, and his eyes were filled with warmth.

It was only after she had finished a bowl of longevity noodles that Nian Yue said slowly, “Thank you for all your help.”

Ever since she came to this world, Fu Xiuyuan had helped her a lot.

“If you really want to thank me, come back with the first place in the assessment.” Fu Xiuyuan raised his eyebrows lazily.

He always seemed to be serious and it was rare to see a hint of evil in his lazy eyes.

“Sure.” Nian Yue nodded.

People who did not understand her would think that she was arrogant.

However, in reality, it was precisely because she was confident that she would agree so readily.

The next day was military training. Nian Yue, Lin Nan, and Wang Zhizhi changed into their military training uniforms and gathered at the field.

Dressed in a military green military uniform, Nian Yue looked somewhat dashing. She still looked lackadaisical. With one hand in her pocket, her eyes were cold.

“Boss!”

“Boss...”

Nian Yue raised her eyebrows when she heard this and saw Wang Yang and Li Yi running over.

The two of them were specially recruited as special admissions students, so they did not report together with her yesterday.

Nian Yue greeted the two of them and introduced them to Lin Nan and Wang Zhizhi.

The few of them gave a simple greeting. Even though they were just standing there, they tacitly formed a small clique.

There were many people on the field. They were all talents that Imperial University had hired professionally.

As it was a newly opened and experimental major, there were many special admissions students.

Their ages were also uneven.

After all, Li Yi and Wang Yang were already past the age of taking the college entrance examination.

nce

“I wonder how many rounds of assessment it will take to stay...” Li Yi said, his voice eager to try. The special forces team had been training for three months in real combat overseas. He was now a little curious about the challenges ahead.

“If you can’t pass, wait to be beaten.” Wang Yang glanced at him from the side, his voice full of disdain.

After all, they had been tortured by the devilish training with Nian Yue for more than half a year. If they were still not comparable to this group of brats, they might as well be reborn!

“Tch!” Li Yi stretched his muscles. “We haven’t seen each other for a few days, and you’re already itching to fight?”

“Fine...”

Just as the two of them were about to start fighting, Nian Yue gestured at the side. Both of them looked in the direction she was looking at simultaneously.

It was a tightly shut window. The curtains were tightly covering the window, making it impossible to see what was inside.

The few of them who were boisterous just now instantly quietened down. Nian Yue raised her chin slightly, her exquisite jaw forming a perfect arc.

Behind the window, the blonde man was leaning back in his seat. The computer screen in front of him showed the surveillance footage of the field.

The video stopped at the handsome youth in military uniform.

Her aura was cold and strong. Just by standing in the crowd, she could easily become the focus of the crowd.

“This year’s freshmen seem to be quite interesting.”

After a long while, the man smiled and said,

The people on the field fell silent and looked at them simultaneously.

These new students were really too dazzling, especially the one in the middle. She looked extremely handsome in her military uniform.

It was as if the clothes were made for her.

“Quiet!”

A sonorous and powerful voice sounded from the platform. All the new students simultaneously looked towards the platform.

A man in military uniform had already stood on the podium. “In three minutes, find your class and return to the team!”

His voice was sonorous and forceful. There was a command in it that made people subconsciously obey!

Almost as soon as he finished speaking, everyone simultaneously found their seats.

In three minutes, the freshmen who were like a pile of loose sand had already stood neatly!

“Let me introduce myself. I’m your deputy commander-in-chief, Yang Kai! You can call me Instructor Yang.”

Yang Kai stood on the stage and started talking about the assessment rules. “I knew from the moment you applied for the exam that you are different from others! I will follow the strictest standards for your military training! Before you came over, you had some results. With me, they are all invalid! I only look at the final outcome!”

Yang Kai stood on the stage and started talking about the assessment rules. “I knew from the moment you applied for the exam that you are different from others! I will follow the strictest standards for your military training! Before you came over, you had some results. With me, they are all invalid! I only look at the final outcome!”

Chapter 165 Beaten Up Unilaterally by Her (2)

There was silence below the stage. Yang Kai continued, “If you can’t take it, you can leave now! I will ask the school to assist with your transfer!”

The audience was silent. No one stood up.

“Alright! Since no one is coming forward, let’s do it the most basic way!”

“Your military training results are mainly divided into four grades – A,B,C and D. Only those who have reached B or higher are qualified to stay!”

“And your grades determine which class you will enter. I hope you won’t do too badly!”

Almost as soon as he finished speaking, there were already instructors standing in their respective classes!

The instructors of the other classes had already arrived at their respective classes, but the instructors of Nian Yue’s class had not arrived yet.

Seeing that the students of the other classes had already gone out with the instructor, the students standing with her could not hold it in anymore.

Finally, after nearly ten minutes.

Yang Kai came down from the podium, followed by Xu Mo.

There were other instructors following behind.

Nian Yue had one hand in her pocket. As it was too hot, she unbuttoned a few buttons of her coat. The hat on her head was also worn crookedly, looking a little unruly.

Yang Kai had already walked over with his men. When the other students saw who it was, they all stood properly.

Yang Kai walked to the front of the class and stood there. "Let me introduce you guys. I'm your deputy commander and your Chief Instructor. This is your class monitor, Xu Mo! She's a specially-recruited student transferred to the country!"

"Hello, I'm Xu Mo." Xu Mo walked to the front of the class and introduced herself.

She was beautiful and did not put on airs when she spoke. Many students already had a good impression of her.

Furthermore, she was specially recruited from overseas by the school and was brought here by Yang Kai.

Many students had already subconsciously started taking sides.

She was specially recruited and seemed to have a good relationship with Yang Kai.

To these students, there were only benefits and no harm in building a good relationship with her!

"Don't we get to vote for the class monitor?!" Li Yi asked from the crowd.

When he asked this, the students in the class simultaneously turned their gazes over.

"What's your problem?" Yang Kai's face instantly darkened when he saw him.

Li Yi!

The thorn under Yin Han!

Yin Han, that old fox, was finding trouble for him, and the same could be said of his soldiers!

“If the class monitor is appointed by the higher-ups and we have to obey their orders, I have nothing to say! If it’s an election vote, I won’t accept it!”

Li Yi stood out and said!

“I’m not convinced either!”

“I can’t accept this!”

Wang Yang and Lin Nan also spoke!

“What do you have to be unhappy about?! Or do you have a better candidate?” Yang Kai asked with a black face.

“I do!”

Li Yi pointed at Nian Yue. “In terms of experience, Nian Yue is superior to Xu Mo. In terms of grades, she’s the top student of Jiang City’s college entrance examination! Is there no better candidate than her?!”

What a joke!

Their boss was specially invited by the president and had a lot of combat experience!

Who didn’t know about the country’s special forces team? Yet Xu Mo was going to be the class monitor for a military training?

This was an insult to their boss!

“Heh...”

When Xu Mo heard his words, she sneered, "Experience? What qualifications does she have? You actually said that she's better than me? What a joke!"

Xu Mo had been specially recruited by the university!

Now, she was looked down upon by a small student!

"Xu Mo was specially brought here by Commander Yang. She must have a lot of experience. How can Nian Yue compare to

her?"

"That's right. She came from a small place and definitely hasn't seen as much of the world as Xu Mo. She can't compare to Xu Mo, right..."

The students at the side were already discussing.

After all, Xu Mo was specially recruited by the country. In every aspect, she was top-notch.

"Bullshit! Our boss can throw you guys off with just one finger!"

The foreigner's voice was filled with dissatisfaction!

Others might not know, but internationally, under Nian Yue's lead, they could do whatever they wanted!

A small Xu Mo wanted to lead their boss?

Wasn't she afraid that the wind would bite her tongue!

“Nian Yue?” Yang Kai narrowed his eyes and looked at the aloof girl with a sloppy appearance.

She was the one who made use of the virtual system and actual combat to make the special forces team international!
