

The National Goddess Reborn 171-175

Chapter 171 The Assessment (4)

When the others saw Nian Yue coming over, they all returned to the team.

At this point, all the new students of the Imperial University had gathered and were about to start the 14-day assessment training.

“The test will officially start at eight o’clock tonight and last for fourteen days. You need to survive these fourteen days. Of course, it’s not just about survival. You will encounter all kinds of situations during these fourteen days. Those who are too weak might lose their lives!”

Even though they knew that the assessment this year would be exceptionally strict, everyone felt their hearts tremble when they heard this.

“There will be surveillance cameras in the assessment base. If you really can’t stand it, you can just decide to forfeit. Someone will come and bring you out. Of course, you will also lose your qualifications for the assessment!”

“Now, you are free to form teams and spend these happy fourteen days. I declare that the assessment begins!”

Almost as soon as Yang Kai finished speaking, a group of students had already begun forming their own teams.

Nian Yue walked up to Lin Nan and placed her hand on his shoulder. Lin Nan felt a warm current flowing through his body.

The warmth was so light that he could barely feel it.

“Move your right leg.” Nian Yue retracted her hand.

Lin Nan stretched his leg and realized that his injured right leg had indeed recovered!

“Sister Yue, what did you do to me just now?”

Lin Nan’s face was filled with surprise!

“I gave you a small gift.” Nian Yue did not intend to say more. She glanced at the black sky outside.
“Let’s go.”

The group of people had already followed.

Wang Zhizhi followed beside her and leaned against her unconsciously.

“Zhizhi, why are you so close to Boss?” Li Yi asked lightly.

“I’m a little afraid...”

Wang Zhizhi immediately hugged Nian Yue’s arm.

“What’s there to be afraid of when we’re protecting a young lady like you?” Wang Yang said casually.
“How can she walk if you lean on her?”

Why did he seem to notice that Wang Zhizhi was getting closer and closer to Nian Yue?

“Let’s go.”

Nian Yue looked up at the dark sky. "If nothing goes wrong, the real assessment has just begun."

Wang Yang and Li Yi both perked up.

Although she didn't interact much with Yang Kai, from the weight just now, she could tell that this person was definitely more difficult to deal with than Yin Han.

At least Yin Han had some humanity.

As far as Yang Kai, it would be more accurate to describe him as a dog!

Xu Mo and a group of people rushed for more than half an hour before they sat on the ground to rest.

"Is it really a violation of the rules for Nian Yue to drive here today?" Someone changed the topic.

"Instructor Yang only said to let her carry the weight and didn't say that she couldn't use external help..."

Xu Mo said gloomily.

There were no detailed rules in the examination, so it was highly likely that the students would be able to perform well.

As long as everyone could reach the finish line today, even if they were flying a plane, the commander-in-chief would not say anything.

However, judging from Yin Han's attitude toward Nian Yue...

She had interacted with Yin Han before. He was cold and stern and did not give her any leeway.

However, when he faced Nian Yue, there was admiration in his eyes.

There was even a hint of reverence.

Could it be that Nian Yue's position was higher than Yin Han's?

"Who is she? The people following her are not ordinary..."

Especially Li Yi and Wang Yang. They were both over 1.8 meters tall, and they were willing to follow the orders of a pretty boy.

"It should have been internally decided..."

Xu Mo sneered. "I thought that the country's assessment would be fair this time. It turns out that the spots have already been internally decided..."

"No way?" Someone heard her and was furious. "We spent so much effort to get into Imperial University because we thought there would be fairness!"

Chapter 172 Cat and Mouse Game (1)

"That might not be true! Look at Yin Han's attitude towards her. She must be related to Yin Han!" The student at the side was furious.

Everyone had gone through painstaking means to get into this university through the college entrance examination. What right did Nian Yue have to get in so easily!

"You can't say that without evidence." Xu Mo's lips twitched and her eyes darkened.

“Sister Yue, where is our destination?” The group of people followed Nian Yue for nearly half an hour but there was still no movement.

It turned out that there were students walking with them in the beginning. The further they went, the fewer students there were.

In the end, only their team was left.

“The destination isn’t far.” Nian Yue’s lips twitched. “But you have to pass the test first.”

“We’ve been walking for half an hour, but we haven’t seen any assessment...” Wang Zhizhi asked curiously.

“Wait.”

Nian Yue narrowed her eyes. In the end, the group of people simply found a flat ground and set up camp.

Each of them had a tent in their supplies bag. Wang Zhizhi and Nian Yue used one tent, and the other three men were living in their own tents.

In the tent, Wang Zhizhi took out her computer and typed quickly on the keyboard. In just a moment, she had already pulled up the map of this area. “Yue Yue, this map looks so strange...” Wang Zhizhi pushed her glasses up the bridge of her nose and asked curiously.

Nian Yue walked over and glanced at the computer screen.

The map on it was an irregular polygon, and the corner was where they were.

Everything else was blank.

On this map, they seemed to be floating on an island without borders.

“The assessment has already begun.” Nian Yue’s lips twitched. “If nothing goes wrong, the other examinees are at the locations of other maps. Only when all the examinees’ maps are put together will the assessment map be completed.”

If they relied on their issued map, it would be impossible to complete the task!

“But we’re not in contact with them...”

More than a thousand examinees were divided into different places.

No one knew what the assessment area was like, and there was a strong competition outside.

Most likely, other examinees would not be willing to share their pieces.

“There will be a whole map.”

Nian Yue replied that Wang Zhizhi would find out the whole map by adjusting the map they have. Other students would also have other ways to get their hands on the whole map.

If they had obtained the whole map...

Other students would probably fight over it tomorrow.

Nian Yue narrowed her eyes, which were as deep as ink in an instant!

On the second day

The forest was covered in a thick fog. The road was originally unclear, but with the addition of the fog, many students were forced to stop.

“What was that?”

Lin Nan narrowed his eyes. In the thick fog, a red light was approaching.

Nian Yue’s aura suddenly turned cold, and the bracelet on her wrist instantly turned into a small pistol.

Li Yi and Wang Yang instantly got into their battle stances. This was a tacit understanding that had been cultivated for a long time!

“Howl...”

A snow wolf walked out from the depths of the fog. The snow wolf looked to be half the height of a human as it charged straight at Nian Yue!

“Boss! Be careful!”

“Boss...”

“Sister Yue...”

The few of them exclaimed at the same time!

“It’s fine.” Nian Yue squatted down and stroked the snow wolf’s fur.

The snow wolf obediently rubbed against her pants.

“What is this little fellow doing here?” Lin Nan heaved a sigh of relief.

Logically speaking, since it was an assessment base, someone must have cleared this place beforehand. As such, there wouldn't be any snow wolves.

"She must have followed someone here..." Nian Yue narrowed her eyes and stood up, her aura a little cold.

"You mean..."

Li Yi was the first to react. "A mercenary group?!"

When they were operating internationally, they had heard of the mercenary group.

"Yes." Nian Yue nodded. With one hand in her pocket, there was a hint of evil in her cold eyes. "Since you're here, come out."

"Yue, long time no see."

A man's lazy voice came from above. He was dressed neatly in a military uniform!

The brim of his hat was lowered and his phoenix eyes were filled with mockery.

But his voice was filled with affection.

It was Mo Yi!

Behind him was Fan Mei in her military uniform.

"Long time no see." Nian Yue's lips twitched.

Chapter 173 Cat and Mouse Game (2)

It looked like she had underestimated Mo Yi.

Even though she knew that there would definitely be someone with ill intentions coming in during the new students' assessment, she did not expect that person to be Mo Yi!

"Yue Yue..."

Wang Zhizhi was frightened. Unknowingly, her mouth had been covered and a gun was pressed against her forehead!

"What are you trying to do?!" Li Yi's face darkened!

They did not even see how Mo Yi's people attacked before Wang Zhizhi became a hostage!

"I'll play a game with you guys!"

Mo Yi snapped his fingers. His devilish face still had a nonchalant smile. "This game is called Cat and Mouse."

"The rules of the game?" Nian Yue raised her eyebrows. There was a hint of coldness on her casual face and her eyes were as deep as ink. They were like the calm before the storm.

"I'll give you ten minutes to get out of my sight. Ten minutes later, I'll go and catch someone." There was still a casual smile on Mo Yi's face. "However, it's not within my concern whether I'll accidentally hurt your friend during the process of catching someone..."

"You're deranged!" Lin Nan gritted his teeth in anger when he heard his request!

He was just toying with them

Clang!

It was the sound of a bullet being loaded!

Fan Mei had already loaded her gun and aimed it at Lin Nan!

“How dare you!” Fan Mei sneered!

The last person who dared to speak to their regiment commander in such a manner had already been shot in the head!

“Speak for yourself!” Nian Yue raised her head slightly and threw the Swiss Army knife at Fan Mei!

The blade stabbed into her wrist. Fan Mei’s hand trembled and the gun fell to the ground!

The small Swiss Army knife pierced through her wrist and instantly, blood flowed!

There was already a pool of blood on the grass!

Fan Mei’s face turned pale from the pain. Her eyes were bloodshot as she said to the man behind her, “Kill her!”

Kill Wang Zhizhi!

A murderous glint flashed across the man’s eyes!

However, before he could do anything, he felt his wrist go numb. Wang Zhizhi had already been pulled away, and the black muzzle was already pointed at Mo Yi!

To catch bandits, one had to catch the leader!

She would never forget this premise!

Swish! Swish! Swish!

All the guns were aimed at her!

She could not see how many people were in the fog, but since this man dared to come over, he must have made thorough preparations!

“I haven’t finished announcing the rules of the game. You’re too rash, Yue...” The smile on Mo Yi’s face had already become more bloodthirsty!

“You’re hurting her.” Nian Yue smiled. She still had one hand in her pocket and her right hand holding the gun pointed at Mo Yi.

She would never be kind to this man!

It was as if he wanted her life every time he came!

“Since she has returned to your side, let me announce the start of the game!”

Almost as soon as Mo Yi finished speaking, all the men in black had retracted their guns.

Only then did Nian Yue put away the gun unhurriedly!

“Boss...”

Li Yi looked at her, a hint of forbearance on his face.

She had always been an arrogant person. In the past, when she fought with Mo Yi, she would definitely match fire with fire!

“Let’s go,” Nian Yue ordered and everyone left.

Mo Yi leaned against the tree with a casual smile.

Little fellow...

I’m also curious what you’ve learned in the past half a year!

Yang Kai, who had been paying close attention to the assessment location, was so angry that his face turned ashen when he saw what was on it!

“Who gave them the guts to interfere in the Imperial exam!”

Other than the drone surveillance cameras, the Imperial University had installed many surveillance cameras on the trees!

Otherwise, with Mo Yi’s crazy personality, he would have already destroyed all his drone surveillance!

“Apply to the higher-ups to transfer people over.” Yin Han’s eyes were dark.

This was a group of notorious mercenary corps. They could not lower their guard!

There were more than a thousand new students this time. If a gunshot were to occur, the consequences would be unimaginable!

“There’s no time at all in the fog...”

Yang Kai's expression became darker and darker!

"It's Nian Yue again!" Yang Kai was so angry that his face turned ashen!

Through the conversation between Mo Yi and Nian Yue, he knew that the two of them knew each other!

"We don't need such students who will only bring trouble to the Imperial University!" Who knew if she had deliberately let Mo Yi in!

"How do you know that she will only bring trouble?" Yin Han glanced at him coldly. "Time is pressing!"

Chapter 174 Cat and Mouse Game (3)

He could settle the grudge between him and Yang Kai in the future. The most important thing now was the lives of more than a thousand students!

At the same time

Mo Yi had been leaning casually against the tree. He was still holding the timer.

"Ten, nine, eight..." "Five, four, three, two, one..."

Finally, after the final count, Mo Yi pressed the pause button!

"The game is about to start. Don't hide too well..." Mo Yi's lips curled up into a bloodthirsty smile!

Fan Mei got up from the ground. Because Nian Yue had pierced her wrist without any hesitation, her right hand was no longer mobile!

Not to mention holding a gun!

“Regiment commander...” Fan Mei’s eyes were filled with hatred. “I want to participate in this game too!”

She had to take revenge personally no matter what!

“Sure.”

Mo Yi was still smiling casually. “If you die tragically, no one will collect your corpse!”

...

How far could she go in ten minutes?

The answer was within a two-kilometer radius!

The fog above their heads was already dissipating slowly, and the surroundings were clearer than before.

Nian Yue narrowed her eyes and casually pointed to a spot. She said to Wang Zhizhi, “Go in and try to contact Fu Xiuyuan.”

“Alright! Be careful!” Wang Zhizhi nodded. She knew that she would only cause trouble if she stayed behind at this time, so she immediately found a place to hide according to Nian Yue’s instructions!

“Everyone else, follow me.” Nian Yue had one hand in her pocket and there was already a hint of coldness in her eyes.

When she came over, she had taken an empty path. Thanks to the map that Wang Zhizhi had drawn out yesterday, she knew that this place was almost empty!

“Hold it properly.” Nian Yue casually took out a small pistol from her pocket and passed it to Lin Nan.
“There are a total of ten bullets.”

This was her backup gun!

Wang Yang and Li Yi were observing the surroundings at all times. When they heard the sounds around them, they both looked at Nian Yue!

“Three o’clock, nine o’clock, seven o’clock!” Nian Yue narrowed her eyes. The three of them had already hid according to her request!

In just a few minutes

Xu Mo had already walked over with her men.

“The fog today is so thick. Thank goodness you had the foresight...” a boy behind Xu Mo complimented.

The students following behind Xu Mo were all students without much status in the capital. If they built a good relationship with Xu Mo, it would be equivalent to showing their faces to Yang Kai. It would only benefit their future development without any harm!

When he saw Xu Mo, Li Yi’s face darkened. He walked out and stopped a group of people. “Hurry up and get lost!”

He had a bad temper!

Towards Xu Mo, there was no mercy at all!

“What do you mean?!”

The few boys following behind Xu Mo were the first to resist. “This isn’t your house! Why can’t you let us pass?!”

“Because I was here first!” Li Yi sneered and pointed in a direction. “Hurry up and get lost!”

“Li Yi, aren’t you a little too arrogant?” Xu Mo crossed her arms and said in a disdainful tone, “What good can you do by following Nian Yue around? Otherwise, if you follow me, I promise you’ll get the best resources this time.”

The students following behind him gasped when they heard that!

Everyone knew that Xu Mo was specially recruited. This was an important reason why they were following Xu Mo around!

As long as they could build a good relationship with Xu Mo, they would definitely have the resources later on!

And now, Xu Mo had taken the initiative to speak to Li Yi!

“Are you trying to make people laugh their heads off?” Li Yi sneered. This little white flower didn’t even know that they were the special forces team in Jiang City. If they were to count all the contributions they had made, their military honors would be second only to Yin Han!

Otherwise, why would Yin Han be so respectful to them?!

“Since you don’t know what’s good for you...”

Xu Mo sneered, “Then your spot this year is gone!”

She had given him a spot, but she didn't expect Li Yi to look down on her!

"Be careful not to bite your tongue..."

Li Yi sneered.

"How lively!"

Mo Yi's voice rang out, and Li Yi's expression changed. "Hurry up and leave!"

"Why should we leave just because you want us to?!"

The boy behind him said disdainfully!

However, just as he finished speaking, a gunshot wound appeared on his forehead!

The boy widened his eyes in disbelief. He probably wouldn't even know how he died! The group of boys behind her had never seen such a scene. Some of them had already collapsed on the ground in fear!

"Since you little cuties have come knocking on your own, I'll start with you!" Mo Yi snapped his fingers with a cynical smile on his face. "Gunfire! Begin!"

With his order, the man in black hiding had already made his move!

Chapter 175 Are You Blaming Others When You Can't Understand Human Language?

Bang!

Bang!

Bang!

Several gunshots rang out and there was already a pile of corpses around Xu Mo!

The students who had been following her around just now had all become cold corpses!

There was a strong smell of blood in the air, making one feel nauseous.

Xu Mo was already scared stiff by the scene in front of her. Seeing so many men in black, with all their guns pointed at her, she tried to keep her composure. However, there was still a layer of cold sweat on her back. "Who are you? So many people have died. The Imperial University will not let you off!"

"Then let's wait for them to arrive." Mo Yi still had a sloppy smile on his face. The small pistol spun in his hand and pointed at Xu Mo again. "I'll deal with you first!"

Xu Mo was so scared that her face turned pale, but she still forced herself to calm down!

When she unintentionally saw the aloof girl lying on the tree, Xu Mo's face darkened. "How dare you leave me in the lurch?!"

She was threatened by so many people, but Nian Yue was fine. She slowly leaned against the tree and slept!

Nian Yue sat up in the tree. Her face was still cynical. She was still playing with the small silver pistol. "Why should I save you? What does your life and death have to do with me?"

Her thin lips spat out a few words coldly.

"You..."

Xu Mo was so angry that she couldn't say anything, but she still refused to give up. "I'm from the Xu family. If anything happens to me here, don't even think about leaving!"

The Xu family...

There were so many people who could not match up to her!

Unfortunately, she met the unpredictable Mo Yi today!

"That old man from the Xu family..." Mo Yi's lips twitched. "Even if you die, he will beat the gong and set off firecrackers..."

Then, he pulled the trigger!

Xu Mo watched helplessly as he pulled the trigger. She wanted to dodge, but she realized that her entire body seemed to have been frozen and she could not move at all!

It was too late!

The girl sitting on the tree jumped down in the blink of an eye!

Then, she grabbed Xu Mo and threw herself over her!

Mo Yi smirked, a look of determination flashing across his deep eyes!

This was the moment he had been waiting for!

All the men in black had already pulled the trigger!

However...

The gunshot that she had imagined did not come!

All the bullets failed!

A glint flashed across Nian Yue's deep eyes. She got up from the ground and kicked Xu Mo into the nearest cave!

Her speed was extremely fast, so fast that only a shadow could be seen!

Her beautiful face was filled with coldness. Nian Yue flipped over and loaded the bullet in her hand!

Then, one shot to kill ten!

The special forces team hiding in the dark had already attacked!

The spot she had found was extremely tricky. Before this group of people came, they had not studied the Imperial University examination base. They would only suffer here!

In just a few minutes, the arrogant men in black had all collapsed on the ground, turning into a pile of corpses!

"Help will arrive in a minute..."

The silver pistol spun in her hand and Nian Yue had one hand in her pocket.

All the members of the special forces team were standing behind her!

This was the first time the special forces team had assembled here!

This was the cohesion of the special forces!

Even if it was just a simple sentence from Nian Yue, the few of them could quickly and accurately find their own roles. Then, they worked together without any mistakes!

“Then let’s meet again.”

Mo Yi was still smiling, but there was a hint of bloodthirst in it.

He left Nian Yue with a meaningful smile.

Li Yi wanted to chase after her, but was stopped by Nian Yue.

“You’re not his match.”

Even she had to be on her guard when she saw Mo Yi, let alone Li Yi!

Yang Kai, who had been standing in front of the surveillance camera, broke out in cold sweat!

If Nian Yue did not manage to subdue Mo Yi just now, there would probably be a large-scale massacre later on!

By then, no one would be able to take responsibility for this!

The sound of a helicopter came from above their heads. Yang Kai rushed down. When he saw the mess on the ground, his expression had already changed! “Commander Yin, you’re here?”

Xu Mo came out of the cave in a sorry state. “I report that these people died because Nian Yue left them in the lurch!”

“Damn! Are you crazy?!”

When Li Yi heard this, he was so angry that he loaded the bullet and pointed the black muzzle at her forehead!

“Who are you to slander our boss?” Wang Yang did not show any mercy either. He stretched his muscles and pretended to beat her up!

“What I said was the truth!”

When she saw Yin Han, Xu Mo suddenly gained courage. “She knew that those men in black would come here, but she still lured me here...”

“Didn’t I tell you to get lost before you came?” Li Yi sneered. “You’re blaming Nian Yue when you are the one who doesn’t understand human language!”

These words were vicious and arrogant!

Li Yi had always been an arrogant person. Normally, he could suppress his temper. Now, he was so angry that he cursed.

“Do you know who you’re talking to?!” Xu Mo was so angry that her face turned ashen. “I didn’t expect the students admitted by Imperial Capital University to be of such quality. It looks like I don’t have to attend such a school!”

As soon as she finished speaking, Xu Mo was about to take out her phone to call home!

However, the moment she took out her phone, she felt her wrist go numb and the phone fell to the ground!

“If you leave, no one will stop you.” The aloof girl leaned against the tree slowly, but her eyes were extremely cold at this moment. “However, you didn’t say anything about the lives of so many students. Do you think you can leave?”

“Their deaths were caused by those men in black. What has it got to do with me?!” Xu Mo sneered. “On the other hand, you clearly have the ability. Why didn’t you attack just now? Why did you slander me when these people died?!”

“As expected of a shameless person!” Lin Nan was so angry that he wanted to pull her over and beat her up.

“Are you done?” Nian Yue had one hand in her pocket. She still had that sloppy personality, but the coldness around her instantly spread.

“It’s... over...”

Xu Mo’s entire body tensed up. She did not know if it was her imagination, but she had an instinctive fear of Nian Yue from the bottom of her heart.

Especially when she did not speak. That cold gaze and the aura of a superior...

Sometimes, she even suspected that Nian Yue could kill her!

Fear towards the unknown was human instinct!

“Then now...”

Nian Yue walked over slowly. Her cold face was so pale that it was almost glowing. She was wearing a military uniform and looked cold and valiant.

However, every step she took felt like she was stepping on Xu Mo’s heart.

“I should let you know that you can’t run your mouth off all the time...”
