

# The National Goddess Reborn 182-187

## Chapter 182 New Trouble at the Banquet (3)

Only then did Nian Yue stand up slowly. Her eyes were filled with impatience. Then, she raised her leg and kicked that person's lower abdomen!

"I told you to get lost, don't you understand human language?!"

The boy was kicked onto the dining table behind him, and champagne, red wine, and cake were scattered all over the ground!

With such a loud noise, the other students all looked over at the same time!

"Damn! Isn't that Young Master Liu?!" Someone among the new students exclaimed!

"Young Master Liu is going to harass the young and beautiful youths again..." Someone sighed.

There was probably no one at Imperial University who did not know Young Master Liu.

He had an strange sexual orientation. He especially liked good-looking male students.

It was said that the male students he kept could form a soccer team!

Unexpectedly, this time, he actually reached out to the number one freshman!

Young Master Liu got up from the ground. He felt a little embarrassed after being ruthlessly kicked by Nian Yue. "You should thank your lucky stars I have taken a fancy to you! Don't be so shameless!"

"If you know what's good for you, follow me obediently. Otherwise, would you believe that you will receive the notice of withdrawal from the Imperial University tomorrow?"

Young Master Liu sneered.

Those who could get into Imperial University had good family backgrounds.

However, there were also some students who did not have a family background. It was not easy for them to get into Imperial University, so they had to grasp opportunities like this

“Oh?”

Nian Yue had one hand in her pocket and there was a hint of playfulness in her eyes. “Then we’ll talk about it tomorrow.”

What an insufferably arrogant attitude!

Young Master Liu was so angry that his face turned pale. However, he could not do anything

Nian Yue took a look at the time and felt extremely bored. She yawned and prepared to leave.

“Move aside.”

Nian Yue raised her eyebrows when she walked past Young Master Liu.

Young Master Liu was stunned by her aura. He subconsciously took a step back and made way for Nian Yue.

The group of students had yet to recover from their shock as they watched her disappear from the banquet entrance.

Was the number one freshman actually so capable that Young Master Liu had to obey her?

“Did you feel indignant after seeing that Sister Yue didn’t beat him up just now?” Lin Nan rubbed his chin and asked Wang Hai and Li Yi.

They looked at one another and stood up simultaneously.

Then, they walked towards Young Master Liu at the same time.

Young Master Liu was about to take out his phone to make a call to get someone to teach Nian Yue a lesson.

He felt his vision go dark. When he saw who it was, he pretended to be calm. “What are you trying to do?”

One look and one could tell that these three people were up to no good.

Li Yi and Wang Yang were especially fierce. They were nearly 1.9 meters tall each “We’re going to beat you up!” The three of them spoke in unison. Wang Yang was the first to grab his collar and pull him towards the back garden. Young Master Liu was like a little chick under his hands.

When the others saw this, none of them dared to come over.

It was only after Nian Yue left her room that she received a message from Wang Zhizhi. It was a video.

The video of Wang Yang, Li Yi, and Lin Nan surrounding Young Master Liu and beating him up.

Nian Yue smirked and replied.

“Don’t go overboard.”

This was a tacit agreement to their actions.

The second day of break, Nian Yue received a call from Fu Xiuyuan. "Did you fight again yesterday?"

His voice was a little slow and he deliberately lowered his voice. He should be in a meeting.

"Oh..." Nian Yue yawned. "Not really."

She didn't do it.

"I found a house for you. Come over when you have time."

"Okay." Nian Yue nodded in agreement.

Fu Xiuyuan sent her his location. Nian Yue casually took the car keys and went straight to the location.

She was driving the same car Fu Xiuyuan had given her previously, with an arrogant 88 on the license plate.

When some students saw the car and the person in it, their hearts were already racing.

They knew that this number one freshman was not to be trifled with, but they did not expect Nian Yue to be from the Imperial Capital Military District.

That car was rare in the capital.

They heard that it belonged to the Fu family.

The Fu family's status in the Imperial Capital was very unique. It was said that they were a top wealthy family, but the Fu family only had Fu Xiuyuan as the only son.

There were very few families like the Fu family which was small in size.

When Nian Yue arrived, she realized that Jiang Jincheng and Fu Xiuyuan were already waiting there.

Jiang Jincheng was wearing sunglasses. When he saw her, he teased, "Sister Nian Yue, you're not bad as a stunt double. You crushed the male lead!"

He was referring to how Nian Yue did not correct him when he mistakenly thought that she was a stunt double for 'The Commander.'.

"Not bad." Nian Yue nodded without any guilt.

"Shen Jinran will be preparing for a new drama next year. Why don't you bring me in to take a look?"

### **Chapter 183 Break In (1)**

Jiang Jincheng winked at her.

"Not interested."

Nian Yue replied seriously, "If you want to act, I can introduce you."

There was no hint of a joke on her face.

Jiang Jincheng rubbed his temples with a headache. Nian Yue was good in everything but her EQ was not too high sometimes.

“No need, thank you for your kind intentions, Sister Nian Yue.” Jiang Jincheng was afraid that she would take it seriously, so he laughed it off. “Our family still has assets for me to inherit, it’s not time for me to go out and sell my face...”

“Your face...”

Nian Yue sized him and said seriously, “It’s more valuable than Jiang Yan’s...”

“Right? I think so too. Sister Nian Yue, you have good taste...”

“Not as good-looking as Fu Xiuyuan.”

This sentence made Jiang Jincheng completely swallow the words he wanted to use to praise her.

“Little Yue Yue, can you stop talking so heavily? We’re still good friends...”

Jiang Jincheng looked like he had nothing to live for.

He knew that he was not as good-looking as Fu Xiuyuan, so there was no need to say it so openly to give him a fatal blow, right?

“Alright, I’ll say it all at once next time.” Nian Yue nodded.

“Enough.” Fu Xiuyuan walked over and grabbed her wrist first. “Let’s go take a look at the house.”

Her wrist was very cold, but Nian Yue did not care much and let him pull her in.

This was a famous wealthy district in the Imperial University. The house was one of the properties under his name.

Nian Yue took a look and was satisfied.

“Not bad.” Nian Yue nodded. She did not have high expectations for the house. It was fine as long as she could live there.

“By the way, Sister Nian Yue, are you not good at cooking?” Jiang Jincheng asked as if he had thought of something. “My skills are passable.”

To be precise, she did not know how to cook at all.

As for surviving in the wild, it was fine as long as the food was roasted and edible.

She did not care about the taste.

“I remember that there’s a chef at Xiuyuan’s house who cooks well...” Jiang Jincheng had lived in luxury for so many years and was exceptionally picky with his food.

All these years, he had only taken a fancy to the Fu family’s chef.

“Mm.” Fu Xiuyuan nodded and turned to ask Nian Yue, “When are you moving in? I’ll get him to come over.” “After a while.” Nian Yue nodded.

She was still unclear about the specific curriculum of the freshmen. Whether they would be staying in school or not was another matter.

After the three of them finished their meal, Nian Yue returned to the dormitory.

The two of them walked out of the restaurant and Jiang Jincheng got into the car. The man beside him only leaned against the car door and lit a cigarette.

Fu Xiuyuan was obsessed with cleanliness and rarely smoked.

In the smoke, Jiang Jincheng suddenly felt that something was wrong.

Jiang Jincheng leaned against the front passenger seat and looked at the man leaning against the car door, his tone a little worried. "Are you okay?"

Ever since he took out the Energy Stone yesterday, he had vaguely felt that something was wrong

It was only now, when he saw Fu Xiuyuan's face turn extremely pale, that he realized the importance of the matter.

It had been a full year since they last went to Jiang City. The thing in his body was about to break loose again.

The aloof man's face was extremely pale. He leaned against the car window, his white shirt buttoned up to the top meticulously.

His perfect chin was slightly raised and there was already a layer of cold sweat on it.

"It's fine."

Putting out the cigarette in his hand, Fu Xiuyuan said, "I'll go back first."

Jiang Jincheng got out of the car and saw the man driving away, then took out his phone. "Auntie, Xiuyuan might have gone to that place again..."

When Madam Fu received the call, her expression froze. "Is Xiuyuan acting up again?"

"I'm not sure." Jiang Jincheng shook his head. It had been a year since he found out about it.

Fu Xiuyuan had hidden himself too well. He had been in close contact with him for almost a year and did not sense anything strange about him.

It was only when he sensed that there was something wrong with Fu Xiuyuan's expression today that he became suspicious.

"Alright, I understand."

Mrs Fu's face became more serious and she called another person. "Give me the health report of Xiu Yuan for the past year."

"Alright, please wait a moment."

The information came over very quickly. Madam Fu clicked it open and saw the contents.

Her face was pale.

"What's the matter?"

Fu Heng pushed open the study room door and walked in with large strides.

"He went to Jiang City last year and didn't manage to get the Energy Stone..." Madam Fu's face was pale. If she had not called Manxi, would this report never have ended up in her hands?

Fu Heng took the report and his expression changed instantly when he saw what was on

it.

**Chapter 184 Break In (2)**

However, he reacted quickly and patted Mrs. Fu on the back. "Xiuyuan has always been calm. Since he didn't take it, he must have another way."

"But Jincheng told me just now that he seems to have had a relapse..."

Mrs. Fu started crying. "What if he doesn't go to Manxi..."

"No." Fu Heng patted her shoulder. "Didn't you say you have a daughter-in-law? Get her to take a look..."

"Daughter-in-law?"

Only then did Madam Fu remember this matter. The tears on her face had yet to dry. "That's right, how could I have forgotten about my daughter-in-law! She must have a way to... manage Xiuyuan."

This was the first possibility that flashed across Mrs Fu's mind.

"I... I don't know her number..."

Mrs. Fu was about to make a call when she thought of this and cried anxiously.

"Here." Fu Heng passed his phone to her, as if he was already used to such situations.

Fu Heng took a tissue and wiped her tears.

Madam Fu was still sobbing when the call was finally connected. "Hello, daughter-in-law, I'm your mother-in-law..."

Nian Yue had just received the call. When she heard that the woman on the other end was still sobbing, she rubbed her temples with a headache. "Sister, you called the wrong number..."

WII

"Sob... What should I do? My daughter-in-law doesn't know me..." Hearing Nian Yue's voice, Madam Fu started crying again.

Fu Heng sighed and took the phone helplessly. "Hello, Miss Nian. I'm Fu Heng, Fu Xiuyuan's father..."

Even after hanging up the phone, Madam Fu was still sobbing.

Fu Heng patted her back. "Xiuyuan has always been reliable. Nothing has happened for so many years, so nothing will happen this time, alright?"

"But my daughter-in-law doesn't acknowledge me..."

Mrs. Fu was still conflicted about this.

"Don't worry. We can go to her school to look for her. We'll get to know each other after a meal." Fu Heng patted her shoulder. "Be good. Go and wash your face and sleep. Xiuyuan will be back soon."

Nian Yue hung up the phone and called Fu Xiuyuan.

As expected, no one answered the call. Nian Yue did not think much of it. She opened her Bluetooth and said, "Zhizhi, help me check Fu Xiuyuan's activity trajectory..." When Wang Zhizhi received Nian Yue's call, she sat up from the bed and took out her computer to check Fu Xiuyuan's address.

Checking the address of a big shot like Fu Xiuyuan was exciting! "Okay!" Wang Zhizhi agreed readily, her hands already typing on the keyboard.

Finally, three minutes later...

Wang Zhizhi sent the location over. "His activity trajectory is protected by multiple codes. This is the latest. I'll send you a new one five minutes later..."

"Okay, thanks."

Nian Yue nodded and drove towards her destination. Fu Xiuyuan was the young master of the Fu family after all. Information on him had to have been heavily encrypted.

She had looked for Wang Zhizhi with the intention of giving it a try. She did not expect Wang Zhizhi to be able to find out. It looked like Wang Zhizhi had improved greatly in the past half a year.

When Fu Xiuyuan drove the car to the laboratory, his head hurt so much that he was about to explode.

His handsome face was extremely pale.

Manxi was flipping through some information when she heard voices downstairs. She immediately ran downstairs!

"Xiuyuan..." Manxi's pupils shrank when she saw him. "You haven't looked for me for almost a year..."

She thought that Fu Xiuyuan could already suppress it.

"I'm fine." Fu Xiuyuan's lips twitched.

"Let's go up first. I just developed a new treatment method. It should be useful for you." Manxi helped him up.

"Thank you." Fu Xiuyuan rubbed his temples.

When she pushed him in with a sedative and saw him sleeping soundly, Manxi took the report and her expression was exceptionally dark.

His physical fitness had changed too much in one year.

In the beginning, he could still suppress it, but in the following half a year, he almost couldn't.

If not for Fu Xiuyuan's strong willpower, his body would probably not have been his anymore.

At the same time

Wang Zhizhi calibrated Fu Xiuyuan's address to her every five minutes. The more times she calibrated, the more detailed Fu Xiuyuan's location would be.

The black jeep drove along the flat road. There was a hint of coldness in Nian Yue's eyes. "Try to break through the defense system at his address..."

### **Chapter 185 Break In (3)**

According to Fu Heng, Fu Xiuyuan should have gone to his attending doctor.

He had called her just in case but didn't say anything about what might happen.

But she also knew that when Fu Heng called her, things had definitely gotten out of control.

"The defense system has been encrypted too many times..." The sound of typing came from Wang Zhizhi's side. "I can't break through it anytime soon..." As Wang Zhizhi tried to calibrate Fu Xiuyuan's detailed address, the other party had already noticed and was making detailed changes.

“Can you do it by tomorrow?” Nian Yue asked again.

“In two hours.” Wang Zhizhi held her computer and typed rapidly on the keyboard.

“Okay.” Nian Yue nodded and stepped on the accelerator again. The car was already racing towards their destination!

The address Fu Xiuyuan had gone to was at the Fu Family’s pharmaceutical research base; the black jeep stopped at the entrance with a swish.

The sentry suddenly woke up and turned on the flash. “Secret base, no trespassing!”

The strong flash turned the night into day.

A young girl alighted from the car neatly with one hand in her pocket, looking extremely elegant.

“I’m looking for Fu Xiuyuan.”

The aloof girl said coldly, looking unruly.

“The person you’re looking for is not here. Please leave!” The sentry sneered and pretended to ask her to leave!

“In that case...”

The corners of Nian Yue’s lips twitched and her face looked a little unruly. “I’ll barge in!”

Almost as soon as she finished speaking, she accelerated and jumped in from the fence.

She was so fast that the sentry barely had time to react before she was hidden in the darkness.

“Give chase!”

With a command from the leader, all the sentries were mobilized!

This was the Fu Family’s pharmaceutical base. If outsiders barged in, they would get into trouble!

The entire experimental base sounded an alarm. Man Xi was shocked. She put down the report in her hand and walked quickly to the window.

The entire base was lit up like daytime.

“Who is it...” Concern flashed past Manxi’s eyes.

This place was very well protected. Over the years, almost no one knew the place.

But today, someone barged in when Fu Xiuyuan was ill...

The door was kicked open from the outside. A young girl stood at the door with one hand in her pocket and an unruly expression on her face.

“Where’s Fu Xiuyuan?” Nian Yue raised her eyebrows and casually closed the door.

Manxi sized her up.

Dressed in a white shirt and black pants, Nian Yue’s jade-like face looked a little cold. Her neck was slender and she had no Adam’s apple.

She then shifted her gaze to her chest. Although her chest was not big, she could tell that it was a girl.

“You’re looking for Xiuyuan?” A smile appeared on Manxi’s face. “What’s your relationship with him?”

The door was pushed open once again and a group of sentries entered. When they saw Nian Yue, they said sternly, “Come out with us!”

“No need.” Manxi waved her hand. “She’s one of us.”

The few sentries looked at one another.

They were all legitimate people from the military. They did not expect to be left in the dust by a pretty boy today.

It would be too embarrassing!

Only when the group of sentries had all left did Manxi return to her seat. She said with a smile, “Are you the future Young Madam of the Fu family that Auntie Fu mentioned?”

Hearing this, Nian Yue frowned.

Was it Fu Xiuyuan’s mother who had called her and cried today?

Seeing that she did not reply, Manxi was not in a hurry. She slowly passed the report in her hand to her. “This is Xiu Yuan’s health report this time. His health is not good, it has something to do with you...”

Nian Yue took the report and took a few glances at it. There was a range of numbers below the normal value.

“I heard from Jin Cheng that he gave you the only Energy Stone...” Manxi poured her a glass of water. “Sit.”

“Yes.” Nian Yue nodded and sat opposite her. “It was not the only one.”

She had gotten an alternative from Wang Yang.

“That’s true.” Manxi seemed to have thought of something and said with a smile, “No matter how many Energy Stones there are, they are unable to treat his condition. It can only be suppressed.”

Nian Yue rubbed her temples. “Where is Fu Xiuyuan?”

“Here, inside.” Manxi pointed to the innermost area. “He had just been sedated.”

“Thank you.”

Nian Yue walked in.

It was pitch black inside. Nian Yue went in but did not turn on the lights.

Thanks to her good night vision, she could see the man lying on the bed even without the lights on.

Nian Yue walked closer and stopped in front of him. When her cold eyes saw that increasingly pale face, her face darkened.

## **Chapter 186 The Arrogant Number One Freshman (1)**

She still did not understand how Fu Xiuyuan’s body was different from those of ordinary people.

When she went to ask Wang Yang for the Energy Stone, she only inadvertently realized that his body needed a large amount of energy.

And that he had fire power.

To her knowledge, flames were born of nature and destroyed by nature. Essentially they co-existed with nature.

Or could it be that Fu Xiuyuan's body could not withstand such a huge amount of energy? However, her body was a combination of her lightning power and her wood power, so she was fine.

At the thought of this, Nian Yue raised her hand slightly. There was already a layer of light blue light in her hand.

Her wood power couldn't reach its peak in this era, but she could try her level best to help Fu Xiuyuan.

A light blue glow surrounded the man. Nian Yue narrowed her eyes.

After an unknown period of time, a layer of cold sweat had already formed on Nian Yue's forehead.

She retracted her hand. She looked paler than before.

Someone suddenly grabbed her wrist. Nian Yue looked up and happened to meet that pair of deep eyes.

So cold...

This was Nian Yue's first thought.

"Why are you here?" Fu Xiuyuan raised his eyebrows. His voice was a little hoarse.

"Auntie Fu called me..." Nian Yue's lips twitched. "Other than the Energy Stone, is there no other solution to your condition?"

“Not at the moment.” Fu Xiuyuan shook his head. Her wrist was slender. If he hadn’t seen her explosive strength with his own eyes, he would probably have treated her as an ordinary girl. Nian Yue narrowed her eyes.

“Since you’re awake, let Auntie Fu know. She must be worried sick.”

Manxi knocked on the door and said.

“Okay.” Fu Xiuyuan nodded. “I’ll send you back.”

“You rest first. I’ll go back by myself.” Nian Yue pressed him down. “I don’t want Auntie to call me again.”

There was a rare seriousness in his eyes.

“I don’t like this.”

These words were very ambiguous. Before Fu Xiuyuan could fully understand, Nian Yue had already left the house.

After a long while, Fu Xiuyuan laughed.

She did not want him to be sick again.

It was no wonder she could not get full marks for her essay.

Fu family

Mrs. Fu didn’t see Fu Xiuyuan after sleeping. She thought of what Fu Heng had said before she went to bed and was about to cry again.

“Aren’t you afraid that you’ll flood the house?” A cold voice came from the door.

Bai Lin subconsciously looked up and saw Fu Xiuyuan. “Son, I haven’t seen you for a few days...”

“You saw me yesterday.” Fu Xiuyuan passed her the warm milk.

“Is this from my daughter-in-law?” Bai Lin asked, her face full of joy.

“Nope.” Fu Xiuyuan rubbed his temples. “Where did you get her number?”

With Bai Lin’s carefree personality, she would not investigate Nian Yue.

“Your father gave it to me.”

Bai Lin took the milk and looked behind him a few times. “Son, isn’t my daughter-in-law coming over?”

“She needs to go to school.”

“Oh...” Bai Lin’s face was filled with disappointment. She thought that her daughter-in-law would come today.

When she called yesterday, she only heard her call her sister and thought that she was a pleasant young lady. But his son did not have the ability to bring her back.

Bai Lin sighed and looked at Fu Xiuyuan with resentment. Fu Xiuyuan was used to Mrs. Fu’s imagination and antics, so he didn’t say anything else.

Before she left, he instructed her, “Don’t go to school to look for her.”

“Got it.”

Bai Lin curled her lips. She just wanted to go to school to see what her daughter-in-law looked like.

Indeed, the men of the Fu Family were all tyrannical. The door was pushed open again and Fu Heng walked in.

“Hubby, have you noticed that the mental strength of your son has increased?”

“Mm.” Fu Heng walked over and helped place her slippers on the ground. “Put them on and be careful not to catch a cold. Manxi’s new research method must have worked...”

“No.” Bai Lin shook her head. “I smell a girl’s fragrance on him...”

Although the smell was extremely faint, it was too implausible for it to appear on Fu Xiuyuan, who had been clean and odorless for many years!

“Nian Yue?” Fu Heng raised his eyebrows.

“Yes, yes.” Bai Lin nodded profusely. “I’m going to school to look for my daughter-in-law.”

In any case, Fu Xiuyuan was busy with the company’s matters and had no time to deal with her!

She was so excited to see her daughter-in-law.

Nian Yue did not know that her existence was like that of a god in Madam Fu’s heart.

## **Chapter 187 The Arrogant Number One Freshman (2)**

When she returned to the dormitory, Wang Zhizhi had already sent her the information. "This is the information you wanted..."

Nian Yue turned on her computer. The information on it was dense and there were a lot of professional terms.

Since she had received a lot of medical books from Lin Lang , she was able to make sense of the medical terms in this era.

However, the document Wang Zhizhi gave her still had many unfamiliar things.

She flipped through it for a long time but did not see anything useful. "This is fake." Nian Yue rubbed her temples. She had personally looked for Fu Xiuyuan's information back then. With the multiple encryptions, even she could not crack it. It seemed like the best solution was for her to ask him personally.

Nian Yue rubbed her brows and suddenly wondered why she was so concerned about Fu Xiuyuan. Her beautiful brows furrowed slightly. Nian Yue could not figure it out, so she decided not to think about it.

After two days of rest, the freshmen who had undergone the assessment entered their respective classes.

In Class A, the seats were already filled. By the time Nian Yue came, Li Yi and Wang Yang were already waiting for her in the last row.

"Boss! Here!" Wang Yang waved at her.

Nian Yue walked over with one hand in her pocket. "You're here so early?"

"At the thought of returning to campus, it's hard to hide the excitement in your heart..." Wang Yang pointed to the seat beside her. "I heard that our teacher is a second-year senior... the blonde one at the banquet yesterday..."

Knowing that he could not judge a book by its cover, Wang Yang specially asked around about the legend of the Jin Xuan.

After hearing it, he was completely shocked.

During his first year of university, he scored full marks for all subjects.

He took first place in all the competitions he participated in.

Their boss had met her match.

Even Nian Yue didn't get full marks in the college entrance examination. It was said that Jin Xuan was the top student in the college entrance examination with full marks last

year.

However, Wang Yang felt relieved when he thought that he was from the capital. The education resources in the capital were much better than those in Jiang City.

He remembered that their boss had scored a little over 200 points in the middle school examination. At that time, she had not even passed the Chinese Literature examination.

"Yes." Nian Yue had one hand in her pocket as she casually sat in her seat. She took out her phone and glanced at the time.

She didn't have much of a feeling towards Jin Xuan. She hadn't encountered him during the assessment, but she had only encountered him once in the cafeteria.

As for his ability, it was not within her concern.

The other students had been observing the situation over here. How could they not be excited that the top student in the military training assessment was assigned to their class?

However, despite their excitement, no one dared to approach her.

While everyone was waiting, the classroom door had been pushed open from the outside. Jin Xuan pushed the door open and entered.

He was wearing a black windbreaker, making him look slender.

“Allow me to introduce myself. I am your shooting teacher, Jin Xuan,” Jin Xuan said lightly. He turned and wrote his name on the blackboard.

The handwriting was brash and domineering.

It did not match his noble aura at all.

“You will focus on academic classes this year, but combat and shooting will still be your main course. You need to reach 90% excellence in this year’s final exam before you have the qualifications to enter the next year’s class. If you fail to do so, you will be expelled.”

They had thought that having passed the freshmen test, they would be able to rest easy in a few years!

But from the looks of it, they were mistaken! What Jin Xuan said was as impossible and difficult as ascending to the heavens!

They had more than twenty subjects this semester. They had to study astronomy, geography, knowledge, pharmaceutical history, and all the other subjects.

It was only now that this group of people finally knew why the requirements for the new major were so high. They could not have mastered it without the necessary competencies and a strong memory!

Wang Yang's face was filled with despair. Why had he made things difficult for himself by coming to Imperial University with his boss?

"It's not too late for you to regret it now." Li Yi glanced at him, a hint of schadenfreude in his voice.

Li Yi, on the other hand, wasn't afraid. He was a smart student but Father Li had found him too troublesome and forced him to drop out of school before throwing him into the army.

Wang Yang was different.

He had never learned much since he was young and entered the boxing ring after he graduated from junior high school.

Other than the simplest addition, subtraction, and multiplication, he probably did not know anything else after more than ten years of boxing.

"Regret my ass. I'll be wherever the boss is." Wang Yang sneered.

Li Yi could forget about monopolizing their boss!
