

The National Goddess Reborn 195-200

Chapter 195: Fall (1)

Jiang Jincheng was very fast. When he sent the surveillance camera over, a layer of cold sweat had already appeared on his forehead unconsciously.

“Sister Nian Yue...”

With Nian Yue’s capabilities, how could she have been caught by those people?

When Fu Xiuyuan saw the screenshot of the aloof girl lying on the ground, her face was indescribably pale.

She had just used her powers to repair his cells. Her current physical fitness was probably much worse than before!

“It looks like it’s not easy to hold them outside the borders...” A hint of bloodlust flashed across Fu Xiuyuan’s eyes. “Then, make them disappear completely at Imperial University!”

He had a cold and indifferent personality and would rarely be so angry.

When Jiang Jincheng heard his voice, a layer of cold sweat unconsciously appeared on his back. “There are some things that you can’t use...”

His body was different from ordinary people. If he used that ability, the consequences would be unimaginable!

The only response he got was the sound of the phone being hung up!

...

Nian Yue was woken up by the cries beside her ear. Warm tears fell onto her face and for a moment, she thought that it was raining.

“So noisy...”

Nian Yue opened her eyes in a daze and saw that the person in front of her was crying.

“You’re awake?” Bai Lin wiped her tears. “I’m sorry, I’ve implicated you...”

“I’m fine.”

Nian Yue sat up from the ground. The two of them should be in a car.

The anesthesia on her body had disappeared. It seemed that her wood power had digested most of it.

She stretched her body. Other than her arm hurting occasionally, she was fine elsewhere.

“Do you know who they are?” Nian Yue raised her eyebrows and asked.

Because she had just woken up, her voice was still a little hoarse.

“I think they are a mercenary group...” Bai Lin sniffled. “Don’t worry, my husband will save us...”

“Your husband?” Nian Yue raised her eyebrows.

“Yes.” Bai Lin nodded. “Although he’s a bit of a jerk, he’s still quite reliable at the critical moment.”

“However...”

Nian Yue placed her hand under her arm and smirked. Her eyes were deep. “I think it’s too late...”

The car stopped steadily on the road.

The car door was opened and the big guy said fiercely, "Hurry up and get down!"

Nian Yue raised her leg and jumped out of the car.

Her actions were clean and efficient, with a hint of handsomeness.

Instead of saying that she had been drugged and brought here, it was more like she was taking a walk.

"Go in!" Fan Mei's face did not look good. When she saw that Nian Yue was behaving like a normal person, she gave her another injection of anesthesia.

This time, it was three times the previous dose!

"You..."

The big guy looked at her disapprovingly!

"You used so much. Who is going to be responsible if she dies?!"

Such a dose was more than enough to kill an elephant!

She had actually used so many doses on Nian Yue!

“She won’t die...”

Fan Mei sneered. Nian Yue had crippled one of her wrists last year and she had yet to settle scores with her!

She was only giving her an extra dose!

Nian Yue did not even frown when she heard that. With one hand in her pocket, she followed them slowly.

The villa in front of them, no, it shouldn’t be called a villa. It should be called an ancient castle from the last century.

It was a beautiful sight. Dark green creepers filled the entire wall, making it look eerie.

Bai Lin walked beside Nian Yue and suppressed the fear in her heart. She looked calm.

The door opened and the few of them were about to enter.

An ear-piercing screech suddenly came from outside the door!

Rows of military vehicles were parked outside the villa!

The car door opened and rows of men in military uniforms were already standing at the door!

All the guns were aimed at the people in the yard!

“Someone from the military...”

Fan Mei’s expression changed slightly. They had come at the right time. Why did they still have to face the military in the end!

“What are you waiting for? Retreat!”

The big guy’s face was as black as the bottom of a pot and he ran into the yard!

Fan Mei's eyes turned cold. When she saw Nian Yue, she grabbed her arm and left without thinking!

"Why did you bring her?"

They quickly entered the ancient castle!

A helicopter had been waiting for a long time at the top of the castle!

"I want her..."

Fan Mei sneered and grabbed Nian Yue.

All the actions happened in an instant. The people from the military arrived late. The leader ran quickly to Bai Lin, his face full of worry. "Madam, are you alright?"

"I'm fine!" Bai Lin shook her head. "Yue Yue is in trouble..."

Chapter 196: Fall (2)

"Please leave with us first..."

The person from the military couldn't help but say. He didn't know who Yue Yue was, but he knew that nothing must happen to Bai Lin!

No matter what, nothing could go wrong with the Fu family's wife!

"I'm safe and sound now..."

Bai Lin's expression changed. Seeing that the person did not move at all, she said, "As the commander of the military, I order you to bring her back!"

Her attitude was extremely tough, and even her aura instantly turned cold!

After all, she was the Madam of the Fu family, and she did not look like a submissive anymore.

"Yes!"

The man didn't dare to say anything else and ordered the people behind him, "Capture Mo Yi with all your strength!"

The sound of a helicopter sounded above them. Everyone looked up and saw Fan Mei leaning against the helicopter. She smiled charmingly. "A bunch of useless things..."

“Chase!”

Commander Jiang said coldly.

Everyone was ready to go. The helicopter overhead rumbled!

A military jeep stopped at the door. The door opened and a man dressed in black alighted from the car!

“Young Master Fu...”

When Commander Jiang saw him, his expression changed slightly and he quickly walked up. “Madam has already been brought back...”

“Where is she?” The man’s aura was cold.

“The girl just now was taken away...”

There was an inexplicable pressure that made Commander Jiang almost unable to breathe. He braced himself and answered.

He had clearly brought Bai Lin back, so he didn't know why Fu Xiuyuan had asked about that girl.

She was just an ordinary person. She was not worth his effort!

"Prepare the helicopter..."

Fu Xiuyuan's eyes were cold and his aura was getting colder.

His bottomless eyes were extremely deep.

"She was under a lot of anesthesia..." Bai Lin said.

She was used to her son being aloof and indifferent. When had she ever seen him like this?

Her entire body was cold and even her cold eyes were bottomless.

It made one shudder subconsciously.

"Okay."

Fu Xiuyuan lowered his voice. His voice was a little cold, but only he knew how strong it was.

...

Inside the helicopter, Nian Yue leaned against the back seat and listened to the helicopter. Her expression was as cold as ever.

The man sitting opposite her looked at her with interest. "Young lady, are you so assured about me?"

Her light blue eyes were mixed with a smile.

Who else could it be but Mo Yi?

"Not too bad." Nian Yue's lips twitched and her face was filled with indifference.

She could see a strong interest in this man's eyes.

At the very least, Mo Yi would not lose this interest in the short term.

“Aren’t you curious why I captured you?” Moy continued to ask.

He seemed to be addicted. As long as Nian Yue was around, he seemed to have endless interest.

It was a strange feeling. He had never experienced it before.

But it was strange.

He did not hate this feeling. It could even be said that he liked it a lot.

“I’m not your target.” Nian Yue smirked.

Mo Yi was now the target of the Imperial Capital Military District. She was also one of the best among the freshmen.

Unless he was stupid enough to use her as a hostage to go against the Imperial Capital Military District.

Mo Yi was a smart man. He could even be described as cunning.

“Of course it wasn’t you...” Mo Yi leaned back in his seat, his face full of interest. He snapped his fingers.
“It was actually her...”

Only then did Nian Yue see Qufu hiding in the corner.

As if she had been anesthetized for too long, Qu Fu opened her eyes. When she realized her current situation, she started sobbing!

Qu Fu’s eyes were filled with fear!

She was filming and had just come out of the film set when she was knocked unconscious. When she woke up, she realized that she was here!

“Untie her...” Mo Yi instructed.

After Fan Mei untied her, Qu Fu regained her strength. “Do you know who I am? How dare you kidnap me? You’re not going to be able to see the sun tomorrow!”

The Qu family was a big family in the capital and she was always the center of attention wherever she went!

Who would dare to cause trouble in front of her?

“Tell her to shut up.”

Nian Yue rubbed her temples and impatience flashed across her eyes.

“You’re with them, right?”

When she saw Nian Yue, Qu Fu’s expression became even uglier. “Do you know the Qu family in the capital? They can kill you with a snap of their fingers...”

“Then we’ll talk about it when they move their fingers!” Nian Yue sneered and casually took a book from the table and stuffed it into her mouth.

Chapter 197: Fall (3)

“Now shut up.”

Her voice was cold as she lay there and closed her eyes.

She had something to do later and needed to conserve her energy!

The plane traveled across the sea for nearly two hours before it finally approached its destination.

At first, Qu Fu still had the strength to struggle. But later on, when she realized that no one was paying attention to her, she simply lay there and closed her eyes to rest.

“Regiment commander, we’re almost there.”

Fan Mei walked over and lowered her voice.

The helicopter left the border and arrived in Country M very quickly.

After all, it was a neighboring country. Furthermore, this helicopter was a modified fighter jet.

“Get ready. Let’s start a new game.” Mo Yi’s lips curled up into a mysterious smile.

Nian Yue, who had been leaning against the seat, finally opened her eyes faintly.

In order to prevent her from recovering her strength, Fan Mei would inject anesthesia in her body every half an hour.

She would increase the dosage every time.

“It’s a game...”

The aloof girl sighed. “It’s a pity that I can’t play with you guys anymore...”

Almost as soon as she finished speaking, the helicopter suddenly shook!

“There’s turbulence...”

Fan Mei’s expression changed!

“It’s not turbulence...”

The pilot’s expression was ugly. “It’s the radio! The dashboard has malfunctioned!”

The plane sounded an alarm. Fan Mei’s expression changed. “How did this happen?!”

The alarm was so close that the plane started to malfunction. The original route could no longer be taken and the plane started on a nose dive!

The plane was in the middle of a free-fall exercise and the plane let out an ear-piercing alarm!

The cabin door opened and a bone-chilling wind blew in!

“Then, farewell”

The corners of the aloof girl’s lips curled up slightly as she jumped out!

“Regiment commander...”

This was not the first time Fan Mei had encountered such a situation. However, all the backup airbags in the plane had disappeared!

Needless to say, it was Nian Yue!

“I’ve really underestimated you, young lady.” Mo Yi smiled.

However, his eyes turned colder.

The helicopter was instantly submerged at the bottom of the sea!

...

Half an hour later, Nian Yue emerged from the sea.

She was drenched and the school uniform of the Imperial University clung to her body. Her hair was wet and stuck to her head, making her seem even more restrained.

She casually took off her jacket, revealing her tank top. Her skin was so fair that it glowed and her back was a beautiful curve.

She often worked out. She had that healthy beauty.

“Who are you showing off to?” Laughter came from the side.

Nian Yue did not even raise her eyes when she heard that. She raised her head to look at the sun and estimated the time before walking inside with her wet T-shirt.

She still had one hand in her pocket and looked nonchalant.

Dressed in a black shirt and black pants, she looked extremely beautiful under the setting sun.

“Hey, where are you going?” Mo Yi stood up from the ground and followed after her.

“Looking for a place to sleep.” Nian Yue’s thin lips parted as if she could not even be bothered with him.

Mo Yi followed closely behind.

Nian Yue walked for about half an hour before she finally found a place to rest. She leaned against the stone and closed her eyes to sleep.

Mo Yi sat next to her and saw her cold face. It was almost expressionless.

“Aren’t you afraid that I will kill you without anyone noticing while you sleep?” Mo Yi leaned against the stone with a look of interest on his face.

“You won’t.” Nian Yue smirked and did not answer him.

Mo Yi lay on a rock. There was silence. He could only hear breathing beside him.

When he met her, they seemed to always be on opposite sides.

It was the first time they were living peacefully together like today.

He didn't mind this feeling.

The bracelet glowed red. Mo Yi's eyes were dark as he turned off the switch.

The sky darkened and Nian Yue opened her eyes slowly.

Her coat was already dry and was draped casually over her body. Nian Yue stood up and glanced at Mo Yi, who had his eyes closed, before walking away.

"Yue, we've been through thick and thin together. How can you be so heartless as to leave me behind?"

Mo Yi opened his eyes and sat up. His eyes were clear and he did not feel sleepy at all.

"Someone will come and pick you up." Nian Yue could not be bothered with him. She narrowed her eyes and saw that the place was brightly lit.

Mo Yi looked up and glanced not far away. "It looks like our goal this time is the same place. What a coincidence..."

The two of them were currently on Island H!

Chapter 198: Infiltrating Island H (1)

Island H was an independent island, but it had the strongest database in the world.

As long as you pay the corresponding price, there is nothing you can't find here.

As the database was huge, there was a lot of information. The guards inside were all hired from the most capable country in the world.

At this moment, Mo Yi was also looking for information. It was obvious that he had come prepared.

Nian Yue did not answer him. She put on her coat and walked forward.

The information building was 99 storeys high and every floor was heavily guarded.

Even at night, the outside of the information building was brightly lit. The searchlights on the wall illuminated the entrance.

Occasionally, someone would walk past the door. Nian Yue walked over.

Someone had already blocked her way. "Door card!"

With one hand in her pocket, the aloof girl slowly took out a door card.

The guard glanced at her and looked surprised for a moment. "To think a pretty boy can apply for a job here."

Island H advocated beauty and strength .

A healthy body and a strong body were what they respected.

And the Nian Yue in front of them clearly did not match their usual aesthetic standards.

"After all, one will get tired of looking at something for too long."

"I guess you're right."

The person nodded and turned to give way to her.

Nian Yue walked in. The moment she brushed past him, the corners of the cold girl's lips curled up slightly. She turned sideways and slashed at that person's neck!

Before the person could react, his vision went dark and he fainted!

Then, she took off that person's military uniform and put it on!

The brim of her hat was lowered, hiding her beautiful face.

The corners of her lips curled up slightly as she raised her right hand slightly. The surveillance camera at the door flashed a few times and dimmed!

With one hand in her pocket, Nian Yue went up the stairs.

She looked composed as if she was walking into her own backyard.

The moment the searchlight shone over, Nian Yue had already walked in with a flash.

Mo Yi had already changed into his military uniform and followed behind her.

There were not many people on the first floor. Nian Yue walked in calmly.

It was clearly her first time here, but she felt so familiar as if she had been here many times.

A few men in military uniforms walked over. Nian Yue lowered her cap, revealing only her perfect side profile.

The moment they brushed past each other, the man stopped in his tracks.

“Mr. Kevin, what’s the matter?” the man following him asked.

Kevin paused and turned his head to take a glance. There was no one.

“I’m fine.”

Kevin suppressed the strange feeling in his heart and left

Nian Yue had already slipped behind a door at the corner before he could turn around.

There was a huge screen projection in the room. Nian Yue narrowed her eyes and walked quickly to the controller. Her ten fingers started typing on the keyboard.

In just a few moments, the internal structure was displayed on the big screen.

...

In the corridor outside the door, Mo Yi, who was in his military uniform, had a relaxed attitude as if he was taking a walk.

He reached the elevator according his memory.

All the elevator buttons had a fingerprint collection system.

This meant that if a fingerprint was not registered by the system, it would trigger the alarm immediately.

Mo Yi smirked and moved his hand slightly, pressing it on the elevator button.

A faint current appeared on the lift key. The current became larger and larger until it disappeared!

There was a burning smell in the air.

Island H used the most advanced technology. Other than facial recognition and fingerprints, there was also projection technology.

However, no one would have expected that the two of them had already successfully infiltrated such an impregnable environment.

The elevator door opened and Mo Yi stepped inside.

The 99th floor had always been a place where extremely important information was stored. Compared to the other floors, there were more secure measures here.

This was the direct elevator to the 99th floor. It was extremely fast, and in a short while, the elevator had already reached the 99th floor.

The elevator opened and Mo Yi lowered the brim of his hat. His lips curled and he raised his hand slightly. All the cameras on the 99th floor had been disconnected.

...

When Nian Yue reached the elevator, she realized that there were burn marks on it.

Had Mo Yi been here?

Nian Yue raised her eyebrows and walked in.

The 99th floor was pitch black. Nian Yue had one hand in her pocket and the layout of the floor was already clear in her mind.

Chapter 199: Infiltrating Island H (2)

She walked straight and turned right.

The 99th floor was silent. It was so quiet that only the sound of footsteps could be heard.

Tap...

Tap...

Tap...

“Strange, why did the power go out?” A puzzled voice came from the corner. Nian Yue was hiding in the dark.

“Who knows!” Another man chimed in. “Hurry up and check the circuits to prevent people from sneaking in.”

“Don’t be crazy. The security here is so high. How can ordinary people get in...”

Before he could finish his sentence, he felt a pain in his neck. His vision went dark and he fainted!

At the same time, the man on the other side felt a gust of wind behind him. “Who is it?”

Before he fainted, he only saw a man in a dark blue military uniform. There was a faint smile on his devilish face, but only his amber eyes were shockingly bright!

Nian Yue did not look surprised to see Mo Yi.

“What a coincidence, Yue...” Mo Yi smiled, her face full of interest.

“Not at all.”

Nian Yue could not be bothered with him. She turned around and walked towards her destination.

The security system on the 99th floor was very strong, but her journey was smooth.

Now that she saw Mo Yi here, she had no doubt that the original security guards had been taken care of by Mo Yi.

Mo Yi must have gotten what he wanted by showing up here. Or maybe he knew better and came to her for help.

She would rather believe the latter.

After all, this man was not as kind as he appeared.

The two of them walked for nearly five minutes before they finally saw a high-tech door.

The door was pitch black. Nian Yue raised her hand and pushed the door slightly.

An electric current slid across her palm. There was a light blue barrier outside the door. When it came into contact with the electric current in her hand, the barrier seemed to melt and gradually cracked.

Surprise flashed across Mo Yi's eyes. "Dual-elemental power?"

Fan Mei had injected her with an extraordinary anesthetic, but it had no effect on her, so he became suspicious.

He didn't expect her to have a rare dual-elemental power.

Finally, the hole in front of them became bigger and bigger until it became an opening for them to pass through.

"No interference."

Nian Yue had already walked in.

Then, she went straight to the console.

At the same time

Just as Kevin sat down, someone rushed in to report, "Bad news! Someone has sneaked into the 99th floor!"

Kevin's face darkened. "It's him!"

The youth who had brushed past him!

She was not from Island H!

"All the defense departments are to be mobilized!" Kevin gave the order. "Seal the entire building!"

He had already quickly pulled out the surveillance cameras on the 99th floor, but it was pitch black!

Electric power...

Esper...

No matter which of these two entered island H, they could forget about leaving alive!

...

The moment Nian Yue turned on the console, an ear-piercing alarm rang throughout the entire 99th floor!

The girl's eyes darkened and her fingers started typing furiously on the keyboard!

The control panel had been encrypted multiple times and was unlocked in just a moment.

There were a lot of things in the database. Nian Yue's fingers were typing rapidly.

In just a moment, the Fu family's information was brought out.

She read ten lines at a time and remembered everything inside.

Mo Yi had already walked over the moment she received the information.

There was surprise on his face when he saw that she was actually manipulating the console. "Yue, I really like you."

She was not afraid of the surveillance and defense system of Island H, and she dared to crack the control panel alone.

This boldness really made him see her in a different light!

“I don’t like you.”

She didn’t like Mo Yi.

“Then who do you like?”

Mo Yi had the intention to chat with her.

“Fu Xiuyuan?” Mo Yi raised his eyebrows and asked.

“I don’t hate him.”

Moreover, a large part of the reason she came to island H was to investigate Fu Xiuyuan’s supernatural power.

“That man...”

At the thought of that man, Mo Yi’s light blue eyes darkened.

“I hate him.”

Almost as soon as he finished speaking, Nian Yue had already stood up from her seat. With one hand in her pocket, there was a hint of coldness in her eyes.

Her eyes were dark and her lips curled. “I don’t think we can leave.”

She removed the bracelet neatly and quickly assembled it into a small silver pistol.

Bang! The inner door of the database was kicked open from the outside!

Chapter 200: Infiltrating Island H (3)

Kevin broke in!

The group of people behind him had already taken out their guns in unison!

“The leader of the mercenary group, Mo Yi...”

Kevin’s expression sank. “How dare you!”

The mercenary group had been very active internationally all these years, but this was the first time they had passed through so many obstacles and reached island H!

He even entered the 99th level!

“Even your Island Master doesn’t dare to speak to me like that. It looks like you have quite the guts.” Mo Yi gave a fake smile and slowly sat in the boss chair.

“You...”

Kevin’s expression was ugly. He clearly knew that he had a supreme status in Island H.

“Yue, I look forward to seeing them fight you...”

Mo Yi smirked, looking like he was watching a show.

This group of people did not dare to touch him, but it did not mean that they did not dare to touch Nian Yue.

“Heh...”

Nian Yue sneered. She had already spun the pistol in her hand and aimed it at Kevin.

“Fire!”

With Kevin’s command, all the pistols were aimed at Nian Yue!

The moment the bullet was shot, Nian Yue flipped over and was already behind the console. Then, with a light tap of her foot, she quickly reached the window!

With a leap, she jumped down from the window!

All her actions happened in an instant. Her speed was so fast that only an afterimage could be seen!

After jumping to the 98th floor, Nian Yue flipped over and entered through the window!

Then, she opened the elevator and walked in!

“Chase!”

Kevin's expression was ugly. With such speed and reach, it was very likely that it was the Esper he was looking for!

They went straight to the elevator and quickly reached the first floor. Nian Yue stepped out and was greeted with the sight of another group of people!

"Catch her!"

The leader shouted!

Someone who could even enter the 99th floor's security must have supernatural powers!

It had been a long time since other Espers had appeared on island H!

Kevin's people were even vaguely excited!

The moment the group of people pounced on her, Nian Yue could already feel the strong aura of an Esper!

This was the place where the Espers gathered!

All the people with guns had supernatural powers!

The corners of Nian Yue's lips curled up slightly as she aimed her pistol at the nearest camera!

Bang!

The camera was broken!

At the same time, the hall fell into darkness!

The small silver pistol spun in her hand. "Then, let's see your superpower!"

She was also very curious. Other than Fu Xiuyuan's fire power and Mo Yi's lightning power, what else was there in this world?

Almost as soon as she finished speaking, someone had already pounced on her!

Being able to see at night was the most basic ability of an Esper!

Nian Yue's eyes turned dark. The moment the Esper pounced over, she forced him to the side with a roundhouse kick!

At the same time, the moment the other Espers pounced, the small pistol in her hand had already been fired!

The superpowered people who pounced on them were hit and fell to the ground!

She was too fast and ruthless!

In just a moment, the ground was filled with Espers!

The aloof girl was still in her sloppy state. She raised her chin slightly and her eyes were shockingly bright!

"I'm not playing with you anymore..."

The corners of Nian Yue's lips curled up slightly as she retracted the pistol in her hand and flashed to the door.

Just as someone alighted from the car and brushed past Nian Yue, the aloof girl had already nimbly grabbed his wrist and squeezed it tightly. The car keys were already firmly in her hand.

“Lend me your car.”

Leaving behind the black card, Nian Yue flipped into the car and started the car. The car left a trail of exhaust!

When Kevin chased over, he could only watch helplessly as the car disappeared without even the exhaust!

“Chase!”

He did not believe that the commander of his island H could not catch up to a child!

“Are all your people so arrogant?” When the Island Master rushed over, his face was dark!

“I just came to take a look at something. Why are you so angry?” Mo Yi gave a fake smile. “Besides, didn’t you steal your information too?”

These words were equivalent to slapping the Island Master’s face.

“What information do you want? Why did you hack into the security guards?” The Island Master heaved a sigh of relief and asked.

“99th floor.”

Almost as soon as he finished speaking, the Island Master’s expression changed.

Mo Yi smirked. It was just a matter of interest. Why did he have to put it so sanctimoniously?

There were too many secrets hidden on the 99th floor.

He wondered if the young lady had seen what she wanted today.
