

The National Goddess Reborn 201-206

Chapter 201: Destroying an Island for a Person (1)

Island H's security was extremely tight. At this moment, all the big cars were mobilized to capture that aloof girl!

The fact that Island H had the most detailed information in the world despite being a small island meant that it was extraordinary.

Most importantly, it possessed the most advanced technology in this world!

It could even be said that it had already become independent of the various countries and was an independent kingdom.

However, Nian Yue had lived in the post-apocalyptic world for many years. She could not be said to be very impressed with the technology of this era.

The roar of a fighter jet sounded overhead. It was Kevin.

The corners of Nian Yue's lips curled up slightly as her fingers tapped on the steering wheel rapidly. A blue projection had already appeared in front of her, and the projection displayed all the road conditions on Island H!

Island H was surrounded by the sea. There seemed to be only one way to escape from the fighter jet.

Nian Yue narrowed her eyes and activated all her superpower.

The engine of the car was injected with the foreign power and emitted a sizzling sound!

Then, she stepped on the accelerator and the car shot out like an arrow!

“Sir, this is a residential area...”

On the fighter jet, someone said with uncertainty.

“Release the bomb!”

Kevin gave the order!

She was just a small countryman. So what if she died!

The SUV sped along the road while an explosion sounded behind them and flames surged into the sky!
Nian Yue turned the steering wheel quickly and the car skidded. The tires emitted huge sparks due to the huge friction!

“Continue!”

Kevin’s face darkened. Could an aircraft not catch up to an SUV!

Island H’s fighter jets had the most advanced technology in the world. Every time the ammunition fell, there would be a sea of flames!

However, the fiery red sports car below could accurately evade the bombardment every time it sped along the road!

The corners of the girl’s lips curled up slightly as she turned the steering wheel abruptly. The car drove along the gentle road, and the blue sky was getting closer and closer.

“Bang!” Nian Yue felt pain on her left shoulder!

In the rearview mirror, Fan Mei, who was dressed in black, was smiling alluringly.

She was still holding the sniper rifle.

The corners of Nian Yue's lips curled up slightly as she stepped on the accelerator. Just as she was about to reach the blue sky, she suddenly braked!

An ear-piercing screech rang out!

Due to the huge friction, the tires emitted sparks. The car's engine was boiling hot and it let out a loud roar!

Nian Yue did not even think and jumped down from the car door!

In front of her was a vast sea!

Almost at the same time as she jumped down, the fiery red sports car exploded!

In just a moment, it had been burnt to ashes!

The fighter jets behind them were still chasing after them!

"Boom!" A strong vibration came from the fighter jet above their heads!

“What happened?”

“It’s a protective barrier...” The pilot’s expression was ugly.” We entered the protective barrier of Island H...”

In order to prevent enemy attacks, island H had set up the minimum of three protective barriers!

What they charged past was the first line!

All the dashboard parts of the plane were malfunctioning!

“Contact the Ministry of Defense and retract the barrier...” Kevin ordered coldly.

“No...” The pilot was about to cry from anxiety.” I can’t contact them. All the signals have been blocked...”

He was clearly chasing after her according to the route, but he did not expect that girl to easily pull him into a ditch!

All the dashboard parts of the plane were malfunctioning!

An alarm sounded from inside the plane. Everyone took their parachutes and jumped into the sea!

The plane landed and caused a huge wave on the sea!

At the same time, booming sounds came from above. Several fighter jets had already flown over. A man in black opened the cabin door.

“A battle just happened here...”

Jiang Jincheng looked down and frowned.

“I know.”

Fu Xiuyuan frowned as he watched the red sports car rush into the sea.

His cold eyes turned darker!

He unintentionally saw a jade-like figure...

“Is that Sister Nian Yue?”

Jiang Jincheng said subconsciously.

The person beside him had already jumped in without any explanation!

“You’re crazy!”

Jiang Jincheng’s face turned ashen. This was the sky!

Furthermore, the sea below was turbulent and was the place where Island H had set up the barrier!

Chapter 202: Destroying an Island for a Person (2)

He was really crazy!

The sea water was cold and bright red.

She had been shot in the back. Nian Yue endured the pain and wanted to swim up, but she realized that her body was stiff.

It seemed that the anesthetic that Fan Mei had injected into her the last few times had worked.

Her wood power was still unable to expel all the anesthetic in a short time.

The pain from her back made her vision go dark and her body became heavier.

Before she lost consciousness, her lips were covered with warmth.

With her waist being held, Nian Yue seemed to have seen Fu Xiuyuan in a daze.

...

When Kevin and company crawled out of the sea, their foreheads were pressed against the black muzzle!

Rows of high-level guards appeared in front of him!

Almost everyone had the letter "F" on them.

F...

The Fu Family...

The Fu family of Country Z!

This was almost the first thought in Kevin's mind!

To be able to mobilize so many fighter aircrafts and dispatch so many guards, it seemed that only that man had the ability to pass through the protective barrier!

"Your Excellency Kevin, how have you been..."

Jiang Jincheng's cavalier voice sounded, and he still looked cynical.

"Young Master Jiang..."

When Kevin saw him, his expression improved quite a bit. "What happened to make Young Master Jiang come over personally..."

Country Z and Island H had an alliance agreement. Without any special circumstances, Jiang Jincheng would not come.

“I heard that Mo Yi is on Island H...” Jiang Jincheng raised his eyebrows and asked.

“And Your Excellency Kevin, for the sake of a little Mo Yi, mobilized all the guards on the island...” Jiang Jincheng smiled insincerely. “You’re quite bold!”

“Young Master Jiang!”

The Island Master arrived late. When he saw the scene in front of him, his face was filled with anger. “She’s just a small countryman. So what if she’s dead!”

“Is that so?”

The man’s cold voice rang behind her, but only Jiang Jincheng could hear the anger in it!

In the arms of the cold man was a pale girl. Her eyes were closed and her entire body was red with blood.

“Destroy Island H!”

The man’s face darkened!

“How dare you?”

The Island Lord’s face turned pale!

In his opinion, he was only killing a small countryman!

However, all the guards left on the fighter jet. Then, they released explosives!

Behind him, flames surged into the sky!

The Island Master’s face was filled with disbelief.

He had really blown up an island for that person!

“Island Lord...” Kevin’s face was filled with hatred.

“She’s just an ordinary person from Country Z, Fu Xiuyuan...”

The Island Master’s eyes were bloodshot and filled with hatred.

...

It was already late at night when they returned to the Fu Family.

Bai Lin's eyes were red. When she saw the person in Fu Xiuyuan's embrace, she hurriedly walked forward. "What happened to my daughter-in-law?"

"She was shot but her life is not in danger for the time being." Fu Xiuyuan carried her and went straight to the second floor.

Bai Lin wanted to go over and ask, but Fu Heng stopped her. "Don't blame yourself too much."

"It was because of me..." Bai Lin's face was filled with guilt. "If I didn't drag her down, maybe she wouldn't have been taken away..."

And she had suffered such a serious injury.

"Don't blame yourself. I'm going to talk to my son." Fu Heng rubbed her hair. "They're back safe and sound. Go and rest first."

Bai Lin wanted to say something but hesitated. Thinking that she could not cause trouble for others at this time, she returned to her room.

Fu Heng rubbed his temples. How could he not see that Nian Yue was not weak? Even if she brought Bai Lin along, it would not be difficult to escape from the mercenaries.

She had probably gone to Island H to see something.

When Fu Xiuyuan came out of the room, Fu Heng raised his eyebrows and asked, "Do you have time?"

"Mm." Fu Xiuyuan nodded and followed him into the study.

The two men sat opposite each other. Fu Heng went straight to the point. "Your mother is very worried about Nian Yue."

"I know."

His deep eyes were still calm.

"She's worried about you too..."

Fu Heng continued, "About your illness, she never blamed Nian Yue for taking the Energy Stone. This time, she went to look for Nian Yue purely out of curiosity..."

The people of the Bai family were upright and honest.

"Mm." Fu Xiuyuan nodded. "What exactly are you trying to say?"

The way they interacted was more like friends.

Fu Heng lived on the battlefield and built the Fu Corporation to its current scale. However, when faced with this son, he still could not see through him.

Chapter 203: Destroying an Island for a Person (3)

He was too restrained. Be it his style of doing things or his emotional needs, he hid them perfectly.

"What did Nian Yue want to see when she went to island H?"

Island H had the most information and the most tight security system in the world.

Nian Yue would not have gone to island H for no reason.

“It could be about her body.”

Fu Xiuyuan raised his eyebrows.

“Her body might have undergone genetic modification.”

In the entire country, she was the only one who had undergone genetic modification to become an adult.

Genetic modification was a normal phenomenon in China, but it was limited to animals and plants.

In other countries, however, it is a common phenomenon.

There were even mutants in some places, but they were used as experiments and had not reached the point of mass production.

“The Nian Family does not have such capabilities.”

Fu Heng shook his head. If he did not remember wrongly, the only person in the Nian Family who could do anything was the Young Master of the Nian Family, Nian Yu.

It was a pity that Nian Yu was always outside and did not care about the matters of the Nian Family.

“Maybe it’s the Li family...” Fu Xiuyuan raised his eyebrows. The Li family had been almost isolated from the world in the capital all these years.

However, most people had probably forgotten Old Mr. Li’s authority in the capital.

Even the president had to address him as a teacher.

“The Li family...” Fu Heng thought for a moment before saying as if he had remembered something, “You knew about it long ago? Is that why you were so concerned about Nian Yue?”

“It has nothing to do with this.” Fu Xiuyuan’s lips twitched.

The only reason he was interested in Nian Yue was because she was Nian Yue.

That was all.

...

When Nian Yue opened her eyes, she realized that her surroundings were a little unfamiliar.

The scene before she fell unconscious surfaced in her mind. Fu Xiuyuan?

Was she at the Fu family residence now?

“Are you awake?”

The door was pushed open and a man in black walked in.

Fu Xiuyuan walked up to her and raised his hand to touch her forehead. “Fortunately, you don’t have a fever.”

“Did you go to Island H?” Nian Yue smirked.

She could not remember clearly what happened before she fainted. However, the touch of his thin lips was still in her mind.

“Mm.” Fu Xiuyuan nodded. “You’re quite bold to go to island H alone.”

These words seemed to imply that he would settle scores with her later.

“To check on something,” Nian Yue replied, not understanding where his anger came from.

She felt that it was normal to give up something in order to get something.

“Did you find what you were looking for?” Fu Xiuyuan raised his eyebrows and asked.

“Yes.” Nian Yue nodded and wanted to get out of bed. Just as she lifted the blanket, she realized that her wrist was grabbed by someone. The man in front of her was so close that she could almost see her reflection in his deep eyes.

“Is that all?”

His voice sounded like he was gritting his teeth.

“I need to sort out some things before I can tell you.” Nian Yue thought that he was angry. She did not tell him what she had found.

Hearing her serious reply, Fu Xiuyuan suddenly laughed.

His face was already extremely devilish. Usually, when he did not smile, he would look cold and abstinent, as if nothing in the world could enter his eyes.

When he smiled now, it seemed like even everything had lost its color.

“You should smile more.”

Nian Yue replied.

Everyone liked beautiful things.

She thought she heard a barely audible sigh as the shadows overhead pressed down on her.

He planted a kiss on her forehead.

He should not have asked her. Her EQ and IQ were inversely proportional. If he asked too much, he would be the one getting angry.

“Have a good rest. I’ll apply for leave for you in school.” Fu Xiuyuan got up and covered her with the blanket.

“It’s not necessary.”

Nian Yue got out of bed. The gunshot wound on her body had already mostly recovered.

While she was resting, her wood power had already activated the self-repair function. She no longer felt any pain.

Fu Xiuyuan’s eyes were deep and when they met Nian Yue’s, her heart was slightly moved.

...

“3000ml anesthesia, Fan Mei, why didn’t I know that you have such a huge right?”

Mo Yi leaned slowly against the table. He was holding a small tranquilizer gun.

“She has an automatic purification function. It was just 3000!” Wan Mei’s face was filled with anger. If she had known that she was fine with 3000, she would have increased the concentration to the maximum!

“Just that?”

The corners of Mo Yi's lips curled up slightly, as if he had heard a joke. He suddenly raised his hand, and an electric current ran through his palm!

"Ah!"

Fan Mei felt as if she had been electrocuted. "Regiment commander, I was wrong! I shouldn't have shot at her without your permission!"

Fan Mei's face turned pale and she hurriedly knelt down to beg for mercy.

Chapter 204: We Will Never See The Light In This Lifetime (1)

As long as one was obedient, Mo Yi had always been easy to talk to.

However, she was the first one to be so disobedient.

"Then go through what she has suffered!"

Mo Yi spoke lightly.

"Regiment commander! 3000 milliliters will kill Fan Mei..."

The man said in shock!

“4000 milliliters...”

“Regiment commander...”

“5,000 milliliters...”

The devilish man was leaning on the table slowly, but the aura he exuded was getting colder.

When nearly five milliliters of anesthetic was registered in Wan Mei’s body, her face darkened.

It felt like the anesthetic was twisting in her body. She would have to suffer such pain a thousand times more!

5000 milliliters of anesthetic!

Mo Yi really wanted her life!

It was all for Nian Yue...

Didn't he know that he and Nian Yue would always be on opposite sides?!

"Fan Mei..."

The shadow could not bear to see her like this. "The commander is obviously different towards that girl. Why do you have to be so stubborn?"

"So what if he's being different..."

Fan Mei's face was filled with pain. Because she had been injected with too much anesthesia, her face was distorted.

"We will always be maggots in the dark. We will never see the light in our lives..."

They were abandoned.

So what if she worked hard to climb up? In the end, she belonged to the darkness.

In the dark room, Mo Yi was standing in front of the window. Opposite him was the back garden, which was filled with roses.

A breeze blew over, bringing with it a faint rose fragrance.

There was a knock at the door and someone walked in.

“Commander, what about the woman we brought with us last time?”

He was referring to Qu Fu.

The last time he came out of Imperial University, she used Qu Fu to clear the level just in case.

“Throw her back in front of the Qu house,” Mo Yi said lightly, her voice lazy.

“But she knows about us...”

Furthermore, they had brought Qu Fu back to the base.

“So what?” Mo Yi sneered.

Wasn't it easy for him to kill an ordinary person?

The person didn't dare to say anything else and left.

The regiment commander was in a bad mood today.

The room fell silent again. Mo Yi looked out the window, his eyes dark.

“Yue, I'm looking forward to our next meeting.”

Every time they met, Yue would bring him a new surprise.

...

When Nian Yue returned to the Imperial University, it was already two days later.

The students of Class A were constantly paying attention to the situation of the number one freshman.

After all, she dared to skip Jin Xuan's class and shot off the nameplate of a second-year student, giving the second-year student a hard slap in the face.

However, there were still some students who bore a grudge.

After all, if Nian Yue was capable back then, why didn't she help them snatch back their territory?

It was a pity that Nian Yue ignored some people's jealousy.

She was still alone.

"Boss, where have you been this week?" Li Yi had a blade of grass in his mouth. After class, he felt a little bored following Nian Yue.

"I went to Island H to check something." Nian Yue looked up.

She had never thought of hiding her trip to Island H from them.

"Damn! You were the one who went to there to look at the information and blew up the island!" Wang Yang was the first to be unable to sit still. "Why didn't you bring us along with you regarding such an exciting matter?"

He had heard about the explosion in Island H from Yin Han.

At that time, he was still wondering who was so awesome to face off against Island H?

They did not expect it to be their boss!

“That’s right! You’re so mean! Sister Yue!”

Lin Nan had been with the two of them for a long time and started to like to join in the fun.

“I was in a hurry and didn’t have time.” Nian Yue rubbed her temples. “On the other hand, did you guys get full marks for the class?”

“Full marks for all subjects!” Wang Yang’s face was filled with pride!

“Me too!”

“Me three...”

Lin Nan and Wang Yang were unwilling to fall behind.

Initially, the students from the Imperial University focused on theory during the first semester, and actual combat was secondary.

However, many students who could enter Class A had perfect theoretical and combat experience.

This batch of students was much stronger than they had imagined.

“Yes, not bad.” Nian Yue nodded, a rare compliment in her voice.

She had always been strict. Otherwise, these people wouldn’t have called her the devil instructor at the start.

When class ended in the afternoon and Nian Yue went to the canteen to eat, her vision was shrouded by a shadow.

“Nian Yue, I have something to ask you.” Xu Xiu sat opposite her with a smile.

Xu Xiu was an old professor from the explosives department and a famous explosives expert in the country.

Chapter 205: We Will Never See The Light In This Lifetime (2)

However, this person was used to being alone and was strict. Ordinary students would want to avoid him when they saw him. But he had specially gone to the canteen to look for someone and was even smiling. This was the first time.

“Please go on, Professor.” Nian Yue looked up from the pile of food.

“Have you learned about explosives before?”

He had thought that the new student in front of him was as insufferably arrogant as the rumors said, but now that he spoke to her, he felt that she was polite.

It was very different from the rumors.

He liked polite students.

At the thought of this, the smile on Xu Xiu’s face widened and even his aura became gentler.

“I have.” Nian Yue nodded. “But I have more combat experience.”

On the battlefield, she needed to use the materials beside her to create what she wanted and win.

“No wonder...”

Xu Xiu’s face was filled with indifference when he thought of how she was slowly making the explosives.

“Your talent is rare. I hope you can join Class B. Currently, there are no more than five universities with explosive specializations in the country, and the Imperial University’s explosive specialization is famous locally...”

Explosions was considered a class of engineering, and it had a high requirement on logical thinking. Coupled with other factors, there were fewer and fewer students in the field of explosives over the years.

At the same time, Jin Xuan and Qu Ran had just finished eating on the second floor when they inadvertently saw the scene of the canteen on the first floor.

“Is that the top scorer and Old Man Xu?” Qu Ran was interested.

Old Man Xu was famous for being unreasonable. He was usually elusive, but now he was actually sitting together with the new student to eat?

“Yes.” Jin Xuan glanced down the stairs. The aloof girl’s back was straight and less nonchalant.

“What’s there to talk about between the two of them?” Qu Ran played with his phone in boredom.

“The one who blew up the laboratory base with an explosive bag was the number one freshman...”

Jin Xuan slowly replied.

“Experimental base...”

Qu Ran sat there carefully chewing on Jin Xuan’s words, and then suddenly jumped up from his seat.
“Why didn’t you say so earlier!”

Without waiting for Jin Xuan to say anything, Qu Ran had already run down!

He had to keep such a new student no matter what!

When Qu Ran arrived, Nian Yue and Xu Xiu had already finished talking.

Qu Ran was excited. “Old... Teacher Xu, how was the conversation? Is the number one freshman willing to come to Class B?”

“Nice try.” Xu Xiu rolled his eyes at him and then sized him up.

He said thoughtfully, “He really isn’t as handsome as Jin Xuan...”

“Teacher Xu, what do you mean?” Qu Ran was unhappy. “Other than good grades and handsome looks, what other good points does Jin Xuan have?”

“So he can make Nian Yue stay in Class A. When will my teaching assistant be able to attract a large number of girls like Classmate Jin Xuan...”

Xu Xiu sighed resentfully.

Qu Ran was speechless.

So, the number one freshman was unwilling to come to Class B because he was not as handsome as Jin Xuan?

...

Of course, Nian Yue did not do it for this reason.

However, when Xu Xiu compared Jin Xuan to Qu Ran, she almost chose Jin Xuan without thinking.

Besides, if she stayed in Class A, her education resources would be much better than in Class B.

Class A focused more on the comprehensive development of students, while Xu Xiu favored nurturing a module.

There were other Espers in Class A.

This was what she had found when she returned.

Perhaps they had been there from the start, but they had hidden it too well and she did not notice it.

Other than Fu Xiuyuan, Mo Yi's group, and some people from Island H, this was another group of Espers she had found at the Imperial University.

Yes, it was a batch.

Not one.

Class A had at least five superpowered people. This was what she had learned from her conversation with Li Yi.

However, there were more than five superpowered people...

Could it be water and metal?

Or some other superpower that was even more desirable.

When Nian Yue came out of the canteen, she felt someone following her.

She walked and stopped, and the people behind her also walked and stopped.

Finally, they reached the corner. Nian Yue's lips curled up slightly as she walked into a dark alley.

A sneer of disdain flashed across the face of the person behind her.

"And here I was wondering how capable she was. It turns out that she's just a coward..."

The person turned around and saw that the girl was already standing not far away from him. She had one hand in her pocket and a hint of indifference flashed across her eyes. "Are you following me?"

Chapter 206: We Will Never See The Light In This Lifetime (3)

"That arrogant first place freshman?" That person's face was filled with disdain as he looked her up and down a few times. "With such a small body, I wonder if she can take a kick from me?"

"Then, shall we try?"

The corners of the aloof girl's lips curled up slightly. In the blink of an eye, she had already arrived behind that person!

What speed!

A look of surprise flashed across that person's face before he quickly raised his leg!

The two of them quickly started fighting!

"The number one freshman is already so arrogant? Did you know that when my grandfather dominated Imperial University, you were still in your mother's womb!" That person's face was filled with disdain!

During the examination, he sincerely hoped that no one would pass!

However, the truth was that he was disappointed!

Not only was the recruitment process exceptionally good, but Xu Xiu had even gone to the cafeteria to ask for her.

Five minutes later,, he was kicked to the ground a few meters away!

The corners of the aloof girl's lips curled up slightly. She was still a little lazy. With one hand in her pocket, her movements were relaxed as if she was taking a walk. "You want to compete with me?"

When she was in the post-apocalyptic army, she had encountered new recruits who refused to admit defeat. In the end, they were all subdued by her.

"I'm not convinced."

Zhou Mo got up from the ground. "If you have the guts, let's have a fair competition!"

He had underestimated his enemy just now. He did not expect her to be so crafty and ruthless despite her frail appearance...

“Sure.” Nian Yue agreed readily. “You decide on the time and place.”

She was always willing to entertain such public invitations.

...

When Qu Fu was rescued, her face was pale and he looked as though she had been fished out of water.

Old Master Qu’s eyes were filled with heartache. “Who did it?!”

Qu Fu was like the little princess of the Qu family. Wherever she went, she would be adored?

Now that she had disappeared for a few days and was brought back, she had become haggard and wretched. Her captors did not take the Qu family seriously!

The Qu family’s servants did not dare to make a sound.

Finally, half an hour later, Qu Fu finally woke up. When she saw Old Master Qu, she immediately cried!

“Grandfather! I’m finally back...”

“My good granddaughter, tell Grandpa who took you away?”

Old Master Qu’s face darkened!

Qu Fu had bodyguards around her all year round. If anything happened, they would inform the Qu family immediately.

But it was the first time she had been thrown back after disappearing for a few days!

“1...”

Qu Fu recalled everything that had happened before she fainted and the aloof girl she had met on the plane.

That leisurely attitude, the foreign man she was talking to...

Obviously, they knew each other!

“Nian Yue, it’s Nian Yue!”

Qu Fu's eyes were red and filled with hatred. "She was the one who asked someone to take me away!"

As the eldest daughter of the Qu family, she had never suffered such humiliation!

And the source of all this was Nian Yue!

"Nian Yue?"

Old Master Qu's gaze darkened. "Investigate. I want to see what her background is!"

To think she dared to kidnap the Qu family's eldest daughter. This person was too arrogant!

The Qu family's butler investigated very quickly and delivered the document to Old Master Qu in a few minutes.

"The number one freshman at the Imperial University?" When Old Master Qu saw the information, his face was filled with disdain. "Bring her back!"

"We can't take her..."

Qu Fu shook her head. "Bring the people around her!"

Nian Yue was arrogant in her actions. The henchmen of the Qu family would not match up to her. However, she wanted that girl to regret her actions!

...

When Nian Yue came out of the library, she bumped into Jin Xuan.

"Junior, do you have time now?" Jin Xuan walked over, his eyes full of smiles.

"Yes." Nian Yue nodded. "What do you want to ask?"

She didn't have much interaction with Jin Xuan. The only thing she knew was that he was the college entrance examination champion last year and was currently the shooting teacher of Class A.

Unfortunately, she had never taken his shooting class.

"Did Teacher Xu ask you to transfer classes?"

“Yes.” Nian Yue nodded. “But I rejected him.”

“Why?” Jin Xuan thought of the reason Qu Ran had complained to him.

“Class A’s facilities are more complete, and the students are stronger.”

Being in a class with powerful classmates would definitely be useful in the future.

This was her other reason.

Jin Xuan laughed. How could he take Qu Ran’s words seriously?

“Do you have any other questions?” Nian Yue raised her eyebrows.

“Junior, you are really frank...” Jin Xuan smirked.

“Thank you.” Nian Yue nodded and turned to leave.
