

# The National Goddess Reborn 201-211

Chapter 207: Young People Should not be too Rash (1)

Nian Yue had been searching for books on supernatural power in the Imperial University library.

She didn't see much information on Island H last time. Most of it was about Fu Xiuyuan's supernatural power.

Flame...

And bewitchment...

Both of them were considered pretty good in terms of other abilities.

Although the library at the Imperial University could not compare to H University, it had a lot of information and she could always find something.

Lin Lang sent her a message.

"You said that your wood power has been awakened?"

The aloof girl was leaning against the bookshelf, holding a book in one hand and typing on her phone with the other. Light from the outside shone on her cold side profile, covering it with a yellow glow.

“Yes. The last time I was injured, my body recovered within 24 hours.”

She had dual-elemental powers. Electric power was the main power, while wood power was the auxiliary power.

When she was injured in the post-apocalyptic world, her wood power was not even that good.

“Your body is a surprise.”

After Lin Lang replied, he saw a deep research report on supernatural power on the table.

Dual-electric wood power...

The two of them got along very well in her body.

However, could they continue to complement each other?

If there was a clash one day...

Lin Lang's eyes darkened. It looked like he should go there.

...

Nian Yue only slowly put away her phone when the screen darkened.

This body was indeed different from the one in the post-apocalyptic world.

Physical recovery and explosive power

Just this face alone was better than the one in the post-apocalyptic world.

After all, this face was quite good-looking.

"Yue Yue, bad news. Wang Yang and Li Yi have been taken away." Nian Yue had just come out of the library when she received Wang Zhizhi's call.

"The time and place." Nian Yue had one hand in her pocket and was holding a thick book.

“Half an hour ago, there was a black car with the license plate number Emperor Axxx...”

“Alright, I understand.”

Nian Yue’s eyes darkened. She had only been staying at the Imperial University for the past few days. Why were there so many people looking for trouble?

...

Qu family

“Is she here?”

Old Master Qu’s face darkened. Someone must have informed Nian Yue that he had brought Wang Yang and Li Yi over.

More than half an hour had passed, but Nian Yue was still nowhere to be seen.

“She should be on her way...”

The servant at the side replied.

“Why did you bring me here?” Wang Yang lay on the sofa with his legs crossed, looking rather bored.

Li Yi was playing games with his legs crossed.

Rather than saying that the two of them were brought back, it would be more accurate to say that they seemed to have come for a vacation.

“Tell Nian Yue to come over and admit her mistake obediently!”

Qu Fu sneered, her eyes filled with disdain.

She was just a wild girl from the countryside. What kind of qualities could she have?

“You want Boss to apologize?”

Wang Yang sneered, “What did she do wrong? Why must she apologize to you?”

“She really had the guts to take away the eldest daughter of the Qu family without permission!” Old Master Qu knocked his walking stick heavily. “She’s just a wild girl from the countryside. She came to the capital and didn’t restrain herself. Does she really think that no one can subdue her!”

He only took a few glances at Nian Yue’s information. So what if she was the top student in Jiang City’s college entrance examination and the top student in the Imperial University’s new major.

Compared to the Qu family’s status in the capital, such a small status was not enough to fill the gaps between one’s teeth!

“You mean her?”

Wang Yang glanced at Qu Fu slowly and said, “I think you’re mistaken about something. Our boss has a normal sexual orientation. Why would she want to capture you?”

In his view, Nian Yue and Qu Fu were completely unrelated.

No matter how bored Nian Yue was, she would not cause trouble for herself and go against Qu Fu.

Of course, the prerequisite was that Qu Fu had to stop prancing around in front of her for no reason.

“Young man, you’re young and rash. I can understand that.” Old Master Qu tapped his walking stick and spoke earnestly, but his face was filled with arrogance. “You don’t know the immensity of heaven and earth. Aren’t you a little too arrogant!”

“Grandpa, why are you talking so much nonsense with them? Both of them are so protective of her. Who knows what kind of shady deal they have privately...” Qu Fu sneered.

Hearing her words, Li Yi retracted the indifference on his face. “Miss Qu, I advise you to speak properly. I’m not as good-tempered as Old Wang...”

“This is the Qu Clan, how can you... Ah!” Qu Fu sneered coldly. However, before she could finish her words, she felt a sharp pain in her mouth.

Li Yi, who had been standing there slowly just now, had reached her in the blink of an eye!

## **Chapter 208: Young People Should not be too Rash (2)**

He grabbed her mouth and took the ashtray from the table. “Since your mouth is so dirty, I’ll help you wash it!”

The ashes fell into her mouth!

All the servants in the Qu family were stunned. They didn’t expect Li Yi to have such a fiery temper!

That was an ashtray!

There was even a cigarette that had not been extinguished!

“I don’t mind attacking women...”

Li Yi released her hand and said with a fake smile, “Old Wang, let’s go!”

Wang Yang flipped over and jumped up from the sofa. The two of them turned a blind eye and prepared to leave!

“You’re revolting! Stop them!” Old Master Qu was so angry that his face turned pale!

“Where’s the doctor! Hurry up and get the doctor here!”

In an instant, the Qu family was in a mess!

Before Old Master Qu could say anything, the security guards had already flooded in!

The Qu family had their own bodyguards who had undergone special training.

“You won’t give up?” Li Yi sneered. “Just nice, let me stretch my muscles...”

“Old Wang, go!”

Li Yi had always been an arrogant person. When Nian Yue was around, he could restrain himself a little.

Now that Nian Yue was not around and Qu Fu was bent on targeting Nian Yue, he would not stand on ceremony!

Li Yi and Wang Hai were both capable of fighting one against ten, but the Qu family’s bodyguards were specially hired.

In addition, they had the advantage in numbers, and the two of them were actually at a slight disadvantage...

“Damn!”

Li Yi cursed. If he could hold his gun, these people would have died under his hands!

In the blink of an eye, a bodyguard had already stabbed him with a dagger. Li Yi barely dodged it, but his neck was stabbed!

The door was kicked open from the outside!

The girl was full of coldness. Because of the rain, her hair was wet and stuck to her face, but her back was straight!

“You’re finally here...”

When Old Master Qu saw her, he sneered and ordered, “Kneel down!”

Old Master Qu had been in the position for many years and had an oppressive aura!

His turbid eyes were filled with anger!

“Did you kidnap the Qu family’s eldest daughter? How dare you!”

All his anger was revealed the moment he saw Nian Yue!

“Her?”

Nian Yue raised her eyebrows and pointed to Qu Fu.

Qu Fu had just finished bandaging her wound and was wearing a black mask. However, one could tell from the bump on the mask that his face was swollen.

“I’m not that bored.” Nian Yue sneered. She had one hand in her pocket and her jade-like face was filled with coldness.

When she saw the red blood on Li Yi’s neck, her aura suddenly turned cold!

“Who did it?”

She could scold her people however she wanted!

Other people could forget about even touching a single strand of hair from her!

“When you’re here, you have to follow our rules!” Old Master Qu sneered. “Kneel down!”

The walking stick hit the ground heavily, and everyone did not dare to make a sound!

Qu Fu signaled the bodyguards behind her. The two bodyguards looked at one another and walked over in large strides. They kicked Nian Yue's knee!

In the past, they used this method against disobedient people!

However, they're up against Nian Yue today. They were destined to fail!

Before the two bodyguards could touch Nian Yue, she had already dodged sideways! Then, she exerted force with her feet and they were kicked a few meters away!

"This is the Qu family! It's not a place for you to fight!"

Old Master Qu was so angry that his vision turned dark!

"Qu family?"

Nian Yue sneered. "Why didn't Old Master Qu know that this is the Qu family when you ordered them to attack me?!"

“You’ve caught Qu Fu, so it’s only right that you come here to apologize!” Old Master Qu’s face was dark and arrogant. “One must be content. I asked you to come here personally to apologize because I think highly of you! Otherwise, when the matter blows up, you won’t even be able to stay in the capital!”

The Qu family was an influential family in the capital after all. Killing Nian Yue, who had no background, was easier than crushing an ant!

“Boss...”

Wang Yang said softly, “Leave first. Don’t fight head-on with the Qu family...”

He had nothing to do with Li Yi, but Nian Yue was different.

She had officially passed the college entrance examination to get into the Imperial University. She would ruin her future if had offended the Qu family. The gains did not make up for the losses!

“Are you afraid now?”

Old Master Qu sneered. “It’s useless even if the people from the Imperial University come! If you know what’s good for you, apologize to Qu Fu obediently!”

### **Chapter 209: Young People Should not be too Rash (3)**

“I...”

Li Yi was about to walk over when Nian Yue stopped him.

The aloof girl had one hand in her pocket and her gaze was cold.

“I’ve never captured Qu Fu,” Nian Yue said calmly.

“It’s too late to deny it now!” Old Master Qu sneered. “Since you refuse to admit it, don’t blame me for making things difficult for you! Send her to the police station!”

Since the Qu family could not do anything to them, he would send them to the Imperial Capital Police Station!

“Old Master Qu is so angry?”

A man’s energetic voice came from the door.

When Old Master Qu saw her, disbelief flashed across his face. “General Yin?”

It was Yin Han.

He had the highest authority in the Imperial Capital Military District and was directly under the president's orders.

There were people everywhere.

"It's me." Yin Han walked over in large strides. "I wonder what mistake my student made that made Old Master Qu go to war and send her to the capital's prison?"

"Hmph..." Old Master Qu sneered. "Isn't your student too arrogant! She beat Qu Fu into such a state in front of me!"

The mask on Qu Fu's face had already been removed, revealing her face.

"That's because you're too much." Nian Yue sneered and sat opposite Old Master Qu lazily.

She had always been unruly.

She had talked so much with Old Master Qu purely because she was in a good mood.

"You..."

Old Master Qu was angered by her uncaring attitude and his face turned ashen.

“Nian Yue.”

Yin Han felt a headache coming on. He was afraid that this unruly person would have a conflict with the Qu family and beat them up.

It seemed like he was not too late.

“There’s a misunderstanding in this matter...” Yin Han said helplessly, “Nian Yue won’t capture Miss Qu...”

With Nian Yue’s indifferent personality, how could she take the initiative to find trouble with a rich lady like Qufu?

“I wouldn’t have misjudged you on the plane that day...” Qu Fu argued.

“Old Master Qu, there’s a misunderstanding...” Yin Han walked up to Old Master Qu and explained the situation briefly.

Old Master Qu's expression turned ugly.

"You guys can leave..."

If Yin Han could come over and explain himself, things would not be as simple as they seemed.

"Grandpa!" Qu Fu was shocked. She had spent so much effort and Old Master Qu was going to leave just like that?!

"Let them leave..." Old Master Qu's attitude was firm.

"Ha..." Nian Yue sneered. She still had that sloppy attitude as she leaned against the sofa, looking a little lazy.

However, the coldness in her eyes was as usual. She said, "Apologize!"

"Where did you get that boldness from?" Qu Fu's face turned pale. "This is the Qu family!"

"Does the law state that you don't have to apologize when you make a mistake?" Nian Yue stood up slowly. "I'll count to three..."

“3!”

“2...”

She still had that lackadaisical attitude, but her cold aura made everyone shudder!

Everyone’s hearts skipped a beat.

Qu Fu’s expression turned uglier and uglier as she gripped her hands tightly!

“Qu Fu...”

Old Master Qu said solemnly.

“Grandfather...”

“Grandfather...”

“1...”

When the last word fell, Qu Fu gritted her teeth and said unwillingly, "I'm sorry, I wronged you!"

"I don't forgive."

Nian Yue sneered and pointed at Li Yi and Wang Yang. "Other than me, there's also them."

"Don't push your luck!"

Qu Fu gritted her teeth. No matter what, she was the eldest daughter of the Qu family. Now that she was forced to apologize to Nian Yue, she had to do the same to two ordinary people?!

When she met those deep eyes, Qu Fu gritted her teeth and apologized to them.

"Let's go."

With one hand in her pocket, Nian Yue was as lazy as ever.

"Grandfather..."

Qu Fu's face turned pale. She could not understand why Yin Han would shield her when Nian Yue was clearly on the plane back then!

"You said that the person who took you away was a foreigner?" Old Master Qu's turbid eyes were dark.

"Yes, there was another woman with him. She seemed to hate Nian Yue..." Qu Fu recalled the scene carefully."Fan Mei..."

She remembered that woman's name was Fan Mei.

"I will investigate this matter." Old Master Qu sighed. "You are the eldest daughter of the Qu family. If you are not confident, don't casually show your trump card..."

"Alright, I understand, Grandpa."

Qu Fu nodded, a dark glint flashing past her eyes.

### **Chapter 210: Comprehensive Combat (1)**

"Have you found out anything about that man?" Qu Fu had just come out of the shower, her face full of arrogance.

Her nails were bright red as she held her phone and was on the phone.

“They should be outsiders... I can’t find out their identities. The higher-ups are too strict.”

The Qu family had their own intelligence network in the capital. It was impossible that they could not find out who it was.

“Where did they take you?”

“It should be Island H...” Qu Fu rubbed her temples. She vaguely remembered that they had mentioned this place when they were talking.

“Island H...” The person paused before continuing, “No wonder we couldn’t find anything. The person who started it seems to be someone from the Fu family...”

“If the Fu family is so big, it must be that man...” The voice on the other end of the line was a little low.

Qu Fu had clearly expected this.

Fu Xiuyuan...

“I heard that Island H was infiltrated. The Island Master chased her into the sea and angered that man... It’s really the Fu family’s style.”

Although the Fu family had fewer people, they were famous for being protective.

Fu Xiuyuan was a ruthless businessman, and no one in the capital dared to offend him.

“Who’s that foreign man?” Qu Fu gritted her teeth.

“It should be Mo Yi...”

“Okay, I understand.”

Qu Fu hung up the call with a dark expression.

She was extremely smart and could guess from a few words that the person who made Fu Xiuyuan take action was Nian Yue.

So this day had come for that arrogant man.

But why couldn't the other party be her?

...

– Inside the infirmary –

Wang Yang was applying medication for Li Yi with his head lowered. Li Yi grimaced in pain. "Are you biting the hand that feeds you? Can you be gentler?"

"Why are you howling at me?"

Wang Yang glanced at him unhappily. "You can't even defeat a few bodyguards. Not only are you embarrassing the boss, I'm feeling the humiliation..."

"There were a lot of people at the time." Li Yi smirked, but didn't explain further.

"Don't do anything you're not confident of next time." Nian Yue leaned against the wall, still feeling a little casual.

"Yes." Li Yi nodded. When his eyes fell on the cold girl, they were hard to understand.

After leaving the infirmary, Wang Yang hugged Li Yi. "It's not your style today..."

How could those bodyguards be Li Yi's match? He and Li Yi had both experienced real combat. If someone died in front of him, he wouldn't even blink.

"Yes." Li Yi's lips twitched. "It's Fu Xiuyuan..."

"He..."

At the thought of that man, Wang Yang asked, "What is Boss's relationship with him?"

He had seen Fu Xiuyuan a few times. How did such a cold and noble man interact with Nian Yue?

However, with Nian Yue's cold personality, she would not bother with people she was not familiar with.

But Fu Xiuyuan had followed her all the way to Island H...

Wang Yang patted Li Yi's shoulder to console him. "Boss doesn't seem to have a high EQ."

So, as long as Fu Xiuyuan didn't say it out loud, she might not be able to feel it for three to five years.

At the thought of this, he suddenly pitied that person from the Fu family.

...

“Are you sure you want to compete with me?”

On the way back to the dormitory, Nian Yue received an invitation for a competition this weekend.

“Of course.” Zhou Mo nodded. “Cut the crap. Are we competing or not?”

The previous time he was kicked in the chest by Nian Yue, he was in so much pain that he could not recover for two days.

Nian Yue looked slender, but the force of that kick was not small!

“Sure.” Nian Yue nodded. “Other than you, is there anyone else?”

She remembered that there was a class which focused on comprehensive combat.

“Do you want to compete with everyone?” Zhou Mo looked her up and down.

“It’s not impossible.”

She had always liked to do things cleanly. Since someone had issued a challenge, it would definitely not be the last.

This sounded extremely arrogant to Zhou Mo.

However, in Nian Yue’s eyes, it was only to save trouble.

“Alright! You said it yourself!”

Zhou Mo said, “Don’t regret it when the time comes!”

He was not the strongest in comprehensive combat, but it seemed like if Nian Yue insisted on going against everyone, he did not mind inviting the big boss out!

The news that the number one freshman was going to compete with the second-year comprehensive combat class blew up the Imperial University forum!

## **Chapter 211: Comprehensive Combat (2)**

It was not that there were no arrogant new students in the past years, but every time, they were always subdued by the older ones.

All the students of Imperial University knew that there was a class that they could not afford to offend.

They were students from the comprehensive combat class!

This group of students was powerful and had been on the field.

In the past, there were freshmen who provoked the comprehensive combat class. In the end, they were beaten up until they lay in bed for a month and lost half their lives!

No matter how outstanding the top scorer was, she should not provoke the students of the comprehensive combat class like this!

The posts on the forum were already cursing the number one freshman for overestimating herself.

As the person involved, Nian Yue was lying in bed replying to Bai Lin's messages.

The last time she was at the Fu family residence, she had added Bai Lin's contact to her phone.

Bai Lin sent her messages three times a day, each time more accurate than her meal time.

She received another emoticon. Nian Yue saved her expression and replied with the same one.

It was the first time Bai Lin had received the emoticon from Nian Yue. She almost cried.

Her daughter-in-law finally replied to her with more than just a “yes”!

“Yue Yue, can I look for you today?”

Nian Yue thought about her own arrangements and replied.

“Sure, after eight tonight.”

She had a match to play.

...

The mixed martial arts arena in the evening started very quickly. As a result of an announcement, the mixed martial arts arena was already packed with people!

Comprehensive combat had its own training ground and competition grounds. Normally, these areas were only used by the students of the comprehensive combat class.

Because today, the first place of the new students was going to compete with the students of the comprehensive combat class. The students who received the news had already come over to watch the commotion!

The usually empty martial arts arena was already packed with people. Some media outlets had even come to cover the event!

The students were already discussing fervently.

“Isn’t the number one freshman a little too arrogant? She’s only been here for a few days, but she already dares to go against the combat class...”

“I heard that it was a student from the combat class who issued the first challenge to the freshman and she has accepted the challenge!”

...

The students below the stage were discussing fervently.

When Nian Yue came over, the referee was the only one in the arena. The students from the comprehensive combat class had not arrived yet.

When the other students saw Nian Yue, they automatically made way for her.

Wang Zhizhi followed behind her. When she saw so many people at the scene, she was a little afraid. “Are the students from the comprehensive combat class very impressive?”

“Yeah.”

Li Yi crossed his arms and explained, “Comprehensive combat includes Taekwondo, Muay Thai, and wrestling. It has the highest requirements and is also the most cruel. Because it’s not limited to pure technology, comprehensive combat is very interesting...”

“The students from the comprehensive combat class at the Imperial University have all participated in international competitions and won prizes. They are even better than the professional combatants...” Wang Yang said.

This was also the reason why the students of the comprehensive combat class were so arrogant at the Imperial University and no one dared to provoke them.

“Then Yue Yue...”

Wang Zhizhi’s face was filled with worry. She knew that Nian Yue was very good at fighting, but compared to these systematically trained combat students, there was probably a huge difference.

“Do you know what a competition is?” Lin Nan asked.

“What?”

“You’ll know when Sister Yue fights.”

He trusted Nian Yue’s speed and explosive power.

When she trained him in school, her speed and explosive power were beyond his reach.

During the recruitment assessment, when Nian Yue exchanged blows with Fu Xiuyuan, he realized that Nian Yue had improved.

Moreover, it was improving at an exponential speed! With her current strength, she could easily defeat them all.

While they were talking, the students from the combat class had already arrived.

The person in the lead looked to be a student in his twenties. His face was filled with pride as he glanced at Nian Yue indifferently before looking elsewhere. "Hurry up and end this. Don't waste time."

In his opinion, challenging Nian Yue was a waste of time.

So what if she was ranked first among the new students? That could only mean that she had good results in her academics.

She overestimated herself by challenging a student from the combat class. She could not see her own position clearly!

"Okay."

Zhou Mo nodded and gestured to Nian Yue. "Let's do it."

Nian Yue nodded and went on stage with him.

"The top scorer has gone up!"

“Is there a need to watch this competition? It would be an overwhelming victory for the combat class! The number one freshman can’t even compare to Zhou Mo in terms of size!”

...

Indeed, Zhou Mo was almost 1.9 meters and weighed 200 pounds.
