

# The National Goddess Reborn 202-218

Chapter 212: Comprehensive Combat (3)

Nian Yue was only 1.7 meters tall. She looked like she weighed at most 100 pounds.

Be it her height or weight, she would be completely crushed by Zhou Mo.

This was the first time the coach had encountered such a situation where the size difference was relatively large. In the past, when students from the comprehensive combat class came to train, their bodies and strength were about the same.

However, Nian Yue looked like a frail rich boy.

He was really afraid that the comprehensive combat students would not be able to stop in time and maim her.

“If you really can’t beat him later, remember to tell him to stop.”

The coach said kindly.

This group of mixed martial arts students were chatting and laughing privately. As soon as they stepped onto the stage, they immediately became serious!

They would not stop until they beat her to death!

“Okay.” Nian Yue nodded and slowly took off her jacket. The buttons of her black shirt were buttoned meticulously.

She threw her jacket on the stage and put on her glove.

“Are you a girl?” It was hard to say when he saw her clothes over the weekend.

He only knew that the top scorer of the new cohort was very arrogant.

However, he never expected that the number one freshman would be a girl.

“Are you still going to fight or not?”

Nian Yue put on her boxing gloves and raised her chin slightly. Her face was as cold as ever.

Her hair was already growing, but because of her sloppy behavior, she was often mistaken to be a boy.

“Of course!”

Zhou Mo gritted his teeth. Since he had accepted the challenge, there was no reason for him to show mercy!

Almost as soon as he finished speaking, he had already rushed towards Nian Yue!

He threw a punch! There was no sign of mercy!

Nian Yue had already made a fighting posture and threw a fast punch!

The onlookers were already boiling with excitement!

This was not the first time a student from the comprehensive combat class had fought with other students, but it was the first time they had fought with a girl!

If they had thought that Nian Yue was a boy in the past, they would have thought that she was overestimating herself!

But if she were a girl, she would be looked upon highly if she dared to accept the challenge from the comprehensive combat class!

“A girl?”

When Tan Feng saw the figure on the stage, his face became even more disdainful.

“How capable can a girl be?! This match will be won by Zhou Mo”

Behind him, the faces of the students from the comprehensive combat class were filled with determination!

“We’re just wasting our time here. What’s so good about competing with a girl?”

If she was a girl who had been studying sports for a long time, she might be interesting.

However, Nian Yue’s appearance was completely that of a pampered young mistress. Her face was so beautiful that it could attract both men and women.

If she was a boy, he would be a pretty boy.

Li Yi sneered when he heard their conversation. It looked like their boss couldn’t be too beautiful. People tend to judge by appearance.

While the few of them were chatting, there was already an uproar below the stage!

Everyone hurriedly looked up at the stage and realized that the Zhou Mo that they had been optimistic about had already retreated!

On the other hand, every punch from Nian Yue was fast and ruthless!

She was so fast that it was as if she had sped up!

If one did not look carefully, one would not be able to see how many times she had attacked!

In the beginning, Zhou Mo could still retaliate a few times. In the end, Zhou Mo was completely beaten up by Nian Yue!

The students below stage could no longer hold it in!

In the past, they were used to seeing the students of the comprehensive combat class beat up the other new students. This was the first time he saw the comprehensive combat class suffer!

After ten minutes, Zhou Mo had already been beaten up so badly that he was lying on the stage. All he could do was vent his anger!

The coach at the side was also shocked by Nian Yue's series of actions!

"Ahhh!"

The students below the stage screamed!

"The number one freshman is so cool! This is the first time someone has pressed a student from the combat class to the ground!"

"I have to hurry up and take pictures to record this historic moment!" Some students had already taken out their phones to take pictures!

"Student Zhou, are you alright?" The coach could not bear to see him like this.

In the past, when the students of the comprehensive combat class competed here, he had always been the referee.

This was the first time he had seen such a way of playing in a competition.

If Nian Yue had not shown mercy, she might really be able to kill him!

“I’m fine.” Zhou Mo lay on the ground. There was only air coming out of his lungs, no air going in.

It looked like he was too arrogant!

Nian Yue did not even use her full strength!

“Class Monitor, what should we do?” Below the stage, someone asked Tan Feng.

### **Chapter 213: A Swift Match (1)**

He had thought that letting the Zhou Mo fight would dampen the spirits of the new students, but he did not expect Zhou Mo to be beaten by her!

Standing on the stage, the girl gazed at the students from the comprehensive combat class and said, “Who’s next from your class?”

“I’ll go!”

Someone immediately stood up.

It was a boy nearly 1.9 meters tall. He was huge and looked to be more than 200 pounds.

“You?”

Nian Yue sized him up and said, “Too weak! No way!”

“This freshman is too arrogant!”

The person’s expression turned ugly when he was disregarded. “I want to see how capable you are!”

The boy flipped over and jumped onto the stage. His actions were clean and efficient.

Nian Yue did not waste any time. “Come on.”

Since he insisted on going on stage, she would do him a favor.

“Class Monitor...” Zhou Mo covered his mouth. Nian Yue’s punch just now had almost taken his life.

His right cheek was half swollen and the taste of blood was extremely strong in his mouth.

“Let him do it.”

Tan Feng was tacitly allowing that person to go on stage.

Even though he knew that Nian Yue had just had a match and there was usually an intermission.

However, as expected, the man was kicked off the stage!

All the students were dumbfounded!

This freshman was too cool!

The students from the comprehensive combat class were knocked out within ten seconds!

They had never seen such a way of playing in the arena!

However, this method was too cool!

“Ahhh! The number one freshman is so handsome!”

“This is the first time the comprehensive combat class has suffered such a huge loss, right? I must take a photo of such a historic record!”

...

The students below stage were already in an uproar!

This competition was even cooler than the international arena’s comprehensive combat!

A man in black came in from the entrance. His black sunglasses covered most of his face, revealing only his perfect chin.

Even though one could not see his face clearly, one could tell from his face that he was extremely devilish.

“Senior, why are you here?” When Tan Feng saw who it was, surprise flashed across his face.

Wan Wei was a celebrity-level student in the comprehensive combat class and was also a frequent visitor to the international arena’s comprehensive combat champion.

It was even harder for ordinary people to see him than ascending to the heavens. They did not expect him to actually appear in the arena today!

However, he was too low-profile. His black sunglasses covered most of his face. If it were not for the fact that he was familiar with him, he would not have recognized him at all.

Wan Wei looked at the people on the stage and narrowed his eyes. There was a hint of interest in his eyes. "Are the new students this year all so wild?"

In the past years, when he was around, these juniors would always avoid the students of the comprehensive combat class.

He had seen Nian Yue's moves just now. Her attack was fast, ruthless, and accurate.

Most importantly, her body was extremely explosive. The force and impact of her fist was even faster than his.

"The top scorer of the new cohort performed very well during the assessment. She has never taken a shooting class, but she can shoot from behind."

At some point, Jin Xuan had slowly walked in.

It was obvious that he was also paying attention to this match.

“Senior, long time no see.” Jin Xuan smiled and greeted him.

In the past, when the students saw Wan Wei, they would already scramble to get his autograph.

If the students present knew that their dear Senior Wan had come today without their knowledge, they would probably faint from crying in the washroom.

“Why didn’t such a strong seedling enter the comprehensive combat class?” Wan Wei asked casually.

Although he had only watched one match, Nian Yue’s various indicators were higher than those of the students from the comprehensive combat class.

Such a good talent had to be groomed carefully so that she would be able to win in the international arena.

“Imperial University’s new professional Class A.” Jin Xuan smiled.

Given Nian Yue’s lazy personality, even Professor Xu had trouble getting her to go to Class B.

Not to mention going to a mixed martial arts class where she would fight every day?

He was afraid that the students of the comprehensive combat class would really be crippled by her.

“From Class A? No wonder.” Wan Wei shrugged.

### **Chapter 214: A Swift Match (2)**

He had returned this time because of the new major that Imperial University had just opened.

“Send me a copy of her various results.” Wan Wei’s lips twitched.

To only actually know about such a talent now made him feel a little out of touch.

“Class president...”

That person was supported by his classmates and walked over. His face was full of guilt.

He had wanted to bring glory to the comprehensive combat class, but he did not expect Nian Yue to knock him out within ten seconds!

“Alright, go back first.” Tan Feng’s expression was extremely ugly.

It was a challenge issued by a student from the comprehensive combat class to Nian Yue. He did not expect that he would be unable to get up after two consecutive rounds!

Their class was about to become a joke!

“Anyone else?” Nian Yue leaned against the railing and raised her eyebrows as she asked the audience.

“Why aren’t the students from the combat class coming on stage yet? Don’t tell me they’re really afraid of being beaten up by the new student?”

When they could not see the students of the combat class go on stage, the students below the stage were already restless!

“Not necessarily. Although the new student has explosive power, she has been fighting with ordinary people. Don’t forget, there’s also Tan Feng. He’s famous for his speed...”

Someone analyzed below the stage.

“I’ll do it myself.” Tan Feng’s expression changed slightly. He did not expect the new student to be so ruthless despite her looks.

“She’s different from ordinary people...” Zhou Mo reminded him worriedly.

When she went on stage just now, Nian Yue was still in a good mood, but Tan Feng was already the third person.

Although she still looked nonchalant, she exuded a heavy aura and looked a little impatient.

Everyone who knew Nian Yue knew that she was not in a good mood, but there was someone who was courting death.

“Next up is Tan Feng...”

The referee’s voice sounded on the stage, and the students below were already restless again.

Tan Feng was the monitor of the comprehensive combat class and was also the strongest student in the comprehensive combat class. Usually, he only went out to compete and rarely went on stage in school.

Because as long as he went on stage, blood would definitely be shed!

Knowing his fiery temper, very few students at the Imperial University dared to provoke him. They even avoided students from the comprehensive class!

Tan Feng stood up from his seat and walked to the front of the stage.

“Is the number one freshman so arrogant?” Tan Feng put on his boxing gloves, his face showing a hint of disdain.

Normally, no one forced him to the point of making a move.

“It’s alright.” Nian Yue’s lips twitched. “You have to finish the challenge set by your class even if you have to kneel at the end. Don’t you think so?”

She had always been a cavalier person. It was not that she did not know the tricks of some people, but she just looked down on them.

“Of course!”

Tan Feng was so angry by her light tone that his vision went dark.

After putting on the gloves, Tan Feng smiled. “Then let’s begin...”

He had already observed Nian Yue's usual moves and speed below the stage just now!

"Sure." Nian Yue made an attack posture!

Tan Feng had already rushed towards her!

However, it was just before Nian Yue!

The person in front of him had already made his move!

A punch landed on his face!

Its speed was so fast that he was defenseless!

Before Tan Feng could retaliate, Nian Yue had already sent another punch over!

Her punches were extremely fast, so fast that only a shadow could be seen!

The students below the stage were already dazzled by the speed of her punches!

“D\*mn! Has my eyes automatically sped up?! How can she be so fast!”

“Ahhh! If I wasn’t there, I would have thought that someone was speeding to fool me!”

...

The students below the stage were all staring at the stage!

They were afraid that they would miss the most exciting part!

“Bang!”

In less than ten seconds, Tan Feng, who was clamoring just now, had already been beaten to the ground by her punches!

“Can you still get up?” Nian Yue raised her eyebrows.

Tan Feng tried his best to get up from the ground, but he realized that he did not have any strength.

In this match, without a doubt, the final winner was still Nian Yue!

“The new student won so easily?” The students below the stage could not believe their eyes!

“This is the fastest competition in history! In less than a minute, she beat her opponent until he was unable to resist!”

...

The students below the stage were already extremely excited!

They had witnessed history!

The comprehensive class that had never been defeated was actually beaten to a pulp by a new student!

Nian Yue took off her boxing glove and continued with her sloppy attitude. She held onto the railing and jumped down.

Wang Zhizhi’s mouth was so wide that it could fit an egg. “Yue Yue, you looked like a different person on the stage just now...”

During the competition, she did not look sloppy at all.

### **Chapter 215: A Swift Match (3)**

Her attacks were extremely strong and her eyes were filled with bloodlust.

That Nian Yue was dark and irritable.

Even she would be afraid of Nian Yue when she came into contact with her.

“Yes.” Nian Yue stretched her muscles. “It’s just a competition.”

If she were to show mercy, she would be the one beaten half to death in the end.

“But speaking of which, you were really cool just now...” Wang Zhizhi hugged her arm, her face full of admiration. “I’m going to fall for you...”

“Don’t.” Lin Nan said, “If Sister Yue is really a man, you can’t keep her...”

That face was too attractive and she had a cavalier personality.

“Do you have no confidence in me or Yue Yue?” Wang Zhizhi glared at him angrily. “Yue Yue looks like a sentimental person...”

The few of them chatted and laughed as they walked out of the competition venue. When they were outside, Nian Yue received a call from Bai Lin. After hanging up, Nian Yue said to the few of them, “I have to meet a friend. You guys can go ahead.”

Watching her leave, Wang Yang put his arm around Li Yi’s shoulder and asked curiously, “Didn’t Boss just come to the Imperial Capital? Does she have friends here?”

“There should be someone else.” Li Yi smirked.

...

Bai Lin arrived at the Imperial University at the right time. When she saw Nian Yue, she hurriedly pounced. “Yue Yue, are you feeling better?”

Although she would usually act cute and ask Nian Yue about her health when she chatted with her, she was still worried when she could not see Nian Yue.

“Yes.” Nian Yue nodded. She could not withstand Bai Lin’s enthusiasm.

Bai Lin knew that she was aloof and asked, “Have you eaten?”

“Not yet.”

“Then it’s good that I haven’t eaten either. I found a particularly great restaurant these few days. Can you accompany Auntie there?” Bai Lin winked at her as if she would cry the next second if she didn’t agree.

“Okay.” Nian Yue’s lips twitched.

She had lived in a military camp for many years and had thus developed a cold personality.

She really could not withstand someone like Bai Lin.

The two of them got into the back seat of the car. Bai Lin was happy. “Yue Yue, why didn’t you grow your hair?”

“I thought it was troublesome back then, so I cut it.”

“You mean when you filmed ‘The Commander’, right?” Bai Lin asked, holding her chin. “You acted as An Shan. I almost thought you were An Shan herself. Cold and valiant...”

At that time, she had thought that An Shan was a man.

“Something like that.”

She was acting as her past self, so it was not difficult for her to act.

Bai Lin was a talkative person. She had been nagging at Nian Yue all the way. Most of the time, she was complaining about how Fu Xiuyuan was insensible and how no girls had gotten close to him since he was young.

Ten minutes later

When the car finally arrived, Bai Lin got out of the car. The two of them entered the restaurant and found a seat by the window.

“Yue Yue, this is your first time coming here, right? Let me introduce their signature dish to you...”

Bai Lin ordered a few dishes and introduced them to her.

Nian Yue pointed casually at a few dishes and Bai Lin smiled as she ordered.

Then, she secretly sent the recipe to Fu Xiuyuan.

“Son, you’re really lucky. My daughter-in-law’s favorite food is exactly the same as yours.”

Fu Xiuyuan was handling a document when he received a message from Bai Lin.

Bai Lin would occasionally contact Nian Yue privately and he usually turned a blind eye.

As long as Bai Lin did not lower Nian Yue’s intelligence, everything else could be discussed.

“Yes.”

After replying to her, Fu Xiuyuan once again focused on his work.

When Bai Lin sent him another message, it was throwing a stone into the sea.

Bai Lin curled her lips. She knew that her son was like that.

She did not expect Fu Xiuyuan to put down his aloof persona and speak more to her.

At this moment, a few people walked in from the front door of the restaurant and said a few words to the manager.

A few minutes later, a waiter came over with the menu. "I'm sorry, but there's already someone at your table."

"Someone?" Bai Lin frowned. "When we came, you didn't say that this place was reserved."

"I'm sorry, this place has already been reserved."

"Then help us find a new spot," Bai Lin said.

"Um..."

The waiter looked a little troubled. "All the seats have been reserved today. This place has been reserved."

"Book a place?"

Bai Lin smirked. "Why didn't you inform me in advance?"

There were too many big shots in the Imperial Capital. It was common to book an entire restaurant.

However, they would usually announce in advance that they did not receive guests.

There were very few customers who went in and chased people away.

“If I tell you to leave, leave. What’s with the nonsense!” The waiter was a little impatient.

### **Chapter 216: Do It Your Way (1)**

Imperial Capital was a place where money was scarce. Any one of the big shots here could be ranked among the top in the Imperial Capital!

Ordinary people without any ability would have left obediently when they heard the waiter say that!

“I’m talking to you nicely. Is this how you serve people?” Bai Lin was so angry that her temples hurt.  
“Call your manager over!”

“Our manager is busy receiving guests. Please leave.”

The waiter was unwilling to say more, but he was clear about chasing her away.

While they were talking, someone had already walked over.

The person was dressed in a suit.

“So you’re here?”

When Young Master Liu saw Nian Yue, the disdain in his eyes became even more obvious. “You’re a poor loser from the countryside. You still want to eat here. Are you crazy?”

This restaurant was famous in the Imperial Capital. Its usual meals were at least five-figure.

When he had a conflict with Nian Yue back then, Young Master Liu had gotten someone to investigate Nian Yue’s background.

She came from Jiang City and grew up in the countryside.

“Why not?” Nian Yue raised her eyebrows slightly, her eyes showing some impatience.

“Why?” Young Master Liu laughed out loud, his voice full of disdain. “Because any dish here is worth an astronomical price. Can you afford it?!”

Young Master Liu continued to say to the waiter, "What are you waiting for? Hurry up and chase her out!"

The previous time, he had been taught a lesson in front of so many students by Nian Yue, causing him to lose so much face!

He had to get back at her today!

With Young Master Liu backing him, the waiter became more confident. "Hurry up and leave! We won't be receiving guests here for the time being!"

The Imperial Capital was a place where the strong preyed on the weak.

It could even be said that there was a strict hierarchy.

Young Master Liu was a regular customer of the restaurant, and Bai Lin clearly didn't have much weight compared to him.

Even if the clothes she was wearing were not cheap.

In the capital, there was no lack of rich people. But having money was not as good as having power. This was the unchanging truth.

Seeing that the two of them had not moved, the waiter went over to pull Bai Lin away!

“Why can’t you understand human language?!”

Nian Yue, who was standing lazily, instantly turned cold when she heard this!

Before he could touch Bai Lin, his arm was grabbed and his head was pressed onto the table!

“Has no one ever taught you to speak properly?”

Her voice was cold and her actions were fast and ruthless. The person was pressed onto the table without any chance to resist!

“You’ve been training for so long. How did you get on the job? You’re so condescending!”

Nian Yue sneered. There was a hint of coldness on her cold face and a hint of indifference.

“This place doesn’t receive ordinary people! Do you have money?”

The waiter was still unwilling to admit defeat.

Only then did Nian Yue slowly loosen her grip. She casually took out a card and casually threw it on the table. “Now, can you receive me?”

The card was silver in color and glowed with white light under the light. The surface of the silver card was very clean, but there was a J symbol at the bottom right corner.

In the capital, there was only one place that could use the J symbol.

At the Imperial Capital Military District.

Moreover, not everyone in the military could have a J card. Only a few high-ranking people could have one.

The waiter clearly knew about this card. The moment he saw the card, his face turned pale!

People from the Imperial Capital Military District...

He actually asked the people from the military to get lost today...

The lobby manager saw the commotion and rushed over.

His expression turned ugly when he saw the card!

“Who gave you the guts to chase people from District J away!”

The waiter’s face was so pale that it was almost transparent. The manager couldn’t care less about him and hurriedly apologized to the two of them. “I’m sorry, we didn’t train our people well here and brought you a bad customer experience...”

Young Master Liu had yet to come to his senses when the two of them left.

That pretty boy was actually from the Imperial Capital Military District?

He knew how difficult it was to enter the Imperial Capital Military District!

At that time, he had tried all means but could not get in. In the end, he was told that Nian Yue was not only from the Imperial Capital Military District, she was also a big shot who possessed the J card!

Young Master Liu's expression changed.

At this moment, he received a call from an unknown number. "I heard that you're investigating Nian Yue?"

"Who are you?"

Young Master Liu was in a bad mood and did not have a good tone.

### **Chapter 217: Do It Your Way (2)**

"I have a document here that I believe you will be interested in." The other party hung up after saying that but quickly sent the information over.

Young Master Liu opened the information. When he saw what was inside, his eyes darkened and a cold glint flashed across his eyes.

...

In the end, Nian Yue was still dragged to the Fu family residence by Bai Lin. When she and Bai Lin returned to the Nian Family, the table was already filled with her favorite dishes.

Fu Xiuyuan had just come out of the study room. When he saw her, there was a hint of warmth in his eyes.

“Xiuyuan told the kitchen and specially made these for you,” Bai Lin added.

Fu Xiuyuan had already walked downstairs. He was wearing a casual outfit today. Because he was at home, he looked gentler and less cold.

When he walked to Nian Yue’s side and saw that she was still a little stunned, he reached out to pull her wrist. “What are you waiting for?”

His fingers were warm and Nian Yue was stunned for a moment before sitting next to him.

She did not have much contact with Fu Xiuyuan. Occasionally, Fu Xiuyuan would ask her about her situation in school, and she usually answered him well.

“You’ve been boxing?”

Fu Xiuyuan leaned back in his chair, his attitude a little lazy and his devilish face a little gentle.

“Yes.” Nian Yue nodded. Because she had used too much force, even though she was wearing a glove, the back of her hand was still bright red.

Fu Xiuyuan glanced at the back of her hand. It was still slightly red and had some blood.

His deep eyes darkened. "Ah Yang, bring the medical kit over."

"You don't have to go through so much trouble." Nian Yue rubbed her brows.

It was just a competition, it was normal to be injured.

She had only hurt the students because she had used too much force.

Ah Yang quickly took the medical kit over and Fu Xiuyuan grabbed her hand.

Her fingers were slender, but there was a thin layer of calluses between her thumb and index finger. She must have been holding a gun for a long time.

"You used so much strength?" Fu Xiuyuan took her hand and applied the ointment on it.

His fingers were still a little warm. His fingers were slender and fair. One look and one could tell that he played the piano.

“Yes.” Nian Yue was a little frustrated and her eyes were a little gloomy.

She spent most of her time in the army camp and often interacted with men.

But Fu Xiuyuan was different. He was prettier than any man or woman she had ever seen.

His aura was gentle and elegant. He was clearly the type of person she hated the most in the past, but now, not only did she not hate him, she also had an indescribable feeling towards him.

After applying the medication on her, Fu Xiuyuan retracted his hand. “Young lady, are you that violent?”

“It’s not considered violent.” Nian Yue frowned. To her, it was a matter of fact that she would respond to the challenge from the comprehensive class.

After the meal, Fu Xiuyuan spoke slowly.

“Let’s go, I’ll send you back.” Fu Xiuyuan stood up first.

Nian Yue followed him out. He was driving the Maybach with no license plate. Nian Yue followed him into the car.

The car drove along the gentle road. Nian Yue leaned back in her seat and asked casually, "How many supernatural beings have you seen?"

"About a few dozen." Fu Xiuyuan raised his eyebrows slightly, seemingly interested. "What did you find on Island H?"

She hadn't said anything about finding out anything about her last trip to Island H. He was waiting patiently for her explanation.

"I found superpowers in Class A, but not many. Some people have only minor superpowers." Nian Yue rubbed her chin.

If she remembered correctly, these Espers had exchanged blows with Fu Xiuyuan during the assessment.

"Some people have mutated genes and their supernatural powers will awaken. But very few people have supernatural powers that can awaken to your level." Fu Xiuyuan's eyes were deep.

Ordinary people only had one power, and their bodies could not withstand it.

However, Nian Yue had two types and her lightning power could reach its peak in her body.

If that kind of ability was possessed by an ordinary person, their body would not be able to withstand such a powerful superpower. If there was a sudden change, one of the superpowers might even cause the person to self-destruct.

But Nian Yue was different...

The two types of supernatural power interacted harmoniously in her body.

“What about yours?” Nian Yue continued to raise her eyebrows and asked.

“I’ve had it since I was young.” Fu Xiuyuan rubbed his brows.

She didn’t seem to want to say anything else.

“I can’t find any information about your supernatural power in H Island.”

To put it more accurately, she could not find out anything about Fu Xiuyuan.

He was not in the database of Island H.

### **Chapter 218: Do It Your Way (3)**

Island H had the most complete information in the world, so it was impossible for them to not have Fu Xiuyuan's information.

If she could not find out, there was only one possibility.

His information was strictly confidential. Island H had no right to collect his information.

Nian Yue was still deep in thought when they arrived at the female dormitory.

She kept feeling that she had forgotten something in the middle, but she could not think of anything at the moment.

When his warm breath reached her, Nian Yue came back to her senses and realized that the car had already arrived at the female dormitory.

The man in front of her was so close that she could almost smell his cold fragrance.

Nian Yue's pupils constricted slightly. She could almost see her own face through those deep eyes.

A warm touch came from her forehead. Fu Xiuyuan planted a kiss on her forehead.

“You can leave.” Fu Xiuyuan greeted her.

“Yes.” Nian Yue got out of the car, her figure as cold as ever.

Fu Xiuyuan looked at her as she walked away, his eyes as deep as ever.

After a long while, he touched the corner of her lips as if he had thought of something.

The warm touch was very soft and light, completely different from her irritable and sloppy appearance.

She shouldn't have any memories of the last time she was in the sea.

But he loved it.

When Nian Yue returned to the dormitory, she was still a little frustrated. Memories of the previous time in the sea kept replaying in her mind.

She didn't have a clear memory of the sea back then. Seeing that Fu Xiuyuan didn't mention it, she didn't take it to heart.

But looking at it now, that man should know.

But he had done it to save her.

“Yue Yue, Yue Yue?” Wang Zhizhi’s voice echoed in her ears. Nian Yue’s voice was light. “What’s the matter?”

“I called you just now, why didn’t you reply?” Wang Zhizhi asked curiously. “By the way, I think I saw that person from the Fu family. Did you go to the Fu family?”

She knew Fu Xiuyuan’s car. In the entire Imperial Capital, the only person who could drive a car without a license plate was probably someone from the Fu family.

“Yes.” Nian Yue nodded. “What’s the matter?”

“You have no idea how many people asked me for your contact details after that match today. You’re on fire here!” Wang Zhizhi’s voice was filled with excitement.

“Wasn’t this a long time ago?” Nian Yue raised her eyebrows.

“This is different!” Wang Zhizhi spread it to her. “In the past, they liked your face. Now that they’ve seen you finish the competition, it’s an affirmation of your strength! You can even beat the comprehensive combat class to that extent. You’re simply the leader of our new students!”

Because of Nian Yue, not only was Nian Yue completely popular, even the students of Class A were highly regarded wherever they went.

The number one of the devilish new cohort had challenged the entire comprehensive combat class, defeating Tan Feng within a minute!

“Not bad.” Nian Yue’s lips twitched.

After all, it was only a university. The students of the comprehensive combat class were only slightly stronger than ordinary university students.

Powerful students were all in Class A, and she had already seen them during the recruitment assessment. Not many students were really resistant to attacks.

Thinking about it this way, she might as well bring the special forces team to carry out a mission.

However, when she thought of her conversation with Fu Xiuyuan today, Nian Yue’s eyes darkened. “Zhizhi, can you sneak into this address?”

Wang Zhizhi opened the website address Nian Yue had sent her. It was the official website of Island H.

“Can we enter the database on the 99th floor?” Nian Yue raised her eyebrows.

“I’ll try.” Wang Zhizhi was interested.

After a period of classes, she still preferred to study things on her computer.

Her fingers were already typing furiously on the computer.

Five minutes later

Wang Zhizhi scratched her head. “It might take some time. I’m not too sure...”

There was a lot of important information on island H, and there were countless hackers who wanted to infiltrate. Therefore, the defense here was also extremely good.

“Yes.” Nian Yue nodded. “There’s no hurry. It’s best if we can reach the 100th level...”

She had already checked the relevant information on the 99th floor previously, but there was none.

That meant that it might be on the 100th floor.

Nian Yue took a medical book from the bed and started reading it.

Wang Zhizhi's eyes lit up as she typed into her computer.

She realized that she still had a sense of accomplishment from attacking another person's system. If she could break through Island H's defense system, wouldn't the Hacker Alliance demand that she joins them?

Wang Zhizhi's fingers flew across the keyboard.

It was almost ten at night when Xu Qing came back slowly.

A look of disdain flashed past her eyes when she saw Nian Yue.

Nian Yue ignored her gaze. To her, if she were to compete with such a rich lady, she might as well take the time to read more books.

At this moment, her phone rang. Xu Qing took the phone. "You said she's the top freshman? She's in the same dormitory as me..."
