

# The National Goddess Reborn 219-222

## Chapter 219: A Rookie Can Only Be a Rookie (1)

Wang Zhizhi was hard at work on her computer while Nian Yue automatically blocked out the noise from the outside world.

“But does such a person really think that she can come to Imperial University just because she knows a little martial arts?” Xu Qing’s voice was filled with mockery. “So what if she’s good in comprehensive combat? This is an intellectual society. Besides, she scored a little over 200 points in the middle school examination. Maybe she scored well in the college entrance examination by chance.”

Nian Yue rubbed her eyebrows and ignored Xu Qing’s words.

Xu Qing called and said a few more words. When she spoke about her indignation, it made a huge noise in the dormitory.

The sound of a chair scraping against the ground was heard!

Nian Yue, who was originally reading, had a hint of coldness in her eyes. She raised her hand slightly and the room instantly fell into darkness!

“Who told you to turn off the lights? Can’t you see I’m on the phone?”

Xu Qing's face turned ashen.

"It's time to rest now." Nian Yue's lips twitched. In the dark, her eyes were shockingly bright. "Or do you want to try the fist that hit Tan Feng?"

The room was clearly dark, but the coldness in her words still made her shiver unconsciously.

There were no outsiders in the dormitory. If she angered Nian Yue, it was possible that she would beat her up.

Thinking of this, Xu Qing suppressed the anger in her heart and climbed onto the bed.

When Nian Yue went to class the next day, she realized that the students of Class A were always looking at her.

If the gazes of those students in the past were filled with envy and admiration, then this time, there was disdain and ridicule.

Nian Yue slowly returned to her seat.

"Boss, you fought so well yesterday." Wang Yang turned around to chat with her. "I'm not the only one who became your fan. There are also students from our class who look at you with admiration..."

“You’re blind. Don’t you realize that they are looking at Boss differently than before?”

Li Yi crossed his arms and glared at him.

Wang Yang was a little foolish. Sometimes, he could not understand the gaze of the public.

However, he was different. He had grown up in a scheming environment. He knew very well what this gaze meant.

“That’s right. When they looked at Sister Yue today, they weren’t as fanatical as before...” Lin Nan looked up.

In the past, the students of Class A admired Nian Yue.

It was the yearning and respect for the strong.

But today was different. It was more fear and mockery.

Nian Yue had never cared about the attention from the outside world. With one hand in her pocket, she unzipped her blazer and walked to her seat to casually lean against the wall.

Perhaps it was a promise, but ever since the students of Class A knew that the last row was taken by Nian Yue, no one dared to sit in the last row during class.

She casually took out a book and started reading.

Explosions, fights, shooting, and future pilot training.

Nian Yue did not care about these. She had learned these in the post-apocalyptic world.

However, the technology of the post-apocalyptic world was at least a thousand years ahead of that of the modern world. The things in this world were just a little more complicated than the things in the post-apocalyptic world.

Fortunately, it was within the range of her tolerance.

Nian Yue casually pulled out a book about tactics. She read a few pages and found it boring.

There were not many wars in this era. To be precise, this was a very peaceful country with almost no wars. Therefore, these books on strategic formations were not very practical.

However, when she was commanding the battle outside the borders, she needed to distribute the best resources according to everyone's situation within a short period of time and complete the mission within the designated time.

Thinking of this, she took out a book called "The Art of War" and started reading it.

Many of the tactics inside were used by her in the post-apocalyptic world. Some methods were even simpler than those she had used before.

Nian Yue narrowed her eyes. Why hadn't she come across this book before?

In the afternoon, there was a combat class. The combat teacher was the coach of the comprehensive combat class.

She had to fight two people during training. The other students had found their companions, but none of them dared to look for her as an opponent.

"If they don't want such a good coach, did they intend to learn from a noob?" Li Yi asked unhappily.

If they fought with Nian Yue, they could learn a lot of fighting techniques. It was definitely much more interesting than clashing with each other.

"So, a rookie can only be a rookie..." Wang Hai sighed.

## Chapter 220: A Rookie Can Only Be a Rookie (2)

If not for the fact that Nian Yue felt that it was boring to fight with them, he would have fought with Nian Yue no matter what.

Even if he was beaten up badly.

Nian Yue found a spot and put on her earphones to sleep.

When she woke up, the combat class had already ended and some students left.

A shadow loomed over her.

“Hey! Are you that freshman?”

The ones blocking her were students from other classes.

“I’m the number one freshman.” Nian Yue nodded and sat up slowly. There was still an earpiece in her ear and another earpiece in front of her chest. Because she had just woken up, her jade-like face was less cold. “What’s the matter?”

“You only scored a little over 200 points in the middle school examination?”

The boy blocking her spoke.

There were quite a number of boys following behind him. One look and one could tell that they were here to join in the fun.

“Is there a problem?” Nian Yue raised her eyebrows.

“Of course there’s a problem!” Seeing that she admitted, the boy seemed to have heard something funny. “Your grades in Year One and Year Two are not even 200 points. Why did you come to the Imperial University in Year Three and become a specially-recruited student? Was it just because you know mixed martial arts?”

“The students of the Imperial University’s comprehensive combat class have scored 700 points in the college entrance examination. What right does a 200-point person like you have to enter?”

“If someone like you can enter, what’s so fair about the college entrance examination!”

...

Initially, Nian Yue had become the number one freshman and pressed the students of the comprehensive combat class to the ground, giving the new students a hard time.

However, for those who didn't have any specialties and only had results, it was like they had found an outlet to vent.

It turned out that the number one freshman was not all excellent! What right did she have to be able to get into the Imperial University that was so exclusive?

"Who said that the grades for the middle school examination are the most important?" Nian Yue raised her eyebrows, her face showing some impatience.

"Then you only scored a little over 200 points in the middle school examination. How good would you be able to get in the college entrance examination? What's more, you're going to enter a specially-recruited course..."

The new professional recruitment requirements for Imperial University were especially confusing. Other than those who took the college entrance examination, there were others who did not enter through the college entrance examination.

Therefore, the students of Imperial University were exceptionally unhappy that this group of specially recruited students who had never taken the college entrance examination could enjoy special treatment.

And among this group of students, Nian Yue was the most famous.

This group of people naturally targeted Nian Yue.

“None of your business!”

Nian Yue stood up slowly, the impatience in her eyes intensified. With one hand in her pocket, she looked both arrogant and cold. “Move aside!”

The group of people who had come to demand an explanation were stunned by her aura and all made way for her.

They watched as the girl left, but none of them dared to chase after her.

She had thought that what happened at the shooting range today was just a light drizzle, but it turned out that there was a reversal tonight.

When Wang Zhizhi saw the post, she was so angry that she almost fainted!

“Damn! Who’s so black-hearted! Not only did they take out your photos from middle school, they even uploaded your middle school examination papers!”

She was wondering why so many students were looking at Nian Yue so strangely today. It turned out that they had seen this thread!

This post was posted yesterday!

This could also explain why Xu Qing had said all those things during her call yesterday.

“Did the devilish new student enter the Imperial University by fighting? Does that mean we don’t have to take the college entrance examination if we can fight?”

There were two photos below. One of them was an exam paper with a score of 25 in mathematics, and the other was a portrait of a human. The person in the photo had a killer haircut and was squatting on the ground smoking like a gangster.

The picture was not very clear, but anyone who was familiar with it could still recognize that it was Nian Yue.

There was already a group of people scolding below. Most of them were attacking her looks and results.

“Is this the number one freshman? Wasn’t she too ugly three years ago? I was wondering why she was so good-looking, but it turned out that she had gone to some country for plastic surgery!”

“She must have done it! Didn’t you see how ugly she was back then! She looked like a hooligan! A bad girl!”

“Shouldn’t you guys be paying attention to how lousy her results were at the time in the first place? Look at her paper. At most, she can do addition, subtraction and multiplication, but she can’t even solve an equation!”

“In that case, even if she is a genius, she will not be able to get into Imperial University after three years of hard work...”

...

Half an hour after the post was posted, there were thousands of comments.

The floors were still being built rapidly.

“Yue Yue, someone must have come to hurt you because you’re in the limelight! Why are there so many ghosts and monsters!” Wang Zhizhi complained as she hugged her computer and was about to hack into the website.

“Don’t worry about it,” Nian Yue said slowly. Her eyes were deep and a faint glow flashed across them.

“But do you want these people to continue defaming you?”

It was obvious that it was premeditated.

“Since someone is unconvinced, let’s settle it once and for all.” Nian Yue’s lips twitched as a cold glint flashed across her cold eyes.

This matter was blown up. When Yin Han found out, his face turned ashen. He immediately called the principal.

“Brother, your school’s culture is really worrying!”

“Hasn’t the school been pretty peaceful these few days?” The principal was still a little stunned when he received Yin Han’s call.

He was old friends with Yin Han. That was also the reason why Yin Han could come to the Imperial University to take the recruitment assessment.

“It seems like you’ve been in a certain position for too long. Have your eyes been well hidden?” Yin Han sneered. “I didn’t want to care about such child’s play, but the people from your school are too much.”

He knew that Nian Yue did not care about such childish things, he was furious!

Why would the captain of the special forces, who made the criminals outside the country pale, be framed here?

He was starting to wonder if he had made the right decision to let Nian Yue come over.

She should be glowing on a bigger stage...

### **Chapter 221: Reversal**

This matter was still brewing. Nian Yue did not care and did what she had to do. Even if she could take down the school forum.

However, there was a reversal in the afternoon.

The original post was pushed to the top, but there were other photos that gave the most likes!

Those pictures were all of merit! The students who were watching all held their breaths when they saw what was on it!

They had only seen such things on television. They never expected it to be so close to their lives!

“While we were living peacefully in this land, someone was carrying the weight for us!

“The Imperial University wants to recruit her because she is the pride of the Imperial University!”

Even without the word “nomination” from the start to the end, they knew that the post was about Nian Yue!

She had carried out missions overseas multiple times and received medals one after another!

She should have been the pride of the Imperial University!

People should not deny her excellence just because of a middle school examination paper!

At this moment, all the students fell silent.

They thought that she was the number one freshman who only knew how to fight. She had earned merit points with her life.

Then, everyone sent a message.

“I’m sorry.”

The rest of the sentence was filled with apologies.

Xu Qing had been quietly observing the situation on the forum. Seeing that the apologies were piling up, her expression was a little ugly. "But this can't deny the fact that her results are trash!"

Xu Qing's face was filled with unwillingness. "Millions of students fought to get past that wooden bridge! Why can she enter just because of one merit!"

In the past, Nian Yue was a good-for-nothing. How could she have gotten into the Imperial University within a short period of time!

"Are you suspecting Sister Yue's results?"

A voice came from behind her. Lin Nan had walked up behind her at some point. "How did you do for the college entrance examination?"

How long had it been? Someone was still talking about the college entrance examination.

705!

Xu Qing announced her score, her face full of pride. She was the proud top scorer of her school's college entrance examination,

“705. Do you still remember how many points the college entrance examination champion scored this year?”

Lin Nan raised his eyebrows.

“How would I know how much the top scorer this year got...” Xu Qing said unhappily.

This year’s college entrance examination top scorer did not publicize it widely. Usually, when the top scorer came to Imperial University, the headquarters would release relevant information.

This time, there was no information at all.

“You don’t know, I’m telling you!”

Lin Nan sneered. “748! Two points away from full marks!”

“What nonsense are you talking about! If she could get 748, why would she keep such a low profile?”

748 was an amazing result!

“Ha!” Lin Nan sneered. “An ugly person should study more. You don’t even know this news. How did you get into Imperial University?”

“However, isn’t it too little to slander a classmate?”

Lin Nan stretched his muscles. “Thank your lucky stars I’ve never hit a girl before. Don’t tempt fate.”

He was talking about Li Yi and Wang Yang.

“Don’t come over! This is school. If anything happens to me, you’re as good as dead!” Xu Qing threatened fiercely.

“At most, I’ll be punished. Hitting you is the most important.” Lin Nan gave a fake smile.

He didn’t have the habit of not hitting women. If someone angered his Sister Yue, he would still beat that person up regardless of whether he was male or female!

...

Lin Lang took off his white coat and changed into a black windbreaker. The entrance was heavily guarded. When soldiers saw him, they blocked his way.

“Stop! Bring out the pass!”

Lin Lang took out a pass and passed it to him. The soldier looked at him a few times before saying, “Go in, Mr. Lin.”

“Thank you.”

Lin Lang smirked and walked in.

The manor was magnificent. Occasionally, pedestrians would rush past. When they saw Lin Lang, they would nod and greet him.

Finally, they arrived at the main courtyard. Butler Wang smiled. “Sir, you’ve been waiting for a long time.”

“Thank you, Uncle Wang.”

Lin Lang walked in. The scenery in the room was a little dark. Turning around the screen, Lin Lang saw the old man sitting behind his desk.

“Long time no see, Lin.” There was no surprise in the old man’s eyes when he saw him.

“How have you been?” Lin Lang sat opposite him, looking neat and tidy.

“Thanks to you, I can live for a few more decades.” The old man pushed his glasses up the bridge of his nose and returned to the topic. “I heard that you’ve been following an Esper?”

“Grandpa, you’re really well-informed.” Lin Lang smiled. “This is the 10th supernatural being I’ve followed. Her body... is very special.

“Oh?” The old man was interested.

“The various indicators are different from ordinary people, but the explosive power of the body is extremely strong,” Lin Lang said slowly. “The recovery ability of the body is also extremely strong. Furthermore, it’s a dual-elemental superpower...”

He had investigated and found that almost all the superpowered people were single-elemental.

“Information...”

“I’m sorry, but in order to respect her privacy, I won’t give you her information.” Lin Lang smiled. “I came over to ask you if such a body has been modified?”

“There’s only your description and no detailed information. What do you think I can sense?”

“This is already enough, don’t you think so?” Lin Lang still had an impeccable smile on his face.

The old man was not angry. After hearing what he said, he smiled and continued, “ From what I know about current superpowers, no one’s body can withstand dual-elemental superpowers, unless...”

“Unless what?”

“Her body has been modified. Or perhaps, there’s a stronger force in her body.”

Only if one had enough power in their body could they withstand two types of supernatural power.

“I heard that the person from the Fu family isn’t too well.” The old man continued slowly, “It’s normal for people to be sick, but he often falls sick and sometimes goes missing...”

“That would be suspicious.”

“Wood-elemental supernatural power has healing properties and can be reborn. Such a powerful supernatural power is really worth coveting...”

“Grandfather, you should rest.” Lin Lang put on a fake

### **Chapter 222: Come and Train Your Body**

“When more people know about her supernatural power, a new round of fighting will begin.” There was no anger on the old man’s face, as if he was just stating an obvious fact.

“I know.” Lin Lang nodded. “I’ve already destroyed all her data.”

In other words, if anyone wanted Nian Yue’s information, they could only look for him.

Similarly, he would be in danger.

“You’re really...”

The old man laughed. “You surprised me. She’s just an Esper...”

This was the first time he was so concerned about this person.

“If there’s nothing else, I’ll get going first.” Lin Lang stood up, still looking nonchalant. “If a third person knows about her data, then you must have leaked the secret.”

Before the elder could say anything, Lin Lang had already left.

The old man looked at his back and fell into deep thought.

This was really mixed news!

...

Imperial University

“Sister Yue, the instigator should be Xu Qing. I beat her up.” Lin Nan ran over to claim credit for Nian Yue after dealing with her.

“You’ve not disfigured her, did you?” Nian Yue looked up.

“Not really...” Li Yi crossed her arms. “I’ve only hit places you can’t see...”

“That’s good.” Nian Yue came down the stairs. “After all, it will reduce the punishment.”

Almost as soon as she finished speaking, she saw Yin Han walking over in large strides.

When he saw them, Yin Han's expression immediately darkened. "Good, you're getting more and more unorthodox. You even hit girls!"

If he hadn't stopped her, Xu Qing would have gone to the school leaders.

None of these people were easy to deal with.

"It's not like she suffered any loss. Sister Yue's reputation is damaged," Lin Nan muttered.

Yin Han was famous for being cold. Usually, students would be afraid of him when they saw him in school.

He had followed Nian Yue for a long time and had become bolder.

He didn't think Yin Han was that scary.

"You're still talking back?"

Yin Han's face darkened. "50 laps around the field! Come back after you've run! Nian Yue, stay!"

"Yes!"

"Yes!"

"Yes!"

The three of them ran down. Lin Nan only reacted when he reached the field. He was not Yin Han's soldier. Why should he listen to him?

There were only the two of them on the stairs. Yin Han coughed dryly. "How have you been feeling lately?"

Nian Yue still looked sloppy as she leaned against the railing. Her face was still cold. "It's alright. I'm quite bored."

There was too much theoretical knowledge in the first year of university, and there were almost no combat lessons.

“There should be a new mission in a while. I need to conserve my energy. After today’s incident, the school shouldn’t have so many problems.”

Yin Han rubbed his temples and said helplessly.

Those who were familiar with Nian Yue would realize that she was quite likable. Although she was a little cold, she was a loyal person.

People who were not familiar with her would find it difficult to get close to her, and it was inevitable that some people would feel jealous.

“I understand.” Nian Yue rubbed her temples and had one hand in her pocket. She turned around and took two steps before she remembered to say, “I will punish my people.”

In other words, he had gone overboard today!

“You...”

Yin Han looked at her as she walked away and his face turned ashen!

He had thought that Nian Yue’s personality had changed today and that she was so easy to talk to.

From the looks of it, he was overthinking!

She was still a thorn!

And he liked it so much!

He was really masochistic!

...

On the field, the three of them were still running in circles when Nian Yue slowly ran over.

“Sister Yue, why are you here too?” Lin Nan was a little confused.

“I came to train my body.”

Nian Yue spoke calmly. She did not care about these 50 rounds at all because she was bored.

“50 laps? Instructor Yin is really ruthless...” Lin Nan complained.

“What’s the big deal? We used to carry tens of kilograms of weight every ten kilometers.” Wang Yang’s tone was light as if he was taking a walk.

That’s right. They had experienced Nian Yue’s lightning-like training in the past.

“But why did you come to the Imperial University new course?” Lin Nan continued to ask.

“Because...”

Li Yi glanced at Nian Yue. Her speed was still slow and her face looked a little cold.

He looked away. “I want to learn something different.”

“Tch, who would believe that?” Lin Nan did not believe his excuse.

He felt like Li Yi would act strange whenever he saw Nian Yue, but he couldn’t quite put his finger on what exactly was wrong.

“Right, there might be a midterm exam in a month,” Wang Yang said from the side.

“No way? This isn’t high school. What’s with the exam?” Lin Nan said angrily.

“I heard that it’s something that only our major has. Their goal is to see the results of our studies in the past two months. If we don’t reach full marks, we have to change majors.” Wang Yang gave a fake smile.

He sounded like he was gloating.

Lin Nan’s theoretical knowledge was very good, but he really was not up to par in actual combat.

They were now in the midst of the intermediate shooting module. It would be extremely difficult to master it completely in a month.

On the other hand, Li Yi and Wang Yang were the opposite. They had rich combat experience and almost no theoretical knowledge.

Ever since the three of them knew about this, they instantly felt that their days ahead were dark.

The following days were much quieter. Lin Nan spent most of his time in the shooting gallery, while Li Yi and Wang Yang spent most of their time in the library.

Nian Yue would usually teach Wang Zhizhi explosive knowledge step by step.

Wang Zhizhi was an extremely strong thinker to begin with. With Nian Yue's explanation, she could immediately understand many things.

In a month, they improved rapidly.

...

Fu family

Bai Lin hugged her phone and was a little worried. "Hubby, do you think there will be a problem with the child?"

Fu Heng was watching the financial news when he heard her words. He looked up from his phone and asked, "What do you mean?"

"Doesn't he like my daughter-in-law? Why didn't he go to school to look for her?" Bai Lin sighed. "Look at how unhurried he is. What if my daughter-in-law gets snatched away in school?"

"They wouldn't dare."

Fu Heng smiled. Nian Yue was a little hot-tempered and did not talk much. Compared to boys, she was probably more popular with girls.

“Are you that confident in your son?” Bai Lin glanced at him in disbelief.

“Of course.” Fu Heng smiled. “He’s a member of the Fu family after all. It’s impossible that he doesn’t have this ability...”

He had absolute confidence in Fu Xiuyuan.

“But his condition...” Bai Lin hesitated.

Fu Xiuyuan usually looked like an ordinary person, and his illness had been recurring for the past few years.

“He knows what he’s doing.” Fu Heng’s lips twitched. “I’ll go to that place in two days. He should be appearing soon.”

“Are you not his match?”

Bai Lin was a little worried.

“Not really.” Fu Heng’s eyes were a little deep.

#### Chapter 224: The Real Skill

However, when Nian Yue reached the 50th place, she stopped moving.

The teachers seriously suspected that she had gone to sleep.

In reality, Nian Yue was lying on tree and calling Fu Xiuyuan.

“You saw my mother?” Fu Xiuyuan lowered his voice, his voice as cold as ever.

“Yeah.”

Nian Yue nodded. “Is she from the military?”

Bai Lin had a happy-go-lucky personality and did not seem like a teacher at the Imperial University.

After all, not many people at the Imperial University knew her.

On the other hand, some people from the military district bowed respectfully when they saw her.

“Yes.” Fu Xiuyuan nodded. “She’s on the same level as Yin Han. She’s just more inclined to research.”

Nian Yue could not imagine if Bai Lin would blow up the laboratory with her personality.

“Because she accidentally blew up the laboratory a few times, the people there were afraid that she would blow herself up one day, so they didn’t let her interfere with the research matters,” Fu Xiuyuan explained to her.

It was indeed Bai Lin’s style.

Nian Yue reached out to touch her temples. The other end of the line was so quiet that one could only hear breathing.

After a long while, Fu Xiuyuan laughed.

She could even fall asleep after making a call. She was getting more and more willful.

Nian Yue did not know that because she was not focused, the teachers at the Imperial University had already exploded!

“Where did the first place student go?” A teacher looked anxious. “There are still four hours before the exam ends, and someone has already passed the 20th round...”

He was really afraid that Nian Yue would disappear for a while more and lose her first place.

And this person who could reach the twentieth level was coincidentally Li Yi. He stretched her body and glanced at the time.

There were still four hours before the exam ended. Where was Boss?

Wang Yang and Lin Nan were equally puzzled. They looked at the setting sun and asked, “Sister Yue won’t screw up at the critical moment, will she?”

“No.” Wang Yang shook his head. “Boss can beat the Year One students.”

It was just that she had a lazy personality and did not have any obsession with being first.

When Nian Yue woke up faintly, she felt danger approaching her.

Her cold eyes turned cold in an instant. She flipped over and jumped down from the tree.

A thick tree branch instantly broke where she was lying!

There was a small circular hole at the spot where the crack was. It was caused by a bullet!

A sniper!

If she had been a second later, she would have died instantly!

Nian Yue narrowed her eyes and her aura instantly turned cold.

There was a red circle near her heart. Nian Yue raised her chin and there was a hint of indifference on her cold face.

She raised her hand slightly and a weak current slid across her palm. With her as the center, there was a layer of electricity in the trees a kilometer away.

This current was extremely weak. If one did not look carefully, one would not be able to tell at all.

The person hiding in the dark sneered. He aimed at her heart and pulled the trigger!

He had been waiting for this moment!

The corners of Nian Yue's lips curled up slightly. With a flip and leap, her body twisted into an extremely strange arc!

The bullet brushed past her fingertips and seemed to have stopped!

Then, she turned her head!

The bullet quickly continued in its trajectory!

Crack!

The trees that were hit by the bullets shattered!

The man widened his eyes in disbelief. When he unintentionally met those bottomless eyes, he ran without thinking!

The corners of Nian Yue's lips twitched. She had been idle for a few days. She did not expect someone to knock on her door at this time.

The aloof girl jumped down from the tree and chased after him!

The terrain here was complicated and almost all of it was forest.

That person should be very familiar with this place. After turning left and right, he disappeared without a trace.

Finally, he thought he had shaken off Nian Yue. The person subconsciously heaved a sigh of relief.

He did not expect the number one freshman to be so difficult to deal with.

The wind blew under his feet and he ran quickly.

“Bang!” That person felt his vision go dark and he hit a wall. Because the impact was too strong, that person took a few steps back.

A shadow loomed over him. The man raised his head subconsciously and saw that the girl had already stood in front of him.

It was still that peerless face, that side profile so beautiful that it was a little unreal.

Seeing that the situation was not right, the man got up from the ground and was about to take out his sniper rifle.

His arm was suddenly grabbed by someone whose cold face had a hint of indifference. "What lousy skills!"

The greatest insult to a sniper was that his technique was lousy!

The man's expression changed slightly. He took out a dagger and stabbed it at Nian Yue!

"Are you getting angry from embarrassment?" Nian Yue's lips curled up slightly as she grabbed his wrist.

That person had already expected her to react this way and raised his leg to kick her!

Nian Yue dodged and the two of them started fighting!

The sky had already darkened and the setting sun cast a golden glow over the entire forest.

Nian Yue was ruthless. That person realized that he was not her match and wanted to escape when he had the time!

“Move!”

With that, the person had already disappeared on the spot!

“Spatial displacement?” Nian Yue raised her eyebrows.

She had never seen this supernatural power since she came to this world.

However, did he think he could escape?

The corners of Nian Yue’s lips twitched as her hands moved slightly. There was already a faint layer of blue light on the ground under her feet.

It was lightning!

This layer of light became more and more intense and larger. The entire sky was dyed blue!

That person had thought that he would definitely be able to escape!

However, when he bumped into an electric current, he realized that he was mistaken!

This was a lightning power!

The most powerful supernatural power in the natural world!

The person's expression instantly turned ugly. Tap, tap, tap. The person suddenly turned around and saw a girl with one hand in her pocket, her eyes filled with impatience.

"Still trying to run?"

There was already a layer of cold sweat on that person's forehead. "This has nothing to do with me. I took their money to help them solve a problem..."

He had underestimated Nian Yue.

She was Nian Yue, the first among the new students.

"We'll talk about this when you reach hell." Nian Yue smirked and moved her wrist.

Seeing that the situation was amiss, the man wanted to continue running, but a gust of wind came from behind him, heading straight for his knee!

There was a cracking sound, the sound of bones breaking!

“Ah!!!”

Screams of pain pierced through the sky!

Nian Yue did not even look up. She took a look at the time before walking over slowly. She bent down and picked up that person.

Chapter 225: A Slash on the Body

She was so relaxed that she seemed to be picking up a chick.

The man had his kneecap broken by her and had fainted from the pain. He had no chance to resist.

The mid-term examination was still ongoing. After more than eight hours of examination, many students were already feeling weak. Seeing that their results were all good, they did not continue.

In the remaining four hours, Nian Yue was the only one taking her exams slowly.

The people guarding the last stage were from the Imperial Capital Military District. They were a little bored.

They had been waiting for almost a day and did not see anyone.

It looked like this group of first-year students was still too inexperienced.

However, even the people from the Imperial Capital Military District could not pass the 50th level.

They did not expect this group of Year One students to reach this stage after two months.

“I’m so bored.” Someone yawned. “Isn’t there a legend among the freshmen at the Imperial University this time? I thought she could reach the 50th round...”

“No matter how amazing the rumors are, she’s only a new student. We can barely pass half of this level. How capable can a student who only knows how to study be...”

“The number one freshman, I think I can see the number one freshman!”

Before their conversation could end, another person exclaimed!

The few of them looked over at the same time!

The aloof girl had one hand in her pocket and was holding an unconscious man.

When she saw them, she threw him onto the ground. "You guys better save him lest he dies."

The few of them were shocked by her series of actions. Was this why she had only reached the 50th level?

In order to prevent accidents from happening to the students, there were doctors guarding every stage.

These doctors had already dragged the man away when she came over.

"So, what is this stage?" Nian Yue raised her eyebrows and there was still a hint of indifference in her eyes.

If they hadn't seen Nian Yue just now, they would have thought that the students at the Imperial University were exaggerating her abilities.

But now that they saw her reach the 50th round, the group no longer dared to underestimate her.

“Comprehensive combat, explosive, shooting, and theory exams.” Someone told her the rules of the exam. “You need to reach full marks for these four subjects in half an hour. And the evaluation criteria is us.”

He pointed at the few people behind him.

“Sure.” Nian Yue agreed readily. “Let’s start.”

...

“Are the results of the exam out?” Before it was time to end, Yin Han had already rushed over.

He was just afraid that Nian Yue’s sloppy attitude would not allow her to do well.

“Not yet, but from the looks of it, Li Yi should be first, second would be Nian Yue...” A teacher stared at the big screen.” Li Yi is usually quite arrogant. Is he from the Li family? ”

Many of the students at Imperial University came from the capital. With their family background and strength, it was inevitable that they would be arrogant.

However, when Li Yi arrived at Imperial University, he had never revealed his identity.

Yin Han didn't answer his question. He looked at the big screen and frowned.

Why did Nian Yue only get second place this time?

"You're surprised too, right..." A teacher walked over. "The last stage is quite difficult. It's normal that she can't pass it. Li Yi is the only person who reached the 40th stage. He used much less time than Nian Yue..."

The final ranking of the exam was determined by the time one cleared the level.

Yin Han looked at the big screen and frowned.

No, he must have neglected something...

Something suddenly flashed across his mind. Yin Han suddenly said, "Bring out the surveillance footage of Nian Yue's clearing path..."

The teacher quickly pulled out the surveillance camera and played it ten times faster.

...

When Nian Yue ended the 50th round, the exam ended.

At the last second, her ranking rose from second to first.

When the other people from the Imperial Capital Military District saw that she was leaving, their eyes lit up. "Your name is Nian Yue, right? Are you interested in coming to the military district to play?"

"Full marks for everything. You're really..."

Even very few people in the Imperial Capital Military District were outstanding.

Not to mention that she was a young lady who had just turned eighteen.

With her results, she could easily defeat a group of people in the military.

"Don't think about it. Those from the explosives department didn't even manage to poach her." Yin Han walked over in large strides, his face full of pride.

People would fight over his men no matter where they went.

He was extremely glad that he had listened to Nian Yue's request back then.

Otherwise, with such monstrous strength, if she had gone to another camp, he would not have the confidence to defeat her.

"General Yin."

"General Yin..."

...

When the others saw Yin Han, they greeted him.

"Your results are not bad. You didn't embarrass me." Yin Han coughed dryly.

Actually, most of the time, he and Nian Yue were more like equals. No, to be precise, Nian Yue was more like a superior.

He had only seen the pressure she exuded from one person.

“Not too bad.” Nian Yue smirked. With one hand in her pocket, she turned around and left.

She went to the military doctor’s office.

The man whose kneecap was broken by her had already woken up. When he saw her, his face was filled with fear. “Don’t come over! I don’t know anything!”

Nian Yue casually pulled a chair and sat in front of the bed. She was holding a small Swiss Army knife.

The silver blade glowed faintly under the light.

He had no doubt that Nian Yue would hold this dagger and stab it into his heart in the next second!

“I like people who talk little.” Nian Yue raised her eyelids, her face filled with indifference. “Next, I’ll ask you a question and you’ll answer it. If you don’t answer or answer wrongly, you’ll get stabbed in the back.”

“I told you I don’t know... Ah!”

Before he could finish speaking, the sharp dagger had already stabbed into his chest!

Instantly, blood flowed!

That person's face was pale and his eyes were filled with fear!

At this moment, he realized that Nian Yue was not lying.

She had really attacked!

She did not show any mercy!

"Are you from the Imperial University?" Nian Yue raised her eyebrows. She pulled out the sharp dagger and spun it around in her hand.

The dagger was clearly filled with blood, but her hand was spotless.

"I..."

The person hesitated for a moment before shaking his head. "No... Ah!"

Almost as soon as he finished speaking!

The dagger was stabbed in again!

This time, it was his thigh!

"My patience is limited. If you answer wrongly, the next stab will be at your heart!"

Her aura suddenly turned cold!

"Kill me..."

The person was already drenched in cold sweat from the pain, as if he had just crawled out of water. "I can't answer any of your questions..."

Instead of being tortured by her, it was better to kill him with one shot.

“I told you, I like people who talk less.” Nian Yue raised her eyebrows slightly. Her eyes swept across him as if she was thinking about where to stab next.
