

The National Goddess Reborn 237-242

Chapter 237: Can You Leave?

Fu Manor

When Fu Xiuyuan woke up, it was already midnight.

Doctor Parker was pulled up from the bed. "Doctor Parker, Mr. Fu is awake. Please go over..."

A servant came over to call for him.

Doctor Parker looked uncomfortable when someone woke him up.

Fu Xiuyuan's face was still a little pale. He opened the door and happened to push open the door opposite. When he saw Doctor Parker, Fu Xiuyuan's aura suddenly turned cold. "Who asked you to be here?"

"Brother Fu, I invited him specially for you." Fu Ran rushed downstairs. "Your body..."

"Don't make me say it a second time."

Fu Xiuyuan's eyes were deep and his face was cold.

Even the temperature had dropped a few degrees and he was filled with hostility.

"It's just a guest room..."

Doctor Parker yawned rudely. "The Fu family can't be that petty, can they?"

"That's right, Brother Fu. Doctor Parker is here to treat you..."

Fu Ran couldn't help but speak.

"Fu Sheng..."

Fu Xiuyuan's eyes were deep and his voice was extremely light, as if he had just woken up and his voice was still a little hoarse.

However, his aura made the air turn cold.

It had been a long time since Fu Ran had seen Fu Xiuyuan like this. He paused for a moment and said, "Doctor Parker asked for the guest room opposite yours. Fu Qi asked the servant to move Miss Nian's room elsewhere..."

"Move?"

Fu Xiuyuan raised his eyebrows, a hint of bloodlust in his eyes. "The surveillance cameras."

"It's just a guest room. I'm being polite to you by staying here..."

Doctor Parker's face was ashen. "Since the Fu family doesn't welcome me, I'll leave!"

"Leave?" Fu Xiuyuan raised his eyebrows, his eyes turning cold. "Can you leave?"

"Clear the guest room. Throw out the things!"

His aura was extremely cold. The servant at the side did not dare to say anything else and hurriedly went to the guest room to clear the things.

"What do you mean?"

When Doctor Parker saw his actions, his face turned ashen!

Fu Xiuyuan's actions were clearly telling him that he was getting rid of trash!

"Brother Fu..."

Fu Qi was also scared silly by the scene in front of him.

It was just a guest room. Why was Fu Xiuyuan so angry?

"Fu Qi, Fu Ran..."

Fu Xiuyuan spoke calmly. His eyes were extremely indifferent, but the things in them made one shudder.

"You don't want to stay in the manor anymore?"

He looked up and instructed coldly, "Go now."

"Brother Fu..."

Fu Qi had been scared silly for a long time. In the past, when he lost a business worth hundreds of millions, Fu Xiuyuan had only exiled him for a few days.

But today, Fu Xiuyuan actually chased him away...

“Brother Fu...” Fu Ran wanted to plead for leniency.

“You too.”

He rarely lost his temper and always looked nonchalant.

This was the first time he had been so angry.

Footsteps came from the staircase and a young girl had already walked over slowly.

She was just worried about Fu Xiuyuan and didn't know what the situation was today, so she specially came over.

“Miss Nian...”

They looked at her as if she was their savior.

Nian Yue walked straight over and walked up to Fu Xiuyuan. She reached out to touch his forehead. "Are there any other places that you're not feeling well?"

Her actions were extremely natural.

"No."

Fu Xiuyuan shook his head and grabbed her wrist. He saw the dark circles under her eyes. "You didn't sleep yesterday?"

"Yes." Nian Yue nodded.

To be precise, she had not slept for the entire night since Fu Xiuyuan was injured.

"Miss Nian, can you persuade Brother Fu..."

Fu Qi's face darkened and he looked at Nian Yue with disapproval.

“Why should I persuade him?” Nian Yue raised her eyebrows and there was a hint of coldness in her eyes. “Where did you get the cheek to do that?”

Her words were almost merciless. Fu Qi’s face instantly darkened.

“You were the one who threw away the things in the guest room during his break and randomly swapped in a stranger. How could the Fu family’s security be so bad?”

Fu Xiuyuan’s room was probably the safest place in the entire manor.

The guest room around him should be his safe second layer.

Not every outsider could enter the second level of security.

Fu Qi’s face turned pale at her words.

He had not considered it carefully...

He couldn’t ignore Fu Xiuyuan’s safety because of Doctor Parker’s identity.

“As for you, get lost!”

Nian Yue sneered.

“Do you know who I am? Who gave you the guts to speak like that?!”

Doctor Parker stomped his feet in anger!

He was the genius divine doctor of Continent W, and countless people queued up to see him, but were not able to do so!

Now, she actually dared to speak to him like this!

“I don’t care who you are.” Nian Yue raised her eyebrows and walked over in a few steps. She grabbed his collar and threw him out.

Her movements were extremely light as if she was throwing rubbish.

Nian Yue only raised her eyebrows when she turned around. “Aren’t you feeling unwell?”

Chapter 238: Not Many Girls Can Eat

Fu Xiuyuan's room was very clean and tidy. The entire room was black and white.

The large French window faced the backyard of the manor.

Nian Yue sat opposite him and looked up to ask, "When did you wake up?"

She reckoned that Fu Xiuyuan had only woken up when she arrived.

"Five minutes ago."

Fu Xiuyuan rubbed his temples. The place where he had been injured yesterday had already recovered to its original state. There wasn't even a scar.

It was impossible to tell that it had been seriously injured.

"Did you know that Mo Yi would appear yesterday?" Nian Yue raised her eyebrows.

"Yeah."

Fu Xiuyuan nodded and stood opposite her slowly.

Warm yellow sunlight shone down, giving him a faint yellow glow.

“He appears every year at this time.”

Fu Xiuyuan’s lips twitched, and his deep eyes were as deep as ever.

The Mitchell family and F had arms deals every year, so it was inevitable that someone would want to reap benefits.

It was just that the transaction amount this year was too huge, attracting some people out in advance.

“Are you close to him?”

Nian Yue raised her eyebrows.

Mo Yi was elusive, as if he could appear anywhere he wanted to go.

“Old friend.” Fu Xiuyuan rubbed his temples.

“You rest first, I’ll go back.”

Nian Yue stood up from her seat. She had come today to check on Fu Xiuyuan.

“Cough, cough...”

Fu Xiuyuan’s face was pale as he coughed softly.

His jade-like face looked pale.

Nian Yue walked over and checked his pulse. “Rest first...”

“Stay with me...” Fu Xiuyuan looked up at her.

His eyes were deep but extremely bright.

Her reflection was the only thing in his dark eyes.

“Okay.” Nian Yue finally nodded and sat on his bed. She casually took a book and started reading.

The man on the bed had already closed his eyes, his long eyelashes casting a long shadow on his face.

His jade-like face looked even paler.

The air was so quiet that only the sound of pages flipping could be heard.

However, the flipping of the pages became slower and slower until there was no sound.

The man lying on the bed woke up slowly. His eyes were clear and he did not look like he had just woken up at all.

Nian Yue was still holding onto her book. Her back was straight, but her eyes were tightly shut.

If he hadn't seen her with her eyes closed, he would have thought that she was reading.

Fu Xiuyuan sighed. After a long while, he took the book from her hand and carried her to the bed.

Nian Yue had not rested for too long. In addition, she had used a large amount of her wood-elemental power yesterday, causing her energy to be depleted.

Now that the environment had quietened down, she subconsciously closed her eyes.

The environment here was very relaxing and she did not need to feel tensed up anymore.

There was a dark bruise under her eyes, and her frown finally relaxed.

Fu Xiuyuan covered her with the blanket and was about to leave when he felt someone pulling on his clothes.

“You should rest too.” Nian Yue’s eyes were a little blurry.

Then, she closed her eyes again.

Subconsciously, Fu Xiuyuan was her friend, so it felt normal for them to sleep together peacefully.

Besides, this man would not do anything to her.

This was what she subconsciously thought.

Fu Xiuyuan's lips curled up and the coldness in his eyes lessened.

Finally, he bent down and kissed her forehead.

If he hadn't forced her to stay, she probably wouldn't even have rested.

Why was such an unruly girl so stubborn once she decided on something?

...

"Regiment commander..."

In another black room in Continent W.

A devilish man was leaning against the leather seat. His handsome face was a little dark and his light blue eyes were unfathomable.

"Have you decided on the time and place?" Mo Yi looked up. His face was lifeless.

He couldn't even be bothered to look at the person in front of him.

"It's settled..."

The shadow quickly reported the time and place. "The cooperation this time is very big. F will send the item to Sel Lake in advance. The Mitchell family will go over and receive it. There should be a negotiation there..."

Even though the trading location would be changed every year, the powerful intelligence network of the mercenary group had its ways.

In a short time, he had found out what he wanted.

"Got it." Mo Yi didn't even look up. "Get down."

His slender and fair fingers were still holding a silver fountain pen as he spun it around, but his eyes were unfocused.

"So when do we take action?"

The shadow braced himself and asked.

Even though he knew that Mo Yi was in a bad mood at this moment.

“There’s no hurry.” Mo Yi raised his eyelids. “Leave.”

He looked displeased. The shadow did not dare to stay any longer and retreated.

Mo Yi played with the small silver fountain pen in his hand. After a long time, he muttered, “Yue...”

On his right shoulder, his white shirt was already bright red from the blood.

...

When Nian Yue woke up again, it was almost evening.

She was still covered with the blanket. In a daze, she seemed to have smelled the unique cold fragrance on Fu Xiuyuan.

Nian Yue rubbed her brows and sat up in bed.

Seeing the furnishings in the room, she then remembered that this was Fu Xiuyuan's room.

However...

She was clearly reading before she went to bed.

So it was Fu Xiuyuan who moved her onto the bed?

A hint of doubt flashed past Nian Yue's eyes.

It looked like she was becoming less and less guarded against Fu Xiuyuan.

She could actually fall asleep sitting.

Nian Yue got down from the bed and walked out.

At this moment, the second floor was silent.

In the living room, Fu Xiuyuan was instructing Fu Sheng about something.

The dining table was already filled with food and it was still steaming. It looked like it had just been served.

“You’re awake?”

Seeing her come down, Fu Xiuyuan raised his eyebrows.

He was wearing a white shirt, with two buttons undone, revealing his exquisite collarbone.

Fu Sheng saw her coming down and stood up to leave.

He walked to her side and greeted her respectfully.

“Miss Nian.” He was always gentle and polite to Nian Yue.

Nian Yue greeted him and sat beside Fu Xiuyuan. She ate with Fu Xiuyuan.

The food on the table was all her favorite. This time, Nian Yue ate three bowls of rice which barely filled her stomach.

Seeing that her bowl was empty, the servant wanted to add another bowl for her, but she was stopped.

“No, thank you.”

The servant at the side could not help but look at her a few more times.

She was clearly a young lady with a huge appetite.

There were not many young girls who could eat these days.

How could she have known that Nian Yue ate based on her mood? After all, all the food was just for her stomach and to provide energy for her body.

Besides, she did not care much about her image.

This face was good-looking to begin with. She would still be attractive without making any effort.

Chapter 239: Beat him Into Submission

Nian Yue put down her cutlery. When she raised her head, she realized that the man opposite her had been looking at her.

His deep eyes were filled with evilness and the air was terrifyingly quiet.

“Brother Fu...”

Fu Sheng rushed in from outside. When he saw Nian Yue here, he subconsciously paused.

“Tell me.” Fu Xiuyuan looked up.

“It’s the Parker family...”

In the past few years, the Parker Family had become more and more arrogant because of Doctor Parker, who was known to be a divine doctor.

After suffering such treatment in the Fu manor yesterday, he had to get back at him today no matter what.

“Alright, I understand.” Fu Xiuyuan nodded.

“You go ahead.”

Nian Yue raised her eyebrows. “I’ll go back first.”

She had already spent two days here before working on Mitchell’s matter.

“Okay.” Fu Xiuyuan nodded.

Nian Yue left. Mitchell’s villa was not far away.

Li Yi would come and pick her up later.

Nian Yue had one hand in her pocket and there was a hint of coldness in her eyes.

The setting sun shone on her body, giving her entire body a golden glow.

Her shadow was stretched out by the setting sun.

A warm breath came from behind her and a familiar feeling came. Nian Yue narrowed her eyes and dodged the attack from behind!

An even stronger gust of wind came from behind her. Nian Yue flipped over and dodged it.

Then she made an attack.

“Who are you?”

Her eyes turned slightly cold and even her aura could not help but turn cold.

The man was dressed in black and had a slender figure. He was clearly close, but she could not see his face clearly.

The face was a little blurry in her eyes, as if it was shrouded in a layer of fog.

The man seemed to be interested and attacked her again.

His aura was extremely strong. The moment he attacked, he had already grabbed her wrist and pulled her arm behind her back.

Nian Yue was not to be outdone. She kicked his leg!

That person lost his balance and fell to the ground!

Nian Yue sat on him and took the opportunity to grab his face!

“Boss...”

Li Yi’s shocked voice rang out.

He had only come to fetch Nian Yue, but he did not expect to see this scene here.

Could it be that after being cooped up in the country for too long, one could be so open and bold overseas?

In the blink of an eye, the man she had grabbed earlier had already taken the opportunity to escape from her hands. With a turn of his body, he entered the Fu manor!

“Boss...”

Li Yi walked over.

“Did you get a good look at that man’s appearance just now?” Nian Yue raised her eyebrows. Because her actions were too intense just now, her hair was a little messy and even her clothes were a little crumpled.

“Could his ability to enter and leave the Fu manor have something to do with the Fu family?” Li Yi asked.

He was too shocked just now and did not pay attention to that man’s appearance at all.

To be precise, this was the first time he had seen someone who could tie with Nian Yue.

“I don’t think so.” Nian Yue rubbed her temples, her expression unclear.

The Fu manor’s security had always been one of the best.

If this man had entered alive, he would probably leave it dead.

However, when she thought of their exchange just now, she felt that his actions were somewhat familiar.

For some reason, she couldn't make out his face.

Or was he an Esper too?

But the series was different?

Nian Yue could not figure it out, so she decided not to think about it anymore.

She followed Li Yi into the car and looked up to ask, "Have you found out where that man is?"

She was the one who had brought Li Yi and Wang Yang along.

It could be said that she had taught them how to interrogate.

"He only answered half of the questions. He can't say the rest no matter what. He probably has some concerns."

Li Yi replied as she drove.

His method of interrogating criminals had always been much better than Nian Yue's.

That man still refused to say anything. He must have some concerns.

“Alright, let’s go to the interrogation room,” Nian Yue crossed her arms and instructed as she leaned back in her seat.

The trading day was imminent.

She had to know in advance which rats would be dispatched.

The two of them entered the interrogation room. It was pitch black, and only Wang Yang was playing games at the door.

Ever since he didn’t have to risk his life in the boxing ring, he had been obsessed with games.

However, he had been playing this game for more than half a year and had only passed a few stages, so he looked a little frustrated.

The door to the interrogation room was opened from the outside, and Li Yi and Nian Yue entered.

Wang Yang put away his phone and saw the two of them. “Boss, you’re back?”

He had thought that with Nian Yue's fiery personality, she would at most disappear for an hour or two before returning. He did not expect her to disappear for so long this time.

"Yes." Nian Yue nodded and followed him in.

The man who was questioned was beaten black and blue. His original appearance was no longer discernible.

Nian Yue had no doubt that if he hadn't been useful, Li Yi and Wang Yang would have beaten him to death.

Nian Yue stretched out her leg and casually grabbed a chair. She sat opposite him and crossed her legs.

"I heard you were looking for me?" She went straight to the point, as if she couldn't even be bothered to waste her breath.

"Don't you want to know which group I belong to?" The man conditions her. "Let me go, I'll tell you everything you want to know..."

hHe believed that the reason why Nian Yue did not kill him until now was because she wanted to get something from him.

This was his capital to negotiate.

“Negotiating with me?” Nian Yue sneered. She casually snapped her fingers. “Wang Yang, demonstrate the move I just taught you.”

She was going to beat him into submission!

It was a simple and crude interrogation method!

“Alright...”

Wang Yang came in from the door and moved his wrist. The cracking sounds were terrifying in the silent interrogation room.

Wang Yang walked over in two or three steps, grabbed the person’s collar, and threw a punch at him!

After so many years of his career, he had long known that which area would hurt most but would not show when you hit it!

Wang Yang had exerted extremely good force. He could feel the pain, but one could not tell where it had hit!

That person fainted from the beating five minutes later!

“Wake him up,” Nian Yue said calmly.

The man thought that he would be fine after he fainted!

However, he never expected that he would be woken up by the pain!

“Boss, he’s awake...”

Wang Yang retracted his hand and said to Nian Yue.

Nian Yue looked up, her face as cold as ever. “Have you thought it through?”

Her voice was extremely faint, but the aura she exuded could not be ignored.

“If I tell you... you can’t kill me to silence me...”

The man seemed to have been frightened by the slap. He no longer had the arrogance and bossiness.

When Nian Yue heard this, she glanced at him indifferently.

Chapter 240: Sorry for Letting Him Meet the King of Hell Earlier

That glance was extremely faint, but it made the person shiver!

It was because her gaze was too cold!

“I said...”

The man exhaled, seemingly having finally made up his mind.

“Yes... Ah!”

Just as he was about to say something, his forehead was pierced by a bullet!

Another sniper!

A single shot killed him!

This person probably never expected that the one he had risked his life to protect would actually take his life in the end.

The man died with grievances.

The corpse looked out the window. It was where the sniper had been.

Wang Yang and Li Yi reacted and chased after him.

However, that person had already disappeared.

The corners of Nian Yue's lips twitched and there was a hint of coldness in her eyes.

It looked like this trip to Continent W was getting more and more interesting.

The man's autopsy report was out very quickly. The moment Nian Yue received the bullet, she placed it under the light and studied it carefully.

There was a small letter W.

internationally, there were very few famous organizations related to W

“This is the most commonly used bullet. W should be part of the serial number...” Li Yi frowned and explained.

W-type bullets were very common in Continent W. After all, they were produced by the number one arms dealer.

Anyone who had a deal with F should have seen bullets of this type.

“No...” Nian Yue shook her head. “It has been processed later on. Check the places where the bullets are processed the second time besides F...”

She had uncovered some clues with the bullet.

Li Yi and Wang Yang were at a loss for words.

If they had known earlier, they would have played a big game. The earlier the man died, the earlier their chance of discovering a clue would be.

...

“Is he dead?”

When Mitchell found out about this, he almost jumped up.

“Is this your response to me handing him over to you?” Mitchell looked at the sloppy girl in front of him and his expression turned uglier.

“I’m sorry. I was too careless and he went to see the King of Hell in advance,” Nian Yue said calmly.

Her tone was sincere and one could not tell what she meant.

But Mitchell just felt strange.

“Forget it.” Mitchell sighed. “I hope nothing more happens during the arms deal in two days.”

“You think too much.”

Nian Yue smirked.

Didn't he escape from death during the arms deal?

This time, she asked Yin Han for help.

Even though she was telling the truth, Mitchell's expression changed.

It was said that Asians spoke tactfully, but why did he feel that she was more direct than anyone else he had met?

Yet, this kind of frankness made people love and hate her.

Mitchell looked troubled. "Forget it. I won't lower myself to your level."

As a soldier, it was inevitable that she would be a little too frank. It was fine as long as she completed the task for him in the end.

Poor Mitchell had always thought of himself as an employer.

In the end, he realized that Nian Yue had come over to pass the time because she was bored.

Of course, this was all for the future.

...

When Nian Yue came out of Mitchell's place, she saw Fu Qi and wondered how long he had been waiting at the door.

When Nian Yue saw him, she did not even raise her eyes and walked past him without looking at him.

"Stop right there!"

When Fu Qi saw her, he chased after her without thinking.

However, before he could touch Nian Yue, the person in front of him turned sideways and kicked him!

Fu Qi was not able to grab her. He flipped over and barely dodged her attack!

He steadied himself and his expression turned uglier. "So typical of someone who came from the countryside. How rude!"

In just one day, he had already investigated Nian Yue's information thoroughly!

"You're really polite to casually flip through other people's things." Nian Yue sneered.

Fu Qi's face turned a little ugly when he was ruthlessly hurled away.

Nian Yue was not there when he threw her things out.

Even when Nian Yue came back later, she only stayed in Fu Xiuyuan's room and did not mention a word about this.

He thought that Nian Yue did not take it to heart at all and became fearless. Now that she had exposed him so blatantly, Fu Qi felt like his face was being slapped.

"Move aside."

Nian Yue could not be bothered with him and walked away.

"You can't leave now..."

Fu Qi thought of the purpose of his visit today and braced himself. "Help me look for Brother Fu. He hasn't appeared for a day..."

Fu Xiuyuan had come to Continent W to recuperate.

Normally, he wouldn't take a step away from the manor unless there were special circumstances.

But today, he seemed to have disappeared and could not be contacted.

Fu Qi and Fu Sheng were getting anxious.

Hearing his words, Nian Yue paused. "When was the last time he appeared?"

"Last night."

Last night...

It was when she left the Fu manor.

Nian Yue frowned and took the bracelet. She spun it around in her hand but could not see its location.

Was Fu Xiuyuan not nearby?

Nian Yue put on her Bluetooth earpiece and instructed Wang Zhizhi, "Help me check his location..."

When Fu Qi saw the bracelet on her wrist, he could no longer hide the shock on his face.

This kind of thing...

Bai Lin had one too.

It was from Fu Heng.

Not only did it represent the status of the Fu family, it also proved that with this bracelet, it was equivalent to having the privileges of the Fu family.

He had thought that since Fu Xiuyuan had not introduced her, it meant that Nian Yue was not important. However, the appearance of this bracelet proved him wrong.

Wang Zhizhi was extremely fast. She replied Nian Yue, "His location is not very fixed. He must have installed an anti-reconnaissance system..."

"Give me five minutes..."

The sound of Wang Zhizhi typing on the keyboard echoed in her ears. Nian Yue had one hand in her pocket. "Lead the way."

"Please follow me."

Fu Qi's attitude became much more respectful.

The Fu manor had been turned upside down, but Fu Sheng and Fu Ran could not find him.

When he saw Nian Yue enter, Fu Sheng seemed to have found his backbone.

"Miss Nian, I'm sorry about yesterday..."

He was the one who had not thought things through and allowed Fu Qi to do such a thing.

“Has this happened before?” Nian Yue asked.

“In the past, he would occasionally disappear. At the longest, he disappeared for more than a month...”

Fu Sheng explained that Fu Xiuyuan was an indifferent person. Sometimes, when he went abroad to work, it was normal that he could not be contacted for half a month.

“Where is the Fu family’s largest property in Continent W?” Nian Yue raised her eyebrows.

“Well...”

Fu Qi was a little hesitant. The Fu family’s businesses were all over in Continent W, but made the most money dealing in firearms.

However, that place was confidential to begin with. Ordinary people did not even have the qualifications to know about it.

Not to mention, he could go there directly.

“I’ll bring you there.”

Fu Sheng spoke first and made an inviting gesture.

“Yue Yue, I found it...”

Wang Zhizhi’s voice came from the earpiece. “He’s 20 kilometers away from where you are now... However, there are still many curious indications...”

Chapter 241: High Stakes

“And that place must be the arms deal between Mitchell and F...”

“It’s Mordor...”

Mordor was the most complicated place in Continent W. That place was not under the jurisdiction of any place in Continent W, and the crime rate was extremely high.

This was also the location of the arms deal between Mitchell and F.

And the time and place were tomorrow.

“Alright, I understand. Keep in touch anytime.”

Nian Yue casually hung up the phone and said to Fu Sheng, "Will your arms deal be carried out in Mordor tomorrow?"

"Yes, Miss Nian." Hearing her question, Fu Sheng subconsciously thought that Fu Xiuyuan had told her everything.

"Yes." Nian Yue nodded. "Put me down at the intersection."

"You're not going?"

"Everything will be as usual for you guys." Nian Yue smirked. The car stopped at the side of the road and she got out.

"But Brother Fu..."

"He'll be fine."

She believed in Fu Xiuyuan's ability. That man was even stronger than her.

He had to have his own matters to attend to in Mordor.

“Are you going to let her go just like that?” Fu Qi looked at her back view with an indescribable expression.

“She said that Brother Fu is fine, so he must be.” Fu Sheng gripped the steering wheel tightly.

Towards Nian Yue, he had a sense of trust from the bottom of his heart.

Even if she just stood there without a word, he would still believe her.

...

At Mitchell’s residence, he was pacing the room anxiously when there was a knock on the door. Mitchell forced himself to calm down. “Please come in.”

Nian Yue pushed open the door and entered. “What can I do for you, Mr. Mitchell?”

“I’ll be going to Mordor to make a deal with F tomorrow. Get your people to prepare...”

“No need.” Nian Yue’s lips twitched. “Li Yi and Wang Yang will follow you.”

“What about you?”

Mitchell asked automatically.

He had never dared to underestimate Nian Yue. Although she looked sloppy, this young girl was able to make a name for herself with the special forces in a short period of time. He knew that she was not an ordinary person.

“I have other matters to attend to.” Nian Yue stuck one hand in her pocket. “Besides, I believe Mr. Mitchell would also like to know who sent the last assassin...”

“Every year, there are so many people who want to kill me. But this year, it’s the first time someone has made an early move...”

Normally, these killers would appear at the trading venue disguised as various identities.

“Does Mr. Mitchell have a suspect?” Nian Yue raised her eyebrows.

“I suspect it’s someone from the Parker family...”

Mitchell rubbed his chin and frowned. "Over the past few days, the Parker family's status has improved because of the appearance of a divine doctor. Other than monopolizing the medicinal herbs, they've also started thinking about firearms..."

After all, in a place like Continent W, having money and power was not as good as having firearms.

That was the proof of his strength.

"If they kill me, the Parker family will become the largest arms dealer in Continent W, second only to F..."

This was probably the real motive of the Parker family.

"The Parker family will also hold a transaction at the underground bank tonight..."

"I'm going over for a while." Nian Yue had one hand in her pocket. "Don't go out if there's nothing important."

After all, no matter how capable Li Yi and Wang Yang were, they could not stop a person from courting death.

Mitchell was dumbfounded

Why could he hear the disdain in Nian Yue's tone?

...

After Nian Yue left the house, she made a call. "Come out with me and I'll bring you to see the world."

"Alright!"

When Lin Nan received the call, he was so happy that he almost jumped up!

He had been in Continent W for almost a week and was about to fall sick from boredom!

It was not easy for him to get Nian Yue's call!

"Boss! What about me?! Why didn't you look for me when there's something fun..."

"Boss, you're not nice enough..."

...

Wang Yang and Li Yi's voices came from the receiver.

The three of them were originally teaming up in the room to fight the King. They did not expect Nian Yue to blow them up with a call.

"You guys guard Mitchell. I'll show you guys a big game tomorrow."

Nian Yue smirked and threw the location to Lin Nan.

When Lin Nan came out, Nian Yue had just gotten out of the car. When she saw him, she raised her eyebrows. "Hurry."

There was a modified jeep beside her. Lin Nan got into the front passenger seat with ease. "Sister Yue, where did you get this car?"

"From Mitchell."

As the second largest arms dealer in Continent W, Mitchell had countless cars.

Nian Yue started the car and rushed out!

As the black car drove along the gentle road, Nian Yue unintentionally looked up. When she caught a glimpse of the black car, her lips curled up into a teasing smile.

“Do you see the symbol on it?” Nian Yue raised her eyebrows.

PK...

Representing the Parker family.

This was a characteristic of the Parker family.

“Are we following him?” Lin Nan asked curiously.

“Follow him and watch the show.” Nian Yue raised her eyebrows and stepped on the accelerator abruptly, following the truck in front!

The truck seemed to have something in it. After driving for about half an hour, the truck stopped in front of a manor.

There were already many luxury cars parked around the manor. It was obvious that there was a banquet being held here.

The truck was parked in front of the gate, passing security.

Nian Yue got out of the car and walked to the back of the truck in two or three steps. The back door opened.

The person in front seemed to have passed the security check and the truck was starting.

Nian Yue flipped over and got into the truck. Her actions were clean and efficient!

Lin Nan followed closely behind and entered the truck with Nian Yue.

The truck was filled with vegetables. When the two of them entered, they could still smell the unique freshness of the vegetables.

Nian Yue found a seat and sat cross-legged. "Follow me later."

Lin Nan casually picked up a vegetable leaf and chewed on it. "Okay."

This was the first time he had played such an exciting game with Nian Yue.

He was still eager to try.

The truck drove through the manor for about half an hour before stopping.

When Nian Yue and Lin Nan got out of the car, they realized that they were in the backyard of the manor. It was lush and green.

A red dot was flashing on a pillar not far away. Nian Yue raised her hand slightly. There was already a layer of smoke at the location of the surveillance connection.

The red dot flickered a few times and was completely extinguished.

The corners of the aloof girl's lips curled up slightly. With one hand in her pocket, she left slowly.

...

– Inside the Parker Family Manor –

“I heard that Godly Doctor Parker has been chased out?” Pandora, who was wearing a black backless gown, held a wine glass in her hand and had a teasing smile on her face.

“That’s because they didn’t know any better!”

Parker sneered. He was furious at the mention of this!

“I heard that the Fu family’s manor has nearly 70% of the wealth in Continent W... Is the head of the Fu family a 20-year-old Asian man?”

“He’s still young and rash...” Parker sneered. “Does he think he can stand at the top of the food chain just because he has so much wealth...”

Chapter 242: I Miss Yue

Little did she know that in Continent W, there was no lack of money.

What really gave people a sense of security was firearms.

“Mr. Parker, do you have a new plan?” Pandora took a sip of wine and smiled seductively.

A smile appeared on her pale face, making her look even more terrifying in the dark.

“Of course.”

Parker sneered. “I believe that after tonight, the power in Continent W will be reshuffled!”

He had absolute confidence in tonight’s deal.

“Is that so?”

Pandora’s lips twitched. “Then I’ll wish you success in your transaction!”

The two of them clinked glasses and finished the red wine in their hands!

People came and went at the banquet.

The two of them were in the corner, so no one noticed them at all.

Bang! There was a gunshot!

The banquet immediately went into an uproar!

The door was kicked open and a woman in black walked in with a gun!

Behind her was a group of women in black clothes. Almost every one of them was holding a gun.

When the guests at the banquet saw so many people with guns coming in, they rushed to escape!

The sound of machine guns firing rang out!

The banquet venue was in chaos!

Those who wanted to escape had already collapsed in a pool of blood!

The hall was filled with the strong smell of blood, making one feel nauseous.

“What do you mean?!”

Parker turned pale.

“I’m just giving an old friend a greeting gift.” Pandora smiled seductively. “Besides, don’t you think it’s too boring with only you and me?”

“Hand over the nearest arsenal!” Pandora already had a small pistol in her hand and aimed it at Parker!

“So that’s what you’re thinking...” Parker’s expression turned uglier. “The Parker family doesn’t have any firearms, they’re all with F...”

He was telling the truth. Today’s arms deal was also his deal with F

Although F was the number one arms dealer in Continent W, he had always been neutral.

As long as he had enough money, he could trade with anyone. This is also an important reason why Parker has sought to establish a relationship with F.

“Who would believe you!”

Pandora sneered and gestured. The people hiding in the dark had already dispersed.

Looking at the situation today, this group of people had clearly come prepared!

“Why is she so hot-tempered at such a young age?”

A man in a white suit walked in slowly.

Who else could it be but Mo Yi?

It was obvious that he had specially rested before coming today.

Dressed in a silver-white suit, it accentuated his jade-like figure. His light blue eyes were as gentle as water, making one drown in them.

Just by standing there, he could not help but attract everyone’s attention.

His image was too good.

It was so beautiful that he looked like a prince from a fairy tale.

“He has a bad temper and gets old easily. Don’t you think so, Yue?”

Mo Yi raised his eyebrows, but his eyes were fixed on the back of the banquet.

“In theory, bad temper is caused by excessive heat in the liver.” A young girl dressed in a cold outfit was sitting on the railing on the second floor, exuding a lazy aura.

She did not seem to care at all that her body was floating in the air.

“Did you hear that, Pandora?” Mo Yi smirked.

“Are you crazy?”

Pandora sneered. “Old flame?”

She remembered that Mo Yi was temperamental. Since when was he willing to joke with a girl so easily!

“Don’t be curious about my identity. I’m just here to watch a show.” Nian Yue’s lips twitched. Her slender fingers were still holding a small silver pistol.

In other words, she wouldn’t interfere with whatever they did with Parker today.

“Are you guys on the same side?”

Parker looked at the few of them chatting as if no one else was around and felt that his worldview had been refreshed again!

This girl was clearly still with Fu Xiuyuan yesterday...

If the Fu family represented the positive image of Continent W, then every move they made was watched by the outside world.

In that case, Pandora and the mercenaries represented dark existences.

Since ancient times, darkness and light had always been opposing existences.

But this girl was neither good nor bad.

She had a good relationship with Fu Xiuyuan, but it seemed like she and Mo Yi were old friends.

“Oh...”

Nian Yue yawned, her eyes showing some impatience. “You talk too much.”

She was just here to watch a show. There were still people curious about her identity.

“Did you hear that? Yue thinks you talk too much...” Moe smirked. “Shadow, pull out his tongue.”

The shadow came out of the dark. He looked conflicted. “Regiment commander, we have a use for him.”

No matter how impatient Parker was, he still had the identity of the divine doctor of Continent W.

There were still many areas in which he could be useful in the future.

“I’ll pull it out later. I need to know about his nearest arsenal now.”

Pandora sneered and gestured at her subordinates.

Her subordinates hiding in the dark had all been mobilized.

Blood had already flowed into a river on the ground, and the smell of blood in the air was getting stronger.

Mo Yi glanced at the girl who was still sitting on the railing and smiled. "Is Yue not going to attack today?"

Every time she appeared, she would stand against him.

Now that she was standing here as a bystander, he was really not used to it.

"I'm not interested in firearms." Nian Yue's lips twitched. "Why are you here?"

She rarely chatted with Mo Yi calmly.

Now that the ground was filled with corpses, the entire banquet had clearly become a huge slaughterhouse. Yet the two of them were chatting peacefully.

This feeling was a little strange.

And a little delightful.

"I miss Yue."

Mo Yi adjusted the bow on his chest and looked even more gentlemanly. "Life without you is too boring..."

He had lived alone for so many years, and this was the first time he had met such an interesting person.

It was an enemy.

"Do you want to be beaten up?" Nian Yue raised her eyebrows.

In her opinion, she and Mo Yi were old acquaintances, but there was no friendship between them.

If Mo Yi really missed her one day, she thought, it must be because he wanted to spar.

"I don't mind if Yue likes it."

Mo Yi stretched his body. His eyes were too bright.

He seemed to have waited for Nian Yue's reply for a long time.

He wanted to see how much Nian Yue had improved.

This was like a genius that knew everything and felt that life was boring. It was rare for him to find something interesting, so he naturally wanted to hold it in his hand at all times.

“Sure.” Nian Yue stretched her body and jumped down from the second floor.

Her movements were light and fast. She jumped down from a distance of three meters, and she looked somewhat dashing when she landed.
