

The National Goddess Reborn 277-282

Chapter 277: Test on the Spot, Slap in the Face! (3)

In any case, the answer was obvious. It was reasonable for her to ask Nian Yue to apologize now.

“Ha...”

When Nian Yue heard her words, she sneered. “Teacher Su, it’s not too late to say this after reading the paper!”

“You said it!”

Teacher Su was furious. She had already given Nian Yue a chance. Since Nian Yue was insistent, she could not blame her for being extreme!

Teacher Su opened the paper confidently, thinking that it would be a blank paper.

But it was filled with words!

Teacher Su was a little flustered now. She had clearly seen Nian Yue sitting on it just now. Nian Yue had not moved her pen at all!

How could she have filled up her paper so much in such a short period of time??

Teacher Su tried her best to calm herself down.

How could Nian Yue have filled it up so quickly? She might have copied the questions.

Yes, the questions on this paper were very complicated.

At the thought of this, Teacher Su calmed down.

Then, she looked at Nian Yue's paper word by word.

"What's going on... Teacher Su has been watching for a long time, why is there no movement at all?"

"That's right! Could it be that Nian Yue did too badly this time? Teacher Su really doesn't know how to score after looking at it for a long time..."

"Bullshit!"

When Li Yi, who was standing beside this classmate, heard this, he was so angry that he grabbed the person's collar and was about to beat him up. "How many points she can get is not up to you!"

"That's right. No matter how much our Sister Yue scores, there will naturally be a scoring system..."

The few of them were furious when they heard this. They grabbed the person's collar and prepared to fight.

"Hey, what are you doing! Teacher Su hasn't graded for so long. Isn't it because she's either too good or too bad? Doesn't she know how to grade?!" the person said stubbornly.

Li Yi was so angry that he wanted to punch her.

It was a mess below. Nian Yue saw the scene below at a glance. She narrowed her eyes and her voice was mixed with seriousness. "Li Yi!"

Li Yi, who had wanted to hit the person just now, immediately calmed down when he heard her voice.

He gritted his teeth in anger. "You better not fall into my hands again!"

Then, he reluctantly released the person's collar!

The other students watching below the stage were in a good mood. "Teacher Su, how did Nian Yue do this time! Why is there no movement at all!"

"That's right. Be it high or low, you have to give us an answer!"

...

"Cough, cough..."

Principal Xu could not stand it anymore and walked over to take the test paper from Teacher Su.

However, when he saw the answer, he was shocked!

Then, he rubbed her eyes in disbelief. He looked at the electronic screen and then at the test paper!

Then, he was overjoyed. "Full marks! It's even higher than full marks! Nian Yue, how did you think of these ideas?"

Although Principal Xu had been the principal of the Imperial University for so many years, he was also a pharmaceutical student!

He had done these questions before and had barely passed. When he knew the answer back then, he even reflected for a few days.

Did he not study hard enough? But now that he saw Nian Yue's answer, he suddenly realized that he had worked hard! However he clearly did not have any talent!

"D*mn! Is Nian Yue that awesome?! She actually scored full marks!"

"To get full marks for a pharmaceutical test in half an hour, how does Nian Yue's brain work!"

"Ahhh! I can't take it anymore. She's too cool! Nian Yue is too awesome! I can't even understand this kind of paper, let alone do it!"

"Nian Yue, I hereby announce that from now on, you are my god!"

...

The students below went completely crazy this time!

No one expected Nian Yue to really get full marks!

“Teacher Su, do you still remember the bet?” The aloof girl was extremely calm from the start to the end. She only raised her eyes lazily and glanced at Teacher Su.

“Well...”

Teacher Su’s back turned cold. She never expected Nian Yue to really get full marks!

But if she were to call Nian Yue Teacher in front of so many students, wouldn’t that be a slap in her face?!

“As a teacher, you have to set an example!”

Some students below were watching the commotion.

“That’s right, that’s right! Teacher Su, you have to admit defeat. You can’t go back on your word in front of so many students!”

“If you go back on your word, you will embarrass the Imperial University!”

Chapter 278: Teacher Nian Yue, I’m Sorry! (1)

The students below were in an uproar!

Especially Teacher Su, who was on the stage. She did not expect that she would have so many people waiting for her to fulfill her promise!

“Teacher Su, why don’t you...”

Manxi, who was still at the side, could not help but say, “Do it...”

Not to mention the shocking effect that Nian Yue’s paper had on her.

This time, Nian Yue’s answer was even better than Teacher Su’s!

Especially when it came to cancer treatment!

“Don’t even think about it!”

Teacher Su’s face darkened!

She had never liked Nian Yue. Even if she scored full marks this time, she could forget about hearing the word “teacher” from her!

“Teacher Su, are you going to say it or should I help you?” Nian Yue raised her eyebrows slightly. She crossed her arms and looked a little bored. However, her aura was intimidating!

“Nian Yue...”

Principal Xu, who had been silent all this while, could not help but come over to smooth things over. “Since you’ve already gotten first place, why don’t we forget about this matter? After all, Teacher Su still has to teach classes in school in the future...”

“Forget it?”

As if she had heard a joke, Nian Yue sneered. “Impossible.”

Almost as soon as she finished speaking, she had already walked towards Teacher Su.

She was wearing her school uniform today. The red and black top and black pants made Nian Yue look even more smart.

And every step she took was like stepping on Teacher Su’s heart!

Teacher Su watched as she came over and could not help but retreat. “What are you trying to do in front of the entire school?”

Nian Yue was an arrogant and domineering person who never played by the rules!

Teacher Su had no doubt that if she did not speak, Nian Yue would attack!

“What do you think?” Nian Yue sneered and raised her hand slightly. She saw Teacher Su’s expression immediately turn serious. Then, she bowed to Nian Yue. “Teacher Nian Yue, I’m sorry!”

The exam had already ended just now. There were already students who were watching the commotion. They took out their phones and recorded this historic scene!

Then, it was uploaded to the Imperial University forum in real time!

Seeing such a historic scene, this post quickly became popular at the Imperial University!

Some of the students were heartbroken because they did not see this scene!

Just a little more. If they had trusted Nian Yue a little more back then, they would have been able to see the scene of Teacher Su getting a slap in the face!

What a pity!

However, it seemed possible to have a video version!

And on the other side

Principal Xu held the full marks paper and fell into a long silence.

This paper was once called the most difficult paper in history by medical students.

Especially the last question. Teacher Su had improved it a little with the times. It would only be more difficult than before!

However, the cancer treatment plan given by Nian Yue was more feasible than the answer given by the teacher previously.

At the thought of this, Principal Xu hesitated before calling the other party.

“I have a test paper here. The last question is about cancer treatment...”

“I’ve seen all kinds of answers to this question. What kind of answer is this? Send it to me...” The other party seemed to be used to this kind of introduction and his voice was filled with indifference.

It was obvious that he did not care about this at all.

Principal Xu sent the answer over.

The person on the other end of the line was still a little nonchalant at first. But when he saw the answer to that question, his face was filled with disbelief!

Even his voice was trembling. “Who did this...”

...

Because of the incident, Teacher Su did not attend the pharmaceutical class in the afternoon.

On the other hand, because of the previous exam, Nian Yue scored 59 points. This time, she scored full marks. It was impossible for a person’s score to be so different in such a short period of time.

Therefore, many students guessed that Nian Yue only scored 59 points in the last exam because Teacher Su had done something behind the scenes! This resulted in Lan Xin coming in first with more than 90 points last time.

Lan Xin usually did not like to talk, and she had been feeling terrible these few days. Especially when she saw Nian Yue being surrounded by a group of people.

She had found it unfair that they had entered Imperial Capital University on the same footing but she was like a country bumpkin who could not blend in!

Chapter 279: Teacher Nian Yue, I'm Sorry! (2)

And yet Nian Yue could draw so many people to her!

Before she came to Imperial Capital University, she was also a prodigy! Lan Xin looked at Nian Yue's back view, her eyes burning with anger!

However, Nian Yue happened to turn around at this moment. Lan Xin was caught off guard and the jealousy on her face had yet to be retracted.

Nian Yue's lips curled up slightly and she sat like a big boss. She was almost expressionless when she looked at her. However, Lan Xin was still suppressed by her powerful aura!

After an unknown period of time, that pair of sharp eyes finally moved away from her. Only then did Nian Yue stand up languidly and said, "Let's go!"

Lan Xin, who had been seen by her, felt a chill down her spine.

It was really strange. Nian Yue clearly did not do anything, but why did she feel like she had seen through her thoughts!

No, she must be overthinking.

Lan Xin comforted herself.

...

And on the other side

A military helicopter had already stopped above the school building. A man in black alighted from the helicopter.

There were also bodyguards following behind him. The few of them quickly walked towards the principal's office.

Principal Xu was handling some matters in his office when there was a knock on the door.

“Knock knock knock...”

Principal Xu adjusted his glasses and said, “Please come in.”

The door opened with a creak.

When Principal Xu saw who it was, his jaw almost dropped!

He immediately stood up from his seat, looking a little flattered. “Young Master Ming, why are you here?”

Everyone knew that this Young Master Ming was almost a famous figure in the Imperial Capital. Usually, he would not even take a look at a place like the Imperial University.

But today, he had actually deigned to come here!

The man in the lead was wearing a windbreaker and looked extremely noble.

As if he felt that it was a waste of time to be polite with Principal Xu, he asked, “Who was the person who did the test paper you sent to the Medical Alliance today?”

“Are you looking for Nian Yue?”

Principal Xu reacted almost instantly.

How long had it been since he sent that paper to the Medical Alliance? The people there actually came looking for him?!

“I have something to talk to him about,” Ming Fu said directly.

“Please wait a moment, I’ll contact her for you,” Principal Xu hurriedly said.

The Ming family had a pivotal position in the capital. Even he had to bow down to them.

However, when he thought of Nian Yue’s personality...

That was not something anyone could do!

He wondered if she would restrain herself when she saw Young Master Ming later!

When Nian Yue received Principal Xu's call, she was practicing boxing in the boxing ring.

Now that her physical fitness had recovered, she had to prepare herself for the next attack from the International Alliance!

Since she had already started, she did not mind teaching those people a lesson.

Nian Yue had always looked aggressive. Today, she was only wearing a short shirt revealing her slender waist and tight abs.

In a place like the boxing ring, men were the majority.

Even if there were girls, they would only come to wait for their boyfriends or other staff.

Therefore, when the group of girls leaned in front of the glass window and saw the tall and long-legged Nian Yue practicing her punches cleanly and explosively, they could not help but take out their phones to take photos.

"Am I seeing things? Such a handsome person is actually a girl!"

"Oh my god! So handsome! With her around, what's the point of those men in the boxing ring?!"

“And don’t you think this young lady’s explosive power is very strong? Such a huge sandbag can be sent flying by her!”

...

The eyes of the group of girls outside were already shining. Some girls even took out their phones to take photos!

Nian Yue had just finished boxing when she received a call from Principal Xu.

Hearing Principal Xu’s request, Nian Yue nodded. “Sure!”

Then, she threw away her boxing gloves and walked towards the principal’s office.

The group of girls’ eyes lit up as they watched her leave. They wished they could rush over and ask for her contact details.

However, Nian Yue was walking too fast. She seemed to be very close just now, but in the blink of an eye, she was already ten meters away.

When Nian Yue arrived at the office, Ming Fu had been waiting for some time.

Surprise flashed across Ming Fu's face when he saw Nian Yue enter.

Before she came, he had imagined many possibilities, but he never expected that the person who really solved that set of papers would be a young lady who looked like she was in her teens.

"Hello, I'm Ming Fu."

Although he was curious, Ming Fu reacted almost instantly and reached out to greet Nian Yue.

"Hello." Nian Yue's lips curled up slightly as she sat on the sofa.

"Miss Nian, I called you over this time because of the set of papers you did today." Ming Fu went straight to the point. "Do you really have a way to treat cancer?"

To be honest, even if he really saw that paper, Ming Fu was still skeptical about this matter.

Especially when the person who wrote that set of papers was only a young lady. This made him even more suspicious of the authenticity of this paper.

"What do you think?"

Nian Yue leaned against the sofa, looking nonchalant and domineering. She casually took a pen and spun it in her hand.

She was clearly a young lady who looked to be less than 20 years old, but she had a strong aura of confidence.

“Miss Nian...”

Ming Fu was immediately angered by her attitude. “If you don’t cooperate, I don’t mind using force!”

Chapter 280: Using Force

The power of the Ming family in the capital was second to the Fu family. Other than that master of the Fu family, wouldn’t he be followed everywhere he went? Now, he was being looked down on by a student from the Imperial University!

How could he take it lying down?

Furthermore, if an ordinary student heard that the Ming family was coming, they would probably be overjoyed!

How could anyone be as arrogant as Nian Yue? At the thought of this, Ming Fu frowned and did not even stand on ceremony.

“Ha...”

Nian Yue sneered and even her eyes turned cold. “I don’t mind Mr. Ming using force, but the prerequisite is that you can do it!”

Almost as soon as she finished speaking, Nian Yue had already thrown the pen in her hand!

The tip of the pen pointed to him!

The bodyguard who had been following behind Ming Fu immediately wanted to catch it!

However, although he was fast, the pen was even faster!

Before he could touch it, the pen brushed past his hand and was swiftly inserted into Ming Fu’s sleeve!

Because the force was too strong, Ming Fu was pushed back by the impact!

He was pinned against the wall!

The pen pierced through his sleeve and stabbed into the wall!

Ming Fu even felt his palm go numb!

She was too strong!

“You...”

Ming Fu was so angry that his face turned pale. He had wanted to put Nian Yue in her place. Unexpectedly, she turned the tables on him!

“Mr. Ming, do you still want to use force?”

Nian Yue sneered. She still had that arrogant attitude, but Ming Fu could not say anything.

Because she had the right to be arrogant.

Ming Fu used a lot of strength to pull his sleeve up from the wall. The two bodyguards following behind him hurriedly went over to help him.

Ming Fu waved his hand at the two of them. "The two of you can leave first. I want to see what outstanding ability Miss Nian Yue has."

Ming Fu stretched his wrist. "Miss Nian Yue, please excuse me!"

Then, he reached out to grab her neck!

The two of them quickly fought!

After all, he was a young master from the capital. Since he was young, he had been nurtured with martial arts and boxing. Although it was rare for him to fight, Ming Fu still knew martial arts.

Therefore, Ming was filled with confidence in dealing with Nian Yue!

However, after exchanging a few blows with Nian Yue, he was forced to retreat!

Nian Yue was really too strong!

She had astonishing speed and explosive power that was beyond compare!

Finally, three minutes later, Ming Fu was pressed to the ground!

She was holding a sharp dagger in her hand and it was pressed against the artery of his neck!

In other words, as long as Nian Yue wanted his life, it would be a matter of minutes!

The cold girl's face was still expressionless, but her eyes were as deep as ink.

In just a moment, Ming Fu's back was already drenched in cold sweat.

At this point, Ming Fu was finally convinced!

"Miss Nian..."

This time, Ming Fu's tone was no longer arrogant. There was even a hint of respect in it. "I'm very sorry, I was eager to save someone just now..."

"If apologizing is useful, why do you need the police?" Nian Yue sneered and had no intention of stopping.

Seeing this, the other two bodyguards wanted to intervene. Nian Yue moved slightly and Ming Fu could already feel the burning pain on his neck. "The two of you, leave!"

When the two bodyguards heard his order, they no longer dared to act rashly!

"Miss Nian..."

There was already a hint of pleading in Ming Fu's voice. "I came to look for you this time about a very important matter. I apologize again for what happened just now..."

"Speak."

Only then did Nian Yue let go and slowly sat on the sofa.

She still sat like a big boss with no expression on her face.

It was as if teaching Ming Fu a lesson was just a matter of convenience.

Ming Fu wiped the cold sweat off his forehead and said, "Miss Nian, I saw your paper the last time and know that you have a solution to cancer. I have a late-stage cancer patient who needs your help. Don't worry, money is not a problem..."

The Ming family did not lack money.

Even in a place like the Imperial Capital, where every inch of land was gold, he could easily buy a few buildings.

“How much?” Nian Yue asked lazily.

As if he did not expect Nian Yue to ask so bluntly, Ming Fu was stunned for a moment. However, he quickly reacted. “Just say the word...”

“One million.”

Nian Yue raised her eyebrows.

“Don’t worry, this is a small problem.”

Seeing that Nian Yue had agreed, Ming Fu heaved a sigh of relief.

As long as he could invite Nian Yue over, he was willing to add a few more zeros, let alone a million!

“Deal.” Nian Yue nodded.

“Then when do you have time?” Ming Fu continued to ask.

“Let’s do it now,” Nian Yue said indifferently.

Seeing that Nian Yue agreed on the spot, Ming Fu was overjoyed. “Please.”

Nian Yue followed him onto the private jet.

Ming Fu’s main purpose for coming over this time was to invite Nian Yue to treat Old Master Ming.

Old Master Ming had been in the military for his entire life. Although he had long reached the age of retirement, he only retired in the past two years because the Ming family had never developed steadily.

He had thought that he could finally enjoy her later years, but he did not expect to find out that he had cancer!

Chapter 281: Cancer (1)

Although he had hired many doctors of all repute over the years, he still could not escape the fate of chemotherapy. Over the past few days, the doctor had even issued a critical illness notice.

If not for the fact that he happened to see Nian Yue's paper, Ming Fu would have given up!

The private jet flew straight to the Ming Family Sanatorium. The Ming family's sanatorium was built halfway up the mountain, looking extremely majestic.

Ming Fu got off the private jet and invited Nian Yue down. She went straight to the ward. There were many bodyguards guarding the ward.

When they saw Ming Fu enter, they all retreated to the side respectfully. However, when they saw Nian Yue behind Ming Fu, they looked uncertain.

"Young Master, Second Young Master said that no outsiders are allowed to enter."

A bodyguard came over and stopped them.

"Is he in charge of the Ming family or am I?" Ming Fu asked coldly.

"I..."

The bodyguard was clearly stumped by his question.

The bodyguard did not dare to stop Ming Fu when he was about to enter but he stopped Nian Yue.

However, before he could touch Nian Yue, his wrist was grabbed and he was pressed against the wall.

She attacked extremely quickly, not giving him any time to react!

“The next time you’re blind, you’ll lose this arm.”

Nian Yue’s eyes turned slightly cold as she slowly released him.

Inside the ward, Old Master Nian was lying on the hospital bed with a ventilator.

A medical staff was taking his temperature.

“Young Master Ming.”

“How’s my father?”

Ming Fu’s face was filled with worry.

“It’s already late stage. The spread of cancer cells is more serious...” The doctor shook his head, his face full of pity. “Let’s prepare for the funeral as soon as possible!”

The Ming family did not lack money. It could be said that they controlled half of the capital’s economic lifeline.

While Old Master Ming was sick, the Ming family had sought out almost all the famous experts in the country, but they were all helpless against this illness.

“Miss Nian, look...”

Ming Fu glanced at Nian Yue.

Nian Yue walked over and glanced at the monitor. She then placed her hand on Old Master Nian’s pulse and said, “It’s fine.”

Hearing her words, Ming Fu finally relaxed.

“Miss Nian, what do you need? I can prepare everything here!”

Since Nian Yue said that there was a way, there must be a way.

“Just a few herbs.”

Nian Yue casually took the pen and wrote the names of a few herbs on the paper. “Help me find them as soon as possible.”

Ming Fu took the prescription and hurriedly instructed the others to prepare it.

“Young Master Ming...”

Doctor Li, who had been standing at the side, looked a little puzzled. “The cancer cells have already spread throughout his body. Even if he has extraordinary abilities, he can’t be saved! Besides, you only invited a teenage girl today...”

Judging from Nian Yue’s appearance, she had probably not graduated yet!

To think Ming Fu was actually at ease handing Old Master Ming to her!

“Doctor Li, I forgot to tell you. This Miss Nian is a pharmaceutical student at the Imperial University. She also came in first in the previous pharmaceutical exam,” Ming Fu explained to him.

Doctor Li was a famous cardiology expert in the country, and Ming Fu respected him very much.

“Imperial University pharmaceuticals?”

Hearing this, Doctor Li quickly recalled what Teacher Su had told him the previous time.

“Is her name Nian Yue?” Doctor Li continued to ask.

“Do you know Miss Nian Yue?”

Ming Fu’s voice was filled with surprise.

“Hmph!”

Doctor Li sneered. “How can I not know the famous Nian Yue? If you want her to treat Old Master Ming, I won’t care anymore!”

Chapter 282: Refining Medicine

Doctor Li sneered. He would never care for a student like Nian Yue, who never went to class and relied on her talent to do whatever she wanted in school!

“Doctor Li, you were the one who attended to my father from the start to the end! Only you know my father’s illness the best...”

“I’ve already said that Old Master has already reached the late stage and there’s no possibility of recovery.” Doctor Li was about to leave when he glanced at Nian Yue with disdain. “Besides, I’m not willing to work with someone like Nian Yue!”

“Ha...”

Hearing his words, Nian Yue sneered as if she had heard a joke. “Doctor Li is really shameless...”

“That’s still better than Nian Yue cheating!” Doctor Li retorted unhappily. “I’m waiting for the day Nian Yue successfully treats Old Master Ming!”

Doctor Li said aggressively and left!

Ming Fu hurriedly apologized to Nian Yue, “Miss Nian, I’m really sorry. Do you have any other materials you need? I’ll get someone to prepare them quickly...”

“There’s no need for anything else. Give me the old man’s previous examination report.”

Nian Yue instructed.

She could only treat Old Master Ming’s illness if she knew what the issue was.

Although her wood-elemental power was not specialized in treatment, it was still able to treat small cancers in this era.

Ming Fu received her instructions and hurriedly went to prepare.

Doctor Li returned to his office aggressively. Almost as soon as he sat down, the door was pushed open.

“I heard that Doctor Li isn’t going to treat my father anymore?”

A man in his twenties came in from outside. He looked very young.

His suit accentuated his slender figure. His phoenix eyes narrowed slightly, mixed with mockery.

If one looked carefully, they would realize that he looked a little like Ming Fu.

“Second Young Master...”

When Doctor Li saw him, he hurriedly stood up to welcome him.

Compared to a gentle young master like Ming Fu, he was more afraid of this unpredictable second young master.

Because you never knew when he would stab you in the back.

“We can be considered old acquaintances. Doctor Li, you don’t have to be polite with me.” Ming Shao waved his hand at him. “I wonder how confident Doctor Li is about my father’s illness?”

“Second Young Master, you know that Old Master Ming is already at the late stage. I...”

“What if we add Teacher Su from the Imperial University of Pharmaceutics to your team?” Ming Shao suddenly asked slowly.

“You mean, you’ll send someone to assist me?” Doctor Li reacted almost instantly.

“In that case, how confident are you?”

“If we include Teacher Su...”

Doctor Li calculated in his heart. He had decades of treatment experience. If he included Teacher Su, he had at least a 50% chance!

At least it meant that the patient had half a chance of survival! Furthermore, with current medical technology, there was no cancer that could be cured!

If he developed a drug to treat cancer, not only would he be able to hold his head high in the Imperial Capital in the future, even the people from the International Alliance would have to bow down to him!

At the thought of this, Doctor Li became excited. “Second Young Master, don’t worry. I promise I won’t disappoint you!”

“Doctor Li, I believe you will do your duty as a doctor.” Ming Shao smiled insincerely.

Now that Old Master Ming’s life and death were unknown, no one knew who the inheritance rights would fall to.

Between him and Ming Fu, whoever cured Old Master Ming first would be able to make their presence known to Old Master Ming.

“Second Young Master, don’t worry!”

Doctor Li patted his chest and promised him!

...

Lan Xin had been increasingly quiet these few days. As long as she walked on the road, she would feel her classmates pointing at her.

She was clearly the first chosen by Teacher Su!

Why did Nian Yue have to take the exam in front of the entire school and embarrass her!

All of this was because of Nian Yue.

Lan Xin was so engrossed in her thoughts that she did not even realize that her nails were embedded in her palm.

Coincidentally, her phone rang. When she saw the caller ID, Lan Xin didn’t dare to let her imagination run wild anymore. She hurriedly took out her phone and answered, “Teacher Su...”

“I have an opportunity here. I wonder if you’re willing?” Teacher Su went straight to the point.

“Teacher Su, please tell me. As long as I am able to, I will definitely do it!” Lan Xin hurriedly expressed her loyalty!

She had thought that Teacher Su would give up on her after being suppressed so much by Nian Yue. She did not expect Teacher Su to take the initiative to look for her!

Did this mean that she was quite important to Teacher Su? Just thinking about this made Lan Xin extremely excited!

“Doctor Li has a cancer research project and needs someone to do it. If it succeeds, do you know what this would mean for your reputation at the Imperial University?”

“Teacher Su, don’t worry! I will definitely work hard!”

Lan Xin hurriedly nodded!

Then, she saw that Teacher Su had already sent over the information. Lan Xin hurriedly opened it, and when she saw the mentor on it, she was so excited that she almost jumped up!

This was Li Zhigang!

He was a famous specialist in the Cardiology Department at Imperial University. Ordinary people would not even have the chance to do research with him!

She did not expect Teacher Su to trust her so much. She gave her such a good project so easily!

Lan Xin did not dare to delay anymore. She hurriedly packed her bag and went straight to the location sent by Doctor Su!

When she went down the dormitory building, she happened to see Lin Nan and Wang Zhizhi on the way.

Wang Zhizhi was chewing on a candied fruit.

Seeing Lan Xin rushing over, her face was filled with doubt. "We still have class in the afternoon. Why is Lan Xin in such a hurry?"

"I don't know. Maybe it's because she doesn't deserve to be number one and feels guilty." Lin Nan shrugged. "But Sister Yue wasn't around for the entire day. Where did she go?"

Wang Zhizhi took a bite of the candied fruit. "She must have gone to earn money."

“Earn money?” Lin Nan looked incredulous. “If she wanted to earn money, she could have made a lot of money by making a trip to the casino. Why did she have to spend a day...”

After all, he had been frightened by Nian Yue’s gamble at the casino.

“You don’t understand. This is called fun.”

Wang Zhizhi could not be bothered to explain to him.

Since Nian Yue was willing to spend this time to earn this money, she must have her own reasons!

Lin Nan was speechless.

“Sorry, I offended you.”

...

Ming Fu quickly found all kinds of herbs according to the prescription Nian Yue gave him.

Nian Yue took a look at them. She had wood-elemental power and could sense the properties of these herbs with a slight raise of her hand.

Although they were different from the illustrations in the ancient books, they were much better than the post-apocalyptic world.

It just took too much of her supernatural power.

“Miss Nian, I have a medical team here. If you need anything, I can get someone to come over,” Ming Fu suggested.

“Sure.” Nian Yue nodded.

After all, medical teams were still needed in this era. It was not that she could not go through the motions to do as the Romans would.

Ming Fu was very efficient. While Nian Yue was nodding, he had already gotten someone to prepare the information of a few medical staff. “Miss Nian, look, these medical staff have very rich clinical experience...”

Nian Yue took the information and casually flipped through a few pages. She already had a rough understanding.

“Bring me there.”

It was better for her to choose the medical staff herself.

“Follow me.”

Ming Fu brought them to the medical team’s laboratory.

Inside the laboratory, several medical staff had already received the news and were discussing.

“Have you heard? Young Master seems to have found a doctor who can treat cancer...”

“I heard, I heard! I think she’s a student at the Imperial University of Pharmaceutics!”

“She’s still in university. How old can she be? She actually wants us to assist her...”

...

Their voices were filled with disdain.

No matter what, they were doctors with rich clinical experience. They would definitely be extremely unwilling to help a student who was still studying at the Imperial University!

While they were discussing, the laboratory door was pushed open from the outside. Who else could it be but Ming Shao?

“Second Young Master...” The doctors hurriedly greeted him.

Ming Shao went straight to the point. “You know about my father’s illness. It’s already at the point of no return. I’ve invited Teacher Su from the Imperial University to help Doctor Li research a drug to treat cancer. Are any of you willing to join Teacher Su and Doctor Li’s team...”

“I’m willing!”

As soon as he finished speaking, a doctor hurriedly raised his hand. “I’m willing too...”

“Young Master Ming, chose me. I have the most clinical experience...”

...

The doctors rushed to raise their hands.

This was Teacher Su from the Imperial University!

The pharmaceutical teacher that the international alliance had repeatedly invited!

It was said that her alchemy skills were superb!

If they followed Teacher Su and developed a drug to treat cancer, their status would definitely rise in the future!

“Teacher Su, which one do you want to choose?” Ming Shao asked with a smile.

Teacher Su glanced at the group of doctors and said reluctantly, “Let Lan Xin pick!”

To be honest, she did not fancy this group of doctors.

She studied pharmaceuticals, which was far from clinical medicine.

Lan Xin was about to say something when she was interrupted by a voice in a hurry. “Wait!”
