

The National Goddess Reborn 297-300

Chapter 297: Settling Scores (2)

“Your room?”

Surprise flashed across Nian Yue’s eyes.

Mo Yi wasn’t so poor that he couldn’t even afford to rent a room, right?

“If it’s not my room, could it be yours?!”

The girl was furious. “You ugly freak! You’ll go to jail for entering someone else’s room without their permission!”

Li Zelan was furious. She walked over in two to three steps and was about to slap her!

This cruise ship was specially rented by her father for her birthday!

Now, it was all ruined by this ugly freak!

Thinking of this, Li Zelan was so angry that she wanted to kill someone!

However, before she could slap him, someone suddenly grabbed her wrist!

The cold girl's expression was extremely cold.

"Your room?"

Nian Yue chuckled. "If I remember correctly, we only changed rooms at twelve. What time is it now?"

"You!"

Li Zelan's expression turned ugly when Nian Yue exposed her.

"Attacking a person's appearance is the worst behavior." Nian Yue sneered before letting go.

Li Zelan was furious with her and was about to continue attacking.

The cold girl suddenly turned around.

Those eyes were extremely cold.

Li Zelan shivered almost subconsciously.

It was not until Nian Yue left that the suffocating coldness that enveloped the entire space gradually disappeared.

Li Zelan was so angry that she threw the towel in her hand!

Why was this person so annoying!

Li Zelan walked out of the door aggressively and entered the innermost room!

“Dad!”

Li Zelan pushed the door open angrily. “I’m so angry! I just met an ugly monster!”

However, just as she entered and before she could say anything, Li Zheng berated her loudly, “Shut up! Can’t you see that the guests are still around?”

Li Zelan was usually pampered and had never been reprimanded by her father.

Now that she was suddenly reprimanded by Mr. Li, Li Zelan's expression turned ugly.

She subconsciously looked in the direction of the main seat.

At the head of the table sat an elegant man.

The man was dressed in a silver-white suit that accentuated his slender figure. When his light blue eyes looked at you, they seemed to be mixed with indescribable affection.

Without a doubt, this was an extremely handsome man.

Li Zelan had never seen such a handsome man.

"The girl is still young. Why are you so serious?" Mo Yi chuckled. The red wine glass in his hand swayed slowly, then he took a sip.

He kept a gentle smile on his face.

“Dad!” Li Zelan was a little embarrassed.

“I’m sorry. I’ve embarrassed myself in front of Lord Mo Yi. Ze Lan is my only daughter. I’ve spoiled her since she was young,” Li Zheng said apologetically.

He had dealt with Mo Yi before and knew that this man was always smiling.

But if he turned around, he could stab you.

“It doesn’t matter.” Moi chuckled. At that moment, he seemed to be interested in what Li Zelan had said. “Who was the ugly monster your daughter mentioned just now?”

“She’s the one who was in my room just now!”

Li Zelan was furious. “She made a mess in my room! Don’t let me touch her next time, or I’ll cut her face with a knife!”

Thinking of that face, Li Zelan was furious!

She was the best-looking one! Anyone she looked down on was ugly!

“Your daughter really has some of your old aura.” Mo Yi looked like he couldn’t help but laugh.

“Hahaha...”

It was obvious that Li Zheng liked what Mo Yi had said.

“Zelan, go out first. I have something to discuss with Lord Mo Yi,” Li Zheng didn’t forget his business as he instructed Li Zelan.

Li Zelan left aggressively.

The room returned to silence. Li Zheng then said seriously, “Lord Mo Yi, what do you think of my suggestion just now?”

“Oh...”

Mo Yi seemed to be thinking carefully about what he was saying. “I wonder what would happen if I agree to Mr. Li’s condition?”

“I know that the mercenary group has always wanted to enter Country Z’s territory. They have no choice but to be vexed.” Li Zheng stated his conditions. “Even if they enter occasionally, they have to change their identity every 24 hours. This is because Country Z’s hunting techniques are faster. This is also something that Lord Mo Yi has been troubled about.”

The country took a defensive stance to the arrival of the mercenary corps. This was also why Mo Yi had to leave as soon as possible every time he went over.

“If we close this deal, I can help Lord Mo Yi fake his identity. No one will be able to find out.”

Since Li Zheng dared to say this, he would have his own considerations.

“The offer...” Mo Yi chuckled. “It sounds tempting. But...”

Then, Mo Yi changed the topic. “Don’t you think you’re giving too little and wanting too much?”

“Lord Mo Yi means...”

“I want 30% of Country Z’s assets.” Mo Yi stated his conditions.

“That’s too much...”

Li Zheng shook his head. He had conquered so much in his life. In order to complete this business, he had almost given away a third of his assets.

This business was not worth it!

“Mr. Li has three minutes to think...” Mo Yi was in no hurry. His voice was still slow. “After this time, if Mr. Li wants to find me again, it will depend on my mood.”

“1...”

Li Zheng was still a little conflicted. This business was too big!

If he succeeded, it would bring him endless wealth!

Compared to the endless wealth in the future, 30% was nothing!

“Okay! I agree!”

At the thought of this, Li Zheng nodded heavily!

Chapter 298: Danger

Wasn't it just 30% of the shares?!

He would just give it to him

"But there's something I'm curious about..." Mo Yi rubbed his chin and continued. "What's your grudge with Fu Xiuyuan?"

If he had a grudge against Fu Xiuyuan, it could be explained. After all, two tigers could not share one mountain.

However, Li Zheng did business overseas which had nothing to do with Fu Xiuyuan.

"To be honest..."

Li Zheng had no intention of hiding it from Mo Yi. Instead, he continued, "This is about the competition between the Li family and the Fu family. We encountered an interception at the checkpoint when we were exporting. The person who intercepted us was from the Fu family..."

"Understandable."

Hearing Li Zheng say this, Mo Yi waved his hand, indicating that he understood.

“Thank you, Lord Mo Yi.”

Li Zheng bowed deeply to Mo Yi.

Today’s business was very important to him.

But now that Mo Yi had joined them, he believed that it would be very successful!

Mo Yi chuckled, the smile on his face as always. Then he walked out slowly.

Almost as soon as he walked out, Fan Mei greeted him. “Commander.”

“Cut Li Zelan’s face off,” scoffed Mo Yi.

He was still holding a sharp fruit knife and waving it around.

Fan Mei had no doubt that if Li Zelan was here now, this fruit knife would already be on her face!

“Commander, this isn’t too good...”

Fan Mei hesitated.

After all, they had just reached an agreement with Li Zheng.

What would Li Zheng think if she were to scratch Li Zelan’s face now?

“Why? Do you have a problem with that?” Mo Yi glanced at her. The look was faint, but it was intimidating.

“Commander...”

Fan Mei was almost suffocated by the powerful superpower on his body.

But she was unwilling to give up. She had to say it.

“Is it because of Nian Yue?”

It was because Li Zelan had called her ugly that Mo Yi wanted to kill her.

“Commander, is it because you like her?” Fan Mei continued to ask.

Clearly, they and Nian Yue were on two completely different trajectories!

The last time Nian Yue was injured, the regiment commander had become abnormally weak for a period of time. It must have something to do with Nian Yue!

“Fan Mei, you know too much!”

Mo Yi’s voice suddenly turned cold!

Fan Mei was knocked to the ground by the powerful superpower!

“Cough, cough...”

Fan Mei’s internal organs were about to come out. Her face was pale, and she did not dare to say anything else.

“Fan Mei...”

Seeing her get up from the ground in a sorry state, Mo Yi suddenly said slowly with a hint of gentleness in his voice, "Do you remember how we first met?"

"I remember."

Fan Mei wiped the blood from the corner of her mouth.

In that dark place, they fought with wild dogs for food every day.

When she'd been beaten to within an inch of her life and had been about to be sold, it had been Mo Yi who'd saved her.

"What did I say at the time?" Mo Yi asked, still taking his time over the gun.

"We will be kings of this world."

Fan Mei lowered her head and answered respectfully.

"This goal will never change." Mo Yi chuckled.

He was not capable of liking someone.

...

Before Nian Yue could return to the deck, she was blocked by Wang Zhizhi and Lin Nan.

“Sister Yue, where did you go? We called you but you didn’t answer...”

Lin Nan ran over with an anxious expression.

“I was delayed by something just now.” Nian Yue’s lips twitched. “You guys should play. I still have something on.”

After she treated Fu Xiuyuan, she went to settle scores with Mo Yi.

She was more worried about Fu Xiuyuan’s injuries now.

“Alright, if anything happens to you, you must inform us immediately!”

Before leaving, Wang Zhizhi instructed worriedly.

“Okay.”

Nian Yue nodded in agreement and strode out.

However, when she arrived at Fu Xiuyuan’s room, she realized that there was no one there!

There were traces of a fight in the room!

At this moment, Nian Yue received a call.

“Is this Miss Nian?”

The other party used a card voice changer and said in a hoarse voice, “Fu Xiuyuan is in my hands now. If you want him, come to the third floor.”

Before Nian Yue could say anything, the other party hung up.

“Is that so?”

Nian Yue sneered.

Good. This was the first time she’d met anyone who dared threaten her like this.

...

Same time.

Lin Nan had just come out of the water when she saw Nian Yue’s message.

When he saw the content of the message, his eyes lit up!

Then, he showed the information to Wang Zhizhi and Li Yi. “We’re in for some fun!”

If they were still resistant to the so-called mission at the beginning!

Now, following Nian Yue, he only felt excited!

In their eyes, there was nothing that Nian Yue could not do!

“Really?”

Wang Zhizhi’s eyes lit up when she saw the news. Then, they looked at each other and quickly changed back into their combat uniforms before heading to their destination!

...

Inside the lower deck of the cruise ship

The two men were sitting opposite each other.

Li Zheng still had the smile of a businessman on his face. “Mr. Fu, we haven’t seen each other in a long time. I’m very sorry for using this method to invite Mr. Fu over... I’m sorry.”

Fu Xiuyuan was leaning back in his chair, his face expressionless.

He did not seem surprised by his current encounter.

“CEO Li spent so much effort to invite me over just to say this nonsense?” Fu Xiuyuan raised his eyebrows and asked, but his words were not polite at all.

“Cough...”

Since he had already spoken, Li Zheng couldn't be bothered to continue pretending.

“Since Mr. Fu is a sensible person, I won't beat around the bush. I want the Fu family's exit pass.”

Li Zheng directly stated his conditions.

He had a batch of goods in his hands and could not get out.

It was mainly because he was stuck in the situation.

The Fu family had been in the cross-border business for so many years and had their own say in cross-border.

As long as he had the Fu family's pass, he could cooperate with the other party without any obstructions.

“Is this how CEO Li engages people?”

Fu Xiuyuan’s lips curled up slightly. He was under anesthesia and couldn’t move.

“CEO Fu, you must be joking. Even if I had a hundred guts, I wouldn’t dare to do anything to you.”

Li Zheng laughed dryly. “It’s just that the situation is special now. I hope President Fu doesn’t mind.”

Although his words sounded nice, he had no intention of untying himself.

“You think I haven’t seen enough of this threat over the years?”

Fu Xiuyuan scoffed.

As the successor of the Fu family, from the moment he was born, he had already been targeted by all kinds of people with ill intentions.

He had seen such a scene countless times before.

“I wouldn’t call it a threat...”

Li Zheng laughed dryly. “It’s just that you also know that I’m just a small fry. How can I have such ability!”

Almost as soon as he finished speaking, he saw Fan Mei walking over with a sniper rifle.

“Mo Yi’s men?”

Fu Xiuyuan wasn’t surprised.

From the moment he’d met Mo Yi, he’d known that it wasn’t his style for the man not to do something.

“Fu Xiuyuan, don’t talk so much.”

Fan Mei strode over and took out a contract. “Sign it and we’ll go our separate ways. Otherwise, don’t blame me for being rude!”

Fan Mei’s eyes were already filled with killing intent!

Mo Yi had stopped her just now.

But now that the regiment commander was not around, it was the best time for her to get rid of Fu Xiuyuan!

Nian Yue almost followed the GPS to the third floor of the deck.

She wasn't surprised to see Mo Yi.

"Did you do it?"

Nian Yue frowned and her aura instantly turned cold!

"Yue, I just said we'll meet again soon." Moe chuckled, then snapped his fingers.

Almost as soon as he snapped his fingers, many people walked out from the shadows. Everyone had guns in their hands.

"Although I want to have a good fight with you today, I don't have the chance."

Mo Yi sighed.

He wanted to have a good fight with Nian Yue every time.

However, things did not go as planned.

Moreover, his goal this time was not to spar with Nian Yue, but to take advantage of this opportunity to delay her.

“Is that so?”

Nian Yue chuckled and quickly attacked!

In the blink of an eye, she had already arrived behind the person closest to her. Then, she grabbed that person’s neck!

With a crack, the person passed out!

She was extremely fast!

The group of people who were about to shoot her had already fallen one after another!

Nian Yue frowned and attacked even faster!

In just a few minutes, the group of people had all been knocked down by her!

Clap! Clap! Clap!

Mo Yi's clapping sounded behind her.

Only then did Nian Yue look up and glance at him. "Move aside!"

She was in a hurry to save someone and did not have time to talk nonsense with him!

"Oh..."

Mo Yi glanced at the time before saying slowly, "It's about time. Take your time!"

Then, he chuckled and left!

Nian Yue did not have time to care about what he meant. She held her breath and slowly sensed the surrounding superpowers.

Superpowered people also had another ability, which was to sense people who had superpowers like them.

The stronger the superpower, the greater the perception.

And Nian Yue's electric power was almost full.

In just an instant, she had already sensed the location of the superpower!

There it was!

Nian Yue narrowed her eyes and disappeared on the spot!

Chapter 299: Now, Get Lost Together!

On the other side, Fan Mei had already loaded the bullet!

Today, she had to get rid of Fu Xiuyuan!

“Go to hell!”

Fan Mei narrowed her eyes. At the thought that she could get rid of Fu Xiuyuan today, her blood boiled!

Their regiment commander’s number one enemy, one of the two famous international kings, was going to die at her hands today!

Just the thought of this outcome excited her!

Crack! Fan Mei had already pulled the trigger!

As long as she could move Fu Xiuyuan today, he would definitely die!

It was too late!

Just as the bullet was about to hit Fu Xiuyuan, a black shadow suddenly flashed past!

Nian Yue grabbed his wrist and threw him to the ground. Then, she rolled on the ground!

She barely dodged the bullet!

“Are you okay?”

Nian Yue quickly pulled him up from the ground and touched Fu Xiuyuan to confirm that he did not have any external injuries.

She shielded him!

“Leave it to me!”

Nian Yue’s voice instantly turned cold. Following her voice, even the air turned cold!

Then, she took out her pistol and fired without thinking!

Bang! Bang! Bang!

Nian Yue narrowed her eyes. After a few consecutive bullets, even the air had the smell of gunpowder!

Under her intense attacks, the sniper rifle in Fan Mei's hand was almost useless!

She could only be beaten up passively!

The reason was that Nian Yue was too fast!

It was so fast that no one could react!

Bang! This was the sound of a bullet hitting her knee!

Fan Mei's face turned pale from the pain. She tried her best to lift the sniper rifle and aim it at Nian Yue!

However, what followed was an even more violent attack!

"Bang!"

Her wrist was suddenly hit by a bullet. Fan Mei screamed in pain. With a crack, the sniper rifle had already fallen to the ground!

Then, the black muzzle was already pressed against her forehead!

The aloof girl had already walked up to her. "Did I tell you not to court death in front of me?"

Nian Yue's voice was extremely cold. Even the surrounding air seemed to have turned to ice!

"How is that possible?"

Fan Mei's face was still filled with disbelief.

How could Nian Yue be so fast!

Furthermore, she could actually dodge the bullet!

"Sister Nian Yue, I've finally found you..."

Jiang Jincheng ran over, panting. When he saw the mess, he was already dumbfounded. "What's going on?"

"Bring her down."

Fu Xiuyuan frowned and coughed dryly.

His face was extremely pale.

In order to save Nian Yue, he had used too much of his supernatural powers.

As a result, he had been recovering for the past few months.

However, he was shot by Mo Yi today. His body was already at the end of its rope.

Li Zheng was scared out of his wits. He only wanted someone to threaten Fu Xiuyuan into signing that contract!

However, he never expected that Fan Mei would actually want Fu Xiuyuan's life!

That was Fu Xiuyuan!

In the capital, he was like a god!

While the few of them had no time to pay attention to him, Li Zheng lay on the ground and was about to leave secretly.

Just as he was about to take a step, a black shadow suddenly enveloped his vision!

The aloof girl had already stood in front of him.

The small silver pistol in her hand was pressed against his forehead!

“Now, get lost with Fan Mei.”

Nian Yue’s voice was extremely cold.

At this moment, Li Zheng had the illusion that Nian Yue really wanted to kill him!

Li Zheng was so scared that his legs went weak!

He was dragged away by Jiang Jincheng’s men!

Nian Yue retracted her gun and walked up to Fu Xiuyuan in large strides. "What's wrong with you today?"

Her tone was not good, but the concern in her eyes was real.

Fu Xiuyuan's supernatural power might be stronger than hers. It was impossible for a small anesthetic to trap him.

"I want to experience the feeling of being saved..." Fu Xiuyuan chuckled, as if the weakness just now was just an illusion.

"You..."

Nian Yue was about to attack angrily when she remembered that Fu Xiuyuan had just been shot today. Although she had used her wood-elemental power to treat him, his injuries were still there. At this moment, she naturally could not mess around.

In the end, Nian Yue was so angry that she kicked the bend of his leg!

Fu Xiuyuan rarely saw her lose her temper. Now that he saw that cold face, it was filled with anger and inexplicably looked more adorable.

Fu Xiuyuan chuckled and reached out to pinch her cheek.

Nian Yue glared at him angrily. "Why did Mo Yi and Li Zheng team up to capture you this time?"

As far as she knew, Li Zheng did domestic business, and Mo Yi was usually active overseas.

The two of them had an unrelated relationship.

"Li Zheng needs a pass from Country Z for this business," Fu Xiuyuan explained to her. "The Fu family has the right to travel freely overseas. He needs me to let him pass."

When Nian Yue heard his explanation, she did not look surprised at all.

In the post-apocalyptic world, people would use all kinds of methods to achieve their goals.

Compared to those methods, these were simply child's play.

"But I sensed other Espers on this ship." Nian Yue narrowed her eyes.

The Esper she sensed had a very messy aura.

“These are the goods that Li Zheng is preparing to export this time,” Fu Xiuyuan explained to her.

“An Esper?”

Nian Yue reacted almost instantly.

“Yes.” Fu Xiuyuan nodded. “Do you remember why those people captured you?”

“The living dead?”

“Yes!”

Fu Xiuyuan nodded heavily. “There are many Espers in the country. Some of these Espers have just appeared, and some don’t know that they have supernatural powers at all. Last month, these Espers suddenly disappeared mysteriously. I got someone to track them to this cruise ship...”

At this moment, someone sent Nian Yue a message.

It was from Wang Zhizhi.

A location.

Nian Yue chuckled. "We've found the base camp. Are you interested in seeing how we can get rid of them all?"

On the way back from her fight with Mo Yi, she had sensed other supernatural powers on this cruise ship, so she asked a few people to help her investigate.

She did not expect there to be news so soon!

"Of course."

Fu Xiuyuan agreed readily.

This was what he wanted to settle on this trip.

It was best to be with Nian Yue now.

He wondered what their expressions would be when they saw him!

Chapter 300: Prison, New Esper!

“Boss, we’re in basement one now. The situation inside is not optimistic...” Li Yi’s voice came from the walkie-talkie.

“Alright, I understand. Wait for me.”

Nian Yue hung up the walkie-talkie and quickly walked towards the basement.

The basement was like a grocery store, filled with mainly goods.

When Nian Yue pushed open the door and entered, a strong smell of decay came.

The air was mixed with the smell of blood and stench, making one feel nauseous.

“Sister Yue, you’re finally here...” Lin Nan saw her enter and hurriedly went up to her.

“What’s going on?” Nian Yue glanced around.

The basement was very dark and there was no light at all.

Even if Nian Yue had good night vision, it would take some time for her to adapt.

“We found a lot of people here...”

Li Yi’s expression was a little indescribable. He was about to reach out and put his hand on Nian Yue’s shoulder, but when he saw Fu Xiuyuan behind Nian Yue, he felt a chill down his spine.

This man’s aura was too strong!

He was not someone he could afford to offend!

Furthermore, his gaze was on Nian Yue from the start to the end.

“They seem to be people who have been experimented on. Most of them are women,” Wang Zhizhi said from the side. “Besides, they seem to be different from normal people...”

Almost as soon as Wang Zhizhi finished speaking, Nian Yue had already strode in.

The deeper they went, the stronger the smell of blood became.

There were many cages made of iron welding in the basement. The cages were as tall as a person and about 50 centimeters wide; they could just accommodate one person.

The most shocking thing was that there was a person in every cage.

There were men and women. Most of them looked to be less than 30 years old!

Everyone was in a daze. There was a chain around their necks, and the other end of the chain was connected to the outside of the metal cage.

“Are these the goods that Li Zheng wants to export?” Nian Yue walked to the nearest cage and squatted down.

The girl inside looked to be in her teens. Her hair was messy and her eyes were listless.

When Nian Yue came in, her face was filled with anxiety as she reached out to grab Nian Yue.

She desperately wanted to catch her and say something.

However, she could not make a sound!

“Yes.” Fu Xiuyuan nodded. “The Fu family found out that he was involved in human trafficking, but there’s no specific amount...”

This was also the reason why he had to come over today.

“Ha...” Nian Yue chuckled and her aura instantly turned cold.

As a strong person, she would never attack the old, weak, sick, or disabled.

That was what she despised the most!

Even on the battlefield, she had never forced the old, weak, and sick of the enemy!

Nian Yue raised her hand slightly and held her breath. She could already feel the surrounding supernatural powers gathering in her direction.

These supernatural powers were emitted from the people in these cages.

There were all kinds of supernatural powers.

Future, Space, Healing, Metal, Wood...

They were too weak.

Compared to her lightning power, these supernatural powers were not even one ten-thousandth as strong.

These superpowers should have just been awakened.

“I think I’ve caught my biggest prey...”

A chuckle came from above.

With a click, all the lights in the basement were turned on. The entire basement was instantly as bright as day!

In an instant, a group of people appeared above their heads!

Everyone was holding black guns. It was obvious that they had been waiting for them for a long time.

“Oh, they seem to be from the special forces...” The leader sneered. “I thought that today was just an ordinary escort mission. I didn’t expect to have such a huge harvest...”

The special forces team...

The famous General Chang Sheng of Country Z.

It was said that he had never lost to anyone!

He did not expect to meet her today!

“And...” That person narrowed his eyes and his aura was a little cold. “The Fu family... is really lively today.”

Almost as soon as he finished speaking, he had already waved his hand. The group of people who were pointing the black muzzle at them had already arrived in front of Nian Yue in the blink of an eye and surrounded her.

Their speed was shockingly fast!

It could even be said that their speed was different from ordinary people!

“Are they also Espers?”

Nian Yue narrowed her eyes and held her breath. She could already feel the foreign powers around her spreading out continuously.

These Espers were much stronger than she had imagined!

“Oh...” Qu Lang chuckled. “This is the first time I’ve been so excited. I haven’t seen such a powerful Esper in a long time...”

They had thought that today was just a boring mission, but they did not expect to meet such an interesting supernatural being.

“You...”

Qu Lang casually pointed at the person closest to him. “Have fun today. Let me see how capable the people from the special forces are. CEO Fu, do you want to participate today?”

“So weak, are they worthy?” Fu Xiuyuan sneered, crossing his arms, his voice full of disdain.

“It’s a pity that President Fu doesn’t want to play with you.” Qu Lang’s voice was filled with regret. “However, the few people from the special forces should be enough for you to play with. Liu Jing, you go.”

“Yes!”

The person called Liu Jing had already walked over in large strides.

His name did not match his figure at all. He looked to be more than two meters tall and was carrying a heavy sniper rifle.

Almost with every step he took, the ground trembled.

“Heh...” This was the first time Nian Yue had seen such an arrogant person. She stretched out her long legs and hooked a chair over to sit there.

Instead, she crossed her legs and asked them calmly, “Who wants to try?”

In any case, it had been a while since the special forces had come out to play. She did not mind giving them a good time.

In any case, they could take a beating.

“Me!”

Wang Yang was the first to run out. He had previously fought in the underground boxing ring. He had the greatest advantage against such a strength-type player.

Looking at such a powerful opponent, he was already eager to try.

It was a good opportunity to test the results of his recent training!

“Little fellow, I won’t be responsible if I kill you.” Liu Jing sneered, his voice filled with arrogance and disdain.

He was a strength-type Esper and could defeat an army with one punch.

Dealing with a small normal person was as easy as crushing an ant.

“Don’t worry, he won’t die.” Nian Yue chuckled. “Wang Yang, let’s go.”

“Yes, Boss!”

With Nian Yue's encouragement, Wang Yang immediately became interested!

When Liu Jing saw him rushing over, he immediately dodged to the side!

Then, he grabbed his arm and pressed him to the ground!

His speed was extremely fast!

He was strong!
