

The National Goddess Reborn 301-306

Chapter 301: Team Battle!

Wang Yang had almost no time to resist!

“What a noob!”

Liu Jing said disdainfully. He suddenly exerted force in his hand, wanting to kill Wang Yang!

“How can he be so strong?” Wang Zhizhi’s face was filled with disbelief!

No matter how strong an ordinary person was, it was impossible to punch a hole in the floor!

And Wang Yang, a man who weighed more than a hundred pounds, was like a doll in his hands!

“He seems to have been modified...” Lin Nan said, rubbing his chin.

He had seen Nian Yue use her supernatural power, so he naturally knew that there were some extraordinary powers in this world.

And the power that Liu Jing used looked like those supernatural powers.

“He might not have been modified. He might have been born with it,” Li Yi said with narrowed eyes.

“Should we help?” Wang Zhizhi was a little worried.

“Since Boss sent him out, she naturally has her reasons,” Li Yi said.

Furthermore, they believed that Nian Yue would not let anyone fall into an absolutely dangerous situation.

“Oh...” Qu Lang’s sarcastic voice sounded.” These are the people from the special forces. Are they actually so lousy? ”

He had thought that he would be very powerful, but he did not expect him to not even be able to withstand a punch!

“Rookie?”

Wang Yang’s voice sounded. Then, he suddenly jumped out of Liu Jing’s clutches and kicked Liu Jing’s face!

He was extremely fast. Liu Jing was caught off guard by his kick and fell to the ground!

“Your people are the real noobs!” Wang Yang sneered. Then, he stretched his muscles, his face full of arrogance. “You have supernatural powers, but you were still beaten down by me with one punch!”

“Interesting...” Qu Lang looked interested. “Liu Jing, use your superpower. ”

“Yes.” Liu Jing stretched his muscles and started fighting with Wang Yang!

If he had used 10% of his superpower just now, this time, he had used almost 100%!

His movements were unstoppable. Wang Yang could not resist his attacks at all!

Wang Yang was forced to retreat!

“Pfft!”

Wang Yang spat out a mouthful of blood and flew out heavily!

This time, Liu Jing punched him in the chest, determined to knock out his internal organs!

“Die!”

Liu Jing’s eyes were already red from killing. It had been a long time since he had fought so happily!

Especially when the other party was from the special forces!

Liu Jing’s punch was extremely strong. If this punch really hit Wang Yang, he would definitely die!

Wang Yang watched as the punch got closer and closer to him. He held his aching chest and tried his best to stand up, but he realized that he did not have any strength!

Was he really going to die here today?

“Bang!”

In the blink of an eye, the sloppy Nian Yue had already arrived in front of Wang Yang and their fists collided!

Even the air was a little warmer!

She was so strong!

This was Liu Jing's first reaction!

She looked like a girl who weighed less than 100 pounds, but her strength was vaguely greater than his!

With a bang, Nian Yue swept her leg and kicked him out!

Liu Jing was kicked to the ground!

He seriously suspected that Nian Yue was using her position to take revenge.

How did he kick Wang Yang just now? Nian Yue had kicked him back in the same way!

"Are you alright?"

Nian Yue walked in large strides to Wang Yang and reached out to pull him up.

“Cough, cough...”

Wang Yang almost coughed out his lungs from the beating!

However, when he thought about how Nian Yue had appeared in front of him like a hero and blocked all the damage for him, he was overjoyed.

Wuwuwu...

The feeling of being protected by the Boss was too good!

“I’m fine...” Wang Yang said with difficulty.” Pfft...”

Almost as soon as he finished speaking, he spat out another mouthful of blood.

“Take this.” Nian Yue took out a pill and gave it to him.

“Thank you, Boss!” Wang Yang was moved to tears.

“Tsk, tsk, tsk...”

Qu Lang, who had been watching the battle, clicked his tongue. “As the leader of the special forces team, you actually allowed your subordinates to be beaten up like this? In my opinion, you guys might as well not follow her... following me is much more promising than being in the special forces...”

“Pfft!”

Wang Yang was the first to disagree. “Who wants to follow you! I’m happy to be beaten up!”

Furthermore, in Nian Yue’s words, only when he had been beaten up enough would he know where to hit. In the future, when he fought with others, he would know where to hit!

“This is the first time I’ve met someone with such a strange request.” Qu Lang sneered.

“I advise you not to disturb us...”

Lin Nan sneered. “Use all your superpowers. Do you think I’m afraid?”

It just so happened that he had been too bored in school these few days, so he could have some fun!

“Alright, I like your arrogance.” Qu Lang laughed out loud and snapped his fingers. “You guys, go and meet them.”

Almost as soon as he finished speaking, a few people had already walked out from behind him.

Almost as soon as the group of people came out, Nian Yue felt the powerful foreign power on them.

It was even stronger than Liu Jing’s supernatural power!

“Come at me together.”

Lin Nan stretched his muscles and even Li Yi followed.

Wang Zhizhi also ran over.

Although Wang Zhizhi was a girl, she had been training with Lin Nan and the others at the recent stage. In addition, Nian Yue had returned this time, increasing the difficulty of training.

Therefore, their abilities had already improved qualitatively without her knowing!

Almost as soon as Lin Nan finished speaking, the few of them had already started fighting.

Nian Yue was still sitting like a big boss. She crossed her legs and crossed her arms, looking a little nonchalant.

Qu Lang had been looking over.

This girl was different from the others.

As the leader of the special forces, she was not afraid that her team could not defeat them. Instead, she watched the battle with interest.

Ordinary people would definitely lose to Espers this time!

He wondered if she would still be as calm when she saw the tragic state of the special forces later!

Other than the Flowing Crystal, which was a strength-type superpower, some of the other superpowers were speed-type, and some were offensive.

They looked no different from ordinary people, but when they really attacked, they would make people unable to retaliate!

“No! His speed is too fast!” Lin Nan panted as he dodged that person’s attack. Almost as soon as he stopped to rest for a second, the people behind him had already attacked him again!

Chapter 302: She’s a Born Commander!

Bang! A loud sound rang out!

The floor had already been smashed open by that person!

Even Li Yi’s situation was not optimistic.

Although Li Yi had undergone a long period of training and had more combat experience than Lin Nan and the others!

But this time, they had encountered someone with supernatural power!

Espers were more than a level higher than them in terms of speed and strength!

No matter how powerful they were in the special forces team, it was impossible for them to defeat so many Espers in a short period of time.

“Pfft...”

Li Yi barely dodged that person's attack. Just as he got up from the ground, he spat out a mouthful of blood!

This was the fifth time he had spat blood during this battle.

He seriously suspected that if he couldn't win later, he might die.

"Weak ordinary person, wait for death!"

As soon as that person finished speaking, his figure had already enlarged several times.

If an ordinary person was less than two meters tall, this person was at least five meters tall. Not only was he tall, even his body size was magnified by two to three times!

"Is this an amplification technique?"

Lin Nan wiped the blood from the corner of his mouth, his face filled with disbelief.

He had seen Nian Yue use her supernatural power, but he had never seen such a supernatural power that could magnify people!

“There’s such a superpower?”

Nian Yue, who had been watching the battle, raised her eyebrows and asked slowly.

“Other than the current known metal, wood, water, fire, and earth-elemental supernatural powers, there are also future-elemental supernatural powers...” Fu Xiuyuan explained to her.” However, among the supernatural powers I know, metal, wood, water, fire, and earth are the main ones. The rest are support-elemental and their attack power is average. ”

However, someone like Nian Yue, who had both wood and lightning superpowers, was an exception!

Nian Yue touched her chin and stood up slowly.

“Are you finally going to make a move?” On the other side, Qu Lang had been observing Nian Yue’s movements.

He had always wanted to see what kind of ability the leader of the special forces had!

“Lin Nan, move aside!”

Nian Yue suddenly spoke.

Hearing her voice, the few of them immediately seemed to have a backbone. Lin Nan rolled and dodged that person's attack.

"Li Yi, Wang Yang, stand in all directions. Zhizhi, use the sniper rifle..." Nian Yue's cold voice sounded.

Her voice was very light, but it was powerful on this battlefield!

When everyone in the special forces heard her voice, they almost subconsciously obeyed!

This was the tacit understanding that their team had cultivated for so long!

That Esper waved his fists and started fighting!

In an instant, only crackling sounds could be heard in the entire basement.

Not only did his figure become larger, but his strength and speed also increased.

Another person directly grew two more pairs of hands. When he moved, he was faster and correspondingly more agile!

These Espers had all been strengthened. Therefore, be it speed or strength, they were several times that of ordinary people!

In an instant, the entire basement was in a heated battle.

Under Nian Yue's lead, the people from the special forces quickly returned to normal.

"Pfft!"

This time, it was Li Yi who vomited blood.

Li Yi rolled on the ground twice and wiped the blood from the corner of his lips. He took the sniper rifle and shot at the person closest to him!

Bang! The man was hit in the arm and roared angrily. Then, he pounced on Li Yi.

"Bang!"

Wang Zhizhi, who had been hiding in the corner, shot him in the head!

She was so fast that the person did not even react.

His head was shot and he fell heavily to the ground!

“How is that possible!”

Qu Lang was so angry that his face twisted!

He had clearly spent a lot of effort nurturing and modifying these Espers!

Not to mention ordinary people, even if supernatural beings really came, they would have to fight them for a period of time before the outcome could be determined.

But today, they actually used less than ten minutes to determine the winner!

And all of this was because of Nian Yue.

She was too smart. In just a few minutes, she had already quickly found the shortcomings of a few Espers. Then, she set up and commanded in one go!

She was a natural commander!

“Cough, cough...”

Lin Nan sat in the corner, panting from exhaustion.

“Are you alright?”

Wang Zhizhi hurriedly ran over and passed the pill in her hand to him. “Yue Yue gave this to me previously.”

Lin Nan did not even look at it. He took it and stuffed it into his mouth.

In just a while, his pale face had regained its color.

“I’ve underestimated you...” Qu Lang snorted.” To think ordinary people can actually win against Espers...”

Most importantly, Nian Yue's subordinates were too resistant to beatings!

The group of people were vomiting blood from the start to the end. But it did not affect their fighting at all!

It was just like when you were playing a game. It didn't matter if you were killed. There would always be someone to heal you!

After healing, he would revive on the spot and continue fighting.

This was too infuriating!

"However, before I leave, I have a gift for you."

Qu Lang snapped his fingers and felt a chill around him.

In the darkness, a few pairs of green eyes could be seen.

Those green eyes were getting closer and closer to the middle.

Finally, when they walked into the light, the group of people could finally see what they were.

It was a group of starving lions!

Almost as soon as they saw this group of people, the lions' eyes lit up and they rushed over!

To them, the living people here were their dinner today!

When Lin Nan saw so many lions, he felt so cold that his hair stood on end! He had only seen this thing in the zoo and the animal world. He had never come into close contact with one!

Seeing these things rushing towards them with glowing eyes, Lin Nan was frightened. He took out his pistol and was about to shoot them in the head!

“Bang!”

However, the first shot was useless. It missed!

“Ahhh! Help, what the hell is this!”

Wang Yang was so angry that his face turned red. As he dodged the lion's attack, he took out his gun and prepared to fight.

Their usual targets were humans. This was the first time they had encountered so many unpredictable animals!

"Well..."

Nian Yue yawned. When she saw the lion closest to her coming over, her face was still a little nonchalant.

The lion suddenly slowed down, as if it was observing Nian Yue to see if she was a threat to it.

After an unknown period of time, the lion suddenly sped up and pounced at Nian Yue!

"Boss!"

"Sister Yue!"

The few of them were dumbfounded!

That was a lion! Nian Yue did not even dodge. What was she trying to do?!

Crack!

The few of them were dumbfounded!

They had thought that the lion would pounce on Nian Yue!

However, to everyone's surprise, the aloof girl did not even move. She raised her hand and grabbed the lion's neck. Then, she suddenly exerted force. With a crack, it was the sound of bones breaking!

The lion that was majestic just now was separated from its body and lay on the ground, completely lifeless!

That was a lion!

How much strength did she have!

However, what shocked them was that the group of lions that were about to attack others just now were all running towards Nian Yue!

Then, almost instantly, they all pounced towards Nian Yue!

The aloof girl did not even look up. She grabbed the nearest lion and threw it out!

The other lions were kicked away by her!

If lions were fast, she was not only fast, but also strong!

A lion weighed three to four hundred pounds!

However, in Nian Yue's hands, it was as simple as picking up a kitten or dog!

Then, Nian Yue took out her pistol.

She aimed.

Several gunshots rang out.

The lions that were baring their fangs and brandishing their claws just now had all fallen to the ground.

And this took less than three minutes.

There was a strong smell of blood in the air. Nian Yue sneered and slowly retracted her gun.

Then, she narrowed her eyes and appeared ten meters away in the blink of an eye.

And on the other side

Qu Lang had just jumped down from the cruise ship and boarded the yacht when he saw a cold girl standing on the cruise ship.

The girl was still dressed in white and black pants. Her face was extremely cold.

“Interesting...”

Qu Lang rubbed his chin, his interest obvious. “I thought the person Mo Yi took a fancy to was a boring guy. But today, it doesn’t look like it’s that boring...”

Almost as soon as he finished speaking, he saw that the aloof girl was already standing on the railing, raising her pistol.

And her goal was Qu Lang!

“You won’t be able to hit me.”

Qu Lang chuckled. “See you in the International Alliance!”

Almost as soon as he finished speaking, the aloof girl suddenly pulled the trigger!

There was a loud bang!

The bullet hit the water!

“Don’t waste your energy. How can you be my match...” Qu Lang’s voice was filled with arrogance.

“Young Master, bad news!”

The person who had been driving the yacht said anxiously, “There’s an oil leak!”

“What?!”

When Qu Lang heard this, he was so angry that his face distorted!

“The yacht is going to be flooded...” It was obvious that this was the first time the person had encountered such a situation, and his voice was filled with anxiety.

Qu Lang was furious. “Jump into the sea!”

He didn’t remember Fu Xiuyuan letting him off so easily!

He had caused him so much trouble today. Fu Xiuyuan would definitely take revenge on him!

The two of them did not dare to delay anymore and hurriedly jumped into the sea.

Chapter 303: So so, Third in the World

Seeing the yacht sink, Nian Yue’s lips curled up slightly before she sneered!

Then, she strode away!

When she returned to Basement One, Lin Nan and the others had just rescued the Espers from the cages.

“Sister Yue, you were so fast just now. What did you do?”

Lin Nan held his aching abdomen and could not help but ask.

“I gave him a small lesson.”

Nian Yue chuckled.

That person had caused her so much trouble and wanted to escape unscathed. How could there be such a good thing in this world?

“Sister Yue, you were so cool just now!”

When the few of them thought of Nian Yue’s actions just now, they were all extremely excited!

That was a group of lions. Under Nian Yue’s hands, they were like a few toys that were easily dealt with by her!

“So so, third in the world.”

Nian Yue waved her hand impolitely.

However, when she saw Lin Nan’s hand covering his stomach, she raised her eyebrows and continued asking, “How much did you learn just now?”

“Reporting to Sister Yue!”

Lin Nan immediately saluted respectfully. “I learned everything!”

“What about you guys?”

Nian Yue asked the rest of them.

“We learned everything!”

The few of them spoke in unison!

Every time they followed Nian Yue out for actual combat, they would learn something different!

“Although you have the support of high-level potions and are much more resistant than before, your chances of winning are not high if you really meet an Esper.”

Nian Yue touched her chin and analyzed. No matter what, these people were just ordinary people.

In this world, there were too many Espers.

They looked no different from usual, but once they encountered a powerful supernatural being, they might not be able to fight back!

“Everyone, go back and rest.”

Nian Yue instructed the group of people, “Go back and strengthen your physique! Double up on your training!”

“Yes!”

The group of people saluted respectfully.

They were ordinary people. In the future, if they did not want to be at a disadvantage when fighting Espers, they had to put in ten or a hundred times more effort than ordinary people!

When Nian Yue returned to Basement One, she happened to see someone cleaning up the scene.

Jiang Jincheng was packing his things with gloves.

When he saw Nian Yue enter, he hurriedly ran over and greeted her happily, "Sister Nian Yue, you're good! I heard about your results just now. There were so many lions, and you fought against ten alone! Awesome!"

"Yeah."

Nian Yue agreed to his praise generously.

Jiang Jincheng choked when he saw her rude appearance.

How could he have forgotten that Nian Yue had always been an unpredictable person?

Sometimes, words could choke one to death.

However, she spoke seriously.

You wouldn't even know if she was joking or if she really thought that way.

"By the way, one of these Espers seems to know you."

Jiang Jincheng suddenly thought of something and said.

"Who?"

Nian Yue raised her eyebrows.

"I think it's a little brother. His name is Ning something..."

Jiang Jincheng thought for a long time but could not remember.

In the end, he said helplessly to Nian Yue, "You should take a look with me!"

The Espers who were imprisoned just now had been rescued.

After all, it was a luxury cruise ship. Other than the necessary places to play and live, there was also a portion of rooms on the second floor that were specially used as wards.

At this moment, there were many bodyguards standing neatly outside the ward.

Seeing the two of them enter, the leader of the bodyguards immediately saluted Jiang Jincheng. "Young Master Jiang!"

"Open the door."

Jiang Jincheng casually instructed.

Almost as soon as he finished speaking, the bodyguards had already walked over and opened the door for him.

This was a luxurious ward that had been specially opened. The room was well-equipped.

On the bed lay a thin youth who looked to be only fifteen or sixteen years old.

Because of prolonged malnutrition, he looked very weak.

Even his face looked pale.

“Here, this person has been calling you ever since he was saved from the cage...” Jiang Jincheng clicked his tongue.

Fortunately, Fu Xiuyuan wasn't around. Otherwise, wouldn't he be jealous?

“Ning Qin?”

Nian Yue raised her eyebrows slightly, as if she did not expect to meet him here.

The genius from No.1 Middle School.

However, she had only seen Ning Qin a few times. Later on, Ning Qin seemed to have disappeared.

She did not expect to meet him here.

“Nian Yue...”

Ning Qin, who had been unconscious just now, seemed to have heard her and woke up faintly from the bed.

“Thank you for saving me, Sister...” Ning Qin smiled weakly at her. “If not for you, I might have lost my life.”

“Are you an Esper too?”

Nian Yue raised her eyebrows and asked.

When she was in No.1 Middle School, her supernatural power was not as strong as it was today.

Therefore, although Ning Qin was her deskmate, she did not sense any supernatural power in Ning Qin.

“Yes.”

Ning Qin sat up from the bed. “But I have a mental power...”

His supernatural power was different from ordinary people. Because it was an internal supernatural power, his supernatural power looked insignificant compared to ordinary people.

“Mental power?”

Nian Yue frowned slightly.

This was the first time she had heard of such supernatural power.

“Sister, look at me...”

Ning Qin smiled weakly and looked at Nian Yue.

When Nian Yue heard his words, she looked into his eyes.

His eyes were very clear, like a child's, extremely innocent.

But when you looked at it for a long time, you would realize that you would unconsciously be immersed in those eyes.

“What did you do?”

Nian Yue reacted almost instantly.

“This is my supernatural power...”

Ning Qin coughed twice. “It can control one’s mind.”

Because of this, he was different from ordinary people. Therefore, he had been bullied by others since he was young.

“Mental?”

Nian Yue frowned slightly. “Other than the mental power you know, what other supernatural powers are there?”

All kinds of Espers had appeared recently, and they were getting out of her expectations.

If the superpowers these Espers had were very similar to those in the post-apocalyptic world, then their superpowers were not even one percent of those in the post-apocalyptic world.

“I’ve seen lightning powers other than my sister, but that was a long time ago...” Ning Qin coughed again.

“His mental power should have been extracted...”

Jiang Jincheng said, “His mental state is very bad now.”

If external superpowers that could be transformed into power were powerful and consumed stamina,

Then, the internal mental power might consume more energy.

“Have a good rest first. I’ll visit you later.” Nian Yue rubbed her temples.

Then, she strode out.

“Sister Nian Yue, what did you find?”

Jiang Jincheng followed her out.

“Mental power...” Nian Yue touched her chin. All kinds of possibilities had already flashed across her mind.” Other than him, there should be another person with a mental power...”

“What?”

Her train of thought changed too quickly for Jiang Jincheng to react.

“The woman who followed Mo Yi here today...”

Chapter 304: Human Trafficking Organization

“You mean, Fan Mei?”

After her reminder, Jiang Jincheng remembered. “That woman is too stubborn...”

He had interrogated many criminals over the years. Be it men, women, old or young, they had to listen to him obediently!

However, this woman was stubborn and he could not pry her open!

“Since you can’t pry her open, let me do it.” Nian Yue sneered and walked over in large strides.

Because Fan Mei was involved in the mercenary group, Jiang Jincheng specially found the most tightly guarded place.

Although they were on a cruise ship, there would still be people sent here.

Therefore, when the two of them went over, they were heavily guarded.

When they reached the innermost part and saw the two of them enter, someone walked over in large strides and saluted them respectfully. "Commander Jiang, you're here?"

"How is it? Has she confessed..."

Although Jiang Jincheng usually looked sloppy, he became exceptionally serious when it came to serious matters.

"This woman is too stubborn..." The person clearly had a headache. Then, he saw Nian Yue beside him and asked, "This is..."

"The leader of the special forces."

They were all family, so Jiang Jincheng naturally would not hide Nian Yue's identity.

"You mean the internationally famous special forces team?"

When that person heard this name, he was so excited that he almost cried!

Everyone who entered the military had a great dream, which was to enter the special forces team!

It was said that the special forces team was elusive. In just three months, they had already made a name for themselves internationally.

There was no mission that the special forces team could not complete!

Everyone in the world knew about the special forces team.

And he had always treated entering the special forces team as his goal! He did not expect to see his idol today! Furthermore, this idol was an extremely cool girl!

“Li Mian from the seventh district of the Imperial Capital Military District, pleased to meet Commander Nian!”

Li Mian bowed to her seriously.

Nian Yue returned his greeting.

“Commander Nian, does the special forces team have any recruitment plans this year? I’m preparing to sign up.”

Li Mian was very excited. Ever since he heard that the special forces team had been established, he had been waiting for its next recruitment drive.

Now that he had seen the leader of the special forces with his own eyes, he naturally had to ask her properly and make preparations.

“There will be a new recruitment plan when school starts this year. Do your best,” Nian Yue said calmly.

“Thank you, Commander Nian. I will work hard!”

Li Mian’s face was filled with excitement.

Jiang Jincheng smacked his lips as he watched from the side. He did not expect Nian Yue to have so many fans despite looking cold.

Li Mian opened the door for the two of them and they walked in.

It was a huge empty room. The room was about ten square meters. It was very empty, with only a stool at the end.

On the stool sat a woman. Her face was pale and she looked like she had been tortured.

When she saw Nian Yue enter, Fan Mei's eyes were filled with jealousy. "So what if you're here? I said I don't know!"

"Has she been so tight-lipped for the past few hours?" Nian Yue walked up to her in large strides and raised her eyebrows as if she was amused.

"Yes."

Jiang Jincheng nodded. "The punishment is the same..."

"Is that so?"

Nian Yue chuckled and slowly bent down. Her face was only two centimeters away from Fan Mei.

Then, she reached out and pinched Fan Mei's chin!

There was a cracking sound!

Nian Yue had dislocated her chin!

“Since you’re unwilling to say, then don’t ever say it.” Nian Yue chuckled. Then, she held onto the chair behind Fan Mei and exerted force. An electric current had already passed through the chair and reached Fan Mei’s body!

“Ah!”

Fan Mei exclaimed!

It hurt!

It hurt too much!

Her body felt like it had been electrocuted!

It hurt and felt numb!

“I’m increasing the voltage...” Nian Yue chuckled. She had a smile on her face from the start to the end, as if her eyes were filled with gentleness when she looked at you.

However, only Fan Mei knew that the more this person smiled, the more ruthless she was!

She should not have underestimated her enemy!

The girl in front of her looked young, but if she was not ruthless, how could she be the leader of the special forces?!

“Ah...”

Fan Mei’s screams could be heard throughout the interrogation room.

It hurt.

It hurt too much.

Fan Mei thought that she had undergone all kinds of tests when she joined the mercenary group, but she had never experienced such a difficult test.

Fan Mei was already drenched in cold sweat.

Her clothes were drenched in sweat.

In a short while, there was a pool.

Jiang Jincheng couldn't bear to watch.

He had always known that Nian Yue was not simple, but he never expected her to be so ruthless when interrogating criminals!

Clearly, he had seen too little of the world.

After all, Nian Yue was the commander of the post-apocalyptic world in her previous life.

The real battlefield was much crueler than it was now.

And it was a piece of cake for her to interrogate.

"I'll say..."

After an unknown period of time, Fan Mei could no longer hold it in and spoke with difficulty.

Only then did Nian Yue slowly pinch her chin and return her to her original position.

“Li Zheng is a human trafficker...” Fan Mei panted heavily. The pain just now was like she had just walked around hell.

Now that she saw Nian Yue, she felt her scalp tingle.

“His main goal is to search for Espers from various countries. He will capture them and extract their supernatural powers from them to transform humans.” Fan Mei did not dare to hide anything anymore and confessed truthfully.

“Destination.”

“I don’t know about that...” Fan Mei shook her head.” Every time they do business, they will change the location. After all, they have to escape from Interpol.”

“What power do you have?” Nian Yue continued to ask.

She had long realized that the few people following Mo Yi had supernatural powers.

However, other than Mo Yi, those people did not use much supernatural power.

“Mental...” Fan Mei clenched her fists.

Nian Yue suddenly used her fingers to lift her chin, catching her off guard.

Her eyes were too clean...

It was so clean that one could not help but fall into it.

“Real noob.”

After a long while, Nian Yue spoke calmly.

Fan Mei, who had been in a daze just now, suddenly reacted!

She had been hypnotized by Nian Yue!

“I’ll leave the rest to you.”

After getting what she wanted, Nian Yue left with one hand in her pocket.

Chapter 305: He Yi

Nian Yue left immediately. She did not expect Li Zheng to be in the human trafficking business.

And the people he caught were all people whose supernatural powers had just appeared.

In that case, it was probably related to the poisonous snake capturing her back then.

Nian Yue walked too quickly. Almost as soon as she came through the door, Bai Lin came up to her.
“Daughter-in-law! Where have you been for the past two days? Xiuyuan wasn’t here, and neither were you. I was so bored...”

“Auntie.”

When Nian Yue saw Bai Lin coming over, she nodded slightly to greet her.

“My daughter-in-law is so obedient. I like her just by looking at her.”

Bai Lin praised.

The more she looked at Nian Yue, the more she liked her.

Jiang Jincheng, who had just come out behind Nian Yue, almost had his jaw drop when he heard Bai Lin's words!

Nian Yue and obedience were not compatible, right?

Bai Lin probably did not see Nian Yue interrogating the prisoner in the interrogation room just now!

"Jincheng, you're here too..."

When Bai Lin saw Jiang Jincheng, she asked, "What are you and Xiuyuan doing out here? Why are you leaving my daughter-in-law alone? Have you two gotten too excited and forgotten about my daughter-in-law..."

"Auntie, don't I have something to do?" Jiang Jincheng immediately came over with a smile. "Auntie, I found a particularly delicious dessert. I'll bring you to eat it later..."

"Really?"

Although Bai Lin was not young anymore, her preferences were similar to that of a child.

When she heard Jiang Jincheng say that there was food, her eyes immediately lit up.

“Really, why would I lie to you? I’ll bring you there now...”

Jiang Jincheng left with Bai Lin and gestured to Nian Yue where she could not see him.

Nian Yue returned to her residence.

However, just as she pushed open the door, she felt someone in the room.

Nian Yue’s aura instantly turned cold!

Almost without thinking, his palm had already flipped over. A light blue electric current had already appeared and attacked that person!

However, before she could do anything, her wrist was suddenly grabbed.

A familiar aura came over and Nian Yue was a little surprised. "Why are you here?"

"I saw that you hadn't returned from handling the matter, so I waited for you in your room." Fu Xiuyuan grabbed her wrist and sat down, pouring her a glass of water. "What did you find out?"

"Did you know from the start?" Nian Yue sat opposite him, her slender fingers caressing the edge of her cup, but her eyes were fixed on Fu Xiuyuan.

This man was so smart. It was impossible for him not to know what had happened today.

"I've always known that someone is smuggling Espers overseas, but I don't know their base. Even this time, it was only Qu Lang."

Fu Xiuyuan chuckled. "He's from the International Alliance."

"The International Alliance again?"

Nian Yue frowned. It was obvious that she felt that those people were like a plaster.

The previous time, they had just taught Jack a lesson. How long had it been since they stopped fighting?

It looked like the previous lesson was too little. This group of people were on their heels again.

“Yes.” Fu Xiuyuan nodded. “But I’m still getting Jiang Jincheng to follow the clues. He can still find out something...”

As long as he wanted to investigate, there was nothing he could not find.

It was only a matter of time.

“But...”

Nian Yue glanced at the room. She did not pay much attention to it just now. Now that she took a closer look, she realized that the room had an inexplicable sense of coldness.

A pair of men’s slippers appeared at the entrance. There seemed to be a blue mouthwash cup and a towel in the washroom.

Nian Yue frowned and was a little puzzled. “You want to stay here?”

“Yes, because it happened so suddenly, some rooms were vacated to detain the criminals.”

Fu Xiuyuan said calmly, "I'll have to trouble Yue Yue to take me in for a few days."

"Sure!"

Nian Yue agreed readily. In any case, when they were resting on the battlefield in the post-apocalyptic world, there was no distinction between men and women.

Furthermore, it was just a place for Fu Xiuyuan to rest. It was a small matter to her.

After Nian Yue came out after washing up, she took out her phone and fiddled with it.

She leaned on the desk. There were a few pieces of A4 paper on it, with her handwriting.

When the final results were out, Nian Yue called Lin Lang. "Find all these herbs in a short period of time. Extract the corresponding ingredients according to my steps."

"Alright! I'll try my best!"

Lin Lang agreed readily.

Although he had never seen the many herbs and ingredients Nian Yue had given him.

However, ever since he found out that Nian Yue was the person who developed the cure for cancer, Lin Lang inexplicably admired her more.

Therefore, he would naturally do anything for his idol.

Fu Xiuyuan had just come out of the bathroom when he saw the aloof girl leaning against the chair, typing quickly on her phone with her head lowered.

Her hair was still wet and dripping with water. Only her jade-like face was glowing.

Nian Yue had always been beautiful. In addition, she was used to being a commander and had an imposing aura.

Therefore, people who had just met her would only find her unapproachable and then notice her face.

Fu Xiuyuan walked over and rubbed her hair. "Why didn't you dry your hair? Aren't you afraid of catching a cold?"

"I don't dry my hair."

Only then did Nian Yue look up. When she was training previously, it was common for her to take a cold shower every day.

Furthermore, she just didn't dry her hair.

However, just as Nian Yue raised her head, she met that pair of deep eyes. Before she could react, she was already kissed.

Her mouth was filled with the fragrance of mint. Nian Yue did not reject this feeling. She flipped over and pressed him under her. The papers on the table scattered all over the ground.

After an unknown period of time, Fu Xiuyuan picked her up and pressed her against the wall.

Their cheeks were so close that they could almost smell each other's breathing. Fu Xiuyuan lowered his head and pecked the corner of her lips. "Hurry up and go to sleep. I'll go take a shower."

"Didn't you just have a shower?"

Nian Yue asked in a daze.

“I didn’t wash myself clean just now...”

Fu Xiuyuan laughed helplessly before letting go of her and entering the bathroom.

Nian Yue did not know anything about human relationships; he could not take advantage of her.

He had to wait for her to graduate and marry her.

Fu Xiuyuan took a long shower this time. He only came out of the bathroom half an hour later.

That face was a little abstinent. He walked to the bed and Nian Yue was already lying there sleeping.

Nian Yue slept very straight and upright.

Fu Xiuyuan chuckled and lay down, then pulled her into his embrace.

Nian Yue trusted him very much and did not even wake up from the start.

Chapter 305: He Yi

Translator: Atlas Studios Editor: Atlas Studios

Nian Yue left immediately. She did not expect Li Zheng to be in the human trafficking business.

And the people he caught were all people whose supernatural powers had just appeared.

In that case, it was probably related to the poisonous snake capturing her back then.

Nian Yue walked too quickly. Almost as soon as she came through the door, Bai Lin came up to her.
“Daughter-in-law! Where have you been for the past two days? Xiuyuan wasn’t here, and neither were you. I was so bored...”

“Auntie.”

When Nian Yue saw Bai Lin coming over, she nodded slightly to greet her.

“My daughter-in-law is so obedient. I like her just by looking at her.”

Bai Lin praised.

The more she looked at Nian Yue, the more she liked her.

Jiang Jincheng, who had just come out behind Nian Yue, almost had his jaw drop when he heard Bai Lin's words!

Nian Yue and obedience were not compatible, right?

Bai Lin probably did not see Nian Yue interrogating the prisoner in the interrogation room just now!

"Jincheng, you're here too..."

When Bai Lin saw Jiang Jincheng, she asked, "What are you and Xiuyuan doing out here? Why are you leaving my daughter-in-law alone? Have you two gotten too excited and forgotten about my daughter-in-law..."

"Auntie, don't I have something to do?" Jiang Jincheng immediately came over with a smile. "Auntie, I found a particularly delicious dessert. I'll bring you to eat it later..."

"Really?"

Although Bai Lin was not young anymore, her preferences were similar to that of a child.

When she heard Jiang Jincheng say that there was food, her eyes immediately lit up.

“Really, why would I lie to you? I’ll bring you there now...”

Jiang Jincheng left with Bai Lin and gestured to Nian Yue where she could not see him.

Nian Yue returned to her residence.

However, just as she pushed open the door, she felt someone in the room.

Nian Yue’s aura instantly turned cold!

Almost without thinking, his palm had already flipped over. A light blue electric current had already appeared and attacked that person!

However, before she could do anything, her wrist was suddenly grabbed.

A familiar aura came over and Nian Yue was a little surprised. “Why are you here?”

“I saw that you hadn’t returned from handling the matter, so I waited for you in your room.” Fu Xiuyuan grabbed her wrist and sat down, pouring her a glass of water. “What did you find out?”

“Did you know from the start?” Nian Yue sat opposite him, her slender fingers caressing the edge of her cup, but her eyes were fixed on Fu Xiuyuan.

This man was so smart. It was impossible for him not to know what had happened today.

“I’ve always known that someone is smuggling Espers overseas, but I don’t know their base. Even this time, it was only Qu Lang.”

Fu Xiuyuan chuckled. “He’s from the International Alliance.”

“The International Alliance again?”

Nian Yue frowned. It was obvious that she felt that those people were like a plaster.

Chapter 306: Conversation with an Old Friend

They had agreed on the cruise. Because of Li Zheng, Fu Xiuyuan went to deal with the international trafficking organization the next day.

“I found traces of Mo Yi in the middle of Continent M.”

Outside the cruise ship, Jiang Jincheng did not forget to tell him the important information about today's crime.

“He escaped quite fast.”

Fu Xiuyuan sneered. It had only been a day, but he had already fled to Continent M.

“Mo Yi is getting more and more cunning. He has hooked up with Pandora and is now related to the trafficking organization...”

Jiang Jincheng frowned.

Mo Yi had always been a headache for various countries in the world because he did not belong to any country. He wandered outside the law and did things as long as he was paid.

This made many people want to rope him in, but they also were afraid that he would bite back. This man was extremely cunning and his supernatural power was extremely powerful.

“Kill his base camp in Country Z.” Fu Xiuyuan sneered. “Cut off his path in Country Z.”

Since he dared to run under his nose, he had to be prepared to be killed.

“You mean the Li family?”

“Not only the Li family, but also the other families in the capital.” Fu Xiuyuan threw him a document, his eyes deep. “It’s time to shuffle the cards in the capital.”

Ever since he said that he wanted to expel Mo Yi last year, that group of people had started playing tricks under his nose.

Just because he could not be bothered, but it did not mean that he did not know.

Now that he had returned Mo Yi’s life, there was naturally no need for him to show mercy to that man.

“Prepare yourself and return to the International Alliance.”

Fu Xiuyuan instructed.

“Okay, are you going to see the president?”

“Yeah.”

Fu Xiuyuan’s eyes were deep. Country Z was publicly recognized as the safest country in the world. Now that it was actually related to a trafficking organization, other than the bottom of the country being rotten, there was probably also the matter of the International Alliance.

Jiang Jincheng was very fast. In just a while, he had already prepared a helicopter.

It was only a few hours from the country to the international alliance.

When they arrived at the presidential palace, the sky was already dark.

The helicopter stopped in the back garden of the presidential palace. It was raining heavily and a man in black came down with an umbrella.

A servant had been waiting for a long time. When she saw him coming down, the servant hurriedly went up to him with an umbrella. “Young Master Fu, the president has been waiting for you for a long time.”

The presidential palace was decorated magnificently, but the entire first floor was empty.

Only the living room had a big table filled with exquisite food.

The president was sitting at the dining table, still holding his chopsticks. It was obvious that he was not proficient with them. He had just picked up a piece of fish when it fell on the table before he could put it in his mouth.

“I’m old. I can’t even hold a piece of meat.”

The president sighed.

His hair was white and he looked to be in his sixties or seventies. He was wearing a red Tang suit and looked energetic.

Fu Xiuyuan passed the umbrella to the servant and walked in. He sat beside him, his face a little cold. “Mr. President has a good appetite these days.”

“It’s rare for you to come over. I specially instructed the kitchen to prepare the food in the country that you like.” When the president saw him coming, the smile on his face increased. He did not seem to notice the coldness on his body. Instead, he started chatting with him. “I just can’t use the chopsticks yet...”

After all, he was used to using knives and forks. It was not something that could be changed in a short time.

“It’s fine. You’ll naturally know how to use it after a while.” Fu Xiuyuan reached out to pick up a piece of fish and placed it on his plate.

“It must be a big deal for you to come here personally.”

The president smiled and said, “I heard that a year ago, a famous special forces team appeared internationally. The leader of this special forces team took Jack’s life this year, and you suffered a strong backlash because you saved her...”

“It looks like Mr. President knows a lot.” Fu Xiuyuan sneered, his expression unreadable.

“I told you before that if you want to come back, you can do so anytime. The entire international alliance is open to you at any time. Have you changed your mind since you came looking for me today?”

The president continued to ask questions.

In his eyes, Fu Xiuyuan was a rare talent.

Be it his decisiveness in killing on the international battlefield or his superb destructive power,

To be able to become the leader of the international alliance, his ability was naturally not bad.

“Of course not.” Fu Xiuyuan sneered. “I believe Mr. President knows now that the international alliance’s recruitment order will start soon. I want the command this time.”

“You want the leader of the special forces to join?”

The president reacted almost instantly. Fu Xiuyuan loved freedom and usually wouldn’t even take a look at the presidential palace.

Now that he had come personally in the heavy rain, it was naturally an extremely important matter.

“It’s not that I want to, but she must be able to do it with her own ability.”

He believed her.

“Hahaha...”

Hearing his arrogant words, the president laughed out loud. “Indeed, young people are hot-blooded... This recruitment order was originally yours. The fact that you came personally proves that you still take me seriously.”

“In that case, I won’t disturb Mr. President anymore.” Fu Xiuyuan stood up.

When the servant saw him get up, he hurriedly brought him the umbrella.

Fu Xiuyuan took the umbrella and had just taken a few steps when he suddenly stopped. “I will clean up the human trafficking organization.”

As if he was informing him of an extremely simple matter, Fu Xiuyuan left.

“It’s good to be young...”

The president sighed as he watched him leave.

“Mr. President, the glutinous rice porridge you wanted just now is ready...” The butler walked over.

“Bring it over,” the president instructed. He took a spoonful and his body finally warmed up.

“Tell me...”

The president stirred his spoon in his cup and looked a little sad. “Will he follow my path?”

“Mr. President, don’t think too much.” The butler comforted him. “The younger generation has their ways of living. We’re happy to see them walk forward.”

“The leader of the special forces...”

At this moment, the president suddenly spoke. An idea flashed across his mind. “Nian Yue, she looks like an old friend of mine. Go and check her information and give it to me as soon as possible.”

He had not thought of that person for a long time.

* *

At the same time

Nian Yue came out of the pharmaceutical lab with a wooden box in her hand. Because of the hot weather, she was still wearing a baseball cap and looked a little cold.

“Sister Yue, why are you looking for me?”

Lin Nan had just come out of the boxing gym and asked, drenched in sweat.

After fighting with Espers last time, he knew that he had to improve his physical fitness. Therefore, he had been training crazily every day in school.
