

The National Goddess Reborn 307-312

Chapter 307: Improving Physical Quality!

“Here.”

Nian Yue casually took out a pill and passed it to him. “A potion to improve your physical fitness.”

“High-level potion?”

Lin Nan’s eyes lit up when he saw the pill.

He still remembered how much his body had changed after he took the high-level potion Nian Yue gave him!

It would not be an exaggeration to say that his world was turned upside down!

“It’s more advanced than that.”

Nian Yue adjusted her cap. "Although your physical fitness is good, your shortcomings will immediately be revealed when you face an Esper. These potions can increase your physical speed in all aspects, be it strength or explosive power."

"Really?"

Lin Nan was so excited that he almost cried. He knew that Nian Yue was an Esper.

In the entire special forces team, only Nian Yue was an Esper.

Although they had never relaxed in training in the past year, because they did not have supernatural powers, their shortcomings were obvious when fighting against certain Espers.

Not only him, but everyone in the special forces team was secretly working hard. They hoped that they could stand in front of their boss the next time they encountered Espers.

They did not want their boss to support them. They wanted to be able to also protect their boss.

"Why would I lie to you?" Nian Yue chuckled. "Take it. It's all yours. I'll concoct different potions according to your physical fitness. You can maximize your strengths."

"Thank you, Sister Yue!"

Lin Nan hurriedly took the potion.

“Go to the training ground and try,” Nian Yue instructed.

All the members of the special forces team had already gathered in the training ground. Nian Yue distributed everyone’s potions. The few of them had just taken the potions when they felt their bodies flowing smoothly as if they had endless strength.

“I’ll go first.”

Li Yi, who was at the side, could not hold it in anymore. He threw a punch at the sandbag!

Bang! The sandbag shattered and its contents were scattered to the ground!

“D*mn! Li Yi, when did you become so strong?”

Wang Yang widened his eyes in disbelief.

He had been in the boxing ring for a few years and was the strongest among the group. However, he had never smashed the sandbag so easily like Li Yi.

“I only used 30% of my strength just now...” Li Yi was also in disbelief.

“Let me try...”

Wang Yang rolled up his sleeves and kicked the nearest sandbag!

Similarly, the sandbag exploded from his kick!

Lin Nan wanted to try too, so the few of them fought.

They were all personally taught by Nian Yue, so their skills were naturally not bad. Even when they fought, every move was fatal.

Wang Zhizhi, who was at the side, yawned. Their movements seemed to be in slow motion in her mind. She actually remembered them all and could analyze them!

“Yue Yue, my eyes seem to be playing in slow motion for them.” Wang Zhizhi rubbed her eyes and immediately took out her computer, remembering a pile of detailed data.

These data were all recorded after she joined the special forces team. There were the most primitive data on everyone's bodies. Similarly, there were also data on the changes in their physical fitness in the near future.

From the graph displayed on the computer, it was obvious that their physical fitness was increasing exponentially.

"Your brain is your greatest weapon," Nian Yue said calmly.

Wang Zhizhi was a girl. Her physical fitness could not compare to others, but she was smart and had strong logical thinking.

It was most suitable for data analysis.

After an unknown period of time, the few of them finally stopped, panting.

"This is awesome!"

Lin Nan said as he wiped his sweat.

It was as if there was endless power in his body, and be it strength or explosive power, they were several times stronger than before.

In the past, he needed to use a lot of strength to do things. Now, he only needed to put in a little effort.

“We’re only covering the basics now. You need to accumulate the combat experience later on.” Nian Yue had one hand in her pocket and jumped down from the horizontal bar.

It was clearly an ordinary action, but when she did it, it looked effortless and dashing.

“Boss, don’t worry. We won’t disappoint you!”

The few of them bowed respectfully.

* *

At the same time

Principal Xu looked at the email and fell into a dilemma.

He frowned, clearly still struggling with the contents of the email.

“Knock knock knock!”

There was a knock on the door. Principal Xu looked up. “Please come in.”

Yin Han, who was wearing a military uniform, had already walked in. “Principal Xu, why are you looking for me at this time?”

Yin Han’s military rank was not low, but Principal Xu’s position was not low either. Strictly speaking, the two of them were of the same generation.

“General Yin, please take a seat.”

Principal Xu gestured for Yin Han to sit opposite him.

Yin Han was a soldier, and his every move had the unique aura of a soldier. He sat upright on the chair.

“I called General Yin over this time mainly for the special forces team.”

Principal Xu went straight to the point and passed a letter to Yin Han. “General Yin, please take a look.”

Yin Han took the envelope and opened it. When he saw the contents, the expression on Yin Han's face was difficult to distinguish. "Is this from the International Alliance?"

"Mr. President sent this over specially."

Principal Xu laughed. "General Yin, do you think the special forces team has the ability to enter the Federal University?"

Federal University was a university specially established by the International Alliance to recruit outstanding military talents from all over the world.

Every year, when the new students started school, they would only exchange blows with a few hundred people.

And these few hundred people were the most outstanding students in the world.

After the students graduated, they might return to their respective countries to work, or they might be kept at the Federal University because of their outstanding abilities.

All of this depended on the students' own choices.

“If it were anyone else, I might consider it. But if it’s Nian Yue, I believe she has it.”

Yin Han said almost without thinking.

Nian Yue looked extremely evil, but there was almost nothing in this world that she could not do.

“But General Yin also knows that other than the students from the Imperial University, the Federal University is also recruiting the best students from other countries.”

Principal Xu had a headache. After all, the existence of the special forces team was something that Yin Han had done to see Nian Yue’s ability.

But it was different at Federal University.

Chapter 308: Prison Break, Global Pursuit!

Federal University was a famous international university with top comprehensive strength.

Every year, they only recruited a few hundred students.

Those who could enter were the best of every country.

Even now, some countries had not even reached the threshold to enter the Federal University.

Furthermore, this was the first time in so many years that the country had been recognized by the Federal University!

This was a rare opportunity for both Imperial Capital University and the country!

“So what?”

When Yin Han heard his words, he seemed to have heard a joke. “No matter how outstanding the talents of those countries are, can they be as outstanding as Nian Yue?”

These words were arrogant, but in Yin Han’s eyes, this was normal.

A genius like Nian Yue would shine wherever she went!

It was impossible for her to only be trapped at the Imperial University.

Therefore, those old foxes from Federal University had good judgment in recruiting Nian Yue!

“You’re right...”

Principal Xu laughed dryly. Although he privately thought that Nian Yue was the best,

But after all, she still had to be humble.

“That’s good!”

Yin Han couldn’t stand his dawdling and waved his hand. “Since you’ve received an invitation from the Federal University, the president must have instructed you. I’m just a little reluctant...”

After all, he had watched Nian Yue develop bit by bit with the special forces team.

Although Nian Yue was straightforward and her words were infuriating, making him grit his teeth in anger,

However, he loved and hated a talent like Nian Yue.

He wanted her to have more room for development, but he was also afraid that she would be bullied outside.

He was indeed used to being tortured by Nian Yue.

* *

Nian Yue received a message almost as soon as she came out of the training ground.

“Fan Mei has escaped from prison!”

The message was sent three minutes ago. Nian Yue narrowed her eyes and her aura instantly turned cold!

She usually did not have the habit of playing with her phone. She would only play a few games when she was bored.

She did not expect that she would cause such a huge mess when she did not pay attention to them for a while.

Nian Yue strode to the Maybach and started it. In a blink, the car had already sped out!

The Bluetooth earpiece was still hanging from her ear. Nian Yue’s aura was a little cold. “Time, place, and the nearest route.”

“Three minutes ago, in the Imperial Capital’s First Prison, she seemed to have disappeared into thin air. The surveillance cameras didn’t show any abnormalities.”

Jiang Jincheng’s voice was a little nervous. He had been by Fu Xiuyuan’s side for many years and had seen all kinds of big scenes.

When the two armies fought, the flames of war raged. He could not even frown.

But now, when he heard Nian Yue’s voice through the earpiece, he felt an inexplicable sense of oppression.

This sense of oppression was unique to those who had been in high positions for a long time.

Jiang Jincheng suddenly had a thought. If Nian Yue was in front of him now, he would probably feel even more pressure.

“I understand. Give me five minutes.”

Nian Yue hung up the call and stepped on the accelerator. The car sped up even more!

It took her five minutes to drive from Imperial Capital University to the Imperial Capital’s First Prison.

“Hiss!”

With an ear-piercing screech, the black Maybach had already stopped steadily at the entrance of the Imperial Capital’s First Prison.

Nian Yue got out of the car. As the weather was a little hot, she was wearing a black cap and a simple black shirt and pants, making her look even colder.

There was already a commissioner waiting for her at the entrance of the prison. When he saw her coming over, the commissioner hurriedly walked over. “Commander Nian, Young Master Jiang is inside.”

“Lead the way,” Nian Yue instructed calmly.

The man hurriedly led the way.

There was still a long corridor from the door to the prison.

The commissioner followed beside Nian Yue and even his breathing became lighter.

He thought that to be able to become a commander, one had to be at least 35 years old.

However, the young lady who came today looked to be less than twenty years old.

Even so, the commissioner knew that one could not judge a book by its cover.

There were too many people with hidden talents in the entire Imperial Capital Military District.

Finally, at the end of the corridor, Jiang Jincheng had already rushed over anxiously. "Sister Nian Yue, I've seen the surveillance cameras at least ten times... I didn't find anything strange..."

To be able to lock Fan Mei here, he naturally knew that Fan Mei was someone with supernatural power.

Therefore, Fan Mei was imprisoned in a cell where the guards had been specially nurtured.

Unexpectedly, Fan Mei had taken advantage of the situation!

She had actually run away!

"Give me the surveillance camera."

Nian Yue entered the surveillance room and turned on her computer. Her fingers started typing rapidly on the keyboard.

In just a moment, the surveillance cameras were pulled out.

“From 9 to 9:05 this morning...” Jiang Jincheng pointed at the computer screen. There was nothing unusual.

“Five minutes are enough!”

Nian Yue chuckled and started typing rapidly on the keyboard. It was so fast that only a silhouette could be seen.

Jiang Jincheng was dumbfounded. He knew that Nian Yue was powerful, but he had always thought that Nian Yue was only powerful in martial arts.

But he never expected her to be so good at computers!

Pa! Her slender fingers pressed the enter key and the scene froze.

Then, a pile of codes appeared on the computer.

“It’s fake.”

The aloof girl spoke slowly.

“What?”

Jiang Jincheng was still in a daze.

“Three minutes from the footage are made up of pictures.”

Nian Yue turned on her computer and pointed casually. “The picture was disguised as surveillance camera footage for three minutes. She used these three minutes to escape.”

“I’ll send someone to chase after her now!” Jiang Jincheng was so angry that his face turned green.

This was the first time he had made such a huge mistake. He could not even keep an eye on someone!

“No need, it’s too late.”

Nian Yue lowered the brim of her hat and her chin curled up into a mocking smile. “She’s an Esper to begin with. Ordinary people have no chance of winning against an Esper.”

“But we can’t let her escape just like that!”

“How did you know she ran away?”

Nian Yue sneered.

“You mean...”

“I asked her to bring some gifts to Mo Yi.” Nian Yue chuckled.

She had to see if she was willing to run away under her watch!

“Carry out a global pursuit on Mo Yi!”

Nian Yue instructed coldly.

Chapter 309: Graveyard

In the clear sky, the roar of a plane approached.

When they got closer, they saw a black private jet parked in the air until it stopped at the nearest tarmac.

A man in a silver suit with blond hair and blue eyes was lying on a chair slowly. He was holding a red wine glass in his hand and tasting it slowly. He looked rather relaxed.

“Commander, Fan Mei is back...”

The man in black alighted from the plane and walked to Mo Yi’s side to report respectfully.

“Mmm...”

Mo Yi didn’t even look up when he heard the report. “Let her come over.”

Fan Mei alighted from the plane. Because of the long journey, her body was covered in dirt and she looked extremely disheveled.

“Regiment commander!”

Fan Mei strode over and half-knelt on the ground, bowing respectfully to Mo Yi.

“Did you get it back?” Mo Yi asked.

“Commander, we’ve got the item!”

Fan Mei said respectfully.

After all, she was a member of the mercenary group. As a member of the largest mercenary group in the world, how could she be caught so easily?

Therefore, when she was caught by Fu Xiuyuan this time, it was more like she took advantage of the situation.

Her main goal was to get Nian Yue’s physical data.

“Please take a look.”

Fan Mei respectfully uploaded the data.

The data was very detailed, including Nian Yue's physical fitness, the situation of triggering her supernatural power, and the circumstances under which it could be triggered.

The information on lightning power was the most detailed.

"Fan Mei, you did well this time."

Mo Yi glanced at the information and finally looked at her seriously. He was barely satisfied with Fan Mei's performance this time.

"It's what I should do."

Fan Mei heaved a sigh of relief.

She was really afraid that the information she took out was fake and that Mo Yi would kill her.

After all, she could not hold it in when Nian Yue interrogated her.

"Take a break. You've suffered a lot this time."

Mo Yi spoke lazily.

He knew Nian Yue's style very well.

If she encountered any criminals, her methods would only be brutal.

And Fan Mei must have suffered a lot to escape from her.

"Yes."

Fan Mei nodded respectfully. However, before she left, she was still a little worried. "Reporting to Commander, when I was interrogated by Nian Yue this time, I confessed..."

Fan Mei carefully observed Mo Yi's expression. After all, the mercenary group's hard rule was that she could not betray her employer under any circumstances.

"You confessed?"

Mo Yi sneered as if he had heard a joke. "Fan Mei, do you know the rules of the mercenary group?!"

“Commander, I know I was wrong!” Fan Mei’s face was pale. To Mo Yi, merit was merit and mistakes were mistakes. The two could not be mixed up!

“Go down and receive ten whips!” Mo Yi instructed coldly!

The coldness in her eyes was like ice!

“Yes!”

Fan Mei only dared to take a deep breath when she returned to her residence.

Her calves and stomach were still soft, and the clothes on her back were already drenched in cold sweat.

“What is the regiment commander thinking now? He actually asked you to collect Nian Yue’s physical data...”

The shadow appeared behind her silently.

“Shadow, you know too much.”

Fan Mei's back stiffened and her voice was filled with warning. "We can't guess what the regiment commander is thinking."

Mo Yi usually looked like he was smiling at everyone. Even when interrogating criminals, he was gentle.

However, Fan Mei had followed him for so many years. How could she not know that this person was a smiling tiger?

"Fan Mei, do you dare to say that you don't have any other thoughts?"

The shadow sneered.

"What does that have to do with you?"

Fan Mei ignored him. "The regiment commander has already obtained Nian Yue's physical data. Do you think we will still be at a disadvantage when we fight the special forces next time?"

No, to be precise, they had never been at a disadvantage.

Because every time he fought with the special forces, it was in the country.

They could not make too big a move. They had always stopped after a light taste.

But it would be different overseas.

“Do you really think that the regiment commander has no feelings for Nian Yue?” The shadow refused to give up.

“If he had designs on Nian Yue, he wouldn’t have asked me to collect her physical data.” Fan Mei sneered and started chasing her away. “I’m going to rest.”

Although she had previously wondered what Mo Yi thought of Nian Yue.

After all, the last time she hurt Nian Yue, Mo Yi almost killed her.

But now, he wanted to collect Nian Yue’s physical data.

That was the most important thing for an Esper.

If the data of the body was collected, it was equivalent to exposing one’s flaws to others during a battle.

Didn't Mo Yi want Nian Yue's life?

The shadow did not say anything else and quickly disappeared.

* *

Mo Yi took the physical data and read it carefully.

Espers collecting physical data was the same as doctors using instruments to check their bodies.

Mental power could collect all kinds of physical indicators in the human body. No one knew about this.

If Nian Yue knew, she would not have tortured Fan Mei so unscrupulously.

In less than three minutes, Mo Yi had finished flipping through the data indicators.

Mo Yi was a rare genius with a photographic memory.

To him, reading a document was no different from reading a line of data.

Almost as soon as he finished reading it, the data indicator slowly disappeared. In the blink of an eye, the paper which was originally filled with writing became blank.

Then, the white paper suddenly lit up!

The huge flames seemed to want to swallow him!

Mo Yi sneered as if he couldn't feel the pain. There was already a faint green glow in his palm.

Then, the layer of light gradually wrapped around the flame, and the flame gradually became smaller.

"Yue, I knew I shouldn't have underestimated you."

Mo Yi chuckled and the gentleness in his eyes seemed to melt.

He casually threw the document on the table. The corner of the paper had been burned, leaving mottled marks.

Mo Yi had already strode out. There was a black SUV parked outside.

Mo Yi got into the car, started it, and drove straight to the beach.

In the sky not far away, a dark cloud pressed down and the sky instantly became dark.

The SUV only stopped when it reached the entrance of the cemetery. Mo Yi got out of the car. He was tall and slender and wore a black combat uniform. He looked even more handsome.

Because it was about to rain, there were not many people in the cemetery.

The wind blew and the leaves scattered all over the ground.

Mo Yi ignored it and walked towards the innermost area.

He walked all the way to the end and stopped in front of a small tombstone.

There were no photos on the tombstone, only a few names.

A grave sweeper was sweeping the floor beside him. He was not surprised to see him. "Mo Yi, I knew you would come today."

Chapter 310: All Roads Are Made by Man

Mo Yi didn't say anything. He just squatted in front of the cemetery and wiped the dust off the tombstone.

His fingers were clean.

"You're a kind and good child..." Fa Er's voice was filled with relief.

"Kind?"

Mo Yi sneered and stood up. There was already a hint of disdain in his voice. "Fa Er, I say, you're really blind..."

Before he came, he had just killed a few people to practice.

How blind was he to think that he was kind?

"Mo Yi, you've become gentler than before." Fa Er chuckled and looked at him with a gentler gaze. "You haven't been here for a long time. Did something interesting happen when you went out this time?"

"No, you're overthinking."

Mo Yi stood up and flicked the dust from his hands. He looked ridiculously elegant.

“Mo Yi, you’re not honest...” As if he had seen something interesting, the smile on his face widened. “I see that your eyes are much gentler than before...”

Mo Yi said nothing, but his eyes were looking into the distance.

Dark clouds gathered in the sky. In an instant, a strong wind blew, sweeping up the fallen leaves on the ground.

“Fa Er, do you think a person can still adapt to the light after walking in the dark for so long?”

After a long while, Mo Yi spoke.

He had been walking in the dark for too long.

“Mo Yi...”

Fa Er touched his beard and his voice seemed to come from afar. “No one is born to the dark, nor is anyone born to the light. All roads are made by man.”

Mo Yi said nothing. Instead, he looked down at the tombstone.

It was as if he had returned to that day.

The ground was covered in blood.

And the ground was filled with corpses.

The child's scream and the old man's panting intertwined, becoming an eternal nightmare in her heart.

"Mo Yi, you have to go out..."

"Amo, you have to be strong. All our hopes are with you..."

"You're the smartest of us all. Amo, you'll definitely live the way we want..."

...

In the end, no one expected it.

The group of people who had fought with him and killed the other party had actually saved his life.

“Mo Yi, there’s a storm coming.”

Fa Er reminded him, “Do you want to go in with me to hide from the rain?”

This cemetery had been abandoned.

Usually, almost no one came.

Only Mo Yi would visit unpredictably.

Therefore, only Fa Er was guarding the entire cemetery.

Not far from the cemetery, there was a small wooden hut that was swaying under the storm.

“No.”

Mo Yi shook his head, before taking the black umbrella from the ground and opening it.

He turned around and left.

“There are some things I need to do.”

Mo Yi chuckled, his face returning to its elegance.

It was as if everything had been an illusion.

In an instant, heavy rain fell, mixed with strong winds. The surrounding trees creaked from the wind, as if they would pounce on him in the next second.

However, the man who was holding an umbrella and walking in the heavy rain did not panic at all.

If one looked carefully, they would realize that the heavy rain seemed to have formed a barrier around him. His pants were not even wet at all.

* *

At the same time

Other than Nian Yue, the others had also received the documents from Principal Xu.

Lin Nan had just come out of the shooting range when he turned on his phone. When he saw the email, he almost jumped up!

“Damn!”

He rubbed his eyes in disbelief. After confirming that he was not mistaken, he rushed in with his phone.

Wang Yang was still shooting when Lin Nan suddenly grabbed his neck. Bang! The target was deflected!

“Wang Yang! Hurry up and see if you received any emails from the principal!”

Lin Nan hugged his neck and refused to let go!

“Lin Nan, have you lost your mind!”

Wang Yang was furious. He was about to hit the bullseye but it was all disrupted by Lin Nan!

Wang Yang was so angry that he grabbed Lin Nan's arm and pressed him down!

"No, no..."

Lin Nan was not angry. "Hurry up and get up. This is a big deal!"

"Get up my ass!"

Wang Yang punched him angrily, and Lin Nan hurriedly dodged.

The two of them started fighting.

Wang Zhizhi was walking over with her laptop. When she saw Lin Nan being beaten up by Wang Yang, she did not react for a long time. "Are they preparing to go down the gay route?"

"Mmm..."

Li Yi, who was watching from the side, said, "Maybe. However, who do you think is the dominant and who is the submissive..."

“Huh.”

When Wang Zhizhi heard his serious gossip, she said, “I couldn’t tell. Li Yi, have you been reading novels secretly without sleeping at night? You even know this...”

“Pfft!”

When Lin Nan heard his words, he flipped over angrily and pressed Wang Yang under him. “My sexual orientation is normal!”

Then, he hurriedly jumped out of Wang Yang’s body and hid behind Wang Zhizhi.

Wang Yang spat out the grass in his mouth and was about to attack when he saw him running behind Wang Zhizhi. In the end, his fist did not land.

Wang Zhizhi was the group’s favorite.

Although she was thin and small, she was a critical member of the team. When they encountered a battle, all the data analysis would come from her.

“Speaking of which, did you guys receive the email from Principal Xu?”

Li Yi asked.

They all took out their phones.

Everyone’s interface was the same.

The few of them looked at each other. “Boss, did you receive it?”

“I received it!”

The aloof girl had already walked over.

“Boss!”

“Yue Yue!”

...

When the group of people saw her, they seemed to have found their backbone and surrounded her.

“Since it’s to enter the Federal University, how can Principal Xu leave me out?” Nian Yue chuckled.

Although she was the one who asked Yin Han for the command back then, her goal was to pave the way for the virtual system.

But now, she was the leader of this group.

No matter what Principal Xu wanted to do to them, he had to pass by her first.

At this moment, Principal Xu called. Nian Yue answered the call. “Hello, Nian Yue. I want to hear your opinion on the special forces team entering the Federal University...”

“In person.”

Nian Yue hung up.

Then, she looked at everyone.

She had always been used to being alone. Even in the post-apocalyptic world, she would always be by herself.

But in this world, this group of people would never leave her side.

“Do any of you want to join?” Nian Yue asked.

The few of them looked at each other and said almost without thinking, “We’ll follow Boss!”

Chapter 311: I Want the Ownership of the Special Forces!

In the beginning, the few of them gathered together for various reasons, but now, this group of people had a strong cohesion.

And Nian Yue was the backbone of this group. With her, the special forces had a soul.

Nian Yue pushed the door to Principal Xu’s office open and entered. Principal Xu had been waiting for her for a long time.

Seeing Nian Yue, Principal Xu pushed his glasses up the bridge of his nose. The smile in his eyes could not be concealed no matter what.

“Nian Yue, you’re here?”

Principal Xu was not surprised to see the few people behind Nian Yue.

The group of people sat down and Principal Xu sat opposite them. “Nian Yue, since you’re all here, I won’t beat around the bush. As you know, the Federal University is an internationally famous university. Ever since it was established in the last century, it has only accepted a few hundred students worldwide every year. This is the first time the country has been invited by the Federal University.”

Principal Xu explained to them.

He wanted to hear Nian Yue’s opinion.

However, the aloof girl was sitting on the sofa lazily, her face expressionless.

It was clearly an extremely simple action, but when she did it, there was an inexplicable dominance.

Her aura was too strong.

It was so strong that Principal Xu felt an inexplicable pressure.

“Cough, cough...”

Seeing that Nian Yue had no intention of speaking, Principal Xu coughed dryly. “Nian Yue, what do you think about this invitation? The school will take your opinions into consideration...”

After all, this was the first time the country had been invited. It was a rare opportunity for both the country and the Imperial University.

“Opinion?” Nian Yue raised her eyebrows. “I’m afraid the Imperial University can’t wait to send us over, right?”

“Nian Yue...”

Principal Xu’s thoughts were exposed and he looked a little embarrassed. “You know that this is a rare opportunity. Besides, I also believe that the special forces can make a name for themselves there.”

Nian Yue did not say anything, as if she was thinking about the possibility in his words.

With every tap of his index finger on his knee, Principal Xu’s heart sank a little.

The office fell into a long-awaited silence.

Finally, three minutes passed.

Principal Xu finally could not help but say, “Nian Yue, you can tell the school whatever ideas you have...”

“The ownership of the special forces belongs to me,” Nian Yue said bluntly.

She was the most famous commander in the post-apocalyptic world and had always hated working under others.

Even though she had the highest authority in the special forces, Yin Han was still above her.

“Nian Yue...”

Principal Xu was in a dilemma. The special forces had been established temporarily.

The highest command of the special forces was in Yin Han’s hands, and Yin Han was directly under that person’s orders.

Now that Nian Yue wanted the highest authority, it was equivalent to asking for that person’s authority.

Nian Yue really liked to give him problems.

“Principal Xu, you have five minutes to think,” Nian Yue said slowly.

“Nian Yue...”

Principal Xu was a little troubled. “Let me go out and make a call...”

“No need.”

At this moment, the office door was pushed open from the outside.

A cold man had already walked in.

“Young Master Fu.”

When Principal Xu saw who it was, he hurriedly stood up. “Why are you here?”

“The ownership of the special forces has been yours since it was established.”

Fu Xiuyuan chuckled and looked at Nian Yue with a smile. "The performance of the special forces in the past half a year has long passed the assessment. Furthermore, it's far better than when it was first established. According to the rules, you have the highest authority. You don't have to report your actions to anyone in the future."

When the few people at the side heard this, they were stunned!

Was he telling the truth?!

Nian Yue wanted the ownership of the special forces, not the highest command!

With her owning the special forces in the future, she would not be controlled by anyone!

The group of people looked at Nian Yue with admiration!

No one in the country could have done this, but Nian Yue had!

"According to the notice, school will start next week."

Fu Xiuyuan said, "You can have a good rest this week."

No matter where Fu Xiuyuan went, he would always be a high and mighty figure. When had the group of people ever seen him speak so highly of someone else?

Hearing him say this, the group of people nodded profusely.

When Fu Xiuyuan pulled Nian Yue away, Lin Nan was the most excited. "Oh my god! My Sister Yue is too awesome! In the future, we can act alone. It has nothing to do with Imperial University anymore!"

Who knew how unhappy they were to be suppressed by Yin Han?

After following Nian Yue for a long time, the group of people were already used to being independent.

To be honest, she could have acted alone, but she felt unhappy that there was someone suppressing her.

In order to celebrate the fact that they had received an invitation from the Federal University, the Imperial University held a small farewell party for them.

After all, this was a major that the Imperial University had just opened this year. Its original purpose was to connect with the international market.

No one had expected to have attracted the attention of the Federal University.

The people who came to attend today's gala were all students from the Imperial University.

Lin Nan and the others were having fun.

Nian Yue was indifferent to these banquets. As usual, she wore a simple white shirt and black pants today with her hair tied up.

She was clearly dressed in an extremely ordinary outfit, but because of that face, Nian Yue was like a spotlight no matter where she went.

Nian Yue walked to the corner and took a bottle of soda. She unscrewed the cap and drank it in one gulp.

Her actions were dashing and the girls from the other classes were secretly looking in her direction.

Some people even took out their phones to secretly take photos.

Nian Yue was indifferent to these. In her eyes, no matter how good-looking or ugly it was, it would be dust in a few decades.

However, in an instant, the aura in the air turned cold.

Nian Yue narrowed her eyes and threw the drink bottle into the rubbish bin. She had already turned around and walked towards the door in large strides.

It smelled like an Esper.

It was a wood-elemental superpower.

Nian Yue walked to the door and raised her hand slightly. A faint white smoke had already appeared in the air.

The smoke was very faint, as if it could be blown away by the wind.

Nian Yue looked in the direction of the white smoke.

The target was the Imperial University library.

Nian Yue's figure moved slightly and she was already ten meters away in the blink of an eye.

At this moment, the library was brightly lit, but the aura had disappeared.

The fountain at the entrance of the library was already filled with fish.

All the fish were facing up.

Chapter 312: Li Family

“Wood power and destruction power co-existing?” Nian Yue chuckled.

In this world, the way supernatural powers existed was getting stranger and stranger.

In the post-apocalyptic world, all Espers could only have one superpower.

And she had a rare dual-elemental superpower.

Even if it was a dual-elemental superpower, supernatural powers could not be completely opposite.

However, this person’s superpower was the complete opposite.

“You’re smart, little girl.”

A chuckle came from behind. It was obvious that the person had used a voice changer, so it was impossible to tell if it was a man or a woman.

The person was about to grab her shoulder.

“You overestimate yourself!”

Nian Yue turned sideways and dodged it.

Then, in the blink of an eye, she was already behind that person!

She kicked that person!

Nian Yue had never known how to be gentle. Towards her enemies, she was always fast, accurate, and ruthless!

That person did not even have time to react. Nian Yue was actually so fast that she was kicked to the ground!

With one hand in her pocket, Nian Yue was still a little cold. Her eyes were so deep that they seemed to be inseparable.

She walked up to the person in a few steps and stepped on her back.

“Did anyone tell you not to overestimate yourself against an attack-type superpower?”

She used a lot of strength in this kick. That person almost died from her stomp!

“Ah!”

The person’s face turned pale from the pain, and veins popped out on his forehead.

“Tell me, why did you come over?” Nian Yue’s expression was unclear.

“Of course I’m here to see how capable the legendary leader of the special forces is.”

The person gritted his teeth in pain, but his mouth was still unforgiving.

“Do you know now?” Nian Yue sneered.

Then, she bent down and grabbed the person's clothes, lifting him up.

'Of course. I look forward to our meeting later.'

The person revealed a strange smile. Then, he turned into a pool of black water which then disappeared!

Nian Yue was not surprised by the situation just now.

She looked up at her surroundings. The trees that were full of vitality just now were all like frosted eggplants.

Healing power and destruction power.

She could smell a familiar scent from either of these superpowers.

Could it be the smell of that person?

Nian Yue's eyes were deep as she pressed the Bluetooth earpiece that was still stuffed in her ear. "Zhizhi, change the investigation direction to wood-elemental and destruction-elemental powers."

Wang Zhizhi, who was eating cake at the gala, instantly entered her zone.

She took out her computer and started typing.

“Roger that!”

Nian Yue did not return for a long time. Almost as soon as she walked down the stairs, she saw that Fu Xiuyuan had already arrived in front of her.

“What did you find?” Fu Xiuyuan asked directly.

“Wood power and destruction power co-existing.” Nian Yue frowned. “Moreover, wood power comes from the same source as mine.”

Although there were only so many types of supernatural power, different supernatural powers were different for different people.

If their supernatural powers came from the same source, there was only one possibility.

The two of them were related by blood.

“I’ve investigated the Li family in the capital...” Fu Xiuyuan’s eyes were deep.” There’s no record of the current head of the Li family or the previous head of the family. And the superpower on you is acquired.”

In other words, the supernatural power that appeared on that person just now might not have anything to do with Nian Yue.

“The Li family?”

Nian Yue touched her chin. “Whether my superpower is related to the Li family or not, the appearance of that person just now is enough to prove that my superpower is related to him.”

Furthermore, that person had used his supernatural power when he disappeared.

And what he said.

It seemed he knew her well.

“Federal University has a blood research center,” Fu Xiuyuan continued. “I found DNA similar to yours there.”

“Similar?”

Nian Yue frowned slightly.

“Yes, it’s 50% similar to the Li family’s missing youngest daughter,” Fu Xiuyuan continued, his face shining like jade under the gentle light.

“My mother, Li Shu, is from the Li family?”

Nian Yue was interested.

The information Wang Zhizhi handed her contained a portion of Li Shu’s information.

However, there was only comparison and analysis. There was no conclusion.

She had only taken a glance at it and did not analyze it in detail.

“According to the DNA comparison analysis, this is the case,” Fu Xiuyuan explained to her.

“You mean she might not be dead?”

“It’s still a guess.”

After all, Li Shu had suffered a massive hemorrhage during her birthday and there was a death record in the hospital.

It was strange. Nian Yue chuckled.

In the post-apocalyptic world, she was alone and had no parents.

In this world, this body actually had such a complicated background.

Li Shu was not dead.

And Nian Chaoyu might not be the biological father of this body.

The development of the matter could really bring her new surprises.

Nian Yue did not say anything else. At this moment, her wrist was grabbed by someone. There was a gentle touch on her wrist, and Nian Yue was suddenly hugged.

Fu Xiuyuan lowered his head and bit her fair neck. "A mark."

Fu Xiuyuan was an extremely vengeful man. He usually looked quiet, but when he really wanted to settle scores, he remembered more than anyone else.

His Yue Yue was a dazzling existence no matter where she went.

If she went to Federal University, she would only be more dazzling.

"You're really..."

Nian Yue laughed and hugged him with both hands. She bit his lips. "...don't wish to lose out."

At this moment, on the second floor of the library, Jin Xuan was talking on his phone. He looked a little bored, but when he glanced at the couple, his eyes wavered.

"I'll go back as soon as I can."

With that, Jin Xuan hung up.

His Junior seemed to be much more outstanding than he had imagined.

But this was the only way to gain a sense of accomplishment, right?

Jin Xuan's lips curled up slightly, and the phone in his hand suddenly became hot.

The temperature suddenly rose, but the smile on Jin Xuan's face widened. A faint blue light flashed across his body.

Jin Xuan glanced at the man, but coincidentally, Fu Xiuyuan suddenly looked up. Jin Xuan felt a chill run down his spine.

There was an inexplicable aura around him that made it difficult to breathe.

Bang! The moment he released his grip, the phone exploded!

In an instant, the phone had turned into ashes!

When the librarian heard the commotion, he hurriedly rushed over. “Young Master Jin, what happened here?”
