

The National Goddess Reborn 319-323

Chapter 319: Fright

In a split second, Nian Yue's bullet became even more powerful!

That bullet directly suppressed another bullet and rushed towards that person!

"Bang!"

The bullet had already sunk into that person's blood!

"You!"

That person did not know how he died. He collapsed onto the ground.

The aloof girl did not even look up. Wang Zhizhi's voice came from the Bluetooth earpiece in her ear.
"Yue Yue, Lin Nan and the others have already found the other living prey."

"Split up and be careful."

Nian Yue lowered her voice.

“Roger! Yue Yue, a large number of people are rushing towards you. Be careful.”

A map of the club had already appeared on Wang Zhizhi’s computer screen.

She was good at technical attacks and concealment.

At this moment, Nian Yue was not worried about her comfort at all.

“I will.”

Nian Yue ended the call and saw a bullet rushing towards the little girl!

Nian Yue’s figure moved slightly and she was already in front of the little girl in the blink of an eye. Then, she reached out and hugged the little girl!

Then, she rolled on the ground and dodged the bullet!

At the same time, a large number of people had already surrounded them.

The roar of the car was endless.

In an instant, dozens of cars arrived and surrounded Nian Yue!

Qu Lang, who was sitting at the front, had a smile on his face as usual. "Nian Yue, I didn't expect our second meeting to come so quickly."

Nian Yue was carrying the little girl with one hand. Her shirt was already red from the blood on the little girl's body, but her face was as cold as ever. There was even a hint of nobility.

"From the moment you did this, you should have expected that you would die miserably!"

Nian Yue sneered and pointed her pistol at Qu Lang.

Human trafficking had destroyed many families. To treat a living person as prey was heartless.

If he started like this, the order of the entire world would be reshuffled!

“I like your arrogant personality. It’s a pity that you were born in the wrong gender.”

Qu Lang clicked his tongue a few times. He was starting to believe that if Nian Yue was a man, her achievements would definitely be stronger and greater than today!

“Then I’m going to use my full strength now.”

Qu Lang snapped his fingers. At the same time, everyone in the car had already aimed their guns at Nian Yue!

“Then let’s see who is faster.”

Nian Yue’s lips curled up slightly, but there was no fear on her face.

This was the first time the little girl had seen such a situation. She hugged Nian Yue’s neck in fear.

Nian Yue’s face was expressionless, but she pulled the trigger!

The bullet was aimed at Qu Lang!

At the same time, everyone aimed their guns at Nian Yue!

Qu Lang looked at Nian Yue, who was covered in blood, and shook his head regretfully.

Nian Yue could be considered a hero of her generation. Unfortunately, heroes were often at their wits' end. Nian Yue would probably no longer exist in this world!

In an instant, a faint white glow appeared on Nian Yue's body. It was her lightning power.

Then, all the bullets seemed to be blocked by something and stopped around Nian Yue!

Nian Yue took this opportunity to aim her gun at the person in the car closest to her.

She was so fast that the person was shot in the head before he could react!

In the blink of an eye, Nian Yue had already arrived in front of the car. She threw the person's corpse out of the car. Then, she carried the little girl and flipped over to enter the car!

Then, she started the car, which flew out like an arrow!

At the same time, Qu Lang had just dodged the bullet that Nian Yue had shot at him!

He got out of the car and happened to see Nian Yue driving that car and rushing out.

All that was left was car exhaust!

All of this happened in just three seconds!

“Chase!”

Qu Lang was so angry that his face turned pale. “Activate the forest mechanism at the same time!”

Even if it was Nian Yue or other students from the Federal University, he would kill them as long as they dared to cause trouble in his territory!

Did she really think that he was a pushover?

Nian Yue drove extremely fast. She had a photographic memory. The map of the club that Wang Zhizhi had passed to her just now had already been deeply imprinted in her mind!

She was also able to maneuver the car to dodge the attack a second before the forest mechanism was about to come out!

At the same time, Nian Yue glanced at the girl she had placed in the front passenger seat.

Because she had lost too much blood, the girl's face was pale, as if she would faint in the next second.

Nian Yue raised her hand slightly and sent her healing power into the girl's body. In just a few minutes, the girl's expression returned to normal.

"Now, Sister is going to deal with a group of scumbags. I need your help with the logistics." Nian Yue's lips curled up slightly. As she drove, she glanced at the rearview mirror. She could accurately dodge the attacks from behind every time.

"Of course. You can choose to be weak. I'll protect you."

"Sister, let me help you!"

The girl regained her strength and got up from the front passenger seat.

Her voice was not loud, but it was powerful.

“Then I’ll leave the driving to you.”

Nian Yue said coldly and lifted the little girl into the driver’s seat.

She turned around and went straight to the front passenger seat.

Because it was a sports car, she stood up.

The small pistol seemed to have a life of its own in her hand.

Then, she aimed at the sports car behind her!

Bang! The wheels of the sports car exploded!

The car lost control and crashed into a tree!

Coincidentally, the few sports cars behind were all the same!

The aloof girl was like a sharpshooter. No car could escape her attack!

“Attack that little girl!”

The people behind discovered the loophole and instructed the others.

At the same time, the group of people who had targeted Nian Yue had all changed their targets!

She started attacking the little girl!

When the bullet came over, Nian Yue had already quickly grabbed the little girl and changed to the front passenger seat. She quickly took over the driving.

She was fast. She had one hand on the steering wheel and the gun in the other.

However, she was not at a disadvantage at all.

The people behind did not catch up for a moment. Nian Yue narrowed her eyes and turned right when she saw the fork!

Then, she suddenly increased the force!

Qu Lang, who was following behind, smiled sarcastically when he saw her.

“That’s a cliff... Nian Yue, Nian Yue, you’re really courting death!”

Chapter 320: Are You Looking for Me?

He did not believe that Nian Yue could survive after falling off the cliff even if she had extraordinary abilities!

“Follow her closely!”

With Qu Lang’s order, all the cars following behind Nian Yue increased their speed. They were definitely going to kill Nian Yue today!

As Nian Yue drove, her hands did not stop moving! As long as she continued driving forward, the cliff in front of her would definitely be a dead end!

Boom! The car reached the cliff. And Nian Yue was still accelerating!

Mo Yi, who had been sitting in the surveillance room, had a deep look in his eyes.

Finally, the car reached the cliff! Nian Yue suddenly accelerated! Boom! A loud sound rang out and the fiery red sports car had already plunged down!

And none of the sports cars that followed Nian Yue were spared! They rushed to follow the car!

Very soon, an explosion sounded! Below the cliff, flames surged into the sky!

Many people wailed. The situation was too tragic! No one expected Nian Yue to lure so many people down the cliff!

Was Nian Yue dead? This was Qu Lang's thought in an instant. He had dreamed of killing Nian Yue, but he never expected Nian Yue to die so easily!

Mo Yi, who had been sitting in the surveillance room, instantly turned cold. The lights in the surveillance room suddenly flickered.

At the same time, the brightly lit villa instantly fell into darkness!

Would Yue die so easily? Almost in the blink of an eye, Mo Yi had disappeared on the spot.

"Hahaha, I didn't expect the leader of the special forces to be so weak!"

Qu Lang laughed non-stop!

If even the king of the special forces was played to death by him so easily, how capable would the rest of the special forces be?

“Are you looking for me...”

A sloppy voice sounded. When Qu Lang heard this voice, his back stiffened and he subconsciously looked at the tree.

On the crown of the tree closest to him, a cold girl was sitting cross-legged. In her arms was the little girl from before, who looked very uncomfortable.

“You’re actually not dead...”

Qu Lang’s face was filled with disbelief.

He had clearly seen Nian Yue following that car and falling off the cliff!

But now that she was fine, how could that be explained?

“Why would I die when you’re fine?” Nian Yue sneered and snapped her fingers. “Would you like the special forces perform a grand funeral for you!”

Nian Yue chuckled. Almost as soon as she finished speaking, there was a loud bang and the tree under her feet suddenly burned with a raging fire! The strong smell of burning trees filled everyone’s nostrils!

When Qu Lang saw this, he was so angry that his nose was crooked! He was about to instruct someone to put out the fire when his phone rang.

Qu Lang answered the call with an ugly expression.

“Lord Qu Lang, there’s a fire two kilometers away from your location! We’ve already sent more people over! But the fire is too big. What should we do!”

“I spent money to support you guys. Are you all freeloaders! If you don’t have enough manpower, call the helicopter over!”

Since he dared to establish this club, he must have made full preparations! Using a helicopter to extinguish the fire was definitely the fastest and safest method!

However, almost as soon as Qu Lang hung up, someone from another location had already called.

“Lord Qu Lang, there’s a fire in the north. The fire is very big! We don’t have enough manpower. What should we do now?”

“Lord Qu Lang! The south is on fire...”

In an instant, Qu Lang’s phone rang non-stop. There was someone calling him from almost every direction to report that there was a fire.

Qu Lang felt a headache coming on.

“Mmm...”

Nian Yue yawned slowly. Her eyes were like torches as she stared at Qu Lang and said, “It’s your turn next!”

Almost as soon as she finished speaking, she had already arrived in front of Qu Lang in the blink of an eye!

Then, she reached out and grabbed his neck!

She was extremely fast and did not give Qu Lang any time to react!

Qu Lang was suppressed to the ground by her!

“You...”

Qu Lang’s face was filled with pain. “How can you be so fast?”

The last time he fought with Nian Yue, Nian Yue was not so fast!

“Everyone grows up.” Nian Yue sneered and looked at Qu Lang coldly.

When she fought against Qu Lang’s Espers, her ability was not very strong.

Now, she did not need to care about Qu Lang’s Espers anymore.

“Is that so? What about Espers...”

Qu Lang’s eyes were filled with ill intentions. Almost as soon as he finished speaking, he snapped his fingers.

In an instant, the two of them were surrounded by a group of Espers.

“The special forces gave me such a big gift. How can I not return the favor?”

Qu Lang chuckled.

Almost as soon as he finished speaking, he had already turned into a pool of black water under Nian Yue’s hands.

Then, the pool of black water disappeared on the spot.

“That ability again...”

Nian Yue frowned.

The superpower she had seen at the Imperial University.

It came from the same source as her.

She was certain that the person she saw at the Imperial University was not Qu Lang.

But why did he have the same superpower as that person?

The moment Nian Yue frowned and pondered, a group of Espers had already attacked her.

“You’ve overestimated yourself.”

From the corner of her eye, Nian Yue saw that group of people walking over. She sneered and squatted down.

With a sweep of her leg, she knocked everyone down!

She was fast and strong.

Even though these Espers were strong in numbers, they did not have a hold over her. She was really too fast!

Mo Yi, who had just disappeared from the surveillance room, stood at the side and watched for a long time.

“Ten...”

“Nine...”

“Eight...”

... .

Mo Yi’s eyes were filled with smiles. With every word he spat out, the smile on his face increased.

... .

“Three...”

“Two...”

“One...”

Almost as soon as he finished speaking, all the Espers had been knocked to the ground by her!

Clap! Clap! Clap!

Mo Yi started clapping.

“Yue...”

Mo Yi smiled. When he looked at Nian Yue, there was a hint of gentleness in his eyes. “You’ve improved too quickly...”

When he first met Nian Yue, her ability was similar to his ten years ago.

But now, it had only been half a year and she had already reached his level from five years ago.

Chapter 321: One Word – Fight!

In other words, if he had the same qualifications as Nian Yue, Nian Yue’s improvement speed was five times his.

“Mo Yi! What are you waiting for?”

Qu Lang was so angry that his face turned pale. He hurriedly shouted at Mo Yi!

The entire international alliance knew that the mercenary group and the special forces were not on good terms.

“To watch the show, of course...”

Mo Yi smiled readily. “Who told you I was here to help?”

“You went back on your word!”

Qu Lang’s face turned pale. There were problems all over the club and he could not deal with them at all.

He had thought that with Mo Yi, he would be able to relax!

However, he did not expect Mo Yi to kick him when he was down!

“I never said I wanted to help you.”

Mo Yi sneered. “Since things have come to this, do you mind if I add fuel to the fire?”

Almost as soon as Mo Yi finished speaking, he was already in front of Qu Lang in the blink of an eye.

Then, he grabbed his neck.

However, the moment he grabbed Qu Lang, an external force suddenly came from behind and grabbed his wrist.

At this moment, Mo Yi finally glanced at Nian Yue. “Yue, no one said that you have to take everything for yourself...”

Her hands were cold.

In the past, he had fought with Nian Yue a lot, but he would usually stop after a taster.

Nian Yue loved to use her fists in fights.

Therefore, strictly speaking, the two of them had a lot of physical contact.

However, every time he touched her, there was a strong gust of wind.

This was the first time he had physical contact with Nian Yue at such a close distance.

“Then let’s see what we can do.”

Nian Yue chuckled and attacked Mo Yi.

Mo Yi was a person who was neither good nor bad. You never knew if he was telling the truth.

Furthermore, Qu Lang was a key figure in her search for the human trafficking organization. He could not fall into Mo Yi’s hands!

“Sure.”

Mo Yi stretched his muscles. When he saw Nian Yue attack just now, he could only tell that she had improved a lot.

He could not wait to compete with Nian Yue and see how much she had improved!

Almost as soon as Mo Yi finished speaking, the two of them started fighting quickly.

The two of them could be considered old friends. Both of them knew each other's weaknesses.

Therefore, when they fought, they did not show any mercy. The two of them were fast and forceful.

However, there was no winner in a short period of time.

Finally, their fists collided. The powerful aura even made the air freeze.

"Yue, you've indeed improved a lot."

It was as if he was finally satisfied with what he saw.

Mo Yi was generous with his praise.

"Thank you for letting me win."

Nian Yue did not even look up, but she had no intention of letting go.

She was determined to get Qu Lang this time.

“Since you want Qu Lang, let’s meet at the human trafficking organization.”

Mo Yi chuckled.

To him, Qu Lang was dispensable.

Almost as soon as he snapped his fingers, the other mercenaries who had been hiding in the dark walked out.

“Let’s go. We have to reach our destination before the special forces.”

Mo Yi glanced at his wrist.

A few minutes had passed, but the cool touch from her body did not seem to have disappeared.

The helicopter was hovering overhead. Mo Yi grabbed the rope and was already in the helicopter.

The cabin door opened and he could still see the girl standing straight.

There was gentleness and affection in Mo Yi's eyes.

However, it disappeared quickly.

Nian Yue, who was on the ground, crossed her arms and looked wild and arrogant. She glanced at Qu Lang slowly. "Do you want me to capture you, or do you want to follow along?"

Now, the shooting club had been destroyed. If Qu Lang could run, he would have escaped long ago. Why would he have waited until now?

"Boss, why are you talking so much nonsense with him? Let's do it!"

Wang Yang ran over from outside.

His face was covered in sweat, as if he had run too fast. However, his eyes were bright.

"That's right, Sister Yue! Let's fix him!"

Lin Nan ran over.

At this moment, the group of people had already changed into combat uniforms for convenience.

They looked light and cool.

“Here...”

Nian Yue casually pointed at the ground. “Didn’t you suffer a lot under those Espers last time? This time, you can fight back.”

These Espers were all beaten up by her just now!

“Alright!”

When the group of people heard Nian Yue’s words, they were all eager to try.

Wang Yang was the first to attack. He had been bullied the most last time. Today, he had to get back at him no matter what!

The others also swarmed up!

Nian Yue leaned against the tree slowly. The little girl had never seen such a scene before. She hugged Nian Yue's leg and trembled a little.

Nian Yue squatted down and covered her eyes with her hand.

"Your nightmare is over."

The life of being on the run every day was over.

Finally, in less than three minutes, the group of Espers had been beaten to the ground.

In fact, this time, there was no need for Nian Yue to command from the side.

Their cooperation had reached the point of perfection.

"Return to the team."

Nian Yue sneered and stood up with the little girl in her arms.

She stood upright with a burning gaze and the unique aura of a soldier.

“Bring Qu Lang back.”

Nian Yue chuckled and turned her gaze to the others. “Our goal is the base camp of the human trafficking organization!”

“Roger!”

“Roger!”

... .

Their blood boiled!

It had been too long since they had such an intense battle!

Most importantly, this battle made everyone understand that even if they were not Espers, they did not have to be afraid when fighting the latter!

They had absolute confidence in winning!

“Before you leave, report the rescue personnel to the country’s military.” Nian Yue raised her eyebrows.

Although this mission was issued by the Federal University, she had not forgotten that this was a family matter in the country.

Nian Yue lowered her cap and was about to leave when she felt her feet sink.

The little girl she had saved just now asked carefully, “Sister, can I become as powerful as you one day?”

“Of course.”

The aloof girl nodded. “Whether you’re a man or a woman, as long as you work hard, you will become stronger.”

And Nian Yue did not know that her words would become the faith of this little girl for the rest of her life.

Chapter 322: I Hate it When People Point at Me

This might be Nian Yue’s unique charm.

Be it male or female, one could always find in her a motivation to improve.

Almost as soon as Nian Yue stepped out of the shooting club, she saw a black SUV parked in front of the club.

Li Xiangru got out of the car angrily. When she saw the flames soaring into the sky, she quickly transferred her anger to Nian Yue.

She walked over aggressively and pointed at Nian Yue's nose as she questioned, "Did you do it?"

She finally received news that the human trafficking organization was related to Qu Lang.

In the end, before she could find him, Nian Yue had actually destroyed their base camp!

"I hate it when people point at me."

Nian Yue sneered and glanced at Li Xiangru's finger.

Li Xiangru felt her back stiffen as if she was being stared at.

She retracted her finger almost as if she was running for her life.

“You idiot, do you know that Qu Lang is very useful! You burned down the shooting club! Do you think the International Alliance will let you off?”

Li Xiangru was so angry that her face turned green!

However, she reacted almost instantly.

A student like Nian Yue probably only had a little money at home. She had no status internationally.

Otherwise, the International Alliance would have known her!

“What does that have to do with you?”

Nian Yue glanced at her and said lightly.

She could even kill Jack the previous time. The International Alliance was nothing in her eyes.

“Ha...”

Li Xiangru was furious. “As expected, the more ignorant you are, the more arrogant you are! I’ll wait for the day you beg me!”

In the entire international alliance, the Li family was the only representative from Z country.

If Nian Yue provoked the International Alliance, she would definitely be the first person to ask for help!

At the thought of this, Li Xiangru’s expression turned even uglier. She left without looking back.

“Is that so?”

Nian Yue sneered. She was still holding the sharp knife in her hand.

Then, she raised her hand slightly and attacked Li Xiangru with the sharp knife!

Then, the tip of the knife stopped at Li Xiangru’s toes!

Had she walked a little faster, that knife would undoubtedly stab into her instep!

“Ah!”

Li Xiangru screamed in fear!

As the eldest daughter of the Li family, she had never encountered such an obvious thorn!

“Since noone taught you the importance of an apology, I’ll teach you.” Nian Yue raised her hand slightly and the knife returned to her hand.

She seemed to be bored and nonchalant.

However, those eyes were as deep as a clear spring, making one unconsciously immersed in them.

“Which family are you from?”

Li Xiangru was furious. “I’m telling you, not only are you finished, your family is also finished! Bring her back!”

Whoever dared to bully her in the International Alliance had to think of the consequences!

“You want to catch our boss?”

Lin Nan had just settled the people he had saved when he heard Li Xiangru’s words. He spat out the grass in his mouth and stretched his muscles. “That depends on whether we agree!”

“You haven’t even entered school and you’ve already learned how to form cliques?” Li Xiangru seemed to have caught onto something and called the principal’s office of the Federal University. “Teacher Zar, I’m reporting a new student who formed cliques before school started! Such a student probably doesn’t even have the qualifications to enter school, right?”

Chapter 323: Marriage

“Ganging up?” Zar Ze was not surprised to receive this call.

After all, a thorn like Nian Yue was the leader of the special forces.

It was almost impossible for her to be as obedient as other students.

“You mean Nian Yue...” Zar lengthened his tone.

“Yes, it’s her...”

“This is actually not within the assessment content of the Federal University.”

Zar explained slowly to her.

The admission rules of The Federal University were very simple. As long as you completed the entrance examination, you could enter the Federal University.

As for how you completed the entrance examination, whether you cheated, and regardless of the method you used, this was not within the consideration of the Federal University.

“Student, there are other consultation calls. I’m hanging up!”

Before Li Xiangru could say anything, Zar had already hung up!

“You...”

Li Xiangru was so angry that her nose was crooked.

“Since Federal University doesn’t care about this, I’ll take care of it myself.”

Li Xiangru sneered. She did not believe that she could not deal with a powerless new student!

However, just as she hung up the phone, she watched helplessly as the bodyguards she had carefully chosen were easily beaten up by the group of people behind Nian Yue.

And those bodyguards did not have any room to resist.

The aloof girl did not seem to care about her at all. When she called, she did not even look at her.

After dealing with the group of bodyguards, Nian Yue said slowly, “Let’s go!”

The group of people left majestically.

The girl in the lead looked sloppy, but her aura could not be stopped.

Li Xiangru looked a little resentful. Who exactly was Nian Yue?

Usually, when she called Zar, he would give her some respect on account of the Li family.

Now, she was actually ignoring him?

“Miss, Old Madam called. Old Madam is acting up again!”

The butler rushed over.

“Alright, I understand!”

Li Xiangru sounded a little impatient. “How’s the potion I asked you to find last time?”

“Don’t worry, we’ve already located it,” the butler said respectfully.

“Follow the formula I gave you. Grandma’s eyes will recover in a while.”

Li Xiangru seemed to be too lazy to care about this matter.

“By the way, has Xiuyuan come to Federal University?” Li Xiangru asked as if she had thought of something.

After all, that man had a deep relationship with the International Alliance.

Federal University was also affiliated with the International Alliance.

Even though he had stopped asking about the International Alliance a long time ago, he would still take a look at the enrollment of the Federal University.

“He’s here. And this time, he even went to the Li family.”

The butler pushed his glasses up the bridge of his nose.

The Li family?

When Li Xiangru heard this, she could not hide the smile on her lips.

He had always looked down on everything. Even when the international alliance invited him, he would not even look at them.

Now, he had actually gone to the Li Family personally for her.

“Return to the Li family!”

Li Xiangru ordered and got into the luxury car.

The car sped along the road. Li Xiangru could almost imagine how she would look when she saw that man.

It was as if she would never be interested in anything. Her phoenix eyes were extremely cold.

However, only she knew how infatuated she was with that man.

The car rushed back to the Li family as quickly as possible.

Li Xiangru had just gotten out of the car when she saw the low-key Maybach that only Fu Xiuyuan usually drove.

At the thought of this, Li Xiangru almost could not control her heartbeat as she rushed into the courtyard.

As expected, the moment she stepped in, she saw the aloof man sitting on the sofa and chatting with Old Madam Li.

“In that case, I won’t disturb Old Madam Li anymore.” Fu Xiuyuan nodded slightly and got up from the sofa, preparing to leave.

“Xiuyuan, since you finally came over, why don’t you have a meal before leaving?”

Li Xiangru asked with a smile.

In almost an instant, she had already sorted out her thoughts.

It looked no different from usual.

“No.”

Fu Xiuyuan’s face was expressionless as he prepared to leave.

Seeing that he was about to leave, Li Xiangru almost instinctively wanted to follow him. Her voice was a little anxious. “Xiuyuan, your body...”

“Thank you for your concern, Miss Li. Everything is fine.”

Fu Xiuyuan’s face was expressionless from the start to the end.

Then, he left.

Li Xiangru looked at his back view in infatuation. She only retracted her gaze when the figure slowly disappeared from her sight.

“Xiangru, you should be the one who’s taking the exam, right?”

When they returned, Old Madam Li looked at the distracted Li Xiangru and asked teasingly.

“Grandma.” Li Xiangru was a little embarrassed.

“Indeed, a grown girl can’t be kept at home!” Old Madam Li’s face was filled with smiles. “When you enter the Federal University, your marriage should be on the agenda.”

“I’ll listen to Grandma’s arrangements.”

Li Xiangru's face was filled with shyness.

Fu Xiuyuan had supported the Li family from the Imperial Capital to where they were today.

And marriage had been on the cards between the Li family and the Fu family.

"By the way, the servant told me today that your mother is showing signs of waking up. Remember to go and take a look."

Old Madam Li instructed worriedly.

"Don't worry, Grandma," Li Xiangru comforted her.

Li Xiangru only got up and went to the backyard after feeding Old Madam Li the medicine.
