

The National Goddess Reborn 64-71

Chapter 64: An Invitation

“Where is he now?” Nian Yue continued to ask.

“He’s from the Hacker Alliance and has barely shown his face.” Wang Zhizhi shook her head. “But he’s not as strong as you...”

She had once seen Nian Yue’s body suspended in the air. Today, with a snap of her fingers, she could cut off all the electricity in the entire space.

This ability was much more terrifying than teleportation.

“Hacker Alliance?”

“Yes, the Hacker Alliance does not belong to any country. The people inside are the elites of each country. I helped them in the past and they wanted to rope you in.” Wang Zhizhi told him everything.

From the moment she decided to follow Nian Yue, she had already decided that she would not hold anything back.

Nian Yue narrowed her eyes and tapped her slender fingers on the table.

In every era, there were people who were not bound by rules and countries. Clearly, the Hacker Alliance was such a group of people.

*

Because Wang Zhizhi did not go back the day before, the Wang family called the next day. On the other end of the phone, Father Wang tried to persuade her, "Cheng Du didn't do much to you. Why are you so stubborn?"

"Should I let him off just because I'm fine?" Wang Zhizhi's grip on the phone turned pale from the force she exerted.

"You're just a girl. If word of this gets out, the Wang family will be humiliated..." Father Wang sneered. "Tell your classmate not to interfere with the Cheng family's affairs anymore..."

Wang Zhizhi had no one to rely on. How could she be related to Director Jiang?

The only thing he could figure out was that classmate who was secretly helping Wang Zhizhi.

Wang Zhizhi bit her lower lip and remained silent.

Nian Yue walked over with her bag in one hand and the other in her pocket. "Let's go."

Wang Zhizhi was a little quiet on the road. Nian Yue turned around and asked her, "Is the Wang family still waiting?"

Wang Zhizhi's situation was no better than Nian Yue's. The Cheng family couldn't do anything to her and would put pressure on the Wang family.

"Yes." Wang Zhizhi lowered her head. "You don't have to worry about me regarding the Cheng Family."

She was only the tip of the iceberg. Cheng Du had impregnated many young girls. Because of the Cheng family's suppression, the issue had not gotten out of hand yet.

Nian Yue had handed the information over to Chief Jiang. Due to the pressure, it was unavoidable for him to go to jail.

Nian Yue paused for a moment and her lips curled up slightly. She ruffled Wang Zhizhi's hair and said, "Let's go."

The morning classes were all science classes. The students of Class A were sleepy and during the break, most of them were sleeping on their desks.

Wang Le rushed in from outside. "Not good, Brother Lin! The forum has exploded!"

Lin Nan had been forced to study the company's matters for the past few days. Every day, she would stay up until midnight. When he went to school, he finally managed to get some sleep. Now that he was woken up, she was a little irritated. She kicked Wang Le's leg. "If nothing's the matter, I'll kill you

"There's really something, especially important!" Wang Le took out his phone. "Look, it's about Nian Yue..."

The webpage he opened was a forum with a few big words written on the red target:

Explosive news! A certain girl was so confident because she had someone backing her up!

There were a few photos below. The photos were blurry, and it was night time. She could vaguely tell that it was two people.

Most importantly, the person who appeared on screen was Nian Yue in her school uniform. Even though the sky was dark, her profile was still breathtakingly beautiful.

The post said that she crippled Cheng Du two days ago and was almost sent to the police station. However, she went to class the next day unscathed.

The moderator dug deeper and found out that Nian Yue had met an old man privately a few days ago. Although the photo wasn't taken clearly, from the back view, the figure was at least 60 years old.

There were more than a thousand comments below the post, and there were more being posted.

"This man is old enough to be her grandfather! How can she hook up with him?"

“Another woman who only looks at money. I thought she was different from other girls, but now it seems that I was overthinking, All women are the same. Death smiles.”

“Twas wondering where she had been living since she moved out of the Nian Family. Turns out she had a new sugar daddy.”

Lin Nan saw the content of the post and exploded!

“Who’s responsible? I’ll cripple him!”

That day was the day they discussed the proposal with Old Master Lin. It was clearly something that happened during the day, but it was edited to a night setting.

He was even given a fake label.

“Brother Lin, let’s not bother about who did it or how to suppress the post...” Wang Le hurriedly pulled him back.” Sister Yue is a girl. It’s not good for her reputation to be tarnished like this...”

Most importantly, Nian Yue had left the Nian Family. Without the Nian Family’s protection, wouldn’t she be bullied by anyone?

Moreover, the issue with Cheng Du a few days ago had caused a huge commotion.

If these two matters were not handled well, Nian Yue’s reputation in No.1 Middle School would be completely ruined.

“Have you contacted the host?” Lin Nan asked calmly.

“No. Someone posted it anonymously. Someone outside the school...” Wang Le took a deep breath.

“Brother Lin, our family has a technician. I asked my brother to help hack the thread...”

“Who is this? He’s so shameless to try and defame Sister Yue!”

“That’s right. If I find out who did it, I’ll skin him alive!”

The group of students who hung out with Lin Nan went ballistic!

Ever since they destroyed Class B with Nian Yue, this group of boys had become her number one fans.

‘That kind of cold and arrogant girl would never do such a thing.

“Calm down, control the public opinion.” Lin Nan’s mind was still clear. “Take down the post...”

“Leave the rest to Wang Zhizhi.”

“No way...” Wang Le was in disbelief. They knew how difficult it was for Wang Zhizhi to speak normally.

Asking her to help hack the thread had to be a tall order!

‘When Nian Yue and Wang Zhizhi came out of the supermarket, they saw other female classmates whispering to one another.

Nian Yue was not wearing her school uniform today. She was wearing a simple black shirt and pants, revealing her slender legs. She looked rather unruly.

“The forum is abuzz with Nian Yue’s scandal, right? She’s so beautiful, what a pity...”

A few girls were discussing the posts on the forum.

“Sigh, who knows...”

Nian Yue did not even raise her head. She took the lollipop, tore off the outer layer of the candy wrapper and placed it in her mouth.

“Yue Yue, the picture they were circulating was edited by someone last night...” Wang Zhizhi held a bottle of mineral water and followed beside her. “I hacked the thread during class this morning, and now it’s out again...”

“Yes.” Nian Yue did not speak, and the expression in her eyes could not be seen clearly.

“Aren’t you worried?”

If this were to happen to any girl, she would be ruined.

“Let’s go.” With one hand in her pocket, Nian Yue walked back to the classroom..

Chapter 65: Helping Him

The moment she entered the classroom, the noisy classroom fell silent. All the students looked at Nian Yue.

The cold girl returned to her seat without looking at them. She took her school uniform and fell asleep on the table.

‘Wang Zhizhi had already taken out her computer and was typing something on it.

Lin Nan frowned. “Is it troublesome?”

“It’s a little troublesome.” Wang Zhizhi pushed her glasses up the bridge of her nose. “That person seemed to know that I would attack, so he made preparations beforehand.”

“Who’s so evil as to do that!” Lin Nan was about to curse.

“The IP address is outside the school...” Wang Zhizhi typed on her computer.” Found it...”

At the same time

In the school teaching office, Principal Wang was having a meeting with a group of teachers.

“Has the teaching team settled today’s matter?” Principal Wang pushed his glasses up his nose bridge, looking tired.

“The students are all on their phones now. This matter has already been spread to the parents’ group chat. A parent called me and said that students like this cannot be accepted in No.1 Middle School...” The Head of the Research Consortium said.

“This matter has blown up quite a bit. It has entered the top 50 trending topics on social media and is even on the rise.

“The most important thing now is to persuade Nian Yue to leave. No matter how good her results are and how bad her style is, the school will be affected negatively.

‘When Nian Yue transferred to Class A, more than half of the teachers were not optimistic about it. However, they did not dare to say anything due to Principal Wang’s insistence.

However, a few days ago, Nian Yue had just gotten into a fight. Now that such a thing had happened, the leaders of No.1 Middle School were already unhappy.

“I disagree...” Principal Wang pushed his glasses up his nose bridge.” There will be a quick resolution to this matter.”

“Principal, I know you want to protect Nian Yue, but this kind of thing has already happened. It’s going to ruin the reputation of No.1 Middle School. When that happens, how can we continue to recruit good students in the future?” Teacher Li stood up and asked.

No.1 Middle School was the best private high school in Jiang City. This time, they were dragged out and roasted. If there was no perfect solution, even the leaders of No.1 Middle School would be dismissed.

“Besides Nian Yue, there are other students with good grades. If something serious arises out of this, the school won’t be able to cover it.”

Everyone knew that the reason why Principal Wang insisted on preserving Nian Yue was her good results.

However, there were plenty of people with good results in No.1 Middle School. Nian Yue was not the one.

Even now, Principal Wang still refused to be persuaded. The group of teachers were getting anxious.

“Let me think about it...” Principal Wang felt a headache coming on. He had thought that the matter had already been suppressed. He didn’t expect to be confronted with another wave of controversy.

Now that something like this had happened, this matter would not be resolved so easily without the backing of the Nian family.

*

The post about a female student being kept in No.1 Middle School had caused an uproar in the school in the morning.

During lunch, Nian Yan could not hide the smile on her face when she saw that the forum was almost bursting with people.

“Nian Yan, did someone really do something to your sister...” A male classmate asked.

There were other male students in the class who had not finished their lessons. They all stopped what they were doing and listened attentively to the conversation.

Nian Yue was pretty and had a ruffian-like aura about her. Many male classmates liked her.

Ever since she came over, Nian Yue had received a lot of love letters.

“I don’t know...”

Nian Yan shook her head. “But my sister left the Nian Family two days ago. I think she bought a house outside...”

She did not say much after that, but it gave others enough space to fantasize.

Nian Yan was so angry when she saw the disappointment on the boy’s face.

In the past, she was the school belle of No.1 Middle School. Everywhere she went, she was surrounded by people.

Since when did these people ask about Nian Yue’s whereabouts from her?

During lunch break, Duan Yu called Nian Yue to her office. “Do you know about this?”

The cold girl sat on the chair, her posture somewhat unruly, but her furrowed brows proved that she was a little irritated.

“I do.”

“The school has already suppressed this matter. It’s just that the research institute feels that the impact is too great and wants you to rest at home for a few days.”

Duan Yu had fought hard for this outcome in the staff room.

*

This matter continued until school ended in the afternoon. The students were bustling out of the school gate, discussing the posts on the forum.

Most of the students in Class A had left and the classroom was empty. Nian Yue packed her bag and walked out of the school with one hand in her pocket.

Lin Nan and Wang Zhizhi had been busy with the forum all day, so they went back to rest.

The road was a little quiet. Nian Yue narrowed her eyes and walked to the entrance of the school. She saw a black SUV parked at the entrance and wondered how long it had been parked there.

Nian Yue walked over. The man in black was leaning there for a long time. When he saw her coming over, he looked up and asked, "Do you need my help?"

He did not take the posts on the forum to heart. With Nian Yue's ability, if she really wanted to resolve it, it was just a matter of convenience.

"No need." Nian Yue shook her head. She had one hand in her pocket and her expression could not be seen clearly. She seemed to have thought of something and continued to ask, "Did you come over for something?"

It seemed that from the first time they met, this man had always been nonchalant.

The two of them had never met before, but strangely, they had a tacit understanding.

"I'll send you back." Fu Xiuyuan raised an eyebrow. He wasn't a talkative person and appreciated silence.

"Thank you." Nian Yue got into the car.

After sending Nian Yue home, Nian Yue got out of the car and saw Fu Xiuyuan getting out of the car with her and following her to the elevator.

It was only when they reached the same floor and she saw Fu Xiuyuan enter the apartment opposite hers that she shrugged nonchalantly.

She knew that this man was with Jiang Jincheng, Since Jiang Jincheng was her neighbor, so this man must be the same.

After Nian Yue returned to her room, she turned on her computer and retrieved the surveillance footage of her conversation with Old Master Lin. She posted it on the forum.

She had a lackadaisical personality and could not be bothered to do certain things herself, but this did not mean that she was easy to bully.

*

Fu Xiuyuan returned home and lit a cigarette. The faint blue flame on the lighter made his face look even darker.

"The young lady didn't ask for your help?" Jiang Jincheng raised his eyebrows. It felt like he was gloating.

Fu Xiuyuan glanced at him, his slender fingers holding a cigarette. He didn't smoke and looked a little irritated.

Chapter 66: What a White Lotus

“They just called to ask when you’re going back?” Jiang Jincheng continued to ask.

“Are you in a hurry?” Fu Xiuyuan raised an eyebrow, his tone slightly aggressive.

“No hurry, how could I be?” Jiang Jincheng laughed dryly.

He still hadn’t left yet because of that little girl.

It was a pity that the young lady barely spoke to him.

If the people in the capital knew that the Young Master Fu, who could kill someone with a flick of his finger, stayed in Jiang City just for a little girl who had ignored him, their collective jaws would probably drop.

“The Nian Family wants to connect with the Chen Family through marriage?” Fu Xiuyuan raised his eyebrows. The cigarette in his hand was already halfway lit, but he did not smoke.

“Theard that he was originally planning to let the young lady marry that Chen fellow...” Jiang Jincheng shrugged his shoulders.” However, Chen fellow had his heart set on Miss Nian...”

“Give him a hand.” Fu Xiuyuan smirked, the cigarette in his hand already extinguished.

“You’re not smoking anymore?” Jiang Jincheng raised his eyebrows, sounding a little surprised.

“She doesn’t like it.”

Fu Xiuyuan tured around and entered the room.

That little girl was cold and looked hard to please.

*

'When Nian Yan opened her eyes, she felt sore all over. She moved her body and realized that it was as if a huge mountain was pressing down on her. She could barely move.

'The chandelier above her was a little unfamiliar. Nian Yan looked around and suddenly realized that this was not her home!

Ignoring the pain in her body, she got up from the bed. Their clothes were still scattered on the carpet. Nian Yan was so angry that her vision went dark and she almost fainted!

She took her cell phone and was about to call the Nian Family when the other person lying on the bed woke up.

"Yan Yan?"

Chen Yiran had just woken up and was shocked to see both of them naked.

"T's you?!"

Nian Yan trembled in anger when she saw him. "What did you do to me yesterday?!"

Nian Yan tried hard to hold back her tears. At that moment, she burst into tears and threw her phone at Chen Yiran!

"You bastard!" Nian Yan was furious. No matter how much she fooled around outside, she did not want to be with Chen Yiran right now!

'The moment he saw Nian Yan, disappointment flashed across Chen Yiran's eyes, but he quickly hid it.

'When he saw Nian Yan's agitated expression, he rushed over to hug her. "Yan Yan, don't be agitated..."

"How can I not be agitated!!" Nian Yan cried in his arms. "If my dad finds out, he will definitely break my legs!"

The Nian Family had a strict upbringing. She had always kept Nian Chaoyu in the dark when she messed around outside.

“Yan Yan, don’t you like me?” Chen Yiran hugged her and asked softly.

Nian Yan sobbed in his arms and did not answer his question directly.

“Shall we get engaged?” Chen Yiran coaxed softly.

“What do you mean?!” When Nian Yan heard the word ‘engage’, she immediately shook her head. “No one else is allowed to know about this!”

If others were to find out, her goddess title would be completely lost!

“Okay, okay. I promise that only the both of us know about this,” Chen Yiran said hurriedly.

However, he subconsciously tightened her grip on Nian Yan.

‘When he woke up just now, he had hoped that the person sleeping beside him was Nian Yue. He must have been crazy!’

2

*

The incident on the forum and social media, which had caused an uproar the day before, disappeared the next day, followed by the video.

It was clearly shown in the video that Lin Nan and Old Master Lin had gone to discuss the proposal with Nian Yue. In the video, the three of them had arranged to meet during the day.

When the other students saw the real situation, they could only sigh.

The male classmate from yesterday walked to Nian Yan's side and said with a gossipy expression, "Yesterday, you said that Nian Yue bought a house outside. It seems like it has nothing to do with Old Master Lin..."

Old Master Lin was a legend in Jiang City. Almost all the local supermarkets in Jiang City belonged to the Lin family.

Old Master Lin had founded the Lin Group.

Even though the Lin Group had started to decline in recent years, Lin Group was still of good stature in Jiang City.

"What do you mean by that? I didn't say anything yesterday..." Nian Yan looked innocent.

However, because of what happened with Chen Yiran, she looked a little listless and pale.

'When it came to acting innocent, no one could compare to Nian Yan. When the other boys heard her words, they only sneered in their hearts.

What a white lotus.

*

After yesterday's incident, both Class A's and Class B's students wanted to go to Class A to see what had happened. After all, there were many nasty comments on the forum yesterday.

Only the person involved did not say a word from the beginning to the end. He just lay there and slept.

However, when they arrived at Class A, they realized that Nian Yue was not there at all.

Even though Nian Yue's personality was unorganized and she would occasionally skip class, it was not to the extent that she would not go to class.

The reason why she did not come to class today was most likely because of yesterday's incident.

Wave after wave of people had already arrived at the entrance of Class A. There was no doubt that they did not see any familiar figures in the last row.

'When class ended, Lin Nan was walking on the road when someone grabbed her shoulders from behind. "Brother Lin, why didn't Nian Yue come to class today?"

"Yeah, yesterday's incident was quite big, but now the truth is out..."

The other male students also chimed in.

"You want to see Nian Yue?" Lin Nan raised his eyebrows and said in an annoying tone, "You won't be able to see her for the next week..."

"Ah, why!"

"Exactly..."

Although Nian Yue was cold and arrogant, her face was really pretty. When they saw her around, they would feel happy for the whole day.

"She has something on." Lin Nan shrugged. As for what it was, Nian Yue did not tell him.

"Huh?"

The other students looked disappointed. They had wanted to see Nian Yue, but she didn't come at all.

In an office, the dean was looking at the CCTV footage of Class A. The seats in the last row were empty and his expression was ugly.

"Nian Yue didn't come?" The dean asked Duan Yu.

"She's busy these days."

"Have you settled everything yesterday?" The dean continued to ask.

"The thread has been hacked, and the server has collapsed. The entire school network has collapsed..."
Duan Yu sighed..

Chapter 67: A Slap in the Face

No.1 Middle School had its own independent network, which was different from the outside world.

However, early in the morning, the school's network collapsed. The technical team had not been able to solve it.

The dean rubbed his temples. "Call Nian Yue over. This has nothing to do with her."

Most importantly, since they were involved with Old Master Lin, no one dared to say anything.

"You can't."

Teacher Li came in a hurry. He was the first person to object yesterday. After the incident on the forum was reversed last night, she came over immediately.

“Teacher Li, what’s your problem?” The dean turned around and asked.

“The Nian Family and Old Master Lin have nothing to do with each other...” Teacher Li spoke eloquently. “It’s impossible for such a thing to happen in such a big company like the Lin Corporation. There’s no news at all.”

The Lin Group’s public relations had always been very good. There was almost no negative news about the Lin Group online.

“But yesterday’s video was very clear...”

From the beginning to the end, the three of them were only talking and did not move away.

“So what if it’s clear? This matter has spread to social media and the parents’ group chat. It will have a negative impact on No.1 Middle School.” Teacher Li spoke eloquently. “Moreover, there are already parents who have reported to me and are waiting for the school’s follow-up situation. If the school can’t give a satisfactory answer to the parents, I’m afraid the parents won’t be willing...”

The rich families of the students at the school contributed to a lot of the revenue.

If Nian Yue’s matter could not satisfy the parents, these parents would not let it go.

“Then... what do you have to say?”

The dean frowned.

“Before the incident of beating someone up could be suppressed, such a thing happened again. It has a serious impact on the overall reputation of No.1 Middle School. I would suggest to the principal to expel her,” Teacher Li said.

The dean frowned. He was still thinking about what Teacher Li meant.

If Nian Yue was really related to the Lin Group, they would not dare to make any unnecessary moves.

However, if she had nothing to do with the Lin Group, such students would bring a lot of trouble to the school one after another. It was safest to persuade her to leave.

“Director, have you thought it through? The parents of Class B are causing quite a ruckus. If the students are transferred away, it will be a huge loss for No.1 Middle School...” Mr. Li continued to push.

Although the overall results of Class B’s students were not as good as the students of Class A, they were all good material for the University of Imperial. If a few of them were transferred at this juncture, it would undoubtedly be a huge loss for No.1 Middle School.

“This...” The dean gritted his teeth. It was obvious that he had made his decision.

“Director, there’s some activity at the Lin Group...” A teacher took out his phone.

“What could happen? I think it’s to clear Nian Yue’s name...” Teacher Li sneered.

She was just an abandoned child forsaken by the Nian Family. There was no benefit for the Lin Family to get involved with her now.

“No, the Lin Group made a statement...”

Teacher Li did not believe him and quickly took out his phone.

The sound of the phone falling to the ground was heard.

“How is that possible?!”

The Lin Group’s announcement only had one line.

“I went to discuss business with the shareholders of the Lin Group. I didn’t expect to be crowned with such a title. As for the person who posted the thread, we will pursue legal responsibility according to the law.”

‘There was also a lawyer’s letter.

Pa! Pa! Pa!

The slap in the face came fast and hard.

‘Teacher Li’s expression turned extremely ugly in an instant. The dean’s face darkened even more. “Call Nian Yue, call her back!”

Principal Wang looked at the school’s paralyzed network and was so worried that his hair turned white.

‘The tech team had been busy all day. They hadn’t solved the problem yet. It certainly wasn’t about the cable.

Their school’s network had been hacked!

In the entire No.1 Middle School’s technical team, everyone who could be of help was here. No one could solve the problem.

After much consideration, Principal Wang still called Nian Yue.

‘The phone rang for a while before someone picked it up. “Is there anything you need from me, Principal?”

“It’s like this, Nian Yue, about yesterday’s matter. It’s because the school didn’t consider it properly... When do you have time to return to school and help solve the school’s network issue...”

This was equivalent to inviting Nian Yue back.

“I’m not free. Look for Wang Zhizhi.” Nian Yue yawned. Seeing that Principal Wang had not hung up the phone, she raised her eyebrows and continued to ask, “Why, is there any other problem?”

“Wang Zhizhi doesn’t listen to anyone...” Principal Wang was so worried that his wrinkles could kill flies.

‘Wang Zhizhi was a loner and few in the class knew her well.

She didn’t even listen to her teacher.

It would be weird if she were to agree now!

“Let’s talk when I get back.”

“When will you...”

Before Principal Wang could finish, the other party hung up.

At that moment, Principal Wang was filled with regret.

Nian Yue did not say when she was going back because she had something on. As for what it was, of course, it was family matters.

Nian Yue’s lips twitched. There were a few photos on the table in front of her.

It was Wang Zhizhi who had dug up all the gossip about Nian Yan for her. Who would have thought that the innocent-looking little white flower would actually such an exciting private life in private?

*

‘The atmosphere in the conference room of the Nian Corporation was currently very solemn.

The people who came this time were the more important shareholders of the Nian Corporation. Most of them were from the Nian Family.

'The Nian Family had already taken up more than half of the shares.

"Today, I've gathered everyone here mainly because of the matter regarding the inheritance of the Nian Family..." Nian Chaoyu looked at the neatly seated people in the meeting room and continued, "As everyone knows, the main shareholder of the Nian Family is the Old Master. The inheritance of the Nian Family was given to Nian Yu and Nian Yue..."

'When the others heard him say this, they could guess what he meant to do. One of them said, "Young Master Nian is already an adult and doesn't care much about the Nian Corporation. Are you talking about Second Miss Nian?"

"Yes, I'm talking about Nian Yue."

Nian Chaoyu nodded his head heavily. "As you all know, Nian Yue grew up in the countryside and knew nothing. A few days ago, she caused trouble in school and beat up the Cheng family. The Cheng family wanted to pursue legal responsibility... Now, she has been exposed to be Old Master Lin's kept woman. In the end, it's my fault for not being able to discipline her properly..."

Nian Chaoyu sighed heavily.

"Now that Nian Yue and the Lin Group are very close, it is equivalent to separating from the Nian Family. The inheritance rights of the Nian Family should be taken back. I believe that everyone here does not wish for the leader of the Nian Family to be a young lady who knows nothing..."

Nian Chaoyu's words were filled with both grace and conviction. No matter how much he said in the beginning, it was all to pave the way for the future.

As expected, all the directors agreed with him.

"You're right. Nian Yue is not qualified to lead the Nian Group..."

"That's right. She doesn't know anything. How can she control the situation..."

“Theard that she has already left the Nian Family.. In that case, she is even more unqualified...”

Chapter 68: Daddy, She’s Going to Kill Me

The directors all nodded.

‘When Nian Chaoyu heard everyone’s words, a determined smile appeared on his face.

At the end of the day, Nian Yue was just a young lady who knew nothing. This group of directors was the first to be unwilling to let her lead the Nian Corporation!

Everyone was dissatisfied. No matter how determined Old Master Nian was, he had to consider the feasibility of the matter.

“Old Master Nian is still around. Are you guys treating him as a dead man now that you’ve decided on the inheritance rights?”

An old man dressed in traditional Chinese attire walked in from the door. The old man looked to be in his fifties or sixties. He was holding a walking stick, but he looked energetic.

It was Old Master Lin!

“Elder Lin, why are you here?” Nian Chaoyu was still smiling.

“If I don’t come, you’ll probably eat Yue Yue!” Old Master Lin sneered.

“You are the old man who was rumored to be involved with Nian Yue...” Nian Yan seemed to have discovered a new continent.

Once she said that, the way everyone looked at Old Master Lin changed.

These people did not know much about what happened yesterday, but hearing Nian Yan say this, it was equivalent to confirming the event.

“Slandering people without thinking, is this how the Nian Family teaches their young?” Old Master Lin walked in with his walking stick, not giving Nian Yan any face at all.

“It’s not up to an outsider to criticize our family.” Nian Chaoyu couldn’t hold it in anymore and wanted to chase him away.

“That’s right, Daddy. Two days ago, there was a scandal between this person and Yue Yue. Nian Yue’s classes have already been suspended at the school...” Nian Yan added fuel to the fire. “There are all kinds of rumors going around in school now. Look at Yue Yue, she’s so young and yet she’s learning from others to be a kept woman...”

Nian Chaoyu’s face turned completely black. He immediately called for security, “Chase him out!”

“Hang on!”

Almost as soon as Nian Chaoyu finished his sentence, a young girl in a white shirt and black pants walked in, She was wearing sneakers and Nian Yue had already walked in.

The cold girl’s face was like jade, and behind her was a seventeen or eighteen-year-old youth.

It was Nian Yue, with Lin Nan behind her.

“Grandpa, why didn’t you tell me you were coming?” Lin Nan rushed over to support Old Master Lin. If Nian Yue hadn’t told him, he probably wouldn’t have known.

“IE I didn’t come over, wouldn’t the Nian Family run amok?!” Old Master Lin snorted angrily.

The cold girl had already walked over and stood on the main seat.

Just now, Nian Chaoyu had already stood up from his seat in order to chase them away. Now that Nian Yue was standing there, everyone felt like she was in control.

She seemed to be the one in charge.

“Yue Yue, the school has already suspended classes for you because of your relationship with Old Master Lin. Why did you still bring him in so brazenly today? Do you think Daddy isn’t angry enough?” Nian Yan said with a smile.

Her words made Nian Chaoyu’s face turn completely black. He was furious. “Get lost! You’ve disgraced the Nian Family! How dare you come over now!”

“You’re the one who’s really embarrassed the family, aren’t you? Nian Chaoyu...” Nian Yue sneered. Instead, she sat down on the director’s chair behind her and crossed her legs. “Your own daughter has already run off to bed with someone else. Don’t you know...”

Nian Yue sneered and threw a bunch of photos onto the table!

If it wasn’t in the conference room, everyone would have suspected that this was a small advertisement from some third-rate hotel!

Most importantly, the female lead was the same person, but the male leads were different!

And the female lead was Nian Yan!

“That’s not true, Dad. It’s not me—”

When Nian Yan saw the photo, her expression changed immediately. She tried to put the photo away in a flurry and said, “Nian Yue framed me... She got someone to edit it...”

Wang Meihua was also shocked by the scene in front of her. She picked up the photo on the ground and threw it at Nian Yue. "You little b*tch, just because Yan Yan is prettier than you and has better grades than you, you framed her like this!"

Wang Meihua was a mistress, yet she had to pretend to be a rich madam. She had to calculate every step she took when she attended banquets.

This time, she could no longer hold it in and was about to hit Nian Yue.

Plop! It was the sound of Wang Meihua falling to the ground!

The cold girl lifted her leg and kicked Wang Meihua's abdomen. Wang Meihua's vision turned black and she fell to the ground.

"Nian Yue! That's enough!"

Nian Chaoyu was furious. "Do you still regard me as your father?! She is your auntie. Do you think you can do anything to her?!"

"You kept calling me a beast. Why didn't you say that you were my father when you were about to hit me?" Nian Yue sneered. Her eyes were indescribably cold.

"Where's the security? Security! Hurry up and chase her out!" Nian Yan's face was pale and her hands were trembling as she held the photo.

However, there was no movement at the door.

"shut up."

Nian Yue spoke coldly. A silver pistol had appeared in her hand at some point in time and she aimed it at Nian Yan.

“Daddy, she wants to kill me...” Nian Yan saw the black muzzle of the gun pointed at her and even her voice was trembling.

“Nian Yue, you are too lawless...” Nian Chaoyu was about to make a call.

He had seen many things in his life. When he saw that cold girl sitting on the main seat, he had to admit that his aura was suppressed by her.

“What’s the rush? I’m here today to clarify something...” Nian Yue tugged at the corner of her lips. The pistol in her hand spun in a circle before it obediently entered her hand.

Wang Meihua got up from the ground and hugged Nian Yan.

She had a bad feeling the moment Nian Yue entered.

As expected

The next second, the young lady who was sitting at the head of the table had already stood up. With one hand in her pocket, she said, “Nian Yan, you got someone to defame me. This move was done quite seamlessly...”

“What are you talking about? I don’t understand...” Nian Yan hugged the photos and kept retreating.

At this moment, Nian Yue’s aura was fully released.

Even though she was just casually standing there, it was enough to suffocate people.

“I’m afraid that everyone here does not know that the eldest daughter of the Nian Family has tried to kill me many times because she is jealous that I have the right to inherit the Nian Family

Nian Yue sneered and pointed the pistol in her hand at Nian Yan once again. “Do you think so, Miss Nian...”

“No! Daddy, she wants to kill me!”

Nian Yan was so scared that her face turned pale. That wasn't a toy gun!

As long as Nian Yue had the intention to kill her, she would definitely die!

"Nian Yue, what are you doing? She is your biological sister..." Nian Chaoyu's face was ashen and he wanted to pull Nian Yan away!

"I'm sorry, I only have one brother..." Nian Yue scoffed lightly as she pulled the trigger.

Chapter 69: Anytime

Nian Yan's face turned pale. She stood there and even forgot to run!

Everyone closed their eyes. At this moment, no one dared to run up recklessly.

Everyone waited for a long time but did not hear any sound. When they opened their eyes, they saw Nian Yue pulling the trigger!

Bang!

"Ah!!!"

Nian Yan's scream came from behind!

Because Nian Yue had shot her in the leg!

Blood flowed all over the floor. Nian Yan's face was pale and she was crying so hard that she could not make a sound.

"This shot is just to teach you a lesson." Nian Yue took back her pistol, her eyes filled with coldness. "We can settle some debts slowly. Don't you agree, Madam Wang?"

She looked at Wang Meihua meaningfully.

'Wang Meihua's face was pale. She was so frightened by Nian Yue that she lost her voice.

"Let's go." Nian Yue took back her pistol. The pistol had already turned into a bracelet and was once again on her wrist.

No one would have thought that the pistol would turn into a bracelet.

"Whoever wants the inheritance rights of the Nian Family can come and look for me..." Nian Yue scoffed. "Anytime."

Even after exiting the conference room, Old Master Lin was still in a daze. "Yue Yue, you..."

Nian Yue's actions just now did not look like she had grown up in the countryside.

"Grandpa, I told you Sister Yue is not an ordinary person." Lin Nan sighed.

Even though he had seen Nian Yue speeding and killing someone without batting an eyelid, he still had to say that she was simply too cool today!

"Yue Yue, you've completely fallen out with the Nian Family..." Old Master Lin sighed. "Have you ever thought about what to do in the future?"

The Nian Family was big and powerful. Now that Nian Yue had left the Nian Family, it would probably be very easy for Nian Chaoyu to attack her on the sly.

“Do you not believe in me?” Nian Yue raised her eyebrows.

“That’s not it...”

Old Master Lin shook his head. Then, he laughed out loud as if he had thought of something. “How could I have forgotten? You’re an unusual girl...”

‘The design at that time was exchanged for 20% of the Lin Group’s shares.

If there was a question of worthiness, it could only be that the Nian Family was not worthy of her!

“Sister Yue, when are you going back to school?” Lin Nan asked Nian Yue before they parted.

“It depends on my mood.” The cold girl waved her hands at them.

She had not rested enough. When she returned to school would depend on her mood.

Lin Nan scratched his head. He had yet to say that the school network was paralyzed.

Nian Yue had only been away for a day, but the bunch of rascals in Class A missed her dearly.

It was only afternoon when Nian Yue returned home. She had nothing better to do and started a game.

‘The game was called ‘Pugilistic World’. She had been fighting monsters and leveling up. After playing a few rounds, she felt that it was meaningless and left.

If anyone were to see her results, they would definitely be shocked. This was because she had not lost a single match from the start to the end!

*

'The next day, Class A seemed to be in slow motion since there was no way to go online.

Crack! The door was kicked open from the outside and a young girl walked in slowly.

She was not wearing her school uniform today. Instead, she was wearing a pair of dark blue suspenders and a pure white T-shirt.

If it were anyone else, they would only think that this little girl was cute. With Nian Yue, this could only be described as valiant and cold.

The class fell silent when they saw her.

The cold girl returned to her seat without looking at anyone. She flipped through her class schedule and took out her math book.

Without even looking, she took out her phone and glanced at it.

"Yue Yue, the school doesn't have a network..." Wang Zhizhi reminded her.

Their school's signal was poor. The 4G network was useless here. Without a wireless network, a cell phone was not even considered a communication tool.¹

'As soon as Wang Zhizhi finished speaking, there was a commotion at the door. When Principal Wang knew that Nian Yue was coming, he immediately put down his work and ran over.

'The class was eerily quiet at the moment. As Principal Wang entered, he realized that everyone was looking at him.

"Cough cough..."

Principal Wang coughed dryly and tried his best to calm his voice down. Then, he said to Nian Yue, "Nian Yue, come out for a while."

Nian Yue put down her phone and walked out.

'The corridor was very quiet at this moment. Principal Wang was a little uneasy. "Nian Yue, you're back. The school's network..."

"I will get Wang Zhizhi to help," Nian Yue replied.

Principal Wang saw that she agreed so readily and hurriedly nodded.

"However, remember to give her the highest salary," Nian Yue said before she left.

Principal Wang's happy mood was dampened by her words.

"Why? Is there a problem?" Nian Yue raised her eyebrows, her figure slender.

"No..."

Principal Wang laughed dryly. He was already thankful that Nian Yue did not take issue with the school and helped him fix the network.

As for the salary.

It was just a few thousand dollars.

He paid for it himself.

*

After returning to class, Nian Yue mentioned the school's online problem to Wang Zhizhi.

Wang Zhizhi agreed readily, "Sure, leave it to me."

Before this, the principal had already invited her a few times, but she had ignored him.

'The moment Nian Yue said that, she immediately took out her laptop to work.

'The other students in the class were still listening to the commotion. When they saw Wang Zhizhi helping without a word, shock was written all over their faces.

Was Wang Zhizhi so easy to talk to? Why didn't they know?

"Where did you get the network?" Nian Yue raised her eyebrows.

"Hot stuff..." Wang Zhizhi stuck out her tongue." My phone is different from others..."

'Wang Zhizhi took out her computer and tapped on it for a while. The internet was back to normal.

"Oh right, there's one more thing..." Nian Yue held her chin." The thing that I asked you to investigate previously was placed on the school forum..."

It was such a pity that only a bunch of old fogies from the Nian Corporation knew about such explosive news.

"alright!"

'Wang Zhizhi's eyes lit up. She knew it! How could she let Nian Yan off so easily!

Today was the first day of school, and Nian Yue was back for lessons. The school was as usual.

However, there was another matter that spread in school.

It was said that Chen Yiran from Class B was already preparing to propose marriage to the Nian Family. For some reason, Chen Yiran and Nian Yan had bragged about it.

However, Nian Yan had not come to class for the past two days. Chen Yiran's face was even darker. There were rumors that Nian Yan had been indecent outside and made Chen Yiran a cuckold. In a fit of anger, Chen Yiran cut off all contact with Nian Yan.

All the posts about Nian Yue in the school had disappeared. Even the posts of her side profile that students secretly took photos of her were criticized.

There was no news about Nian Yue on social media.

Yesterday, there was an uproar, but today, it was like a rock sinking into the ocean.

Wang Zhizhi pushed her glasses up her nose bridge and smiled cunningly..

Chapter 70: Hypnosis Treatment

After school, Nian Yue packed her bag and said to Wang Zhizhi with raised eyebrows, "Let's go to the hospital."

'Wang Zhizhi's mother was still in the hospital for chemotherapy. Today was her day of visit.

Wang Zhizhi's originally calm face cracked. Then, as if she thought of something, she happily followed behind.

Madam Wang was in a sanatorium in Jiang City. The facilities in the nursing home weren't perfect. At most, it was considered average.

Madam Wang was a woman in her thirties. Her face was worn out from years of hard work, making her look like she was in her forties.

However, Madam Wang exuded a gentle aura. When she was young, she would have been an educated beauty.

“Mom, let me introduce you. This is my classmate, Nian Yue.” Wang Zhizhi happily introduced her to Madam Wang.

Wang Zhizhi was introverted and usually did not like to talk, let alone bring her classmates over. When Madam Wang heard Wang Zhizhi’s introduction, the smile on her face became warmer. “Hello, Nian Yue.”

“Hello, Auntie.” Nian Yue smiled with a rare seriousness on her face.

“Zhizhi usually keeps to herself, but this is the first time she’s brought a classmate over.” Madam Wang smiled, finally looking a little angry.

Nian Yue did not stay here for long before walking out with Wang Zhizhi. “You go and pay first.”

“Okay.”

Wang Zhizhi did not doubt her. She nodded and went to the payment room.

Nian Yue pushed the door open and entered the ward. Madam Wang wanted to say something when Nian Yue appeared in front of her. “Auntie, look at me.”

Madam Wang’s smile froze.

'When she heard Nian Yue's order, she instinctively followed it. When she met Nian Yue's bottomless eyes, her own immediately became empty and lifeless. Nian Yue grabbed her shoulders with a rare serious expression.

She exerted some force through her hands and electricity flowed into Madam Wang's body.

"Next, you have to answer whatever I ask you," Nian Yue said softly.

The ability to control brainwaves through the eyes was usually only useful for people with weak mental power.

Using it on Madam Wang was extremely easy for her.

"Yes," Madam Wang replied, her eyes empty.

"How long have you been sick for? What treatments have the doctors tried?"

"I've been suffering from uremia for ten years. Doctors usually use blood dialysis together with Chinese medicine..."

Madam Wang enunciated every word clearly, as if she was reading a piece of paper.

In reality, her eyes were listless and her words were just a subconscious action.

"Urine poisoning?" Nian Yue frowned slightly as the information she had read in the past surfaced in her mind.

Urine disorders were mainly referred to as late-stage renal failure. Due to the inability of the patient's kidneys to function normally, the patient would suffer from hydro, electrolytic acidine balance disorder, and endocrine dysfunction.

This cannot be treated under current medical advancements and a kidney transplant is needed. Even with a kidney transplant, there was a possibility of a series of rejection reactions. Furthermore, it was not easy to find a donor.

Therefore, patients with uremia are generally treated on a regular basis with blood dialysis.

This disease didn't exist in the post-apocalyptic era, because humans had evolved to the point where they could resist most viruses.

Nian Yue frowned slightly and exerted some force on her hand. The electricity had already entered Madam Wang's body.

Her electricity had the ability to repair cells. It wasn't difficult for her to treat Madam Wang's illness.

After about five minutes, Nian Yue finally let go.

Madam Wang's cloudy eyes had already regained clarity. When she saw Nian Yue, she was a little puzzled. "Nian Yue, when did you sit here..."

She remembered that Nian Yue had just gone out with Wang Zhizhi.

"Auntie must have been too tired and fell asleep just now. That's why you didn't notice when I came in." Nian Yue smirked.

"Really?"

Madam Wang smiled in embarrassment. "As expected, as you get older, even your memory deteriorates..."

"Auntie has a good memory." Nian Yue smiled. "I'm going out to see if Zhizhi is back."

Nian Yue walked out. Looking at her bare palm, the corner of her lips curled up.

'There was another type of supernatural power in Madam Wang's body that could absorb her electricity.

Like a healing Esper Ability.

'This was another feeling apart from the man she met last time.

Nian Yue narrowed her eyes. It seemed like there were many people in this world who had supernatural powers like her.

Nian Yue was about to head to the hall on the first floor when she looked up and saw two men in black accidentally bumping into each other. The older one stood up from the ground and quietly took the young man's phone away.

The man had just stuffed his phone into his pocket when he felt a tight grip on his shoulder. The aloof girl had already grabbed his shoulder and said coldly, "Take it out."

Her voice was a little rough and there was a hint of nonchalance in it. She simply stood there, but had a strong presence.

"Mind your own business, little girl." The man sneered, obviously not taking her words seriously.

Nian Yue tightened her grip on his shoulder and the man felt his back tighten. Unknowingly, the phone was already in Nian Yue's hands.

The young man also realized that his phone was missing and came back to look for it.

He looked up and saw a girl in a white shirt and black pants holding a phone in her hand.

"My phone."

"She was the one who stole your phone..." The old man saw that the situation wasn't looking good and retorted. "I saw her take your phone when you weren't paying attention just now. I asked her for it and she actually wanted to hit me..."

'There were already people surrounding the hospital. When they heard the commotion, they all came over to watch.

Hearing that old man's words, everyone looked at Nian Yue with disdain.

“She looks pretty, but why is she so dishonest?”

“That’s right. She’s wearing the uniform from No.1 Middle School. How embarrassing.

Discussions broke out all around about Nian Yue.

“Did you steal my phone?” The young man didn’t know who to believe.

“I’m the one who’s holding the phone now...” Nian Yue sneered and raised her hand slightly. “But the phone was already in the man’s hand when I took it.”

The young girl’s face was as cold as jade. As she stood there, her slender figure exuded a warm yellow glow.

“Look, she admitted it herself...” Seeing her nod, the old man jumped up and hastily retorted.

“However, just now.

The corner of Nian Yue’s lips twitched. She had one hand in her pocket and her voice was laced with nonchalance. “The surveillance cameras are there...”

She pointed casually and everyone realized that there was a surveillance camera above their heads.

Seeing that the situation was not good, the elder turned around and wanted to run.

The girl behind him raised her leg unhurriedly and kicked his knee!

She was fast and ruthless. The old man fell to the ground from her kick!

“I thought you didn’t steal anything? Why are you running away?” Nian Yue walked over slowly. She had one hand in her pocket and was playing with her black phone. There was an indifferent expression on her face..

Chapter 71: Is Big Boss Taking in a Disciple?

“Little girl, did anyone tell you not to meddle in other people’s business?” The old man saw that something was wrong and took out his two truncheons.

“Heh...”

Nian Yue scoffed lightly and stretched her muscles. After not doing anything for two days, her hands were really itchy.

‘Wang Zhizhi paid the hospitalization fee and ran over. She saw a group of people surrounding Nian Yue.

“Nian Yue...”

‘Wang Zhizhi’s face turned pale, and everyone sighed. How could a little girl be a match for a middle-aged man!

‘The middle-aged man was even holding a weapon! Despite this, no one dared to help.

‘When the police rushed over after receiving the call, they saw a cold-looking young girl with one hand in her pocket and a middle-aged man in the other. “He’s a repeat offender...”

“I’m sorry, please come with us.”

‘The crowd had dispersed. There was a teenager around 15 or 16 years old who was carrying a school bag and leaning against the wall.

‘The young man had a very deceptive baby face, and his clear eyes were filled with surprise.

He seemed to have found his own kind!

It was that kind of ability!

'The young man took out his phone and made a call. "Mommy, help me check on someone."

That lady was too cool. He wanted to find out more about her!

*

When Nian Yue finished her statement, the sky was already dark.

"Nian Yue, are you alright..."

'When Wang Zhizhi saw her coming out, she hurriedly went up to her, her face full of worry.

"What could be the matter?" Nian Yue zipped up her bag tightly with one hand in her pocket. With a nonchalant expression on her face, she turned to Wang Zhizhi and instructed, "Oh right, help me find a few herbs."

It wasn't enough for Madam Wang's body to be repaired simply through cell renewal. She would need Chinese medicine later on.

Nian Yue passed the note to her. It was written on a piece of paper that she had borrowed from the staff when she was taking her statement.

There were only the names of a few medicinal herbs on it, but they were extremely difficult to find.

'When Wang Zhizhi saw her handwriting, her eyes were momentarily stunned. "Nian Yue, have you practiced calligraphy before?"

She had accidentally seen Nian Yue's test paper once and it was quite casually written.

But the words on the paper in her hand were sharp and majestic. It wouldn't be an exaggeration to say that it was written by a master.

"Be quick," Nian Yue instructed, her brows furrowed with impatience. "Let's go."

The girl's back was cold and she seemed to be nonchalant, but her face was pale and weak.

'When Nian Yue returned home, her face was so pale that it was almost transparent.

'There was an electric current running through her slender and fair fingers. Her supernatural power didn't have much of an effect on Madam Wang. What she needed to do next was to use Chinese medicine to nourish her body.

In the post-apocalyptic era, pharmacists were different from doctors nowadays.

Pharmacists and healing Esper Abilities complemented each other, using potions to treat and save people.

In the post-apocalyptic era, viruses had long developed into powerful viruses. Ordinary drugs had no effect on viruses. This was why pharmacists were born.

Nian Yue entered the bathroom and came out after taking a shower. She casually took a towel and wiped her hair.

When she walked out, there was a knock on the door. Nian Yue went to open the door and saw a man in black.

Nian Yue had only come out in her pajamas. Her hair had not dried and was dripping with water. Her usually cold face was now a little soft.

The man was a little close to her. The moment he got closer, she could smell a faint, familiar fragrance.

“What’s the matter?” Nian Yue raised her eyebrows.

“Are you sick?” Fu Xiuyuan reached out to touch her forehead. He was very fast. Before Nian Yue could react, he had already retracted his hand.

“No.”

However, the excessive consumption of her supernatural power had caused a strain on her body.

“Have some warm milk.” Fu Xiuyuan had a cup of warm milk in his hand. The transparent glass was still steaming.

He must have just warmed it up.

Nian Yue looked at him in confusion. Did this man come over in the middle of the night to bring her milk?

“Ninth master...” Jiang Jincheng walked out of the room in his slippers.

Fu Xiuyuan grabbed Nian Yue’s wrist and placed the milk in her hand.

Her wrist was slender and white. It looked like it could be broken with a little force.

His fingers were cold and calloused.

It was just a brief moment of contact.

She turned around and returned to her room.

'When Fu Xiuyuan returned, Jiang Jincheng yawned in his sleep. "You came all the way here just to warm up milk for her?"

Fu Xiuyuan's expression was extremely calm. He entered the kitchen and took out another glass of milk. "Have you found the person who hacked into the overseas system?"

"It's a little difficult..."

Jiang Jincheng shook his head. "I resorted to asking Chengyuan and he said he couldn't uncover anything..."

"Continue investigating." Fu Xiuyuan rubbed his temples. His eyes were deep, and his expression was unreadable.

"Theard from Bai Shuo that you took the medicine?" Jiang Jincheng glanced at the white milk in his hand.

"Do you mean to say I can't use it?" Fu Xiuyuan raised an eyebrow.

"That's not it..." Jiang Jincheng put his hands in his pockets." That thing is rare in the capital. A young lady..."

He did not finish his sentence, but Jiang Jincheng chuckled.

Nian Yue took the milk and casually placed it on the table. When she came out after drying her hair, she glanced at the milk on the table. There was some frustration in her eyes as she walked back to her room.

*

'The next day, class was as usual. Nian Yue leaned against the back wall. Her phone was still the game interface.

She did not like to play games, but she felt that the lessons were boring.

Usually, she would only sleep for three to four hours at night. She would always come to the class to catch up on her sleep. However, she did not suffer from insomnia after sleeping for a long time yesterday.

Nian Yue glanced at her fair and tender palm. There was a faint electric current running through it.

A male classmate in the class saw her cell phone interface and looked a little surprised. "Nian Yue, do you play this game too?"

'The interface on her phone was the game screen for "Pugilistic World'.

This game had just been released by Mountain Ghost Network, and it had become popular all over the country. Many gamers had abandoned it in recent days because the game had gotten too difficult,

However, this did not stop the popularity of this game. As long as you were on the game's rankings, you would have a chance to go to Mountain Ghost Network!

Mountain Ghost Network was a gaming network company that had just risen to prominence in the past two years. Every game that was developed by the company was loved by gamers!

The characters and storylines were all created by top teams in the country!

Many fans had once called out to Mountain Ghost Network to do anime. With its current modeling capabilities, the animation produced would definitely be worth a lot!

However, Mountain Ghost Network was unmoved; it stuck to releasing a game every year.

"Mm." Nian Yue nodded her head. Her voice was light. While she was chatting with the male classmate, she had already finished off the opponent with a few bold moves.

The boy was so surprised that his jaw dropped. This was the first time he knew that the game could be played like this!
