

The National Goddess Reborn 90-95

Chapter 90 A Battle Between Two Men

This man's ability was too terrifying. The last time they met, she could still deal with him. This time, his supernatural power was so enhanced that it was actually a little difficult for her to match up!

Moreover, this man was related to Blood Wolf!

"Really?" Mo Yi smirked.

When Lu Yong saw them, he subconsciously turned around and dodged. However, before he could get up, a red spot appeared in his heart!

It was the bow on the second floor!

"Regiment commander..."

Fan Mei was standing on the second floor with a crossbow in her hand. Her target was Lu Yong!

"No need." Mo Yi gestured for her to follow the arrangement.

In an instant, Officer Lu gritted his teeth. He had thought that he could help, but he did not expect that he would be a burden to Nian Yue!

"Has everything been settled?" Nian Yue raised her eyebrows and asked.

"I'm done..." Lu Yong didn't say a word as his heart beat faster.

He had dealt with Mo Yi before and knew how sick this man was.

The two sides were in a deadlock, neither of them having the intention to stop early.

Bang! A gunshot rang out from outside. The door was kicked open from the outside and a man in black walked in.

“It looks like there are many people who aren’t afraid of death...” Mo Yi sneered. His bow was already pointed at Fu Xiuyuan.

The aloof man had no fear on his face at all.

Even though he was not holding anything in his hand, the cold aura that emanated from his body still made the surrounding people shiver involuntarily.

Neither of the men said anything, but this was a silent contest.

“Fu Xiuyuan...”

Mo Yi ruminated over these words and was about to pull the bow!

However, Nian Yue had reached Mo Yi in the blink of an eye. She grabbed his arm and pulled hard, causing the arrow to deviate from its trajectory!

“Little girl, why are you so protective of him?” Mo Yi still had a smile on his face, but there was a hint of bloodlust in that smile.

Nian Yue did not say anything and the two of them started exchanging blows again!

Fan Mei, who was on the second floor, had a livid expression on her face.

She had already targeted Nian Yue, but Nian Yue was too fast and she could not aim at all!

“Retreat!” Mo Yi’s voice came from the communicator. Fan Mei had already quickly retracted her bow and left in the dark.

Mo Yi grabbed Nian Yue's wrist and exerted a little force. An electric current ran through her wrist.
"Young lady, I'm looking forward to our next meeting."

Mo Yi scoffed and snapped his fingers. The overhead light went out and the hall immediately fell into darkness.

When the hall lit up again, the man was already gone.

Nian Yue frowned slightly and could already sense the changes in her surroundings.

She said into the communicator, "One minute! Retreat!"

Then, she quickly ran to Fu Xiuyuan, grabbed his wrist and ran!

The moment they ran out of the warehouse, flames surged behind them!

The warehouse exploded!

The other two people who followed her in also ran out at the last second.

She had calculated it accurately!

Even the Blood Wolf's base exploded. That man, Mo Yi, was really not playing by the rules!

With one hand in her pocket, Nian Yue glanced at Lu Yong and Zheng Yuan. The two of them had run too fast just now and were lying there panting.

On the other hand, Nian Yue had clearly just experienced an explosion, but she did not even gasp.

"Have you found the Blood Wolf?" Nian Yue raised her eyebrows.

“No, these people probably knew that we would be coming today.” Lu Yong’s expression was a little ugly.

This mission was an emergency from the higher-ups. Other than the few of them, no one else knew.

However, the Blood Wolf was too cunning and escaped!

“You can’t even handle a small sniper. Your people from the Imperial Capital need more training.” Nian Yue sneered. There was no mockery in her voice, as if she was calmly saying something extremely ordinary.

But it was precisely because her tone was too calm that Lu Yong’s face turned pale!

They had actually repeatedly asked a young lady to save their lives!

With one hand in her pocket, Nian Yue shrugged nonchalantly. Before she left, she waved to the few of them. “Let’s go.”

Since she had destroyed the Blood Wolf’s base here, there was no need for her to stay.

The man in black had his usual cold expression, but his eyes were extremely deep.

Even though he had just run out of the warehouse, he was extremely clean.

His every move was indescribably laidback, but Lu Yong knew that this man was in a bad mood.

Very bad.

“Who is Blood Wolf’s nearest contact?” The cold man asked.

“R Nation...”

His slender and fair fingers took out his phone and Fu Xiuyuan spoke, "It's been a little peaceful in R Nation these two days..."

It was just a light sentence, but it made the soles of Lu Yong's feet turn numb!

Everyone in the capital knew that this man, who was at the top of the hierarchy, could cause economic turmoil in the entire country with just one sentence!

After hanging up the phone, the man's eyes darkened and he said slowly, "Lu Yong, you're too weak."

Not only did he not manage to support Nian Yue, he even hindered her. She did not need such a person around her.

"Return to the Imperial Capital for a month." The man directly ordered, "Go back and retrain."

Such skills and speed were not enough for Nian Yue.

"Yes!"

"Yes!"

"Yes!"

The three of them saluted in unison. They claimed to be in the special forces of the Imperial Capital but they had not met Nian Yue's expectations.

The cold man's eyes were deep, but he was staring at his wrist.

There seemed to be some warmth on it.

No, it was not warm. Her body temperature was only 34 degrees Celsius. When she grabbed his wrist, it was still a little cold.

Fu Xiuyuan turned on his phone. On it was the information he had gotten on Blood Wolf, including recent contacts and phone records.

She did not find the person who wanted her blood. Was that why she had hidden it so well?

Chapter 91 I Didn't Say That I Don't Hit Women

After Nian Yue returned home, she had already received a name list from Fu Xiuyuan. She did not find the information she wanted and it seemed to have been within her expectations.

She had gone to make trouble at Blood Wolf's base in Jiang City only because she hated these shady things jumping around under her watch.really

There was probably more than one family who wanted to take her blood.

Now, she was curious about what was in the blood of this body.

The next day.

The first two classes were Chinese. Nian Yue was leaning on the table sleeping. Seeing that she was not focused, he looked a little helpless.

She was someone who scored full marks for every exam other than Chinese. What grudge did she have against him that she didn't even want to write an essay?

Even if she had written 300 to 500 words like a primary school student, she could at least pass the exam!

But she did not even write a word. He really suspected that Nian Yue did it on purpose.

When class was finally over, the language teacher called her to the office.

The teachers of the other classes had just finished class. When they saw Nian Yue walking in with the language teacher, they looked a little curious.

Nian Yue was a magical existence in their eyes. Some teachers would even look for her to discuss questions and solutions.

However, Nian Yue's way of solving the questions was simpler and faster than theirs. The students of Class A were already impressive enough, and now there was the Goddess of Studying in the form of Nian Yue. This

really crushed the intelligence of these teachers.

"Nian Yue, can I ask you why you didn't write an essay during the exam?" the language teacher asked sincerely.

He had never made things difficult for students. Looking at Nian Yue's behavior, she did not seem to hate Chinese classes.

Nian Yue had stayed up too late yesterday and looked a little tired. However, she still gave him face and replied, "No."

"Do you not know how to choose the questions or discuss your opinions?"

The language teacher asked what she was concerned about.

"Both."

The language teacher was speechless.

"I have a few worksheets here, take the time to memorize them. I don't expect you to memorize them all. Just write what you know on them during the exam. Let's try to pass the next exam, alright?"

The language teacher was really worried sick.

When Nian Yue returned with the essay book, Lin Nan was shocked to see her holding it. "Sister Yue, did the sun rise from the west?"

Although she would occasionally pay attention in language class for a while, compared to other classes, Nian Yue clearly slept more in the language class.

"Yes, Old Sun gave it to me." Nian Yue casually stuffed the essay book into the drawer. It was obvious that she could not be bothered to memorize it.

Then, she took off her school uniform and found a comfortable position to continue sleeping.

The day's class passed under the expectations of the students. When school was about to end, there was a commotion in the corridor. "Liang Yue seems to have come to our school..."

"Really! Is she coming to our school for the shoot?"

The clamor in the corridor continued, but Class A's students were extremely calm.

When school was over, the students from the next class all ran out.

Lin Nan scratched his head in frustration. "Was it the one yesterday?"

"Didn't you meet her yesterday?" Nian Yue's tone was lazy as she leaned against the wall. Her school uniform was loosely draped and she looked dispirited.

"That's different. We were separated by glass yesterday..." Lin Nan complained.

Besides, his only goddess now was his Sister Yue. She was beautiful and valiant. He could not be bothered to look at other girls!

When most of the class had left, Nian Yue slowly stuffed her books into her desk pocket, put on her school uniform, and left.

Liang Yue followed Principal Wang into the office after greeting the students.

“The classes in Imperial City are similar to those here, and the progress isn’t too far off...” Principal Wang looked at the message and turned to speak to Liang Yue.

Liang Yue came from the Imperial Capital. The education resources there were more than one grade higher than No.1 Middle School. She only came to No.1 Middle School to maintain her image as a top student.

“Thank you, Teacher Wang.” Liang Yue nodded, still maintaining her good smile.

She was from the Imperial Capital after all, so it was inevitable that there was pride in her voice.

Her results were among the best in the Imperial Capital. She really looked down on the education resources in No.1 Middle School.

“The students of Class A have good foundations. Go with Teacher Duan to Class A,” Principal Wang said as he glanced at Liang Yue’s resume.

In the end, the students of Class A were experienced. In addition, with a genius like Nian Yue around, there would no longer be a halo above Liang Yue.

“Okay.” Liang Yue nodded. The moment she turned to open the door, she suddenly turned to Principal Wang and said, “However, I hope that the students of No.1 Middle School will be quiet and not affect my reading of the script.”

She was referring to how she was surrounded by other students when she first arrived in school today.

“I’ll tell the students about this.” Principal Wang had a headache.

He originally didn't want to accept Liang Yue. Students from the Imperial Capital were arrogant and looked down on schools like Jiang City No.1 Middle School.

However, Imperial Capital No.1 Middle School had specially reached out to him, so he could not turn them down.

Furthermore, Liang Yue was only shooting a few scenes in the movie. If it was quick, she would be gone in half a month.

He only needed to guarantee that Liang Yue would come to class during this period.

Liang Yue left the principal's office and went to look for Class A.

She heard that the former teacher of Class A had applied for leave today and did not come. Only the monitor came to bring her to the class.

However, because she was late today, even the class monitor had to leave first.

Liang Yue had been surrounded by a group of people wherever she went.

This was the first time she had been aggrieved like this in a small place like No.1 Middle School.

Liang Yue felt extremely affronted. After being delayed in the principal's office for so long, the Year One and Year Two students had all returned to their classes for evening self-study.

There was no one to guide her along the way.

Liang Yue finally arrived at Class A, where there were only a few students.

It was completely different from what she had imagined.

Liang Yue stood at the door and glanced around, only to see the aloof girl sitting in the last row stand up with her bag and walk towards her.

Liang Yue's mood improved a little. At the very least, the students of Class A were not useless.

There was also someone who knew how to read people's minds.

The aloof girl had one hand in her pocket and her jade-like face was filled with indifference. She walked to her side and casually said, "Please make way. You're blocking my way."

That voice was extremely cold.

Unlike what she had imagined, the smile on Liang Yue's face cracked a little, and her words were tinged with anger. "Is this how Class A's students are raised? They don't even know how to greet their new classmate?"

Liang Yue finally looked up and glanced at her indifferently.

Liang Yue was flustered and could not suppress the fire in her heart.

"You..."

Liang Yue was furious. Nian Yue did not even look at her as she walked past her.

The other students of Class A were already used to such situations. This group of students had seen the world and would not think highly of Liang Yue just because she came from the Imperial Capital.

Liang Yue also did not want to be mocked. She turned around and left the classroom angrily.

When she reached the school gate, two bodyguards had already followed her. "Miss, Director Shen said that the scenes from yesterday have not passed. They need to go for another take."

“Tell him that I’m not free today!”

Liang Yue did not have a good expression on her face. She had almost lost half her life during the shoot yesterday and yet Director Shen was still not pleased.

ff not for the fact that she had taken a fancy to the influence of Director Shen’s work and needed to rely on this movie to get a valuable award, she would not have taken part in such a thankless movie.

“But Director Shen said that the weather is just right today. The stage supervisor is already prepared...” the bodyguard explained.

Liang Yue’s expression was extremely bad. Director Shen liked to do things his way.

Even if she was the eldest daughter of the Liang family, she would still be scolded harshly by him if she did not pass one scene during filming.

tt would be nice if the bodyguard came over to pass the message to her. Director Shen would probably be furious already.

“Let’s go, get in the car!”

Liang Yue was in an extremely bad mood as she sat in the car. When the car made a turn at the school gate, Liang Yue unintentionally saw the aloof girl waiting at the intersection. A happy feeling suddenly rose in her

heart.

The red light turned green and the girl crossed the road.

“Follow her,” Liang Yue suddenly ordered the chauffeur.

“But Director Shen is still rushing us...”

“I’ll bear the responsibility.” Liang Yue’s voice was a little vicious.

After Nian Yue had walked for five minutes with her bag, a car suddenly sped up behind her and was about to brush past her!

“Accelerate!”

Liang Yue’s eyes reddened. How dare a wild girl like her put on airs in front of her!

If she didn’t teach her a lesson, she wouldn’t even know who she was!

The driver stepped on the accelerator abruptly and the car sped past. The piercing sound of the brakes rang out and stopped in front of Nian Yue, blocking her way!

Liang Yue got out of the car, her eyes filled with arrogance. “Bring her here!”

Because of Liang Yue’s special status, it was inevitable that she would have malicious fans on the streets, so the Liang family specially sent her bodyguards.

The two bodyguards had been with Liang Yue for a few years and were already used to such situations.

The girl’s eyes were cold, but her aura was getting stronger.

The moment the bodyguard grabbed her arm, she had already retaliated and pulled him over. Then, he kicked the person’s abdomen

Her movements were fast and ruthless. The man was sent flying a few meters away by her kick!

Even the other bodyguard was grabbed by the arm and thrown onto the ground!

The aloof girl put down her bag and moved her wrist. She looked at Liang Yue with extremely cold eyes and said, “I never said I don’t hit women.”

Her disposition was cold and valiant, like that of a lawless hooligan. However, these actions were indescribably cool.

Liang Yue was shocked. These two bodyguards had been with her for several years and were the best at martial arts.

However, in Nian Yue's hands, they were like candy floss.

"What do you want?"

When Liang Yue saw her walk over, she could not maintain her expression anymore. "I'm Liang Yue. If something happens to me, the Liang family will not let you off."

Liang Yue threatened fiercely, but her words did not create the slightest deterrence in Nian Yue's eyes.

"Alright then, I'm Nian Yue. You're welcome to come at me anytime." Nian Yue curled her lips slightly, the coldness in her eyes obvious.

Then, she picked up her bag and school uniform from the ground and slowly went home.

As for whether Liang Yue would cause trouble at the Nian Family and school, it was not her business.

Liang Yue's face turned ashen as she watched her leave.

Was it Nian Yue?

She would remember her!

*

Nian Yue took the time to make a trip to the largest hospital in Jiang City for a blood test.

Since so many people wanted to take her blood, she had to see what was inside.

After drawing blood, Nian Yue took off the cotton bud and put down her sleeves. Then, she asked unhurriedly, "When will the result be out?"

This was a private hospital controlled by the Lin Group. The doctors inside were all from the Lin Group.

The doctor assigned to her was Old Master Lin's personal doctor. His name was Lin Lang. He was only 30 years old and was already the chief surgeon of the Cardiology Department.

"Half an hour." Lin Lang glanced at her again. "You'll have to wait for a while for the rest..."

"Okay." Nian Yue agreed readily. With one hand in her pocket, she walked to the bookshelf in the room.

ather than saying that this was Lin Lang's office, it would be more accurate to say that this was his private library. There were countless medical books inside.

ian Yue casually took one and flipped through a few pages.

"They're all Latin and are more difficult to understand. If you're interested, I have a few introductory books here." Lin Lang came out in a white coat and casually took out a pharmacology book. "This should not be difficult..."

ian Yue casually flipped through a few pages of the Latin text. "You have quite a lot of books here..."

Surprise flashed across Lin Lang's eyes.

He had spent a lot of effort to get these books. There were some books that even those who studied medicine did not know. How could a female student who had not graduated from high school like her tell?

“If you’re interested, you can take them. Just remember to return them to me when you’re done.” Lin Lang was very generous.

“Alright, thank you.” Nian Yue did not stand on ceremony and took a few books. “I’ll return them to you later.”

In the post-apocalyptic world, the most common alchemy skills were the combination of herbs and supernatural powers cultivated in laboratories.

Western medicine was also used a lot in the post-apocalyptic world. However, she had never read some of the books Lin Lang had.

She had always had a photographic memory. In half an hour, she had already read a third of a medical book.

Lin Lang had already come out with the test report. His expression was heavy. “Why? Is there a problem?”

With one hand in her pocket, Nian Yue glanced at the report. “Your body temperature is too low, and you have a potential supernatural power...”

“Your temperature is only 34 degrees Celsius, but you don’t have any symptoms of muscle stiffness or hypertension...”

Lin Lang walked up to her, his eyes probing. “There’s an unknown energy in your body. This energy complements your blood...”

“Are you a supernatural being?” Lin Lang looked at her a few more times..

Chapter 92: Don't You Understand Human Language?

The little girl in front of him looked to be only 17 or 18 years old, but her face was extremely cold.

"You've seen Espers?" Nian Yue raised her eyebrows.

"I've been fortunate enough to meet them in the past." Lin Lang smiled. "In this world, mutants are very rare. Ordinary mutants will be hunted unless they have a strong backing. After all, humans have an inclination to kill unknown things that they can't control."

From his tone, he didn't seem to be surprised by superpowers. However, she did not find any information about Espers or supernatural beings on the internet.

"You should have a rare lightning and wood-elemental superpower..." Lin Lang rubbed his chin and guessed. "Electric power is extremely lethal. If those guys find out..."

She would either be used or hunted.

He didn't dare to say this.

Since Nian Yue approached him, it meant that she had tremendous trust in him.

Although this trust was based on her relationship with Old Master Lin.

"Did you find anything else?" Nian Yue continued asking.

"It's more complicated to examine the cells. It might take a while," Lin Lang thought for a moment and said, "You'd better not use

lightning power casually. Otherwise, it will cause irreversible losses and you might be killed.”

Other than lightning in the natural world, there was also nuclear power. No matter which one of these two abilities was used by her, the

damage it would cause to the world was immeasurable.

“Alright, I understand.” Nian Yue nodded. “I don’t want a third person to see this information.”

“Of course. “

Lin Lang pushed his glasses up the bridge of his nose. “I’ll contact you as soon as the results are out.”

“Sure.” Nian Yue had one hand in her pocket and the other holding the book she had taken from Lin Lang as she left.

Lin Lang looked at the report in his hand with a deep gaze.

Electric power that was powerful and uncontrollable.

When Nian Yue returned to her class, it was quiet. She carried her school blazer in and went straight to the last row.

Her desk was filled with books, but she saw Liang Yue behind it.

And Liang Yue happened to be at her location.

Liang Yue was holding a script in her hand and wearing the school uniform that No.1 Middle School had just issued.

Seeing her enter, Liang Yue was the first to stand up. "Nian Yue, do you mind if I sit here?"

The aloof girl walked in without looking at her and casually placed her blazer on the table. Only her face was filled with unruliness.

"Scram. "

Her voice was cold and ruthless.

"The seats in the class are mobile. Who said that this seat is yours?"

Liang Yue did not expect her to be so direct and her face turned pale from indignance. "Besides, I only have half a month of class here.

What's wrong with giving me your seat? Don't students have to be united and loving?"

"Don't you understand what I'm saying?" Nian Yue raised her eyebrows slightly, but her voice became colder.

Liang Yue wanted to say more, but the aloof girl raised her leg and kicked the chair!

The chair was kicked against the door and Liang Yue was shocked. She had never seen such a big scene before and her face turned pale.

Before she knew it, her collar was lifted from behind and she was thrown out.

"The Liang family's foundation is in the Imperial Capital. Jiang City is not a place in which you could behave atrociously." Nian Yue had

one hand in her pocket and could not even be bothered to look at her. "The next time you don't understand human language, get lost

with those two.”

She was referring to the bodyguards guarding the door.

After she beat up the two bodyguards who were with Liang Yue yesterday, Liang Yue had changed her bodyguards today.

The two bodyguards were in the corridor. When Nian Yue was beating someone up just now, a classmate had already drawn the

curtains. Therefore, the two bodyguards outside did not know what was happening.

It was only when Liang Yue was thrown out that the two bodyguards rushed over to help her up.

After such a thing happened in Class A, Duan Yu and Principal Wang immediately rushed over. When Principal Wang saw Nian Yue

sitting in the last row, his forehead twitched.

People like Liang Yue were used to being arrogant in the Imperial Capital, but they did not amount to anything in front of Nian Yue.

“Principal Wang, I think you’re tired of this job!”

When Liang Yue saw Principal Wang coming over, her face turned ashen. “Do you know the consequences of offending the Liang family?”

Such a lawless student will only bring trouble to No.1 Middle School...”

Principal Wang rubbed his temples. "Liang Yue, you were indeed in the wrong. You took Nian Yue's spot without asking."

All the students in Class A treated Nian Yue like a princess, but Liang Yue was so insensitive as to aim at her.

"I think I told you before that I need a quiet environment here." Liang Yue's eyes were high. "If I take a fancy to that seat, it will naturally

be mine. As for her, there are so many seats in your class. Can't she just take one?"

"What kind of logic is that? There are so many places on the road, why don't I see you sleeping there?" Lin Nan sneered. "Miss Liang, one

can't be so shameless. The dove has taken over the magpie's nest and is still speaking eloquently, right?"

After following Nian Yue for a period of time, Lin Nan was good at retorting.

This sentence hit the nail on the head. It was vicious and irrefutable. Liang Yue's face turned ashen.

"Who are you? Do you have the right

to speak here?"

"The Lin family of Jiang City has more weight than you, the eldest daughter of the Liang family..." Lin Nan couldn't be bothered with her.

He said to the group of lackeys behind him, "Can't you see that Sister Yue is in a bad mood? Hurry up and chase her out..."

"Alright! Miss Liang, our class can't tolerate a big shot like you. I think you should go back to where you came from!"

“That’s right! Celebrity, go and film your movie! Don’t spoil the fun here!”

The group of students from Class A could not stand it anymore and chased her out without any explanation.

Liang Yue was furious. This was the first time she had been treated like this!

The class returned to silence. Nian Yue leaned against the wall and glanced at Principal Wang.

Principal Wang coughed dryly. “This was an accident...”

With Nian Yue as the big boss, Lin Nan, and a computer genius like Wang Zhizhi, Liang Yue was nothing.

Liang Yue gritted her teeth in anger and walked out angrily.

At this moment, her phone rang. It was Jiang Jincheng. “Miss, I asked you to check on someone. Why haven’t I heard from you?”.

Chapter 93: That Stone Was His Life!

“It’s all because these people from Jiang City don’t know what’s good for them!” Liang Yue was furious and had long forgotten her usual image. “Especially that Nian Yue from Class A. She’s too arrogant!”

“Nian Yue?” Jiang Jincheng raised his eyebrows when he heard this.

That little girl was so devilish that she usually couldn’t even be bothered to look at him. If she had a conflict with Liang Yue, it was highly likely that Liang Yue had lost her temper again.

“Yes.” Liang Yue nodded. “Didn’t you have business here the last time you came to Jiang City? Do me a favor and teach her a lesson...”

“I can’t touch this person.” Jiang Jincheng sneered. “Ninth Master wants you to check something. If you can’t find anything tonight, you should give up your position...”

His words were obvious enough. Liang Yue had been in Jiang City for two days, but there was no progress on the mission given by the other party.

Fu Xiuyuan would not allow her to stay if she continued to make no progress.

“I understand.”

At the mention of that man, Liang Yue suppressed the anger in her heart.

Other than being the eldest daughter of the Liang family, she was also a member of the Fu family’s technical team. The technical team kept a low profile, so she did not expose this identity.

Besides, she knew how sick that man was.

Besides, it was the Liang family’s honor to be able to stay in the Fu Corporation with such an identity.

When Liang Yue thought of this, she composed herself and took out her computer to start working.

Other than acting in Jiang City, she had another reason for coming. The IP address of the hacker who destroyed the Imperial Capital’s defense network was near Jiang City. However, she couldn’t find the specific address despite searching for a long time.

Therefore, she had specially come here to find some clues.

Besides, that man was also here...

Fu Xiuyuan was swiping his phone with his head lowered. It was a message from the financial team.

“Boss, there’s been a stock market shock in R Nation...”

“Noted.”

It was only two words, but it made the eyes of the financial team widen.

The last time an investment genius like Fu Xiuyuan dabbled in finance was three years ago. After that, he stopped doing so.

But now, he was attacking again? There was a bloodbath in the economy, and even the country was shaken. However, this piece of news was suppressed the next day and disappeared without a trace.

After what happened in the afternoon, Liang Yue became much more obedient in class. Duan Yu found a corner seat in the last row for her and she was typing on her computer.

Even though Principal Wang had explicitly prohibited them from coming to class, the students from the other classes could not help but be curious and came to Class A to visit Liang Yue.

Actually, most of the students were still leaning against the window after hearing about Nian Yue. They took a few more glances at the girl sitting in the last row in the middle.

The pretty student who scored full marks for the exam was the subject of discussion among these students.

While Nian Yue would usually either sleep on the table or play a couple of games, she had been studying a thick foreign language book for the past two days.

The book was filled with words, but she was fascinated.

Lin Nan had improved rapidly these few days. He turned around and looked at what she was looking at. "Is this Latin?"

He had learned this in the past, but he did not know much about it.

Nian Yue's book was difficult to understand. There were many words that he had never even seen before.

"Yes." Nian Yue nodded and turned around to look at him. "Don't leave after school. I want to talk to you about something."

Lin Nan felt a chill down his spine when he heard that she was looking for him for something.

Last time, when Nian Yue looked for him alone, he was beaten so badly that he lay on the bed for two days. This time, he hoped he would be able to withstand a few more blows?

When school was finally over in the afternoon, Liang Yue's expression was still extremely ugly. She had almost tracked down that person's address, but it was still a little short.

No. I Middle School...

Where was she going to find someone in such a huge place?

Nian Yue, who was at the side, had already slowly put away the book and stuffed it into the drawer. Then, she put one hand in her pocket and said to Lin Nan, "Let's go."

Her voice was a little cold and her back view was extremely cool.

There were quite a lot of people on the field. Some boys were playing basketball on the basketball court while the other students were taking a walk in twos and threes.

Nian Yue took off her school blazer and glanced at him. "Let's start."

Before Lin Nan could react, he was kicked in the calf. Lin Nan made an attack gesture. "Sister Yue, sorry!" Then, he threw a punch at her!

After more than a month of practice, his speed improved very quickly. However, compared to Nian Yue, who had been on the battlefield and had actually stayed in the army camp, he was still far from it!

Half an hour later, Lin Nan lay on the ground. He was so tired that he could only breathe.

"You're still impatient." Nian Yue half-knelt in front of him and pulled his arm over.

"You were too..."

Demanding.

Lin Nan did not say the last word.

When he fought with that group of hooligans, he was not as ruthless as Nian Yue.

"Your physique is not good." Nian Yue stood up and gave him her hand. Lin Nan grabbed it and used it to stand up.

"This is a potion to strengthen your body. You can soak in it for half an hour every day." Nian Yue casually took out a transparent bottle.

Lin Nan took the potion and glanced at it a few times. When he saw the label outside, the shock on his face could not be concealed anymore. "This is the Lu family's beginner-level potion?!"

Legend had it that the Lu family was a famous pharmaceutical family. A bottle of medicine could be auctioned for ten million dollars!

But three years ago, the Lu family suddenly disappeared without a trace in the capital!

The medicine that the Lu family had concocted back then had also reached the pinnacle. The highest price was auctioned for hundreds of millions!

But Nian Yue actually took out a bottle of low-level potion for him casually?

“It’s not from the Lu family.” Nian Yue shook her head. Her face was a little cold and there was an unknown tone in her voice. “But its efficacy is much better than that of the Lu Family’s.” Nian Yue had absolute confidence in what she had personally concocted.

“I will work hard!”

Lin Nan held the bottle in his hand. His voice filled with excitement.

Nian Yue had given him such a thing. No matter what, he could not disappoint her!

Nian Yue had one hand in her pocket and her gaze was a little cold.

It was 10 p.m.

When Liang Yue finished typing the last code and saw the IP address, a look of relief flashed across her eyes.

She had been chasing after it for more than half a month. Now that she had finally found the IP address, she felt relieved.

She sent the address to Fu Xiuyuan's phone and walked out with her computer.

The bodyguard reached out and took the computer from her hand. "Miss, Director Shen is here."

"Tell him that after today's matter is settled, I'll return to the group tomorrow..." Liang Yue was in a good mood.

It looked like Director Shen was not completely useless these few years. At the very least, he finally knew her identity as the eldest daughter of the Liang family and needed him to invite her personally.

"No..." The bodyguard hesitated. "Director Shen wants to choose the female lead of the next movie..."
"What kind of female lead can be chosen in a place like this?" Liang Yue sneered, her tone filled with pride.

"Director Shen has lived for so many years. Why is he getting worse?"

What kind of talents could there be in a place like this?

At the same time

Director Shen was holding his phone and was a little excited in the principal's office. "This person is from your school, right?"

Principal Wang took Director Shen's phone with a headache. When he saw the photo, his eyes darkened. "She is indeed a student from our school."

"Do you have her contact details? I want to contact her personally..." Director Shen's face was filled with excitement.

When he went to No.1 Middle School this afternoon, he unintentionally saw Nian Yue fighting with Lin Nan at the field. He took a photo on the sly.

That girl's actions were clean and efficient. Her jade-like face was countless times prettier than many female celebrities in the entertainment industry.

Her slender figure totally matched the requirements of the female lead of his next movie.

"She's in her third year of high school this year..." Principal Wang sighed. "She doesn't have time to go to your company..."

Such a god-like figure had not appeared in No.1 Middle School for so many years. All the teachers in the high school were waiting for her to become the college entrance examination champion next year.

At this moment, how could they possibly let someone like that film a movie?

"I'm not in a hurry for my next movie. It's still in the preparation stage." Director Shen coughed dryly. "I just feel that she's talented, so I want to get her contact details and audition her..."

"It's getting late. If Director Shen has nothing else to say, I'll go back first. You can talk to her during class tomorrow." Principal Wang pretended to chase him away. Nian Yue was usually quiet, but he did not dare to provoke her.

"Did you find this?"

In the room, the man in black had a deep gaze but his words were extremely cold.

Fu Xiuyuan was still holding a document in his hand. There wasn't much content on it, and he could finish reading it with a few glances.

Liang Yue could not quite figure out his temper, but when she thought of what she had finally found out, she gained courage again. "That person is too cunning. I've been investigating for half a month, and the target's address is at No.1 Middle School..."

'That person only appeared once. I suspect that he's someone from the Hacker Alliance.'" Liang Yue voiced her guess. "He specially transferred his IP address here."

The man in black did not say anything, but the aura he exuded became even colder.

Liang Yue couldn't help but look up at him.

'Go out first."

Fu Xiuyuan rubbed his temples, his voice sounding a little tired.

Liang Yue stood up and carefully glanced at the man before leaving.

Fu Xiuyuan had already closed his eyes, but the aura he exuded became even colder.

Without the Energy Stone, his physique was starting to fail again.

Liang Yue closed the door and stopped outside for a long time.

That person's skills were much better than hers. She had chased after him for half a month but could not find any trace of him.

If not for this man, with her pride, how could she have spent so much time in a small place like Jiang City?

Liang Yue stood at the door for a while more and glanced at her watch. Five minutes.

Then, she turned around and pushed open the door again.

The room was quiet. Only the warm lights on the roof showed the coldness of the room.

The man in black supported his face with one hand. His usually cold face seemed a little pale because he had closed his eyes.

Liang Yue walked over slowly.

Finally, she reached the man.

There was a hint of infatuation in her eyes. She had always been following this man around, walking step by step until today, all because she wanted to stand shoulder to shoulder with him one day.

She reached out to touch the cold face.

In an instant...

She just needed to touch it!

This thought lingered in her mind as Liang Yue slowly stretched out her hand...

With a plop, her wrist was suddenly grabbed by someone and her collar was grabbed. Before Liang Yue could react, she was thrown out!

Her back hit the hard wall and she turned pale from the pain.

“Xiuyuan...”

Liang Yue endured the pain and got up from the ground in a sorry state. “I don’t mean to hurt you. I saw that you weren’t coming out and I thought something had happened to you...” The man in black was cold and his eyes were as deep as ink. “Get out.”

His words were extremely cold.

“Did you not use that stone?” Liang Yue bit her lower lip and quickly walked out when she met the man’s cold eyes.

Liang Yue walked to the corridor and couldn’t help but take out her phone to call Jiang Jincheng. “You didn’t get hold of that stone the last time you came to Jiang City?”

Jiang Jincheng heard her gasp and knew that she was thinking about something she shouldn’t have. “We got it, but it’s useless.”

“Why?” Liang Yue gripped her phone tightly. Very few people knew about those things.

With Fu Xiuyuan and Jiang Jincheng’s abilities, it was impossible for them to not even be able to take back a stone.

“Do you know Nian Yue?” Jiang Jincheng raised his eyebrows. “That stone is with her now.”

“You mean, Xiuyuan gave it to her?”

“What do you think?” Jiang Jincheng sneered. “So, stop having those thoughts. Otherwise, I won’t be able to protect you.”

That stone was practically his life, but he had given it to Nian Yue.

“Impossible.” Liang Yue hung up angrily.

Nian Yue, what capabilities could a wild girl from the countryside have?

She had taken Fu Xiuyuan’s stone!

k

At the Lin family residence, Lin Nan had just soaked in the potion for half an hour. His entire body was now smooth. Even the muscles that were usually sore due to the high intensity of training had disappeared without a trace.

Lin Nan changed his clothes and went out to look for Nian Yue in a hurry.

He believed that this bottle did not belong to the Lu Family.

Those potions from the Lu Family could not have improved him that much!

Old Master Lin was reading the newspaper on the sofa. When he saw him rushing out, he looked a little puzzled. "This brat, why did he lock himself at home these few days?"

"I don't know." Mother Lin smiled. "But it's true that he has been going through business reports in the recent days. Even his results have improved."

Lin Nan was a hooligan and usually did not listen to anyone.

It wasn't that he hadn't scored a zero before. After being taught a lesson by Old Master Lin, he became much more obedient although his results were still not stable.

However, in recent times, his results have stabilized in the top ten.

"But I heard that the Lu family is coming out of retirement," Mother Lin said as if she had thought of something.

The Lu family had been hiding in Jiang City for three years and rarely showed themselves. If not for the fact that Old Master Lin had a close relationship with the Lu family, they wouldn't have known that the Lu family was in Jiang City.

But the Lu family had been silent for three years. Why did they come out so easily?.

Chapter 94 Kidnap

“It must be because of the potion...” Old Master Lin’s eyes were deep.

When Lin Nan came back, no one else could tell that he had taken the medicine.

He could tell at a glance that it was no ordinary item.

*

When Lin Nan found Nian Yue, she had just come out of the shower. When she received Lin Nan’s call, she changed her clothes and asked him to wait for her before walking down.

When Lin Nan saw her, he could not hide the excitement in his voice. “Sister Yue, your medicine is amazing. After I soaked in it, my body became much lighter...”

“Yes.” Nian Yue grabbed his arm and pinched his body.

There was a cracking sound coming from Lin Nan’s arm. Lin Nan was in so much pain from her grip that his face was contorted.

Finally, Nian Yue released her grip after pinching both arms. “You’ve barely passed.”

The last time she trained Lin Nan for a month, it was only to build up his foundation. Now that he had the support of the potion, he would improve rapidly!

Lin Nan stretched his body and realized that he was more agile than when he came.

“Remember to run back with twenty pounds of weight.” Nian Yue patted his shoulder.

“Huh?” Lin Nan’s jaw almost dropped when he heard her words.

It was at least ten kilometers from Nian Yue’s place to his.

If she wanted him to run back and carry the weight, he might not be able to get out of bed tomorrow.

“You don’t want to run?” Nian Yue raised her eyebrows. “Why don’t we have a fight? Whoever wins will make the call?”

Nian Yue stretched her wrist. She had never liked to drag things out. She would not speak if she could.

Besides, in her opinion, a fight was the fastest way to solve the problem.

“No need, I’ll run back now.” Lin Nan hurriedly retreated. “I’ll leave the car with you. I’ll get the butler to come over tomorrow. Bye, Sister Yue.”

Before Nian Yue could react, Lin Nan had already taken the sandbag from the car and tied it to his leg. He turned on the GPS and ran home.

Nian Yue looked at his back view and the corners of her lips curled up.

She turned around and returned to the estate. When she reached the entrance of the house, she saw a man in black, looking as cold as jade.

This man seemed to have his own light. No matter where he was, as long as he appeared, everything around him seemed to lose its luster.

Nian Yue walked over. When she got closer, she realized that the man’s face was a little pale. Nian Yue frowned slightly. “Fu Xiuyuan?”

This was the first time she had called his name. Her voice was cold and hoarse.

Fu Xiuyuan looked up when he heard this, his eyes a little deep. After seeing her, the coldness in his eyes melted at a visible rate.

His deep eyes were fixed on her, but he did not react at all.

“Have you been drinking?” Nian Yue raised her eyebrows. From the first time she met Fu Xiuyuan, this man had been terrifyingly calm.

This was the first time she had seen him so quiet.

“Please open the door for me,” Fu Xiuyuan said lightly.

“Password?”

Fu Xiuyuan said a string of numbers and Nian Yue pressed the password. The door opened with a beep.

Her wrist was suddenly grabbed and the man beside her suddenly leaned over.

A cold fragrance assaulted her. Nian Yue subconsciously grabbed his arm with the back of her hand and was about to attack.

“Help me in.”

A man’s voice came from above her head, and Nian Yue’s heart softened for a moment.

“Okay.”

Nian Yue wrapped her other hand around his waist and helped him in.

He had almost placed all his weight on her, but Nian Yue acted as if nothing had happened and helped him in.

“Take a right turn in the bedroom,” a man’s voice came from above.

Nian Yue turned on the lights and found the bedroom. She helped him in.

When she helped him onto the bed, Nian Yue was about to let go when she felt a grip on her waist and her entire body was pressing down on him!

Nian Yue was about to react when she felt her wrist being grabbed. She pounced into his embrace instinctively.

There was a faint wine fragrance on him, the smell extremely faint.

In her previous life, she had a lot of contact with those people when she fought. She even ate and lived with them in the army. However, she was used to living like a man and the unique feelings of girls towards

members of the opposite sex did not exist for her.

“Fu Xiuyuan?” Nian Yue’s face darkened and she was about to hit him.

She didn’t think she was close to him enough to have such physical contact.

Especially when he was such a dangerous man.

Fu Xiuyuan was even faster than her. With a turn of his body, he pressed her under him.

As she had just taken a shower, there was a faint milky fragrance on her body. The milky fragrance was very faint, so faint that it could relieve the pain in his body.

“I’m not feeling well.” Fu Xiuyuan leaned on her. “Let me lean on you for a while.”

This man was always noble and elegant. When had she seen him speak like this?

“Where’s Jiang Jincheng?” Nian Yue raised her eyebrows.

The man lying on top of her was motionless. The man's gentle breathing could be heard. He seemed to have fallen asleep.

Nian Yue frowned slightly and rubbed her temples with her fair and slender fingers. She had a headache.

Fu Xiuyuan was too strong, making her unable to breathe.

After an unknown period of time, Nian Yue's eyes were deep and she was thinking about the possibility of knocking this man unconscious.

She had never fought with Fu Xiuyuan, but they had teamed up once.

Her instincts told her that this man was at least as strong as her.

Half an hour later

Nian Yue had a headache. She exerted a little force on her leg and was about to kick him.

However, she recalled how this man had given her the bracelet without a word last time and helped her solve a lot of problems.

Their relationship was not too bad and she felt she should help him.

At the thought of this, Nian Yue retracted her leg.

After an unknown period of time, the air was so quiet that only their breathing could be heard.

Hearing her gentle breathing, the person who had been hugging her finally opened his eyes.

His eyes were extremely deep, but they were terrifyingly hot.

Nian Yue was undoubtedly very beautiful, especially her eyes. There was a hint of indifference and evilness in them.

At this moment, her eyes were tightly shut and her fan-like eyelashes cast a long shadow under her eyelids. Her nose was high and her cherry lips were slightly pursed, as if she had not slept well.

When Nian Yue woke up the next day, she felt her body stiffen. After being hugged by a man for the entire night yesterday, she didn't even know how she fell asleep.

When she opened her eyes, she felt that her body was still being hugged. Nian Yue wanted to kick him, but when she thought of the scene yesterday, she endured it.

Forget it, she would not take it personally with a sick person.

Nian Yue waited for another five minutes with patience. The man hugging her finally showed signs of loosening.

The moment he released her, Nian Yue had already flipped over and got off the bed.

Other than some wrinkles on her body, there was nothing wrong with her.

The aloof man had already gotten out of bed. When he saw her, his eyes were a little deep.

"Are you alright?" Nian Yue raised her eyebrows.

"Mm." Fu Xiuyuan took his jacket from the bed and put it on. "Sorry about yesterday."

"It's fine." Nian Yue waved her hand at him, not taking yesterday's incident to heart. "I'll get going first."

With one hand in her pocket, Nian Yue walked towards the door.

When she reached the door, Nian Yue grabbed the door handle and was about to pull it open when her hand felt warm. His hand was already on hers.

Then she opened the door.

Jiang Jincheng rushed over anxiously and ran to the door. Just as he was about to enter the password, he heard the door being opened from the inside with a click.

“Nian Yue...”

When Jiang Jincheng saw her, he was in a daze for a moment. When he saw Fu Xiuyuan behind her, he looked a little dumbfounded.

Until Nian Yue left, Jiang Jincheng’s face was still a little stunned. “Did you have a relapse yesterday?”

“Not to that extent.” Fu Xiuyuan rubbed his temples. It was just that without the Energy Stone, it was more difficult for him to suppress some things.

“You didn’t have to give her that Energy Stone.” Jiang Jincheng thought of that stone and felt his heart ache.

Energy Stones were rare in this world. This stone had been painstakingly followed by the intelligence department for a few years before they found it.

In the end, he passed it to Nian Yue.

“It was hers to begin with.” Fu Xiuyuan rubbed his temples, not wanting to say more about this.

“Sure.” Jiang Jincheng knew that he wouldn’t go back on his word, so he didn’t say anything else. “The Liang family knows that Liang Yue is in Jiang City, so they asked you to take care of her.”

The Liang family was famous for being protective. Usually, Liang Yue could do whatever she wanted in the capital.

How could the Liang family be willing to let Liang Yue suffer in Jiang City?

“If she wants to stay, she can. If not, she can get lost.” The cold and noble man only left these few words.

It was obvious that Jiang Jincheng was already used to this man’s cold personality.

The Liang family might say cordial things but when they really met Fu Xiuyuan, they didn’t even dare to let out a fart.

*

At the sanatorium, Old Master Nian had woken up early and was exercising in the courtyard. Assistant Zhang was still holding a document in his hand. “Old Master, Young Master has the intention to get Nian Yan

married into the Chen Family...”

“Is it the boy that Yue Yue likes?” Old Master Nian asked.

He knew how much Nian Yue liked Chen Yiran.

“No...” Assistant Zhang shook his head.” It’s Missy...”

“Nian Yan?” Old Master Nian raised his eyebrows. “Isn’t she still in her third year of high school? Isn’t she preparing to develop her music career?”

“Yes.” Assistant Zhang nodded. “However, it seems like the media caught Young Mistress and Young Master Chen having an affair ahead of time, so Young Master is thinking about the marriage between the two

families...”

“What did Yue Yue say?” Old Master Nian continued asking.

“Second Mistress didn’t say anything. She ran into Young Master Chen’s class once and beat him up.”

He did not expect that the seemingly gentle and weak Nian Yue would be able to attack without any hesitation.

However, it had to be said that he admired her guts!

“Hahaha...”

When Old Master Nian heard this, he laughed out loud. As expected of someone from the Nian Family!

This style of doing things was not sloppy at all!

“I have underestimated that little girl...” Old Master Nian laughed out loud. While the two of them were talking, the door of the sanatorium was suddenly kicked open by a group of men in black!

*

Class A had just ended school and the corridor was in a mess.

“Sister Yue, someone called you just now. They said they wanted to talk to you about something...” Nian Yue had just entered the class when Lin Nan passed her the phone.

Sometimes, Nian Yue did not live like someone from this era. She did not even like to carry her phone with her.

In fact, Nian Yue was used to seeing high-tech technology in the post-apocalyptic world. Cell phones were too useless in her eyes.

Hearing the voice on the other end of the line, Nian Yue’s eyes turned cold and even her aura turned cold.

The voice on the other end of the line was a little hoarse. The person used a voice changer and said, "Miss Nian, at the harbor. Old Master Nian is in my hands."

"Who are you?!" Nian Yue's eyes turned cold.

"We just fought a few days ago. Don't you recognize me now, Miss Nian?" The man's hoarse voice came from the other end of the line. "The Energy Stone is in my hand too. Miss Nian doesn't want the only person who

can hold on to this secret to die without a burial place!"

"Blood Wolf?" Nian Yue raised her eyebrows.

"Miss Nian is as smart as ever..." Blood Wolf chuckled on the other end of the line. "I'll wait for you for an hour."

Then, the call was abruptly cut off!

Nian Yue's eyes darkened. Since the previous score had not been settled, they would settle the old and new scores together!

"I'm going out for a while."

With that, Nian Yue left in large strides!

She had not taken the Energy Stone from Old Master Nian the previous time. It had only been a short while since someone had started targeting this stone again!

"Sister Yue!"

Lin Nan saw that her expression was not right and wanted to chase after her!

But where was Nian Yue?!

Nian Yue walked to the entrance and stepped into the off-road car. When she left the school gate, the car had already sped out after a 180-degree drift!

Nian Yue narrowed her eyes and her aura became even colder. She stuffed her bluetooth earphones into her ears and said in a deep voice, "Help me check the address of the call just now."

Wang Zhizhi received the order and started typing on the computer.

In just a moment, the address was out.

"A warehouse at the harbor..." Wang Zhizhi sent her a message. "Sister Yue, there are a lot of them... The leader seems to be called Blood Wolf..."

ian Yue had asked her to check on Blood Wolf.

“Alright, I understand.” Nian Yue stepped on the accelerator. “Inform Lin Nan and the Lin family’s guards to watch over Lin Lang today.”

Lin Nan was too inexperienced now and would not be a match for them.

Old Master Lin had once unintentionally told her that the Lin family had their own guards.

Wang Zhizhi hurriedly nodded in agreement. She turned around and said a few words to Lin Nan, who had already walked out of the class with his school uniform.

However, Wang Zhizhi was in her class, staring intently at the computer screen. Her palms were already drenched in cold sweat.

It was Blood Wolf.

Not an ordinary hooligan.

Nian Yue was a young lady. She was afraid that Nian Yue would suffer.

However, she could only provide support now.

The class was already used to Lin Nan and Nian Yue disappearing from time to time.

At this moment, on Jiang City’s Third Ring Road, a black SUV was speeding along the road. Nian Yue looked at the GPS and her eyes turned colder.

It looked like blowing up the Blood Wolf’s warehouse was too light. He had still escaped!

When the car reached the corner, Nian Yue grabbed the steering wheel and drifted 180 degrees. With a beautiful turn, the car had already flown out!.

Chapter 95 Taking Her Blood

At this moment, at the harbor, a man in a black suit and a silver mask was holding a cigar in his hand. He was leaning against the chair indifferently. He glanced at the unconscious Old Master Nian and instructed the people behind him, "Wake him up."

Someone had already taken a syringe and stabbed it into Old Master Nian's arm. The red liquid gradually entered his body and Old Master Nian finally came to his senses.

The man in a black suit had already walked up to Old Master Nian slowly. He was still playing with the crystal clear Energy Stone in his hand. "Old Master, where did you get this?" Blood Wolf asked.

"I'm old and I like to collect some strange things..." Old Master Nian's face was calm. "On the other hand, what business do you have with an old man like me?" Old Master Nian was someone who had seen much of the world in the past few decades.

"It seems like Old Master Nian still doesn't understand the current situation..." Blood Wolf scoffed coldly. "Why is the Energy Stone with you? Where is the thing inside?!"

"What Energy Stone are you talking about? I don't understand." Old Master Nian's turbid eyes were as calm as ever. "I got this stone from an old friend. I don't know what you mean by the Energy Stone..."

Almost as soon as Old Master Nian finished speaking, a black muzzle was pressed against his temple. Blood Wolf's eyes darkened and he said, "Old thing, you've lived long enough. I don't mind giving you a lift!"

A glint flashed across Old Master Nian's eyes so quickly that no one could see it.

"Although I'm old..." Old Master Nian sighed and said, "I'm still a member of the Nian Family. Do you think you can escape if something happens to me for no reason?" After all, the Nian Family had a place in Jiang City. If he were to die for no reason, Blood Wolf would not be able to bear the consequences!

“Old Master Nian, you don’t have to worry about that...” Blood Wolf played with the pistol in his hand and said, “Actually, I’m more curious about the real owner of the Energy Stone coming over...”

“What did you do?” Old Master Nian was shocked.

“Don’t worry, someone will come and accompany you later...” Blood Wolf sneered and casually stabbed a tranquilizer into the back of Old Master Nian’s neck!

Old Master Nian wanted to say something but he felt a pain at the back of his neck. His vision went dark and he fainted! “Bring him down.”

Blood Wolf put on his gloves and was holding a surveillance camera. On the surveillance was the scene of Nian Yue leading the SWAT team to his base and fighting with Mo Yi.

Compared to her opponent, her movements were faster, more ruthless, and accurate. Watching her fight was like watching a perfect combat lesson! Mo Yi was famous for being fierce internationally. Those who fought with him usually could not last more than three seconds!

However, this girl was easily his match with such speed and adaptability. “If only she was a boy...” Blood Wolf looked at the surveillance camera in his hand and suddenly said, “Girls should wear beautiful princess dresses and be more obedient...”

Almost as soon as he finished speaking, the door was suddenly kicked open and a young girl in black stood at the door.

She stood against the light. The moment she entered, the group of people behind Mo Yi had already surrounded her!

Swish! Swish! Swish!

All the guns were aimed at her!

Nian Yue had one hand in her pocket and her gaze was cold. "Blood Wolf?"

"The girl who found the base the other time?" Blood Wolf smirked. "She's even more beautiful than I thought..."

If only she was less violent. Such a young lady would be a feast for the eyes wherever she went!

"Thank you."

Nian Yue had always accepted compliments without any reservation.

"Since you're here, don't you need to account for this?" Blood Wolf held the stone in his hand and walked over.

He was still wearing his military boots, which made an ear-piercing sound whenever they touched the ground. "What do you want to know?" Nian Yue raised her eyebrows. The moment Nian Yue opened her mouth, Blood Wolf was already in front of her. He lowered his head slightly and said, "Where's the thing inside? Don't tell me you've lost it..."

His voice was low and hoarse with a hint of desire for what was in the piece of jade.

"The thing inside..."

Nian Yue's eyes turned cold. Then, she suddenly moved and grabbed the Blood Wolf's arm!

Blood Wolf seemed to have expected her attack and had already countered!

The surrounding sniper rifles were also aimed at Nian Yue. However, her speed was too fast, leaving them unable to attack! Over the years, Blood Wolf had hone his martial arts as he wandered in the black zone. He was swift and decisive.

However, Nian Yue proved to be quicker in her moves, The two of them fought for almost half an hour with no outcome in sight!

“If you keep fighting, I’ll throw your grandfather’s life away...” Blood Wolf suddenly said in her ear.

As Nian Yue loosened her grip for a moment, Blood Wolf had already grabbed her arm. With a forceful tug, her arm was dislocated with a crack.

Nian Yue did not even frown. The two of them had fought for too long just now, and she was drenched in sweat.

Sweat flowed down her forehead and into her clothes. Her cold face had an extreme beauty.

“Such a beautiful girl. I really can’t bear to be ruthless...” Blood Wolf said softly.

“Where is Old Master Nian?” Nian Yue raised her eyebrows.

“You’ll see him in a bit.” Blood Wolf teased as he turned to instruct the person behind him, “Throw her in.” If he had known that he could make Nian Yue come over so easily, he would not have spent so much effort.

As Nian Yue followed them into the warehouse, someone drew a tube of blood from her arm with a syringe.

Nian Yue moved her body. Other than her arm not being able to exert any strength, everything else was considered normal. She stood up from the ground and stretched her body. In an instant, the bones in her body made cracking sounds and she had already fixed her arm.

After being nourished by the Energy Stone, this body was in an improved state.

She looked around and realized that she was in a sealed small black room. Other than the light coming from a square window above her head, the room was terrifyingly dark.

She spent a few seconds getting used to the darkness. When she saw Old Master Nian at the corner of the wall, Nian Yue walked over.

Old Master Nian was under anesthesia and was unconscious.

Her phone had been confiscated when she came over just now. She tried the communicator on her wrist, but there was no signal.

Apart from an exquisite pistol, this bracelet was also a communicator. However, since the signal here was blocked, the communicator was not very useful here.

She had already informed Wang Zhizhi and Lin Nan when she arrived and she was not concerned about her own safety.

It was pitch black and there was no water or light. Was Blood Wolf going to wear her down slowly?

Nian Yue narrowed her eyes. After a long while, her thin lips curled into a mocking smile.

Inside the surveillance room, Blood Wolf played with the black phone in his hand. The expression on his face was unpredictable, and no one knew what he was thinking.

Someone behind him brought a tray over. "Boss, her blood has been drawn. The latest test will take place tomorrow."

"Okay."

Blood Wolf curled his lips and looked at the surveillance footage. His eyes lit up.

Such a beautiful girl. No wonder Mo Yi was not ruthless. Even he was interested.

“I heard that you’re quite interested in the

answered the call and sent the surveillance footage to Mo Yi’s phone.

Mo Yi was wiping his gun when he saw the projection on the big screen. He did not even look up.
“You’re not dead yet?”

It looked like the explosives he used last time were too light. He did not die. Blood Wolf did not comment on his words or even reply. He just said, “I see hope in this young lady...” It was a vigorous vitality.

It made one yearn for it.

It was too attractive to people like them who had been living in the dark since they were young

“Forget it.”

Mo Yi sneered. “On account of our friendship let me remind you. That girl is very evil.”

The aura she exuded was neither good nor bad.

Sometimes, even he could not tell what it was.

Only after he hung up did Blood Wolf’s eyes turn cold.

That young lady seemed to have a lot of secrets.

However, he still liked this kind of cold little girl. She was much better than the outside world.

In a dark room, Fu Xiuyuan was swiping pictures of the aloof girl on the black phone in his hand when the phone rang. It was Jiang Jincheng. "Nian Yue went to the harbor..."

Lin Nan couldn't contact Fu Xiuyuan, so he called him and told him the situation.

"Give me the exact address."

The man suddenly stood up, casually took the windbreaker on the back of the chair and walked out in large strides.

"You haven't recovered..." Jiang Jincheng thought of his physical condition and his expression was a little ugly. "The Energy Stone is gone. How long do you think you can hold on for?"

If it weren't for his physical condition, he wouldn't have come over from the Imperial Capital with Jiang Jincheng.

The doctor from the Fu family had already urged him a few times, but Fu Xiuyuan acted as if he did not hear him and continued doing his own thing

"It's fine." Fu Xiuyuan didn't even stop and walked out the door. "Ask Lu Yong to come

over..."

Lu Yong had been thrown to the Fu family in the capital to be retrained. It was time for him to see his results.

"It's just a young lady. She's still in school. Do you have to be like this?" Jiang Jincheng had a headache.

At first, he naively thought that Fu Xiuyuan was reluctant to leave because he had found something fun.

Given that they were going to lose their lives, this did not seem fun at all

“Yes.”

After replying to Jiang Jincheng, Fu Xiuyuan had already hung up the call. Then, he started the car and drove towards the harbor. When Jiang Jincheng heard his light words, he was so angry that he almost couldn't breathe.

Old Master Nian woke up in a daze.

When he opened his eyes, he saw a girl with her arms crossed and her eyes closed as she leaned against the wall.

Old Master Nian moved his body and forced himself to sit up.

When Nian Yue heard the sound, she opened her eyes and walked over.

“How did you get caught by them?” Nian Yue helped Old Master Nian up.

She did not have much feelings for Old Master Nian. However, he was the one who saved Nian Yue's life when she was young and brought her up in the countryside.

“In the sanatorium...”

Old Master Nian did not seem to want to say anything more. He sized her up from head to toe and after ensuring that she was fine, he could finally relax.

“Do you know about that stone?” Nian Yue rubbed her chin and continued asking.

She did not have much contact with Old Master Nian, but from their conversation the previous time, she could tell that there was an intrinsic difference between Old Master Nian and Nian Chaoyu.

At some point, he saw things more clearly than Nian Chaoyu.

“I guess I do.”

Old Master Nian nodded his head and said, “I was fortunate enough to see it once when I was young. After that, there was no more...” As if he had thought of something unpleasant, Old Master Nian became reluctant to continue on this topic.

“These people are vicious people. How did a young lady like you get here?” When that group of people brought him over, he did not believe that Nian Yue would come.

After all, the two of them had only interacted a few times. Nian Yue’s personality was also cold.

“I drove here.”

Nian Yue glanced at him. “I’ll get you out of here.”

This group of people had arrested Old Master Nian because of her. Since Old Master Nian had suffered because of her, she would think of a way to get him out.

“I’m old...” Old Master Nian sighed. “In the past, I didn’t fulfill my duty as a grandfather and didn’t care much for you. That was why you suffered so much in the Nian Family...” Nian Yan looked gentle and generous, but she was not what she appeared to be.

As for Wang Meihua, she was the legitimate wife of the Nian family who had managed to get to where she was today. She was also a ruthless person.

He didn’t think that could be a match for the two of them since she had grown up in the countryside.

He took it for granted that Nian Chaoyu would naturally not treat her badly since she was a child of the Nian Family. "No need." Nian Yue looked up and her voice was as cold as ever. "A late apology is not needed."
