

# The National Goddess Reborn 96-101

## Chapter 96: Do You Want to Try?

The Host was already dead. No matter the reason, no one could escape this responsibility, including Old Master Nian.

The door was opened from the outside with a clang. Blood Wolf had been listening at the door for a long time.

When he saw Nian Yue, surprise flashed across his eyes.

“Little girl, looks like I’ve underestimated you...”

He had dislocated Nian Yue’s arm back then. If she wanted to heal it, she would have to experience the pain of removing a layer of skin. However, it seemed that Nian Yue was fine now.

“You’ve gotten your hands on the item too. Shouldn’t you let us go now?” Nian Yue raised her eyebrows.

These people wanted her blood and it was about time for the results to be out.

“He... can be released.”

Blood Wolf pointed at Old Master Nian and looked at her with a hint of nonchalance. “You can’t.”

It was not easy for him to meet such a fun girl. How could he let her go just like that?!

“Sure, let him go.” Nian Yue lowered her eyes. “I’ll go with you.”

“Sure.”

Admiration flashed across Blood Wolfs eyes. “Send him back.”

He knew that he had not misjudged her. The young lady in front of him was cold but clear.

Before Old Master Nian could say anything, he felt a pain at the back of his neck. He had already been knocked unconscious and brought out.

Blood Wolf walked closer to her and sized her up, “If you’re not a citizen of this country, I might make an exception and bring you back to...”

It had been a long time since Blood Wolf recruited new blood. This young lady met his requirements in every aspect.

“Boss, bad news...”

While the two of them were talking, someone rushed in from outside. “We’ve been surrounded...”

“What did you say?!”

Blood Wolfs eyes turned cold and his aura turned cold. “Watch her carefully!”

Blood Wolf rushed out and looked up to see a helicopter parked in the sky. A man in black had a deep gaze and an extremely cold aura.

“Fu Xiuyuan?”

Blood Wolf smirked. "I haven't taken my revenge for the last time. I didn't expect you to come knocking on my door this time..."

The grudge between him and Fu Xiuyuan had been around for a long time. He had thought that the next time they met, he would completely resolve the conflict. This was the perfect time!

"Let her go." The man in black exuded a cold aura from head to toe.

When he looked at him, his eyes were so cold that they could freeze someone to death.

"So you were looking for that girl..." Blood Wolf seemed to have thought of something and his lips curled up into a smile. "But she's in my hands now..."

Almost as soon as he finished speaking, a cold aura suddenly came from behind. The girl who had been locked in the warehouse had already walked out. She had one hand in her pocket and another on one of his men.

She threw the person onto the ground and asked, "Are you sure?"

This voice was mixed with provocation and her face was wild and arrogant!

Blood Wolf wanted to grab hold of Nian Yue but she was faster than him!

The two of them started fighting. However, as the time they spent fighting increased, Nian Yue felt her speed decreasing!

"I forgot to tell you. When I dislocated your arm, I added something to it..." A confident smile appeared on Blood Wolf's face as he tried to attack her again!

Her arm was suddenly grabbed by someone and a strong gust of wind came from behind her. Nian Yue's waist was already grabbed by someone. Then, the man kicked her to the ground!

Fu Xiuyuan seemed to be even faster. Before Blood Wolf could react, he had already kicked his lower abdomen!

Blood Wolf flipped over and barely steadied himself. There was a bone-chilling pain in his chest and a strong smell of blood in his throat.

He reached out to wipe the blood from the corner of his mouth, and his gaze towards Fu Xiuyuan was getting more vicious. "This isn't the first time we've fought, but your speed is a little slower than the last time..."

He had fought with Fu Xiuyuan and seen with his own eyes what the peak of this man's martial strength was.

But Fu Xiuyuan's performance today was a little different from the previous time...

This was his best chance!

At the thought of this, Blood Wolf turned on the communicator. His voice was filled with bone-chilling coldness. "Kill

Fu Xiuyuan..."

He had suffered at this man's hands more than once. Since he had the chance today, he had to get it all back!

That depends on whether you have the ability or not." Fu Xiuyuan's lips curled into a mocking smile, and his aura became even colder. A small pistol had already appeared in his hand.

Nian Yue saw that the pistol was similar to hers, but it looked more like it was used by men.

"I'll go with you." Nian Yue's heart turned cold. Blood Wolf was here for her in the first place. She had no reason to let Fu Xiuyuan take the lead.

Besides, her speed would only decrease for a moment! She had absolute confidence that she could finish him in five minutes with Fu Xiuyuan around!

The three of them started fighting. Blood Wolf had just been kicked by Fu Xiuyuan and was already unstable. In less than three minutes, he was pressed to the ground.

Lu Yong finally rushed over and held him. "Don't move!"

When he received Jiang Jincheng's call, he rushed over immediately.

This was Blood Wolf...

The last time, he did not manage to catch him and allowed him to escape. This time, he had to catch him no matter what!

A man in black had already walked over after putting away his gun. He looked magnificent, but his face was indescribably cold.

"Did you dislocate her arm just now?" The man's voice was filled with coldness.

When Lu Yong heard him speak, he subconsciously shivered.

"Young Master Fu also knows how to be gentle..." Blood Wolf sneered.

He had interacted with this man too many times. This man looked modest and gentle, but he knew how twisted his heart was.

When the man heard his words, he did not even frown. He walked over and grabbed his arm. Then, there was a loud crack!

This was the sound of an arm breaking!

The same was done to the other arm!

Blood Wolf was in so much pain that his face turned pale. There was already a layer of cold sweat on his back.

Lu Yong felt a chill run down his spine when he heard the sound. This was akin to being tortured to death!

“Send him back,” the cold man said slowly, but the aura he exuded was undeniable.

“Did he touch your arm just now?” Fu Xiuyuan walked over while wiping his hands, his deep eyes glancing at her arm.

“It’s nothing serious.” Nian Yue smirked. Her arm had just been dislocated, so it was not a big injury. She had even experienced rib cage fractures in the past and endured the pain to carry out missions.

But Fu Xiuyuan grabbed her wrist and held her arm.

“Come back with me.” His voice was low and his body suddenly turned cold.

Seeing that he did not look too good, Nian Yue followed him into the helicopter.

It was the same hospital as the previous time. Nian Yue had gone in to draw her blood and was sitting in the corridor, replying to messages with her phone.

Wang Zhizhi had monitored the entire process on her computer. She was very worried about Nian Yue and kept asking about what had happened.

Nian Yue sent her a few messages to calm her down before replying to Lin Nan.

She still looked cold. The hospital corridor was a little noisy. Nian Yue put on her earphones and replied to Lin Nan.

Her eyes were lowered and her expression could not be seen.

Her phone was suddenly taken away and Nian Yue looked up. Fu Xiuyuan looked indescribably cold as jade and his eyes were as deep as ever.

Especially when he looked at her, there was a hint of something else in his gaze.

“Does your arm still hurt?” His voice was a little low and hoarse.

“It’s not too bad.” She said that it was still bearable.

After all, she was someone who could reattach an arm without making a sound.

“Blood Wolf drew your blood and I destroyed it.” Fu Xiuyuan’s eyes were dark. When he looked at her, his eyes were deep. “Your arm must have been drugged by him...”

If he hadn’t seen it with his own eyes, he would have found it hard to believe that she could still fight the Blood Wolf while her arm was under anesthesia.

“Yes, thank you for what happened today.” Nian Yue nodded, her voice full of seriousness.

She could have gotten out by herself, but it would have been much more difficult. With Fu Xiuyuan’s help, it was faster.

The doctor had already come out with the test results. “The drug that was found to cause neurological spasms in your blood...”

That man must have done it to her without her noticing.

“Yes, I know.” Nian Yue nodded, Her wood-elemental power could eliminate things that were not good for her body.

When Nian Yue returned to school the next day, Lin Nan and Wang Zhizhi felt relieved to see her with their own eyes,

Especially since Wang Zhizhi had witnessed the battle between her and the Blood Wolf. She still had lingering fears when she thought of that scene.

Nian Yue leaned against the wall, feeling somewhat dispirited, At this moment, her phone rang. It was a call from Director Shen.

“Not interested, thank you.”

Nian Yue had already hung up,

Director Shen became more motivated the more he was rejected. After school, he personally went to Class A to see her.

As school had just ended, the other students were walking out of the classroom in twos and threes. Some of them knew Director Shen. After all, his works were too famous and he often went on stage with the actors to collect the prizes.

“Are you Director Chen? Are you here for Liang Yue?” a student asked curiously in the corridor.

“Liang Yue, Director Shen is looking for you,,,”

“Liang Yue, Director Shen is here to bring you back to the set...”

Some students jeered in the corridor.

After all, Director Shen was not even 30 this year, but he had already won several big awards in the film industry.

In addition, he had filmed a few movies, and Liang Yue was the female lead.

Therefore, many people in the circle were saying that the two of them were a couple..

### **Chapter 97 You can do all the Booklicking You Want**

The scenes from yesterday had been edited again and Liang Yue's face was extremely ugly. She had taken at least five shots of one scene, but Director Shen refused to budge.

She even had to parachute at an extremely high altitude. It went without saying that she could not do it at all and was currently not in a good mood.

Hearing the commotion at the door, Liang Yue's expression eased a little. It looked like Director Shen was not completely useless. At the very least, he knew that he had offended her and came over to apologize. Liang Yue slowly stood up and walked towards the door.

Shen Jinran was standing at the entrance of the class. Liang Yue walked over. "Jinran, are you looking for me for something?"

Her address made the surrounding students boo.

How close must their relationship be to address each other as such?

"I remember that Nian Yue is in the same class as you?" Shen Jinran wasn't surprised to see her.

When Liang Yue heard this question, she was furious. After all that had happened, Shen Jinran was still looking for her because of Nian Yue!

“Are you looking for Nian Yue?” Liang Yue suppressed her anger and almost could not hold the smile on her face. “She should be sleeping...”

Shen Jinran glanced around Class A, they were all unfamiliar faces and he couldn't find the person he was looking for.

There was only one person sleeping in the last row. Shen Jinran walked over.

The person sleeping in the last row finally opened her eyes. Her school blazer was casually thrown on the table, and she looked a little irritated.

Clearly, she had been woken up by the bustle outside.

“Hello, Nian Yue. I'm Shen Jinran.” Shen Jinran walked over and reached out her hand.

The girl looked up and said in a hoarse voice, “Hello, I'm Nian Yue.”

“I wonder if you can go out for a while to discuss about what I mentioned the previous time...” Shen Jinran was very well-mannered and had a gentle smile on his face from the start to the end.

Nian Yue stood up from her seat and walked out with him.

In a Starbucks outside the school gate, Shen Jinran ordered coffee. “It was rude of me to come to your class to look for you...”

“It's alright, tell me.” Nian Yue smirked.

“I hope you can act in my next movie...” Shen Jinran went straight to the point. “I know you’ve never learned how to perform, but I want strength and explosive power...”

His next movie was a war movie. The female lead was a commander in the military. It was not that there were no female celebrities in the entertainment circle who came from the army, but they lacked the wildness.

But Nian Yue did.

She had the aura of a gangster and was dashing and full of vitality.

Nian Yue only returned to her class during the second lesson in the afternoon. When the students in the class saw her coming back, they could not help but do a double take.

Liang Yue was the star who had come to Jiang City to film a movie, but Nian Yue was the one Director Shen was looking for?

Who exactly was Nian Yue?

Nian Yue was sitting like a big boss as usual. She was holding a stack of papers in her hand. There were many words written on them. She casually stuffed them onto her desk.

Then, she started a game.

When the other students in the class saw that she had started the game, they all ran over to ask her to guide them. “Sister Yue, help me play a round. I’ve been stuck at this level for a long time...”

“That’s right, Sister Yue. You helped Lin Nan last time. He’s on the rankings now...”

“Sure.” Nian Yue agreed readily. The group of people had already joined the battle with her.

Liang Yue sat in her seat, feeling rather upset.

She was clearly from the Imperial Capital and was a movie star. Wherever she went, she would be greeted by a group of people.

However, she suffered an unprecedented cold treatment in Class A.

This group of students had never taken her seriously. Instead, they treated Nian Yue like a big boss.

Her deskmate was a boy wearing glasses. He guessed that she must be feeling upset at this moment and explained to her, "Sister Yue is third in the entire server for 'Pugilistic World'. She's awesome at it. Last time, Mountain Ghost Network came over specially to poach her, but they didn't succeed..." His voice was filled with envy.

He had thought about how they had played for so long but had yet to make it onto the rankings.

Nian Yue had only played for two months and was ranked third in the entire server.

Indeed, the Almighty was in a different league.

Liang Yue's face was expressionless when she heard that.

Only the marker in her hand was deformed by her grip. By the time school was over, most of the students in the class had left. Only the students on duty were still cleaning the class.

When she reached Nian Yue's seat, she saw a stack of papers under the table and casually placed it on her.

The paper was filled with words, and the student did not look at it carefully.

Liang Yue only walked over and took the stack of papers when the students on duty returned. Liang Yue's face darkened when she saw the contents! This was Shen Jinran's next movie! Because this movie was about war and patriotism, everyone in the industry knew that it would definitely be a hit before it was even shot!

ause

There were even many first-rate female celebrities who had reached out to Shen Jinran privately many times in order to act in this drama, but he still refused to budge.

Liang Yue had wanted to use this movie to build her reputation and win an award. She wanted Shen Jinran to invite her personally for the next movie.

But was Shen Jinran going to let Nian Yue film this drama now?

Liang Yue's eyes darkened before she took out her phone.

When Nian Yue saw Lin Lang, he was fiddling with a bunch of bottles and jars in the laboratory. When he saw Nian Yue coming over, his face was filled with surprise. "Your test results will take some time."

"I know." Nian Yue had one hand in her pocket and looked at him casually. "How much do you know about supernatural beings?"

"Not much."

Lin Lang put down the test subjects in his hand and walked to the sink to wash his hands with soap. Then, he walked over and said to her, "About supernatural beings, the earliest they appeared should have been a hundred years ago. My grandfather had studied them before, but there wasn't much information."

"You are the second supernatural being I have seen."

“Who was the first?” Nian Yue raised her eyebrows.

“It seems to be a fellow from overseas. Back then, he deposited his blood with me... and then disappeared.” Lin Lang shrugged. “Yesterday, Lin Nan told me to be careful. Did someone come to look for trouble with you?”

“Yes.” Nian Yue nodded. “Tell me if you encounter any trouble.”

If her blood had caused Lin Lang trouble, she would help him solve it no matter what.

When Nian Yue returned to class the next day, the class was still in a mess. She stretched out her slender fingers and rubbed her forehead.

This group of brats was really troublesome.

Nian Yue returned to her seat and took out a thick medical book that she had taken from Lin Lang the previous time.

She had only read a few pages when she saw the class suddenly explode. A classmate from another class ran in from outside. “Liang Yue, the Internet says that you’re going to act as the female lead in Director Shen’s next movie, right?”

“Is it ‘The Commander’?” a classmate turned around and asked.

The Commander’ was the next movie that Shen Jinran had released early in the morning. It was said that he had spent a billion dollars in the early stages of the movie production.

Except for the female lead, the remaining actors were all in place.

an wa

They heard that Shen Jinran was already preparing for the audition. "I've seen Director Shen say that 'The Commander' will definitely be super popular and explosive!"

Liang Yue's expression brightened a little when she heard the compliments.

"The audition for the female is still on." Liang Yue smirked, feeling a little impatient.

She had already told Principal Wang not to let the students from the other classes disturb her.

However, those students had never seen the world. Whenever they saw her appear, they would definitely take out their phones to take photos.

But she liked the feeling of being surrounded by everyone.

"You've already acted in Director Shen's movie. The next movie will definitely be yours..." The students from the other class were still flattering her when the back door was kicked open from the outside.

Lin Nan was holding cups of milk tea in one hand and his school uniform in the other. He looked a little angry. "Don't you know that class is starting? Why are you standing here?"

He casually passed one of the cups to Nian Yue and passed the other one to Wang Zhizhi.

"You, which class are you from?" Lin Nan pointed at a boy.

"From Class 4..."

"I'll go with you to the principal's office and get Liang Yue to transfer to your class. You guys can then bootlick all you want." Lin Nan's face was extremely ugly.

Everyone knew that Lin Nan was the one they could not afford to offend in the entire No.1 Middle School.

The boy didn't dare to say anything else. He quickly took the notebook on the table and ran away.

The other students didn't dare to say anything else and followed suit.

Liang Yue's expression was extremely bad, but when she thought of how she had suffered under Lin Nan's hands the previous time, she closed the book and walked out.

The class instantly fell silent. Only Nian Yue, who was in the last row, still had the posture of a big boss.

Crossing her legs, she leaned against the wall and looked up to ask, "What's the commotion about?"

A boy turned around and explained to her, "Liang Yue posted a script on social media today. It's some scenes from 'Commander'... However, I heard that the background of 'Commander' is rather grand and there are many explosive scenes..."

In other words, a rich missy like Liang Yue could not bear such hardship at all.

"Is that so?" Nian Yue's lips twitched as her eyes darkened for a moment.

The stack of A4 papers that were originally placed on her desk had already disappeared.

Nian Yue did not say anything else. Instead, she lowered her head and continued reading.

The auditions for Commander had already begun. Over the past few days, there were already a few trending topics on social media.

Nian Yue rarely read the entertainment news. Occasionally, she would switch on her phone to read the military news in the country.

Liang Yue went out for the entire morning and only returned in the afternoon.

Returning to her seat, she took out a few books from her desk. Liang Yue's expression turned ugly when she did not find what she wanted.

"What's the matter?" a classmate asked curiously.

"I lost my script..." Liang Yue's face was pale.

Before shooting, the script for 'The Commander' must not be leaked.

If it was taken by a competitor, it would undoubtedly be a huge loss for the entire production team.

"No way, who would take your script for no reason..." a classmate added, "Could it be that you took it out and forgot to take it back..."

"No, I placed the script in the drawer before I left." Liang Yue shook her head and turned to Nian Yue. "Did you take my script?"

The aloof girl did not even stop flipping through the book or look at her.

The students of Class A were already used to such behavior.

Although she didn't say anything, she exuded an aura that said, "Don't provoke me."

However, Liang Yue acted as if she did not see it and pulled the book out of Nian Yue's hand. "Did you take my script?!"

"No." Nian Yue frowned slightly. It was obvious that she was not in a good mood after having her thoughts interrupted. "I think it's you..." Liang Yue's face turned pale. "You're still brooding over the fact

that I took your seat the last time, right? Do you know how much the entire production crew will lose if this script gets leaked?!”

“Don’t you understand human language?” Nian Yue raised her eyebrows.

“Aren’t you going to admit it?” Liang Yue opened the book on her desk and took out a stack of A4 papers. “The evidence is here? Aren’t you going to admit it?”.

The A4 paper was filled with words, some of them even red. Although these students had never seen the details of ‘The Commander’, judging from the label, it was undoubtedly the script for Commander!

“Yue Yue never left her seat today! How could she have taken your script!” Wang Zhizhi turned around and argued.

“Furthermore, Yue Yue is not even interested in the script for Commander!”

Given Nian Yue’s sloppy personality, she was used to being unbridled. How could she possibly obediently act!

Not to mention getting Liang Yue’s script from the same class.

“Who knows?!” Liang Yue sneered. “I thought you were noble, but in the end, you were just the sort to do things behind others!” “Shut up!” Nian Yue then stood up slowly, her eyes cold.

It was so cold that when Liang Yue met those eyes, she subconsciously shivered.

“If you did it, just own up!” Liang Yue suppressed the fear in her heart. “This isn’t

over!”

Then, she walked out and went straight to the principal’s office.

Principal Wang's expression turned ugly when he saw Liang Yue enter.

"Principal Wang, I believe that No.1 Middle School has all kinds of teachers that are trustworthy, that's why they were hired by the school. But the students here are really worrying!"

Principal Wang had just hung up the phone when he saw her rushing over angrily. He had a headache. "What do you mean?"

"You also know that before the production team's script is broadcasted, they signed a confidentiality agreement." Liang Yue's face was ashen. "Nian Yue stole my script. How are we going to settle this?"

"How is that possible?" Principal Wang shook his head. "Nian Yue would not do such a thing..."

That girl was too nonchalant to be bothered to do such a thing!

"Now that all the witnesses and evidence are here, are you still going to side with your students?" Liang Yue's face turned pale. "In that case, I don't mind handing it to the judicial department to resolve..."

"Don't be rash." Principal Wang comforted her first. "I will investigate this matter thoroughly and I will give you an explanation."

Then, she called Duan Yu and asked Nian Yue to come over.

In just a few minutes, the door of the principal's office was pushed open. However, this time, it was a man in his twenties.

Behind him was a man in black. That man was very cold but attracted attention wherever he went.

**Chapter 98 I'll Have Her Back**

Principal Wang's heart skipped a beat when he saw who it was.

The Ninth Master of the Fu family...

The man at the top of the pyramid was only in Jiang City for an important matter. He didn't expect him to still be here.

When she saw Fu Xiuyuan, Liang Yue was instantly ecstatic. After all, he was the key reason why she came to Jiang City.

"Brother Xiuyuan, you're here?" Liang Yue called out when she saw him.

Her words further confirmed her relationship with Fu Xiuyuan.

"What happened?" Jiang Jincheng asked first.

"You also know that I came here to make up for lost scenes. The last time Director Shen came to look for me in class, he was preparing to talk about the next collaboration..." Liang Yue briefly told him what happened. Jiang Jincheng's expression changed slightly when he heard that. "That's impossible, right?".

With Nian Yue's cold personality, how could she possibly steal from others? "Who knew that the students of No.1 Middle School would have such standards..." Liang Yue sneered. She glanced at Fu Xiuyuan, wanting to see something from his face.

However, the man did not even look at her from the start to the end. He only took out his phone as if he was making a call.

The man was slender, but his aura was cold.

The cold air dropped a few degrees. "We haven't investigated this matter yet..." Principal Wang explained, "I believe that Nian Yue wouldn't do such a thing either..."

“Nian Yue is a student from your school. Of course you would shield her.”

Liang Yue’s manager arrived late. When she saw Jiang Jincheng and the man with his back facing them, her mind was already racing.

That man was at the top of the pyramid in the Imperial Capital. Ordinary people could only look up to him.

Now, he was at No.1 Middle School...

“There’s no evidence...” Principal Wang’s face did not look too good when he saw her aggressively. “Evidence? It’s simple. The surveillance cameras in the class are all on. If you get someone to pull out the surveillance cameras, won’t the truth be out?” The manager was aggressive. “Our Liang family’s eldest daughter came to No.1 Middle School because of your teaching resources. Is the eldest daughter of the Liang family someone you can bully?”

Principal Wang’s expression was extremely ugly. He got the teachers from the technical team to pull out the surveillance footage of Class A.

The theft occurred in the afternoon. Liang Yue left the classroom after school at noon and only returned at two in the afternoon. There were two hours in between.

The technical team turned on the surveillance camera and looked a little upset. “No, Class A’s surveillance cameras were hacked during the lunch break today...”

Class A’s surveillance cameras were usually on, but they happened to be hacked this afternoon. “Tch!” When the manager heard this reason, he sneered in disdain. “Please find a proper reason. The surveillance cameras in Class A were not damaged earlier or later, but they were damaged during the theft. Was it done by your class?”

Everyone knew that Wang Zhizhi from Class A had managed to repair the network with her computer skills.

It was not difficult for her to hack into Class A's surveillance cameras.

This was the first thought in Principal Wang's mind.

"Can it be fixed?" Principal Wang turned around and asked the technical teacher.

"It's difficult." The technical teacher did not look too good. "Actually, it's useless even if it's fixed. I reckon the surveillance cameras have been turned off during the afternoon break..."

If the surveillance cameras were on and were hacked, there was a possibility of recovery.

However, if the surveillance cameras were turned off, there would be no footage at all. This matter could not be explained clearly no matter what!

"Who turned off the surveillance cameras in Class A?" Principal Wang continued asking. "I'm not sure about that..." the technical team teacher replied. "But I saw Lin Nan enter the surveillance room today..."

"Lin Nan is from Class A, right?" Liang Yue sneered. "If I remember correctly, he has a good relationship with Nian Yue."

Almost all the evidence was pointing at Nian Yue. Even Principal Wang was a little helpless.

At this moment, the door of the principal's office was opened from the outside and a young girl in a sky-blue school uniform walked in.

She still looked cavalier. With one hand in her pocket, there was a hint of impatience on her cold face.

va

ce

“Did you steal Liang Yue’s script?”

When the manager saw Nian Yue, he was so angry that he almost jumped up. “You’re so young and yet you’re so insensible. Have you learned a lot about how to play tricks? So what if you get the script? Will you be allowed to act in this show?”

The man who had just hung up heard the manager’s words and his eyes instantly darkened.

“We haven’t investigated his matter yet, so you should not frame Nian Yue, right?”

The manager’s scolding was too unpleasant. Duan Yu could not help but frown. “Besides, this is a matter between two students...” Liang Yue had moved her manager over, obviously wanting to cause trouble.

“Liang Yue has only been in Jiang City for three days. I haven’t even looked for you guys to settle the matter of you throwing her out because she was alone the last time. Now that you’ve stolen the script, I don’t think we can resolve this matter satisfactorily. Let’s call the police!”

The manager was about to take out his phone when he felt a pain in his wrist and the phone in his hand fell to the ground.

The black phone screen fell and turned black. “Noisy.” The aloof girl leaned against the wall slowly, holding a pen. “Why, do you dare to do it but not admit it? This is the script for ‘Commander’. There are so many people fighting for it! If it’s leaked, Director Shen can sue you until you’re bankrupt!”

The manager wanted to say something else, but he felt his mouth go numb. A pen holder had already been thrown into his mouth.

The aloof girl just leaned there slowly, but after hearing what she said, her aura became even colder!

“If you did it, you should just own up?” Liang Yue was so angry that her face turned ashen. “Is this how No.1 Middle School protects its students?!”

“Since you guys aren’t willing to call the police, should I just ask my family to settle this?” Liang Yue’s face was ashen. “It’s just a small argument between students, why must you be so unreasonable?” Jiang Jincheng couldn’t stand it anymore and stopped her. Furthermore, from the start to the end, Nian Yue that little girl did not say a word. If not for her bad expression, he would have thought that Nian Yue was an outsider and was purely here to watch the show.

“Is this still a small fight?” Liang Yue laughed in anger.

As long as she was not willing to reconcile, Nian Yue’s life would be ruined if she sued her.

“It’s indeed not a small incident.” Nian Yue’s expression was not good. There was some impatience written on her face. “Do you remember the contents of ‘Commander’? Recite it for me.”

Nian Yue rubbed her temples. There was a hint of impatience in her voice, but the aura of a leader was still emitted in an instant.

“Are you mute? You’ve read the contents for so long and you can’t remember a single word?” Nian Yue glanced at her. “Memorize.”

One look was enough to send chills down Liang Yue’s spine.

She had been in the entertainment circle for so long and had seen all kinds of people. However, when she met Nian Yue’s bottomless eyes, she still subconsciously shivered.

“Such confidential information...”

“I’ll wait.” Nian Yue crossed her arms.

Liang Yue could not withstand the pressure from Nian Yue and stumbled as she really tried reciting.  
“201xxx...”

Although her memorization was not smooth, she managed to recall parts of the script.

“You were wrong in at least five places...” The cold girl curled her lips coldly.” The female protagonist is called An Shan, not An Rong. The aircraft model is R10...”

Liang Yue’s expression darkened further when she heard her words.

She was an actress and yet she could not remember the contents of the script as clearly as Nian Yue. This was equivalent to slapping her in the face.

“But so what...”

Since Nian Yue could clearly remember the contents of the script, it could coincidentally mean that she had read the script.

“What can I do?” Nian Yue sneered and slowly walked towards Liang Yue.

“With that brain of yours, no wonder you can only perform.” Her undisguised disdain made Liang Yue’s face turn even paler.

Her short-term memory was indeed average. Besides, she had only read the script once.

“You want to say that I took your script? Huh?” Nian Yue sneered and walked slowly towards the technical team teacher. “Lend me your computer.”

Then, she sat on it and started typing.

Her fingers were so fast that only a silhouette could be seen on the keyboard.

Two minutes later, the surveillance footage of Class A was brought out.

It was 12.15 pm. The student on duty bent down to pick up the A4 paper on the ground, and Liang Yue walked over...

She took a photo with her phone...

Everyone present was still dumbfounded. This could only mean that Nian Yue had Liang Yue's script a long time ago and could not prove that she was innocent.

Nian Yue pulled out another recording. It was Shen Jinran's voice. "Nian Yue, this is the contents of the first three scenes. You can take a look first..."

Here, almost everything fell into place.

Liang Yue was the one who took Nian Yue's script. Then, she framed Nian Yue for stealing her script and even wanted to cause a scene.

From beginning to end, Liang Yue was behind the theft.

"So, do I still need to say anything more?" Nian Yue sneered. "Miss Liang..."

Nian Yue looked down on this kind of clumsy technique.

Before everyone could react, Nian Yue had already turned around and left the classroom.

Liang Yue's face turned pale. The reason she had made a scene was because she was certain that the surveillance cameras were switched off.

However, she did not know that Nian Yue had really brought out the surveillance cameras for her afternoon nap.

The man who had been silent all this while only glanced at her. His eyes were pitch-black but also terrifyingly cold.

“Brother Xiuyuan...” Liang Yue’s lips twitched, but she didn’t know what to say.

Fu Xiuyuan did not even bat an eyelid at her address.

Even after Liang Yue left the school gate, her back was still drenched in cold sweat. Her manager’s expression was also not good, but her face was still arrogant. “The young master of the Fu family came to school for you. Marrying you will only bring benefits and no harm...” Liang Yue was the daughter of the Liang family and a figure in the upper-class circle of the Imperial Capital.

With this gold medal, her manager could do whatever she wanted in the entertainment industry.

## **Chapter 99 Son, Have You blossomed?**

When Nian Yue returned to class, the other students surrounded her. “Sister Yue, how did you resolve this matter?” “Could Liang Yue have blown things up...”

This group of students usually played well with Lin Nan. In addition, they often played games with Nian Yue. Therefore, their relationship with Nian Yue was not bad.

Nian Yue slowly returned to her seat and said simply, “I checked the surveillance cameras.”

She did not say much and clearly did not want to talk about this.

Seeing that she was not interested, the other students did not continue asking.

Other students could not read her mind. They lay there and whispered to Lin Nan, "Sister Yue wouldn't do such a thing, would she?"

"What do you think?" Lin Nan rolled his eyes at him. "Sister Yue doesn't fancy that lousy script of Liang Yue's."

It was one thing for someone like Liang Yue, to be regarded as a goddess in other classes, but their Sister Yue was cold and cool. Her personality and strength overshadowed Liang Yue's. How could she have done such a thing?

Only Wang Zhizhi was relatively calm. After all, she had taken a few glances at the script for Nian Yue and it was fundamentally different from the one Liang Yue was holding.

When Liang Yue returned to class, school was almost over in the afternoon.

When the other students saw her enter the class, they did not even look up.

Liang Yue had always been arrogant. In addition, she had been thrown out by Nian Yue the previous time. This time, she was much more obedient.

However, her face was extremely pale.

There was a faint blood mark on her forehead. It did not look too obvious, as if it had been cut by a sharp object.

She covered it with her hand and lowered her head to reply to a few messages. When she looked up again, her expression had returned to normal.

At the same time

A man in black was holding a black fountain pen, his expression unclear.

Jiang Jincheng looked at the message on the other end of the computer and rubbed his eyes in disbelief. "The IP address the technical team is tracking is the same as the one Liang Yue found out. They're both at No.1 Middle School..."

"Do you think it's possible that it's Nian Yue?" Jiang Jincheng touched his chin.

Today was the first time he saw Nian Yue use a computer. No.1 Middle School had a computer class and students with good computer talent.

Wang Zhizhi was one of them.

However, Nian Yue's method of recovering the surveillance camera today was different from what Wang Zhizhi had used.

To be precise, Nian Yue's technique was more experienced.

"But that little girl grew up in the countryside. She doesn't even have many opportunities to interact with computers..."

information by heart, but the Nian Yue he knew was different from the description in the documents.

When Nian Chaoyu received the call from the head of the Liang family, he had just come out of the meeting room. Seeing that it was an unknown call, he answered the call. "Nian Chaoyu, it's only been a few years since we last met, why have you become so bold?"

The voice on the other end sounded like he was in his forties. His voice was a little old, but his tone was filled with superiority.

"Director Liang?" When he realized who it was, Nian Chaoyu's back was already drenched in cold sweat.

"It seems like you're living too comfortably in the near future..."

The voice that came from the other end was mixed with mockery, making Nian Chaoyu's heart race.

When Nian Chaoyu hung up the phone, his face was filled with cold sweat as if he had just come out of the water.

Then, he called her assistant. "Organize a set of information for me regarding what happened in school during the near term."

The assistant was very fast. When Nian Chaoyu received the informatio, his face darkened.

It was Nian Yue again!

She had already left the Nian Family, yet she could still cause him such trouble!

Nian Chao was so angry that his face turned ashen. He didn't even get off work before heading to No.1 Middle School.

After Nian Yue finished school, she packed her things and left the classroom. When she reached the school gate, she realized that the black car was there. When Nian Chaoyu's assistant saw her, he had already walked over.

"Second Mistress, Sir wants to talk to you about something."

His voice was neither cold nor indifferent, and it even carried a hint of superiority. He was the new assistant and had been serving Nian Chaoyu for less than a month.

It was said that the Second Mistress of the Nian Family had left the Nian Family because she had made a mistake. She was someone who had scored a little over 200 points in the middle school examination. Therefore, when he looked at Nian Yue, there was a hint of superiority in his eyes.

When Nian Yue heard this, she did not even raise her eyelids and spat out two words coldly, "I'm not free."

This was the first time that the assistant had seen Nian Yue. He thought that Nian Yue was a little girl who had come from the countryside. She had already been chased out of the Nian Family, so what was the point of putting on an act now? He signaled to the bodyguards behind him with his eyes to make a move on her.

“Second Mistress, Sir came to look for you personally...”

The bodyguards behind him received his orders and two of them were ready to pull her away!

However, before they could touch Nian Yue, the arm of one of the bodyguards had already been grabbed by someone!

Crack!

It was the sound of an arm breaking!

The other bodyguard wanted to hit her, but before he could touch Nian Yue, he was already kicked to the ground.

The aloof girl had one hand in her pocket and her eyes were extremely quiet.

Nian Chaoyu waited for a while but did not see Nian Yue. When he got out of the car, he saw a young girl in a sky-blue school uniform with one hand in her pocket and an overly cold expression on her face.

In front of her were two bodyguards lying on the ground with painful expressions. The assistant at the side had already turned pale from fear, not knowing how to react.

“Nian Yue!”

Nian Chaoyu’s face darkened. “How dare she hit someone outside!”

Initially, he thought that Nian Yue would humble herself after he came over to invite her out of goodwill. He did not expect her to beat up the bodyguards to such an extent!

“What’s the matter?” Nian Yue raised her eyebrows.

Nian Chaoyu rubbed his temples and his face darkened. “Apologize to Miss Liang with me...”

Even if Nian Yue had nothing to do with the Nian Family now, the Liang Family in the Imperial Capital would only deal with the Nian Family.

“You’re sick.” Nian Yue sneered and could not be bothered with him. She turned around and left.

Nian Chao was furious. In the end, he took out his phone and said, “Bring someone over.”

Nian Chaoyu’s eyes were deep. Since he had spoken nicely to Nian Yue, she refused.

Then don’t blame him for using extreme methods!

Nian Yue had one hand in her pocket and her sky blue school blazer was loosely draped over her body. She found it noisy and had an earpiece in her ear.

Her jade-like face was a little cold.

After walking for some time, Nian Yue’s lips curled up into a teasing smile. She then stopped, put down her bag and stretched her muscles.

Bones creaked.

A group of men in black had appeared in front of her, led by the assistant from just now.

The assistant pushed his glasses up the bridge of his nose and said in a dark voice, "Second Mistress, you were unhappy when Sir invited you back and insisted on being unreasonable. Why did you have to do that?"

"Let's just see whose fist is harder!" Nian Yue sneered and rushed into the crowd!

The group of people who had come with the assistant had already surrounded her upon hearing her orders.

Five minutes later

The group of men in black who were surrounding her just now have all collapsed onto the ground in pain. Only the girl in the sky-blue school uniform had a cold back view and an extremely cold face.

"Go back and tell Nian Chaoyu not to meddle in my matters." The aloof girl shrugged indifferently and picked up her bag from the ground before turning to leave.

After the Liang Family Head finished his call, his expression softened a little. It was just a small Nian Family, yet they were bullying the Liang Family?? "Yue Yue suffered quite a bit this time..." Mother Liang chimed in from the side. "Do you really think our Liang family is a pushover..."

Father Liang patted her shoulder to console her, "How can the eldest daughter of the Liang family be bullied..."

He didn't care about Jiang City.

The Liang Family Head had made a good plan, but he never expected the situation to turn around in the afternoon.

When he received the call, the head of the Liang family was sitting on the sofa reading the newspaper. When he heard the phone ring, he sneered and took the call.

The Liang family's business was not small. At the very least, in the eyes of Jiang City's people, they needed to look up to them.

However, he didn't expect to receive a call from Jiang Jincheng. "Uncle Liang, your life has been pretty stable these two days..." Father Liang subconsciously sat up straight. "Jincheng..."

The Liang family was huge but could not be compared to the Jiang family.

He usually did not interact much with Jiang Jincheng, but he knew that although Jiang Jincheng usually looked friendly, he was actually a ruthless person.

"Liang Yue ran to Jiang City these few days. She didn't manage to settle the matter properly, but there's a pile of mess..." Jiang Jincheng smiled insincerely. "I thought Uncle Liang would know about the people you should leave alone..."

His words were light, but it made Father Liang's face turn black.

Jiang Jincheng's meaning was actually Fu Xiuyuan's intention.

Jiang Jincheng usually helped Liang Yue a lot when she was able to join Fu Xiuyuan's technical team, but now that he was calling him, it meant that things were not trivial! Liang Yue had touched someone she shouldn't have...

Other than Fu Xiuyuan, he couldn't think of anyone else he shouldn't have touched.

"What's the matter? Who called?" Mother Liang asked when she saw his expression.

"Get Liang Yue to come back..." Father Liang's voice was a little tired.

"Why? The one who did the wrong thing was clearly that person called Nian Yue..."

“Shut up!” Father Liang’s face was ashen. “Do you know whom you’ve offended this time?!” Father Liang took his coat from the sofa and walked out in two or three steps. At the thought of that man, Father Liang unconsciously broke out in a cold sweat. The Ninth Master of the Fu family... He was not someone he could afford to offend. Father Liang asked the chauffeur to send him to the Fu family. The Fu family were powerful and were involved in almost everything, including medical education, real estate, and the light electronics industry.

Others only knew that the Ninth Master of the Fu family was a famous figure in the Imperial Capital and that he was indifferent and low-key.

However, he had interacted with Fu Xiuyuan and knew this man to be far more troublesome than he had imagined.

Fu Heng hadn’t returned yet, so only Madam Fu was at home. When she saw Father Liang coming over to apologize, she didn’t say anything

It was only when Father Liang left that Madam Fu hurriedly took out her phone and called Fu Xiuyuan. “Son, have you blossomed?”

## **Chapter 100 I Will Give You a Beating**

“Mom? What’s the matter?”

Fu Xiuyuan’s voice was low. He did not respond directly to her question.

Mrs Fu was so excited that she almost cried. She had almost resigned herself to the possibility that her son would one day bring a male partner back to meet her. “Anything else?”

“No, no, no...” Madam Fu hurriedly waved her hands at him. “It’s alright, you don’t have to come back. Your father is fine at home. It’s fine if you don’t come back for three to five years...”

Madam Fu was still a little agitated after hanging up the call. She called Fu Heng again. "Hubby, I think we're going to have a daughter-in-law..."

When Liang Yue returned to class the next day, her expression was clearly extremely ugly.

By the second period, she was transferred to another class.

The bodyguards behind her were no longer as arrogant as they were at the start. They followed behind Liang Yue and did not even dare to let out a fart.

zen

When the Class A students saw her transfer, none of them looked up.

On the other hand, a few sports students from Class B came over to help. While they were moving the books, they narrowed their eyes and looked at the last row.

Nian Yue, who was in the last row, was leaning against the wall reading a book. She had already read most of the thick medical book in her hand. She seemed to be dissatisfied with the commotion in the class, and her eyes were filled with impatience.

This big boss usually spoke little, but she definitely could not be offended.

When they thought about how Chen Yiran had been beaten up by her, Class B students did not dare to dawdle. They carried Liang Yue's book and ran out.

It didn't didn't look like Liang Yue requested for the transfer. Instead, she looked like she had been kicked out.

After all, the last time she was disobedient, Nian Yue had grabbed her collar and threw her out.

The class returned to normal. Nian Yue opened her chat app and saw that it was a message from Shen Jinran asking her if she was going to film.

“Okay, during the winter break.”

It was a simple and neat sentence.

When Shen Jinran received the news, he almost thought that he was seeing things.

He never expected that Nian Yue, with her cold personality, would really agree to shoot the film!

When he saw Nian Yue fight on the field, there was only one thought in his mind. The role of An Shan was definitely hers!

Even without an audition, she could totally take on this role!

“Then let’s shoot with a few substitutes and stuntmen first...”

“I don’t need a substitute.”

When Shen Jinran saw her reply, he composed himself and replied.

“There are many explosions and fighting scenes. I will arrange for a teacher to train

you...”

“Just give me the script.”

She had no inkling of acting in this era. She agreed to shoot this drama only because the role in Commander was very suitable for her.

She had watched a few fight scenes filmed by Liang Yue. There was a heavy use of substitutes and she got into a bad mood when she thought about Liang Yue taking on the role.

Thinking about that, she decided to take on the role.

“Commander” had already started shooting in a low key manner. Other than the female lead, the rest of the staff were already in place.

The male lead was Jiang Yan who had received a number of awards in the past few years. He had been in the army for a few years and never used a substitute for filming. No matter how dangerous the scene was, he would always perform personally. Not only did he have good looks, his acting skills were also widely lauded.

He did not see the female lead on the first day of filming, so he casually asked his assistant, “Hasn’t the role of An Shan been confirmed

yet?”

“Director Shen said that she’s a female student and is in school now. She needs to come over during the winter break.” The assistant continued to explain to him. “I heard that she met Director Shen when he was filming his last movie. Since he specially invited her, her skills should be good.”

“When filming, it’s not good enough if one’s kung fu is good.”

Jiang Yan’s lips twitched. This was the first day of filming and she was already throwing her weight around?

However, he was not in a hurry. There were scenes later on. He wanted to see what kind of female student could be so shameless?

The next few days passed peacefully.

A few days later, it happened to be Lin Nan's birthday. Lin Nan had already reserved a spot at the bar. After school, Lin Nan and his buddies went over first. Only Nian Yue and Wang Zhizhi slowly packed their things.

"Yue Yue, have you thought of what to give Lin Nan?" Wang Zhizhi asked on the way.

Wang Zhizhi was used to being alone and did not interact much with her classmates.

Nian Yue stopped and thought about it carefully. "I'll give him a beating."

"Huh?" Wang Zhizhi was shocked. "Yue Yue, didn't Lin Nan study hard these two days?"

She wanted to beat him up on his birthday?

"What's wrong with a beating?" Nian Yue had one hand in her pocket and her voice was serious.

Wang Zhizhi thought that she was joking, although Nian Yue had never cracked jokes like that.

Nian Yue had seriously considered it and felt that beating Lin Nan up was the best birthday gift she could give him.

After all, every time he fought with her, Lin Nan would improve.

When the two of them reached the entrance of the bar, a waiter had already answered, "Are you looking for Lin Nan? I'll bring you over first..."

"Thank you." Nian Yue nodded slightly and followed.

The bar was filled with noise and confusion. This was the best bar in the entire Jiang City. Lin Nan was a senior member here. Before he came, he specially instructed the waiter not to recognize the wrong person.

The private room on the second floor was very quiet. It was a far cry from the noise on the first floor.

When Nian Yue pushed open the door, the group of people had already walked up to her. "Sister Yue! You're finally here! Hurry up and help me clear this game!"

"Sister Yue, let me know first. We have a good relationship! I'll make notes for you in class..."

"Sister Yue..."

This group of brats usually followed behind Lin Nan and had a good relationship with Nian Yue. Perhaps even they did not realize that they had already regarded Nian Yue as their leader.

"Come on, we're here to drink today. What's the point of playing games..." Wang Le dispersed them." If you guys could focus on your studies, Sister Yue wouldn't be the only Goddess of Studying in our class..."

"That's different. Sister Yue is the real God of Studies, while we are the bad students..." This group of rich second-generation heirs was glib-tongued.

However, with Wang Le brushing everyone off, she did not say anything else. "Get lost!" Lin Nan kicked one of them and ran to Nian Yue with starry eyes. "Sister Yue, did you prepare something for my birthday today?". Nian Yue had a cold personality. He was looking forward to Nian Yue taking out something different.

"Yes." Nian Yue nodded. "I'll give it to you later."

"Alright!" Lin Nan agreed readily. He invited her to his seat, unable to hide the joy on his face.

Wang Zhizhi's lips twitched and she could not bear to tell him the truth. The students at the side were all clamoring. Nian Yue casually took a plate of melon seeds and started eating them.

They were all seventeen or eighteen years old. Nian Yue did not like them, but she did not hate them either.

The group of kids played for a long time before Nian Yue slowly got up to go out for some fresh air.

sed

Compared to the second floor, the atmosphere on the first floor was undoubtedly more lively.

In the middle of the first floor, a group of men was surrounding a woman in waiter's clothes. The woman's face was red, and it was obvious that she had been drunk.

"Weren't you pretty good back then? Why aren't you saying anything now?!" Sitting at the head of the table was a young man in his twenties. He was holding a glass of wine and his eyes were filled with disdain.

"I told you, I have nothing to do with him anymore. If you want to look for him, look for Wang Wei!" Zhao Limei stood up from the ground with an indifferent expression and turned to leave.

However, the person behind her did not give her the chance. When he saw her stand up, he kicked her knee, making her kneel onto the broken glass shards. Zhao Limei's face turned pale. "What else do you want?"

"What are you doing?"

The man in the lead had a dark expression. "Since he can't be found, I'll use your life to pay for it!"

He casually took the unopened red wine glass and walked over!

Zhao Limei's face was pale. She struggled to get up from the ground, but her back was suddenly stepped on, causing her to fall even harder!

The shattered glass shards on the ground pierced even deeper into her knees!

The man didn't even frown when he saw her. He walked over with the bottle of wine and squatted down. He raised her chin. "If you weren't blind to follow Wang Wei, I would have kept the bed warm for you..."

"If you drink this bottle, I'll pretend nothing happened..." The man sneered, unscrewed the cap and poured it on her head.

"Impossible! I don't owe you a single cent!" Zhao Limei's face was pale, but she was unwilling to admit defeat!

"Then, let's see if your bones are harder than my wine bottle?" The man's face turned ashen. He took out another bottle of red wine and raised his hand to smash it!

The dark green wine bottle, the dark red wine, and the bright red blood mixed together, making one's heart stop. A wine bottle was smashed onto the man's forehead, and blood was flowing out.

The aloof girl had already stood behind him. She had one hand in her pocket and the other holding the broken wine bottle.

Only that face was indescribably vicious.

The person who was supposed to beat someone up had been beaten up. The bar was in a mess.

The onlookers didn't dare to stay any longer and ran out like a swarm of bees.

Zhao Limei had already closed her eyes and was waiting for the bottle to hit her. However, the pain she imagined did not come after a long time.

A fair hand appeared in front of her. Zhao Limei looked up and saw the girl standing in front of her. She squatted down and gave her the hand. "Get up."

Zhao Limei grabbed her hand and stood up. "Thank you for today. You can go first..."

These people were usually gangsters. Otherwise, they wouldn't be so arrogant in the bar.

"Leave? Can you guys leave?!" The man swayed as he stood up. Because he had lost too much blood, his vision turned black and he could not stand steadily. "Catch her!" The man's face was ashen as he ordered the people behind him, "Hurry up!" "You go first!" Zhao Limei's face was pale. She wanted to push Nian Yue away without any explanation.

"You don't have to."

The young girl in the sky-blue school uniform took off her jacket, revealing a black sweater underneath. Her face was filled with wildness.

Seeing a group of people rushing over, Nian Yue casually took a bottle of wine and rushed over!

The bar was already in a mess. Someone had called the police, and someone had taken out his phone to take a video and uploaded it online.

Only that aloof girl was extremely dazzling in the crowd.

At this moment, in the private room on the second floor, the group of people did not see Nian Yue return after playing for a long time and got a little bored.

Wang Le stumbled in and leaned against the door, panting. "Not good! Sister Yue is fighting with someone downstairs!"

Almost as soon as he finished speaking, Lin Nan's expression changed instantly and the group of people rushed down.

The first floor was already in a mess. When Lin Nan rushed down with a group of people and saw the girl in the crowd, he rushed up without thinking

The others followed. Seeing Nian Yue fighting with a group of people, they couldn't just stand by and do nothing. When the police arrived, they saw a group of kids smashing the bar. The man in black was lying on the ground, breathing heavily.

Inside the police station, the group of people took turns taking statements. Nian Yue was the one who did the most. She had her legs crossed from the start to the end.

"Name."

"Nian Yue."

Seeing her nonchalant expression, the policeman slammed the table. "What can't you do at such a young age? How can a girl learn from others to fight?"

"I didn't get beaten up. Why are you angry?" Nian Yue said in all seriousness.

The assumption was that was a girl and would easily suffer if she fought with men. But not only did she not suffer, she even beat up the other person.

The police officer's face turned ashen from anger. He asked a few more questions. Although Nian Yue was cooperative, her tone was really not good.

"Lock them all up! No matter who comes today, you can't let them go!" The police officer was furious.

It was one thing for a group of students who were still in school not to learn well, but they actually fought so boldly!

Before long, Director Jiang arrived.

“Chief Jiang, why are you here?”

When that person saw Director Jiang coming over, he hurriedly went up to him.

“If I hadn’t come, Jiang City would have been turned upside down by you!” Director Jiang’s face was ashen. When he saw the girl leaning against the wall with her arms crossed, his heart skipped a beat.

“What are you waiting for?! Let her go!”

She had yet to settle the score with him the last time, and now she was at the police station.

If anything happened to her in Jiang City, he really wouldn’t be able to hold on to his job anymore!

“But she hit...”

“No matter who it is, let them go immediately!” Director Jiang’s face was ashen.

The person had never seen him so angry before. He asked carefully, “Then the group of students with her...”

## **Chapter 101 I Don’t Have Long Hands (1)**

When Director Jiang saw the group with Nian Yue, he nearly fainted from anger!

“Let them go. Let them go immediately!”

Could the students who followed Lin Nan from No.1 Middle School be imprisoned as they pleased?!

Especially when there was still Nian Yue!

She had a powerful background!

When Lin Nan came out, there were still some injuries on his face. He had swiped the wine bottle too happily just now.

Compared to him, the others were simply a tragic sight.

On the other hand, Nian Yue was still wearing her sky-blue school uniform. Her face was as cold as ever, but she looked a little unruly.

“I feel so good. This is my first time fighting with Sister Yue...” Wang Le clearly had not recovered from the battle just now. He was still a little dizzy.

“Didn’t you see Sister Yue’s posture just now? She was simply death personified. I wished I could have taken a picture of it at the scene and learned from it...”

They were both seventeen or eighteen years old and had an inexplicable admiration for the strong.

“Do you want to learn it?” Lin Nan said shamelessly from the side. “It’s a pity that I’m Sister Yue’s only disciple...”

He had exchanged so many blows with Nian Yue as her disciple.

When Nian Yue came out of the police station, she turned around and saw Zhao Limei standing at the entrance. Her face was pale from the cold and her hair was sticking to her face.

Nian Yue walked over. Zhao Limei's face was still pale when she saw Nian Yue. "I'm sorry. I caused you trouble again today."

"It's alright." Nian Yue did not say anything. She glanced at her and took off her coat for her. "Put this on first."

Zhao Limei wanted to reject her, but she had been standing outside for too long and was trembling from the cold.

Lin Nan bought two cups of milk tea and passed them to Nian Yue. "Thank you."

Nian Yue passed one to Zhao Limei and asked, "Have you recovered?"

"Yes." Zhao Limei took the milk tea and warmed her body. "I'm sorry I haven't returned the money I owed you last time."

She was referring to the matter regarding Nian Yue helping her at the clothing store.

She had added Nian Yue's contact details and sent her more than ten thousand dollars intermittently. There were still a few thousand dollars left.

"It's alright." Nian Yue's lips twitched. "If you can't find a job, go to the Lin Group first."

"You mean the Lin Group?" Zhao Limei widened her eyes in disbelief. "I can't..."

The Lin Group had always been the leading company in Jiang City. Although it had gone downhill in the past two years, many people still wanted to join the organization.

"Sure." Nian Yue had one hand in her pocket. "This is Manager Zhao's name card. You can say that I was the one who recommended you."

Nian Yue did not say anything else and turned to leave.

To her, helping Zhao Limei was a piece of cake.

Maybe it was because she saw the Host's shadow in her.

Zhao Limei looked at her and gripped the business card in her hand.

The group of students had an extremely exciting birthday with Lin Nan. Lin Nan was not home yet and was waiting for her at the bottom of Nian Yue's apartment. When he saw her coming back, Lin Nan ran over, his face full of anticipation. "Sister Yue, I haven't gotten my birthday present for today..."

He had not forgotten about Nian Yue's birthday present.

With one hand in her pocket, Nian Yue's expression was not so cold anymore. She had already given him a beating today.

She had yet to think of any other birthday gifts. "What wish do you have that I can fulfill?" Nian Yue asked.

Lin Nan scratched his head in embarrassment. "I thought you would beat me up today. After all, I embarrassed you during the fight..."

In the fight today, he did not use any of the techniques and strength Nian Yue had taught him.

"It's alright. You'll learn after getting beaten up a lot in the future," Nian Yue replied seriously.

"Then can you beat me up again today?"

"Sure." Nian Yue agreed readily. "This time, at 70% strength."

Nian Yue threw a punch at him almost as soon as she finished speaking.

Lin Nan was prepared, but she still hit his face. When Lin Nan reacted, she had already hit him.

After learning from Nian Yue for a period of time, Lin Nan had learned some techniques from Nian Yue. At first, it was not too difficult to dodge.

However, the further he went, the more difficult it became to dodge.

In the end, he was punched to the ground by Nian Yue.

Lin Nan lay on the ground, panting. He simply lay there and did not get up.

Nian Yue sat beside him indifferently. "If you have time to use the company's VR for training, you will improve faster."
