"So, you're not looking for a boyfriend, but the Alpha's announcement says differently" So this is what he's talking about, does he feel reacted?

"Brien, this is my private matter, and I don't need to explain anything to you." I undressed my arms and attempted to leave but he blocked my way

few steps my way. What was his problem?

"Well Brian, I didn't choose him, he was chosen for me and if you have a problem with that, complain to the Moon Goddess." I answered, a little angry. When he didn't say anything more. I passed him by and continued walking. My mood had definitely changed. It was pissed.

Reaching the office door. I was about to knock when the door opened. Inside the office by a smiling Ethan. He was

wearing all black with his hair loose. Seeing me and all mine

He took my hand and pulled me into his arms, closing the

door

"Hello Beautiful," he bent his head in an attempt to kiss

me and I automatically tilted my head. Standing on my toes.

I met him halfway. When our lips connected in a sweet and

slow kiss, Ethan scooped me up. My hands grabbed the back

of his neck, and my legs circled his waist. He turned us

around and sat me down on his desk not breaking the kiss.

He nibbled and licked my lips and when his tongue slipped

inside my mouth I moaned. The sparks erupted everywhere

around me. He

He was happy that he spun me around in circles, making me dizzy. Ben also hugged me and congratulated me when he got there an hour later. That felt nice.

"Tonight, I was planning a bonding time with Blake, like could plan his birthday party in two weeks," He answered slowly, watching my face for my reaction.

"That's perfect, we can be out another time." I smiled

and I could see the relief in his answering smile. Giving me

quick peck, he stepped away jumped off the desk and

looked up at him. "You're too tall!" he whined pouting my lips.

He chuckled, shaking his head, "No, you're too small!"

he said, and we both laughed.

We talked about the evening, and he asked, no he

begged me to bake strawberry muffins. It was amusing to see

the fluff Alpha with a puppy dog eyes. A few minutes later he

let him alone and it took me to my cabin to actually breathe.

Coming down the stairs. I saw Anand invited her to

cabin. We talked about everything and nothing while she

helped me with the muffins. She told me that almost the

whole pack is happy about of course, there were at

unsatisfied members and Brian included that. I couldn't help but feel disappointed with him. I thought we could be friends, he's a werewolf so he should understand me

We were sitting in their living room, munching on

"So, tell us what you want, and we'll range it." Ethan

Blake smiled and hugged me saying thank you. He was on the floor and played the movie we had chosen to watch. Ethan took my hand and kissed it. We changed positions to get more comfortable while watching the movie and I ended

up stuck to Ethan like a glue with him over my shoulder caressing my arm. The sparks felt good, his body heat warming me, and I released a little moan

"Baby girl stop making that sound or I won't be able to control myself" Ethan wheredinte my var kiying it

sending shivers down my spine. Another little moan let my

silently and I turned my head to him, our noses touching, his

dark green eyes turned darker with lust, his breathing heavy.

We brushed our lips together.

"I don't want you to control yourself" I whispered into

his lips and looked into his eyes. He put his hand over mine

on his thigh. Oh God, I wanted him so bad.

I squeezed my thighs together in an attempt to hide my

arousal, but he already smelled it. He slid my hand up and I touched his hard d"k through his pants, slightly squeezing.

** How could we forget about Blake! Ethan quickly

took my hand from his bulge and put the pillow on his

crutch to hide

from Blake. I cried at that, and

opened his eyes at me.

"Sure honey," I answered, and I stood up and took the plate from the table, luckily, I didn't notice us. Coming back with the muffin he continued watching the movie, still with his back to us

"You'll pay for that." Ethan uttered into my ear, and I

turned my head, wondering where he was to his car.

"If it means me, you and your bedroom later, I'm in." I whispered back and bit his earlobe, making him growl silently. I quickly distanced myself a little and looked innocently at him. He was still breathing heavily, the pillow

hiding his arousal

"We were supposed to take it slow," he whispered for

Blake to overhear

"I want you and I can't wait anymore." I whispered back

His eyes widened in shock then he smirked at me and

nodded in agreement,

We tried to not do anything during the movie, but our hands went automatically to our thighs and we both were rolling circles with our thumbs. I couldn't wait for the movie

to end

"Mandy can you read me a story?" He asked then turned him to his side an hour of the movie and my and

Ethan's sister went knowing what would happen. Blake was quite tired quickly took a bath, put his

clothes on and went to his room, asking me to accompany him.

"Are you sure your eyes are already closing asked hoping he would let me pushy but no, he nodded his head

and agreed

"**Little Adventure' plo." he requested. I found the book and started reading. It was a story about a little boy who was lost in the woods and had to find his way back home. After 30 minutes little snarstapped me from reading. I looked at Blake to see him sound asleep. Putting the book at his nighstand i lussed his forehead and left his

room.

Oh my God I'm so excited but the living room was

ernpty. I checked the bathroom, but it was also empty, so I

went to Ethan's bedroom to check but he wasn't there either, where did he poll turned around and hit a wall.

How come I didn't sense him?

"Already leaving, baby girl?" He asked huskily and I Squealed when he threw me over his shoulder and went to

He took of his shoes and quickly did the same. My Heart

was beating last.

"You're sure about this?" Hanked, crawling to me like a

predator. "Say no and I'll stop."

Topened my mouth, but my voice was stuck so I simply nodded. He smirked and kissed my marking spot, making me moan, wetting my panties more.

"I need to hear it," he said between kisses trailing up to my jaw. My heartbeat quickened and I put my hands on his hard chest. He stopped and looked at me, waiting.

"I want you, Ethan." I whispered and he took my lips in a passionate and possessive kiss. His tongue slipped into my mouth, and we fought for dominance, but he quickly won, and I let my hands explore his body, while he did the same. I touched his abs and was going lower to his belt, but he stopped me and took both my hands, pinning them above my head,

breaking our kiss and leaving me breathless. He held my hand to hold mine and the night and went to my lab

He kissed my shoulder and whispered, "You're wearing too many clothes," Freeing my hands with one shirt in one

other with his hand. My hands were tugging at his hair to bring him closer. He played with my breasts, sucking, kissing, biting and rolling my nipples. I was

moaning his name and he growled. My punities were soaked with my arousal.
When

he was done with my breasts, he started to trail wet kisses to

my stomach, his hands brushing my sides leading down to my pants. He kneeled
between my legs, his tongue licking

my ravel.

When he reached the waistband of my pants, he looked

at me, his eyes full of lust and love, asking for permission.

Breathing hard, i begged, "Please don't stop," I wanted him

so bad. He unbuttoned my pants and slowly slid them down my legs, they landed
somewhere on the floor. My panties were soaking wet, he probably saw my
arousal. He lowered

at the back of my head and I arched my back, screaming

"Ethamani"

I was breathing hard, my chest rising and falling, still in a bliss after my intense orgasm. The bed dipped and I

opened my eyes to see Ethan all naked approaching me, his

face covered in my juice, smiling I looked down to see his

huge thick and hard d'L. I gulped at his size.

"You ready baby?" he asked and sed me hard. I could taste myself on his tongue. I moaned into his mouth in

confirmation, and I felt the tip of his d**k at my entrance. I

"You're so f***g light," he grained into my neck and started to increase speed. I moved my hips, meeting his thrusts, squatting his cheeks

"Ethan, harder!" I urged between my maans, and he

obeyed. Hb thrust became harder, making my breasts bounce with his every thrust. Soon, I felt another orgasm coming and he felt it too, so he sed me even harder. Our

bodies were sweating with a few more thrusts, I came again

all over his dk, scratching his back with my nails, probably

leaving marks. He didn't stop chasing his own release, he

increased his speed. Davouring my lips, he slipped his hand between our bodies and played with my clit.

"One more time baby, c m for me one more time," he

whispered before he kissed me again. Soon I felt my third

orgasm was near, and after another few long thrusts I did

what I was told, screaming his name. He followed me to

thrusts later with a groan when he reached his peak, and I

felt his warm seed filling my core and leaking out onto the

heets. He collapsed on me, breathing hard and held him in

my arms, Certime down from our highs, he slowly pulled out and laid next to me. I put my head on his chest with my hand

over his stomach. He tucked me securely into his side with

his right am.

“That was amazing.” he said between breaths. Line

my forehead. His heart was still beating fast, just like mine.

“Mhm,” was all i could say. I was exhausted but satisfied, oh dear God I wanted more. He chucklad.

“We need to get clean, come on,” he said and took my hand from his stomach. Sitting up, he put me on his lap and

standing up with my boneless body in his arms, he walked us

to the bathroom.

I woke up feeling a warm body cuddling me from behind. Ethan’s arm held me close to him. The memories

from last night invaded my mind and i smiled. We madelove

in his bed, in the shower, just to do it again in bed. It was

perfect. I felt him move behind me, his morning erection

pressing against my butt. Thinking about how he felt inside me, I got horny again and pressed my butt to his hard d *k, making him groan

“As much as I want to have another round with you, we

need to get up. Blake will wake up soon.” Ethan’s deep and husky voice filled my ears. His voice is so sexy. But he was

right: akcan’t see me like this, it’s too soon, I took Etki’s hand of me and up, nervous and him, he was looking

intensely but after ng my worried to heat up too, running his hand through my hair, fingit.

What’s mong baby?” he asked, conorned.

"Bilake, he can't seem like this." I answered and pointed my finger at my clothing. I was wearing only Ethan's t-shirt. His eyes followed my finger and he smirked mischievously at me

"I don't see anything wrong with it," he said and I felt my jaw heading to my lips. I was tempted to continue, but quickly sobered up. I got out of bed and put my hands on my hips. It was a bad move; I was sore, and every sudden move was painful. I hissed a little although it was a good pain..

"Be serious, we need to do it right, he's 5 years old, what will he think about me?" I asked, a little angry. Sighing, he

ran his hands through his hair.

"Ok, I'll ask Aria to bring you some clothes while you shower, but he'll notice something's up." he answered, smirking. What was he talking about? But I nodded my head and went to the bathroom. Once I was inside, I checked my reflection. Yep, my hair was a mess, but my eyes were full of life and happiness, lips swollen and a huge hickey on my neck, the shirt I wore covered me.....

Wait, hickey? I blinked a few times to adjust to the view.

Oh my God,

"Thad ta murk you somehow," he smugly admitted, and

After a quick and refreshing shower, I brushed my teeth and went back to the bedroom to ve clothes pulan the bed

for me. It was my brieflone shoulder sweater I wore at

the bonfire and set of underwear, luckily my pants from

yesterday were intact. I dressed in seconds and was ready to

face Blake

Walking in the living room saw Ethan sitting on the

couch with Blake, all dressed up. Blake was wearing black

jeans and a gray hoodie with gray sneakers, while Ethan was in dark blue ripped fitted jeam and black tight t-shirt with

black sneakers. Half of his hair was in a bun, and his stubble

was trimmed. He must have used a different bathroom.

"Mandyyy!" Blake screamed my name in excitement and

ran to hug me. I hugged him back.

had the sum face. God, they all knew. I'm not shy or

embarrassed, but I didn't want them to say anything in front

of Blake. We sat at the table and the food was served. I

spotted Aria who was looking at my hickey, smiling and I

fixed my hair

"So, Mandy... I heard you had a great night." Peter said, looking at me meaningfully.

"Yes, I did, thanks for asking." i ceared my throat and

answered, trying to sound narmal.

"Well, we heard a few venteno," Benchimed in. What

I didn’t know what to say, I was flabbergasted. Ethan

was busy suppressing the laugh, not even trying to answer.

“Well...” I tried to say something anything but my mind

was blank.

–This is not the time to talk about that, Blake.” Finally,

Ethan decided to help me. I let out a relieved breath and

Blake simply added and continued to eat like nothing

happened

After we finished breakfast, I was happy to finally go to

my cabin, but Ethan had other plans. He took me with him to his office to introduce me with my “Luna’s duties” he said

but the moment, he closed the door his lips crashed onto

mine, hungrily devouring them. We ended up banging on his

desk before he actually told me my duties..

“So, what about Blake’s question?” he asked, holding

“So, what about Blake’s question?” he asked, holding

me close on his lap. I sighed; he doesn’t know. I sadly looked at him not saying anything, when he registered my mood, he

cupped my face in hands, he was worried.

“What’s wrong baby?” he asked, concerned. I let out a

shaky breath and answered.

“I can’t give you pups.” I stated and watched his

reaction, his eyebrows were knitted in confusion.

i heard him sigh and to my surprise, he hugged me

tightly, kissing my head.

"It's ok. We don't need to have kids." he answered, and

it made me smile, he still wants me. My happy ever after is

possible.
