### Chapter 1001 was the reincarnation of three lives and three lifetimes

Of course, they didn't let go of some small towns near Provence, especially Marseilles. Mu Ru insisted on not taking wedding photos in Marseilles, because she mainly went to Marseilles to look at paintings.

The Marseilles Art Museum displayed the works of Eccles de Provence that were rarely seen in Paris, such as the plague that struck Marseilles, and the works of Marseilles painters such as Monticelli and Beech, which also made mu ru nostalgic.

They stayed in Marseille for an entire day, while Mu Ru stayed in Marseille for half a day. Then, she went to see Marseille's cathedral of the Virgin Garde, Marseille's Isle of Yves, Longshang Palace, and Marseille's Saint Victor Monastery.

The wedding photos were taken for an entire week. Mu Ru was so tired that she almost couldn't get up. Finally, the shooting was over. Mu Ru let out a long sigh. Then, without hesitation, she took her easel and began her journey of sketching.

Of course, Dongfang Mo had to follow her. They had agreed that he would be her coolie. However, Mu Ru did not want him to follow her because if Dongfang Mo followed her, it was the same as a big bad wolf following Little Red Riding Hood. He was in danger of devouring her at any time.

This was definitely not a sensational story. It was indeed true. That day, Mu Ru went to look at a large patch of wild lavender. Of course, there was also a small piece of sunflower beside it. She said that the wild was even more beautiful.

Unfortunately, when she was halfway through her drawing, a certain big bad wolf, who was extremely bored and refused to be her model, became dissatisfied. He offered her a piece of bread for no reason, and then... ..

Then, of course, he pressed her into the wild lavender field. She ate the bread, and he ate her. She was so angry that she wanted to eat his face like bread. However, he smiled and said that his face was much thicker than the bread. She definitely could not eat it... ..

It was noon that day. Although the sun was extremely bright, the wind was not small either. He and she rolled from the lavender bushes all the way to the Sunflower River field. Because the LAVENDER was extremely lush, they could not see anything from afar. They only knew that the sunflower was swaying with the wind, and the lavender was constantly rising and falling... ..

And the two of them, under the cover of the lavender and the sunflower on this sunny summer day, in the field with the enchanting fragrance of flowers, overlapped tenderness and lingering.

When their love reached its peak, he whispered in her ear, "Ru'er... I want you... for life... "

Her originally angry face slowly softened. Then, she put her arms around his neck and took the initiative to send her pink and tender lips to him, "I'll accompany you... for life... "

In Provence, they stayed for a whole month and spent almost the entire honeymoon all over again.

Of course, their footsteps were not limited to Provence and the nearby towns. Dongfang Mo even took Mu Ru to eagle's nest village and went to f 1 circuit to tell her that Dongfang Yu had once raced on f 1 circuit.

The honeymoon was finally over, and their wedding photos had been developed and sent over. Of course, the wedding photos were not all of the two of them. In fact, Yun Heng and Yun Zai ran in occasionally and insisted on taking photos with their parents.

When Dongfang Mo looked at the photos of the four of them, he could not help but grumble that such wedding photos must not be displayed. Otherwise, people would think that we were getting married for the second time.

Mu Ru, who was listening to his mumbling, could not help but hit him and say, "aren't we getting married for the second time? Do you still think that you are getting married for the second time? I think you are dizzy. "

Thus, Dongfang Mo could only sigh and accept his fate. Fine, let's get married for the second time. As long as she was willing to be by his side for the rest of her life, what did it matter if they got married for the second time?

In Short, Dongfang Mo and Xi Muru had to be a couple for the rest of their lives! The main text of the ending I also, little feather's story will be updated tomorrow

## **Chapter 1002 Ms. Ru Yu**

If it is a mistake to love someone with all your heart and soul, then today's ending is that I pay for my mistakes. From now on, this love will never hurt me. Ru Yu!

Seoul, Korea

A large-scale charity gala will be held in the long corridor hall in the garden of the five-star Wing Hin Hotel.

The woman had wavy hair, a bohemian-style long dress, and wide-brimmed sunglasses. She wore a classic canvas Satchel on one shoulder, but no one could tell what brand it was.

Her tall figure was not as skinny and shriveled as a stick. Her head was slightly lowered, and she passed through the sparse crowd very naturally. She walked toward the signboard of the charity gala at the entrance of the hotel very naturally.

"I'm sorry, Miss, all the guests for tonight's charity gala have to enter with an invitation card," the etiquette miss at the entrance politely and formally used her hand to stop the woman who was not dressed very eye-catching.

She nodded, then elegantly took out a gilded invitation card from her bag and handed it over. "I'm here to attend this charity gala on behalf of Ms. Pu Zhihui. I'm her niece, Che Ru Yu. "

“Wow, you’re Ms. Che Ru Yu? YOU’RE SO YOUNG!” The etiquette miss’s face, which had just been politely and formally formalized.. Almost instantly, it blossomed with a strange glow. Then, she quickly took out a notebook and a pen that she had already prepared. She said with a little infatuation, “Ms. Che, can I trouble you to sign an autograph for me?”

Che Ru Yu was embarrassed. She was only 26 years old, how could she not be young?

She hesitated for a moment, but still took the pen. On the open notebook, she signed her famous art form, Che Ru Yu.

“Can I go in now?” Ru Yu could not help but remind her when she saw that Miss Etiquette was looking at her signature foolishly and forgot to let her in.

“Of course, this way please.” Miss Etiquette Nakawara came back to her senses. Then, she nodded and bowed as she pointed at the VIP passage next to her. Then, she personally sent her to the VIP elevator and even helped her press the elevator button.

Ru Yu walked into the VIP elevator naturally. Perhaps it was because she was a little late, but she was the only one in the VIP elevator this time. The moment the elevator doors closed, she saw the almost shocked expression on the Etiquette Lady’s face.

She knew that it was because of her youth. Perhaps, in many people’s hearts, Che Ru Yu should be over 40 or even 50 years old, because Che ru Yu had been famous for a whole decade.

Unfortunately, she was only 26 years old. She was famous early. When she was 16 years old, she participated in the world-class oil painting competition organized by Paris International Development in France. She won the crown with a tadpole painting. Since then.. Che Ru Yu’s fame spread throughout South Korea and even the world of painting.

Of course, she almost never participated in the various art exhibitions in Seoul because South Korea was relatively small. She usually went to the larger art exhibition centers, and she rarely participated in some of the events organized in Seoul.

This time, if it weren’t for the fact that Auntie Hui wasn’t feeling well and that her father and Uncle Yong Joon weren’t in South Korea, she wouldn’t have attended this charity event.

As for the charity industry, perhaps because of her age, she wasn’t particularly enthusiastic. Compared to Xi Muru from Binhai, she could only hope to catch up.

However, even if she was not enthusiastic, she still admired her ability to do charity work. Therefore, this time, when Auntie wisdom asked her to take her place at the charity gala, she did not reject it as usual.

### **Chapter 1003 Mrs. Ru Yu**

She grew up in South Korea, but she lived in Seoul for the past three years. She used to live in Incheon because her father, Che Qixuan, had always lived in Incheon.

Three years ago, she wanted to move to Seoul, but her father could not dissuade her, so he could only comply with her. Then, her father and uncle Yong-joon moved to Seoul with her.

She had only lived in Seoul for three years, and because she rarely participated in various activities, she had confirmed the saying that the city was hidden. So, not to mention that the miss etiquette just now did not know her. In fact, even the people in a small neighborhood did not know who she was.

She originally did not plan to participate in this charity party because she was still in Taiwan. It was only last night that she received a call from Auntie Hui. Today, she hurriedly bought a train ticket in Taiwan and flew directly to Seoul.

Because she was back at the last minute, she did not even return home. Thinking of this, she could not help but smile bitterly. In fact, she did not return home at all because he had gone on a business trip. It seemed that he was going to Japan. It was said that he would be going to Japan for ten days. It had only been a week. Of course, it was impossible for him to come back.

Moreover, even if he was in Seoul, that home was not much different from whether he was there or not. This was because he rarely went home. Even if he did go home, he and she would be busy with their own things. They rarely communicated together.

The elevator gave a 'clang' and she walked out naturally. A large charity party seemed to be organized by a certain government department in Seoul. Therefore, many political and business celebrities gathered in Seoul. There were also all kinds of big-name celebrities in the literary and Art World. This was a business banquet in the name of charity. In fact, it was more of a time when the big companies competed to be more famous than their wealth.

Ru Yu couldn't help but curse in her heart. If it was really charity, she thought it should be Binhai's Dongfang Group. As for Dongfang Mo and his wife, Xi Muru, the two of them were genuinely doing charity. Other than that, they were usually putting on a show.

Fine, it didn't matter if it was a show or not. In short, she was here on behalf of Pu Zhihui. For her, it was meaningless. She even came in a hurry and didn't bring a painting to donate.

Because she had come straight here after getting off the plane, and the food on the plane was especially terrible, she felt a little hungry, so she instinctively turned around and walked towards the dining area.

However, just as she turned around, she heard a slightly familiar voice behind her, "little feather, why are you here? Aren't you in Taiwan?"

Ru Yu almost didn't need to turn her head to know who this person was because that voice had been heard since she was young. She could say her name even if she closed her eyes — the gynecologist, Lin Yuxin.

"Shhh, don't call me by my nickname." Ru Yu placed her finger on her lips and "Shhh" for a moment. Then, she went to the dining area to get a plate with some Blueberry Mousse cake and a glass of milk before she walked to a corner not far away with Lin Yuxin and sat down.

"Don't call me by my nickname anymore. No one here knows that I have another name, Dongfang Yu," Ru Yu mumbled to her while eating the Mousse cake. Then, she continued to ask, "Oh right, why did you

come here when you have nothing to do? Could it be that we can't invite anyone to this charity gala? Even a gynecologist like you has to be invited? "

"PFFT..." Lin Yuxin could not help but laugh out loud. Then, she shook her head and said, "what? It was originally my brother Lin Haozhe's invitation letter. My brother was arguing with my sister-in-law, so he didn't come. I just happened to not have to go to work, so I came here. Thinking that there would inevitably be a diamond bachelor or something at the charity event, I wanted to see if there was a chance..." "..." "..."

#### **Chapter 1004, the so-called surprise**

"Opportunity?" Ru Yu rolled her eyes at her. She said unhappily, "Yu Xin, can you wake up a little? The so-called Diamond King's fifth wife is usually over 40 years old. Even if there are young ones, they are still second-generation rich. And the second-generation rich are all playboy nowadays. They are not reliable, and the reliable ones are so old. Can you accept an old man?"

"What's wrong with an old man?" Yu Xin shrugged her shoulders indifferently. "Do you think everyone is as lucky as you to marry a handsome young talent?" "My criteria for choosing a spouse is below 50 years old. As long as he's not older than 50 years old, I can accept it."

"Then what about 50 years old?" Ru Yu seemed to have a bone to pick with her and could not help but ask.

"50 years old is fine too. As long as he's a bachelor, what's wrong with that?" Lin Yuxin said nonchalantly. "Besides, older men know how to love women."

"A 50-year-old man can be your father." Ru Yu retorted mercilessly. "Yu Xin, you're only 26 years old this year. If you find a 50-year-old man, he's 24 years older than you. Can you accept such an old man?"

"Why not?" Lin Yuxin rolled her eyes at Ru Yu, then said with conviction, "Weng Fan is 28 years old, and he's married to 82-year-old Yang Zhenning. Deng Wendi is 38 years younger than her husband, Murdoch. So, 24 years old is really nothing."

Alright, Ru Yu didn't want to argue with her about this issue anymore. Lin Yuxin had been provoked by something recently. Ever since she broke up with her handsome ex-boyfriend last year, she had changed her original intention. She was determined to find a mature and steady middle-aged man to be her husband.

She put the last piece of Mousse cake into her mouth. Zheng was about to get up and take another piece. However, when he looked up, he saw a pair of beautiful people feeding each other in the crowd not far away.

That pair of beautiful people definitely did not notice her, so they were still feeding each other the Mousse cake without any restraint. The man was handsome and extraordinary, while the woman was gentle and beautiful. In the eyes of the crowd, they stood in the middle of the crowd. They were undoubtedly the most eye-catching couple. It could be said that they were a perfect match.

Unfortunately, these two people were undoubtedly the greatest irony in her eyes. She had never dreamed that she would see such a scene. She had never thought that these two people were actually in such a relationship when they were carrying her.

The air-conditioning around her was just right and the temperature was just right. However, why did she suddenly feel as if she was in a world of ice and snow?

This was clearly August in summer, wasn't it Why did she suddenly feel that this was a day of Frost and snow in the 10th winter and 11th month?

She was like a woman in a Bohemian dress, standing in the snow-covered snow. A bone-piercing coldness came from her feet and quickly spread to her heart. Her heart, which was still warm, froze in an instant Then, it spread to every part of her body through the blood vessels in her heart, all the way to her limbs and bones.

Why did she suddenly have such a reaction It was because among this group of beautiful people, the handsome man was her husband, Jin Zhengnan, who had been married for three years, and the gentle and beautiful woman was her best friend and best friend, Lan Ruoshui.

She stood up almost instinctively and walked straight towards the loving couple who had completely forgotten themselves. When she was less than a meter away from them, she said coldly, "Jin Zhengnan, is this the surprise you said on the phone? "

#### **Chapter 1005, the so-called Surprise 1**

The two people who were showing off their love paused for a moment, then turned around at the same time. When they saw that it was her, they were slightly stunned for a moment, but in an instant, they returned to their natural state.

"Ru Yu, I didn't expect you to come back to attend this charity gala, " Lan Ruoshui was the first to speak. Her voice was gentle and natural, as if she was greeting a familiar friend.

On his face, there was still a familiar, shallow smile. Whether it was in his gestures or his words, there was no trace of awkwardness or awkwardness. There was also no sense of panic and uneasiness when his wife caught him as a mistress On the contrary, he was carrying the man beside him, as if she did not know that this man was actually che ru Yu's husband.

Of course, the reason why Lan Ruoshui could be so fearless was because of the love that this man called Jin Zhengnan had for her. And this man, his identity, was clearly her husband, Che Ru Yu's legal husband.

Ru Yu's cold gaze fell on Jin Zhengnan's face. This face had a charming smile as usual. It was still so handsome that a woman would not be able to take her eyes off it. It could make a woman's ears heat up and her heart beat faster, causing her to lose herself.

Four years ago, she was mesmerized by his melancholic yet gentle face. At that time, she was madly in love with him. Now, at this very moment, she suddenly felt as if she had seen a malicious ghost with this same face.

The three years of marriage had been as cold as water. Her originally warm heart had gradually cooled down like a pool of stagnant water along with this cold marriage. She had no more hope for this marriage.

But even so, she had never thought that there would be a day when she would personally witness him and her good friend and best friend, his cousin, holding hands and loving each other as if they were husband and wife.

At this moment, such a scene was undoubtedly a world-shaking avalanche in the Alps for her, ru Yu. The overwhelming snow pressed down on her, pressing her whole body under the snow mountain, and she could not even breathe.

She had never thought that she would also lose one day, and she would lose so badly. She would lose so badly, and lose so completely.

Looking at Lan Ruoshui's delicate hand that was hooked on Jin Zhengnan's arm, she felt that her heart, which was barely beating, was suddenly dug out by someone with a sharp knife, and thrown in a low voice. Then, she stepped on it fiercely. Her shattered heart flew in the wind, and the sky was filled with blood. There was not a trace of light to be seen.

Although her three-year marriage with Jin Zhengnan was not as affectionate and sweet as other couples, it was as calm and peaceful as any ordinary couple. Even though he had been on a fashion trip for the past two years and it was difficult for him to come home.. She had never thought that their marriage would actually come to an end one day.

Three years of marriage, because he was busy with work and because of her special work, the two of them had always been apart from each other.

But even so, she had never thought of giving up, even though she had never experienced what it meant to be a couple.

But she had also been consoling herself that it would be fine after these few years of being busy. On the other hand, once his career had settled down and her career had stabilized, the more time the two of them spent together, the more time he would leave for her. Then, he would say to her, "Ru Yu, let's have a child. "

## **Chapter 1006, the so-called Surprise 2**

However, at this moment, she finally understood that this was just her fantasy. It was just her dream. It was her wishful thinking. Jin Zhengnan had never thought of her before.

Looking at the handsome man and beautiful woman in front of her, the beautiful couple, her fantasy and dream were almost awakened in an instant. Her heart was so painful that it was difficult to add to it.

"Jin Zhengnan, is this the surprise you mentioned on the phone?" Seeing that Jin Zhengnan didn't speak, ru Yu raised her voice slightly and repeated the question.

Her voice sounded calm and indifferent, as if she was asking, "did you eat dinner tonight?" However, such a calm and indifferent question, which was asked twice, had almost exhausted all her strength.

Looking at the man who was less than a meter away from her, the petite woman was still hanging on his arm, and there was still a charming smile on his face. Her heart, which had been shattered into dust, could no longer gather in his chest, and could no longer.. He could not find a reason to return.

However, such pain, such heartbreak, such being trampled under someone's feet, such being humiliated in public, yet she still stubbornly stood in front of this adulterous couple. She still looked at them calmly. She did not want to show a hint of weakness in front of them. She did not want others to see her current sorry state.

She was the daughter of Dongfang Mo and Xi Muru. She was the daughter of the diving expert, Che Qixuan. She was the famous female painter, Che Ru Yu, who had been in the art world for a long time.

She cared too much about her face and was extremely conceited. She had never flaunted her family background to anyone, and she had never thought of relying on those to gain a relationship for herself. She knew that by relying on those feelings.. It would be difficult for her to have true feelings.

Therefore, she kept her background. In Seoul, South Korea, very few people knew that her father, Che Qi, flaunted. And there were almost no people who knew that she was the eldest daughter of Binhai Dongfang Group, only Lin Yuxin.

She used to think that the love she held on to was true love, so even if she was treated coldly after marriage, she was willing. She thought that one day he would find her good and truly fall in love with her. He would even say to her, "Ru Yu, I love you, many years ago. "

Now, it seemed that she was too naive and innocent, so she had such a fantasy. And now, the decision she made at that time looked so ridiculous. It was a huge mistake, and it was so wrong.

He was as cruel as she was persistent!

The anger in her heart had reached its peak, but she still forced a smile on her face. However, the eyes hidden under the sunglasses were already a little misty, and there was warm liquid swirling in her eyes.

It was so ridiculous that the marriage she insisted on was actually forced to the edge of the cliff. In front of her were two B \* Stars with daggers in their hands, and behind her was a bottomless abyss.

She could not retreat anymore because there was no retreat. If she retreated any further, she would definitely be smashed into pieces and die without a complete corpse.

Jin Zhengnan had already done everything he could. To her, who was still struggling in her marriage, it was actually not a bad thing. Perhaps, this was his final decision to help her..

"Ru Yu..." Lin Yuxin, who was following behind, carefully reached out and pulled her. She looked at her worriedly.

"Che Ru Yu, can we talk about this when we get back tonight? This isn't a place to talk, is it?" Jin zhengnan frowned Obviously, he was also very surprised because he knew that she had gone to Taiwan, and her return date was clearly three days later.

**Chapter 1007: our marriage is coming to an end**

Jin Zhengnan's words were so funny that even Lin Yuxin found it funny. This was not a place to talk. Could it be a place for him and his mistress to show off their love?

Moreover, they were in the wrong first. If they were discovered by ru Yu, ru Yu would come up and question them. Could it be that ru Yu was in the wrong?

Oh, what Jin Zhengnan meant was that Che ru Yu was making trouble here He and Lan Ruoshui were in the open?

Upon hearing Jin Zhengnan's words, the originally angry ru Yu could not help but laugh. However, that smile did not reach her eyes. She instinctively raised her feet and walked towards the two people in front of her, step by step.

Jin Zhengnan looked at the woman who was approaching them and thought that she was going to attack Lan Ruoshui. He instinctively pulled the woman beside him hard and directly pulled her behind him. He stood in front of Lan Ruoshui It was a posture of a flower protector.

The woman in front of him was called Che Ru Yu, a poetic name. And she indeed looked gentle like water. Hence, it gave people the illusion of a weak woman.

However, as the husband of this woman, he knew very well that this was just an illusion of her appearance. The real her was not only a painter, but also a master of Taekwondo. It was said that she had started to practice taekwondo when she was six years old Moreover, she had also practiced Tai Chi and Sanshou.

When outsiders saw her appearance, they must have thought that she was a gentle woman. However, in fact, only he knew that this woman did not have any tenderness at all. He had seen her fly like a bolt to catch a car thief He had seen her fight against the thieves who blocked the road and robbed her. Every time at this time, she was brave and fearless. She never needed his protection. Of course, he could not protect her.

Ru Yu finally arrived in front of them. However, her footsteps only paused for a moment. Then, she walked straight past them. She did not reach out to hit Jin Zhengnan or Lan Ruoshui.

She only felt that Jin Zhengnan's action of hiding Lan Ruoshui behind his back was childish. If she really attacked, this pair of dog and woman would not be her opponent.

However, whether they were a match or not was one thing, but Jin Zhengnan's actions clearly hurt her because he had never done anything like this to her.

"Jin Zhengnan, our marriage has come to an end!"

She calmly and clearly said this, and then walked past him with her head held high. Her face was calm, as if she only knew them, and she just came over to give them a blow.

At this moment, although she had been defeated by them and was badly injured by them, she was stubborn and proud, but she did not want to show any sign of weakness in front of everyone.

She knew that she had lost the battle and that there were corpses everywhere, but her personality determined that she would not yield. Even if she was alone, she had to drag her legs forward with difficulty in this mountain full of corpses.

She walked forward steadily, and Lin Yuxin's call came from behind her. She walked faster. At this moment, she did not want others to see her in such a sorry state, not even her good friend Lin Yuxin.

Lan Ruoshui deliberately raised her voice from the crowd. "Zhengnan, I didn't expect ru Yu to attend this charity gala. She doesn't like to attend any events. Besides, isn't she in Taiwan? Didn't she say she would be back in three days?"

### **Chapter 1008 in public**

Lan Ruoshui's voice pierced through the crowd and entered Ru Yu's ears. She could not help but quicken her steps, because Lan Ruoshui's words were like a sharp Arrow, and Jin Zhengnan was an archer. The two of them shot the sharp Arrow straight at her heart, which was already dripping with blood.

Lan Ruoshui's words were nothing more than telling her one thing, and that was that there was actually no place for her. The two of them were often together.

This realization made ru Yu feel that the entire banquet hall was filled with the two of them. As for Lan Ruoshui, she was dressed like a beautiful princess. She held onto Jin Zhengnan's arm with a smug smile on her face. She portrayed her third son's identity as more dignified than his wife.

They passed through the crowded hall and arrived at the spacious corridor outside. However, ru Yu did not stop there. Instead, she unconsciously quickened her footsteps, as if only faster footsteps could quickly shake off the pain in her heart.

Finally, when she saw the words "washroom," the warm liquid that had already been swirling in her eyes under her black sunglasses slid down uncontrollably.

Perhaps because the liquid carried warmth, the black lenses were quickly covered with fog, so she could no longer see the road ahead clearly. Therefore, she had no choice but to quickly take off her sunglasses and extend her hand to wipe her face. However, she was shocked to find that.. The warm liquid had long been cold tears on her smooth and clean face. It was cold to the core.

Leaning against the wall of the sink, she was so weak that she had almost no strength left. She knew that this ending could not be blamed on anyone else. If anyone was to be blamed, it would be herself.

She was the one who was obsessed. She was the one who did not know people well. She was the one who was bewitched by Jin Zhengnan. For him and for this marriage, she had foolishly persisted for three years. Now, it seemed that these three years of persistence was simply a big joke. It was not worth her, ru Yu, to persist. It was not worth it at all.

Tears covered her face. She forgot to open her bag to look for a tissue. She could not help but wipe the cold tears on her face with her hand. Then, she lowered her head and used the hem of her shirt to wipe the lenses on her sunglasses. She wanted to wipe away the fog beads... no.. Those crystal clear tears were mercilessly wiped away.

Unfortunately, she did not have the time to finish wiping. A mocking voice sounded beside her. "normally, beautiful ladies would hide in an empty corner and cry secretly. But I did not expect to see a crying lady in public. Aren't you worried that this will reduce your beauty points?"

In public?

Ru Yu raised her head instinctively. At this moment, there were only the two of them standing at the entrance of the WASHROOM, okay?

Moreover, the washroom outside the hotel's banquet hall had the same layout as the rest of the world. Men were on the left and women were on the right. In the middle of the WASHROOM, there was a long basin that was shared by both men and women.

"Is this place in public?" Ru Yu's voice was almost instinctively sarcastic as she retorted. At this moment, she was like a little hedgehog. A pair of teary eyes glared angrily at the equally handsome man in front of her. "You didn't come to the bathroom to solve your own problems, but to watch others cry. Besides, I'm the one who cried so badly that my image lost points. What does that have to do with you? Don't tell me you're too full to mind your own business?"

### **Chapter 1009: A message to demonstrate**

The man frowned slightly at her angry retort. He shrugged his shoulders, turned around, and walked into the men's restroom on his left.

It was indeed scary for a woman to lose her temper, especially a woman who was so unlucky that her husband appeared in front of her with his mistress in his arms. It was even scarier.

Ru Yu saw that the man had already walked into the men's restroom, so she quickly walked into the women's restroom. She walked to the last small door by the window, pushed the door open, and walked in.

Actually, she didn't need to go to the toilet. She just wanted to find a place that wasn't in public to lick her wounds alone. She sat down on the toilet, took out a tissue from her bag, covered her eyes, and cried silently.

She had always been strong and disdained tears. She had always thought that nothing in the world could break her. However, she had never thought that Jin Zhengnan would use such a method to break her confidence.

She didn't know how long she had cried. She only came to her senses when she heard someone in the toilet discussing that the charity party was about to start. Tonight, she was here on behalf of Aunt Wisdom, so she couldn't leave that seat empty.

Therefore, she quickly wiped her tears with a tissue, took out a small mirror and a simple powder cake from her bag, patted it twice, and used a lip pencil and lipstick to draw the shape of the flower slightly.

There was no need to apply eyeliner on her red eyes, because wearing sunglasses would completely cover them. The sorry state she was in today had only been seen by that handsome and extraordinary man in public before, and no one else had seen her again. Of course.. She would never allow a second person to see the capital.

After putting on the sunglasses, she restored her natural and confident image of Ru Yu. Then, she pushed open the small door and quickly walked out of the ladies' room to wash her hands by the sink.

She looked up at herself in the mirror and used a comb to comb her big waves of hair. Under the cover of the sunglasses, her expression had returned to the mysterious and cold look she had when she first entered Zhan Hotel.

Only the hem of her shirt and the spot where she had wiped her sunglasses were still left with traces of her sadness. It did not disperse for a long time.

Just as she finished cleaning herself, she turned around and went to the oven beside her to dry her wet hands. The phone in her bag vibrated at this moment. She was slightly stunned. She thought that Lin Yuxin had sent her a message because she could not find her.

She looked at the phone until it was half dry. Then, she took the phone out of her bag and flipped the lid open. It was not Lin Yuxin's name, but a group of unfamiliar numbers.

She hesitated for a moment and pressed open the unfamiliar message. However, the content of the message almost knocked her down again in an instant

Ru Yu, I'm really sorry. Masao and I thought that you wouldn't come to this charity party tonight, so we openly got together. All this time, we were afraid that you would be sad and sad, so we didn't dare to let you know about our relationship. It's just that.. Now, ru Yu, I'm pregnant with Masao's child. Please, let Masao go and help us, okay?

Ru Yu was clearly holding a phone in her hand, but after reading the message, she suddenly felt like she was holding a ball of fiery red sword that she had just taken out from the furnace. It was dazzling and hot.

### **Chapter 1010 there was no woman more stupid than her**

"PRESS!" She threw the glaring and hot thing to the side, but she threw it in the wrong direction. It hit the man who had just walked out of the men's room.

The man frowned almost instinctively. He was about to scold her, but when he looked up, he found that the woman who had hit him with the phone had already walked toward the door of the hall.

The man could not help but smile bitterly. It seemed that he and this woman were really fated to meet before entering the toilet. He did not expect to meet her again after coming out of the toilet.

He bent down to pick up the phone that had first smashed into his body and then fell from his body onto the back of his feet. The quality of the phone was not bad. It was made in China after all. When he picked it up or turned it on, the screen just happened to show the text message.

Ru Yu Like ru Yu, this name was very poetic. However, the woman he saw just now definitely did not give him a poetic feeling. Instead, it gave him a feeling of humidity.

Almost instinctively, he put the phone into his trouser pocket and then went to the sink to wash his hands casually. He did not know why, but he had a feeling that he still had a chance to meet this woman.

Ru Yu walked to the charity party very naturally. Under the sunglasses, her red and swollen eyes were tingling with pain. Her hands were clenched into fists, trying to control the pain.

Lan Ruoshui, well done. You are indeed the most powerful mistress in the world. You even dared to lie to my car, ru Yu. Moreover, you have been acting under my eyes for the past three years. You have even been acting as my best friend.

Three years ago, when I married Jin Zhengnan, didn't you congratulate US happily and even become my maid of honor At that time, why didn't you tell me that you loved Jin Zhengnan?

In the past three years, whenever Jin Zhengnan and I were at odds, you still scolded Jin Zhengnan with a righteous look and even told him that a wife was used for pain. At that time, why couldn't you tell me clearly.. Actually, you loved Jin Zhengnan Even though he was your distant cousin?

Lan Ruoshui was a poetic name, but in Ruyi's heart, she was like a poisonous snake. For the first time, she knew what kind of flood beast her best friend was in this world.

She and Jin Zhengnan had been married for three years. Lan Ruoshui had always been between her and Jin Zhengnan. However, she was so confused, thinking that they were cousins. She was so confused, thinking that she was her best friend and best friend.

Every time she and Jin Zhengnan were unhappy about something, she would go to Lan Ruoshui to talk about her depression. After that, Lan Ruoshui would comfort her and even say that Jin Zhengnan was like a child in front of her. Of course, in the end.. Lan Ruoshui would spare no effort to help her persuade Jin Zhengnan to come back.

At the thought of this, ru Yu felt that everyone around her was looking at her with ridicule. Even God was mocking her above her head. Look, Che Ru Yu, you are such an idiot. You are so stupid that you don't even know that your best friend has become your husband's mistress Moreover, they are already having a child, so they are using such a method to tell you. Che Ru Yu, if you don't wake up, you will definitely be stupid for the rest of your life.

Stupid, so stupid. Her father always said that her mother was stupid, but at this moment, she felt that compared to her mother, Xi Muru, she was many times more stupid.
