

Chapter 101: "Let the flowers bloom in spring. "

"Don't tell me President Nangong still wants me to stay for tea?" Dongfang Yu hugged mu ru tightly in his arms, and his cold and mocking gaze landed on Nangong Xun's face.

"Why would I want to keep a man like you? Besides, I'm getting married tonight. I want to consummate my marriage with my wife. Second Young Master Dongfang wants to have tea with me, so I guess he'll have to wait until tomorrow," Nangong Xun's indifferent voice sounded. His cold and sharp gaze landed on Dongfang Yu's face. "Put mu ru down, and you can get lost!"

"Put her down?" Dongfang Yu's handsome face darkened. He hugged mu ru even tighter in his arms and stared at Nangong Xun with his thick eyebrows raised. "Do you think this place of yours can stop me?"

"Hehe, I know that second young Master Dongfang has been robbing, robbing, and jumping over walls and courtyards since he was young. He has some ability as a gangster." Nangong Xun took a glass of red wine and took a SIP. The corner of his mouth curled into a sneer as he said, "this place of mine may not be able to stop second young master Dongfang from entering, but I think it's still possible to stop second young Master Dongfang from leaving, right?"

"What do you want?" Dongfang Yu did not want to continue blabbering with Nangong Xun because the woman in his arms had already become as hot as charcoal. This was a silent reminder to him that the Aphrodisiac poison in her body was acting up.

"Hehehe, what do I want?" Nangong Xun felt that Dongfang Yu's words were funny. He raised his head and drank up the brown liquid in the wine glass. He said coldly, "I've already held a wedding with Xi Muru, do you think I..."

"She's my sister-in-law. Other than her, you can choose to have other things," Dongfang Yu coldly cut off Nangong Xun's words. At the same time, he reminded him in a deep voice, "according to the rules of the Dongfang family, there's no reason to give away your woman!"

"Your woman?" Nangong Xun couldn't help but laugh when he heard Dongfang Yu's words. He coldly snorted and said, "Dongfang Yu, I think you are probably confused. The woman in your arms is not your woman, but yours..."

"Haven't you heard of the famous saying that an elder sister-in-law is a mother?" Dongfang Yu once again quickly interrupted Nangong Xun's words. His tone was stern as he said, "Nangong Xun, do you think you can let go of someone who wants to rape your mother?"

Nangong Xun was slightly stunned when he heard Dongfang Yu's words. Then, he gave him a thumbs up and said, "alright, Dongfang Yu. I've always thought of you as a scum who only knows how to eat, drink, gamble, and do nothing. I didn't expect you to have such a deep affection for her. It seems..."

“Are you done with your F * Cking nonsense? HURRY UP AND GET OUT OF MY WAY!” Dongfang Yu once again interrupted Nangong Xun’s words. At the same time, he held mu ru tightly with one hand and pointed the other pistol at Nangong Xun. “Are you going to give way or not?”

Nangong Xun looked at the dark and shiny pistol. He knew that this pistol had bullets in it because Dongfang Yu and Dongfang Mo were different. Dongfang Mo paid attention to roundabout tactics while Dongfang Yu paid attention to charging forward. He had always been a risk-taker since he was young. He really did not dare to fight him head-on.

Today, he had miscalculated. Firstly, he did not expect Dongfang Yu to chase him to the sea because he had caught Xi Muru and not Xi Muxue. He thought that Dongfang Yu and Dongfang Jun would just randomly look for her.

Secondly, he did not expect Dongfang Yu to be able to climb onto his cruise ship from the yacht because it was definitely not an easy task. After all, he had so many subordinates outside. Unless Dongfang Yu turned into a bird, he would not be able to fly over.

Third, he did not expect Dongfang Yu to be able to decipher the password of his invisible door and force his way in.

Chapter 102 “let the Spring Bloom”

It was precisely because of these few unexpected events that he let his guard down. In this sealed room, he actually did not bring his pistol with him. This was the only thing he was at a disadvantage in.

Now that he was going head-to-head with Dongfang Yu, he was probably at a disadvantage. Because the soundproofing of this room was too good, he could not even hear his brothers calling out from inside. Moreover, there were gamblers playing on the bottom floor of this cruise ship. He could not let the sound of gunshots ring out on this cruise ship.

So.. He snorted coldly and said, “Dongfang Yu, even if I let you go, you would only be a dead man if you carried Xi Muru back. She just drank a large glass of wine with two ‘bridal seduction’ . If your brother doesn’t know what the ‘bridal seduction’ is, then it’s impossible for someone like you who has been in the casinos and places of debauchery for a long time to not be familiar with it, right?”

Dongfang Yu’s originally calm gaze instantly turned dark red. His eyes stared at Nangong Xun as if they were on fire. The muzzle of the gun was pointed at his forehead as he gnashed his teeth in hatred and said, “Nangong Xun, you’re simply an animal!”

“CLAP CLAP CLAP!” Nangong Xun clapped his hands as he looked at Dongfang Yu’s furious face. He couldn’t help but shrug his shoulders and say, “second young Master Dongfang, what you said is extremely right. When it comes to women, which man among us isn’t a beast? Of course, there are exceptions. For example, your brother is a modest gentleman. However, is he still considered a man?”

“You...” Dongfang Yu gritted his teeth so hard that they were about to burn. If it wasn’t for mu ru being in his arms, he would have wanted to slap Nangong Xun twice.

“HAHAHA!” Nangong Xun laughed loudly. He patted Dongfang Yu on the shoulder and said, “second young Master Dongfang, don’t be angry. Since you insist on taking mu ru away, then take her away. However, I still advise you to keep her. You know, if a woman who drank the ‘bride’s temptation’ isn’t detoxified within three hours, what will be the consequences? “Even if she doesn’t die, she’ll probably be a cripple, right? “Do you have the heart to see her become a cripple?”

“GO TO HELL!” Dongfang Yu growled and hugged mu ru. He quickly rushed to the place where he had entered and entered the password. The door opened soundlessly. He hugged mu ru tightly and watched the turbulent sea outside as he jumped down.

“COME OUT WITH ME!” Nangong Xun let out an angry roar. Then, someone quietly walked in from outside the door and stood respectfully in front of him. “Young Master, what are your orders?”

“Who let Dongfang Yu in?” Nangong Xun’s eyes were almost burning with anger. He knew that if someone did not intentionally go easy on him, Dongfang Yu would not be able to enter no matter what.

“It’s me.” The person lowered his head and said in a very low voice. His attitude was still sincere. “Young Master, I’ve already consulted the old master about this matter. The old master said that the Nangong Corporation can not be destroyed by a woman’s hands. It’s not worth it to have a feud with the Dongfang Corporation over a woman. Moreover, this woman doesn’t have any good points. Not only is she ugly, I heard that she was born to be a jinx, so it’s even less worth it.”

“SCRAM!” Nangong Xun waved his hand. If it wasn’t for the fact that this person was his grandfather’s most capable person, he would have chased him away long ago.

“Young Master, actually letting Dongfang Yu take that woman away isn’t too bad.” This person obviously wouldn’t be angry with Nangong Xun. Instead, he smiled sinisterly and said, “this place is at least five hours away from the nearest coast. Let’s see how Dongfang Yu is going to cure his sister-in-law of the spring poison.”

Chapter 103 the warmth of spring

“Uncle Liu, speed up the yacht and use the fastest speed to head to the nearest coast!” Dongfang Yu carried mu ru and climbed onto his yacht. The first thing he ordered was to speed up the yacht to the shore!

“Yes!” Uncle Liu replied and looked at mu ru in Dongfang Yu’s arms. Although she had just climbed out of the sea and was drenched, her face was not pale, but flushed.

Any man who had been in a sex scene would know that she had been poisoned, and that she had been poisoned by the Aphrodisiac poison. There were only two ways for a woman who had been poisoned to detoxify the poison. One was to send her to the hospital for an IV drip, and the other, of course, was for a man to have sex with her.

Xi Muru’s current situation definitely required the first method because she was Dongfang Mo’s wife, and none of the three men on the ship dared to touch Dongfang Mo’s wife, including Dongfang Yu!

Uncle Liu rushed to the pilot's cabin to help Ahaio. He kept asking how far away the nearest distance was. Ahaio stepped on the gas pedal to the maximum and said, "the nearest coast will take about five hours. We'll see if the first young Madam can hold on until then!"

Dongfang Yu carried Xi Muru down the cabin. The two of them were drenched. He felt a little cold because it was already October. It was night again, and he had climbed out of the water and was wearing wet clothes again.

However, Mu Ru in his arms felt hot. She was currently struggling in his arms. Because the Qipao on her body was soaked by the seawater, it was all wrapped around her body, making her feel as if she could not breathe.

"Hot... I'm so hot... really hot!" Her little mouth kept screaming heat, and her little hands were tugging at the clothes on her body.

"So hot?" Dongfang Yu was stunned for a moment before he came to a realization. He hugged her tightly with both hands and lowered his head. He pressed his forehead against hers and realized that her body temperature was so hot that it could burn his forehead.

Her cheeks were like the glow of the morning sun, like the burning clouds in the sky. Her originally clear eyes were covered with a layer of mist, and her charming and sexy little mouth was slightly open, constantly emitting heat.

His heart tightened. He went down to the cabin and quickly put her on the only one-person Sofa. He quickly opened the simple wardrobe in the cabin, thinking of using the fastest speed to help her change out of her wet clothes.

Unfortunately, the more anxious he was, the more the simple wardrobe seemed to be unable to open its zipper. Mu Ru, who was beside him, had been moaning and moaning all this time. Her hot breath was like an orchid with a hint of alcohol in it. Her Long, black hair, which was as bright as Satin, was wet and stuck to her cheeks. She looked a bit like a showgirl in opera, sexy and playful.

"Stop Shouting," he could not help but growl. He grabbed the Zipper of the simple wardrobe and pulled it hard. Finally, he pulled it open. He let out a long breath and quickly took out two women's clothes from inside and threw them to her.

"quickly change out of the wet clothes," his voice sounded a little hurried and impatient. Then, he turned around and turned his back to her. "Hurry Up, you'll get sick if you wear wet clothes for too long."

"Oh..." Mu ru answered with difficulty. She raised her hand and wanted to unbutton her Qipao, but she couldn't touch it after a long time. Therefore, she had to use her hands to pull it hard. She muttered, "hot... so hot... I can't pull it open..."

Chapter 104 spring flowers bloom

When Dongfang Yu heard her voice, he could not help but turn his head around. Only then did he realize that she had forcefully pulled open the two buttons of her Qipao. Her Pink and tender neck was dyed red, making her look very sexy.

Meanwhile, Mu Ru's Qipao, which was originally very close to her body, had become even more painful because it was soaked in the sea water. It was as if the high temperature on her body had glued the rubber tightly to her body. Her long and slender fingers tugged hard at the Qipao on her body, hoping that she could remove the rubber boat from her body as soon as possible. She hoped that she could get some comfort and coolness.

However, no matter how hard she tried, the Qipao refused to be removed obediently. She was finally anxious. She grabbed the collar with both hands and pulled hard. Finally, she pulled open two more buttons. She let out a long breath and pulled the collar down with all her might. One of her hands tugged hard, and finally, it came out of her sleeve.

Dongfang Yu looked at Xi Muru. The QIPAO was very comically hanging on her body. One arm was in the sleeve of the Qipao, but the other arm was pulled out by her brute force. The QIPAO hung diagonally on her body like a monk Ji. The arm that was pulled out was fair and slender, and the exposed shoulder was fair and smooth.

Looking at the woman who was pulling with all her might, trying to pull the other arm out as well, looking at the current her when she was using brute force and when she was powerless, his heart tightened... ..

"Damn it!" He could not help but let out a low growl. He was annoyed by his current reaction. How could he be so lacking in self-control?

He turned around forcefully and walked up to the deck. He kept muttering in his heart, out of sight, out of mind. As long as he did not see her, his mind should not have those messy thoughts.

There was supposed to be a moon tonight, but later on, the moon might have gone into the clouds without eyes. In short, when he walked onto the deck, the sea was pitch black, and he couldn't see anything clearly.

In the pilot's cabin, Uncle Liu and Ahao were driving the yacht in a flurry. They had to follow his orders quickly, but the faster they went, the more trouble they would have. He felt that when the yacht slowed down, he went to the pilot's cabin and saw that Ahao was sweating profusely.

"What's going on?" He couldn't help but panic, and he immediately had a bad feeling.

"second young master, the yacht seems to be out of oil." Ahao raised his head and wiped the sweat from his forehead with his hand. He looked carefully at Dongfang Yu.

"What?" Dongfang Yu looked at Ahao in shock and then roared, "how could this be? Ah? Why didn't you fill the yacht with oil when you came?"

"When we came, you were in a hurry. We hurriedly transferred the yacht over. At that time, we were in a hurry to go out to sea, so we didn't have the time to check..."

Ahao explained carefully.

“Then what do we do now?” Dongfang Yu kicked the cabin. Actually, if they were not on the sea, he would have kicked Ahao.

Ahao watched Dongfang Yu get angry and did not dare to say anything. He only looked at Uncle Liu, hoping that he would speak because he was worried that he would provoke Dongfang Yu.

“second young master, it’s useless to be anxious now.” Uncle Liu was older, and he was Dongfang Mo’s most trusted person, so he was not afraid of Dongfang Yu. He only suggested, “I think Ahao and I will take the life buoy to look for any passing cruise ships or yachts nearby and try to buy some oil.”

Chapter 105 the sound of wind and rain

“then why aren’t you going?”

Dongfang Yu heard Uncle Liu’s words and immediately let out a low growl

“What are you waiting for? For Oil to fall from the sky?”

Uncle Liu and Ahao were shocked by Dongfang Yu’s growl and immediately froze on the spot. Then, they quickly reacted and quickly replied, “Yes!”

“Yes!”

Then, he quickly put on his life vest and took the life buoy. Then, he ran up to the deck and jumped into the dark sea, disappearing without a trace.

Dongfang Yu was slightly stunned. Then, he quickly turned around and quickly walked down the cabin, wondering if the woman had changed her clothes.

However, when he arrived at the cabin, what he saw was that the woman had not yet pulled out her other arm, and her red little face was furrowed into a frown, as if she was in extreme pain.

Therefore, she could only use her hands to pull at the clothes that were tied to her body, as if the clothes were pulled off, and she would feel a little cooler.

Unfortunately, the harder she pulled, the more anxious she became. The more she tried, the more she could not pull them off. These damn clothes were like skin that grew on her body. No matter how hard she tried, she refused to get them off.

As she pulled at the clothes, her body continued to twist. The sound of her sobbing gradually became hoarse.

Dongfang Yu’s clothes were originally drenched by the sea water. When he carried Mu Ru and climbed onto the yacht, he still felt a little cold.

At this moment, looking at the woman who had taken off a third of her Qipao, the flame hidden in his body was almost ignited in an instant!

At this moment, Mu Ru had already pulled out her other arm with all her might. She let out a long breath and felt much better, so she used both her hands to continue pulling down the Qipao on her body. She only wanted to take off this piece of skin as soon as possible.

“Enough! Don’t take it off again!”

Dongfang Yu could not help but let out a low growl. He was so frustrated that he suddenly felt as if there were countless crabs running amok in his heart.

He had always been very calm. Of course, if he was not calm, he would not have been able to control himself when he went to those places where he could fool around.

Mu Ru didn’t seem to hear Dongfang Yu’s words. She continued to pull down the Qipao at her waist with both hands.

Because the Zipper at the side didn’t fall down, the Qipao stopped her from pulling it down. Mu Ru, who was confused by the fire, forgot to use her hands to pull the zipper down. She just kept twisting her body in discomfort. She hoped that she could remove all the restraints on her body as soon as possible.

However, the more anxious mu ru was, the more she couldn’t pull the Qipao off her body. She only knew that it was hot, as if the cabin wasn’t ventilated at all. Moreover, someone was burning a boiler. There was too much heat, so it was too hot for anyone to stay.

Dongfang Yu looked at the body that was constantly twisting and turning, as well as that rosy and charming little face.

All of his rationality completely collapsed in an instant. With a low growl, he closed in on Xi Muru step by step... ..

The sea breeze outside the cabin blew gently, and the sound of the waves lingered in his ears. The Moon had appeared out of the clouds at some point in time. It was quietly gazing at everything on the surface of the sea. The white moonlight was so cool... ..

Inside the cabin, there was another picture of the warm spring flowers blooming. Under the black suit was a red Qipao. The blue concealer revealed a thread of white lace from the Hem of the Qipao. It was very ambiguous.

Chapter 106 this night was not lonely

Dongfang Jun had driven out to look for mu ru together with he Dongfang Yu. At that time, Dongfang Yu had driven to the east while Dongfang Jun had driven to the south.

Dongfang Jun thought that Mu ru had married Dongfang Mo a few days after entering university and then stopped going to school. She had not gotten close to her university classmates, so she should still be nostalgic about her former campus and had not come back so late. Today was her 19th birthday again. Could she have secretly gone back to her Alma Mater to be sad?

Therefore, his goal was to go straight to mu RU's former high school Binhai Foreign Languages Institute. He wanted to go to the school to find out which classmates mu ru used to drink and which ones she had good relationships with. However, did she have any relationships with her classmates.

Of course, the final result was that he didn't find anything. Mu Ru only had two classmates who were good friends with her in school. Unfortunately, both of them had gone to a university outside Binhai.

When he was busy in the south until late at night and couldn't find mu ru, he contacted Dongfang Yu. He wanted to ask him if he had any news about Mu ru, but Dongfang Yu's phone couldn't be connected.

In the end, after much difficulty, he managed to get information from a Hao's subordinates. Dongfang Yu had already found mu Ru's whereabouts. It seemed that she had been taken to the sea by Nangong Xun. Dongfang Yu, uncle Liu, and a Hao chased after her on the yacht.

Therefore, Dongfang Jun could only wait by the sea because he did not know where the direction was. Moreover, when he arrived, Dongfang Yu had already walked for more than two hours. Even if he drove the yacht, he would not be able to catch up. Moreover, he might have mistaken the direction of the sea.. In the end, it was the opposite of what he wanted.

He waited until Dongfang turned white and knew that the moon was slowly sinking. The Sun was gradually moving through the clouds and trying to climb up. Then, Dongfang Yu's yacht finally returned.

When the yacht had just reached the shore, he immediately went up to welcome it. Uncle Liu jumped down from the yacht and steadied the yacht. Only then did he see Dongfang Yu carrying mu ru out of the cabin. Mu Ru's face was as white as paper and she seemed very fragile.

"What happened to Mu Ru?" When Dongfang Jun opened his mouth, he realized that he had called her by the wrong name. He immediately changed his words and followed beside Dongfang Yu. He carefully looked at Mu Ru and asked nervously.

"She was forced to get married by Nangong Xun and refused to do so. Can't you see that there's a blood bag on her forehead?" Dongfang Yu calmly explained. Then, he carried Mu Ru and quickly walked towards his car.

"Ah?" Dongfang Jun was slightly stunned. He quickly caught up and opened the car door for Dongfang Yu as he said, "then I'll drive for you. Carry her well and we'll immediately send her to the hospital."

Dongfang Yu nodded and threw the car keys to Dongfang Jun. then, he carried Mu Ru and sat in the back seat of the car.

"Don't let big brother know about this." Dongfang Yu hugged mu ru tightly in his arms Then, he said indifferently to Dongfang Jun who was driving, "you know big brother's temper. If he knew that Nangong Xun kidnapped his sister-in-law and forced her to get married, he would probably go against the Nangong family."

"Yes," Dongfang Jun quickly replied. Then, he thought he was smart and said, "when we go back, we will say that Mu ru went to her classmate's house to play."

Dongfang Yu did not say anything. There was only an unfathomable smile at the corner of his mouth. He lowered his head and looked at the woman in his arms. He did not know when she had woken up, but she was looking at him with a cold and sharp gaze. It was as if she wanted to stab him with a knife.

Chapter 107'who do you think is ugly? '

Mu Ru ru was brought back to one inch Mo city by Dongfang Jun in the evening. Dongfang Jun was also the one who accompanied her to hang the drip at the hospital during the day. Dongfang Yu, who had gone through a lot of trouble to save her last night.. He left her in the hospital in a hurry in the morning.

There was a large bandage on her forehead because she had a large Gash. As a result, her thick bangs could no longer be kept, and her ugly forehead was forced to be exposed.

The doctor said that the problem with her wound was not very serious, but she still received a few stitches. Anyway, there was already a birthmark the size of a thumb on her forehead. Now that there was another scar, it did not seem to be too ugly. She did not dwell on the issue of beauty or ugliness.

Instead, when she returned to one inch ink city, Dongfang Mei saw it and could not help but feel her heart ache. She asked softly, "what happened? I went to my classmate's place to play, and I actually bumped my forehead. "

Mu Ru had already arranged a story with Dongfang Jun. Hence, she explained plainly, "my classmate's family is not rich and lives in a village in the city. The street lights downstairs are broken and very dark. It's my first time going there, so I'm not familiar with that place, so I bumped into a utility pole in the dark. "

Dongfang Mei did not doubt her words. She just smiled and said, "fortunately, your forehead did not need to be exposed originally. It doesn't matter. When the Gauze is removed, you can put on your bangs again. You'll still be the original Xi Muru. This scar won't affect you much. "

Mu Ru nodded. She was about to continue when Xi Muxue, who had walked in from the door, said, "Aunt Gu, you're absolutely right. Anyway, even if there are a few more scars on ugly's face, she'll still be ugly. How will it affect her? "

Xi Muru and Dongfang Mei were stunned for a moment and looked at each other.

Dongfang Mei frowned and her expression darkened slightly. Just as she was about to speak, she heard an old, deep and hoarse voice from the elevator. "Who are you calling ugly? "

Everyone was shocked at the same time. Then, they turned around at the same time and saw that Dongfang Mo had already turned his wheelchair over. The cap on his head was still lowered so that no one could see the expression on his face. However, his voice clearly showed that he was angry.

Xi Muxue was instinctively afraid when she heard Dongfang Mo's words because her words were offensive. If Xi Muru's birthmark on her forehead was ugly, then Dongfang Mo was even more so.

However, she knew that such words could only be discussed in secret. She could not say it in front of Dongfang Mo no matter what, so she quickly lowered her head and explained softly, "I didn't say anything about big brother. I was talking about Mu Ru, actually... "

“Xi Muru is my wife,” Dongfang Mo interrupted Xi muxue coldly Then, the old and hoarse voice snorted coldly, “remember, as long as my name is on it, it belongs to me, Dongfang Mo, and I don’t allow anyone to be disrespectful to my private property. Let’s forget about today. The next time I hear it, I definitely won’t be polite to anyone. Don’t blame me for not giving second brother face then. ”

Xi Muxue was so frightened that she did not dare to say a word. She could only curse in her heart. This d * Mn Dongfang Mo, didn’t he say that his skin cancer was going to flare up How did he come back after only going to America for a few days WHY DIDN’T IT FLARE UP? Why didn’t he die quickly?

Chapter 108 are you leaving

When Mu ru heard Dongfang Mo’s words, the pent-up frustration in her heart was slowly released. Before she could open her mouth.. She heard Dongfang Mo, who had turned the wheelchair in front of her, growl coldly, “don’t you know how to fight back when people scold you? Don’t you know how to fight back when they hit you? Are you an idiot? ”

When Mu ru heard this, she was stunned. Then, she could not help but curse in her heart, f * Ck, what kind of person is Dongfang Mo The moment he came back, he had scolded both her and Xi Muxue!

“Let’s eat, let’s eat. Mother Liu, hurry up and bring the food out for dinner, ” Dongfang Mei immediately tried to smooth things over Then, she looked at Dongfang Mo and said, “AH MO, Mu Ru is still obedient. Don’t always be so fierce to her. If one day, you scare her away and she doesn’t want to follow you anymore, I think... ”

“Her legs are on her body. If she wants to run away, what’s the use of me tying her up with a rope? ” Dongfang Mo’s voice was still old and Hoarse. “Aunt Gu, haven’t you heard of the saying that a forcefully twisted melon is not sweet? ” Dongfang Mei’s face was slightly stunned She was a little embarrassed. Just as she was about to speak, she heard her son Dongfang Jun’s voice at the door He used a teasing tone and said, “Aiyo, big brother, don’t be too full of yourself. Maybe one day, sister-in-law will really leave. I’m afraid you won’t even have time to regret it. ”

“leave? ” Dongfang Mo frowned. His sharp gaze hidden under the CAP swept over the woman standing beside him. His old and hoarse voice sounded coldly, “do you want to leave? ”

“No! ” Mu Ru quickly shook her head. Then, she pushed his wheelchair towards the dining table and said softly, “don’t worry. I will always be by your side and live with you. ”

Dongfang Mo’s lips, which were pressed under the CAP, curled up into a warm smile. He patted the chair beside him to signal for her to sit down, then said softly, “help me get some food. ”

“okay, ” Mu ru replied and immediately took his chopsticks to get some food for him. Although his face could not be seen clearly under the CAP, she knew that at this moment, he was no longer angry.

“Ah Yu, why aren’t you back yet? ” Xi muxue sat down at the dining table and looked towards the entrance of the hall. When she saw Dongfang Mo and Xi Muru’s loving appearance, she felt very uncomfortable.

Even though Dongfang Mo looked like a ghost, he really loved Xi Muru. When he called Xi Muru an idiot just now, it was actually to teach Xi Muru how to fight back the next time she was scolded by her.

When she thought of this, she could not help but feel a faint sense of jealousy. Xi Muru was such an ugly freak, yet she was actually doted on by a man. Even though that man looked really scary and was a eunuch, in the end, that man treated her sincerely.

What about her She was so beautiful and had married Dongfang Yu. Initially, she had wanted to use her beautiful face to subdue that Prodigal Dongfang Yu so that he would obediently bow down to her.

However, she did not expect that even though Dongfang Yu was lusting after her body because whenever he returned home, he would do that with her. However, he was not sincere in treating her well. At the same time that he had her, he was still longing for her outside He still did not break up with those women from the past, such as Tang Lili.

When the people at the dining table heard Xi Muxue muttering to herself that Dongfang Yu had not returned, they acted as if a gust of wind had blown past their ears and did not hear it. Everyone was still eating their dinner, and no one paid any attention to her.

Chapter 109: embarrassment

Mu Ru was kidnapped by Nangong Xun. Last night, she crashed into a wall and was forced to drink. After Dongfang Yu rescued her, she was met with Dongfang Yu's method of detoxification!

In short, she was mentally and physically exhausted, especially since Dongfang Mo was back tonight. When she thought about how she and Dongfang Yu had clung to each other on the yacht last night, she was so ashamed that she could not show her face.

Therefore, after dinner, she used the excuse that she was not feeling well and rushed upstairs. She walked into the room, locked the door immediately, took her pajamas, and went into the bathroom.

She filled the bathtub with water and poured half a bottle of shower GEL. Then, she rushed out of the mountain of bubbles and drowned herself in the bubbles.

She was very tired. Her body had been tormented by Dongfang Yu until it looked like it was falling apart. However, she could bear the physical tiredness, but she could not bear the mental tiredness. She even felt nauseous and wanted to throw up.

Whenever she thought about how Dongfang Yu did that thing with Xi muxue every night and then did that thing with her last night, she would feel all kinds of pain and discomfort. She did not know how she should face Dongfang Yu in the future.

She lay in the pile of bubbles, thinking about all sorts of things. She did not know when she had actually fallen asleep, until a familiar deep voice rang out from outside the bathroom door. "Xi Muru, how long are you going to stay in the bathroom? Are you going to use the bathroom as a bedroom?"

Only then did she wake up in shock. She hurriedly climbed out of the Bathtub. Because there were too many bubbles on her feet, the floor was filled with water, so she accidentally slipped and fell in all directions

Xi Muru's head hit the floor heavily. The pain was so great that she could not help but cry out, "OUCH!"

"Xi Muru, what the hell are you doing inside?" Dongfang Mo's voice came from outside the door.

What the Hell was she doing What the Hell was she doing Wasn't she scared by him?

Before she could answer, she had already used the key to open the door and pushed it open.

Mu Ru was struggling on the extremely slippery floor. Because too much shower gel had been poured into the water, the water was very slippery on the floor. Also, because she was too anxious, the more she wanted to stand up, the more she could not.

Dongfang Mo saw her struggling and dead appearance. Her face, which looked like an old tree bark covered with Leeches, was squeezed together because of anger. She looked even more terrifying than the devils in horror movies.

He turned the wheelchair in with force and reached out to grab Mu Ru's arm, which was still struggling on the ground. With a little force, he pulled her up from the ground.

"Ah!" Mu Ru shouted loudly. Her hands and feet danced in the air for a moment, then she threw herself into Dongfang Mo's arms uncontrollably. Her hands grabbed at him randomly, trying to grab something to stabilize her body.

Thus, she was placed horizontally on Dongfang Mo's wheelchair. In her fluster, she grabbed his shoulder with one hand and reached her other hand under his lower abdomen, and then... ..

Before she could react, her entire body was thrown into the air again, directly into the bathtub. Fortunately, there were many bubbles in the bathtub, and there was a thick pillow placed on the bathtub pillow, so her head did not suffer any further impact.

"Why aren't you quickly recharging the water to wash yourself clean?"

The old and hoarse voice was obviously filled with suppressed anger

"You're an idiot. You have to put so much shower gel in your shower. Have you never used shower gel before?"

Chapter 110 was like that

After being scolded by Dongfang Mo, Mu Ru suddenly felt that she was really an idiot. Because the things that had happened in the past two days were silently proving that she was indeed an idiot.

She lowered her head and did not say anything. She just silently stretched out her hand to adjust the water temperature of the TAP. Then, she turned the temperature of the water to the maximum and let more water into the bathtub to disperse the bubbles.

The water was very high, and the water spilled out of the bathtub and splashed onto the floor. She kept her head down like a child who had made a mistake, so much so that she did not even know when Dongfang Mo had left.

She finally finished showering. The floor was no longer slippery after being washed by the clear water for a long time. By the time she got dressed and went to the bedroom, Dongfang Mo was nowhere to be found.

She did not have to worry about where he had gone, because he had always come and gone without a trace. She only took a blow dryer to dry her hair, then turned on the recording pen that Dongfang Jun had given her, plugged in the headset, and stuffed the headset into her ears. Only then did she get into bed and quietly listen to class to sleep.

Dongfang Jun had bought the headset for her during the day when she was at the hospital hanging up the drip. Because Dongfang Jun had asked her that listening to the recording pen was useless, she had been submissive and said that it was too noisy at night and that she was not paying attention.

She did not know what Dongfang Jun meant by 'too noisy at night', but he had bought this earpiece to give to her. He smiled and said to her, "as long as you put the earpiece in your ear, no matter how noisy the outside world is, it won't affect you anymore."

Mu Ru thanked Dongfang Jun. She knew about the earpiece because when she was in high school, Xi Muxue played MP3 and showed it off in front of her. She even said that it was best to listen to English with an MP3 player.

Of course, she did not use an MP3 player. The only thing she had was a playback player that was a few tens of dollars. She had bought it at the market and used it to play English tapes. Fortunately, mother Wang never said that she was noisy, so she learned English by using that playback player.

She had seen earphones before, but she had never used them before. However, now that she was using them, she felt that they were really good. When they were stuffed into her ears, all she could hear was the sound of the teacher's lecture in the recording pen.

She did not know if it was Dongfang Yu who did not use them or if the quality of the earphones that Dongfang Jun had bought for her was too good. In short, Mu Ru was not disturbed by the ambiguous and exaggerated screams of the people next door that night.

Because she did not have to go to school, she was used to waking up early during this period of time. Every morning, she would go to the kitchen to help mother Liu prepare breakfast for the entire family. This was because she was a person who could not stay idle and could not get used to sleeping in.

Nanny Liu liked her more and more. When she saw her, she would always say, "first young Madam, you're such a good person. You're hardworking, sensible, and considerate. It's a blessing for the eldest young master to marry you."

When Mu Ru heard this, she could not help but laugh bitterly in her heart. Perhaps only nanny Liu had such thoughts. Dongfang Mo did not think that marrying her was a blessing, right? Because he always called her an idiot.

Just as she was about to answer nanny Liu, before she could say anything, Dongfang Yu's voice came from the dining room, "Xi Muxue, what do you mean by stopping me here?"

"Where did you go last night?" Xi Muxue's voice was clearly filled with anger and dissatisfaction. "Why didn't you come home all night?"

Mu Ru only came to a realization after listening to their conversation. It turned out that the reason she didn't use the earpiece wasn't because Dongfang Jun gave it to her, but because Dongfang Yu didn't use it to go home last night. No wonder the person next door didn't use his voice.
