### Chapter 1021 is for my daughter, right

However, she didn't know if that person was using a public phone booth to Concoct Porridge, but he couldn't finish it even after a long time. She was a little irritated and was about to go to the phone booth across the road when she heard someone calling her from behind.

"excuse me, are you Ms. Ru Yu?" The man's voice had a certain magnetism. She instinctively turned around, but she was stunned in an instant.

Because, this was actually the man that she met at the bathroom door of the wing Zhan Hotel last night. He was extremely playboy, but she didn't expect that she was the one who had picked up her phone.

The man in front of her was dressed in a suit. The suit on his body was also pressed flat without a single wrinkle. If it was not for the Amoeba Tie, he would have looked a little too serious.

The man had an extraordinary appearance. He stood beside her elegantly and gentlemanly with a faint smile on his face. He handed over her phone very politely and gentlemanly.

"Who is the little boy who called you this early in the morning?" The man asked with a smile when she reached out to take the phone.

"Is my daughter okay?" Ru Yu answered a little impatiently. Then she remembered that he said she cried in public last night. She actually didn't have a good impression of this man who looked like a playboy.

Look, what kind of men are they Last night, her crying had nothing to do with him. He actually wanted to say something and picked up her phone. Now, he actually came to ask who the little boy who called her was Was He from the Household Registration Office?

Taking the phone, she quickly searched the phone book in her phone and prepared to call Li Jiajun. She had to entrust the case between herself and Jin Zhengnan to him.

However, when she opened the phone book, She was shocked to find that there was only one person's contact name in the entire phone book. This name was extremely unfamiliar to her now. The other contacts had all mysteriously disappeared.

"Who is Lei Zhenyu?" Ru Yu gritted her teeth and glared at the handsome man in front of her. "Why did you delete the other contacts in my phone book?"

"Lei Zhenyu is me." The man still had an elegant smile on his face as he looked at the angry woman in front of him He continued to explain in a gentlemanly manner, "there are a lot of contacts in your phone book, and I don't want to drown in the sea of people, so I can only strike first and kill them all in advance, leaving only my name on it. You, this way, you won't forget me, right?"

"It's a pity that I have no interest in people like you, and I don't want to remember you." The moment ru Yu spoke, she immediately deleted the name without hesitation. Then, she turned around and walked directly to her car She didn't even bother to look at this man.

Lei Zhenyu looked at the woman who had already opened the car door and got into the car. A funny smile appeared on his face. He had just returned to the country, and it was not a bad thing to meet such an interesting woman.

Right, she just said that the Little Milk Bun who called her this morning was her daughter. She was so young, and her daughter was already so old. Well, she was actually only five or six years old.

However, based on his understanding, Che Ru Yu and Jin Zhengnan had only been married for three years. Moreover, the two of them didn't have a child. Then, where did her daughter come from?

### **Chapter 1022 who is the man who answered your phone**

Ru Yu quickly got into the car and stepped on the accelerator. She quickly drove to the flashy villa in the suburbs. On the way, she received a call from Lin Yuxin. Of course, she was concerned about her current situation.

"It's okay," she said to Lin Yuxin as she drove. "It's not like you've known me for a day or two. Don't you know who I am? Am I so easily defeated?"

Lin Yuxin said angrily, "Of course you're not that easy to defeat, but why did you leave so early?" "Also, who was the man who answered the phone for you?" "could it be that you were provoked by Jin Zhengnan and Lan Ruoshui last night and got so angry that you found a strange man to share a bed with?"

Ru Yu didn't know whether to laugh or cry when she heard Lin Yuxin's words. This guy was probably a little older than her, but he wasn't that much older than her. What was wrong with him? His hormones were so high that he couldn't think of a man and a bed at any time?

Thus, she hurriedly said to her, "don't worry, Lin Yuxin. I won't get injured by one man and immediately hide in another man's arms to cry. It's even more impossible for a strange man to do that."

When she drove back to Che Qixuan's villa, she found that both Che Qixuan and Pu Yongjun weren't at home. She didn't know which country the two of them had gone to for a vacation.

She didn't know how long the two of them had been gone for, and the part-time workers were obviously lazy. They probably hadn't come to clean up for two days, and there was actually some dust in the house.

If it were any other time, she would have been in the mood to help clean up, but today she was in an extremely bad mood, so she couldn't be bothered with it. She directly moved her luggage upstairs to her own room, and then called Li Jiajun.

Li Jiajun's phone was originally stored in the phone, but that hateful Lei Zhenyu deleted it. Fortunately, she still had a copy of the phone book, so she quickly found it and called him.

The phone rang for a long time, and just when she was about to lose her patience, it was picked up. Li Jiajun's voice carried the magnetic characteristic of a middle-aged man. "Yu Yu, what's wrong? Who bullied you? Why did you suddenly want to call me?"

Hearing his gentle concern, Ru Yu's mood gradually improved. Then, she cried out a little coquettishly, "Uncle Jiajun, I'm in trouble. I want to file a lawsuit. Now, I'll entrust this lawsuit to you..."

Ru Yu told him about her lawsuit with Jin Zhengnan over the phone. Finally, she said, "in short, I want all of his property to be mine. I want him to become a pauper. I want to see how that Damn woman will love him."

Li Jiajun listened to her narration over the phone and couldn't help but wipe his sweat. Then he whispered, "Ru Yu, you're not in a rush for this lawsuit, are you?"

"Of course, why not?" Ru Yu said angrily, "I can't let that B \* Stard couple have a good time. Jin Zhengnan wants to find a lawyer. I don't believe that he can find a lawyer more awesome than Uncle Jiajun."

Li Jiajun couldn't help but laugh when he heard her on the phone. Then he quickly said, "Ru Yu, it's not that Uncle Jiajun doesn't want to help you, but your aunt is pregnant now. You know, this old pregnant woman has a higher risk of miscarriage in the early stages of pregnancy. Otherwise, why did she ask you to go to the charity gala on her behalf last night? I'm accompanying your aunt to recuperate in the countryside of Jeju Island. I estimate that she'll only be able to return to Seoul after three months... "... "..."

### **Chapter 1023 elderly pregnant women**

Ru Yu then remembered that last year, she brought Pu Zhihui to find Lin Yuxin. It seemed that Lin Yuxin had introduced Auntie Zhihui to a infertility specialist. However, she did not expect that Pu Zhihui, who was already 45 years old, would actually be pregnant.

In the end, Li Jiajun recommended a lawyer to her. He was a colleague of his law firm and also his junior brother. He was very famous in Korea and was good at fighting all kinds of lawsuits. He was not even 40 years old, so he could be considered young and promising. He asked her to contact him.

Ru Yu agreed immediately. Although she was not very familiar with lawyers because she had never fought a lawsuit before, so she did not have to deal with lawyers. However, Li Jiajun was the most famous lawyer in Korea. And Li Jiajun's law firm was the largest law firm in Korea. His colleagues were naturally also among the top experts.

Therefore, she quickly called the lawyer that Li Jiajun recommended. However, when she asked for all of Jin Zhengnan's family assets on the phone, the other party very tactfully told her that this really could not be done. At most, it would only be an equal share of the family assets.

She was so angry that she didn't say anything. She hung up the phone without saying anything. If it was just splitting the assets equally, why would she still go to court? She could just sign the divorce agreement and forget about it.

Unfortunately, she didn't want to let that cheating couple off so easily. However, from the current situation, it seemed that it was almost impossible to make him bankrupt through the divorce.

After hanging up the lawyer's call, she became a little irritated. She didn't sleep well last night. Now, she returned to her bedroom three years ago. She took out the bedsheets, blankets, and other bedding from the storage cabinet and spread them out on the bed. Then, she fell asleep in a daze.

This sleep lasted until night. When she woke up, it was already dark. Alright, her rumbling stomach reminded her that she had not eaten for an entire day, no, a day and a night.

She was very hungry, and at this moment, she was not in the mood to go to the kitchen to get food. So, she instinctively got up from the bed and went to the bathroom to wash up. Only then did she prepare to go downstairs.

Just as she picked up her bag, her phone rang. She immediately took it out. It was Lin Yuxin's again. She yawned and answered the phone as she went downstairs.

"Ru Yu, where are you?" Lin Yuxin's loud voice sounded. "I'm at your door. I only heard the sound of dragging. I pressed the doorbell for a long time, but you couldn't get up to open the door. Did you sleep to death?" "Was it really that tiring to find a man to share a bed with last night?"

"F \* Ck, who found a man to share a bed with?" Ru Yu retorted angrily. Then, she opened the door with one hand and looked around. "Lin Yuxin, what the hell are you talking about? I've already opened the door and walked into the courtyard. Why didn't I see you?"

"What? Do you have a courtyard at home?" Lin Yuxin yelled on the phone. "Your apartment on the 19th floor, isn't the entrance a corridor? Where did you get a courtyard? Did you travel through time?"

Oh, damn it. Only then did Ru Yu remember that she had already returned to her father's place. So, she quickly said, "okay, okay, I moved back to my mother's house. How about this, you wait for me there. I'll drive over now..."

"Why did you drive over?" Lin Yuxin could not help but retort. "Let's arrange a place to eat. You drive to the restaurant, and I'll drive to the restaurant too."

"I still have to come back to bring mop. I can't leave it there to starve to death, right?" Ru Yu growled in a low voice, then quickly hung up the phone and started the car.

### **Chapter 1024, the biggest joke**

When Ru Yu and Lin Yuxin arrived at the barbecue shop, it was already past eight o'clock in the evening. Lin Yuxin was born to rip off customers. Ru Yu just casually said, "let me treat you to a meal to celebrate my return to being single."

This was great. Lin Yuxin immediately became impolite. Then, she pointed out that she wanted to come to the most famous barbecue shop in Seoul. She even said that she had not eaten barbecue in a year.

At that time, she was so angry that she glared at her and said, "Lin Yuxin, do you even have a shred of conscience?" "I'm getting a divorce. Although I said that I wanted to celebrate my bachelorhood, in the end, this marriage hasn't been divorced yet. It's still unknown how much money I can get from the breakup. Can't you just say that you're going to eat fried rice cake tonight?"

“Tsk, do I even need to eat fried rice cake at a restaurant? Don’t I know how to Cook it myself?” Lin Yuxin said disdainfully. Then, she looked at the woman in front of her and said, “little feather, do you need to be thrifty? How do you want to squander to squander all of Binhai Dongfang Group? I reckon that you won’t be able to squander all of that in your lifetime, right?”

“Go, Dongfang Group has nothing to do with me.” Ru Yu rolled her eyes at her and took the lead to walk toward the barbecue shop. “I’m Che Qixuan’s daughter. How much property can Che Qixuan leave to me? Don’t I have to earn money to support myself?”

Lin Yuxin shook her head as she watched ru Yu’s back from behind. This guy was really low-key. Not to mention Binhai Dongfang Group’s sky-high price of assets, just her mysterious Father Che Qixuan probably had quite a lot of assets, right?

Of course, this girl, ru Yu, would never admit that she was the daughter of a rich family. She was used to being low-key, so she was too lazy to argue with her about this issue.

The person found a seat near a tree and sat down. It was an open-air barbeque restaurant. Although the weather was a little hot in midsummer, eating barbeque at night was still a form of enjoyment.

Because it was near a tree, it was a little far from the barbeque venue. Lin Yuxin immediately ordered a bowl of cold noodles, saying that the cold noodles here were the best.

Ru Yu had never been used to eating cold noodles, so she ignored her. She just drank ice water and waited for the barbeque. Lin Yuxin, on the other hand, drank the cold noodle soup and said to her vaguely, “ru Yu, have you really decided that you must divorce Jin Zhengnan?”

Ru Yu held the glass of ice water in her hand and sank into the Rattan Chair. She looked at the mouth of the glass that was emitting cold smoke due to the addition of Ice Cubes. She was clearly holding the ice in her hand for peace, but she felt a chill in her heart?

“So what if I don’t divorce him?” Ru Yu smiled bitterly. “I admit defeat. I admit that I failed. Maybe I’m not good at managing a marriage.”

She brought the glass that was emitting cold smoke to her mouth and drank a mouthful. The ice water entered her mouth and went straight to her heart. It was so cold that she shivered immediately.

Once, she was filled with yearning and anticipation for this marriage. So much so that when she got married.. She even confidently said to Jin Zhengnan, “I believe that we are a match made in heaven. We must be the best example of a perfect couple in the world.”

Once, she proudly announced in front of Lin Yuxin and Lan Ruoshui, “Jin Zhengnan, in this life, you can only be my car ru Yu’s man!”

Once... ..

There were so many things in the past that she could never go back to. There were so many confident or conceited feelings. Now, when the inevitable divorce was in front of her eyes, she finally knew that her confidence and conceit had become the biggest joke in the world.

**Chapter 1025 smart women and stupid women**

Lin Yuxin was a bystander to the marriage between Che ruyu and Jin Zhengnan. As the saying goes, a bystander sees everything clearly. Therefore, after the roast meat was served, she began to persuade Ru Yu while chewing on the roast meat.

“Ru Yu, how can you casually say that you want a divorce How can you casually say that you want to give up on a marriage I remember you once said that in this life, other than Jin Zhengnan, you won’t fall in love with a second man. However, when this question came out, the first thing you thought of was not how to solve the problem, but to retreat like an ostrich and surrender.”

At this point, Lin Yuxin stopped and looked straight at ru Yu Then she asked in a low voice, “Ru Yu, do you think that you really loved Jin Zhengnan before? If it was true love, why didn’t you work hard to fight for him? You actually want to divorce him. Aren’t you giving him up to someone else? ”

“fight for him? ” Ru Yu couldn’t help but smile bitterly She said faintly, “how do I fight for him? ” Zhu Deyong said that when a third party appeared in a marriage, a stupid woman would solve the woman, and a smart woman would solve the man. And I definitely can’t be that stupid woman and directly solve Lan Ruoshui. At the same time, I can’t be a smart woman because I can’t handle that man at all.”

Lin Yuxin frowned when she heard her words. She reached out and patted the back of her hand. “Ru Yu, you don’t have to be so pessimistic. Actually, if you want to get rid of those two people, it’s basically... ”

“I only want to handle my own matters, ” ru Yu quickly corrected her. “I’m just an ordinary painter now, leading an ordinary life. My marriage with Jin Zhengnan is just like the marriages of ordinary families in the world. There’s a mistress. I can’t tolerate the existence of a mistress like other wives. Of course, he won’t give me the chance to tolerate it. So, apart from divorcing him, actually... “... there’s no other way.”

“Okay, so now... you don’t love him at all? ” Lin Yuxin said carefully. She had a feeling that ru Yu didn’t actually put Jin Zhengnan down.

Ru Yu rolled her eyes at her. She didn’t want to waste time with her, so she took her chopsticks to get some barbecue meat. She hadn’t eaten anything for a day and a night, and now she could swallow a whole cow.

“since you don’t love him, why do you still let them go so easily? ” Lin Yuxin rolled her eyes at her.

“Don’t you know that your divorce with Jin Zhengnan is actually helping him and Lan Ruoshui? ”

“So what if I don’t help them? Do you want me to hold onto a marriage contract for the rest of my life? ” Ru Yu shook her head and sighed softly. “Yu Xin, you know that this is not my style. Although I don’t want to help others, I also don’t want to feel wronged. ”

“I know that. No one wants to feel wronged. ” Lin Yuxin continued, “but, ru Yu, you have known him for four years and married him for three years. You married him when he was in the most difficult time. You silently supported him and helped him behind his back. He doesn’t know how many things you have done for him. Now that he has succeeded in his career, you actually want to separate from him and push him to that mistress. Is your brain kicked by a donkey? ” Or are you really too great?”

“I definitely didn’t get kicked in the head by a donkey, and I’m not that great.” Ru Yu picked up a piece of meat with her chopsticks and put it into her mouth. “However, you also know that I have my own pride and self-respect.”

### **Chapter 1026 the lawyer who came back from America**

Lin Yuxin shook her head when she heard this. She had no qualms about marrying Jin Zhengnan three years ago. Even though Che Qixuan strongly opposed it, she still insisted on marrying Jin Zhengnan.

“Have you discussed your divorce with your father?” Lin Yuxin reminded her carefully.

“Not yet.” Ru Yu put down the chopsticks in her hand. She didn’t know if it was because of her mood that affected her appetite Today’s barbecue was a little boring. “I was going to tell him when I got home today, but he’s not at home. He probably went abroad again. I’ll tell him when he comes back.”

Lin Yuxin nodded and was about to answer when ru Yu’s phone rang. She immediately motioned for her to answer the call first.

Ru Yu took out her phone. It was a group of unfamiliar numbers. Of course, Lei Zhenyu had deleted all the contacts in her phone. Now, anyone who called her would have a group of numbers in reality.

Because many people did not seriously remember their contact numbers and relied on the phone book, She was not sure if this group of numbers was someone she was familiar with, so she still pressed the answer button.

However, it was not someone she was familiar with. It was the colleague of Li Jiajun, the lawyer who said that it was unlikely that she wanted all of Jin Zhengnan’s assets in the divorce.

This lawyer told her on the phone that he indeed did not have the ability to help her win such a lawsuit. Even Li Jiajun could not do it. However, he had a junior who had just returned from the United States a few days ago. He was an expert in the legal world in the United States. Perhaps.. He could help her.

When ru Yu heard the man say that the man was an expert in the legal world in the United States, she immediately said that it was a done deal. Tell that man that as long as he helped me win the lawsuit, I will give him all the properties that I want.

The other party laughed. He said that the issue of the legal fees was better settled between her and his junior. He was only helping her introduce him. After a few simple pleasantries, he hung up the phone and said that he would give her mobile phone number to his junior He asked his junior to contact her on his own.

Ru Yu hung up the phone and explained the situation to Yu Xin Yu Xin frowned and said, “fine, is the lawyer from America really that awesome?” “could it be that when a man and woman divorce in America, the man has to give all his assets to the woman? If that’s the case, then why didn’t Murdoch become a pauper when he divorced his two previous wives “instead, there’s a huge sum of money to marry Deng Wendi?”

Ru Yu rolled her eyes at her. She was too lazy to discuss this issue with her. She only urged her to hurry up and eat. She said that after lunch, she had to make an appointment with the lawyer from America.

However, before ru Yu could call the lawyer who came back from America, the lawyer sent her a text message first, asking if she was free tomorrow afternoon?

She quickly said that she was not free tomorrow afternoon because tomorrow she was going to her studio. She had been in Taiwan for nearly twenty days. She had been back for two days, but she had not had the time to visit her studio.

In the end, she made an appointment with the young lawyer who came back from America at the starbucks cafe tomorrow evening. When Ru Yu told Yu Xin about this news, Yu Xin could not help but cut off She said that people who had returned from the United States would probably not drink anything other than coffee, right?

Ru Yu smiled. She felt that it was better for this young lawyer to make an appointment at the starbucks cafe because that place was indeed suitable for serious topics such as lawsuits, so she readily agreed.

### **Chapter 1027, I am the person you asked for**

Ru Yu went up to her Feiyu studio the next day. The staff in the studio were still working in the normal order. Even if she was not there, they were still working diligently.

Because she had been away for nearly twenty days and came back with this matter with Jin Zhengnan, the schedule she had previously arranged for the next three months had to be changed Because the first thing she had to do now was to fight a divorce case with Jin Zhengnan.

The secretary in charge of her schedule and work arrangements in the studio was Xun Jing. She was a 35-year-old middle-aged woman who was very refined and had a very good relationship with her.

When ru Yu told her about the changes in her work, Xun Jing immediately rearranged her work. However, a certain client in Japan had ordered a snow landscape painting of Mount Fuji and asked her when she planned to go to Japan?

Ru Yu was a little annoyed and said that she definitely did not have the time at the moment to delay the delivery of the painting until after the New Year. If the other party did not accept the delay in delivery, then she would ask him to find someone else to paint it. She was not interested.

Xu Jingying immediately stopped. She had been ru Yu's daily affairs secretary for five years, so she knew a little about her personality. This girl was a little stubborn, and her temper was not particularly good. Therefore, most of the time, it was the clients who had decided on the painting that had to give in to her. And she rarely gave in to others.

Xu Jingying sighed to herself. Perhaps people who engaged in art needed to have a strange temper. Otherwise, how could so many clients endure ru Yu's bad temper?

Of course, ru Yu did not know that she was a bad-tempered artist in Xu Jingying's heart. She had finished her work during the day and drove to starbucks on time after work in the afternoon. She did not forget her appointment with the lawyer who had returned from the United States.

Perhaps it was the time of the meal, and everyone had gone to eat, so there were very few customers in Starbucks. She chose a seat by the window and sat down. Then, she began to wait for the lawyer who had returned from America.

For some reason, the appointed time was already up, but the lawyer still had not come. She was slightly unhappy. In her life, she hated people who were not punctual the most, not to mention that the other party was a lawyer.

Just as she took out her phone from her bag and was about to take out a text message to retrieve the person's number and call him, a person had already sat down at the opposite seat, and —

Alright, of course, she had seen this person before. At the entrance of the washroom of the charity gala the night before, the man who had helped her deliver her phone the day before — Lei Zhenyu!

"I'm sorry, Lei Zhenyu. I have an appointment with someone at this seat. Could you please change your seat to another one?" Ru Yu looked at Lei Zhenyu, who was sitting opposite her, expressionlessly.

"I'm the person you have an appointment with." Lei Zhenyu had a beautiful smile on his face. "Looks like it's beneficial to wipe out all your contacts. You have indeed remembered my name."

Ru Yu almost instinctively ignored his last sentence. Instead, she looked at him from head to toe with a suspicious gaze. Then, she could not help but ask in puzzlement, "You are the young and promising lawyer Lei who just came back from the United States?"

"I am not young anymore. I am already thirty years old this year." Lei Zhenyu took over her words and looked at her mockingly. "Compared to you, it seems that I am much older."

Ru Yu frowned. Just as she was about to speak, a Starbucks waiter came beside her. She ordered a Latte while Lei Zhenyu ordered an espresso. The waiter politely and thoughtfully asked them to wait for a moment before turning around and leaving.

### **Chapter 1028 was a better way**

"It is said that lawyer Lei can help me get all of my husband's assets during the divorce." Ru Yu and the other waiters walked away and immediately started her main topic for the day. She did not want to waste time because time was a thing. For her or lawyer Yu, it was all related to money.

"What is your purpose for wanting all of his assets?" Lei Zhenyu avoided her topic and asked another topic that he was more concerned about.

"I don't want that pair of dog lovers to have a good life." Although Ru Yu's words were extremely plain, there was also a hint of deep hatred in them. This fully showed her hatred and disgust towards Jin Zhengnan and Lan Ruoshui.

"Then do you think that after divorcing him and taking all of his property, their life will be difficult?" Lei Zhenyu looked at her with a slightly amused look. "Money is a worldly possession. Even if you take his property now, he can still earn money, right? So, this can't achieve the goal of not letting them have a good life."

Ru Yu was stunned for a moment. She had never thought of this problem before. However, other than getting a divorce and taking all of Jin Zhengnan's assets, she could not think of a better way to make the couple suffer.

"If there is a way to make them not be together, are you willing to do it?" Lei Zhenyu saw that Ru Yu was silent and knew that she had heard him, so he immediately voiced out his plan.

"What method can make them not be together?" Ru Yu raised her eyebrows instinctively. She had never thought that there was a way to make Jin Zhengnan and Lan Ruoshui not be together in this world, because in her opinion.. Unless the two of them had a falling out.

"For example, if you marry Lan Ruoshui's uncle," Lei Zhenyu suggested seriously, "if that's the case, Lan Ruoshui's father will definitely not allow Lan Ruoshui and Jin Zhengnan to marry. After all, Jin Zhengnan's ex-wife is Lan Ruoshui's aunt. This is not only chaotic, but it is also suspected of being chaotic."

"good idea," Ru Yu praised him with sarcasm. She could not help but say sarcastically, "lawyer Lei, so this is how you fight a lawsuit in the United States?"

"HAHAHA." Lei Zhenyu could not help but laugh out loud. Then, he said with a serious and modest tone, "you flatter me. This is just one of the ways that you don't want to let that dog couple live well."

"Humph, I'm afraid that only you can think of such a sneaky trick." Ru Yu scoffed at his words. "that Lan Ruoshui is already 26 years old. Doesn't that mean that her uncle is already 40 or 50 years old? In order to break them up, I will marry an old man who is 40 or 50 years old. Do you think I will use this kind of method to kill 800 enemies and damage myself?"

"cough, cough." Lei Zhenyu cleared his throat and said in a low voice, "actually, Lan Ruoshui's uncle is not as old as you say. Of course, he is not particularly young either. This year, he just happens to be thirty years old."

Ru Yu could not help but be stunned when she heard his words. Her body almost instinctively leaned against the seat. Her gaze scanned him from head to toe. Then, she tugged at her lips and said, "you can't be saying that Lan Ruoshui's uncle is you, right?"

"SMART." Lei Zhenyu immediately gave her a thumbs up. "I thought that people who engage in art are more emotional. I didn't expect that Madam Che Ru Yu is actually so rational."

### **Chapter 1029 rationality and Sensibility**

"I am more perceptive," Ru Yu said. If she wasn't perceptive, she wouldn't have foolishly married Jin Zhengnan three years ago. Of course, she didn't say this out loud. But what she said was, "however, I have to be a little more rational when I talk to lawyers. Otherwise, I wouldn't even know how I suffered."

Lei Zhenyu nodded "rationality is normal. Once people are too perceptive, they are prone to make mistakes. Rational people might lose a lot of the so-called romantic things, but you have to admit that rationality reduces your unnecessary harm much more than sensibility."

Ru Yu looked at him like that. After a long while, she said, "It seems that Lei Zhenyu had once been emotional, right?"

"Yes," Lei Zhenyu answered very honestly. Then, he looked at her and said, "to be honest, Madam Che, I was indeed emotional when I was young. However, that was in the past. The current me is very rational. I know what I want and how to arrange my own life. Of course, you might say that I have stayed in the United States for too long and learned the indifference and heartlessness of the European and American people."

Ru Yu's lips twitched, but she didn't make a sound. Lei Zhenyu picked up his coffee and took a sip. Then he continued, "actually, the Americans aren't really cold and heartless. Look at their soldiers on the battlefield. No matter what, they have to find their teammates. Even if their teammates are sacrificed, they have to find his body and bring it back. This fully shows that Americans have feelings. However, their feelings are quite rational, and rationality, actually..."

"Alright, I understand the importance of reason." Ru Yu quickly used her hands to stop Lei Zhenyu from continuing the topic. Then, she said with a slight headache, "alright, tonight, you gave me two answers. One was that you couldn't help me get all of my husband's assets. The other was that you gave me a lesson on reason."

"I also gave you a chance to stop them from being together," Lei Zhenyu quickly added, afraid that she would forget this point.

Ru Yu nodded and beckoned for the waiter to pay. However, Lei Zhenyu took the initiative to take out the cash and handed it to the waiter. Then, he smiled and said to Ru Yu, "how can I let the lady pay for coffee with the goddess?"

"Aren't foreigners rational to the point of going Dutch?" Ru Yu pushed her cup of coffee money in front of him. "since you want me to be a little more rational, then I'll go Dutch with you?"

"Hehehe," Lei Zhenyu laughed again and put away the money unceremoniously. Then, he smiled and stood up. "Let's go, Ms. Che ru Yu. Let's drink the coffee and find a place to have dinner."

"sorry, I have an appointment tonight." Ru Yu instinctively refused. She was not very interested in Lei Zhenyu's proposal.

Lei Zhenyu nodded and did not force her. Then, he walked her to her car like a gentleman. However, before he walked to her car, he saw a person reversing to the side of Ru Yu's car from afar. He probably wanted to park in it.

The parking space was actually not small, but of course, it was not particularly big. After all, this was a land where every inch of land was expensive, so the parking space was just right. The driver of the modern car was probably a novice, so not only did he not reverse the car into the parking space.. He was also very unlucky to have knocked off the bumper of Ru Yu's car.

Ru Yu instinctively cursed in her heart. Did she have to be so unlucky? Her marriage was broken by someone. Now that she was out for coffee, even her car could be broken by someone.

**Chapter 1030 she did not need sympathy**

The man had crashed his own car and jumped out of the car. It turned out to be a young man around 20 years old who had just gotten his driver's license.

Ru Yu wanted to scold him, but seeing his apologetic face, she could not even say a word of reproof. She only told him to repair it at the 4S shop.

The car was damaged. She could not drive back by herself, so she wanted to hail a taxi. Lei Zhenyu asked her which area she lived in very gentlemanly, and she said the east side. He immediately smiled and said that he also lived in the east side, which happened to be on the way, so he could give her a ride.

Che Ru Yu originally wanted to refuse, but Lei Zhenyu said that it was the peak season for taxis. Moreover, didn't Ms. Che Ru Yu advocate contributing to environmental protection Nowadays, the whole world advocated frugality. carpooling was also one of the ways of frugality, wasn't it?

Ru Yu was slightly stunned. Then, she looked at the busy taxis on the street. It was true. It was the peak season for getting off work at this time. She estimated that she might not be able to hail a taxi even if she stood by the roadside for half an hour.

Therefore, she very rationally chose to take a ride with Lei Zhenyu. While sitting in the car, Lei Zhenyu brought up the topic of the starbucks just now, asking her if she was willing to cooperate with him.

Ru Yu frowned instinctively and asked with some confusion, "since you are Lan Ruoshui's uncle, why don't you let her have it easy? Could it be that she has a deep hatred with you? "

"I don't have a deep hatred with her. " Lei Zhenyu's voice was very calm. He looked at her from the side and said, "it's just that I don't like her. I hate people who go to other people's families the most. Even if it's my own niece, I still hate her very much. "

"Do you want to destroy her love just because you don't like her? " Ru Yu did not comment on Lei Zhenyu's opinion. She shook her head and said, "there are many people in this world who don't like her. You can choose not to look at her, right? "

"So you mean that you plan to let them go and let them live a carefree life? " Lei Zhenyu avoided the topic of Ru Yu and quickly changed the topic to her. "Don't you want to take revenge on them? "

Take revenge on them Ru Yu's heart immediately skipped a beat. Lei Zhenyu was referring to Jin Zhengnan and Lan Ruoshui Judging from his tone, was he trying to help her However, she had always had a strange temper. The thing she hated the most was to accept help from strangers.

"You mean you want to help me? Why? " Ru Yu asked without batting an eyelid. She had only met three men, so why should she be so nice to her?

"Didn't you say that you wanted to make their lives miserable? " Lei Zhenyu asked instead of answering. He looked at her from the side and said, "I don't want them to have a good life either. So, we can come together for the same purpose. "

Well, they even came together for the same purpose. This person really just came back from the United States. Look at him. He was so rational that he didn't even have any emotions. He could even do it to his own niece.

“My business is my business, and your business is your business. I don’t want to mix things up with you, ” ru Yu said very rationally. She looked ahead and said, “I don’t need sympathy. ”

This marriage was a gamble that she had made three years ago. In fact, during these three years, Jin Zhengnan had been extremely cold to her. She wasn’t stupid, and she more or less knew that there was a hidden danger in her marriage
