

## never divorce 1041

### Chapter 1041 — Getting single again

After signing the papers, they handed the divorce papers to their respective lawyers. This was because they would go to the relevant departments to get the divorce papers for them. However, the two parties had nothing else to do. This relationship, this marriage.. The curtains had already closed with their signatures.

Ru Yu and Jin Zhengnan walked out of the law building one after the other. Just as they walked out of the door, they met Lan Ruoshui with a smug smile on her face in the parking lot outside. It was very obvious that she had been waiting for the news here for a long time.

Lan Ruoshui saw Jin Zhengnan walk out and immediately flew into his arms like a little bird. The little bird nestled in his arms and asked with concern, “Zhengnan, have you finished the procedures?”

“Yes, it’s all done.” Jin Zhengnan touched her hair and said gently, “the divorce certificate should be ready this afternoon.”

Lan Ruoshui couldn’t help but smile proudly. However, she quickly hid her pride in her heart and turned around to look at the relaxed Ru Yu. She could not help but say hypocritically, “Ru Yu, although you and Zhengnan are divorced, we are still good friends, aren’t we?” From the perspective of a good friend, I want to give you a few words of advice. Don’t be as overconfident as you were four years ago. In the future, when you look for a man, open your eyes a little wider. Don’t be like this again... ..”

“Miss Lan Ruoshui, thank you for your concern. However, I have to remind you. It seems that today, it is only me and Jin Zhengnan who are getting divorced, and not you and Jin Zhengnan who are getting married, right?” Ru Yu quickly cut off her words. She looked at her coldly and said, “just because I divorced Jin Zhengnan doesn’t mean that you can marry Jin Zhengnan, right?”

“Hehehe, Zhengnan divorced you to marry me.” Lan Ruoshui smiled extremely proudly. Perhaps it was because she was so proud that she was trembling. “Zhengnan and I will get married very soon. When that time comes, please come and bless us.”

“Is that so?” Ru Yu asked coldly. Her gaze did not look at Lan Ruoshui but at Jin Zhengnan. Then, she said sarcastically, “there’s a saying that says don’t be happy too early. I’ll give it to you now.”

After saying that, she immediately opened her car door and got into the car. If she had not been interested in Lei Zhenyu’s suggestion to destroy the relationship between Jin Zhengnan and Lan Ruoshui last night, then at this moment.. A trace of mischief indeed arose in her heart.

Lei Zhenyu was right. What really did not allow this pair of dog lovers to have a good life was not to take all of Jin Zhengnan’s property, but to make them never get married.

Thinking of this, when she stopped at the traffic light intersection ahead, she took out her cell phone and thought of sending Lei Zhenyu a text message to discuss the matter of cooperation.

However, when she opened the phone book, she found that it was empty. She remembered that she had deleted his name from the phone book in anger that day.

She was a little depressed. It seemed that she had to call Li Jiajun's colleague to ask for Lei Zhenyu's number when she went back.

However, when she was busy in her studio in the afternoon, Lei Zhenyu sent a text message: I have already helped you get a divorce certificate. Do you want to come out tonight to celebrate your return to single?

Return to single It seemed that she really should celebrate, so she did not hesitate to reply with one word: good!

### **Chapter 1042 was suitable for marriage**

The place where Lei Zhenyu invited her to celebrate her Bachelorhood was a Chinese restaurant. To be more precise, it was a hotpot restaurant, and it was a famous mountain city hotpot restaurant.

Lei Zhenyu said that it was better to celebrate her bachelorhood, and hotpot was the symbol of happiness. Look at that big, Red Pot. There were all kinds of things in it, and it was boiling with boiling water. How jubilant was that?

Ru Yu smiled bitterly when she heard this. Actually, agreeing to come out to celebrate her bachelorhood was just an excuse to comfort herself. In fact, she knew that there was nothing to celebrate and that she could rent it In fact, she wanted to vent her sadness and sadness more.

She really didn't feel very happy after being single. Especially this morning when she was fighting with Jin Zhengnan at the law firm for a pipe and a matchbox, her heart was in so much pain that she couldn't even breathe.

Those empty matchboxes, those matchboxes that were neatly arranged in the storage cabinet like the Great Wall, had actually piled up into a castle. However, she had unknowingly entered the castle during these three years and could no longer escape.

"Why did you take the initiative to become my lawyer?" Ru Yu picked up the ice water and looked at the man sitting opposite her who was using a colander to leak out the pepper floating on the surface of the boiling water.

"because you don't have a lawyer," he answered very naturally. "You signed the divorce agreement with him. If he has a lawyer and you don't, you will lose in terms of your aura. I don't want you to lose in terms of your aura."

Ru Yu was stunned when she heard this. She did not have a lawyer. However, she did not expect Lei Zhenyu to be so thoughtful for her, so she did not blame him for the time being.

"Do you always think so thoughtfully for your client?" Ru Yu put down the cup in her hand and frowned instinctively.

"Of course not." Lei Zhenyu finally finished scooping up the pepper inside He looked at her with a faint smile and said, "usually, I'm responsible for whatever the client wants me to be responsible for. I don't think about other people's interests when there's no entrustment agreement."

“then why are you so positive about my divorce case? I remember that I did not sign a entrustment agreement with you last night.” Ru Yu was even more confused.

“because I want to marry you,” Lei Zhenyu said with a shocking tone, but he still had a faint smile on his face. “Didn’t I suggest it to you last night?”

“I have considered your proposal today, but marriage is not an act after all.” Ru Yu’s eyebrows quickly locked into a beautiful “Chuan” as she looked at the man opposite her. She reminded him lightly, “I think as a lawyer, you should understand the importance and sanctity of marriage, and not force it together for some purpose.”

Lei Zhenyu nodded and waited for her to finish. Then, he said very seriously, “let’s not say that I’m a lawyer first. Just say that I’m a 30-year-old man. Of course, I also know the meaning of marriage. In this world, no matter how great and holy love is, the final result is to show its authenticity through marriage. However, marriage doesn’t necessarily have to be based on love. Marriage is actually a marriage where the man and woman who think each other is suitable for each other form a family. Then, the two of them will walk hand in hand for the rest of their lives until the day of birth, old age, illness, and death. The emphasis here is not on love, but on being suitable.”

“that you mean, you think we are very suitable for marriage is it?” Ru Yu’s heart thumped for a while, and then quietly asked.

### **Chapter 1043: Three slaps**

“I feel that we are very suitable for marriage,” Lei Zhenyu said truthfully. “first of all, our ages are more suitable. You are 26 and I am 30, both of which are suitable for marriage. Secondly, I also said yesterday that if we get married, we can help you beat down the men and women who have betrayed you. To you, this is killing two birds with one stone. Why not?”

“PFFT...” ru Yu spat out a mouthful of ice water that had just reached her mouth. Fortunately, she turned her head quickly and did not spit it into the boiling hot pot in front of her. However, she spat it into —

Alright, she quickly turned her head to the aisle and spat it out. It happened to be on the body of a woman who had just walked past the aisle.

“Che Ru Yu, you did it on purpose, didn’t you?” Lan Ruoshui’s voice sounded high in the aisle. It was obvious that she was especially angry at the water that ru Yu had spat on her.

Today, Jin Zhengnan and Che Ru Yu had finally divorced. She had finally gotten rid of her status as a mistress and was in an exceptionally good mood. Therefore, she asked Jin Zhengnan to bring her to this mountain city hot pot restaurant to eat hot pot.

They came early and chose a corner by the window. Just now, she was just about to go to the bathroom, but when she walked to the middle of the aisle, a woman suddenly turned her head and vomited water all over her body. What was even more unexpected was.. This woman was actually Jin Zhengnan’s ex-wife, her former best friend, che Ru Yu.

Ru Yu also did not expect it to be such a coincidence. When she saw Lan Ruoshui's beige clothes getting wet from her spit, she could not help but be in a good mood and burst into laughter.

Lan Ruoshui's high-pitched voice naturally reached Jin Zhengnan's ears, who was eating hotpot in the corner. He immediately stood up and walked over, looking at Lan Ruoshui, who had used her hands to pull a large piece of wet dress, and the woman who was smiling brilliantly.

"Che Ru Yu, apologize!" Jin Zhengnan could not help but growl, "apologize to Ru Yu!"

Apologize Ru Yu only felt that these words were extremely funny and harsh. She did not do it on purpose. Lan Ruoshui was the one who came up from behind to catch her vomit, okay She didn't have eyes at the back of her head, so of course she couldn't see her.

If she really wanted to apologize, Lan Ruoshui should be the one apologizing to her, right?

Thus, she said stiffly, "I didn't do anything wrong. I won't apologize. She was the one who didn't have eyes when she walked, and she still blames others, right?"

"SLAP!" A crisp slap landed on ru Yu's face, followed by Lan Ruoshui's angry voice, "who doesn't have eyes? I think you're the one who doesn't have eyes, right? If you had eyes, you wouldn't have ended up like this today, right?"

"SLAP!" "SLAP!" Two clear slaps rang out This time, ru Yu did not hesitate to throw it back at Lan Ruoshui. "It's all thanks to you. In the past, my eyes were indeed covered by dark clouds, but now, my eyes are wide open. I know what kind of person you are."

"Zhengnan, she hit me." Lan Ruoshui immediately snuggled into Jin Zhengnan's arms, her hands holding her red and swollen face. She looked like a doormat. "Zhengnan, you have to help me get justice. I can't let your child's mother hit me for nothing."

Jin Zhengnan used his hand to support the woman in his arms. His cold eyes were filled with anger as he stared at ru Yu's face. He looked at the woman who had slapped ru Yu twice and was proud of herself. He quickly raised his hand He was about to hit ru Yu's face immediately.

Unfortunately, the arm that he had just raised was quickly grabbed by Lei Zhenyu who was beside him. Lei Zhenyu looked at him coldly His deep voice sounded with a warning. "Jin Zhengnan, if you touch a hair on her tonight, I will make sure that you can't walk out of this restaurant. If you don't believe me, you can try."

#### **Chapter 1044, what is intentional**

Jin Zhengnan's face turned from embarrassment to anger. He felt the strength of his hand and looked at the woman in his arms. Then, he shook Lei Zhenyu's hand away and said, "I'm not afraid of you. I'm afraid of hurting the child in Ruoshui's stomach."

When ru Yu heard this, she felt a sharp pain in her heart. She had known Jin Zhengnan for four years, and they had been married for three years. Not long ago, he had attended some occasions with her, and she had also been harassed by others.

Every time, whenever she encountered any danger, she would solve it herself. She had never asked Jin Zhengnan to come out because she had been practicing taekwondo and Sanda since she was young. She did not put ordinary men in her eyes.

Now, when Jin Zhengnan raised his hand and was about to hit her to vent Lan Ruoshui's anger, she finally understood that Love was love. If you don't love, you don't love. In fact, it could be expressed in many small matters.

Ru Yu looked at the woman nestled in Jin Zhengnan's arms. Lan Ruoshui happened to be provoking her with an extremely proud gaze. That gaze was clearly Che Ruyu. Let's see if Jin Zhengnan really loves me. He did it for me.. He can raise his hand to hit you.

She and Lan Ruoshui looked at each other coldly for half a second, then raised her head proudly and looked straight at the man who was just a step away. However, a smile blossomed on her face. "Jin Zhengnan, if it's a mistake to love someone with all your heart and soul, then the end of our divorce today will be me paying for my mistakes in the past. From now on, this love will never hurt me again."

When ru Yu said this, her face was as calm as a year old, and her gaze was as clear as a mirror. Compared to her, who was full of pain yesterday, she was completely like a child who had crawled out of a swamp and undergone the baptism of the sea. Her face was already filled with pride and confidence.

After saying this, she picked up the cup on the dining table next to her and poured a cup of water on Lan Ruoshui's face. "Didn't you say that I spat water on you on purpose? I think you definitely don't know what is intentional, so I'm going to practice it for you now."

After saying this, she turned around and elegantly sat down on the dining chair. The Hot Pot was boiling the food that Lei Zhenyu had just put in. She scooped up a piece of lunch meat with a spoon and started eating.

Lan Ruoshui was so angry that she flew into a rage. When she saw ru Yu sitting down, she immediately broke free from Jin Zhengnan's arms and rushed to the dining table. She raised her hand and was about to slap ru Yu's face.

However, this time, her wrist was quickly grabbed by someone. The person who grabbed her wrist was not Lei Zhenyu, but her own man, Jin Zhengnan.

Jin Zhengnan shook his head at her, indicating that she should forget about it. This was because Jin Zhengnan knew that che ru Yu looked slim and beautiful, but she was actually a trained woman. He had been married to her for three years. Twice, he had seen her chase after thieves and help others fight when she saw injustice.

Such a woman was not gentle enough, but she was very strong. He might not even be able to defeat che Ru Yu himself. In addition, Lan Ruoshui needed to be protected, so he would only be at a disadvantage.

"A person should know his own limits. A wise man submits to circumstances." Lei Zhenyu scooped up the dishes in the hotpot for ru Yu as he said sarcastically, "I think these two sentences are very suitable for Mr. Jin. Mr. Jin, don't you agree?"

Ru Yu was stunned when she heard Lei Zhenyu's words. She thought that Lei Zhenyu really knew how to make trouble bigger. Sure enough, before she could finish thinking, she saw Jin Zhengnan's face darken

Then, he said sarcastically coldly, “Che Ru Yu, you’re quite fast. I really didn’t expect you to find a new lover tonight after we got our divorce certificate this morning.”

#### **Chapter 1045: I won’t say thank you**

The smile on ru Yu’s face became brighter and brighter as she tilted her eyes slightly She immediately mocked him without hesitation, “I also didn’t expect that Jin Zhengnan was such a persistent and affectionate person. For the sake of his old love, he was actually able to abandon his wife and divorce her. I hope that I won’t see the day that you regret it in the future.”

“There’s no need for you to worry. For Ruoshui and the children, I will never regret it.” Jin Zhengnan’s voice sounded as if he was swearing an oath. Then, he looked at Lei Zhenyu, who was opposite ru Yu He could not help but remind her mockingly, “it’s you, Ms. Che ru Yu. This time, you must open your eyes wide and see clearly. Otherwise, you will waste another three years.”

“I am very glad that I wasted these three years.” Ru Yu looked up and met Jin Zhengnan’s gaze with incomparable pride and confidence She said firmly and forcefully, “these three years, I have not been defiled by you. This is not my failure, but my fluke!”

She had indeed lost this marriage. She had lost completely. However, a loser could not lose his position. Jin Zhengnan thought that it was an insult to her that he had not touched her for three years. However, she had to see this as a fluke. She wanted him to know.. She would live an even more exciting life if she left him.

Jin Zhengnan’s face instinctively turned red and white as he watched Lei Zhenyu personally scoop up the dishes from the hot pot and place them on the plate in front of ru Yu. This position had once been exclusive to him.

He blushed again when he thought of the word ‘defilement’ that ru Yu had mentioned earlier. It was obvious that she had turned him into a hooligan. To Jin Zhengnan, who had always thought of himself as a dashing, handsome, young man.. Was undoubtedly an insult.

Lei Zhenyu put down the spoon in his hand and looked up at Jin Zhengnan, who was still holding Lan Ruoshui in his arms He could not help but say softly, “Mr. Jin, I won’t say thank you for taking such good care of ru Yu for the past three years. However, can you take your beloved woman and leave now? We are going to have dinner. I don’t want to be disturbed.”

Jin Zhengnan’s body instinctively stiffened. Then, he looked at ru Yu. At this moment, ru Yu was using her chopsticks to pick up the golden needle mushroom that Jin Zhengnan had scooped up for her to eat. She did not even look at him.

Jin Zhengnan was finally defeated. Although Lei Zhenyu said that he was only a young lawyer who had returned from abroad less than ten days ago, his behavior was elegant, and his face was filled with incomparable confidence. In fact, he was not much inferior to Jin Zhengnan.

However, when he looked at the woman in his arms, he thought of the sacrifices she had made for him over the years. Moreover, she was pregnant with his child. He finally felt that he did not do anything wrong Thus, he held Lan Ruoshui and left unwillingly.

Ru Yu sat quietly at the dining table and ate hotpot. Lei Zhenyu appeared extremely gentlemanly. He had been quietly helping her scoop up the food and did not say anything to her. It was as if the unhappiness that had just happened with Jin Zhengnan did not exist at all.

Ru Yu ate the food silently. She was not in a hurry. The marriage between her and Jin Zhengnan was like a marathon robe. She had been working tirelessly, thinking that everything in the world was the same. As long as you persevered and worked hard.. As long as you kept chasing, there would always be a day of success, and you would always see the light of victory.

### **Chapter 1046: Let's get married**

Only now did she know that in fact, nothing could be generalized. People needed confidence, but to be overly confident and blindly confident was actually a foolish act. Any Foolish Act would ultimately end in failure, so.. Her marriage also ended in divorce.

Lan Ruoshui Moved Jin Zhengnan in a unique way, making Jin Zhengnan think that she had made a huge sacrifice for their love and their happy future.

In Jin Zhengnan's heart, Lan Ruoshui might be the Wang Baochuan who had suffered in the cold kiln for eighteen years, and he himself was Xue Rengui. As for her, che Ru Yu, she was probably that pestering Princess, right?

Thinking of this, she could not help but smile bitterly. Lan Ruoshui had paid for Jin Zhengnan, so did she not have to pay for Jin Zhengnan?

Three years ago, when Jin Zhengnan's company was in crisis, who had given face and used their connections to help him get through the crisis?

However, in Jin Zhengnan's eyes, her efforts were just a piece of cake, while Lan Ruoshui's efforts were to endure humiliation and bear heavy burdens.

Of course, the slap in the face and enduring humiliation could be equated, because they were both doing the same for him. However, Jin Zhengnan loved Lan Ruoshui, so in his eyes, Lan Ruoshui's image was no different from an angel or a goddess.

As for her, Che Ru Yu Although she had given her all for him and helped him, in Jin Zhengnan's eyes, at most, she was just a benefactor.

Now, she and he had finally broken off their so-called marriage, so that he did not have any restrictions. He was about to love his angel and his goddess freely.

As for her, since she was his benefactor, she would be his benefactor one last time. She would let him leave freely and grant him and his angel their wish. She wanted to see how the two of them would compose a poem about their love.

As the saying goes, marriage was a journey that two people walked together hand in hand. However, in her and Jin Zhengnan's marriage, she had always been the one who walked alone. Now, this marriage that she was the only one performing had finally come to a complete end.

However, she had always been a person who would not take revenge when there was hatred. The hurt and humiliation that Jin Zhengnan had given her, and the slander and deception that Lan Ruoshui had given her, she had remembered them all in her heart and would return them to them one by one in the future.

In this world, there was the legend of love between a mountain without a Ling, a heaven without a Ling, and a heaven without a Ling. There was also the legend of love where Jiang Shuijie, Xia Yuxue, and her soul were destroyed by love.

After four years of love and three years of marriage, she decided to let go!

After crying for three days and making a scene for two days, she finally got a divorce!

She remembered that she first believed that love was watching “Liang Zhu” with her classmates. At that time, she was moved to tears by the story of Liang Shanbo and Zhu Yingtai. Especially when they turned into butterflies and danced in the cocoon, it made her cry until her eyes turned red.

Some people said that love was like the moment when a Chrysalis broke out of its cocoon. It was the pain that tore off a layer of skin and pierced through her heart. Many butterflies died from the pain at the moment they broke out of their cocoons!

She had already spent all her energy on love and almost died from the pain. Therefore, she was not willing to do it again. Even if she wanted to break out of her cocoon, she must not become a butterfly. She must become a scorpion that never failed.

“Why don’t we get married?” Lei Zhenyu put a large piece of fat cattle into Che Ru Yu’s plate. Saying this sentence was as simple as saying, “you can eat this piece of beef. “

#### **Chapter 1047 the difference between marriage and love**

“cough cough cough” ru Yu was drinking water and almost choked on it again. She glared at him and said, “don’t tell me you’re serious?”

“Don’t tell me you’re serious?” Ru Yu put down the cup in her hand and looked at him suspiciously. “Do you really intend to marry me?”

“Of course I’m serious. Do I look like I’m not serious?” Lei Zhenyu put down the chopsticks in his hand. He looked at ru Yu and continued the previous topic with a serious expression. “I told you just now that I think we’re suitable for marriage. Marriage is marriage, not love. Marriage doesn’t have to be guided by love, but by the subjective condition of being suitable.”

“A marriage without love, do you think it can last?” Ru Yu shook her head. She looked at Lei Zhenyu with a mocking gaze. “Or, Zhenyu Jun has stayed in the United States for too long and is used to the American lifestyle of racing against time, so even a marriage can directly cut off the long section of the previous relationship and enter a fast-food marriage.”

Lei Zhenyu listened to her sarcastic words and did not make a fuss. He continued to sit upright. He patiently said to her, “there is nothing bad about a fast-food marriage “although many people think that the premise of marriage must be love, they’re actually wrong. Love is an overly emotional thing, and

emotional things tend to go bad. Marriage is rational and sacred. Marriage is a rational thing. As long as you stick to it, you'll definitely be able to do it. But as for love, sometimes, even if you try your best to stick to it, you might not be able to hold it. "

"Hehehe, Zhen Yu Jun is a lawyer after all. He has analyzed love and marriage so thoroughly. " Ru Yu's words were obviously filled with sarcasm. "unfortunately, Zhen Yu Jun's theories are probably just empty words, right "In fact, marriage is also a kind of emotional thing, just like love. It is not something that you can definitely hold on to. I myself am a living example. I held on to my marriage for three years, but in the end, all I got was betrayal and cheating, ending in a divorce. "

Lei Zhenyu still looked at her with a smile on his face. He did not argue with her sarcastic words After she finished speaking, he patiently explained, "Madam Che Ru Yu, of course I know about your situation. And what I said about sticking to the marriage is not for one person to work hard. Because marriage is the responsibility and obligation of two people. As long as the two of US work hard to stick to this marriage, as long as neither of us is willing to give up this marriage, at the same time, both parties must discuss and resolve any issues. We must treat this marriage in a rational way. Cheating and betrayal are not allowed. "

Lei Zhenyu's expression turned grave as he stared at ru Yu Then, he said seriously, "Madam Che Ru Yu, what I said about holding on is completely different from what you said about holding on. I think that as long as both of US follow the bottom line of marriage and adhere to the principles of marriage, then even if our marriage doesn't have any so-called love, I believe that we will be able to persevere. "

"hehehe. " Ru Yu could not help but laugh out loud. Her gaze was cold as she stared at the confident Lei Zhenyu opposite her She said lightly, "since Mr. Lei is so confident and has analyzed marriage so thoroughly, I believe that there are many people in this world who want to stick with you. So, there's no need for you to look for me, a woman who has just been demoted to second-hand status. "

"There are many women like that. " Lei Zhenyu was not angry. He looked at ru Yu sincerely and said firmly, "but, right now, I only want to stick with you! "

Ru Yu was stunned when she heard this, then she laughed again While wiping her mouth with a tissue, she said calmly, "Zhenyu, you just came back to the country, so you might not have much free time. If you have more time and are bored, you can find other girls to talk about your commitment to a loveless marriage. However, I have no interest in your theories and suggestions. "

### **Chapter 1048 past events**

When ru Yu went back at night, Che Qixuan came back unexpectedly. Although she felt a little sad, she still pretended to smile.

"Daddy, have you eaten? Do you want me to make you some Seaweed Bun Rice? " Ru Yu wanted to go to the kitchen as she spoke. She was afraid that if she stood in front of her daddy for too long, he would notice that her eyes were still red and swollen.

However, when she reached the kitchen door, Che Qixuan grabbed her wrist and pulled her to the SOFA to sit down He comforted her in a low voice, "Yu Yu, don't be sad. That man is blind. He married the best

treasure in the world and didn't know it. Now he actually treats a dead fish Pearl as a pearl. He will definitely regret it in the future. "

Ru Yu's eyes, which had been dry for a long time, started to tear up again because of Che Qixuan's words. She was born to be with her father. In this world, she was the closest to her father. Her every move.. Couldn't fool her father.

"Daddy, am I the stupidest and most unattractive woman in the world?" Ru Yu covered her mouth with her hand, tears streaming down her face. She really did not expect that she would fail again.

She could be extremely strong when facing Jin Zhengnan, Lan Ruoshui, or even Lei Zhenyu. However, she could no longer be strong when facing her family.

"Fool, who dares to say that you are not attractive?" Che Qixuan glared at her. Then, he handed her a tissue and comforted her, "alright, don't cry. Leng Rong will come over in two days. If he finds out that you've been bullied, he'll probably throw that person into the Pacific Ocean. "

"What? Leng Rong is coming over?" He wiped the tears off his face with a tissue and looked up at Che Qixuan, "Isn't Leng Rong in Dubai? Why did he come to Korea for no reason? "

Che Qixuan looked at her and chuckled, "why do you think he came over for no reason? He doesn't know about your marriage, and you've forgotten what you promised Leng Rong a long, long time ago. "

"I... I..." Ru Yu repeated the word "I" , but she couldn't go on anymore.

In fact, she had long forgotten about that matter. It just so happened that that damned Leng Rong had to be mentioned from time to time, and he always had a serious look on his face. It made her feel very awkward every time she saw him.

Fifteen years ago, she was only 11 years old. That summer, she went back to Binhai's one inch Mo city for a vacation. She happened to see Leng Rong, whom she had known since she was a child, coming back from abroad, so the two of them played together crazily.

That was when she was 11 years old and Leng Rong was 14 years old. Both of them were children, and both of them were experts in taekwondo. Therefore, they could not help but practice boxing together, go climbing, race cars, and other outdoor activities.

One time, she went rock climbing with him. Because her palms were sweaty, she could not hold on for a moment, and then her whole body was about to fall off the cliff. Leng Rong just happened to be on the side, so she shouted loudly to save him.

Leng Rong smiled and said, "little feather, are you willing to be my bride? If you are, I will save you. If you are not willing, I will not save you. "

At that time, she was so scared that her face turned black. There was a bottomless abyss beneath her, and she did not want to fall. So without thinking, she said, "I am willing. Quickly come and pull me up. I am willing to be your bride. "

"Then shout loudly. I am willing to be Leng Rong's bride. " Leng Rong continued to tease her mischievously. "quickly shout. If you shout, I will come and pull you up. "

## Chapter 1049 plain marriage

After all, she was an 11-year-old child. No matter how bold she was, she was still worried that she would fall off the cliff. Thus, she opened her mouth and shouted, "I am willing to be Leng Rong's bride!"

Because she was in a rush, she shouted very loudly. Not only did Leng Rong hear it, but even Lin Pianran and Zheng Ruizhe who followed behind also heard it.

Of course, after Leng Rong pulled her up, she was immediately pulled over by Lin Pianran and Zheng Ruizhe. The two of them punched and kicked Leng Rong. Leng Rong saved her, but she was severely taught a lesson by Lin Pianran and Zheng Ruizhe. However.. He was not annoyed, but happy.

From then on, whenever she and Leng Rong were together, everyone could not help but call them "the couple". She was so angry that she cried out loud every time, while Leng Rong was happy as if he enjoyed it.

"I have always treated Leng Rong as my brother," ru Yu said weakly as she rubbed her forehead. For so many years, her feelings for Leng Rong were indeed like a sister to her brother.

"I know." Che Ru Yu patted her shoulder She expressed her understanding towards her words. "But Leng Rong has never treated you as his younger sister. Three years ago, when he found out that you were married, he almost died from anger. This time, he came to Korea. If he knew that you were divorced, I reckon that he would definitely tie you up and marry you."

Ru Yu was stunned when she heard Che Qi Xuan's words and did not say anything else. Leng Rong's personality was similar to hers. Some people were stubborn. If they knew that she was currently unmarried, perhaps they would really do such a crazy thing.

Thus, she couldn't help but mutter to herself, "don't tell me I really have to get married as soon as possible? But, how long can a marriage without love last?"

Che Qixuan was about to go upstairs, but after hearing her muttering to herself, he stopped at the stairwell He turned around and looked at her, saying, "actually, you should discuss this with Auntie Hui. She and Li Jiajun met on a blind date. Then, everyone helped to analyze and felt that the two of them were quite suitable to get married. Now that they've been married for ten years, I don't see anything wrong with their marriage."

Ru Yu nodded and stopped discussing this issue with her father. This was because it was impossible for Che Qixuan to get married in this lifetime. Although he and Pu Yongjun were truly in love and the two of them would continue to support each other until they grew old, this kind of relationship between them.. It was very difficult to get the approval of most people in society.

Initially, she did not want to call Auntie Zhihui. However, before she went to sleep, Auntie Zhihui, who was far away in the countryside, took the initiative to call her to ask about her divorce. After knowing that everything had been settled, she was finally relieved.

Just as Pu Zhihui was about to hang up the phone, she asked about the question she had asked Che Qixuan that night Pu Zhihui pondered over the phone for a while before saying, "there are two sides to

everything. It's not that marriage based on love is not good. Some people get married because they love each other. After they get married, they continue to love each other and grow old together. Of course, there aren't many people like this. Most ordinary people get married because they feel that they are suitable for each other. When the two of them first got married, it might not be because they love each other, but because they need a marriage. But as time passes, as people get along with each other, they become dependent on each other and slowly have feelings for each other. This kind of feeling may not be love, but it will definitely last longer than love and make it easier for people to persist until the end... ."

### **Chapter 1050: disrupted plans**

After ru Yu hung up the phone, she thought for a long time that Auntie wisdom must have experienced some sort of realization after nearly ten years of ordinary marriage?

For as long as she could remember, she had always known that Auntie wisdom liked daddy's car. That kind of love came from deep within her bones, but at the same time, she also knew that it was impossible for daddy to respond to Auntie wisdom's love.

It was almost an open secret that Auntie wisdom loved Daddy's car. However, when she was thirty-five years old, she decided that Li Jiajun was a good person after she went on a blind date with him. Then, they entered into a marriage.

Their marriage was very plain. Auntie Hui retracted her previous radiance and the couple followed Li Jiajun. This lasted for ten years. Now, they were both old, but they were still pregnant. It was impossible to say that they did not have feelings anymore.

After carefully chewing on Auntie Hui's words, there was actually some truth to it. A marriage that was not guided by love. If the two of them were sincere, their marriage might be as plain as water, but as long as it could last for a long time.. Perhaps they could reach the end of their marriage.

Of course, there were some people who made their marriage last under the foundation of love. For example, her parents, Dongfang Mo and Xi Muru, their love was earth-shattering. After nearly ten years of long-distance running, it finally came to fruition The two of them finally obtained a hard-won happiness.

Perhaps after living with Che Qixuan and Pu Zhihui for a long time, her personality could not be as soft and strong as Xi Muru's, weak and persistent, so.. She could not be like her mother, Xi Muru, who had a love that reverberated through her heart.

Ru Yu thought that she would never talk to the man who talked to her about insisting on a marriage without love again because that man was a lawyer, and she no longer needed to fight any lawsuits.

Of course, as for Leng Rong's coming, she did not want to meet Leng Rong. So the next day, when she arrived at the studio, she first arranged her work schedule, thinking of leaving Seoul as soon as possible to write a new life somewhere else.

Unfortunately, she hadn't arranged it yet. In the afternoon, her father's phone call had already arrived. She picked up the phone naturally and just as she opened her mouth to call her father, Che Qixuan told her on the phone, "Leng Rong has arrived in Seoul."

Ru Yu couldn't help but call out to buy cakes, then quickly readjusted her work schedule. She had to change her schedule to tomorrow because she was supposed to leave in three days.

"Tomorrow night is Minister Song's mother's 70th birthday. You promised to attend," the secretary urged Jingying to remind the woman who was busy revising her schedule. "Moreover, Old Madam Song also ordered a painting from you. You promised to personally send it over."

Ru Yu, who was about to call the airline to book a ticket, immediately had a headache when she heard what Xun Jingying said. She was so busy that she had forgotten about minister song's 70th birthday.

She felt a little helpless. It seemed that she could not avoid Leng Rong. At this moment, he was definitely waiting for her at her daddy's house. Then, she could only not go back tonight. Although she and Jin Zhengnan said that Jin Zhengnan had left their previous house to her, it had only been one day.. She did not know if Jin Zhengnan had moved out.

In the end, she felt a little helpless. She could only call the gynecologist, Lin Yuxin, and say that she was going to stay at her place tonight. Coincidentally, she was so lonely that she wanted to be her companion.

Lin Yuxin cut her phone and said, "great aunt, I am on night duty tonight. I want to accompany you to the hospital. Why don't you go to my apartment alone and help me stay alone? "
