Chapter 1051: Leng Rong

Even though Lin Yuxin said that she was on night duty tonight, ru Yu still decided to stay at her place for a few days. She was determined not to meet Leng Rong. She had met him three years ago. She estimated that she would have to wait another ten years for Leng Rong to get married before she could meet him again.

However, many times, many people were not people that you could meet just because you wanted to. Of course, it was also not something that you could avoid just because you wanted to.

For example, Leng Rong!

No matter how good ru Yu's plan was, thinking that she would be able to avoid Leng Rong without a hitch, when she walked towards the door of her studio building and walked towards her car.. She saw a man who looked like a playboy leaning against her car door and smoking.

Well, even his smoking posture was so handsome. Besides Leng Rong, she couldn't think of anyone else because even if Jin Zhengnan smoked with a match, Leng Rong was still better than him in terms of his smoking posture.

She was so angry that she sighed and felt a little helpless. Leng Rong, on the other hand, smiled wickedly. When he saw her, he stretched out his hand and said, "Give me the car keys, I'll be your driver!"

"How did you get here?" Ru Yu looked around instinctively and did not find any extra cars. She could not help but exclaim in surprise, "you grew wings and became a bird person. Did you fly here on your own wings?"

"F * Ck, you're the one who became a bird person!" Leng Rong replied in a bad mood. However, he was very gentlemanly and helped her open the passenger door. Then, he casually replied, "I hailed a taxi to come here, okay?"

Ru Yu immediately did an exaggerated action. After she sat in the passenger seat, she stuck her head out of the window and kept looking at the sky.

"Hey, sit tight. I've started the car." Leng Rong saw her like that and could not help but call out to her, "little feather, do you know the traffic rules? What are you looking at? What is there to look at outside?"

"I'm looking to see if the sun rose from the West today." Ru Yu pulled her head back from the window and glared at him, "you even hailed a taxi? Didn't someone say that he would never take a taxi?"

Leng Rong rolled his eyes at her, "people are changing, okay? Little feather, don't tell me that in your heart, I will always be the same as I was four years ago and will never change?"

Ru Yu couldn't be bothered with him. He said it himself. In this life, he had already decided that he would never change for anyone. When he said this, he had just broken up with his girlfriend, Chen Linlin.

“What do you want to eat? Since you’re here in Korea, of course I’ll be the host.” Ru Yu quickly changed the topic. Since she couldn’t avoid Leng Rong, she could only face him. The only hope in her heart was that he didn’t want to talk nonsense after drinking.

“I want to eat your seaweed-wrapped rice,” Leng Rong said truthfully. “Let’s go to the mall to buy ingredients and then go to your house to Cook, okay?”

“No!” Ru Yu rejected him immediately. She glared at him coldly and said, “I hate the kitchen the most. It’s not like you don’t know. If you want to eat seaweed-wrapped rice, why don’t you just go to a Korean restaurant?”

“Fine, fine. If I go to a restaurant to eat seaweed-wrapped rice, I might as well go eat seafood.” Leng Rong immediately lost interest. Then, he turned his left hand at the t-junction of the car and said, “then let’s go eat a French feast. Let’s go to the revolving restaurant of the Zenith Star building. We’ll stretch our hands out to touch the stars.”

The Zenith Star building was 100 stories high. The top floor was a revolving restaurant for sightseeing. It was called the Zenith Star building because if you sat in the restaurant, you could see the stars through the glass roof.

Chapter 1052 enemies on a narrow road

The Zenith building originally wanted to reserve a seat, but with Leng Rong’s family background and Che Qixuan’s status in Seoul, it was completely possible for the two of them to ask for a seat at the last minute.

Ru Yu had been to the zenith building before, and that was three years ago. That time, it was Jin Zhengnan who brought her here. That day, Jin Zhengnan took the diamond ring and proposed to her at the Zenith Building’s best stargazing position.

It was October at that time, when the meteor shower was dense. That night, the diamond ring on Jin Zhengnan’s hand and the meteor shower flying outside the window reflected each other. She was so moved that tears welled up in her eyes, and she agreed to his proposal almost without much consideration.

Now, three years had passed. When she came to the Dingxing building again, things had already changed. The man who had proposed to her in the past might now be standing beside another woman, telling her what he had told her before.. Perhaps he had never told her sweet words before.

Of course, the sweet words that Jin Zhengnan told her before marriage were not many. After marriage, there was almost no need to say anything. So, she thought that whatever Jin Zhengnan said to Lan Ruoshui, it should be better than what he told her, right?

“What are you thinking about?” Leng Rong ordered some good food and found that the woman sitting opposite him was still stirring the coffee with her hand. She couldn’t help but shake her hand in front of her eyes. “Come Back, look up and see the handsome man opposite you!”

“handsome man?” Ru Yu rolled her eyes at him. “How handsome? Is he more handsome than the WOK I call stir-fry? My stir-fry is an iron wok. It’s pitch-black. If you’re more handsome than it, at the very most, you’re just a non-stick wok.”

Leng Rong was stunned for a moment before he couldn’t help but laugh out loud. “little feather, I thought you would be very sad and sad, but I never thought that you could be so humorous. It seems that Yun Heng is worrying too much.”

Yun Heng Ru Yu immediately understood. She recalled that girl Mu Yao came over two days ago. It seemed that it must have been her younger brother, Yun Heng, who was cleaning up after them. Good Heavens, her information had been thoroughly investigated by the brother and sister pair.

“What do I have to be sad about?” Ru Yu picked up the coffee and drank it in one gulp. After drinking it, she remembered that it was not red wine but coffee. Moreover, she had been so preoccupied with thinking about things that she had forgotten about her partner. At this moment, she was so bitter that she could not even open her mouth.

“Slow down, slow down.” Leng Rong hurriedly handed her a tissue.

He had to give in to her. Seriously, they had known each other since they were a few years old. He had never seen such a side of her that she could actually drink coffee like this.

Ru Yu only felt that her mouth was bitter, but it was actually her heart that was bitter. Hence, she used her finger to point in the direction of the washroom. She meant that she had to go to the washroom. Leng Rong nodded his head and told her to go quickly. She quickly lowered her head and hurried to the WASHROOM.

There were not many people in the washroom at the moment, and she did not really need to go to the washroom. She was only here to wash her face and rinse her mouth. She constantly used her hand to hold water to drink before spitting it out again. After more than ten times, her mouth was finally less bitter.

“Miss, can you please hurry up? I have been standing behind you for half a day as a pregnant woman,” a slightly familiar voice sounded from behind her.

Ru Yu turned her head around and was shocked to realize that the person standing behind her was actually Lan Ruoshui. At this moment, her hand was placed on her flat stomach, deliberately sticking her stomach forward as if to show that she was pregnant.

“I’m sorry, I haven’t finished washing yet. If you can’t wait, you can go to the male washbasin over there,” ru Yu replied indifferently. Then, she turned around and slowly washed her hands in front of the Washbasin. She had no intention of giving her space at all.

Chapter 1053: Lan Ruoshui’s mistress battle

Lan Ruoshui saw that she was deliberately washing her hands slowly. Thus, she could not help but say mockingly, “Che Ru Yu, you did not defend the position that you should have defended. What’s the use of defending this washbasin now? Do you think you can stop me just by defending a washbasin?”

After saying this, the male Washbasin beside her was already empty, so she quickly walked over. As she washed her hands, she said to Ru Yu in the mirror, "Che Ru Yu, I forgot to tell you. Tonight, Masao, my father, and I are discussing our marriage. Very soon, I will be married to Masao. Of course, if you are willing, you can also be my maid of honor."

"congratulations." Ru Yu's voice was indifferent and distant. She looked at Lan Ruoshui in the mirror, who was proud of herself. She reminded her coldly, "however, there is a saying that says don't be happy too early. Also, don't think that getting pregnant without marriage is a glorious thing."

Ru Yu's voice was a little loud. Coincidentally, the two women who came out from behind heard it. One of them, who seemed to be in his forties or fifties, heard Ru Yu's words and looked at Lan Ruoshui instinctively. Her eyes were immediately filled with disdain.

Lan Ruoshui was so angry that her face turned red. She wanted to scold Ru Yu back, but Ru Yu had already washed her hands and quickly turned to leave. Lan Ruoshui stomped her feet, not caring that the bubbles on her hands had not been washed clean. She immediately followed Ru Yu and walked over.

"Che Ru Yu, wait!" Just as Ru Yu walked to the first stall in the corridor of the restaurant, she was suddenly stopped by Lan Ruoshui who followed closely behind her.

She instinctively turned around, but the moment she turned around, she realized that there were two men sitting in the first stall. One was a middle-aged man around fifty years old, and the other was..

Alright, it was her ex-husband, Jin Zhengnan!

Jin Zhengnan obviously did not expect to meet Ru Yu here. He was frowning when he saw Lan Ruoshui walking over. She proudly pointed at the middle-aged man and introduced him to Ru Yu, "Ms. Ru Yu, this is my father, Lei Zhensheng. I think you should have heard of Lei Zhensheng's name in Korea, right?"

"Of course I've heard of Mr. Lei's name." Ru Yu's expression was indifferent. Although she never dreamed that Lan Ruoshui's father was Lei Zhensheng, she did not show any surprise on her face.

"Dad, this is Zhengnan's ex-wife, Che Ru Yu." Lan Ruoshui winked at Lei Zhensheng. Then she said proudly to Ru Yu, "tonight, we have agreed on the wedding of Zhengnan and me. We have already decided on the date. It's the ninth day of the next month. There are only twenty days left. I will definitely personally send an invitation to Ms. Ru Yu."

Ru Yu's face was still calm and indifferent. She nodded at Lei Zhensheng indifferently and distanced herself from him as a greeting. Then, she said indifferently, "that's good. I do hope to attend your wedding. However, you must not disappoint me."

After saying that, she did not even look at Jin Zhengnan. She immediately turned around and walked towards her own seat. In her heart, she instantly understood why Jin Zhengnan would suddenly divorce her.

Lei Zhensheng was a Korean real estate tycoon. Although she was not considered to be one of the richest people in Korea, the LEI's real estate was also among the top ten in Korea. Jin Zhengnan was preparing to enter the real estate industry. At this moment, having such a father-in-law.. It was probably much more promising than having a painter wife like her, right?

Of course, there was no denying the fact that Jin Zhengnan and Lan Ruoshui were in love. After all, Lan Ruoshui's pregnancy was the best proof!

With love as a guide and family background as a backing, Lan Ruoshui's battle for the position of mistress was really very beautiful!

Chapter 1054: the Pheasant that flew on the branch

"What's wrong?" Leng Rong looked at her with a serious face. She couldn't help but look at the corridor where she had stood for a moment. "Did you run into any trouble?"

"No," ru Yu said faintly. She used her hand to stir the milk that he had asked for for her while she was in the bathroom. "I just ran into a pheasant that flew on the branch."

A pheasant that flew on the branch Leng Rong was stunned for a moment before he understood. Then, he smiled and said, "then why are you still paying attention to her? She's just a pheasant. You're a real phoenix. Why do you have to stoop to the level of a pheasant?"

"I didn't want to lower myself to her level, but who knew that she would turn herself into a Phoenix and laugh her head off in front of me? It seems that if I don't teach her a lesson, she really wouldn't know that she's just a peasant chicken."

"Fine, tell me. What lesson do you want to give her?" Leng Rong immediately put down the knife and fork in his hand and looked at ru Yu opposite him. He said, "as long as the empress gives the order, I'll do the rest for you."

"I don't want that peasant chicken to marry Jin Zhengnan," ru Yu said faintly. She looked at Leng Rong with a smile that was not a smile. "because their marriage makes me feel disgusted."

"That's just a matter of words." Leng Rong did not care at all. "I'll directly find someone to kidnap that woman and throw her into the deep mountains and forests of a certain country. I'll let her fend for herself. Won't she be unable to marry that stinky man?"

Ru Yu looked at him with a mocking gaze. "Leng Rong, you're already 29 years old. Can you not be so childish and EASILY KIDNAP PEOPLE? This is a dirty trick, okay?" "Moreover, that chicken's father is Lei Zhensheng. Lei Zhensheng seems to have a business relationship with your father, Leng Leiting, right?"

"What? Lei Zhensheng's daughter?" Leng Rong frowned instinctively and could not help but shake her head. "That's not right. Doesn't Lei Zhensheng have no children? Madam Lei doesn't seem to be able to give birth. Why did another daughter suddenly appear?"

"I don't know about that." Ru Yu shook her head. She was not interested in the family history of those wealthy and noble families She said indifferently, "this pheasant and I have known each other for several years. In the past, she always said that she was an orphan and had no parents. But today, just now, she introduced her father, Lei Zhensheng, to me."

"If she really is Lei Zhensheng's daughter, then it might be a bit difficult." Leng Rong showed a hint of embarrassment on her face. Then she said with a wry smile, "I wouldn't sacrifice my looks to marry that pheasant first, would I?"

“GOOD IDEA!” Ru Yu immediately clapped her hands. “Then let’s do it this way. You immediately call your father, Leng Leiting, tonight and tell him that you like Lei Zhensheng’s daughter. Can you ask him to propose to Lei Zhensheng?”

“Go, are you dreaming?” Leng Rong glared at her coldly. She said unhappily, “Don’t think that you have some evil idea in your heart. Not to mention that Lei Zhensheng’s daughter was once a country bumpkin who just flew to the top. Even if she was originally a Phoenix, I wouldn’t marry her. The person I want to marry...”

“AIYO, I forgot!” Ru Yu quickly interrupted Leng Rong’s words. Then, she pointed at her watch and said, “it’s already nine o’clock at night. I have to go to the hospital to get my friend’s keys. I told her that I would stay at her place tonight.”

“Why are you staying at her place for no reason?” Leng Rong glared at her fiercely, stood up, and slowly approached her. “little feather, are you hiding from me?”

Chapter 1055 men without taste

“The taste of life is like a cup of crying coffee...” suddenly, her phone rang. Like a life-saving straw, Ru Yu immediately used her hand to hold Leng Rong’s head that was still closing in on her. With her other hand, she swiftly took out her phone and pressed the answer button.

It was Lei Zhenyu who called. He said that he saw her car in the underground parking lot of the Dingxing building and asked if she was nearby. Coincidentally, he had not eaten, so he asked if he could invite her to dinner.

“Yes, yes, yes, of course,” Ru Yu said the word ‘yes’ in one go, then quickly asked him where he was. When Lei Zhenyu gave her the address, she quickly said that she would be there very soon.

After hanging up the phone, she looked at Leng Rong, whose face was as red as a pig’s liver. She could not help but say apologetically, “I’m sorry, I have a date tonight. You know, a slightly good-looking single woman is like this. There are always a lot of smelly flies hovering around her every day. Of course, she tried her best to avoid it. If she really could not avoid it, she could only brace herself to deal with it.”

Hearing her words, Leng Rong’s face turned pale with anger. He could not help but take out money from his bag and throw it on the dining table while glaring at her. “little feather, who’s the SMELLY fly?”

Only then did Ru Yu think that he was the one she could not avoid and had to deal with. She laughed dryly and said, “I didn’t say that you’re a smelly fly. I just said that it’s a little...”

“enough, I’ll go on a date with you,” Leng Rong quickly interrupted her. Then, with a cunning smile on his face, he said, “since it’s a smelly fly, of course it can’t be chased away, right? Moreover, I’ve just eaten half of my steak and I’m not full yet.”

Ru Yu couldn’t help but cry out in her heart. When did Leng Rong become so difficult to get rid of? No, she definitely couldn’t let him follow her. Otherwise, that smelly mouth of his might say all kinds of nonsense.

Just as she was about to open her mouth to refuse, she heard a familiar voice, “Aiyo, ru Yu, I didn’t expect you to change new lovers so quickly. Yesterday, you just had hotpot with your lawyer, and today, you found another man to come to Dingxing building to watch the stars. How Romantic, Huh?”

Lan Ruoshui’s words were sarcastic. Ru Yu was not a fool, so of course she could hear it. Therefore, she said coldly, “yes, this can only mean that once I’m single, there will be a lot of bees circling around me, unlike a certain fly that keeps stinging that piece of Stinky Dog poop.”

“Ru Yu, I’m stinky dog Poop, but you stung me for three years, didn’t you?” Jin Zhengnan had already stood up, and Lei Zhensheng, who was sitting with them, was no longer there. It was unknown whether she had left or went to the bathroom.

“Your smell only makes me feel extremely disgusted,” ru Yu retorted instinctively. She met Jin Zhengnan’s gaze coldly and said arrogantly, “I’m so glad that I’ve never used your smell before.”

“disgusting. It would be good if you could marry someone as disgusting as Zhengnan.” Lan Ruoshui continued on the side, then looked at Leng Rong with a provocative gaze. Then, she said mockingly, “of course, Miss Ru Yu is a great painter. Even if you can’t marry a good man, you can still raise a GIGOLO.”

“GIGOLO?” Leng Rong’s voice was very long. His gaze was like a sharp blade as it landed on Lan Ruoshui’s face. His lips moved to the sides. He pulled out a trace of sarcasm, “even if I’m a Gigolo, a country bumpkin like you who has flown up to the branches, stripped off your clothes and covered your body with money, I wouldn’t even look at you. Only a man with no taste would take a fancy to someone like you.”

Chapter 1056: Who was wrong

“You...” Lan Ruoshui stomped her feet in anger. She pointed at Leng Rong and said, “who do you think you are? I’m Lei Ruoshui. Let me tell you...”

“Of course I’m not a big deal.” Leng Rong took a step closer to her and snorted, “I’m a human, unlike you. At most, I’m just a big deal.”

“ENOUGH!” Jin Zhengnan growled angrily. Then, he looked coldly at ru Yu and said, “Che Ru Yu, I originally respected you and felt guilty about divorcing you, but I didn’t expect you to be such a person. You brought your new lover to show off in front of us. I really misjudged you in the past!”

Ru Yu only found Jin Zhengnan’s words funny. Who exactly was showing off to whom? If she wanted to show off, why did she have to keep such a low profile with Leng Rong?

Forget it, forget it. She finally understood today that she was indeed short-sighted in the past. How did she take a liking to Jin Zhengnan in the past? And how did she agree to marry him? She was a little confused.

Leng Rong was thoroughly angered. She could not help but point at Jin Zhengnan and was about to fly into a rage. However, ru Yu quickly used her hand to pull her back. She then said indifferently, “let’s go. There’s no need to lower ourselves to their level.”

After saying that, she pulled Leng Rong with all her might and walked towards the elevator. She did not even turn her head to look at Jin Zhengnan and Lan Ruoshui behind her. No, it was Lei Ruoshui.

Originally, she wanted to forget about it after the divorce. That pair of B * stars wanted to be together so that they could be together. However, tonight, she was angered by Jin Zhengnan and Lan Ruoshui. Since they were so proud to announce the victory of their love.. She couldn't wait to reap the fruits of their love. Then, she definitely couldn't let them get what they wanted.

It's not that easy to get married. Lan Ruoshui, since you're an illegitimate daughter, then let the child in your belly continue with your identity. I still don't believe that I can't stop this adulterous couple from getting married.

"Hey, ru Yu, your car is still in the underground parking lot. Where are you going?" Leng Rong saw that she got out of the elevator on the first floor and hurriedly followed her out.

"I still have to go on a date," ru Yu answered without turning her head. She threw the car keys to him. "help me drive the car back. I'll call a taxi later."

"I'm not going to help you drive. I want to go with you." Leng Rong took the car keys and quickly chased after him. "I'm going to protect you. The men in this society are very bad nowadays."

"Do I need your protection?" RuYu was so angry that she didn't know whether to laugh or cry. Shee couldn't help but glare at him. Ohh right, yun called me in the afternoon. Hee said that Fengg Lingzii knows that you're coming to Seoull and she seems to be chasing after you. Itt's said that her flight will arrive at Seoull airport in the evening..."

"What?" Leng Rong was shocked when he heard this. Then, he quickly smiled and said, "then, little feather, I'll drive the car back for you first. Then, I'll go play go with your father. He said that he hasn't played go with him for a long time in the afternoon."

Ru Yu pretended to nod her head. Then, she turned around and walked toward the Yuntian building diagonally opposite the DINGXING building. On the second floor of the Yuntian building, there was a French Western restaurant. At this moment, Lei Zhenyu was waiting for her there.

Walking to the second floor, Lei Zhenyu was waiting for her at the entrance of the French Western restaurant. When he saw her, he said with a smile, "I was just about to call you again. Why did it take so long to come from the DINGXING building?"

"I met an acquaintance and said a few words," ru Yu lied lightly and then walked with him to the reserved table.

Chapter 1057 was a form

"What would you like to eat?" Lei Zhenyu handed the menu card to ru Yu like a gentleman.

"I'll just have a steak." Ru Yu did not even take the menu card. She only said plainly, "I want it well-done and braised at the end. I want to eat it with bones and meat."

Lei Zhenyu nodded and then said the exact words to the waiter who came to help them order. The waiter felt embarrassed when he heard this. Then, he carefully added before leaving, "about that, I'll try to make the kitchen cook longer, but I'm afraid it's a little difficult to braise."

"PFFT..." just as the waiter turned to leave, Ru Yu finally could not hold back her laughter. Fortunately, she had not drunk the lemonade in her hand. Otherwise, she would have sprayed Lei Zhenyu all over.

"seeing you smile, I know you must be in a good mood." Lei Zhenyu smiled and handed her a tissue. "How about it? It's been a day. Have you considered my suggestion?"

Ru Yu shook her head and then said indifferently, "Lei Zhenyu, I'll be honest with you. I'm very afraid of marriage. Even the person I once loved is like that. So, I can't just walk into marriage so easily."

Ru Yu paused for two seconds. She took a sip of water and said, "of course, my conversation with you as a lawyer has made me a lot more rational. So, if I agree to your proposal and marry you, it must be very rational. This has nothing to do with feelings."

"I know. We've only met a few times, how can there be feelings?" Lei Zhenyu nodded and then added, "didn't I say it last night? As long as people stick to each other..."

"I don't want to stick together with you until the day we grow old," Ru Yu quickly cut off Lei Zhenyu's words. Then, she smiled and added, "thanks for your reminder, so I'm very rational now. I agree to marry you. I hope it's just a formality."

"A formality?" Lei Zhenyu obviously didn't understand what Ru Yu meant.

"That's right. We're just going to register and become a legal marriage," Ru Yu patiently explained to him. "Of course, after marriage, we can use the formality. In public, we're husband and wife, but in reality, we're just partners."

Lei Zhenyu's thick brows were tightly knitted as he looked at the woman in front of him. It seemed that he had indeed underestimated her. He thought that people who engaged in art would usually be very emotional. Being dumped by Jin Zhengnan would be painful for several days.

However, who would have thought that she could be so rational in such a short period of time? Moreover, she was much calmer than he thought. It could be considered a strategy between businessmen.

"You mean that you are unwilling to stick with me for life?" Although Lei Zhenyu asked this question with speculation, his tone was filled with certainty.

Ru Yu nodded. Without hesitation, she said, "yes, I have always been a timid person. I used to confusedly give myself up to others, wanting to stick with them for the rest of my life. In the end, I lost completely. So now, I won't be so stupid. Whether it's my heart or my body, I won't casually give it to anyone. The person I originally loved is like that, let alone a stranger."

Lei Zhenyu's face obviously froze. His heart had already turned a thousand times, but his face remained calm. He drank a mouthful of water and asked indifferently, "then, what exactly are your plans? I think that by telling me this, you probably don't want to be so generous as to grant Jin Zhengnan and Lan Ruoshui their wish, right?"

Chapter 1058 was too rational or too emotional

Ru Yu nodded She looked at Lei Zhenyu and said, "I thought about it on the way here. If you really are Lei Zhensheng's younger brother, then after we get married, your father, old man Lei Wanji, would definitely not agree to his granddaughter marrying Jin Zhengnan, right? "

"That's for sure. " Lei Zhenyu answered without thinking. "My father is the most traditional. He would never accept such a complicated relationship. However, the premise is that we have to get married first. If they get married first, then we definitely can't get married. "

"I know that. " Ru Yu nodded She looked at Lei Zhenyu and said, "So, the thing I want to talk to you about today is such a cooperative matter. First of all, our marriage is an agreement marriage. There can't be any substantive problems. Secondly, our marriage is between three to five years. I believe that Lan Ruoshui will at most survive three to five years. If she can't marry Jin Zhengnan in three to five years, she will probably give up. "

"What if she doesn't give up? " Lei Zhenyu reminded her carefully. "What if she is Wang Baochuan and can stay in the cold cave for eighteen years with the child alone? "

Ru Yu looked at Lei Zhenyu with admiration. She didn't expect him to know about Wang Baochuan, because this was not a Korean story, but a Chinese story.

"If Lan Ruoshui is really a Korean version of Wang Baochuan, and she can stay in the cold kiln for five years with her illegitimate child, then I will sincerely wish them well. " Ru Yu said this with utmost sincerity She smiled bitterly and said, "I used to think that I really loved Jin Zhengnan, but now, Lan Ruoshui is using her actions to show that she seems to love Jin Zhengnan more than I do. And I'm doing this because I want to see how much she loves Jin Zhengnan, and whether she can stay with him for three to five years without any complaints or regrets even with her child. "

Lei Zhenyu could not help but laugh when he heard her words. He looked at her teasingly and said, "Madam Che Ru Yu, I thought you were already very rational. It turns out that people who engage in art are always so emotional. "

Lei Zhenyu's words were extremely natural, but ru yu could still hear it from his words. What he meant was, che Ru Yu, you and Jin Zhengnan are formally divorced, but are you really letting go of your heart?

Ru Yu rolled her eyes at him She said a little impatiently, "Zhenyu, I'm not here today to discuss the difference between emotional and rational with you. I just want to ask you, are you willing to cooperate with me? I think that cooperating with you is not to the point where there are no benefits for you, right? "

"Of course. I've never done anything that doesn't benefit me. " Lei Zhenyu had long returned to the calm side of a lawyer He looked at ru Yu and said, "cooperation is fine. Of course, since it's a factor of cooperation, we might have to draw up an agreement. Since it's a marriage, other than the so-called substantive things you said, when I need my wife to appear, such as showing affection, you have to fulfill the responsibilities and obligations of a wife. "

“Of course, ” ru Yu answered without a second thought “For example, I can pretend to be a loving couple with you in your home. For example, I can help you chase away flies that you don’t like. If you like them, you and I can only say one word, and I’ll pretend that I didn’t see them... ”

Lei Zhenyu rolled his eyes at the ceiling when he heard this. It seemed that he couldn’t help but feel puzzled. Was the woman he met too rational or too emotional?

Chapter 1059: A man who pesters people

Ru Yu didn’t go back to her dad’s fancy villa last night because Leng Rong was there. Leng Rong was too difficult to deal with. She couldn’t afford to provoke him, but she could still avoid him.

After negotiating with Lei Zhenyu about the cooperation, she went to stay at Yu Xin’s place. Of course, her car was driven away by Leng Rong. She was going to take a taxi, but Lei Zhenyu offered to send her there.

She wanted to refuse, but Lei Zhenyu reminded her lightly. Since they were going to cooperate, the two of them had to contact and communicate in advance. It was like an athlete’s warm-up before a competition, like an actor’s rehearsal before going on stage. It was quite important.

Well, ru Yu admitted that if she competed with a lawyer in eloquence, she was doomed to suffer. So she chose to respect the lawyer’s decision and let him personally drive her to Lin Yuxin’s rented apartment.

Lin Yuxin was on the night shift and didn’t come back to disturb her at night. Perhaps because she had decided on something, she was no longer so sad and melancholic. Therefore, even though Yu Xin’s room and bed were unfamiliar to her.. She still fell asleep this night.

When she woke up, Yu Xin had already come back from work. There were two breakfast plates on the dining table. Seeing her, she couldn’t help but tease, “ah, this divorce, and you don’t even have a place to live? Did your daddy kick you out? ”

“My daddy didn’t kick me out. ” Ru Yu yawned and took a sip of soy milk. “It’s just that there’s a pestering person at home. I don’t have the time and energy to deal with him, so I hid here. ”

“pestering? ” Lin Yuxin was stunned for a moment before she reacted. Her eyes immediately widened. “Is it a friend of yours from Binhai? Is he a man? Is he a rich man? Since you don’t want him, can you introduce him to me? ”

Ru Yu looked at her infatuated look and shook her head. “His family is very rich. He’s almost a wealthy family. He’s 29 years old this year. Of course, he’s not married... ”

“then introduce him to me, ” Lin Yuxin shouted excitedly when she heard this She grabbed ru Yu’s wrist and shouted, “Ru Yu, are you sure you don’t want him? Then why don’t you introduce him to me, you traitor? You don’t have any sense of friendship. Don’t you know that I dream of marrying into a wealthy family? ”

Ru Yu broke her hand off Then, she said casually, “you can get to know him, but if you want to marry him, I have to make it clear. You have to have the ability to compete with many women. If you are lucky enough to marry him, you have to have the ability to call him when he is in bed with another woman.

Moreover, if you meet him on a certain occasion and he happens to have a certain celebrity or rookie hanging on his arm, you have to have the ability to pretend that you have never met him. Even if a certain woman comes to you with a big belly and tells you that she is pregnant with his child, you have to take out a sum of money to send that woman away without changing your expression and heart. Then, when he comes back at night, you can only tell him as a joke... “. “...”

“Stop, stop, stop.” Lin Yuxin immediately called out the word ‘stop’. Then, she stared at ru Yu with her eyes wide open. After a long while, she said, “is this man that you’re talking about that unfaithful?”

“wrong.” Ru Yu corrected her right to the point. “actually, this man is not unfaithful at all. In all conscience, not only is he not unfaithful, he is also very infatuated.”

“F * Ck, is this still called infatuated?” Lin yuxin rolled her eyes at ru Yu. “Do you know what infatuated means?”

Chapter 1060 marriage agreement

Ru Yu was not in the mood to flirt with her She continued the topic, “the man I’m talking about is really not a playboy. He’s just a playboy. He has a lot of women, but his heart is not in those women. He just... Can’t stand the loneliness, that’s all.”

“Oh, buy some cakes,” Lin Yuxin could not help but cry out in pain. She really wanted to marry into a rich family, but if it was such a man, with her ability as an obstetrician, she probably could not cope with him.

Seeing that she didn’t say anything, ru Yu stopped talking. Instead, she picked up the milk and bread in front of her and quietly ate breakfast.

The relationship between the Leng Family and the Dongfang family had always been very good. When she was just 20 years old, Leng Leiting actually went to the Dongfang family to propose marriage. At that time, her father, Dongfang Mo, thought that Yu Yu was still young and wanted to focus on her career to give a faint rejection.

She also knew Leng Rong’s feelings for her. After all, she had to go back to Binhai two or three times a year. Moreover, on the day of her 18-year-old Bar Mitzvah, Leng Rong skipped school from the United States and rushed to Seoul, giving her a car full of roses and an incomparably large diamond.

But she also knew that she did not have the kind of relationship between a man and a woman with Leng Rong. Perhaps it was because she was too familiar with him, so she had treated him as her older brother since she was young.

Another thing that Leng Rong could not accept was that the women he was with outside could no longer be described as one or two. In the words of the outside world, among the three young masters of Binhai City, Leng Rong was the most arrogant and fearless one, Lin Pianran Zheng Ruizhe was next.

To Be Leng Rong’s wife, not only did she have to be magnanimous, but she also had to be magnanimous. At the same time, she had to be tolerant and tolerant. She could do it so that even if she saw him in bed with another woman, his expression would not change and his heart would not beat She could even go

up and ask gently, “Rong, are you tired? Do you want me to help you wipe your sweat? Do you want to drink some water first before coming back?”

Ru Yu knew that she was too inexperienced to be so capable, so she had always avoided Leng Rong’s passionate and infatuated attitude. Master Leng was someone she could not afford to offend.

After eating breakfast at Lin Yuxin’s house, Lin Yuxin went to the night shift to rest. Ru Yu did not let her send her off. She went downstairs and hailed a taxi to the studio.

Actually, there was no work today. Of course, she could also paint. The key was that she was not in the mood because the sketching schedule had been postponed because of the birthday of Minister Song’s mother tonight.

At noon, Lei Zhenyu came to her studio. Ru Yu had to admit that the work efficiency of a lawyer was much higher than that of a painter because he actually printed out two copies of the proposed agreement and handed them to her.

Ru Yu read the agreement carefully. The agreement was written very professionally and the terms were clear. She felt that there was nothing wrong with it. It was just that the deadline was empty and waiting for her to fill it in.

“Wait.” Lei Zhenyu stopped Ru Yu, who was about to sign the agreement, and then looked at her with a smile. “There’s an additional condition. I didn’t put it in. I just wanted to discuss it with you before adding it.”

“What additional condition?” Ru Yu looked at him without changing her expression.

“It’s like this. DIDN’T WE AGREE TO GET MARRIED? According to your request, the agreement also stated that there was no substantive content in the marriage,” Lei Zhenyu said seriously. Then, he smiled and said to her, “but, you know, many times, many things are not controlled by the terms. I promise that I won’t violate the terms of the agreement, but I’ll allow you to violate the terms of the agreement. If you need it, i...”
