

never divorce 1111

Chapter 1111: a chess piece

Ru Yu originally didn't want to quarrel with Jin Zhengnan, but since Jin Zhengnan had been targeting her time and time again, if she didn't open her mouth, she would be letting the audience down. Moreover, how could she bear to let him sing a one-man show?

Therefore.. She said indifferently and distantly, "Jin Zhengnan, are you particularly disappointed now? I'd rather be someone else's chess piece than watch you and Lan Ruoshui, this pair of dog-woman in cahoots, obtain so-called happiness after deceiving me "I'd rather be someone else's chess piece than wait at home for you to come back and look for me with self-pity and stupidity "So, when I make your arrogant vanity unable to be satisfied, you especially hate me? "

Jin Zhengnan's face was red, white, and black, as unsightly as a Palette. His lips squirmed a few times, but he did not say another word.

Lan Ruoshui, on the other hand, was already in so much pain that her face was twisted She clenched her fists and shouted hysterically at Ru Yu, "Che ru Yu, don't be so smug. I'm telling you, if I can't be happy, you can't be happy either. You're just being used again. Soon, my brother-in-law will throw you away after he uses you. You'll end up in a worse situation if you divorce my brother-in-law than if you divorce Zhengnan. Zhengnan will give you at least half of his assets, but my brother-in-law won't be able to give you a single cent when he divorces you because he'll be kicked out of the Lei family if he marries you. He won't be able to give you any assets at all. "

After Lan Ruoshui finished yelling, perhaps it was because she was too hysterical that caused her pregnancy to be affected. She bent down slightly, her face twisted, then turned around and ran towards the door.

Jin Zhengnan was stunned for a moment, then chased after Lan Ruoshui and ran out. He portrayed the image of a loving man who cared about a woman to the point of being wooden.

Lei Zhensheng was so angry that his face turned green. He pointed at Lei Zhenyu and finally asked in a trembling voice, "Zhenyu, I'm giving you two choices now. One is to go back with me, and the other is to continue to marry this woman here! "

"Even if I choose to go back with you, I want to marry ru Yu and bring my wife back to the Lei family. " Lei Zhenyu's hand tightly gripped ru Yu's hand, and his cold eyes met Lei Zhensheng's gaze There was no fear or compromise at all His firm voice sounded, "I'm sorry, big brother, I can't go back to the Lei family with you alone. I'm already married, and Che Ru Yu is my legal wife. I can't be a man who abandoned his wife and didn't take responsibility. "

"You... you... don't know what's good for you... " Lei Zhensheng was so angry that his whole body was trembling Finally, his face was dark and cold. He gritted his teeth and growled, "Lei Zhenyu, if you insist on marrying this woman, from now on, the Lei family will not be your home. You must never come back to the Lei family. "

“If you don’t want to come back, then don’t come back.” Lei Zhenyu acted as if he was not threatened at all. He snorted and said, “besides, big brother doesn’t have the final say in the current Lei family, right? Father hasn’t said that he wants to kick me out of the Lei family yet.”

Just as Lei Zhenyu finished his words, a middle-aged man in his forties or fifties suddenly ran into the church, panting heavily. Then, he shouted in panic, “eldest young master, second young master, stop arguing. master... Master can’t take it anymore!”

Chapter 1112 the retribution of the chess pieces

“What?” Lei Zhensheng and Lei Zhenyu shouted almost at the same time. Then, they shouted at the middle-aged man in unison, “Achang, where is master?”

“He’s in the hospital. The first young Madam has been sent to the hospital. She’s being treated now. The doctor said to inform all the family members to be present. I think...”

Before Achang could finish his words, Lei Zhensheng and Lei Zhenyu ran out almost at the same time. Achang glared at Ru Yu and then ran out as well.

The church that was still quarreling a moment ago quieted down in an instant. All the guests focused their eyes on Ru Yu. At this moment, Ru Yu truly experienced the feeling of being abandoned in public.

When the retribution of a chess piece came so quickly, even before the wedding was held, Lei Zhenyu had indeed thrown her away at the critical moment.

She walked out of the Church under the watchful eyes of everyone. When she came to the roadside, she reached out and stopped a taxi that had just driven to her side. She immediately opened the door and sat inside. However, tears rolled down the moment the door was closed.

When Jin Zhengnan and Lan Ruoshui had forced her in the church, she was still able to maintain her composure and support herself. She could even use slightly tough words to refute them, not allowing herself to be defeated by them, but allowing herself to chase them away.

When Lei Zhensheng slandered her, she was still able to remain calm and steady. Even though she knew that she was a chess piece, when Lei Zhenyu was on the same side as her, she was not afraid even if she was a chess piece.

However, when Lei Zhenyu and Lei Zhensheng ran out of the church at the same time, she was finally so exhausted that she could no longer support herself. Even as a chess piece, she was mercilessly abandoned by her owner when she still had a tenacious fighting strength.

At this moment, the phone rang. She took it out and saw that it was Lin Yuxin’s. She took a deep breath and pressed the answer button. Lin Yuxin’s anxious voice sounded, “Ru Yu, where are you going? Quickly pull the taxi over. I’ll drive over to find you right away.”

“No need, Yu Xin. I’m fine. You don’t have to come find me.” Ru Yu paused for a moment, then used a tissue to sniff her nose and then said indifferently, “I’m going to Jeju island to relax. I’ll be back in a few days.”

Then, without waiting for Lin Yuxin to speak, she quickly hung up the phone and turned it off without hesitation. She knew that Lin Yuxin would call again, but she didn't want to answer the phone anymore.

"Miss, don't be sad. There are many outstanding men in this world. As long as you turn your head, you can see an even more outstanding man waiting for you," the taxi driver said leisurely in the driver's seat.

"Zheng Junji, you... why are you here?" The moment Ru Yu heard the voice, she suddenly realized that the taxi driver was actually Zheng Junji. She couldn't help but frown. "Zheng Junji, when did you change your profession to be a taxi driver?"

"Hehehe, today." Zheng Junji laughed carelessly. He looked at her from the side and said with a smile, "it's my first day at work, and I met you on my first customer. Do you think we are fated?"

"fated, my ass. Fated?" Ru Yu growled at him. She looked out of the window and said in shock, "Zheng Junji, where are you going to pull me?"

Chapter 1113: Let's go to Jeju Island to get married

Just now, when she got into the car, she was only concerned about her own discomfort. Then, just as she got into the car, Lin Yuxin, that wretched girl, called again. Then, she said some nonsense to Lin Yuxin, and the taxi driver directly drove away without asking her where she was going. At this time, she actually didn't know where he was driving, and she had been in this taxi for more than ten minutes.

"How do I know where you're going?" Zheng Junji shrugged his shoulders and said indifferently, "I'm just strolling on the road now. Oh right, where do you want to go? I'll pull you there."

"I. . ." The moment Ru Yu opened her mouth, she didn't know where to say it. To be more precise, she didn't even think about where she was going.

Because things happened too suddenly, it wasn't within her expectations. In her subconscious mind, even if Lei Zhensheng and Jin Zhengnan, Lan Ruoshui, came, Lei Zhenyu wouldn't go with them. He would always hold the so-called wedding with her in the church, because she believed that he was a person who followed the agreement and the rules of the game.

However, who would have thought that Lei Zhenyu actually left her in the end, so much so that she became a joke all of a sudden. Then, she walked out in a daze and lost her direction.

"Why don't we go to Jeju Island?" Zheng Junji suggested to her very naturally. "..."

"Why go to Jeju Island?" Ru Yu couldn't help but look at him sideways. Most of Jeju island was in the countryside. If she went, she could draw a few pictures or something, but for a loafer like Zheng Junji.. She was afraid that she would get bored after going there for three days.

"Go to Ji Zhou Island and buy a few acres of land, then circle a fish pond," Zheng Junji said in a shocking manner. He looked sideways at Ru Yu, who was in the passenger seat with a shocked expression. Then he added with a smile, "build two more thatched huts, and then we'll get married and have children. How about that?"

“PFFT... ” ru Yu couldn’t help but laugh out loud. Looking at Zheng Junji pretending to be serious, the more she laughed, the more she wanted to laugh.

“Let’s see. Why don’t you follow me? ”ZhengJunji saw her laugh He couldn’t help but say proudly, “promise me that you’ll go to Ji Zhou Island to get married with me. Before I completely squander some of my savings, hurry up and help me control my money bag. Although I don’t have much savings, it’s enough for us to spend the rest of our lives together in the countryside of Ji Zhou Island. ”

Ru Yu was still smiling when she heard his words, but she couldn’t smile anymore. She turned her face to look at the serious Zheng Junji She couldn’t help but remind him coldly, “Zheng Junji, it seems like this is only the fourth time we’ve met, right We don’t know each other at all, and we’re not familiar with each other at all. You actually want to marry me, and even want to live like a celestial couple You... ... Are you out of your mind?”

“F * Ck, are you the one who’s out of your mind? ” Zheng Junji replied snappily, turning to look at her He looked as if he knew what he was talking about. “How are we supposed to know each other “I know that you’re che ru Yu, a painter, and you know that I’m Zheng Junji, a rich young master. Is that enough “Furthermore, I know that you’ve just gotten a divorce and are preparing to enter a second marriage. Look, see, now you understand everything. ”

Ru Yu didn’t know whether to laugh or cry when she heard his words She couldn’t help but say mockingly, “Zheng Junji, do you often use this trick to abduct girls? Unfortunately, I’m no longer a girl. I’m a second-hand woman who has been abandoned. It’s not that easy to abduct me. ”

Chapter 1114: The terrible situation

“Tsk, abducting girls? ” Zheng Junji scoffed at ru Yu’s words He snorted coldly and said, “Ru Yu, don’t you have eyes or something? A handsome, handsome, and rich man like me doesn’t need to abduct girls. Usually, girls take the initiative to stick to me, okay? ”

“But I’m not a girl, and I don’t want to stick to you. ” Ru Yu scoffed at his words and pointed out the window. “pull over. I’d better take another taxi. ”

“No, I’m just about to Elope with you. You can’t take another car. ” Zheng Junji drove the car into the middle of the road. Now that there were cars on both sides, ru Yu had no way to pull him over.

“ELOPE? ” Ru Yu found his words especially funny. She couldn’t help but look at him mockingly. Then, she said playfully, “Zheng Junji, you don’t even know what my family is like, and you’re eloping with me? Aren’t you afraid of being dragged down? ”

“What kind of situation do you want to know, HMM? ” Zheng Junji said indifferently, “I know that you’ve practiced martial arts, so I know that you’re a painter. As for other situations, I can slowly understand them after I marry you. ”

“If you really want to marry me, then I think that there are some special situations that I have to prepare a lesson for you first. If you regret it at that time, then wouldn’t I become a four-handed woman in a year? Wouldn’t I be wronged? ”

“that’s fine. If you have any special situations, just tell me. I’ll see if this special situation can scare me.” Zheng Junji said without much care. He turned his face over and stuck his head over again. He asked teasingly in her ear, “Ru Yu, don’t tell me that your family is so poor that your mother is seriously ill and bedridden all year round, while your father is a gambler who owes a bunch of loan sharks. You still need a few million dollars to repay it, right?”

“Damn, I’ve been a painter for almost ten years. Even if I don’t earn much money, it shouldn’t be to the extent that I can’t even repay my father’s gambling debts, right?” Ru Yu scoffed at his guess. Then, she snorted coldly and said, “alright, if this is considered a special situation, then the world is probably full of special situations.”

“Hehehe, then you mean there are more serious special cases than this?” Zheng Junji did not take it to heart at all. He said indifferently, “fine, if you have any special cases, just say it out and see if you can scare me away. However, I’m already determined to marry you now, so you can’t scare me with any special cases.”

“Aiyu, if I knew you were so good, I wouldn’t have married Lei Zhenyu.” Ru Yu laughed exaggeratedly and turned to look at Zheng Junji’s serious look. She couldn’t help but sigh, “Zheng Junji, why do you treat me so well? Alright, since you’re so devoted to me, I definitely can’t hide anything from you. I’ll tell you the truth about my family’s situation.”

“Is it bad?” Zheng Junji asked casually and then added, “it’s fine. I’ve encountered all kinds of bad situations.”

“actually, it’s not that bad.” Ru Yu thought for a while and then said, “it’s more complicated.”

“complicated?” Zheng Junji looked at her from the side and asked with a faint smile, “how complicated? Tell me.”

“Do you know the real reason why Jin Zhengnan and I divorced?” Ru Yu suddenly asked Zheng Junji.

Chapter 1115: Who’s worse than who

Zheng Junji was stunned. Then he said indifferently, “didn’t he fall in love with Lan Ruoshui? And you often went out to paint, so you gave them a chance. He just mistook a dead fish Pearl for a Pearl. He’s simply a person who hasn’t opened his eyes.”

“Damn, that’s not the truth,” Ru Yu said the ‘truth’ in a serious manner. “As everyone knows, I’m a painter, but many people don’t know how crazy I am about painting. Sometimes, for the inspiration of a painting, I would actually move the easel into the kitchen when I’m cooking. I often hold a spatula in one hand and a paintbrush in the other. In this case, I often mistakenly use Turpentine as cooking oil to cook. Jin Zhengnan ate the dishes I used Turpentine several times and was eventually sent to the hospital to have his stomach pumped. So, he was afraid that one day he would be poisoned to death by me, so he rolled with Lan Ruoshui. His purpose was to leave me.”

“Hehehe, this isn’t a situation at all?” Zheng Junji shrugged his shoulders and pretended to be unconcerned. At the intersection, he drove the car towards the direction of Jeju Island and said casually, “actually, the situation that I encountered was ten times worse than what you said. My mother is a

lunatic and her brain is often abnormal. When I was young, she mistakenly used DDVP as cooking wine to marinate the meat and then fried it for me to eat. Look, I didn't die. Compared to DDVP, Turpentine is too insignificant. I can eat it very normally and don't need to go to the hospital to have my stomach pumped or anything. My Body has been trained by DDVP to be immune to all poisons. ”

Alright, ru Yu was completely defeated by his words. Although she knew that his words were the same as what she said just now and were all made up, she did not scare Zheng Junji away.

“then... I have a seven-year-old daughter. I think you don't mind this, right? ” Ru Yu finally made up her mind and made up an even more complicated and worse situation ...

“What? ” Zheng Junji was really shocked this time. The car that was driving at a fast speed also slowed down. He looked at the woman in the passenger seat with a solemn face and could not help but stare at her with his eyes wide open After a while, he said in confusion, “Ru Yu, you and Jin Zhengnan have known each other for four years and have only been married for three years. Even if the two of you knew each other, you would still be together. That child is at most three years old. How can he be seven years old? ”

Ru Yu could not help but laugh when she heard Zheng Junji's words. She looked at the shocked Zheng Junji and finally felt a trace of ridicule in her heart. Then, she said indifferently, “Zheng Junji, oh Zheng Junji, you still say that you are a bad person. Can you be as bad as me? ”

Zheng Junji frowned and turned his face over. He pursed his thin lips and looked at her, waiting for her to continue.

Ru Yu did not look at Zheng Junji She continued with the topic she had just been talking about, “Zheng Junji, I told you last time that I'm a very good person. Do you believe me now “Jin Zhengnan and I have been married for three years. He still doesn't know that I have a seven-year-old daughter. ”

Zheng Junji could not help but become serious when he heard her talk seriously. He turned to look at her and asked with a frown, “Che Ru Yu, where did your seven-year-old daughter come from? You... are only 26 this year? ”

“when I was 18, I was in my third year of high school. I was just beginning to fall in love. One day, I went to a bar with my classmates and met a 23-year-old resident singer. That was the first time I fell in love with someone. I fell in love with him almost crazily, so I often played truant and went to the bar to look for him every day. I desperately wanted to be with him... “... “...”

Chapter 1116: Who's better at making up stories

As Ru Yu spoke, she quickly gathered in her mind the stories of delinquent girls she had seen in magazines and messy newspapers Then, she tried her best to make it up to one person. “But, you don't know. That poor singer, he didn't have any money and was especially unfaithful. At that time, I wasn't the only one with a girlfriend. At the same time, I was also young and impetuous. I wanted to monopolize him. So, in order to attract his attention, I went to the nightclub to drink. My goal was to get him to look for me and take me away to prove that he cared about me. However, that night, when I drank for the first time, I was in a bad mood. Later, a man bullied me. At that time, he seemed to be

here, but he didn't come up to take me away. He only looked at me coldly and said a few words to those men before turning around and leaving... ". "..."

Zhunji was engrossed in the conversation. Seeing that ru Yu had stopped, he could not help but ask, "then, is your seven-year-old daughter that poor singer's? or..."

"I don't know whose it is." Ru Yu looked at him with a pitiful expression. Then, she said in a low voice, "at that time, I was still so young and didn't know anything. That night, I drank too much. In the end, there were a few men and I didn't know. In short, after that night, that man completely ignored me. I was sad, sad, and in pain. In the end, five months later, my stomach inexplicably grew bigger. I thought it was gas or something. I went to the hospital for a check-up and only then did I know that I was pregnant. Moreover, it was more than five months. Miscarriage was too dangerous. In the end, I had no choice but to give birth to this child."

Ru Yu finally finished her story. She couldn't help but let out a long sigh of relief in her heart. She thought to herself that she really had some talent in writing novels. The story she just made up was about a bad girl who had just fallen in love and was deceived. Then, she was shagged by a few men in a bar. Later, she became pregnant and gave birth to a child... ..

Ru Yu's mind hadn't finished the outline of her novel yet. Zheng Junji's voice sounded disdainful again. "Che, ru Yu, you're really a bad egg. You and I are really a good match. How about this? Since your daughter doesn't have a father, I'll be her father. In the future, you tell your daughter that I'm her biological father. I've been looking for you and your daughter for the past few years. Now that I've finally found them, we'll be reunited as a family."

Ru Yu was shocked by Zheng Junji's words. She looked at him in a daze. After a while, she said, "well, Zheng Junji, you're only 24 years old, right? You're so young. Do you think my daughter will believe you?"

"So what if she's 24 years old?" Zheng Junji scoffed at ru Yu's words. "Isn't your daughter seven years old? Then eight years ago, I was also 16 years old. A 16-year-old teenager and an 18-year-old girl, who unknowingly did bad things and then had a daughter, isn't that enough?"

When ru Yu heard Zheng Junji's words, she was about to scold him, but when she looked up, she suddenly saw a Lamborghini speeding past Zheng Junji's car. Then, it suddenly stopped in front of Zheng Junji's car.

"Stop the car!" Ru Yu shouted almost instinctively. Zheng Junji also noticed the car when ru Yu shouted, so he quickly stepped on the accelerator and stepped on the emergency brake. His 'taxi' finally stopped three centimeters away from the Lamborghini.

"Hey, Lei Zhenyu, do you know how to drive?" Zheng Junji got out of the car and kicked the body of the Lamborghini. "Bastard, do you know that Ru Yu is in my car?"

Chapter 1117 a gentleman is a gentleman

Ru Yu pushed open the door and got out of the car. Lei Zhenyu was already walking towards her. His face was still as modest and gentlemanly as ever. When he approached her.. She could not help but ask

in a low voice, "Ru Yu, we agreed that we would face all the difficulties together no matter what. But how could you suddenly walk away from that wedding?"

Ru Yu stared at him with wide eyes from head to toe. Then, she could not help but laugh out loud, "Zhenyu, between the two of us, who turned around and left first? Who gave up on that marriage first? I haven't scolded you yet, and you have the nerve to blame me?"

"At that time, my father was in the hospital for resuscitation. Achang made it sound so serious that I couldn't care less about explaining to you and ran away," Lei Zhenyu explained patiently, "however, I didn't tell you that I was going to call off the wedding. Moreover, my guests haven't left yet. I'm only going to leave for a period of time. I'll come back and marry you."

"But how do I know if you'll come back?" Ru Yu retorted in a bad mood, "I'm not a worm in your stomach. Besides, I'm a joke standing there alone. Why do I have to be a joke? What if you leave and never come back? Wouldn't I become the laughingstock of Seoul?"

"I called you as soon as I arrived at the hospital, but you turned off your phone." Lei Zhenyu grabbed her wrist and pulled her into his car. At the same time, he continued to explain, "I stayed in the hospital for more than half an hour. When my father was out of danger, I rushed back to the church in a hurry. In the end, you weren't there."

Turned off his phone, Ru Yu remembered. After she answered Lin Yuxin's call, she was in a bad mood. She was afraid that she would nag again, so she turned off her phone, so Lei Zhenyu couldn't contact her.

"Lei Zhenyu, what you mean now is..." Ru Yu looked at him from the side of his car. After a long while, she asked, "you still want to marry me, don't you?"

"I'm a person who follows the rules of the game," Lei Zhenyu answered very seriously. He looked at Ru Yu and said, "our game is not over, so I hope that you can follow our agreement and not back out halfway."

Ru Yu sighed and shook her head when she heard this. Then, she looked at him and said, "Lei Zhenyu, why are you doing this? You and I are getting married, and it's a negotiated marriage. For such a marriage, you might be kicked out of the Lei family, and you might even lose the property that the Lei Family should have. Aren't you shooting yourself in the foot?"

"Are you afraid that I won't be able to support you if I don't have those properties?" Lei Zhenyu's voice was obviously filled with ridicule as he looked down at Ru Yu. Then, he promised, "don't worry, Ms. Ru Yu. Even if you don't work or earn money from today onwards, I won't let you go hungry. Although I can't let you live a rich and noble life, I still have the ability to let you live comfortably."

Ru Yu didn't know whether to laugh or cry when she heard his words. The two of them were clearly in a loveless marriage. It was clearly a transaction marriage with the goal of making profits for each other, but now, Lei Zhenyu was going to break up with the Lei family because of this marriage. It was as if he was going to break up with the Lei family.

“Lord Zhenyu, your current attitude is that you would rather lose everything you have in the Lei family, including your property and status. Do you really want to stick to this loveless marriage with me?” Ru Yu looked at him and frowned.

“Yes!”

His answer was extremely firm. Although it was just a single word, it also showed his determination and determination at this moment.

Chapter 1118: Insist on the wedding

Well, it was said that lawyers were people who could not go back on their words. It seemed that Lei Zhenyu was indeed a gentleman when it came to consistency of words and deeds!

Since Lei Zhenyu was a gentleman, then it seemed that it was impossible for her, Ru Yu, to be a villain in front of him.

Ru Yu felt that it was a little funny to insist on such a marriage. However, she still began to say, “alright then. Since I have promised to persist with you, and since I have promised to face difficulties together, then as long as you insist on this marriage, I won’t give up, okay?”

“This is it. Hurry up and get in the car. I wonder if my friends are still waiting for us at the church.” Lei Zhenyu very gentlemanly helped Ru Yu open the car door and watched her get into the car to sit properly. Only then did he very gentlemanly lean in half his body to help her fasten her seatbelt.

It was just an extremely small action, but it made Ru Yu instantly moved. She had been sitting in Zheng Junji’s car for nearly two hours, but Zheng Junji did not remind her to fasten her seatbelt, and he himself did not fasten it.

“Lei Zhenyu, how can you be so despicable?” Zheng Junji saw Ru Yu get into Lei Zhenyu’s car and could not help but kick his car butt, glaring at Lei Zhenyu with anger.

“Am I despicable?” Lei Zhenyu snorted coldly, looked at Zheng Junji and said, “can I be as despicable as you? Zheng Junji, your interest in her is probably only because I want her to marry me, right?”

“Go, who is it because of you?” Zheng Junji kicked his car door again. Then he looked at Lei Zhenyu provocatively and said, “well, I’m not despicable anymore. I’ll tell you honestly, the Ru Yu’s cultivation is not ordinary. Don’t think that she’s a noble woman. In fact, her past life was a mess. She also has a seven-year-old illegitimate daughter.”

After saying that, he immediately turned around and walked towards his rented taxi. He pulled open the car door and got into the car. Then, Meng Di started the car and quickly backed off, giving a big scare to the cars behind him that were blocked by him. Then, everyone quickly backed off. They were really afraid that they would be hit by this madman.

Lei Zhenyu’s brows were locked tightly in an instant. He looked at Zheng Junji who had already driven away. He shook his head and came to the side of his car. Then, he quickly opened the car door and got into his Lamborghini.

Ru Yu looked sideways at him who had started the car. She could not help but laugh and say, "I really didn't realize that you actually have such a wild side. Driving a car is like driving a speeding car."

"after all, we don't have many interactions between us. In the future, let's slowly get to know each other." As Lei Zhenyu spoke, he had already adjusted the car and drove in the direction of Seoul.

"Are we still going back to the church to hold the wedding?" Ru Yu saw that he was driving very fast and seemed to be in a hurry, so she couldn't help but ask again.

"Yes." Lei Zhenyu turned his face to look at her and then said softly, "I just asked. My friends are still waiting at the church. No matter what, I have to hold the wedding."

Ru Yu no longer gnashed her teeth. This was the first time she knew that Lei Zhenyu's personality was really not ordinary. He said that if the wedding was to be held at the church today, it had to be held. With his personality, he probably wouldn't be able to defeat his older brother, Lei Zhensheng, in the Lei family.

An hour later, they returned to the church. Lei Zhenyu and his friends were still waiting there, but her friend, Yu Xin, had long disappeared.

Chapter 1119 finally got married

Of course, Lin Yuxin could not be blamed for this. She was the one who told Lin Yuxin that the wedding had been canceled, which was why Lin Yuxin did not wait here.

The church wedding was simple and sacred. Lei Zhenyu's friends even went to the wedding dress shop to help her rent a wedding dress, and Lei Zhenyu even took out two ordinary and simple rings.

A priest presided over the wedding, and more than a dozen guests sat below. She and Lei Zhenyu stood on the stage, listening to the priest close his eyes and read the Bible. Then, they listened to him ask if he was willing to stay with him forever.

"I'm willing!" "I'm willing!"

Both she and Lei Zhenyu answered "I'm willing" respectively. Moreover, their answers were extremely straightforward. They did not even think about it. Because, in her heart, this was a negotiated marriage. It was like an act.

After the church wedding ended, it was already past four in the afternoon. Lei Zhenyu's friends still had matters to attend to. Because everyone did not expect that the wedding would be delayed until the afternoon, they all took their leave after the wedding ended.

Of course, his friends came over and gave their blessings. Moreover, two of them had even heard of Ru Yu's name. They joked that in the future, there would be a discount for buying her paintings.

After her friends left, Ru Yu looked at Lei Zhenyu and asked, "well, now that we're married, you can't go back to the Lei family. So, are you still staying in your apartment?"

“mm, it’s good that you don’t mind.” Lei Zhenyu nodded and brought her into the car. He said in a low voice, “for now, we’ll stay in that apartment. After some time, we’ll buy a bigger house and then we’ll move in.”

Ru Yu looked at him sideways and smiled. “Actually, why do you need such a big place? Your apartment is already not bad. The House is just a place to sleep. It’s enough as long as it can fit a bed.”

“Hehe, your requirements are really low.” Lei Zhenyu smiled and drove in the direction of his apartment.

When he passed by a large supermarket, Lei Zhenyu directly drove the car in. Ru Yu saw it and could not help but frown and ask, “Zhenyu, what are you driving here for?”

“Of course I’m going to the mall to buy daily necessities and ingredients,” Lei Zhenyu answered naturally as he drove the car into the parking space.

“To buy daily necessities and ingredients?” Ru Yu stared at him with wide eyes. “What are you buying for?”

“Of course I’m buying daily necessities to use,” Lei Zhenyu answered naturally. “Of course I’m buying ingredients to cook. When we get back, you can cook for me.”

“Cook for you?” Ru Yu stared at Lei Zhenyu who was turning the key with her eyes wide open. “Why should I cook for you?”

“because you’re my wife,” Lei Zhenyu said seriously. “Don’t forget, we’re husband and wife now. In this society, don’t wives cook and husbands eat?”

“F * Ck, who said that?” Ru Yu scoffed at his words He snorted coldly and said, “Zhenyu Jun is a lawyer who came back from America. Don’t you know that this is a feminist society now? And in a feminist society, women’s status should be higher than men’s. So, it should be the husband who cooks for his wife.”

Lei Zhenyu couldn’t help but laugh when he heard her plausibility. He walked around the front of the car to open the door for her, and then said softly, “then let’s do it together. Can we live in a peaceful society?”

Ru Yu nodded and walked towards the entrance of the shopping mall with him. On the way, she could not help but think of the last time she went to his apartment. She could not help but ask, “then, do you have everything in your apartment? You should have everything in the kitchen, right?”

Chapter 1120 the first day of a married couple’s life

“I have large items such as gas stoves and range hoods, but I don’t have pots and pans,” Lei Zhenyu said embarrassedly. “I bought my apartment seven years ago. I bought the gas stoves and range hoods when I was renovating it. After the renovations, I went overseas. It hasn’t even been a month since I came back here. I haven’t cooked or eaten in it, so I don’t have many things.”

Ru Yu nodded. Since she didn't have them, she could only buy them. So the two of them walked into the mall together. Since they had to buy large items first before buying small ones, the two of them first went to the kitchenware area. Of course, they mainly used pots and pans, spatulas, and spoons.

Ru Yu had lived in Korea for more than 20 years. Although she had many Korean friends, she rarely went shopping with them. Even when they went shopping occasionally, they would only buy clothes and skincare products.

This was the first time she had ever bought ingredients and daily necessities with someone. This also let her experience the 'stinginess' of Koreans.

Lei Zhenyu was a typical Korean man. He was particularly careful when buying things. Whether it was pots, pans, or chopsticks, he chose everything very carefully. If he could buy the small ones, he would try not to buy the big ones. Moreover, he had told the salesperson early on that there were only two of them, so he only needed to buy the small ones.

In terms of price, he was even more careful. Under the same quality, he would definitely buy the cheap ones. He also said that the kitchen utensils did not depend on the new style. As long as the style from last year could be used, as long as the price was more reasonable.

Well, it was fortunate that they were in Korea. Otherwise, ru Yu would be embarrassed. She had never gone shopping with Jin Zhengnan in the mall before. She did not know if Jin Zhengnan was so stingy.

Although Lei Zhenyu was not generous, the salesperson was still very enthusiastic. After they bought a lot of things, he even took out two throw pillows and gave them to them, saying that they would give them gifts when they bought the full amount in the kitchen area.

The love throw pillows were a pair of red ones. They were very festive. Lei Zhenyu liked them very much. He took them and handed them to ru Yu. He even said jokingly, "this way, we can sleep with one throw pillow each at night."

Ru Yu's face was embarrassed. She ignored him and followed him to the North Korea area. Since they were going to cook and eat, vegetables were always necessary.

There were many fresh-meat people at night, and the shopping cart that Lei Zhenyu was pushing was already full of things, so ru Yu had to buy the vegetables.

At this time, ru Yu realized that Lei Zhenyu was not easy to serve. She picked up a handful of vegetables. He said that they were not fresh, and picked up a cabbage. He said that it was too long.

Well, at this time, Lei Zhenyu was not picky about the price, but whether they were fresh. Ru Yu could not help but think, Lei Zhenyu, you have forgotten your stinginess and stinginess.

Lei Zhenyu had really forgotten about it. He carefully selected these ingredients and finally chose the freshest vegetables. Of course, they were also the most expensive. This time, he did not even look at the price.

"What kind of meat do you want to eat?" Ru Yu stood in front of the freezer and looked sideways at Lei Zhenyu, who was pushing a shopping cart full of food. "Beef, pork, or fish?"

"This... whatever." Lei Zhenyu looked at the freezer. "just buy it as you see fit. I can eat anything."

Ru Yu did not believe that he was so easy to talk to and that he could eat anything. So she picked up a rib and said, “then burn one rib. The only thing I know how to do is roast ribs with potatoes. Coincidentally, you also picked two potatoes. ”
