### **Chapter 1151: You Know Dongfang Mo and his wife**

He watched as his daughter, who had suffered for more than twenty years, suffered a setback in love. Now, she ended up alone because of Lei Zhenyu. As a father, how could he not feel sorry for her. Thus, he became more and more dissatisfied with ru Yu. He blamed the reason for Lan Ruoshui's current pain on ru Yu.

Ru Yu sat at the dining table of the Lei family and ate. In fact, it was almost like sitting on a needle board. Eating with such a scheming family, even if there was a mountain of delicacies in front of you, you probably wouldn't have the slightest appetite.

It wasn't that she had never eaten at a big dining table, nor had she never eaten a family reunion dinner. In fact, before she married Jin Zhengnan, she had spent every mid-autumn festival and Spring Festival in Binhai. Of course, she had eaten a family reunion dinner with the Dongfang family.

She remembered that the Dongfang family's dining table didn't have a mountain of delicacies during the Spring Festival. Because her mother, Xi Muru, joined the World Environmental Protection Association, she advocated Environmental Protection in everything. The mountain of delicacies wouldn't appear on the Dongfang family's dining table.

Her mother, Xi Muru, had always been a good cook. During the reunion dinner, she would often cook by herself. Many ordinary ingredients could be made into exquisite delicacies in her hands. Ru Yu's favorite dish was her mother's vegetarian belly made from gluten.

"Miss Che, why aren't you eating the Chinese sturgeon?" Lan Ruoshui looked up and saw that ru Yu did not even move her chopsticks towards the Chinese sturgeon. She could not help but mock, "this is a wild Chinese sturgeon, right? Miss Che, it can't be that you haven't eaten it before, right? Do you want me to teach you how to eat it?"

Lan Ruoshui's words immediately attracted everyone's attention to ru Yu. Ru Yu's lips curled into a faint smile. Then, she said plainly, "I remember that Mr. Dongfang Mo said ten years ago that he supported environmental protection from me. The delicacies of the mountains and seas disappeared from the Dongfang family's dining table, and Ms. Xi Muru said that we should stay away from precious animals, especially those that are on the verge of extinction."

"Che Ru Yu, do you know the Dongfang Mo couple?" Lei Taihe retracted his chopsticks that had just reached the side of the Chinese sturgeon's plate and looked at ru Yu in puzzlement.

"HMPH, I guess I've only seen Dongfang Mo's interview in the World Financial Magazine." Lan Ruoshui did not wait for ru Yu's reply and took the initiative to continue, "Dongfang Mo is such a mysterious big shot and the richest man in Asia. It's not easy to get to know him. Dongfang Mo said it casually during the interview, so she took it as a motto."

Ru Yu smiled faintly when she heard this and did not argue. She just looked at Lei Taihe and said faintly, "I'm a painter. I've gone to Binhai to attend some art exhibitions occasionally. It just so happened that

Mr. Dongfang Mo accompanied his wife, Xi Muru, to attend the opening ceremony of the art exhibition, so we've met once before."

"Oh, I see." Lei Taihe nodded. Then he said, "If you don't mention it, I've really forgotten. Dongfang Mo's wife, Xi Muru, used to be our Korean painter, Yan Ru. You went to Binhai to attend the art exhibition. It's normal to be able to see them."

"Eat first. The food is almost cold," Lei Zhensheng said gloomily. Then he turned to glare at his daughter. "Ruoshui, don't talk during meals in the future. Our Lei family's rule is not to talk during meals."

"In my opinion, in the future, we still have to promote environmental protection." As Lei Taihe spoke, he looked at his daughter-in-law, Cai Shaofen. "Who got this Chinese sturgeon?"

### **Chapter 1152. It's not easy to get pregnant when you're fat**

Cai Shaofen's expression didn't even change. She said indifferently, "Dad, you know that I've always been unfamiliar with the kitchen, and I don't know how to cook. Usually, the supervisor is in charge of this aspect. As for this Chinese sturgeon, according to the supervisor, it was Miss Lan who specially came to show her respect to you."

Lei Taihe's face immediately darkened. His sharp gaze swept over Lan Ruoshui, and he didn't say anything. However, the dissatisfaction in his expression was obvious.

Lan Ruoshui's face immediately flushed red. She had spent a lot of effort and money for this Chinese sturgeon. Her goal was to curry favor with her grandfather, and at the same time, to bring honor to her father. This was because only Lei Taihe had the right to drive Ru Yu away.

However, she did not expect that she would be rejected by a single sentence from Che Ru Yu. She was so angry that she gritted her teeth. Damn Che Ru Yu, she had to think of a way to separate her and Lei Zhenyu.

The dinner table that was originally filled with intrigue and intrigue quieted down because Lei Zhensheng had just taught Lan Ruoshui the Lei family's rule of not talking during dinner. However, it became even more depressing because no one spoke anymore.

It was not easy to finish dinner. Ru Yu let out a long sigh of relief. She only wanted to run upstairs. She did not want to stay with such a family.

However, Lei Zhenyu pulled her along and said that they were going to enjoy the moon tonight. The Lei family's rule was to cut mooncakes while enjoying the moon.

Ru Yu was a little helpless. It was not that she did not like watching the moon during the mid-autumn festival. In the past, she would also watch the moon at the right time during the mid-autumn festival. However, tonight, when she was with these scheming people, would she be able to have that kind of elegance?

Of course, regardless of whether she could or not, the Lei family's rules still had to be followed. After all, she was the daughter-in-law of the Lei family. Moreover, Cai Shaofen and Lan Ruoshui had changed into the palace clothes from the past in Korea, just like the palace maids in Chang 'Jin.

Fortunately, Ru Yu lived in Korea for a long time, so she often saw such clothes, so she did not find it funny. However, she did not follow the trend and change into such clothes. Moreover, she did not have such clothes.

Looking at the moon in the small square behind the rockery, the sky in Korea was not good. It was gray, and the moon couldn't come out from the clouds for half a day. Ru Yu could only sit at the side and eat the mooncake with a fork out of boredom.

"Don't eat too much sweet food," Lei Taihe's voice came from not far away, "it's not easy for a girl to get pregnant when she's fat."

"cough, cough, cough." Ru Yu had just put a piece of mooncake into her mouth, and because of her shock, she swallowed it before she had time to chew it, so she kept coughing.

"What's going on? Aren't you a painter? You don't look like a refined person at all when you eat." Lei Zhensheng frowned at the side. It was obvious that he was very dissatisfied with Ru Yu's performance tonight.

Ru Yu immediately fell silent. Alright, this Lei family was pretending. They had many stupid rules. Moreover, wasn't this choking caused by Lei Taihe's words that it was not easy to get pregnant after gaining weight?

Lei Zhenyu rushed over and patted her back. Then, he looked at Lei Taihe and said, "Dad, since the moon can't come out for a long time, Ru Yu and I should go back to our room first."

"okay." Lei Taihe responded from his nostrils. When he saw Lei Zhenyu and Ru Yu turn around, he couldn't help but remind them, "since you're already married, having a child is the first task. Don't just focus on playing."

### **Chapter 1153: The Full Moon of mid-autumn Festival**

Ru Yu and Lei Zhenyu walked towards the Lei family's villa. When they reached the corner, she instinctively turned her head to look at Lan Ruoshui. It just so happened that her and Lan Ruoshui's eyes were clearly filled with hostility that wanted to tear her apart.

She frowned instinctively and almost instantly understood that the so-called break-up between Jin Zhengnan and Lan Ruoshui was probably a cover for death. The two of them probably had other plans, right?

"What are you thinking about? You've been frowning the whole way." Lei Zhenyu pushed the door open and walked into the room that belonged to the two of them with her. When he closed the door behind him, he asked almost instinctively.

"Nothing." Ru Yu shook her head and yawned. She looked at the room. Although there was a bed and a Sofa, the Sofa was a sofa for two after all. It was probably impossible for people to lie down.

Lei Zhenyu saw that she was sizing up the room and immediately understood. There was a teasing smile on the corner of his mouth. He moved his mouth to her ear and said with a light smile, "are you worried that... I really want to cook raw rice with you?"

Ru Yu was slightly stunned and smiled. She pushed his head away with her hand and then reminded him lightly, "Lei Zhenyu, don't forget that we have an agreement. You are a lawyer, so of course you know the principle of abiding by the agreement."

"tonight is the mid-autumn Festival." Lei Zhenyu said a little sadly, "ru Yu, don't you know the story of the full moon of the mid-autumn festival? I feel that the atmosphere tonight is very good."

Ru Yu couldn't be bothered with him. She got up and went to her suitcase to get a set of pajamas. She turned around and walked to the bathroom. She was tired from the long-distance flight. If she was going back to her home, she would have gone to bed long ago. Tonight at the Lei residence.. She was already patient enough to eat and admire the moon.

Lei Zhenyu saw that she was ignoring his tactful meaning and said with a little hurt, "ru Yu, you are really not ordinary conservative. Don't tell me that in your heart, i... Can't even be a bed partner?"

Ru Yu rolled her eyes at him and refused to answer his question. As a modern woman, her thoughts were not conservative at all. Although she had never experienced the kind of things between men and women, the information in this era was very advanced How could she not know what was going on?

Her thoughts were not conservative, but it did not mean that she would casually do that kind of thing with a man. Because she had always been very traditional in her bones. She had always felt that that kind of thing had to be done with the man she liked It was even meaningful to do it with the man she loved. It could not be done as casually as eating.

Of course, she had once loved Jin Zhengnan. After she married Jin Zhengnan, she had also longed to do that kind of thing with him. However, Jin Zhengnan had poured cold water on her and extinguished all of her passion. He had also made her completely give up on that kind of thing.

Now, her thoughts had gradually changed. She no longer believed that the person she married had to be someone she deeply loved. It was fine as long as she felt that it was appropriate.

She also thought the same about that kind of thing. It didn't have to be two people who loved each other deeply. Under the permission of morality and the law, a husband and wife could completely do that kind of thing.

She and Lei Zhenyu were husband and wife, and it was legal. However, the prerequisite was that they had an agreed marriage, and that constantly reminded her that their marriage was aimed at a transaction. Therefore, of course, they couldn't do anything outside of a transaction.

### **Chapter 1154 only warmed the bed for his wife**

In fact, it was not that he had not thought about it. If they lived together for a long time, they would occasionally have to share a bed. Perhaps one day, at a certain moment, the atmosphere was very good, and they were both confused, so they could not help but do something that violated the agreement.

In fact, that kind of thing should not be difficult, right She thought about it the other way around. It was just that she took off all her clothes and then lay on the bed. He was pressing on her body and moving around randomly. It would probably be done in a few minutes or more.

It was obviously a very simple thing, but when she was really in the same room with Lei Zhenyu, they really did not even have time to sleep on the SOFA. The two of them had to lie on the same bed. Lei Zhenyu had even hinted that he wanted to cook rice with her tonight She was shocked to find that, in fact, she was very open-minded. Deep Down, she was still so traditional that it was impossible for her to do such things casually.

Lei Zhenyu was slightly hurt as he looked at the woman who had already walked into the bathroom to take a shower. It seemed that he was a little too confident. When he had signed the agreement, he had promised her not to do anything substantive because he felt that it was a small matter. He was even certain that.. As long as she lived with him, that kind of thing would naturally happen.

However, he did not expect that she was really an eyesore. She completely took the agreement as an imperial edict and did not have the slightest intention of doing so. He could not help but wonder who was more responsible for the failure of her marriage with Jin Zhengnan Jin Zhengnan was outside rolling around with Lan Ruoshui. Could it be that she... .. Was cold in that aspect?

Ru Yu walked into the bathroom and realized that the bathtub was already filled with a bathtub full of flower petals. She frowned slightly. After she and Lei Zhenyu had their meal, they went outside to admire the moon. who was the one who soaked these flower petals?

Well, it was probably a servant of the Lei family. She didn't take it to heart and went straight into the bathtub. The rose petals floated on the water surface and rippled with the water, like satin drifting with the wind.

Ru Yu lay in the bathtub and submerged her entire body in the water. The water temperature was about 38 degrees Celsius. The silk-like caress of her skin was so comfortable that she couldn't help but let out a soft Moan.

It wasn't that she had never taken a flower petal bath before. When she was living at her daddy's house, she often took a flower petal bath. Of course, when she returned to Binhai, it was even more so. Flowers bloomed in one inch ink city all year round. She could take any flower petal bath she wanted.

Later on, when she married Jin Zhengnan, she didn't take a flower petal bath anymore. Because Jin Zhengnan was allergic to pollen, even the shower Gel didn't use those with floral fragrance. She usually bought milk to lubricate the shower GEL.

Ru Yu took a bath for about half an hour. When she came out, she was surprised to find that Lei Zhenyu was no longer sitting on the sofa. She was stunned. Just as she was wondering if he had gone downstairs, Lei Zhenyu's voice came from the bed.

"honey, hurry up and come to bed. I have already warmed the bed for you." Lei Zhenyu smiled very naturally.

Ru Yu did not know whether to laugh or cry when she heard his words. However, she still walked towards the bed and lay down beside Lei Zhenyu She could not help but laugh and said, "it's summer

now, alright? Our Room has an air conditioner on. Zhenyu, are you used to warming up a woman's bed, to the point that you want to help me warm up the bed in the summer?"

Lei Zhenyu immediately became unhappy. He lifted the blanket and got off the bed. He muttered gloomily, "I only warm the bed for my wife. In the past, I wasn't married and I didn't have a wife."

### **Chapter 1155. She really thought he was Liu Xiahui**

"I'm sorry," Ru Yu apologized immediately, and then she sighed softly, "look, although we're in a business marriage, if you sleep with me, you'll probably be at a disadvantage. I've been married before, and even..."

"As long as I don't feel at a disadvantage," Lei Zhenyu hurriedly interrupted her. He knew that she would definitely say that she had slept with another man.

For some reason, when he thought of her sleeping with Jin Zhengnan on the same bed, he actually felt a burning jealousy in his heart. This kind of emotion had completely surpassed the content of their marriage agreement.

Ru Yu immediately fell silent. Since he did not feel that he was at a disadvantage, fine, then she would not dwell on this issue anymore. She glanced at him by the bed and frowned slightly. "Is it still early?"

Lei Zhenyu smiled and then turned around to get his pajamas from the wardrobe and went to the bathroom. Ru Yu was really tired. Even though she was lying on an unfamiliar bed, she could smell the familiar pine fragrance in her nostrils. She closed her eyes and was actually dazed very quickly.

When Lei Zhenyu came out of the shower, he saw a sleeping beauty lying on the bed. She really thought of him as Liu Xiahui. What if he acted shamelessly and did not abide by the agreement?

Shaking his head, he got onto the bed and looked at her lying on the bed, breathing evenly. He pulled the air conditioner and placed it on her waist. He was lying next to her, but he could not fall asleep like her.

Finally, he turned sideways, stretched out his arm, and passed under her neck. With a little force, he pulled her body into his embrace.

Ru Yu woke up almost instinctively. Just as she was about to struggle, he used his arms to stabilize her body, and his thin lips moved close to her ear. He whispered, "we already hugged and slept once, didn't we? I think it felt good that time. Besides, it's just hugging and sleeping. It's not a matter of substance."

Ru Yu was already in a daze. When she heard what he said, her face could not help but turn slightly red. The last time she had her period, he had hugged and slept with her for two nights. He wanted to massage her lower abdomen.

Alright, it seemed that hugging was not a matter of substance. She was also very sleepy, and his embrace was indeed very comfortable. She no longer struggled and snuggled into her embrace, continuing to sleep.

Lei Zhenyu used his hand to help her tidy up the messy hair on her forehead. He looked at the woman who was sleeping soundly. She was really heartless. No matter what he said, she would believe him. Wasn't she afraid that he would turn into a big bad wolf and eat her up?

Of course, Lei Zhenyu did not know that ru Yu was a taekwondo master. If he knew, he would not think so. In fact, if ru Yu was not willing, he would not be able to eat her at all.

Fortunately, Lei Zhenyu did not turn into a big bad wolf. He did not want to ruin her image in her heart. Therefore, he only kissed her on the forehead and controlled his body. Then, he closed his eyes and followed her breathing. They fell asleep together.

The two people who did not love each other, just based on the agreement and the purpose of the transaction, actually hugged each other and fell asleep just like that. They were like the most ordinary couple in the world.

In fact, the world-shaking love in this world was very rare, and the fairy tale of the prince and the princess was just a fairy tale after all. In real life, romantic affairs were very rare, and many people got married because they were suitable for each other. They got together for their own reasons, and in the end, after being together for a long time, they naturally had the feeling of relying on each other. Therefore, they did not want to separate anymore, and felt like holding hands for a lifetime.

## **Chapter 1156**

In the end, ru Yu and Lei Zhenyu still had to go to work. The Lei family's villa was not close to the city, so the two of them only stayed in the Lei family for two days. After the mid-autumn holiday, they returned to their apartment in the city.

On the morning of the 17th day of the 8th month in the lunar calendar, ru Yu went downstairs to eat. She happened to run into Lan Ruoshui, who came upstairs. She had planned to walk past her like that, but she did not expect Lan Ruoshui to take the initiative to stop her.

She frowned at that time, but Lan Ruoshui looked at her with a strange smile and said in a strange tone, "Che Ru Yu, don't tell me you think that my uncle has never been in a relationship before he was 30 years old?"

She felt that these words were very harsh and could not help but reply coldly, "so what if I've been in a relationship? I've been married before, who hasn't been in a relationship before?"

Lan Ruoshui said with a mocking expression, "Che Ru Yu, you just had to be with someone else, why did you have to lie to me? Are you and Masao getting married? It's just a marriage certificate, okay? What do you mean by real marriage? Do you understand?"

Her face immediately darkened. Then, she retorted coldly, "Don't tell me that in Miss Lan's eyes, only when a man and a woman have sex is considered marriage. If that's the case, then the hostess of the nightclub probably has sex with more than one man every night, right? Then how many times will they get married in their lifetime?"

Lan Ruoshui's face immediately turned livid. She couldn't help but roar in anger, "Zhengnan and I are truly in love. We will definitely get married."

Ru Yu looked at the hysterical Lan Ruoshui. She sneered and said, "I didn't say that you're not truly in love. It seems like the topic we were talking about was marriage. No matter what your relationship with Jin Zhengnan is, you've never been crowned as Mrs. Jin."

After saying that, Ru Yu quickly turned around and walked downstairs. She did not have time to care about the angry Lan Ruoshui behind her. She could do whatever she wanted. She and Lei Zhenyu had already returned to the Lei family. Lan Ruoshui was going to marry Jin Zhengnan. That was something even more difficult than ascending to the heavens.

Breakfast was spent in silence. Lan Ruoshui did not come downstairs. The maid said that she was sick and did not want to eat. Cai Shaofen also did not go upstairs to care about her. Instead, she urged Ru Yu to eat more.

Ru Yu stayed in the Lei family for two nights and one day. She did not communicate much with Cai Shaofen, but she could feel that she was indeed a gentle and virtuous woman. Moreover, she was a good housekeeper. It was no wonder that she did not have children and Lei Taihe did not ask his son to divorce her.

After breakfast, Ru Yu and Lei Zhenyu drove back to their apartment in the city. Cai Shaofen went out to see her off. They stood in the courtyard outside the door and waited for Lei Zhenyu to drive over.

"Yesterday, you said that you have a friend who is the director of the obstetrics and Gynecology Department." Cai Shaofen's face was a little red. She whispered to Ru Yu in embarrassment.

"Yes." Ru Yu nodded. "Although my friend is not yet thirty years old, her medical skills are passed down from generation to generation. Her mother is a professor in the Department of Obstetrics and gynecology. She learned to deliver babies from her mother when she was sixteen years old. She is an expert in the field of obstetrics and gynecology."

"I have been feeling a little unwell recently. When are you free?" Cai Shaofen lowered her head as her face turned red. Although she was a forty-year-old woman, she still sounded like a young girl when it came to this matter.

Ru Yu was slightly stunned as she reacted. Then, she said in a low voice, "Actually, I have more freedom in my time. You can call me if you are free. I will call my friend instead."

Cai Shaofen nodded, and Lei Zhenyu drove over. Ru Yu immediately said goodbye to her, pulled open the passenger door, and sat in the car.

### **Chapter 1157 habit was a scary thing**

Ru Yu was busy when she returned to the studio. She had a lot of things to do. She went to Darjeeling for twenty days and drew a lot of pictures. The people in the studio were busy sending the pictures to be framed and bound.

At night, she didn't go back to Lei Zhenyu's apartment because she had to go back to her father's place. She brought some things back from Darjeeling for her father. So in the afternoon, she sent a text message to Lei Zhenyu, asking him not to prepare her dinner tonight.

However, when she drove back to her father's car, she was surprised to find that Lei Zhenyu was already chatting with her father in the living room. When he saw her surprised look, he gave her a reproachful look, meaning that he should call her when he went back to his mother's house.

Ru Yu was immediately speechless. Actually, she had never thought of bringing Lei Zhenyu back home. In her mind, she always remembered that she and Lei Zhenyu were married through trade and had signed an agreement. Sooner or later, the agreement would expire and the trade fair would be terminated.

Lei Zhenyu was a lawyer, but it seemed that he rarely got along with Che Qixuan. Ru Yu could only go to the kitchen to cook. Fortunately, she had followed her mother into the kitchen since she was young. Although her culinary skills were not superb, she could still cook a few dishes.

By the time she finished cooking in the kitchen, Lei Zhenyu was already playing chess with Che Qixuan. She sighed lightly. This man knew how to cater to her interests. Daddy loved to play chess.

Sure enough, Che Qixuan had a good impression of Lei Zhenyu. After dinner, Lei Zhenyu took Ru Yu away. Che Qixuan said to Lei Zhenyu, "come over to play when you have time in the future."

Lei Zhenyu nodded his head like a chick pecking at rice. "Then I'll remember it. Daddy, don't think that I'm too diligent and impatient."

Ru Yu sucked in a breath of cold air. Was this Lei Zhenyu too much? Was he the one who called Him Daddy? They had an agreement on marriage, okay?

On the way back, Ru Yu scolded him a little angrily. "Who allowed you to come to my daddy's house?"

"I'm afraid that you'll stay at your mother's house for the night and won't come back," Lei Zhenyu said truthfully.

"It's normal for me to stay at my mother's house for the night. What's the big deal?" Ru Yu didn't understand him. What did it have to do with him whether she stayed at her mother's house or not?

"But I've gotten used to hugging you to sleep these two nights." He was shameless and completely ignored her darkened face.

Ru Yu was so angry that she was speechless. She glared at him fiercely and reminded him lightly, "when we return to the apartment, we don't need to stay in the same room anymore. Have you forgotten that you're staying in the study?"

Lei Zhenyu did not say a word. If it was in the past, before today, he would still want to stay in the study. But after today, he suddenly did not want to stay in the study anymore. He even wanted to tear up the agreement. He wanted to be a real couple with her.

Ru Yu did not know what Lei Zhenyu was thinking. She ignored him because she was a little angry. She simply closed her eyes and pretended to sleep.

That night, Lei Zhenyu wanted to go to the bedroom to sleep with ru Yu. Of course, ru Yu rejected him very seriously. Moreover, she did not hesitate to lock the door when she entered the bedroom. She did not give him a chance at all.

Fortunately, Lei Zhenyu did not forcefully use the key to open the door and enter. He only called her twice outside the door. It was probably because she was too much. He did not feel uncomfortable without her as a pillow or something.

Ru Yu covered her ears with her hands and did not listen. However, after sleeping on the bed at night, she could not fall asleep after tossing and turning. She was alone on the bed. Suddenly, she felt that Lei Zhenyu's embrace was actually quite suitable for sleeping.

### **Chapter 1158: Song Yuxi**

Ru Yu received a call from Lin Yuxin on the third day. Of course, it was to ask her for a gift from Darjeeling. At the same time, she also asked Ru Yu to treat her to a meal, saying that she didn't even treat her to a meal when she got married.

Ru Yu didn't know whether to laugh or cry when she heard this. She couldn't help but mock her coldly, "Lin Yuxin, do you want to be reasonable? You didn't even give me a congratulatory gift when I got married. Why should I treat you to a meal?"

"because I'm your best friend and best friend?" Lin Yuxin chewed on the steak in her mouth, looking like she wouldn't eat if she didn't eat. She even extended her other hand to Ru Yu, "hey, where's the gift that you brought back from Darjeeling for me?"

Ru Yu rolled her eyes at her. She had no choice but to lower her head and dig out a purse that was hand-embroidered by a Tibetan mother from her own bag. She gave it to her. "Here, this is purely handmade. Do you know what is purely handmade?"

Lin Yuxin nodded her head in a decent manner. "Isn't it just hand-stitching? Who doesn't know?"

"F \* Ck, this is purely handmade." Ru Yu was convinced by her. She couldn't help but snatch the purse. She pointed at the cloth on it and said, "do you see that? This cloth is hand-woven by her mother. This is all geotextile. This red color is also dyed by the red flower juice. Let me tell you, this can not be used casually. This is a genuine handicraft. It needs to be collected... ". ..."

Ru Yu said a lot of things earnestly. When she looked up, she realized that Lin Yuxin was not listening at all. She turned her face to look out of the window, and her gaze was also looking out of the window. It was obvious that she was absent-minded.

"Hey, what are you looking at?" Ru Yu could not help but use her hand to pull her. She was very dissatisfied with her attitude.

"nothing, nothing." Lin Yuxin immediately turned her head and looked at the purse. "Oh right, what did you say was dyed?"

Ru Yu did not answer her because she had already decided that something was wrong when Lin Yuxin turned her head and said nothing. She immediately looked out of the window, but she was instantly stunned.

Because, outside the window, Lei Zhenyu was sitting opposite a woman at two sides of a wooden dining table under an ancient tree not far away. She did not know what they were talking about, but they seemed to be chatting happily.

The woman was facing her, and Lei Zhenyu was facing her from the side. She only felt that the woman was slightly familiar, but she could not remember where she had seen her before.

“Don’t look.” Lin Yuxin pulled her over, and then said lightly, “that’s Minister Song’s daughter, Song Yuxi. I just didn’t expect that she and Lei Zhenyu would have contact.”

Minister Song’s daughter No wonder she felt that she looked familiar. Ru Yu recalled that she had gone to Minister Song’s Mother’s birthday party that night. When she went to the bathroom outside, she met a man and a woman arguing about something.

The man was Zheng Junji. If she did not recognize the wrong person, then the woman who had run away in anger at that time should be Song Yuxi.

At that time, Song Yuxi and Zheng Junji seemed to be in a relationship. However, looking from the window now, this Song Yuxi and Lei Zhenyu seemed to be in a relationship, or perhaps, an old lover’s relationship.

She frowned instinctively. What was the real purpose of Lei Zhenyu and her marriage And what was the purpose of him and Song Yuxi?

Thinking of this, she actually lost her appetite. She beckoned for the waiter to pay the bill and hurriedly paid the bill. However, Lei Zhenyu was no longer under the big tree, and only Song Yuxi was left.

### **Chapter 1159: strange emotions**

She had seen Song Yuxi before, but Song Yuxi clearly did not remember what happened in the corridor outside the bathroom that night. Therefore, when she saw ru Yu, she did not recognize her at all. She was just a little flustered and asked for the bill.

Ru Yu felt that it was a little strange. Just now, Lei Zhenyu and Song Yuxi were sitting here, but now, Lei Zhenyu was already gone, and Song Yuxi was asking for the bill. Could it be that a gentleman like Lei Zhenyu did not even want to pay the bill?

She returned home with all kinds of doubts. Lei Zhenyu was already at home. When he saw her return, he asked her if she had eaten. He was cooking noodles?

Ru Yu quickly said that she had eaten with her friends. Then, she asked indifferently, “have you eaten yet?”

“No,” Lei Zhenyu answered very naturally. “Well, I’m cooking noodles for myself.”

Ru Yu nodded and did not say anything else. She thought that she had misunderstood. It was just Lei Zhenyu and Song Yuxi sitting together and talking. Lei Zhenyu was a lawyer. Perhaps Song Yuxi was his client. Moreover, they were talking in broad daylight There was really nothing to doubt.

Ru Yu thought about it and felt relieved. She thought about the dilemma she had on the way home and could not help but laugh at herself for being petty. In the past, she and Jin Zhengnan were a real couple, but she had never been so petty Now that she was only trading with Lei Zhenyu as husband and wife, why did she feel uncomfortable seeing him having dinner with a woman?

Lei Zhenyu ate noodles, and she went to the bathroom to take a shower. It was already September low, and Korea was already starting to get cold. Fortunately, she grew up in Korea and was very adapted to the climate in Korea, but she was not very adapted to the climate in Binhai.

The days seemed to have calmed down again. Lei Zhenyu had been very busy these few days. At night, when she slept, he was still in the study studying a case. He said that there was a rape case, but his client was the rapist. It was clearly a crime.. Now, he had to plead not guilty, which gave him a headache.

“Don’t do things against your conscience. ” One day during dinner, ru Yu advised him, “Lei Zhenyu, we don’t lack money. It’s fine if you don’t accept such a case. ”

Lei Zhenyu smiled and said, “it’s too late to not accept it now. That day, he happened to be out of the law firm, and his boss and good friend helped him to accept it. The question now is whether to quit. ”

“Then quit. ” Ru Yu gave him a very definite suggestion. “The one who suffered losses in the rape case was originally a woman. It would have been great if you were the woman’s client, but now you’re the man’s client and you’re pleading not guilty. Innocent my foot. Raping the sow in your pigsty may not be a crime, but raping anyone is a crime, even if it’s raping a man. ” Lei Zhenyu could not help but laugh when he heard her words He said, “I really didn’t expect her to be so indignant. Isn’t it just a rape case? This kind of thing often happens all over the country. ”

Ru Yu said with some emotion, “you don’t know. I went to Africa for half a year two years ago. There are so many rapes in that place. Moreover, the girls there are so young. You can even see the pregnant middle school girls at the school gate. ”

Ru Yu choked up when she said this. She always felt that women were always at a disadvantage in rape cases. In the process of the case, the woman’s body was already injured. Later, when she called the police, she actually suffered a psychological blow Those men who committed crimes actually dared to say that they were innocent.

### **Chapter 1160 Song Yuxi who came to buy a painting**

Just when ru Yu had forgotten about Song Yuxi, Song Yuxi suddenly appeared in front of her again.

That day, her studio was closed, and the staff had already left. Because she had to finish the painting in hand, she had to work overtime for a while, so she was the last one to leave.

Just as she arrived at the door, she suddenly saw a person standing at the door. She thought that she was lowering her head to change her shoes, so she said without raising her head, "if you want to buy a painting, you'll probably have to come tomorrow. The staff are all off duty. "

"But I'm in a hurry to buy a painting. " The woman's voice was very beautiful and pleasant, but she seemed to have heard it somewhere before.

Ru Yu could not help but raise her head, but she was stunned because the woman who was in a hurry to buy a painting was actually Song Yuxi.

She recognized Song Yuxi, but Song Yuxi probably did not know her. She still looked at her with a smile and begged in a low voice, "Miss, can you help me this time? I don't need much time. I'll leave after I buy one of your paintings. "

"You can go to another art gallery to buy a painting. " Ru Yu was very tired from painting today, so she was not in the mood to receive this customer who suddenly came.

"But he said that he only likes your paintings, " Song Yuxi said in a good-natured manner. "Miss, I'm sorry to trouble you. You know how it is when you give someone a painting. You have to do what they want, right? He will definitely be unhappy if you give someone else a painting. "

Ru Yu hesitated for a moment. Since Song Yuxi came to buy a painting, she would not chase her out, right So she nodded and finally went to open the door of the exhibition hall for her to see the painting.

The exhibition hall was filled with her paintings. Some were from a few years ago, and some had just come back from painting in Darjeeling. The scenery was different, and the artistic conception was different, so the price was different.

"I like this one. " Song Ruyu pointed at a painting that was as red as blood and shouted excitedly, "I like this flower the most. It's so beautiful, just like my blood from seven years ago. "

"..."ru Yu was speechless ...

"Can you sell this painting to me? " Song Ruyu couldn't put it down, and she looked like she liked it a lot.

"This is 'the resurrection Lily' , " Ru Yu reminded her in a professional manner. "This is my work from five years ago, and I've been hanging it here. This painting looks good, and it would be fine if I hung it in my own room. However, it's really not suitable to give it to others. If you give it to someone, you should give them the peonies over there, which means that the flowers are blooming and rich. "

"No, I don't want peonies. " Song Yuxi insisted on her own opinion. "I want this Resurrection Lily. I think it's very beautiful. Besides, doesn't the flower language of the Resurrection Lily mean that we miss each other? "

It was only then that ru Yu remembered that the flower language of the Resurrection Lily in Korea meant that they miss each other, and the flower language that was deeply ingrained in her mind was a mess of bad luck and so on.

"Alright, since you want it, then I'll give it to you. " Ru Yu did not want to waste time with her, so she brought a ladder over to help her take down the painting and handed it to her.

The price was not cheap, and her paintings were never cheap. Fortunately, Song Yuxi was probably a rich person, so she did not say the price. She paid the original price and walked out of the studio with Ru Yu.

“Aren’t you going to ask what kind of friend I want to give it to?” The two of them took the elevator down together. Song Yuxi looked at her and asked softly.

“It’s probably a boyfriend,” ru Yu guessed. After all, most friends would not give such a painting to the Resurrection Lily, right?

“He’s a painter after all. I guessed it right away.” Song Yuxi smiled sweetly and held the painting in her hand. “tomorrow is his birthday. I haven’t celebrated his birthday for seven years, so I decided to give him a painting.”
