### Chapter 1161 Song Yuxi's ex-boyfriend

Ru Yu did not comment on Song Yuxi's words. In any case, she was not interested in Song Yuxi. At first, she thought that Song Yuxi had bought the painting for Zheng Junji because she had bumped into Song Yuxi and Zheng Junji in the corridor during Minister Song's Mother's birthday party.

However, now that she heard Song Yuxi say that it was for her boyfriend from seven years ago, she knew that it should not be Zheng Junji because Song Yuxi and Zheng Junji did not even have seventy days.

Song Yuxi walked out of the elevator on the first floor. She probably took a taxi. She took the elevator directly to the second floor because her car was parked in the underground parking lot.

As soon as she walked out of the elevator, she saw a person standing beside her car from afar, and it seemed familiar. She walked over and saw that it was indeed familiar, because this person was actually Zheng Junji.

"Are you here to find your girlfriend?" Ru Yu saw him and asked jokingly.

"I don't have a girlfriend." Zheng Junji shrugged his shoulders, then looked at her and said, "I was going to pursue you as a girlfriend, but you didn't give me face, and now you're actually going to marry that black-bellied Lei Zhenyu."

Ru Yu was stunned when she heard this, then nodded and said, "that's right, she should be your ex-girlfriend. Oh right, is it your birthday tomorrow?"

"birthday?" This time, it was Zheng Junji's turn to be surprised. He looked at Ru Yu from head to toe, then smiled and moved closer to her. He asked jokingly, "did Lei Zhenyu forget that today is your birthday? It's okay, I'm here now, right? Let's go, I'll help you celebrate your birthday?"

"Get lost, how old are you? Do you still have a brother?" Ru Yu waved her hand and directly chased him away. "Hurry up and move aside, I'm going to drive back. I have a lot of things to do today."

"Tomorrow is the weekend. Since you're not working, why are you rushing back?" Zheng Junji shrugged his shoulders disapprovingly and said, "anyway, Lei Zhenyu is discussing a case with his client and doesn't have time to take care of you. Why don't I take care of you?"

"Zheng Junji!" Ru Yu finally got angry and couldn't help but raise her voice by two decibels. "If you don't get out of the way, I'll get your ex-girlfriend to look for you. I'll let her pester you so that you won't be able to get rid of her."

"My ex-girlfriend?" Zheng Junji looked like a dead pig that wasn't afraid of boiling water. "Do you know who my ex-girlfriend is? I don't even remember it myself. I usually forget it when we're apart."

"Song Yuxi, does this count?" Ru Yu shouted angrily. Actually, she did not want to mention this name in front of Zheng Junji because she was afraid that Zheng Junji would be unhappy. However, this guy was too shameless, so she had no choice but to use Song Yuxi to drive him away.

“Oh, you mean her?” Zheng Junji looked as if he had just remembered. Then, he nodded and said, “Yuxi broke up with me. Her interest is not on me now, but on her ex-boyfriend.”

“could it be that you are not her ex-boyfriend?” Ru Yu said sarcastically, “could it be that you are her current boyfriend?”

“I’m also one of her ex-boyfriends,” Zheng Junji said indifferently. Then, he said indifferently, “however, Miss Song’s current interest is her first boyfriend, so I don’t have to hide from her.”

Ru Yu was angry and couldn’t help but growl, “then, are you going to move aside or not? You don’t have to hide from her, and you don’t have to Pester me, right? I’m a married woman.”

### **Chapter 1162: Return to the Lei family**

“hehehe...” Zheng Junji laughed out loud when he heard ru Yu’s words. He said nonchalantly, “it doesn’t matter. You’ll get a divorce soon, so you don’t mind finding a spare tire in advance, right?”

“Get lost, who wants a divorce?” Ru Yu was so angry that she kicked him fiercely. The moment Zheng Junji jumped away, she immediately opened the car door and got into the car. Then, she slammed the car door with a bang and quickly drove away.

Tomorrow was the weekend, and today was Saturday. According to the Lei family’s rules, she and Lei Zhenyu had to go back to the Lei family to stay tonight. When she was about to get off work in the afternoon, Lei Zhenyu called her and said that he was discussing a case with his client, so he couldn’t come to pick her up. He let her drive back to the Lei family’s house by herself.

Lei Zhenyu had been having a headache recently when he took over the rape case. He had been busy for almost half a month, but he still couldn’t come up with any ideas. The main reason was that his client’s requirements were too high. He had obviously raped a girl, but now he actually strongly requested to plead not guilty.

Ru Yu drove back to the Lei family’s house. The Lei family was still the same as before. Lei Taihe was still indifferent. After all, in the eyes of the Lei family, even if Lan Ruoshui’s relationship was not mentioned, ru Yu was still a second-hand woman. Therefore, they did not think that Lei Zhenyu marrying ru Yu was a glorious thing.

When they came back last week, Lei Zhenyu had mentioned to his father, Lei Taihe, about having a replacement wedding. Before Lei Taihe could say anything, Lei Zhensheng had already denied it.

Lei Zhensheng’s reason was very good. He said that it was enough for the two of them to get a marriage certificate. Moreover, they had also gone to the church to hold a wedding. This could be considered a wedding. What was the point of having a replacement wedding?

Moreover, if they really held a grand wedding, it probably would not bring glory to the Lei family. It would only make the LEI family lose face. However, it was better not to be too ostentatious about losing face.

Ru Yu knew that Lei Zhensheng was jealous of her because her daughter, Lan Ruoshui, had broken up with Jin Zhengnan. Although she could not openly ask Lei Zhenyu to divorce her, she could not help but ridicule Lei Zhenyu whenever she was mentioned.

She came back early tonight, and Lei Zhenyu was indeed not around. Lan Ruoshui was in the living room trying to curry favor with Lei Taihe. She seemed to be particularly attentive. Lei Taihe must have been treating her better in the past few days.

Ru Yu politely waved to Lei Taihe and was about to go upstairs, but was stopped by Cai Shaofen. She asked her to go to the kitchen to take a look. Ru Yu was embarrassed and did not want to go.

Just as she reached the kitchen door, she immediately smelled the thick smell of Chinese medicine. Her nose instinctively sniffed it. It was so smelly. She could not help but ask, "whose medicine is this?"

"It's for both of us," Cai Shaofen answered very naturally. She looked at her from the side and said, "originally, this medicine was for me alone, but I don't know what happened to the old master this afternoon. He actually asked you to drink some when you come back tonight."

"I'm not sick or afflicted. Why would I drink this medicine?" Ru Yu did not know whether to laugh or cry. Was this old master Lei confused.

"It's said that drinking this medicine makes women easily pregnant," Cai Shaofen said faintly. Then, she smiled bitterly and said, "I've been married to Zhensheng for eighteen years. I've been drinking Chinese medicine for fifteen years. I've taken all kinds of Chinese medicine to help me get pregnant, but I still haven't gotten pregnant."

When Ru Yu heard her words, she couldn't help but feel sad. Then, she thought of something and said to her in a low voice, "Oh right, about my friend that you told me about last time, I think I'll bring you to see my friend tomorrow."

"Haven't you been busy recently?" Cai Shaofen's voice was still a little indifferent. After that time, she called Ru Yu, but Ru Yu said that she was very busy recently. She would talk about it after she was done with her work. Therefore, she was tactful and didn't call Ru Yu anymore.

### **Chapter 1163, the battle between father and son**

Ru Yu's face turned slightly red, and she said a little embarrassedly, "I was busy in the front, but I've finished today. How about this, let's find another day. We'll go find her tomorrow and invite her out for tea."

Cai Shaofen nodded, then pointed at the Chinese medicine and said, "then, this... do you still want to drink?"

Ru Yu shook her head. "Just pour it. I definitely won't be able to drink it."

Cai Shaofen nodded. She didn't dare to pour it, and Ru Yu could choose not to drink it. After all, she had only married Lei Zhenyu for more than a month, so it was normal that she wasn't pregnant. She had been married for eighteen years, so how could she not drink it?

When Lei Zhenyu returned, it was almost time for dinner. Lei Taihe was very dissatisfied with his late return. After dinner, he stopped him. Then, he said a little unhappily, "don't be that lawyer. Quickly quit your job and come back to the Lei Corporation. Your Brother has been very busy recently. He hasn't returned yet. Go to the Lei Corporation and become the vice president to ease his burden."

"I'm not familiar with the Lei Corporation." Lei Zhenyu said truthfully, "besides, a rookie is already the vice president as soon as he enters the company. The people under him are not convinced."

"then lower it a little bit, and then bring it up again." Lei Taihe had an expression as if he was the one in charge of this matter. "Then let's talk about the Project Development Department. I heard that your brother said last night that there's a piece of land city construction bureau that hasn't been approved for a long time. I reckon that it hasn't been settled yet. You can directly become the manager of the Development Department. That's settled then."

"I don't know how to do this." Lei Zhenyu frowned slightly. Without waiting for Lei Taihe to open his mouth, he continued, "I'm a lawyer. What I study is law. If I can become the Lei family's legal consultant, I really can't do those departments."

"If you can't do it, can't you learn?" Lei Taihe immediately flew into a rage. His voice suddenly raised by a few decibels as he roared, "won't the Lei family still have to rely on you in the future? Can your brother hold on for a lifetime? Ruo Shui is also a girl. Sooner or later, she will be married off. It wasn't easy for your brother to calm down a little and let you enter the Lei family. Yet, you're still being picky here."

Lei Zhenyu still wanted to say something, but Ru Yu quickly used her hand to pull on his arm, indicating for him to bear with it for a while. The old man was more than 70 years old, and his health wasn't very good. It wasn't good for him to be angry.

"Then, I'll think about it." Lei Zhenyu said this to his father somewhat stiffly. Then, he pulled Ru Yu and walked upstairs.

"Your father may also be doing this for your own good." Ru Yu persuaded Lei Zhenyu, "why don't you go to the Project Development Department to try it out? If you don't do it, how will you know if you can't do it?"

"This is not a question of trying." Lei Zhenyu smiled bitterly and shook his head. "I know about the land of the Lei family. Why has the city construction bureau been blocking it? It's because my brother's current mistress is the ex-girlfriend of the city construction bureau's bureau chief. The bureau chief of the City Construction Bureau is competing with him. Do you think that I can take over the land just by going there?"

Ru Yu was immediately speechless. She saw that Lei Zhensheng was usually very polite to Cai Shaofen at home. Of course, he doted on Lan Ruoshui even more. She just did not expect that he actually had a mistress outside.

"Then, do you plan to fight against your father all the time?" Ru Yu said carefully. "When that time comes, will your father think that I'm the one who played tricks behind the scenes to prevent you from entering the Lei family?"

Lei Zhenyu laughed and then sighed, "I don't know. My brother got himself into trouble. Now that he can't handle it himself, he actually threw this hot potato at me. I . . . Also have a headache."

#### **Chapter 1164: Falling Asleep in each other's arms**

Ru Yu couldn't help Lei Zhenyu. Besides, she had a lot of things to do. Besides, Lei Zhenyu had been troubled by the rape case recently. She had no other choice but to comfort him.

When Ru Yu was taking a shower and sleeping, Lei Zhenyu was still answering the phone. It seemed to be from the rape case. Lei Zhenyu was afraid that it would disturb her and went to the balcony to answer the phone. He lowered his voice, but because of the silence in the room.. Ru Yu vaguely heard a few words, "impossible." "It's really impossible to be innocent." "My best ability can only give you a plea for a misdemeanor." "If you can't do it, find someone to compare with."

She did not know what Lei Zhenyu said after that. Tiredness overwhelmed her. She closed her eyes and was a little confused.

She was startled awake again. It was Lei Zhenyu who got onto the bed. He stretched out his arm and pulled her into his embrace. She instinctively shivered and immediately struggled to break out of his embrace.

"Wife," Lei Zhenyu's voice sounded gently in her ear, "let me hug you to sleep, okay? We can only sleep on the same bed when we return to the Lei family. You said that you won't let me hug you for two nights. Then, won't I have no benefits at all?"

Ru Yu didn't know whether to laugh or cry when she heard this. Hugging her to sleep was a benefit Well, anyway, he also hugged her when he came back last week. No, last week, when he came back, he happened to meet her period, so he naturally rubbed her stomach before hugging her.

Ru Yu still wanted to struggle, but Lei Zhenyu's arms were like two steel bars that imprisoned her. She couldn't move at all, so she could only sigh and say, "then you can only hug me. You're not allowed to do anything else."

"Yes, yes." Lei Zhenyu nodded like a chick pecking at rice. "without the permission of my wife, I can't even kiss you. I'll remember it. I won't dare to kiss you secretly anymore."

Ru Yu's face turned even redder when she heard this. When she came back last week, Lei Zhenyu was hugging her and sleeping with her. At that time, when she had her period, she was in so much pain that her forehead was covered in sweat and her small face was wrinkled.

And that was when Lei Zhenyu made his move. No, it should be when he made his move. At that time, her head was in his arms, and he actually pressed his mouth on her lips. While she was still in a daze, he kissed her.

That night, he was angry. He actually said that he couldn't help himself because the moment she lowered her head was too gentle and charming. He couldn't control himself at all.

Therefore, tonight, she insisted on not lowering her head. Even if she slept in his arms, she would not lower her head. Moreover, her lower abdomen did not hurt, so there was no need for her to lower her head.

Perhaps it was because she had slept in Lei Zhenyu's arms more than once, so ru Yu did not sleep for long. She breathed in and out evenly. Her eyelashes covered her eyes slightly, like a fan.

Lei Zhenyu looked at her quietly. The incomparable woman lay in his arms peacefully. There were countless voices in his heart clamoring for him to act quickly. Now was the best time to do something bad.

However, he used all his willpower to control his swelling pain and the tension in his lower abdomen. He knew that he could not. He could not do it without her consent because she hated rape the most. If he forced himself to have sex without the woman's consent, that would be rape. Even if it was married, it would still be considered rape.

The woman in his arms was sleeping soundly. He could only wait for her to fall asleep before letting her go to the bathroom to take a shower. In his heart, he was thinking about when she would be willing to devote herself to him. It seemed that he had to prepare for a gentle and romantic night.

#### **Chapter 1165: Take sister-in-law for a checkup**

Ru Yu and Lin Yuxin had arranged to meet at noon on Sunday. Because Lin Yuxin worked overtime until midnight last night, ru Yu let her sleep until noon.

The place for lunch was a barbecue shop that took care of Lin Yuxin's wishes. Lin Yuxin said that she had been quite busy in the past week. Other than the Western meal she had with Yu Xin two days ago, the rest were all eating Kimchi.

When ru Yu arrived with Cai Shaofen, Yu Xin had already ordered a kilogram of barbecue and was roasting it. Ru Yu jokingly said to her, "you really don't stand on ceremony with me at all. How much does this streaky pork cost per kilogram?"

"Tsk, your painting is so expensive. Is The price of a Jin of streaky pork worth your heart?" Lin Yuxin retorted mercilessly. Then, she saw Cai Shaofen behind Yu Xin and looked over in puzzlement.

"This is my sister-in-law, Cai Shaofen." Ru Yu hurriedly introduced her to the two of them. Then, she turned around and said to Cai Shaofen, "this is my friend, Lin Yuxin, who is a doctor in the obstetrics and gynecology department."

Cai Shaofen quickly reached out her hand to Lin Yuxin and said with a little surprise, "you're so young. I used to think that obstetrics and gynecology specialists were usually over 40 years old." Yu Xin just smiled and the three of them sat down to eat. Ru Yu whispered to Yu Xin that Cai Shaofen wanted to do a comprehensive check-up and hoped that Yu Xin could help her.

Lin Yuxin could not help but be puzzled when she heard this. She looked at Cai Shaofen and asked, "then have you never had a check-up before?"

“I’ve always seen traditional Chinese medicine,” Cai Shaofen answered truthfully. “The lei family has always relied on traditional Chinese medicine. They say that Western medicine has great side effects and only goes to the hospital unless it’s an injury or something. Usually, people who have a fever or a cold go to traditional Chinese medicine. ”

Lin Yuxin booed when she heard this. She did not expect Lei Zhensheng’s wife to be a fan of traditional Chinese medicine. Rich people were more particular than poor people. They were afraid of getting antibiotics and hormones, so they did not go to Western medicine.

“I know a little about traditional Chinese medicine.” Lin Yuxin nodded and looked at Cai Shaofen. “Traditional Chinese medicine has a history of five thousand years. We can not deny the importance of traditional Chinese medicine, but we can not deny the limitations of traditional Chinese medicine either. There are some things that traditional Chinese medicine can not see. For example, Fallopian Tube obstruction. This can only be known by doing an Angiogram. It is not something that can be detected by checking the pulse... “. ...”

Ru Yu was roasting meat at the side, letting Cai Shaofen and Yu Xin talk. She knew that, to put it bluntly, Cai Shaofen still wanted to have a child. As for why she did not think of looking for a gynecologist to do a comprehensive check-up, she did not know.

After a meal, Cai Shaofen didn’t eat much. Ru Yu also didn’t eat much because she was in charge of roasting. However, Yu Xin really ate a lot. In the end, she even joked with Cai Shaofen that she dreamed of marrying into a rich family. There was a suitable person to introduce her to.

Cai Shaofen smiled bitterly and said, “why marry into a rich family?” Other than having no worries about food and clothing, there were no other benefits. Moreover, after marrying into a rich family, that husband isn’t yours alone. You still have to share it with other women. Why not marry an ordinary man who shares the same interests?”

Ru Yu could not help but boo in her heart when she heard this. Last night, Lei Zhenyu had just mentioned Lei Zhensheng’s mistress outside. Today, she had heard Cai Shaofen lamenting about the life of a rich man. This really looked glamorous on the surface, but in reality, the days were quite bitter.

Cai Shaofen wanted to have a check-up. Yu Xin was originally resting today. She said that she would take her to the hospital to find her colleagues to help her with the check-up, but Cai Shaofen did not agree. She said that she would recognize her. She could not trust other people, and she did not want to go to the hospital She only wanted to go to Yu Xin’s place or find a hotel to get a room or something.

### **Chapter 1166 the reason why Cai Shaofen was infertile**

If Yu Xin and ru Yu could not get Cai Shaofen, why didn’t they go to the hospital? There were some things that could not be examined without going to the hospital. However, since Cai Shaofen did such a check-up, Yu Xin could not do anything about it. She said that they should go to the hotel and get a room She would think of a way to deal with the equipment. However, with this, the cost would probably be higher.

Cai Shaofen was a rich person and did not care about the cost. Therefore, Yu Xin called a medical equipment company and rented a few useful equipment to come to the hotel room. She would personally examine Cai Shaofen.

Ru Yu knew nothing about medical matters, so she could only watch as Yu Xin busied herself. After a full three hours, Yu Xin finally finished all the tests for Cai Shaofen.

“What exactly is wrong with me?” Cai Shaofen got out of bed and asked Lin Yuxin, who was sorting out the documents for her.

“Your health is good, there is no problem,” Lin Yuxin answered with certainty. Then, she turned back to look at her and said, “maybe it is because you have been drinking Chinese medicine for a long time. Your current condition should be very easy to get pregnant.”

Cai Shaofen couldn't help but smile bitterly when she heard this. “But I really haven't gotten pregnant. I've been married to him for eighteen years. I'm already forty years old this year.”

Yu Xin nodded and said, “there are two reasons why you're not pregnant. One is that your husband is busy. I reckon that he doesn't stay at home much every month. That's why you haven't met your ovulation period every time. Instead, you've met your safe period.”

“Hey, I've been married for eighteen years.” Ru Yu quickly reminded Lin Yuxin, “eighteen years? How many months is that? It can't be that coincidental that you haven't met your ovulation period every time, right?” “Moreover, the Lei family is also looking forward to having children. Even if you see a Chinese doctor, you should know that there's an ovulation period, right?”

Lin Yuxin nodded, then looked at Cai Shaofen and said, “of course, if the two of you have been together during the ovulation period, or even more than once or twice, but you're still not pregnant, then you have to suspect that the problem is with your husband.”

“It's with him?” Cai Shaofen was instinctively shocked, then she asked in a slightly trembling voice, “he's a man, what could possibly go wrong with him? He's not a person without sperm.”

“just because he has sperm doesn't mean he has sperm,” Lin Yuxin explained patiently, “even if he has sperm, it's hard for a weak sperm to get pregnant.”

“But... Lan Ruoshui is his daughter,” Cai Shaofen said incoherently, “then how did Lan Ruoshui's mother get pregnant with his child?”

“Well, it can't be said in one sentence.” Yu Xin thought for a moment and explained, “after all, Lan Ruoshui is already 25 years old. twenty-five years ago, Mr. Lei Zhensheng was only 23 years old. When you married him, he was already 30 years old. No one knows if anything happened to him in the past seven years. In short, it's better for you to get your husband to have a check-up. If it's a weak sperm, you have to take medicine. If there's really no sperm, then even if you use scientific methods, it's impossible to give birth to a child... ..”

Lin Yuxin explained everything to Cai Shaofen in detail. Cai Shaofen was puzzled for a long time before she said that Lei Zhensheng would definitely not agree to do this kind of examination. As a man, he could not lose face like this. If he really wanted to examine his semen.. She could only think of a way to steal it and examine it.

Yu Xin nodded and said that this method would work too. As long as there was Lei Zhensheng's semen, she could send it for the most precise examination. Of course, the results could only be obtained after the examination.

### **Chapter 1167 happy Western bakery**

On Monday afternoon, when ru Yu was about to get off work, she received a call from Cai Shaofen. She said that today was Lei Zhenyu's birthday. The old man of the Lei family wanted them to go back. If they really couldn't make it back in time.. She wanted ru Yu to remember to buy a birthday cake for Lei Zhenyu to celebrate his birthday.

"Why didn't you tell me about his birthday?" Ru Yu couldn't help but feel depressed over the phone.

"because Zhenyu didn't celebrate his birthday seven years ago." Cai Shaofen explained to ru Yu over the phone. "He's been abroad for the past seven years. I guess he forgot his birthday."

"Oh, okay. Then I will go buy a cake later. I don't think we will be back..." ru Yu said a few more words to her sister-in-law before hanging up the phone ...

Actually, she rarely celebrated her birthday. Usually, her parents would remember her birthday. Usually, she was alone. Sometimes, she would even go abroad to sketch. She did not even know that her birthday had passed.

Since it was Lei Zhenyu's birthday, she really had to buy him a cake and then go out for dinner with him. This afternoon, Lei Zhenyu was still saying that he had resigned from the law firm. It seemed that he was preparing to return to the Lei family.

Ru Yu was not very interested in cakes. She was tired of sweet food. However, she still went to a bakery that was quite far away from the studio and Lei Zhenyu's apartment. The name of the bakery was "happiness bakery" .

She thought that actually, everyone yearned for happiness. Just like Cai Shaofen, who was deep in the courtyard every day. From her actions yesterday, it seemed that she had woken up.

The happiness bakery was really quite far away. It took her nearly ten minutes to drive there. When she stopped the car, she felt that there was a car that looked familiar, but she could not remember it immediately.

When she walked into the pastry shop, she realized why it looked familiar. It was because Lei Zhensheng was sitting inside, eating a cake with a woman in her thirties. That woman's face was smiling like a flower.

She saw Lei Zhensheng, but Lei Zhensheng didn't see her because Lei Zhensheng was sitting with his back to the door. She recognized him from the side when she saw him walking over from the window outside the door.

She immediately lowered her head. At this time, she couldn't go over to greet him even if she was beaten to death. She couldn't even make a sound. She pointed at the cake inside the counter, indicating that she wanted a cake like this.

When the waitress saw that she only used her hands to gesture and did not speak, she thought that she was mute. Fortunately, her gestures were simple and could be understood at a glance. Hence, she asked her to sit at the dining table next to her and wait for a moment. Then, she immediately prepared a big bag for her.

Ru Yu faced the window and sat facing Lei Zhensheng. Then, she heard the voice of the woman opposite Lei Zhensheng, which sounded a little coquettish. "Aiyu, Zhensheng, today is our third anniversary. You have to keep your word. Later, go and buy me a diamond bracelet."

Lei Zhensheng only responded with a very low "mm", probably because he agreed. Then, he heard the woman asking him who was the young girl he had dinner with last time. Lei Zhensheng said indifferently, "my daughter."

The woman immediately said, "then I want to help you have a child." Lei Zhensheng smiled and said, "if you can really have a child, then I will divorce and marry you."

Lei Zhensheng's voice was actually very low, so he should not be able to hear it from a distance. However, Ru Yu just happened to be sitting behind him, so she heard it clearly and clearly.

Meng Ran thought of Cai Shaofen, and her heart could not help but ache. She could not bear a child. Did Lei Zhensheng not want her to bear his child, or was there something wrong with Lei Zhensheng's body?

#### **Chapter 1168-he doesn't eat chocolate**

Fortunately, the waiter at the bakery was quick and finished packing her cake in a few minutes. When she left with the cake, Lei Zhensheng was still eating anniversary cake with that woman.

Ru Yu drove back to Lei Zhenyu's apartment with a heart-shaped birthday cake in her hand. When she reached the corner on the third floor, she bumped into Song Yuxi who was walking down the stairs. Her eyes were red and she was obviously crying.

Ru Yu was stunned by instinct. When Song Yuxi saw her, she could not help but be stunned too. The two of them looked at each other for a short while. When Song Yuxi saw the cake in her hand, she could not help but say sarcastically, "Zhenyu never eats chocolate."

Ru Yu's heart skipped a beat. She wanted to ask her how she knew, but before she could say anything, Song Yuxi was already walking downstairs in her high heels.

Ru Yu looked at Song Yuxi's back as she disappeared into the stairwell. In an instant, she did not even have the courage to go upstairs. Her heart felt inexplicably suffocated.

Song Yuxi's words just now undoubtedly conveyed a message to her. Song Yuxi must have been in the apartment that she and Lei Zhenyu lived in. Moreover, she was here to celebrate Lei Zhenyu's birthday.

The day before yesterday, Song Yuxi went to her gallery to buy a painting. She said that it was for her boyfriend. Today, she met her in the stairwell and even provoked Lei Zhenyu by saying that he did not eat chocolate.

He did not eat chocolate She looked at the chocolate cake in her hand and smiled wryly. It was such a big cake. was she supposed to eat it alone tonight?

Forget it, forget it. She did not want to think too much. If he really did not eat it, then she would be too lazy to eat it. At worst, she could just give it to someone later or put it in the fridge. She could bring it to the studio tomorrow and share it with the staff.

She walked upstairs with an extremely complicated heart. She used the key to open the door and stepped in. To her surprise, she didn't see Lei Zhenyu. On the coffee table, there was a cake with strawberry jam. There were two pieces of cake in two paper plates. It seemed like they had both eaten a few mouthfuls Beside the cake, there were two glasses of red wine that hadn't been finished yet.

Her heart was locked tightly in an instant. A familiar pain came from the bottom of her heart. It was the same pain that she felt when she saw Jin Zhengnan and Lan Ruoshui together. It was so painful that she couldn't even cry out.

She and Lei Zhenyu were only in an agreement marriage. She and Lei Zhenyu had not known each other for long and did not have a deep relationship. However, why was it that when she saw other women coming to celebrate his birthday and saw him eating cake and drinking red wine with other women, she could not accept it

She could not accept it?

She looked at the chocolate cake in her hand and felt that her actions today were a joke. She was really a little stupid. It was just a business marriage. Why did she buy a cake for him just because Cai Shaofen said it was his birthday?

She placed the cake on the dining table and was about to walk into the room. However, the moment she turned around, she was shocked to find that the "resurrection Lily" that she had personally painted and that Song Yuxi had bought from her gallery the day before yesterday was lying quietly on the ground.

Song Yuxi said that the Resurrection Lily meant that they missed each other. Did she send this painting to Lei Zhenyu to mean that they missed each other?

Ru Yu was in a daze when the door to the study was pulled open. Lei Zhenyu walked out and saw ru Yu staring blankly at the painting He explained calmly, "I originally wanted to throw this painting into the trash can downstairs, but when I saw that you were the one who drew it, I finally... couldn't bear to part with it."

When ru Yu heard this, she was even more confused. Was it because she couldn't bear to part with the painting she drew, or was it because Song Yuxi gave it to him?

### **Chapter 1169: I broke up with her seven years ago**

"What's going on between you and her?" Ru Yu was a person who couldn't hide things in her heart. She looked up at Lei Zhenyu Then, she made her stance clear. "We just agreed on a marriage. If you feel that your marriage with me has stopped your happiness, then..."

“Let me tell you what’s going on. ” Lei Zhenyu quickly interrupted her. Then, he reached out and pulled her to the SOFA to sit down. Then, he said earnestly, “I broke up with her seven years ago. I also went abroad for seven years. ”

“seven years apart is nothing, right? ” Ru Yu answered indifferently. Then, she smiled bitterly and said, “Don’t you know that in ancient times, there was still Wang Baochuan who guarded the cold kiln for eighteen years? ”

“She and I are not like the story of Xue Pinggui and Wang Baochuan, ” Lei Zhenyu said in a low voice. He turned his face and saw ru yu staring at the two plates of cake and two glasses of red wine So, he quickly explained, “I didn’t eat a single bite of the cake, and I didn’t touch a single drop of red wine. When she came, I told her directly that it was impossible between us. I told her not to come to me in the future. After saying this, I went into the study room. At that time, the cake had not been cut, and the red wine had not been opened yet. ”

Ru Yu bit her lips lightly. Lei Zhenyu’s words were extremely sincere, but in the end, it was just his one-sided words. As for what happened between him and Song Yuxi, and what they said, perhaps only the two of them knew the best.

Ru Yu pondered for a moment and said faintly, “well, zhenyu-kun, you and I are only in an agreement marriage, and we don’t have the right to interfere in your relationship. I only hope that I won’t stop you... ”

Before ru Yu could finish her words, she realized that Lei Zhenyu’s face was enlarging in her pupils. She immediately felt that something was wrong and wanted to step back, but Lei Zhenyu’s large hand had already grabbed the back of her head And his thin lips were pressing against her pink lips.

Ru Yu wanted to reach out to stop his thin lips, but it was already too late. His thin lips quickly pressed down and pressed against her pink lips. She panicked, but she immediately closed her mouth and gritted her teeth.

Lei Zhenyu had already sensed her resistance, so he did not continue to attack. He only pressed hard on her pink lips and then let go of her.

Ru Yu was so angry that her face was red. She could not help but shout in a low voice, “Lei Zhenyu, in our agreement... ”

“The agreement only says that there can’t be anything substantial, ” Lei Zhenyu quickly interrupted her. Then, he wiped the saliva from the corner of her lips with his rough fingers He said teasingly, “I just kissed you. This is still a long way from something substantial, right? ”

Ru Yu was so angry that she gritted her teeth. She couldn’t help but curse in a low voice, “SCOUNDREL! ”

Lei Zhenyu, on the other hand, was laughing with incomparable pride. He turned his head to look at the cake on the dining table and shouted with slight surprise, “honey, you bought a birthday cake for me? ”

“I bought it for myself. ” Ru Yu huffed coldly and stood up to walk towards the cake on the dining table.

However, someone had arrived at the dining table before her. By the time she arrived, he had already opened the cake box and was unpacking the paper plates and plastic cutlery bags.

"I heard that you don't eat chocolate." Ru Yu reminded him lightly. She had bought a chocolate cake.

"Yes, yes." Lei Zhenyu took out a thin candle from the plastic bag and inserted it into the cake while nodding his head. "I didn't eat chocolate seven years ago. However, after staying abroad for seven years, I even drank bitter coffee. How could I not eat chocolate?"

### **Chapter 1170-past events from seven years ago**

"..."ru Yu was speechless.

It was Lei Zhenyu's birthday, and the two of them did not even have dinner. Instead, they inserted candles first. Lei Zhenyu used a lighter to light the candles on the cake, turned off the lights, and then made a wish.

Making a wish was not something that could be said, so ru Yu did not know what kind of wish he made. Fortunately, the time it took to make a wish was not long. It was only for a few seconds. Then, she helped him blow out the candles.

The chocolate cake had a lot of mixed fruits in it. After all, it was from the western Fortune Bakery. It was authentic and had a first-class taste. In fact, other than the chocolate on top, the cake below was not very sweet.

Lei Zhenyu did not know if he was really hungry or he was purposely giving her face. He ate quite a lot. When she saw that he did not force himself to eat the chocolate cake, she looked very natural. Only then did she believe his words. He had indeed eaten chocolate.

They had originally planned to go out for dinner, but after eating a lot of cakes, they were finally able to hold on. Lei Zhenyu said as he tidied up the messy cake in the room, "well, my birthday is the most concise. In the morning, I had expected to take you to the revolving restaurant for a French feast tonight. I thought it would cost three to four hundred dollars. I didn't expect you to help me save it."

Ru Yu smiled and said, "forget it. Your birthday is quite rewarding. Not only did your ex-lover give you cake and wine, but he also gave you a painting. It's much more enjoyable than taking me to the revolving restaurant, right?"

Lei Zhenyu threw away the chocolate cake and wine. Then he looked at the painting and said, "If you don't feel sorry for me, then I'll throw it away too, right?"

A trace of regret flashed through ru Yu's heart. She looked at the painting that she drew with her own hands. In the end, she couldn't bear to let Lei Zhenyu throw it beside the trash can. Thus, she sighed and said, "leave it there. I'll bring it back to the gallery tomorrow and return Miss Song's money for the painting to her. Anyway, she bought it with her credit card that day. I'll return it to her directly."

Lei Zhenyu nodded. When ru Yu saw that there was nothing else, she turned around and was about to walk back to the room. However, she heard Lei Zhenyu ask from behind, "aren't you going to ask me why I broke up with her?"

Ru Yu's footsteps stopped. She paused for a few seconds and turned around. She looked at Lei Zhenyu who was standing in front of her and hesitated for a moment before saying, "if you're willing to tell me, I'm also willing to listen!"

Lei Zhenyu nodded and held her hand once again as they sat down on the Sofa. He pondered for a moment before opening up the memories that had been sealed for seven years

Seven years ago, Lei Zhenyu and Song Yuxi had been dating for four years. The Lei and Song families were also very satisfied with their relationship because Lei Zhenyu's brother, Lei Zhensheng, had been married for more than ten years and had yet to have a child. Therefore, Lei Taihe wanted the two of them to get married as soon as possible.

Lei Zhenyu still remembered that it was his birthday that day, and he planned to propose to Song Yuxi on that day. Because he wanted to give her a surprise, he did not inform her in advance.

In the afternoon, he personally went to the flower shop to buy a bunch of lilies. Although many people said that champagne roses were needed for marriage proposals, he personally felt that lilies were more suitable for marriage proposals because the proposal was to make her agree to marry him for a hundred years.

Lilies were usually better bought in the morning and would bloom in the afternoon. Therefore, he bought the lilies and headed towards Song Yuxi's apartment, thinking of proposing to her before the lilies fully bloomed.

In the evening, he booked a table in the revolving restaurant. Song Yuxi also knew that Lei Zhenyu would probably propose to her in the evening with the stars as the background. However, Lei Zhenyu was too eager to give her a surprise, so he hurriedly ran over in the afternoon.

Because he wanted to give Song Yuxi a surprise, he did not call her at all. He hugged the small apartment where she was on the bouquet of lilies in his arms and tiptoed toward her door.
