### Chapter 1191 conflict between marriage and interests

Although she was puzzled, she still walked over. Just as she reached the SOFA, Lei Zhenyu had already reached out and clenched her hand tightly in his palm. He secretly pinched her hard, as if he wanted her to be firm.

Ru Yu did not understand what Lei Zhenyu wanted her to be firm about. She heard Lei Taihe sigh heavily and said, "Ru Yu, our Lei family did not agree to your marriage to Zhenyu in the beginning because of your status and your first marriage and so on. You are not enough to be the second young Madam of the Lei family."

Ru Yu bit her lips without saying a word. Lei Taihe continued, "of course, after you moved into the Lei family, I have to admit that you are actually very outstanding. Putting aside your status and your first marriage, your own status is enough to be the second young Madam of the Lei family. I won't deny this, and I can't deny it either."

"What exactly does father want to say?" Ru Yu frowned slightly and looked at Lei Taihe and asked faintly.

"I want to say, Ru Yu, you are a painter and also a person who knows how to behave. Our Lei family is a businessman, and businessmen have always valued profits." Lei Taihe sighed again when he said this. "I think even if you don't pay attention to the Lei family, you should know that the reason why we transferred Zhen Yu back to the Lei family was to get the approval for that piece of land. But now, the director of the City Construction Bureau is Minister Song's cousin, which is also Yu Xi's uncle. This relationship is laid out here. If we don't take this piece of land this year, our Lei family will lose 100 million US dollars... ". "... "

Ru Yu instantly understood what Lei Taihe meant. For the sake of the Lei family's 100 million USD, they were willing to sacrifice a second-hand woman who had a previous marriage and status. They wanted her to divorce Lei Zhenyu, and after the divorce.. Lei Zhenyu was going to divorce Song Yuxi.

Lei Taihe could stand up for Cai Shaofen and prevent Lei Zhensheng and Cai Shaofen from divorcing because Lei Zhensheng's woman outside the Lei family's door would not only prevent the Lei family from getting that piece of land, but it might also worsen the relationship between the Lei family and the director of the Bureau of Urban Construction.

To put it bluntly, in the absence of any conflict of interest, Lei Taihe could also put on a fair face and act according to the rules and regulations.

However, once a person was linked to the interests of the Lei family, the balance in Lei Taihe's heart would naturally tilt towards the side with benefits. Fairness, justice, and even feelings would no longer exist.

Lei Taihe said a lot, and the final meaning was very obvious. He wanted Ru Yu and Lei Zhenyu to go through the divorce procedures as soon as possible because the Lei family was busy marrying the daughter of Minister Song, Miss Song Yuxi.

Before ru Yu could say anything.. Lei Zhenyu, who was beside her, spoke first. “Dad, it’s impossible for me to divorce ru Yu, and it’s even more impossible for me to marry Yu Xi. Besides me marrying Yu Xi, big brother can actually break up with his mistress on that piece of land. As long as his mistress returns to the side of the director of the city construction bureau, there might still be a glimmer of hope. ”

“The possibility of that is very small. ” Lei Taihe immediately rejected his younger son’s suggestion. “The director of the urban construction bureau is already a vengeful person. Even if the woman outside your brother’s House has returned, it is impossible for the director of the Urban Construction Bureau to forget that the woman has been with your brother for three years. The success rate of doing so is only about 10% . Moreover, the woman is now pregnant with your brother’s child. How old is your brother? Could it be that you are asking him not to have this child? ”

Lei Zhenyu was about to refute, but Lei Taihe immediately stopped him with his hands Then he said, “you and ru Yu are different. You just got married and don’t have much relationship. Besides, as long as you and Yu Xi get married, that piece of land will be 100% approved. Do you think we can give up 100% efficiency and sacrifice your brother’s child to take that 10% risk? ”

### **Chapter 1192: I will not divorce ru Yu**

Ru Yu did not know whether to laugh or cry when she heard this. Cai Shaofen, who was standing at the side, opened her mouth She looked at Lei Taihe and said plainly, “Dad, back then, Miss Song and Zhenyu were very in love. Dad knew that they broke up because of something. Doesn’t dad think that it’s a disgrace to the Lei family to marry such a woman? ”

Ru Yu did not expect that Cai Shaofen would actually help her and Lei Zhenyu at this time. It seemed that there was a saying that people’s hearts were changing. She did not let Cai Shaofen down. At the very least, she introduced her to Lin Yuxin, so.. Cai Shaofen would also stand by her side and pull her back at the right time.

Lei Taihe’s face darkened He could not help but snort coldly and say, “isn’t the Lei family’s face shamed enough by these two scornful sons of mine One brought back an illegitimate daughter from outside, and the other married a second-hand woman. What’s the point of marrying Yu Xi Moreover, the affair with Yu Xi is not public. Only our family and the song family know about it. What can the outside world say?”

Alright, ru Yu admitted that Lei Taihe, this seventy-year-old man, was not an ordinary businessman who valued profit over righteousness. In the face of huge benefits, even the so-called reputation of the Lei family could be cast aside.

Of course, from Lei Taihe’s point of view, Lei Zhenyu marrying Song Yuxi was not considered a loss of face. Just as he said, he had already married a second-hand woman, let alone a woman who had betrayed Lei Zhenyu and was unknown to outsiders?

Moreover, that woman was Minister Song’s daughter. At least, she had status and status, right?

“Alright, this matter is settled. ” Lei Taihe saw that ru Yu and Lei Zhenyu did not say anything and thought that they had been persuaded by him Hence, he said, “the two of you should quickly go through the divorce procedures in the next two days. Of course, Che Ru Yu’s breakup fee must not be reduced.

No matter what, it must be a little more than what Jin Zhengnan left for her. In this aspect, we definitely can not lose to Jin Zhengnan. ”

Ruyu only felt that Lei Taihe was very funny. She turned to look at Lei Zhenyu and said softly, “then, zhenyu-kun, do you want to divorce me? ”

“No, ” Lei Zhenyu answered with certainty. He tightened his grip on her hand again. Then, he looked at Lei Taihe and said, “I’m sorry, Dad. I’m very sorry. I won’t divorce Ruyu, and of course, I won’t marry Song Yuxi. Marriage is not a child’s game, and it’s not used as a bargaining chip for benefits... ”

“You... your brother is disdainful. ” Lei Taihe pointed at Lei Zhenyu with his finger and scolded with red veins on his face. “Do you know what you’re saying? You’re a member of the Lei family, and you don’t care about the development of the Lei family? You... ”

“I used to be a good lawyer. It was you who forced me to come back to be the manager of the Project Development Department. ” Lei Zhenyu’s voice was calm and firm. “Now, I will resign as the manager of the Project Development Department of the Lei family. I will still go back to be my lawyer. Ru Yu will not look down on me just because I am a lawyer. I will not look down on her just because she has no status and is a second-hand woman. The two of us can completely rely on our own hands to live a normal life. Since we want to be rich and prosperous, we can also rely on our own hands to earn money. ”

After Lei Zhenyu said this, he immediately pulled ru Yu’s hand and stood up. He then turned his head to look at Lei Zhensheng, who had a dark expression on his face, and said indifferently, “big brother, you are father’s good son. You take good care of the Lei family. I will move out with ru Yu today. ”

### **Chapter 1193, I am not a businessman**

“Zhenyu, aren’t you afraid that when dad gets angry, he won’t leave you a single cent of his assets? ” Lei Zhensheng’s cold and dark face reminded Lei Zhenyu, meaning that it was not worth it to give up half of the assets of the Lei family for a woman.

“If you don’t want to keep them, then so be it. ” Lei Zhenyu’s voice was indifferent and distant “I am a lawyer. I have fought many family property disputes for many wealthy people overseas. Money is not particularly important to me. With my ability as a lawyer, I can make my family live comfortably. What do I need so many assets for “Can I bring them to the Netherworld after I die? ”

“HMPH, you only want to live comfortably. Don’t you think that when you have children in the future, as a parent, you can’t give your children better schools and better education? ” Lei Zhensheng scoffed at his words. “Do you think that children who study abroad are the same as those who study at ordinary universities in China? ”

“I think there’s no difference. ” Lei Zhenyu’s voice was still very indifferent. Then, he looked at Lei Zhensheng mockingly and said, “isn’t big brother’s illegitimate daughter completely in love with a man who can’t study well in China and graduate from a university? Does Big Brother think that man is far worse than the man who returned from abroad “If he’s far worse, why did he try so hard to get his daughter to marry the man who went to an ordinary university in China? ”

“You... ” Lei Zhensheng was so angry that his face was red, but he couldn’t say a word.

Lei Zhenyu snorted and immediately held ru Yu's hand and walked towards the stairs. Just as they reached the stairs.. They heard Lei Taihe shouting, "Zhenyu, think carefully. Once you walk out of the Lei family's door, if you want to come back, it won't be as simple as you insisting on marrying this woman last time. I won't have a son who doesn't care about the Lei family's interests. "

"It's fine. " Lei Zhenyu's voice was very calm He looked at his father and said, "I know dad is a businessman. Every time dad deals with a matter, he always thinks from the perspective of a businessman. Unfortunately, I'm not a businessman. I think that some things are more important than interests. So, Dad, even if you want to sever the relationship between father and son, I don't blame you. "

After Lei Zhenyu said this, he pulled ru Yu upstairs. Ru Yu only felt a cold sharpness behind her. She couldn't help but sigh in her heart. This was great. She had offended both the Lei father and son.

After entering the room, Lei Zhenyu immediately packed his luggage. Ru Yu felt extremely uncomfortable She could not help but advise him, "Zhenyu, why don't we go through the divorce procedures? After all, you are the child of the Lei family. For the growth and development of the Lei family, you have responsibilities and obligations... "

"I have already fulfilled my responsibilities and obligations. " Lei Zhenyu immediately interrupted her "I quit my job as a lawyer and went back to work at the Lei family. I had already placed myself in the Lei family and was considering the development of the Lei family. Actually, it's not easy to get the approval for that piece of land, but I believe that with time, I should be able to get it through other means. However, my brother was too anxious. He was anxious to start construction next month, so he wanted to take a shortcut. He thought that the old man would be able to pressure me, but I refused to fall for his tricks... ."

"You don't fall for his tricks, but the key is that your stubbornness results in the complete abandonment of Lei's property, you... really don't feel bad? " Ru Yu still felt that his approach was somewhat lacking in consideration ...

#### **Chapter 1194: Was it worth it**

"What's there to feel sorry for? " Lei Zhenyu smiled and caressed her head. "Didn't you hear what I said just now? Money is a worldly possession. You can't bring it with you when you're alive, so what's there to feel sorry for? "

"The point is... you did this for me, " ru Yu reminded him carefully. "Lei Zhenyu, we're only in an agreement marriage. You lost half of the assets of the Lei family for an agreement wife... It's not worth it! "

"What's not to know? " Lei Zhenyu laughed and said in a slightly heroic manner, "isn't there an old saying in China, 'don't love the country, love the beauty' ? I just happen to agree with this old saying, 'don't love property, love the beauty' ! "

Three black lines immediately fell from ru Yu's forehead. After a while, she reminded him faintly, "Zhenyu, the point is, I'm not a beauty. I'm just an ordinary woman. I want a second-hand woman with no status, no status, no status!"

"Okay." Lei Zhenyu nodded seriously. "those who don't love beauty are all emperors. I'm just an ordinary man, so I can only love women without any assets. Is that okay?"

"..."ru Yu was speechless.

"Hurry up and help me pack." Lei Zhenyu saw her sitting and urged her, "we have a lot of things. I guess you can't go to work today."

Ru Yu nodded and stopped discussing with him whether it was worth it or not. Since he insisted on moving out with her, then let's move out. Actually, living in the Lei family was not that comfortable.

Lei Zhenyu and ru yu packed almost three hours' worth of things. In fact, it was mainly clothes, daily necessities, books, and other large bags. Big and small, they packed three leather shoes and three travel bags.

When ru Yu and Lei Zhenyu moved these things into the Lei family's courtyard, Lei Taihe walked over with a cold face Looking at Lei Zhenyu who was driving over, Lei Zhenyu said coldly, "the car is bought with the Lei family's money. Since you are not willing to work for the Lei family, then you can't drive away."

Lei Zhenyu was slightly stunned, then he nodded. Then, he parked the car and got out of the car. He reached out his hand to ru Yu and said, "give me the car keys. I will go and drive your car over."

Ru Yu hesitated for a moment, then she took out the car keys from her bag and threw them to him. Anyway, her car was an off-road vehicle, so she could fit this little luggage.

"Car Ru Yu, are you really going to take care of this little son of yours?" Lei Taihe saw that Ru Yu threw the car keys to Lei Zhenyu, and he felt very uncomfortable He frowned and said, "how about this, you divorce Zhenyu, and then I stop my granddaughter from getting along with Jin Zhengnan, and you go back to Jin Zhengnan's side?"

Hearing Lei Taihe's words, ru Yu couldn't help but laugh. Her smile was as bright as a flower. She said politely, "Mr. Lei, thank you for your kindness, but I won't want a man who has betrayed me before."

"Zhenyu is a very stubborn child," Lei Taihe reminded her lightly, meaning that his son might not be better than Jin Zhengnan in front of her.

Ru Yu nodded seriously and took over Lei Taihe's words, "well, I know that Zhenyu is very stubborn. That's why he refused to divorce me no matter what."

Lei Taihe was so angry that he almost spat out blood and fainted. He gripped the door frame tightly and watched Lei Zhenyu drive ru Yu's car over. He watched as ru Yu and Lei Zhenyu carried their luggage to the car. He was so angry that he pointed at his son His entire body was trembling.

## **Chapter 1195 renting a house**

“Zhenyu.” Lei Taihe saw that Lei Zhenyu was about to get into the car, so he immediately stopped him.

“Dad, is there anything else?” Lei Zhenyu paused for a moment, but he still took two steps forward to ask.

“well... since you don’t care about the life and death of the Lei family for this woman, then the apartment outside... you can’t live there anymore. Don’t forget, you used the money from the Lei family to buy it.”

“Dad, that money doesn’t belong to the Lei family.” Lei Zhenyu almost instinctively retorted, “I bought that apartment seven years ago, at that time...”

“weren’t you a member of the Lei family at that time?” Lei Taihe quickly interrupted his son’s words. His hands were clenched into fists. He had to force his son into a corner. Otherwise, he wouldn’t know how to turn back.

“Alright.” Lei Zhenyu nodded. Then, he glanced at Lei Taihe and said, “I still have some things in that apartment. I will move them out today. I will send the keys back to you.”

After saying this, he immediately turned around and walked to the driver’s side of the car. He knew that his father was forcing him, but he wouldn’t turn back. Even if he really didn’t have a place to live, he wouldn’t turn back.

Ru Yu turned to look at Lei Zhenyu, who was starting up her car. She could not help but advise him in a low voice, “that... why don’t you stay? I can move away by myself. Why do you have to break up with your family and even have no place to live because of a second-hand woman like me?”

“Why do you want to stay?” Lei Zhenyu stepped on the gas pedal and the car quickly drove out of the Lei family’s courtyard. Then, he turned to look at Ru Yu and said, “could it be that you see that I am so poor that I have no house, House, car, or car and you are planning to abandon me?”

“...” Ru Yu didn’t say anything.

“Let’s rent a house first?” Lei Zhenyu parked the car outside the door of a real estate agency and looked at Ru Yu. “Do you want to go down together? The House is rented for the two of us to live together.”

“You don’t need to rent a house, right?” Ru Yu quickly said, “I still have a place to live.”

“I don’t want to live in your old house.” Lei Zhenyu knew that she was talking about the House that Jin Zhengnan left for her.

“I’m not talking about that place.” Ru Yu quickly explained, “he bought the House that he left for me when we were about to get married. I’m talking about the place that I used to live alone. It’s just that it’s been empty for more than three years. However, there are hourly workers who clean it every week. Occasionally, I let my friends stay there. Now, we can just move there directly.”

“No need. I’ll still rent a house.” Lei Zhenyu insisted. He looked at Ru Yu sideways and said, “I can’t let my big brother laugh at me for living with a woman and living in your house, right?”

Ru Yu was stunned when she heard this. A strange feeling immediately flashed through her heart. She seemed to... .. Like this Lei Zhenyu !!

The two of them entered the agency together. Since they were going to move in immediately, they had to find a house that had all the furniture and appliances. Fortunately, many of these houses were rented out, so two hours later.. They rented a house with one bedroom and one living room.

Actually, there were two bedrooms and one living room, but the roads were not very good. Moreover, it was quite far from Ru Yu's studio. Although it was a one bedroom and one living room, the area was very large. It was more than 80 square meters. It was enough for the two of them to live in.

Ru Yu quite liked the style of the house decoration. Although some of the things seemed a little tacky, it was still a rented house to live in. It was impossible for them to be happy with everything.

### **Chapter 1196: Why didn't you reveal your identity**

At their rented new home, they took out the things in their luggage in the afternoon. The things that should be hung in the wardrobe were hung in the wardrobe. The things that should be placed in the wardrobe were placed properly. The things that were lacking in the room were bought from the nearby supermarket. The two of them worked for another afternoon.

In the evening, Lei Zhenyu had to go out because he had an appointment with the former boss of the law firm to discuss going back to work. He did not eat at home tonight.

Of course, ru Yu would not eat at home either. She drove back to her father's car, Qi Xuan's place. After all, she had not gone back for a long time after she got married. Moreover, she had moved out of the Lei family now. She had to go back at least once, right?

Ru Yu originally wanted to let Lei Zhenyu drive her car because there was still an empty car at her house. However, Lei Zhenyu didn't want it. He said that he would buy a car in a few days. After all, he had earned some savings during the seven years he had been abroad.

When ru Yu returned home, it just so happened that Che Qixuan and Pu Yongjun were both there. When they saw her come in, Pu Yongjun even joked, "Aiyo, ru Yu, your father and I thought that you had forgotten about us after you married Lei Zhenyu?"

"How is that possible?" Ru Yu smiled and placed the fruits she bought on the coffee table. "Didn't I come back to see you guys? Oh right, has Auntie Zhi given birth?"

"Not yet, probably next month." Pu Yongjun stood up as he spoke. "Yu Yu is back so early today. You haven't eaten yet, right? I'll cook tonight. You two can chat first."

Ru Yu nodded and Pu Yongjun went to the kitchen. Che Qixuan looked at her and frowned slightly. "Yu Yu, did something happen?"

Che Qixuan was after all ru Yu's father. The father and daughter had lived together since young. Even if they didn't speak, he could tell from ru Yu's expression that something was wrong.

Ru Yu nodded and told him about her and Lei Zhenyu moving out to rent a house. Finally, she said, "I didn't expect Lei Zhenyu to give up half of the Lei family's assets for me. This... I feel so guilty!"

“Then why didn’t you tell Lei Taihe that you are Dongfang Mo’s daughter?” Che Qixuan smiled and said, “if Lei Taihe knew that you are the daughter of the richest man in Asia, he probably wouldn’t even be able to curry favor with you in time.”

“Come on, dad, why would I say that I am Dongfang Mo’s daughter?” Ru Yu shook her head and smiled bitterly. “If that’s the case, how would I know if Lei Zhenyu is interested in me or my status “If a man only wants to be with you for your status and status, what meaning do you think there is in life?”

Che Qixuan nodded and said, “however, ru Yu, Jin Zhengnan didn’t want to be with you because of your status and status. He still doesn’t know that you’re Dongfang Mo’s daughter.”

“But Jin Zhengnan deliberately approached me for the sake of his own career development.” Ru Yu immediately refuted her father’s words “Jin Zhengnan’s starting point is low. He hoped to use my artist’s network to help him develop some interpersonal relationships and allow his career to develop rapidly. This is completely different from Lei Zhenyu giving up half of the Lei family’s assets.”

When Che Qixuan heard this, he was stunned. Little feather had actually placed Jin Zhengnan and Lei Zhenyu on the same scale. Moreover, her words just now were clearly biased towards Lei Zhenyu.

“then... do you need any help moving out now?” Che Qixuan pondered for a moment before asking, “for example, the land of the Lei family. Actually, I have a complete solution...”

#### **Chapter 1197 your wife is really good to you**

“There’s no need.” Ru Yu immediately took over Che Qixuan’s words Then, she said lightly, “if Lei Taihe didn’t go so far, I might have asked you to secretly think of a way to help them get the approval. But now that he only wants benefits and doesn’t want family ties, then why should we help the Lei family “I want to see what he wants to do with Lei Zhenyu and me.”

Che Qixuan couldn’t help but shake his head when he heard ru Yu’s words. Little feather’s personality was really not just stubborn. In fact, when she twisted her personality, she was more like Dongfang Mo..

When ru Yu had dinner at her daddy’s house, Pu Yongjun not only made steamed rice with seaweed, but also beef tenderloin with green pepper, sichuan-flavored pork, stir-fried wild spinach, and so on.

It had been a long time since ru Yu had eaten such delicious food. She ate until she was almost full. Then, she said coquettishly, “fortunately, I don’t come home to eat every day. Otherwise, I would definitely grow up to be a fat pig.”

Che Qixuan teased, “then you didn’t grow up to be a fat pig when you ate at home every day when you were young?”

“That’s because I used to eat at school,” ru Yu quickly explained, “the food in the school cafeteria lost weight, so I didn’t grow up to be a little fat pig.”

It was already past eight o’clock in the evening when she left home. There were not many cars on the road when ru Yu drove home. She drove leisurely while texting Lei Zhenyu to ask if he had returned.

Lei Zhenyu said that he was almost done. He had made a deal with his former boss and friend and would take a taxi home later.

She immediately replied to the text message, saying that she was driving over to pick him up and that her car was near the restaurant where he was. She told him to wait for her at the restaurant entrance and she would be there in two or three minutes.

After sending this text message, ru Yu immediately drove towards the Western restaurant street where Lei Zhenyu was. Perhaps it was because there were too many ancient trees, the streetlights were a little dim, so she slowly drove the car to the side.

The car had just stopped when Lei Zhenyu and his friend came out of the restaurant. That person also knew about ru Yu because he had attended the wedding between Lei Zhenyu and ru Yu at the church.

“Your wife is really good to you.” That person teased Lei Zhenyu by his ear, “look, you’re so poor that you’re renting a house now, but she’s still following you.”

Lei Zhenyu laughed and pushed him with his hand. Then, he pulled open the door of the passenger seat and got in.

“Have you discussed the work?” Ru Yu started the car and looked at him from the side. “Does your boss think you’re stupid enough?”

“Hahaha,” Lei Zhenyu laughed out loud. He stretched out his hand and placed it on the back of her hand that was on the shift lever. He held it gently. He said in a low voice, “ru Yu, everyone’s perception is different. It’s the same thing, but everyone’s way of handling it is different. My boss only asked me if it was worth it. I firmly told him that it was worth it!”

Ru Yu was slightly stunned. She turned her head to look at him. Coincidentally, he was looking at her with a burning gaze. The moment their gazes met in the air, it was as if they were cremated. Ru Yu felt her heart beat faster and immediately looked away.

The entire journey was silent. They returned to the House that they rented this afternoon. Although everything was unfamiliar, fortunately, the two of them were already extremely familiar with each other. When they walked in, they suddenly felt as if they had returned home.

In an unfamiliar room and an unfamiliar bed, ru Yu lay on the bed tossing and turning, unable to fall asleep. When Lei Zhenyu came out of the shower and saw her tossing and turning on the bed, he shook his head, stretched out his hand, and pulled her into his embrace... ..

“sleep.” He planted a kiss on her forehead, then whispered softly, “don’t be afraid, I will always be by your side!”

### **Chapter 1198: The dull life of a married couple**

In early December, Seoul welcomed its first snowfall.

When it snowed, ru Yu was painting in the studio when she suddenly urged the elites to come in and tell her that it was snowing outside.

She hurriedly pulled open the curtains and saw that it was indeed snowing. The goose-down-like snow danced in the air, looking very beautiful. Ru Yu could not help but open the window a little. She stretched out her hand and caught a snowfall.

The snowflakes formed a diamond shape and slowly melted in her palm for a long time. She could not help but smile. It turned out that no matter how cold things were, as long as the temperature increased, as long as the heat increased, they would gradually melt.

In the blink of an eye, she and Lei Zhenyu had moved out of the Lei family for ten days. These ten days seemed to be very good for the two of them. They went downstairs to work together every day. She drove him to the law firm first, and then drove to the studio to work.

After work, as long as he did not have to work overtime, she would leave half an hour earlier. She would drive to pick him up, and then the two of them would go to the supermarket near their new home to buy some ingredients to make dinner.

In the evening, she usually had nothing to do. Occasionally, she would read books and surf the Internet, but he was always studying his files. As soon as he arrived at the law firm, the boss gave him a difficult divorce case.

This afternoon, ru Yu had just sent a text message to Lei Zhenyu to ask if he had any social engagements or if he needed to work overtime that night when Lin Yuxin's call came.

She had just pressed the answer button when Lin Yuxin's voice sounded hurriedly, "Ru Yu, tonight's party is at the neighbor's barbecue shop. It's 7 pm. Don't forget the time like last year. You made us wait for you for half a day."

"Why are we going to the neighbor's barbecue shop for a party?" Ru Yu obviously hadn't thought of it yet. As she drew the border with a pen, she asked casually.

"F \* Ck, is today our class reunion?" Lin Yuxin was obviously very angry that ru yu had not thought of this day. "Che Ru Yu, the annual class reunion. Have you been having sex with your husband every day recently, so much so that you have forgotten about it?"

Only then did ru yu remember that there was an annual class reunion. Every year, on December 9th, all the students in Seoul who could attend would usually rush over to attend.

There was a class reunion at night, so it was not easy for her to decline but she could not go. Most importantly, there was an unwritten rule in this class reunion. Whoever went the latest every year would have to pay for the second year's class reunion. This was to punish her for not being active in group activities.

Last year, she went the latest, so this year, it was her turn to pay. And this year, she couldn't find an excuse not to go, because if she did, it would make her look very stingy, as if she didn't want to treat her classmates to dinner.

She called Lei Zhenyu and said that she had a class reunion at night, and Lin Yuxin would drive over to pick her up, so her car was parked below Yun Heng Building, and she asked him to take a car to drive back from work.

Lei Zhenyu said that he had an engagement at night, because the divorce case's litigant wanted to discuss the case with him in detail. He could drive the car over. Anyway, he was going to meet the divorce case's female protagonist, and he only told her to drink less alcohol at night and not drink if she could. Then he asked her where the party was and said that he would come back early to pick her up after he was done.

In fact, Lei Zhenyu had been talking about buying a car to take him there for the past few days. Ru Yu refused because her daddy still had a car at home. She could lend him a car to take him there.

### **Chapter 1199 Class Reunion**

However, Lei Zhenyu said that there was no need. It was fine to let him be her ride, but it was not fine to let him directly accept one of her cars. He was a man, and supporting his family was his ability. He absolutely could not let his wife fork out money for him to use.

Alright, Ru Yu was convinced by him. Perhaps this was a common problem among men. They were self-righteous and chauvinistic, but she still did not stop him from buying a car. She said that his Maybach from the Lei family was worth close to a million dollars, so she would wait for a while.. When Lei Taihe's anger subsided, he might ask him to drive his own car out one day. Wouldn't it be a waste to buy another car now?

Before it was time to get off work, Lin Yuxin arrived. She called her from below Yun Heng Building and told her to get out of the car immediately. She said that she did not enter the parking lot and that she would be caught by the traffic police if she pulled over.

Ru Yu was so angry that she almost fainted. She did not care that her office was still unpacked. She grabbed her bag and quickly ran down. Just as she pulled the door open and got into the car, Lin Yuxin stepped on the accelerator. This caused her to quickly close the car door and hurriedly fasten her seatbelt.

"Damn, now you have learned how to race against the police." Ru Yu really had to give in to Lin Yuxin. This was an obstetrician and gynecologist. She was so impatient. Sometimes, she wondered if she would pull someone's stomach open because she was so anxious that she did not even need to use disinfectant?

"It's very troublesome to get a card copied." Lin Yuxin finally slowed down a little after turning the corner. She looked sideways at Ru Yu and said, "by the way, I saw Jin Zhengnan and Lan Ruoshui yesterday."

"Oh," Ru Yu said casually. It was not strange to see the two of them. Lan Ruoshui probably thought that Lei Zhenyu had been kicked out by the Lei family and that there was hope for her and Jin Zhengnan to get married again.

"guess what? The two of them seem to be quarreling." Lin Yuxin saw that Ru Yu's reaction was calm and could not help but say, "I still think it's strange. Isn't that cheating couple madly in love? Why are they quarreling again?"

“Who knows?” Ru Yu was no longer interested in the matter between Jin Zhengnan and Lan Ruoshui. She and Jin Zhengnan had been divorced for more than three months, and she had been married to Lei Zhenyu for almost three months.

Lin Yuxin saw that ru Yu was not interested in discussing this topic, so she did not continue. Fortunately, the next-door Barbecue shop was not too far away, and Lin Yuxin came to pick her up in advance. There were no traffic jams on the road, so they arrived half an hour later.

Because they had learned from last year’s lesson, they arrived earlier this year. Of course, they were not the first to arrive. When they walked in, half of their classmates had already arrived.

When everyone saw that ru Yu had arrived, they could not help but tease her. They said that she was the one paying tonight, and she was a great painter. She had probably earned a lot from painting this year. Tonight, everyone should not be polite and must roast more streaky pork.

Ru Yu smiled and said that everyone could order whatever they wanted and eat as much as they wanted. It was fine. Even if they were to roast all the streaky pork in the neighboring barbecue shop, how much money would they have?

A group of students were chatting and laughing. After more than ten minutes, it was almost time for everyone to take their seats. This year, there were not many students in Seoul. Some of them might not be able to come if they had something to do, so there were only a dozen of them. They asked for a large private room and surrounded a large table.

The work of roasting meat naturally fell to the boys. The female students sat together and gossiped. Some people were saying that Jin Ying in “chang-jin” was married, but chang-jin still did not have a boyfriend or anything.

## **Chapter 1200 SMELLY DOG SH \* T**

Women had a lot of local gossip, and they were also very good at it. They finished gossiping about Korean celebrities, Japan, Hong Kong, Hong Kong, and mainland China.

From celebrities to second-generation rich people, everyone chatted with great interest. Someone took out a financial magazine He pointed at the handsome man on it and said, “see, the youngest second-generation rich person in Asia, Dongfang Yunheng, son of the richest man in Asia, Dongfang Mo. how about it? Who can handle it, sisters?”

The group of classmates laughed and said that they were getting old. Dongfang Yunheng was only twenty years old. How could he be interested in a bunch of old women like us? He might be staring at a seventeen or eighteen-year-old girl right now.

Ru Yu looked at the handsome young man in the financial magazine. He was like a reprint of Dongfang Mo. she had not seen her younger brother Yun Heng for almost a year. She did not expect him to be on the cover of the financial magazine.

The women were chatting happily when the door of the private room was suddenly pulled open. Then, a familiar voice sounded, “? ? ? ? ?”

Ru Yu didn't need to turn her head to know that it was Lan Ruoshui who had come. Last year, she had also participated in it. However, this year, she didn't expect that she would come back. This was because Lan Ruoshui should know that this year, she was the one who had paid for it.

Lan Ruoshui was also their university classmate. Recently, the issue of her interfering in ru Yu's marriage had been widely spread, so everyone didn't look too good to her. The scene where they were chatting passionately just now immediately became cold and cheerless.

Lan Ruoshui immediately realized that it was true. She generously sat down in the empty seat next to ru Yu. In fact, this seat was originally reserved for Jiang Zijian. Because he and ru Yu used to be partners in university, they would sit together every year at the party.

"Lan Ruoshui, that seat is mine." Jiang Zijian, who was grilling meat, was very unhappy with Lan Ruoshui who was sitting in his seat. He could not help but say coldly, "can you sit in another seat? Ru Yu and I only meet once a year. Do you have the heart to interrupt our cowherd and weaver girl's meeting?"

Jiang Zijian's joke made everyone laugh. In University, ru Yu and Jiang Zijian used to co-host programs and act in skits.

Once, the two of them co-acted in a drama, "cowherd and weaver girl." In the drama, ru Yu played weaver girl, and Jiang Zijian played cowherd. From then on, the students teased them about the cowherd and weaver girl. After a long time, Jiang Zijian and ru Yu got used to it. They even made fun of the annual class reunion as a meeting between cowherd and weaver girl.

Hearing Jiang Zijian's words, Lan Ruoshui immediately stood up and walked to the empty seat next to another girl to sit down. However, she did not forget to tease Jiang Zijian and said, "cowherd, when are you and your weaver girl really together? She is now a three-handed woman."

Three-handed woman. Everyone was shocked and did not react in time. They knew that ru Yu and Jin Zhengnan were divorced, but wasn't ru Yu married? How did she become a three-handed woman?

"Lan Ruoshui, you are born to be a vixen, that's why you are here to mislead people," Lin Yuxin immediately refuted her. She snorted coldly and said, "I guess ru Yu and Yu Cheng's youngest aunt made you unhappy, right?" So she made up some rumors. In fact, if you don't speak, we will just pretend that you don't exist. But if you insist on speaking, and it's so smelly, we can't even pretend that you are not smelly dog Sh \* T."
