

**Chapter 131: Who is distorting the truth**

He was slightly taken aback as he walked up to the car. Before he even reached the car, he saw that everyone in the car had alighted. The first car to alight was Dongfang Yu and Xi Muxue, while his mother, Dongfang Mei, was in the car behind.

“Ah Jun, you’re back already?” Dongfang Mei spoke before her son. “How did your exams go?”

“Mother, where’s sister-in-law?” Dongfang Jun ignored his mother’s question and instead of answering, he asked, “where did you take sister-in-law?”

“Mu Ru, she was locked in the basement by your brother yesterday afternoon,” Dongfang Mei answered naturally. Then, she looked at Dongfang Yu next to her and asked with a frown, “hasn’t she been released yet?”

Dongfang Yu shook his head. “Aunt Gu, I don’t know. I wasn’t in yesterday afternoon and was arranged by my brother to accompany the president of DFM Company, Rodjer, to gamble. At night, I received a call from my brother and went straight to the hospital. I only came home with you now.”

“You have the nerve?” Dongfang Jun glared at Dongfang Yu coldly and couldn’t help but say mockingly, “that’s true. Second Brother has always been a gambler or a womanizer. I guess you didn’t just bring Rodjer to gamble yesterday. I’m afraid you also brought him to the 18th street, right?”

Dongfang Yu frowned when he heard this and said coldly, “so what if I did? Ah Jun, if you want to envy second brother, you can go yourself. There are many girls at the 18th street.”

“Who’s envious of you?” Dongfang Jun glared fiercely at him. Then, he growled impatiently, “your own wife is having a baby, and you’re blaming her sister-in-law. Hurry up and hand over the key to the wine cellar. I’m going to the wine cellar to fetch her sister-in-law.”

“What do you mean by having a baby?” Xi Muxue, who was standing beside Dongfang Yu, yelled angrily, “Dongfang Jun, you just came back today. Don’t distort the truth. The baby in my stomach has been fine until it drank the pregnancy medicine that Xi Muru brewed. Yesterday morning, we even went to Dharma Temple to pray and make a wish. If it wasn’t for her... “. “...”. “...”

“Alright, hurry up and go in,” Dongfang Yu interrupted Xi Muxue impatiently. Then, he used his hand to push Xi Muxue and her towards the main hall of Mo Garden.

“Hey, second brother, you can leave if you want to. Give me the key to the wine cellar!” Dongfang Jun shouted from behind and immediately wanted to chase after her.

Dongfang Mei quickly stopped her son from the side and glared at her son. “Ah Jun, why are you so confused? Where is the key to the wine cellar on Ah Yu’s body? Isn’t it on your big brother’s body?”

“Mom, do you have the key to the wine cellar on your body?” Dongfang Jun didn’t want to continue asking his mother this question, so he quickly asked the thing he was most concerned about.

“There were originally two keys to the wine cellar. Your Big Brother has one and I have one.” Dongfang Mei looked at her son Then she said indifferently, “but, ah Jun, the decision to lock mu ru in the wine cellar was made by your big brother, so I can’t give the key to you without permission. No matter what, I have to discuss it with your big brother.”

“then hurry up and call your big brother?” Dongfang Jun shouted anxiously “Mom, it’s not like you don’t know how cold it is in the wine cellar. Moreover, it’s December now. Locking Mu ru down there for a day and a night, if you don’t let her out, won’t you freeze her to death?”

### **Chapter 132 was the key to the current situation**

Dongfang Mei listened to her son’s words She frowned and said, “I went out with AH MO at noon. I went to the hospital to see Mu Xue because the Xi family is also in the hospital. I have to go and meet them. Ah Mo went to the Dongfang Group because DFM’s president, Rodger, is here. He’s probably still at the Dongfang Group.”

“right, mom, why is Rodger here in Binhai?” Dongfang Jun frowned slightly and then asked curiously, “didn’t second uncle go to America to collect money from Rodger? Why? Didn’t he receive it?”

“your second uncle’s trip to America was in vain because when he arrived in America, Rodger had already gone to Italy. By the time your second uncle arrived in Italy, Rodger had already arrived at Binhai, so your second uncle also came back yesterday.”

“okay, mom, if Rodger comes, so be it. Big Brother will accompany him, so be it. The key now is that you have to call big brother. Mu Ru is still locked in the basement.” Dongfang Jun didn’t have time to discuss Rodger’s matter with his mother The one he was anxious about was mu ru.

Dongfang Mei looked at her unruly son and sighed lightly. “Ah Jun, you’re already 21 years old. You should at least pay attention to Dongfang Group’s movements, right? Rodger is a big client of Dongfang Group...”

“Mom, I’m still studying. Why should I pay attention to Dongfang Group?” Dongfang Jun was anxious to death He shouted a little unhappily, “besides, Dongfang group belongs to big brother. What does it have to do with me? I can at most graduate from school and work for Dongfang Group.”

“useless.” Dongfang Mei could not help but growl at her son. She then snorted coldly and said, “your eldest brother, Dongfang Mo, is suffering from severe skin cancer. How many days can he have?”

“Then the Dongfang family still has my second brother.” Dongfang Jun still did not delve into the meaning of his mother’s words. He only answered casually.

“Your second brother is a vegetable who has been in a hospital bed for ten years. He hasn’t even woken up for a year. Look at his behavior, he doesn’t know what to do. Some time ago, your eldest brother went to the United States to have his skin examined and asked him to represent the Dongfang Group. In the end, he lost two hundred million in half a month. Your eldest brother is so angry that he won’t even let him work at the Dongfang Group anymore... “. “...” . “...”

“Mom, what you’re trying to say is...” Dongfang Jun paused for a moment, then looked at his mother in a daze. After a while, he came to a realization. “Mom, you want me to... inherit this property of the Dongfang family?”

Dongfang Mei rolled her eyes at him and poked his forehead with her hand. “I call you stupid, but you always think you’re smart enough. What do you think?”

“But... this doesn’t conform to the rules of the Dongfang family?” Dongfang Jun shook his head and said, “mom, even if second brother can’t achieve anything, he’ll still have a son in the future. His son is the true heir of the Dongfang family...”

“It is unknown whether Dongfang Yu will have a son in the future. Now is not the time to discuss it with you,” Dongfang Mei coldly interrupted Dongfang Jun. Then, she said indifferently, “Ah Jun, what you need to do now is to go to the United States and read your ph.d. . When you come back in a few years, prepare to take over the Dongfang Group. As for other things, don’t get involved, especially the matter between your eldest brother and second brother...”

“But, mom, now Mu Ru... eldest sister-in-law is in the basement. I’m worried for a long time...” Dongfang Jun didn’t need to continue saying these words because Dongfang Mei had already turned around and left. There was no need to listen to his nagging at all ...

### **Chapter 133: Chapter 133 you are more than just a normal woman**

“Dongfang Yu, where are you going?” Xi Muxue could not help but shout as she watched the man walk out the door. Tears of grievance rolled down her cheeks.

She had a miscarriage at home yesterday, and Dongfang Yu was not at home. She had been sent to the hospital yesterday for a Qing Gong operation, and Dongfang Yu had not been by her side. Only aunt Gu and her mother, Lin Xinyue, had rushed over after receiving the call.

Dongfang Yu, her husband, had only come to the hospital to see her at around 12 o’clock last night. When he heard that the child in her stomach had miscarried, not only did he not care about her health, he even blamed her for not being able to carry the child properly?

Last night, he did not stay at the hospital to watch over her. He only stayed in the ward for a few minutes before leaving. Of course, he could not have gone back to the Dongfang family. He did not even know which woman he had gone to.

Today, when she was discharged from the hospital, it was Dongfang Mei who called him. She told him that her father, Xi Yuancheng, had come to the hospital. She told him to at least give Xi Yuancheng some face. That was why he came late and brought her back to the Dongfang family.

However, never in her wildest dreams did she expect that after he brought her back, he would leave in less than two minutes. What did he take her, Xi Muxue, for?

Dongfang Yu, who had originally walked to the door, slowly turned around when he heard Xi Muxue’s shout. He looked at her coldly and said, “Xi Muxue, I’m sorry. where I’m going has nothing to do with you, and there’s no need for me to explain it to you. I’ll still say the same thing I said to your father at

the hospital today. It's best if you go back to the XI family. We don't have a marriage certificate and we haven't held a wedding, so our marriage is not protected by the law. Now, you don't even have the ability to get pregnant and have children, so what do I need you for?"

"Dongfang Yu?" Xi muxue shouted angrily. She took two steps forward but stopped when she reached Dongfang Yu. She pressed her hands on her chest and spat out a mouthful of blood.

"Why?" Xi Muxue looked at Dongfang Yu with her mouth full of blood and asked with a pale face, "why are you treating me like this? I have no enmity with you, right?"

"Yes, you had no enmity with me before." Dongfang Yu nodded and looked coldly at the woman in front of him. He said very calmly, "it's just that you offended my big brother. My Big Brother was supposed to marry you, but you refused to marry him because of his ugly face..."

"Not only is your big brother ugly," Xi muxue quickly interrupted Dongfang Yu and shouted unwillingly, "He's also A... Eunuch... I'm a normal woman..."

"You're more than a normal woman?" Dongfang Yu quickly interrupted Xi Muxue's words. The corners of his mouth curled up into a mocking smile. "Xi Muxue, you're simply a super normal woman. You've been fooling around with men since you were 16 years old. Who knows how many men have slept with your body. Do you think that I, Dongfang Yu, will covet your body? Aren't you overestimating yourself?"

"You... you..." Xi Muxue heard Dongfang Yu's words. She was so angry that she spat out another mouthful of blood. She gnashed her teeth in hatred and said, "Dongfang Yu, what era is it now? It's not uncommon for men and women to have sex before they get married. The key is whether or not they have an affair after they get married. That's the most important thing. I think..."

Xi Muxue did not finish her sentence because she realized that the mocking smile on Dongfang Yu's face was getting wider and wider. Suddenly, she had a bad feeling.

Chapter 134: Chapter 134 the devil is one foot taller than the man

"What do you think you are?" Dongfang Yu asked sarcastically. He could not help but raise his voice a little. "You think you are a woman who follows the rules? You think you are carrying the child of my Dongfang Yu?"

Xi Muxue felt her back break out in cold sweat. Looking at Dongfang Yu's mocking face, she could not help but feel shocked. "could it be... that the person at night... is not you?"

Dongfang Yu could not help but laugh when he heard this. "Xi Muxue, I thought you were smart enough because you knew how to use your sister to replace the bad things you've done since you were young. You knew how to cheat and use your sister to replace you to marry my brother. Then, on your wedding night, you should know that I can also learn such tricks... ". . ."

"But... on our wedding night, the two of us were clearly having a drink in this room, and you were clearly..." Xi Muxue shook her head. With a frightened look at the East Yu, suddenly, the man standing in front of him is not the top handsome, but a super big devil.

“That’s right. On our wedding night, the two of US did drink a glass of wine. I even drugged you with your wine, so you got a little drunk after drinking. I told you to lie down on the bed and wait for me. I’ll come over after I shower...”

Dongfang Yu stopped here and then looked at her with a mocking gaze. He meant that she should know what happened after that.

Xi Muxue remembered that when Dongfang Yu went to the bathroom, he turned off the lights in the room. The room was pitch-black, and because she was drinking, lying on the bed was extremely hot. It was so hot that she could not stand it.

About ten minutes later, the bathroom door rang in the darkness. Then, someone walked over to her bedside. At this moment, she was already burning with anxiety. Moreover, this was the wedding night between her and Dongfang Yu, so of course, she did not doubt him. Hence, she quickly got into bed with the man who had climbed into her bed to engage in passionate sex.

On the night of their wedding night, she felt a joy that felt like death. This was something that those men had never given her before, and she naturally thought that it was Dongfang Yu who had given it to her. Hence, she felt that it was beneficial for a man to have more experience in bed.

However, she had never dreamed that Dongfang Yu would tell her that it was not him who came to the wedding night with her.

“then... every time after that... wasn’t it you?” Xi Muxue’s voice was trembling, and her entire body was trembling non-stop.

The mocking smile on Dongfang Yu’s face grew wider, and then he said coldly, “Xi Muxue, I didn’t even want you on the first night. Do you think that I will touch you later? Would I, Dongfang Yu, want a woman like you who has a dirty body and a dirty heart?”

“You... how good can you be?” Xi muxue could not help but growl back, “aren’t you a rotten person too?”

“Yes, I wasn’t good at first either.” Dongfang Yu shrugged his shoulders and did not argue with Xi Muxue. He just snorted coldly and said, “Xi Muxue, today at the hospital, I gave you face and didn’t say anything about this in front of your father and aunt Gu. Now, on account that your sister Xi Muru is my sister-in-law, I’ll still give you face. You go back to the Xi family obediently and this farce of a marriage between us will end here. Otherwise, I’m afraid that if I expose the fact that you’re pregnant with a bastard child and the fact that you’re missing an ovary, I’m afraid that it’ll be difficult for you to get married in the future.”

“Dongfang Yu, I curse you to die a horrible death!” Xi muxue gritted her teeth and spat out another mouthful of blood.

“Hehe, you don’t have to worry about whether I’ll die a good death or not.” Dongfang Yu shrugged nonchalantly, then turned around and walked towards the door again.

“that man... who is he?” Xi Muxue looked at Dongfang Yu’s back and gritted her teeth as she asked again.

Dongfang Yu turned around and looked at her with a mocking gaze. He said mockingly, “did he make you feel very comfortable, so you still want to have sex with him in the future?”

Xi Muxue’s gaze was as cold as an ice blade Dongfang Yu shrugged nonchalantly. “He’s a golden duck in a nightclub, and I signed a secret agreement with him, so I’m very sorry. I can’t tell you his name.”

After Dongfang Yu said that, he opened the door and walked downstairs. He did not have the mood to care about the woman in the room. He had a lot of things to do.

However, when he reached the lobby downstairs, he heard a min in the courtyard shouting, “third young master, how is First Young Madam?”

Dongfang Yu was shocked and immediately ran out. Only then did he realize that Dongfang Jun had already carried Mu ru out of the basement. Mu Ru, who was in his arms, was as Pale as a sheet. She looked like a dead person!

“What are you all standing there for? Hurry up and inform Liu Hao to come over!” Dongfang Yu roared and quickly reached out to grab Xi Muru from Dongfang Jun’s arms. Then, he turned around and ran towards the lobby of Mo Garden.

“Mother Liu, hurry up and bring a towel! BRING SOME HOT WATER!” Dongfang Yu placed Mu Ru on the sofa and used his hand to caress her pale forehead. The moment he touched her, he felt that her forehead was so hot that it was hot enough to burn his hand.

“Second Young Master, the HOT WATER IS HERE!” Mother Liu handed the hot water and towel to Dongfang Yu. She looked nervously at Mu Ru on the sofa and asked softly, “is she having a fever?”

Dongfang Yu did not answer. Dongfang Jun, who was standing at the side, did not answer either. He only stared nervously at Mu Ru.

Dongfang Yu wrung the towel in the hot water and gently wiped Mu Ru’s face. However, Mu Ru still did not wake up, and her lips had already formed a thick layer of Shell.

“Second Young Master, give the first Madam some water.” Mother Wang brought another cup of warm water over and added, “I added some glucose in the water.”

Dongfang Yu nodded and scooped some water with a spoon to send it to Xi Muru’s mouth. However, the unconscious mu ru did not know how to open her mouth anymore, so he could only force it into her mouth with a spoon.

“Who let her out?” Dongfang Mei’s voice came from behind. Obviously, a Min’s voice just now was a little loud, so Dongfang Mei heard it too.

“It was me.” Dongfang Jun looked back at his mother like a child who had made a mistake. Then, he added softly, “Mom, I took your keys just to go to the wine cellar to find some wine. I didn’t expect to see mu ru unconscious, so...”

“Are you awake?” Dongfang Mei quickly cut off her son’s words and glared at him. Then, she walked up and looked at Xi Muru who was on the SOFA.

“Not yet...” Dongfang Yu had just said two words when he saw Mu Ru’s lips move on the sofa. Then, he heard her cough.

“since you’re already awake, I think we should send you to the wine cellar.” Dongfang Mei’s voice was so calm that it was devoid of any emotion. “If mo comes back and finds out, who can bear the blame?”

### **Chapter 136: Chapter 136: I’ll take the responsibility**

“Her forehead is very hot. Maybe she has a fever.” Dongfang Yu frowned and looked at Dongfang Mei. “I think we should ask Liu Hao to come over and check on her. In case...”

“I think we should call ah Mo. .” Dongfang Mei quickly cut off Dongfang Yu’s words Then, she said lightly, “Mu ru is Mo’s wife. It was AH MO’s idea to lock her up in the basement. Most importantly, the heir to the Dongfang family has fallen out of the second Madam’s womb. If we go around her so easily, who will follow the Xi family’s rules in the future?” Wouldn’t that be a waste?”

Dongfang Yu was stunned when he heard Dongfang Mei’s words Then, he nodded and said, “that’s true. It’s all Yu’s fault. It looks like we really shouldn’t get involved in sister-in-law’s matters. Then, I’ll call big brother now and report the situation to him. We’ll see how he handles this matter. ”

Dongfang Yu stood up as he spoke. He grabbed his phone and was about to walk out the door, but before he could take a step, he heard Dongfang Mei say, “okay, Ah Yu, you and ah jun take care of Mu ru first. I’ll call ah Mo. . ”

Dongfang Mei had already escaped from her phone as she spoke. She quickly dialed Dongfang Mo’s number. In a dark corner not far away, there was a pair of eyes staring at Dongfang Yu.

Soon, Dongfang Mei put down the phone with a frown. Then, she said a little unhappily, “AH MO is the same. It’s already so late and he’s still working overtime. He doesn’t know how to cherish his body at all. ”

“Mom, what does big brother think we should do?” Dongfang Jun said a little anxiously. Then, he pointed at Mu Ru, who was leaning against the SOFA with her face flushed red and weak, and said, “sister-in-law is having a fever. Didn’t you tell big brother about sister-in-law’s situation?”

“your brother and Rodger are negotiating. His phone is in the office. His secretary answered it, ” Dongfang Mei said angrily Then, she looked at Mu Ru on the sofa and said, “how about this? Let’s send mu ru back to the wine cellar and wait for AH MO TO COME BACK...”

“How can we do that? This person is sick, ” Dongfang Yu quickly interrupted Dongfang Mei “Even if a prisoner is sick, we have to let the doctor see him. Besides, sister-in-law is not a prisoner. How about this? Let Liu Hao come over to see sister-in-law first. If brother wants to blame her, I will take the blame. ”

“Yes, yes, yes. ” Dongfang Jun quickly took over Dongfang Yu’s words and quickly added, “if big brother wants to blame someone, I will take the blame with second brother. If second sister-in-law’s child doesn’t fall, it will already fall. It can’t be that big sister-in-law will be buried with her, right? ”

Dongfang Mei secretly glared at her son. However, Dongfang Jun’s heart was completely focused on Mu Ru, so he did not need to see his mother’s gaze at all.

Dongfang Yu saw that Dongfang Mei did not object anymore, so he immediately took out his phone and called the Dongfang family’s family doctor, Liu Hao, to tell him to come over quickly without any delay.

Mu Ru leaned against the SOFA. Actually, it was not very comfortable to go from an extremely cold place to an extremely warm place all of a sudden. Therefore, although she had woken up, she felt even more dizzy and wanted to throw up. However, she had not eaten for a day and a night, so she could not throw up.

Mother Liu brought her ginger soup and told her to drink it while it was hot. However, the ginger soup was too spicy, so she drank two mouthfuls. Her empty stomach could not get used to it, so she threw up all of it again.

### **Chapter 137: Chapter 137 Xi Muru was pregnant**

Liu Hao arrived twenty minutes later and immediately checked Xi Muru. He took her temperature, listened to her heartbeat, and checked her blood.

Everyone looked at Liu Hao nervously, but the fact that Mu ru had a fever was already very clear, but they did not know how high the fever was or if it would turn into pneumonia or something.

“The first young Madam indeed has a fever, 39.8. ” Liu Hao looked at Dongfang Yu and Dongfang Jun beside him, then at Dongfang Mei. After a moment of silence, he said, “however, the first young Madam is also pregnant. As for how long she’s pregnant, I reckon it’ll take an ultrasound to find out! ”

“What? ” Everyone was shocked. They looked at each other, almost doubting if they had heard wrongly.

Xi Muru, who was sitting on the Sofa, was completely stunned when she heard Liu Hao’s words. She looked at Dongfang Yu and then at Dongfang Jun, her eyes filled with confusion.

Pregnant?

This familiar yet unfamiliar verb had only been seen once in the past in television dramas, and she had recently found out about it with Xi Muxue’s pregnancy.

However, to her, it was still very unfamiliar.

Now, the Dongfang family’s family doctor, Liu Hao, said that she was pregnant. How could this be?

No wonder she had been feeling nauseous recently. Could it be a reaction of pregnancy?

When she thought of this, she suddenly remembered that her period had passed a long time ago, but because she had been busy with other things, she did not pay attention to it. She just never thought about it... ..

“Don’t tell me... is big brother he good?” Dongfang Jun guessed the opening, looking at his mother and looking at Dongfang Yu . .

No one answered him, because only Dongfang Mo himself knew this question, others must not be clear.

“What’s going on? All gathered here?” Dongfang Yingwu came in from outside the door Seeing the few people gathered here, he frowned and looked at Xi Muru and Liu Hao who were sitting on the sofa.

“What’s wrong? Isn’t first young madam in the wine cellar? Why is she here now? Is She sick?”

“She’s not sick, she’s pregnant!” Dongfang Mei shook her head and tried to answer Then, she smiled bitterly and said, “the Dongfang family has been full of strange things in the past few months. Second Young Madam finally got pregnant, but she drank a bowl of pregnancy medicine and miscarried. Ah Mo was originally that kind of person, but first young Madam is actually pregnant. Tell Me... “... “...”

“I still can’t figure out why you would put those things in my pregnancy medicine,” Xi Muxue’s voice rang out from the stairwell Then, there was a voice filled with hatred. “So you’re the one who’s pregnant with a bastard. You wanted to let your bastard rise to power, so you did something to the child in my stomach, didn’t you?”

“Second sister-in-law, how did you know that sister-in-law is pregnant with a bastard?” Dongfang Jun was very unhappy as he took over Xi Muxue’s words. Then, he snorted coldly and said, “could it be that you’re very familiar with big brother’s body?”

Xi Muxue was stunned, then she shouted angrily out of embarrassment, “it’s an open secret that Dongfang Mo’s body is flawed. What does he need to be familiar with? If she’s not pregnant with a bastard, why would she do something to the child in my stomach?”

“I think what Mu Xue said makes sense,” Dongfang Mei looked at Dongfang Yu and said “actually, everyone knows that ah Mo doesn’t have that ability anymore. The child that Mu Xue is pregnant with is actually the heir of the Dongfang family, but some women can’t stand the loneliness and can’t keep it. Now that she’s pregnant with an illegitimate child, she just wants to give birth to it...”

### **Chapter 138: Chapter 138: Xi Muru is pregnant**

“Aunt Gu,” Dongfang Yu quickly interrupted Dongfang Mei’s words Then, he glared at Xi Muxue and said coldly, “Mu Xue’s child has already been lost. I don’t want to pursue this any further. Moreover, it’s very difficult for her to get pregnant now that she’s missing an ovary. According to the rules of the Dongfang family, women who can’t have children can not continue to stay in the Dongfang family. Xi Muxue and I have neither gotten a marriage certificate nor had a wedding ceremony, so our marriage ended here because of the miscarriage of the child in her arms. I don’t want to... “. “... “...”

“whether or not you want to end your marriage with Xi Muxue is your own business,” Dongfang Mei quickly interrupted Dongfang Yu Then, she snorted coldly and said, “the crux of the problem now is that Xi Muru drugged the child in Mu Xue’s stomach, which is to target the heir of the Dongfang family. At the same time, Xi Muru herself is pregnant with a bastard child. These two things are the biggest taboo in the Dongfang family.”

Dongfang Yu and Dongfang Jun did not say a word. Dongfang Mei smiled proudly and then shouted outside the door, “men, bring this woman who doesn’t follow the rules of womanhood to the Dongfang family’s Temple and kneel there. Wait for AH MO TO COME BACK BEFORE YOU PUNISH HER!”

“But... sister-in-law is having a fever,” Dongfang Jun could not help but shout. Then, he looked at his mother and said, “mom, let Liu Hao give sister-in-law an injection first. No matter what, she is sick?”

Dongfang Mei glared fiercely at her son, dismissing him for meddling in other people’s business. However, there was still a soft sigh. “Ah Mo will definitely blame him if he finds out. Alright then, Liu Hao, give mu ru some medicine or something. I’ll get a min to send her to the temple later.” After saying that, she immediately glared at the two security guards who walked in. “Aren’t you going to take her away?”

“No, I can walk on my own.” Mu Ru slid down from the SOFA and glanced at Dongfang Yu who was standing at the side. Then, she turned around and straightened her back. She followed the two security guards out of the Dongfang family’s Mo Garden’s main hall and into one inch Mo city’s courtyard. Step by step, she walked towards the ancient and Eerie temple on the mountainside not far away.

Mu Ru had been married to the Dongfang family for almost three months, but the Dongfang family’s temple had only been here three times. The first time was when she had married Dongfang Mo a few days ago. It was the first day of the lunar calendar, and Dongfang Mei had brought her to the temple to offer incense to her deceased relatives.

The second time was after Xi Muxue was pregnant. Dongfang Mo brought her to the Temple to offer incense again, asking her to report the news of the Dongfang family’s new heir to her ancestors as the mistress.

Today was the third time, but she no longer walked into the temple as the mistress of the Dongfang family. Instead, she walked into the temple as a vicious woman, as a woman who was unchaste.

The Dongfang family’s Temple did not have electric lights. Only the incense altar was always lit with an everlasting lamp, but the lamp was like a soybean. In the pitch-black night, it looked even more eerie and terrifying.

After Mu ru was pushed in, the security guard locked the door outside. Using her memory, she used her hands to feel around and finally came to a corner and sat down.

Although the temple hall was also cold, it was still warmer than the ice cellar. Furthermore, she had a fever and had always been light-headed. Therefore, she sat down and leaned against the wall. In less than two minutes, she fell into a daze and fell asleep again.

In her sleep, she seemed to hear someone opening the door. Then, someone shouted, “First Young Madam,” the voice sounded slightly familiar, but she was very tired. She was so tired that she did not even have the strength to answer.

So, the voice disappeared, and the door was closed again, and so... ..

**Chapter 139: Was Chapter 139 wrong**

That night, Dongfang Mo returned very late, but when Uncle Liu pushed his wheelchair into the hall on the first floor of the Black Garden, he saw that there were people sitting in the hall. It was obvious that everyone was waiting for him.

His cap was still pressed down very low. He wore a suit and a scarf, and he wore a white cotton mask on his face. He even wore white gloves on his hands, almost wrapping himself up completely.

“second uncle, aunt Gu, what’s wrong?” Dongfang Mo’s old and hoarse voice rang out. “Why aren’t you resting at this late hour? Are you waiting for the outcome of my negotiation with Rodger?”

“Ah Mo, it doesn’t matter if we find out about the outcome between you and Rodger tomorrow or the day after.” Dongfang Yingwu sighed softly and looked at Dongfang Mo. “the key now is that the first young Madam, also known as Xi Muru, is pregnant!”

“What?” Dongfang Mo’s old and hoarse voice was obviously filled with shock. Then, he asked in a tone that almost doubted his own ears, “how is this possible? Are you guys mistaken?”

“How could we be mistaken?” Dongfang Mei rolled her eyes at Dongfang Mo and said very unhappily, “this was found out by Liu Hao after he checked her blood. If it wasn’t for Liu Hao...”

“Why would Liu Hao help her check her blood?” Dongfang mo quickly interrupted Dongfang Mei and asked in a low, hoarse voice, “isn’t she locked in the basement? What’s going on?”

“Big Brother, it’s like this...” Dongfang Jun quickly told her about how he carried Mu ru out. It was best if he sighed and said, “second brother and I were anxious about eldest sister-in-law’s health. After all, she had a high fever. However, we didn’t expect... We didn’t expect eldest sister-in-law to be pregnant.”

“What about Ah Yu?” Dongfang Mo glanced at the hall and asked in a deep voice.

“Ah Yu and Xi Muxue had a fight. He wanted to Chase Xi Muxue back to the XI family, but Xi Muxue didn’t go back. Once he got angry, he drove away again,” Dongfang Mei looked at Dongfang Mo. He shook his head with a bitter smile and said, “Ah Yu’s personality is still the same as ten years ago. Everything is hot within three minutes. Back then, I didn’t agree when he wanted to marry Xi Muxue, but now he doesn’t want Xi muxue anymore. He’s treating marriage as a child’s game.”

“Ah Yu, this child is indeed a little undisciplined,” Dongfang Yingwu continued “Even though he and Xi Muxue didn’t hold a wedding, our Dongfang family has paid two hundred million for this. Now that he says he doesn’t want it anymore, doesn’t that two hundred million go down the drain?”

“Sigh, if second brother continues to play like this, I think the Dongfang family’s small business will be squandered by him sooner or later.” Dongfang Jun sighed and shook his head. He was indeed extremely disappointed with his second brother.

“Ah Yu, what’s the reason for chasing Xi Muxue back to the XI family?” Dongfang Mo’s voice was still old and deep, and no one could tell his emotions from it.

“He has many reasons.” Dongfang Mei snorted coldly and said, “he even brought out the rules of the Dongfang family. He said that women who can’t have children can’t stay in the Dongfang family, but now that medicine is so advanced, Mu Xue has lost an ovary. Why can’t she have children “Even if it’s difficult to conceive naturally, isn’t there artificial insemination now “There’s still the IVF baby.”

"I think ah Yu's matter should be left alone for now. It's better to settle the first young Madam's matter," Dongfang Yingwu interrupted Dongfang Mei's words. Then, he looked at Dongfang Mo and said, "first young master, now that the first young madam is pregnant, what do you think we should do?"

#### **Chapter 140: Chapter 140, whose is it**

Mu Ru, who was in a deep sleep, was suddenly awoken by the strong light shining into her eyes. She rubbed her eyes with her hand and finally opened her heavy eyelids. Only then did she realize that there were already several people standing in front of her. Of course.. One of them was sitting, and that person was Dongfang Mo..

And this strong light was of course the temporary emergency light that the security brought over. The temple hall was originally not big, but the two emergency lights lit up the entire place.

"Xi Muru, whose child is the one in your belly?" Dongfang Mei, as a temporary mistress, held a copy of the Dongfang family rules in her hand and looked coldly at the woman curled up in the corner.

Mu Ru lowered her head and her fingers fidgeted uneasily. Who was the child in her belly? How did she know? "Mother, what are you asking?"

Dongfang Jun could not stand it anymore. He looked at Dongfang Mo in the wheelchair and said to his mother, "I think this question should be asked to big brother. sister-in-law is his wife, and sister-in-law has always followed the rules..."

"Ah Mo, are you feeling better?" Dongfang Mei looked at Dongfang Mo and asked in a probing tone, "is the child that Mu Ru is carrying your child?"

"Aunt Gu, I hope this is the result," Dongfang Mo's old and hoarse voice sounded emotionless. "It's just that the heavens don't take care of me like this, so in this aspect, I really don't have the ability to make her pregnant."

Dongfang Mei's face revealed a trace of a smile. Then, she looked at Xi Muru who was curled up in the corner and raised her voice, "then, now, Xi Muru, tell us, whose child are you carrying?"

Mu Ru remained seated in the corner, remaining silent. Of course, she did not intend to remain silent, but she really did not know who the father of the child was.

Was it the long-haired Devil from the wedding night Or was it the later Dongfang Yu?

She did not know, she really did not know!

"I don't know," she answered truthfully!

"You don't know?" Dongfang Mo's voice was old and filled with extreme anger Then, he reached out his hand to Uncle Liu beside him and said, "bring the Dongfang family's dog whipping over. Such a brazen woman who cheated on me, Dongfang Mo, such a woman who does not keep her chastity and destroys the Dongfang family's style, I think we need to give her a few whips."

When uncle Liu heard this, his heart trembled instinctively. However, he still went to the wall next to him and took the dog whipping off and handed it to Dongfang Mo..

Xi Muxue, who was standing at the side, looked at Xi Muru who was curled up there. She could not help but feel proud. She had said it before. She was so beautiful that she could not even get a good position in the Dongfang family. Xi Muru was so ugly, so how could she get a good position?

She had always thought that her sister was ugly and stupid. She did not know anything other than reading. However, this time, she looked at Xi Muru in a New Light She actually knew how to go out and find a man to solve the loneliness and emptiness of being a widow.

Unfortunately, a stupid woman was still a woman. When she went out to find a man, she did not know how to let him use TT. After finding a man, she actually did not know how to take post-mortem pills. When she was pregnant, she did not know how to go to the hospital to secretly get rid of it. Now that she was caught red-handed, she deserved it!

“Xi Muru, I’m going to ask you one last time. ” Dongfang Mo held the dog whip in his hand as his old and hoarse voice rang out powerfully. “Now, tell me, whose child is the one in your belly? ”
