

Chapter 181 shameless slut

“What do you mean you really can’t give it to me?” Lin Xinyue was furious when she heard Mu Ru’s words. She couldn’t help but raise her voice and said, “I just want to see if this dress is original. I don’t think your flower shop owner is so generous as to lend you an original Chanel coat.”

Mu Ru was silent. The flower shop owner wouldn’t be so generous. She probably wouldn’t even lend her a high-quality imitation, let alone an original dress?

While she was still in a daze, Lin Xinyue had already used her hand to pull off the dress on her body. Then, the purplish-green hickeys on her neck, chin, and butterfly bones showed up in Lin Xinyue’s sight.

“B * Tch! You Shameless B * Tch!” Lin Xinyue gave mu ru another heavy slap on the face. She poked her neck, the butterfly bones, and the purplish-green hickeys on her shoulder with her hands. She cursed in exasperation, “what is this? Ah, what is it? And you said you didn’t go out to look for wild men? Aren’t these things done by wild men for you?”

Mu Ru was pushed to the corner by Lin Xinyue again and again. Her clothes were forcibly taken off and she hadn’t found any other clothes to wear. She was only wearing a thin undershirt, and she hadn’t eaten dinner, so she was shivering in the cold.

However, Lin Xinyue did not let go of her anger. Seeing her huddled in the corner.. Hence, she used her foot to kick her lower body and scolded fiercely, “why are you so shameless? Is Your Place Itchy Are you so lacking in men No wonder marrying Dongfang Mo could not keep an empty house So she’s such a good-for-nothing I really regret not throwing you into the river and drowning you when you were born.”

Lin Xinyue had reason to hate Xi Muru because she had been living a tough life today. Living in a house that was even worse than a dog’s Kennel, without designer clothes, delicious delicacies, and even without a servant to serve her, all of this.. From her point of view, it was all because she had not listened to her husband when he had thrown Xi Muru away.

She missed her villa compound so much. It took up more than 200 square meters of space, and there were all kinds of world-famous furniture and clothing at home. She had practically never touched the sun, and she had never even washed her clothes. Every day, she lived the life of a wealthy lady.

Now, those luxurious days were gone forever, and the culprit behind all of this was this daughter who had been born with an ominous omen. She had been so soft-hearted that she had actually saved this jinx. And it was this jinx who was blind and kind-hearted that saved Nangong Xun, that Evil Wolf. Thus, the Xi family suffered such a mishap, and so, her days went down the drain. She was in such a dire situation that she could no longer afford to eat.

Mu Ru hugged her shivering body with her arms. She did not respond to her mother’s scolding, and of course, she could not fight back. She knew that her mother was having a psychotic episode, and at the same time, her heart was not well. She only hoped that she could vent her anger quickly and let her go. She still had to cook.

Lin Xinyue was a pampered person. She did not know how to do laundry and cook. Therefore, every morning, Mu ru not only had to make breakfast for her, but she also had to pack her lunch into an insulated box. She would cook dinner after work.

She came home so late today. She did not have to eat dinner. Of course, Lin Xinyue had not eaten dinner. The reason why she did not sleep so late was because she was waiting for her to come home and cook for her.

Chapter 182:99 blue enchantresses

Perhaps Lin Xinyue had had enough of scolding and beating, but when she saw mu ru curled up in the corner.. She sneered, "I didn't expect that a man would like you even though you're so ugly. Then this dress must have been given to you by the man you found. This dress is the original Chanel. I'll take it."

Hearing Lin Xinyue's words, Mu Ru's heart immediately turned cold. She had been counting on this dress to be used as money to compensate the flower shop owner's expenses. Now that it had been taken away by Lin Xinyue, where was she going to find 600 yuan to compensate?

"Why are you still hiding there? Why don't you get up and cook?" Lin Xinyue put on the dress and turned around. When she saw mu ru still shivering in the corner, she couldn't help but burst out, "do you really want to starve me to death?"

Mu Ru got up silently. Her mother scolded her almost every day anyway, so she was already numb to it. She quickly found an old dress by her bed and put it on. Then, she hurried into the kitchen to cook dinner.

While she was cooking in the kitchen, Lin Xinyue was cursing and nagging in the living room. She said that since she could find a man who liked her, she would only buy a chanel brand dress that cost a few thousand yuan. What kind of job was she going to find She might as well find a man with a little money and marry him.

That night, when mu ru finished cooking and the mother and daughter ate, it was already midnight. Lin Xinyue did not know whether it was because she had slept enough during the day and could not sleep or because she was excited about getting a new set of clothes, but she kept talking.

However, Mu Ru was very tired, physically and mentally exhausted. After washing the dishes, she simply wiped her body and fell asleep on the bed. As for what Lin Xinyue was still walking around and mumbling about, she really did not know.

The next morning, she woke up and prepared her mother's breakfast and lunch. Then, she took a bun and walked to the flower shop by bus while eating.

When she arrived at the entrance of the flower shop, she saw the lady boss and another colleague were busy wrapping the flowers. When she saw Mu Ru, the lady boss called out to her, "Mu Ru, hurry up and help. We have to send a lot of flowers to the Fragrant Plum Garden Hotel today."

Send flowers to the Fragrant Plum Garden Hotel again?

Mu Ru instantly felt pain when she heard this. Last night, she sent flowers to the Fragrant Plum Garden Hotel, but in the end, she lost everything. If she went to the Fragrant Plum Garden Hotel again today, would she be as unlucky as last night?

“Mu Ru, what are you standing there for?” The lady boss of the flower shop saw that she was in a daze. Hence, she called out to her again, “hurry up and do it. There are so many things to do today. Tie up all these flowers. Later, when the people from the wedding company come to take them away, they also want these white roses here. Hurry up and dye them with blue dye to become blue enchantresses. They want to dye 99 blue enchantresses.”

“Oh, I know. Then I’ll dye the blue enchantresses.” Mu Ru quickly responded and then put down her bag. She originally wanted to tell the lady boss about the money she spent yesterday, but now she couldn’t care less.

Dyeing all 99 white roses into blue enchantresses wasn’t a small project. Because she had to avoid the leaves when dyeing them, if the leaves were dyed, it would look too fake.

It would be a bit troublesome to dye all 99 white roses into blue enchantresses, but Mu Ru was a meticulous person. She spent the whole morning and finally finished dyeing all of them at noon.

However, because there was no sun today, the first flowers that were dyed were dry, and the second ones weren’t. Therefore, when the wedding company came to pull the flowers, the bunch of blue enchantresses couldn’t be taken away. They were instructed to send them to the Fragrant Plum Garden Hotel at 18 o’clock in the afternoon on time.

Chapter 183 Dongfang Yu’s engagement ceremony

Initially, Mu Ru did not want to send the more than 99 blue enchantresses to the Fragrant Plum Garden Hotel by herself. After hearing the words “Fragrant Plum Garden Hotel” last night, she instinctively felt some fear.

However, in the afternoon, her colleague took a leave of absence because she was allergic to paint. In the morning, when she helped dye the blue enchantress, she had a rash all over her body. It was so itchy that she hurriedly went to the hospital to see the dermatologist after lunch.

Mu Ru felt a little helpless. There were only three people in the flower shop. Now that her colleague had left, she could not ask the lady boss to send flowers over, right? Thus, at 17 o’clock in the afternoon, she carried the bunch of blue enchantresses out again. The lady boss gave her 50 yuan to take a taxi, but in order to save money, she took a bus instead. She thought that the bus would only take five or six stops. One Yuan was enough. Two Yuan for a round trip, she could save 48 yuan.

However, Mu Ru only calculated that the bus would save money, but she didn’t calculate that the bus would take a detour. Moreover, she didn’t even calculate that the bus would be stuck in a traffic jam when it entered a small street, and this jam would last for more than half an hour.

Therefore, when Mu Ru rushed to the Fragrant Plum Garden Hotel, it was already 18:15. When the wedding company’s people saw her at the door, they could not help but fly into a rage. “What’s going

on? Didn't I tell you guys to arrive before 18? Why is it so late? They don't even want the flowers anymore, so they switched to champagne roses at the last minute. "

"What? " Mu Ru was shocked and looked at the wedding company's people Then, she hurriedly explained, "Sir, there was a traffic jam on the road. Please be kind and accept this flower. This bunch of blue enchantress is worth 1,999 yuan. If you don't accept it, how can I go back and report to The lady boss? Besides, our flower shop can't afford to lose money, right? "

The wedding company's people saw her begging for mercy Hence, they sighed lightly and said, "fine, I can't make the decision on this matter. Why don't you just send it into the hall? If the newlyweds accept it, then everything will be fine. If the newlyweds don't accept it, then it's useless for our wedding company to come. We won't lose money, right? "

After hearing his words, Mu Ru no longer nagged at him. She carried the bunch of blue enchantress and walked towards the banquet hall. There was a big photo at the entrance of the banquet hall, but she didn't pay attention to it because she was holding the flowers in her arms.

She only saw the two people on the stage when she approached the stage. They looked so familiar. The man was Dongfang Yu, and the woman was Kuang Yingying, the daughter of the mayor of this city.

Mu Ru never dreamed that this was Dongfang Yu and Kuang Yingying's engagement ceremony. When she walked closer with the flowers, the guests below burst into an uproar because everyone thought she was Xi Muxue.

That's right, her forehead was still covered by her bangs. When she and Dongfang Yu were getting married, she was dressed like this. However, she was wearing a white wedding dress at the time, and today, her face was covered with an unwashed blue dye She looked like a clown.

"Isn't this the first young Madam of the Dongfang Family? " Immediately, someone recognized her, and they couldn't help but start whispering among themselves.

Mu Ru bit her lips lightly and walked to the stage. She steadily handed the blue enchantress in her arms to Dongfang Yu, and her voice sounded indifferent and distant. "Mr. Dongfang, this is the 99 blue enchantresses that I specially sent to you, look... "

Mu Ru stopped when she said this, because she suddenly realized that Kuang Yingying was already holding a bouquet of champagne roses in her arms.

Chapter 184: Making a fool of herself on the spot

Mu Ru paused when she said this because she was shocked to find that Kuang Yingying was already holding a bouquet of champagne roses in her arms.

She suddenly remembered that the person from the wedding company had said that the blue enchantress had already given up because she could not wait for her.

Dongfang Yu looked at Xi Muru expressionlessly and then at Kuang Yingying beside him. He then asked gently, "Yingying, the blue enchantress represents the only love. Do you still want me to give it to you? "

“Of course, ” Kuang Yingying pretended to roll her eyes at Dongfang Yu. Then, she said softly, “since sister-in-law has already given it to me, how can I not want it? ”

Kuang Yingying did not purposely raise her voice when she said “sister-in-law” , but she did not purposely lower her voice either. The guests who were close to the stage naturally heard it.

Therefore, the people who were whispering among themselves started to whisper among themselves. Everyone’s gaze instinctively fell on Mu Ru’s face. Everyone’s eyes were filled with sympathy and pity.

Xi Empire collapsed, and the Xi family went bankrupt. As the son-in-law of Xi Yuancheng, when the Xi family was about to go bankrupt, not only did Dongfang Mo not extend his hand to the Xi family, he even took the initiative to withdraw from Xi Empire.

At the same time, not long after Xi Empire went bankrupt, Dongfang Mo announced to the public that his marriage with Xi Muxue was dissolved. From then on, when men and women married, they would not interfere.

Even though Dongfang Mo married Xi Muru, most of the people outside did not know that the Xi family had two daughters, much less that Xi Muru had replaced Xi Muxue to marry Dongfang Mo. Therefore, everyone had always thought that Dongfang Mo’s wife was Xi Muxue.

Mu Ru had also seen the statement that Dongfang Mo had published in the newspaper. At that time, she was secretly glad that no one in the outside world knew of her existence. This more or less made it so that when she was looking for a job in society, no one would look at her differently.

At this moment, Kuang Yingying called her sister-in-law, but it was obvious that she was deliberately making a fool of herself. This was because all the guests present knew the outcome of Xi Muxue being chased out of one inch Mo city by Dongfang Mo. .

Mu Ru handed the flower in her hand to Dongfang Yu, then turned around and glanced at the guests present. Then, she used her hand to lift up the bangs on her forehead, revealing the thumb-sized birthmark on her forehead.

“My name is Xi Muru, not Xi Muxue, ” Mu Ru’s voice was indifferent and calm as she explained calmly, “Miss Kuang just mistook me for someone else! ”

The crowd was in an uproar. Everyone looked at each other, and for a moment, no one said anything.

Everyone only knew that Xi Yuancheng had a beautiful heiress, Xi Muxue, but they never knew that there was a Xi Muru who looked exactly like Xi Muxue.

“Wow, so you’re Xi Muru? ” A middle-aged woman’s voice sounded from below the stage. Then, she walked over and said excitedly, “my daughter is also from Binhai high school. She said Xi Muru is her idol and is the top scholar in the city. ”

Mu Ru smiled faintly and then quickly walked towards the door. She chose to ignore everyone’s gaze and did not turn back to look at the burning gaze behind her.

Dongfang Yu and Dongfang Mo had nothing to do with Xi Muru. Today, Kuang Yingying wanted to embarrass her, but unfortunately, she did not let her get what she wanted.

Kuang Yingying was the mayor's daughter, yet she was studying in the same high school as her. She had been competing with her for three years in high school, always wanting to surpass her, but never once.

Chapter 185 was earned

When she walked out of the banquet hall, the employee from the wedding company was already looking at her with a smile on his face. At the same time, he handed her a red packet and said, "there's 1,999 yuan in the red packet and 1,000 yuan in tips. You've earned it this time."

Mu Ru did not hesitate to take the red packet and calmly thanked the employee from the wedding company. Then, she steadily walked towards the door of the Fragrant Plum Garden Hotel.

When she thought of the employee from the wedding company saying that she had earned it, she could not help but smile bitterly in her heart. How was she earning it? That 1,000 yuan was clearly the money spent on the bouquet of champagne roses from last night.

However, she was also glad that she had the courage today. If she had not walked into the banquet hall to deliver that bouquet of blue enchantresses, she reckoned that not only would she not be able to recover the money she spent yesterday, but she would also have to pay for the money she spent today, right?

Mu Ru finally returned to the flower shop safely and handed the money she spent today and last night to the lady boss. However, the lady boss handed the money she spent last night to her again, saying that Mr. Fang had already paid for last night's money.

Mu Ru's heart was stunned, but she did not say anything. She just took the tip of the thousand yuan, took the week's salary that the lady boss handed to her, and quickly went home by car.

She came home late last night and was scolded and beaten up by her mother, so she couldn't come home late tonight. She had to go home early. Besides, she had been tired all day, so she wanted to rest early.

However, after getting out of the car, she walked towards the gate of the village in the city. From Afar, she saw a familiar, very eye-catching rolls-royce parked at the gate, and her heart skipped a beat.

However, she immediately thought that there were many rich people in this society, and Dongfang Mo wasn't the only one who drove a rolls-royce, so she naturally walked towards the gate.

However, just as she reached the rolls-royce, the car door was pushed open. Uncle Liu got out from inside and immediately blocked her way. Obviously, he was here to look for her.

"Mr. ... Mr. Liu, what's the matter?" Mu Ru almost called him uncle Liu, but just as the word "uncle" was about to leave her mouth, she realized that she was no longer a member of the Dongfang family, so she did not have the right to call him uncle Liu ...

"Our eldest young master wishes for you to return to one inch mo city to do some work," uncle Liu's voice was calm. He looked at mu ru and said calmly, "eldest young master said that your salary is three times your salary at the flower shop."

“I don’t want to...”

“I hope Miss Xi will consider it,” uncle Liu quickly followed Mu Ru’s words. Then, he reminded her calmly, “you used to be the eldest young master’s wife. Today, you showed your face as a florist at the second young Master’s engagement ceremony. Eldest young master doesn’t want people to say that he mistreated his ex-wife...”

“So, by asking me to be a servant in one inch Mo city, he’s treating his ex-wife well?” Mu Ru continued uncle Liu’s words calmly.

Uncle Liu was silent. This was what Dongfang Mo meant. He did not want Xi Muru to continue to show her face in this society. The Dongfang family could not afford to lose face.

Xi Muru originally wanted to say, “I’m not going. I won’t go even if I get three times my salary. I, Xi Muru, have hands and feet. Where can I not find a job to earn money to eat? Why must I be a servant in one inch INK CITY? “?

However, just as she was about to say this, she recalled what Doctor Shi Zheng said last week when he brought her mother to see him. He said that it was best for her mother to undergo surgery. Otherwise, her heart disease probably would not be able to drag on for long.

When she thought of this, her hands secretly clenched into fists. When she was studying, she had heard that people would bend over backwards for five Dou Rice. Now, she had to disregard her dignity for money?

Chapter 186: The poor must have ambition

“I want to go back and discuss it with my mother,” Mu ru looked at uncle Liu who was standing beside the rolls-royce and said plainly, “after all, I live with my mother. I’m going to one inch ink city to do some work, and my mother doesn’t have anyone to take care of her, right?”

Uncle Liu nodded. He was only here to pass on the message. Moreover, Xi Muru was a free woman. He couldn’t force Xi Muru to one inch ink city, could he?

“Alright then. Call me when you’re done thinking.” Uncle Liu quickly took out a business card for her, then pulled open the car door and went into the car.

Mu Ru casually put the business card into her bag. Then, she walked naturally to the entrance of the village in the city. She thought to herself that she had to hurry back to cook. Today, because she had been dyed blue all day, she was so busy that she didn’t even have time to eat lunch. This made her hungry.

However, just as she walked up the stairs and turned the corner, she was stopped by her mother, Lin Xinyue.

“who was that old man just now?” Lin Xinyue reached out to grab the hair on her forehead and tugged at it forcefully. “Tell me, was he the lover you hooked up with when you were Dongfang Mo’s wife?”

“No. ” Mu Ru quickly reached out to tug at Lin Xinyue’s hand that was tugging at her hair and hurriedly explained, “mom, that person is uncle Liu, Dongfang Mo’s chauffeur. ”

“Dongfang Mo’s chauffeur? ” Lin Xinyue obviously did not believe Mu Ru’s words. She stared at mu ru with a pair of doubtful eyes Then, she roared like she was going crazy, “Xi Muru, why are you so shameless? You even wanted to hook up with Dongfang Mo’s chauffeur. He’s about the same age as your father, right? ”

“Mom, I didn’t hook up! ” Mu Ru was in so much pain from Lin Xinyue’s mad grip on her hair that she was in tears Then, she quickly explained, “mom, Dongfang Mo’s chauffeur came to me just now to ask if I wanted to work as a servant in one inch ink city. He said that the salary is three times that of working outside...”

“You want to work as a servant in one inch INK CITY? ” Lin Xinyue cut off mu RU’s words She raised her voice by a few decibels and shouted, “do you still have any ambition? ! ” Dongfang Yu had caused your sister Mu Xue to be in such a miserable state, yet you still have to lower yourself to be a servant. You used to be the young Madam, but now you’re going to be a servant for someone else. You might as well just die, so that you don’t embarrass yourself in this world... “...”. “...”

“Mom, I didn’t say that I was going. ” Mu Ru finally pushed Lin Xinyue’s hand away and took two steps to the side Then, she quickly explained, “mom, I told him that I wanted to come back and discuss it with you. Since you don’t agree, I definitely won’t go, right “Besides, the servants in one inch ink city eat and live in one inch ink city. If I go, who will take care of you? ”

Lin Xinyue, who had been crazy, looked at the exposed birthmark and the hair in her hand when she heard Mu Ru’s words. Her chaotic heart seemed to clear up a little in an instant.

“Mu Ru. ” Lin Xinyue finally walked up and reached out to touch the birthmark on mu ru’s forehead. However, mu ru thought that she was going to grab her hair again, so she instinctively moved away.

Lin Xinyue saw mu ru hurriedly moving away and the fear in her eyes. She finally understood in an instant that this daughter was afraid of her.

Her heart instantly felt a trace of pain Then, her voice softened slightly as she said, “Mu Ru, although we are already so poor, we have to be ambitious. Even if we beg for food, we will not go in the direction of the Dongfang family. ”

Chapter 187. She was not willing to come

“She’s not willing to come, is she? ” Dongfang Mo’s slightly aged and hoarse voice came from under the lowered cap. His voice was very low, and his tone was as usual, making it impossible to detect any emotions.

“Yes. ” Uncle Liu stood behind him. Even though he did not face him, he still replied respectfully, “she called. She said that she has to stay here for work and accommodation in one inch ink city. It’s not convenient to take care of her mother. ”

“PFFT... ” a barely audible laugh, but it was obviously filled with self-mockery.

He lowered his head slightly and looked at an unknown place. He had personally chased her away, and now, he wanted her to come back, and he even wanted her to be a servant. He reckoned that no matter how resigned he was, he would probably not agree to it.

“Um, have you found out about Lin Li’s background?” Dongfang Mo immediately changed the topic. He did not dwell on whether Xi Muru wanted to come to one inch ink city because it was useless to dwell on it.

“I’ve already found out. She’s a lesbian.” Uncle Liu’s attitude was still extremely respectful.

“That’s what I’m talking about. How could a normal woman be willing to marry someone like me without any benefits? Unless there’s something wrong with her brain, and Lin Li came back from studying abroad. It’s said that there’s nothing wrong with her brain.” Dongfang Mo paused for a moment. Then, he snorted coldly. “It seems that aunt Gu has indeed put in a lot of effort for me in this area.”

“Lin Li was found by many aunt Gu.” Uncle Liu hurriedly reported the latest situation to him. “Lin Li was found by third young master, but third young master passed it on to aunt Gu...”

“Ah Jun?” Dongfang Mo’s voice had obviously lost its age and hoarseness due to the shock. He quickly asked again, “has ah Jun joined forces with Aunt Gu? I thought... It seems that I underestimated Ah Jun’s ability.”

“It’s not clear if third young master has joined aunt Gu’s plan. So far, we only found out that he found Lin Li. We really didn’t find anything else,” Uncle Liu reported truthfully.

“okay, I got it.” Dongfang Mo’s voice once again became low and hoarse. “Well, tell aunt Gu that the marriage with Lin Li should be canceled. Just say that although I, Dongfang Mo, am a eunuch, it is not necessary for me to bring back a person whose gender is unknown, let alone marry the first young mistress. If I let Lin Li be the first young mistress, wouldn’t it be a joke to the world?”

“Yes!” Uncle Liu replied, then turned around and left.

Dongfang Mo leaned against the wheelchair, his eyes slightly narrowed. It seemed that he had indeed underestimated some people. They actually thought of finding a lesbian for him to marry?

Thinking of this, he could not help but laugh out loud. His most beloved aunt, his once most beloved cousin, he had once thought that they would always be a family.

However, who would have thought that there would be a day when he would stand on the opposite side of them. Who would have thought that one day, because of the Dongfang family’s business problems, he would fight them to the death.

He really did not want things to turn out like this, and he really did not want aunt Gu to be involved in the past. Therefore, he silently prayed in his heart that the incident two years ago that Aha found out, it would be best if aunt Gu did not participate.

As long as aunt Gu didn’t participate in it, then he could let bygones be bygones. Of course, if she really did participate in it, his relationship with her aunt and nephew would probably come to an end.

Chapter 188: a miserable life

Mu Ru rejected uncle Liu. The next day, she still went to work at the flower shop. Fortunately, she received a tip of 1,000 yuan. In addition to the salary calculated by the lady boss of the flower shop, she had more than 1,000 yuan in her hand.

On Wednesday, she brought Lin Xinyue to have a checkup and prescribe medicine. The person who received her was still the same doctor Zheng Yifan from last time.

Zheng Yifan was a cardiologist who had just returned from abroad for less than two years. It was said that he had performed many large-scale surgeries overseas. Now, Binhai Second Hospital could be considered an authoritative figure in the Department of Cardiology. The director attached great importance to him and was currently grooming him to be the successor.

Zheng Yifan looked to be less than thirty years old. He was very young and was mainly very patient with patients. Mu Ru told him about her mother's situation in the past few days.

"Well, in general, the situation is not too bad." Zheng Yifan checked on Lin Xinyue. Then, he said to Mu Ru, "your mother's current heart attack is mainly caused by depression. I'm worried if she has hysteria. Have you taken her to see a psychiatrist?"

"I have." Mu Ru nodded. She said softly, "the psychiatrist also said that she has hysteria. At the same time, he prescribed some medicine for her to take. If I was at home, I would usually coax her to take it. However, I'm not sure if she took it when I went to work during the day. However, I guess sometimes she didn't take it."

Mu Ru recalled that she had found some pills in the garbage bag when she threw the trash out. Then, she remembered that it was most likely the medicine that her mother threw out at noon.

She had told Lin Xinyue about this several times. However, Lin Xinyue would either not listen to her or yell at her, asking who was her mother. Who should listen to whom?

Every time this happened, Mu Ru felt extremely helpless. Lin Xinyue was her mother, and this was a fact that could not be changed. It was also because she was her mother that she could not leave her alone.

Zheng Yifan said some other things to take note of before finally saying, "your mother's bypass surgery is scheduled for next Friday. You can bring her to the hospital next Wednesday."

"Um... how much does the surgery cost?" Mu Ru asked carefully ...

"The cost of the bypass surgery is not very high. I estimate that around 50,000 yuan will be enough. However, it will still cost some money to be hospitalized, so it would be best if you can prepare for 60,000 to 70,000 yuan." Doctor Zheng looked at the relevant fees and said to her.

"60,000 to 70,000 yuan?" Mu Ru stared at Zheng Yifan with her eyes wide open in shock.

"Why? Is there a problem?" Zheng Yifan looked at her expression and immediately knew that she was probably someone who could not afford to pay for the surgery again.

Mu Ru nodded. Not only was there a problem, there was simply too much of a problem. She could not even afford 60,000 to 70,000 yuan right now, let alone 60,000 to 70,000 yuan?

Zheng Yifan looked at her. Then, he flipped open a proposal and handed it to her. "You can take a look at this. This is a sponsorship provided by a pharmaceutical company. In other words, if you agree to use the equipment and medicine from their company to perform the surgery on your mother, then this pharmaceutical company can deduct 50% of the cost for you. You only need to prepare around 30,000 yuan."

Mu Ru read the proposal again and again. To be honest, she did not read much of it. Her mind was still thinking about the number of 30,000 yuan.

Because even if she signed the medical company's experimental surgery plan, it would still cost 30,000 yuan. Most importantly, this was a new surgery, and the risk was very high. She estimated that her mother would not agree to take the risk.

Chapter 189 the mother-daughter argument broke out for the first time

"What? You want me to be the Guinea pig for that pharmaceutical company?" Lin Xinyue roared angrily. She glared at her daughter angrily. She cursed without thinking, "Xi Muru, are you still human? Is it easy for me to give birth to you and raise you? If it wasn't for you, would you be the one to spend money on my surgery? You've brought down this family and caused my illness to collapse. Now, you want me to be the Guinea pig for my surgery? Why don't you be the Guinea pig yourself?"

Mu Ru's heart ached when she heard this. She had worked hard every day to earn money to maintain this family. It was fine if there was no good food or drink, but if she could hear a word of concern, it would be good too.

However, her mother hated her, so whenever she saw her, she would either scold or beat her. Every word she said was that she had brought down the Xi family, every word she said was that she was a jinx or a jinx, and every word she said was that she was the one who had caused her to end up like this.

She admitted that the Xi family's collapse was indeed a big part of her responsibility, but she was already working hard to earn money and atone for her sins, wasn't she?

"Xi Muru, I asked you a question. Why didn't you answer?" Lin Xinyue saw her daughter standing there like a wooden block, so she couldn't help but raise her voice and growl, "are you deaf?"

"Mom, what did you ask me?" Mu Ru woke up from her thoughts. She looked at Lin Xinyue who was approaching her, and she couldn't help but move to the side. She didn't want to be pulled by her hair anymore.

Because the bangs on her forehead had been pulled a few times by Lin Xinyue, they were now very rare. If she pulled off any more, it would probably not be able to hide the thumb-sized birthmark on her forehead.

"Let me ask you, have you promised that doctor that you want me to do experiments for that pharmaceutical company?" When Lin Xinyue saw that her daughter's reaction was so slow and that her madness had flared up again, her voice rose eight degrees. She circled the room twice, then picked up the broom and was about to wave it at Mu Ru.

“Mom, when did I say that I want you to do experiments for the pharmaceutical company?” Mu Ru saw the broom in Lin Xinyue’s hand and quickly jumped towards the door. At the same time, she shouted, “Mom, am I not giving you a suggestion? Besides, our family is so poor that we can’t afford 3,000 yuan. Not to mention that you’re not willing to be an experimental subject for the pharmaceutical company, even if you were willing to go, I wouldn’t be able to scrape up 30,000 yuan.”

“So you’re saying that I’m not going to be cured?” Lin Xinyue heard Mu Ru’s explanation and became even angrier. Her eyes were red and wide as she raised the broom in her hand and smashed it down on Mu Ru’s head. At the same time, she shouted loudly, “Xi Muru, do you want me to wait for death? Do you think that my life is an eyesore to you? Do you hate that I didn’t get beaten to death like your father?”

“Mom, it’s not that I don’t want to treat your illness. I don’t have money, do I?” Mu Ru was also angry. The oppression and grievance in her heart completely exploded when she was hit by her mother’s broom. She could not help but shout back, “Besides, I’m not your only daughter, am I? Where’s your precious daughter? Where’s your beautiful princess? Didn’t she leave with ten million? Why don’t you call her? Ask her to send some money back for your surgery?”

Chapter 190 the mother-daughter argument broke out for the first time

Lin Xinyue’s broom finally stopped falling after Mu Ru’s loud shout. She looked at her daughter who was standing at the door, wearing thin clothes. Because of her broom, she hit her forehead. In the end.. She slowly put down the broom in her hand.

“Mu Ru, what happened to your forehead?” Lin Xinyue noticed that there was a scar next to her birthmark. It looked like a broken needle.

Mu Ru touched her forehead. Although the scar was not big, it was obvious because it was next to the birthmark. This scar was caused by Nangong Xun’s yacht.

She could not help but think, if she had gone along with Nangong Xun’s wishes and married him, what kind of life would she be living now?

Be The young Madam of the Nangong family Then, XI EMPIRE WOULD NOT GO BANKRUPT The Xi family would not collapse Xi muxue would still be the second young Madam of the Dongfang Family?

What about Dongfang Mo Would he just accept his fate Would he just let her live a peaceful life in the Nangong family No, actually, one did not need to think too much to know the answer, because Dongfang Yu had already rushed to the yacht that night.

Therefore, even if she was willing to go along with Nangong Xun’s wishes that night, Dongfang Yu probably would not let Nangong Xun get what he wanted.

“Oh right, Mu Ru, don’t you have any private money in the Dongfang family?” Lin Xinyue looked at her daughter with a puzzled gaze. She really did not believe that Mu ru did not have money.

No matter what, Mu Ru was still the first lady of the Dongfang family, right? Furthermore, Mu Xue came back and said that she had been the mistress of the Dongfang family for a few days. Could it be that she couldn't get any money even if she was the mistress?

When Mu Ru heard Lin Xinyue's reminder, she remembered that Xi Yuancheng had given her a five hundred thousand yuan red packet when she returned to the Dongfang family, but she had given it to mother Wang at that time.

After the Xi family collapsed, she didn't need to see mother Wang anymore. After that, she had been busy with other things, and Lin Xinyue had been acting crazy, so she didn't need to ask where mother Wang was.

"Mother, where's mother Wang?" Mu Ru looked at Lin Xinyue carefully. Seeing that she was in a daze, she reminded her, "mother Wang, she's been working for our family for more than 20 years. She's the one you've left me with since I was young."

"I wonder where mother Wang is." Lin Xinyue tilted her head and thought for a while before she remembered. "Your father dismissed all the servants before he announced the closure of Xi Empire. Mother Wang must have gone back to her hometown."

"Oh, I see." Mu Ru nodded and then asked softly, "mother, how much can your old bracelet be worth?"

She asked because she still had a jade bracelet in her hand, which was given to her by Lin Xinyue on the day she returned to Ning city. She had kept it for a long time and didn't sell it because it was the first gift from her mother, and she couldn't bear to part with it.

"Bracelet, what bracelet?" Lin Xinyue obviously didn't remember the bracelet that she had given to her daughter. So she shook her head and said, "all my gold, silver, jewelry, and diamonds were robbed by those creditors. The money that I kept in the bank also paid off my debt to the bank. Now I have nothing, I have nothing..."

Lin Xinyue muttered that there was nothing left. She was completely dazed, and then she laughed again. Then, she said crazily, "No, I still have ten million. My Mu Xue quietly escaped with ten million. When the storm passes, she will come and pick me up to live a good life. I will have a good life soon..."
