### Chapter 201: One inch ink city

“Don’t be so nervous. My aunt isn’t that difficult to get along with.” Zheng Yifan looked at Mu Ru, who was sitting in the passenger seat, as he drove.

After Lin Qiluo’s magical hand rejuvenation, her thin and Pale face looked especially watery, like a peach blossom in March, because of the Light Purple Qipao.

“Mu Ru, you’re so beautiful.” Zheng Yifan couldn’t help but praise her.

Mu Ru was slightly stunned, but she immediately reacted and said lightly, “Yifan, you know I’m ugly, but this beauty is fake. It’s the makeup artist’s work, not my own nature.”

Mu Ru was originally called doctor Zheng Yifan. However, when she stayed at Zheng Yifan’s house, Zheng Yifan did not allow her to call him that. He said that there were too many people who called him doctor Zheng. Everyone in the hospital called him doctor Zheng every day. He was tired of hearing it Hence, he let her call him Yifan.

Zheng Yifan listened to her words and laughed instead He said softly, “Mu Ru, you’re too modest. How many times have I told you? A birthmark on your forehead is not considered ugly. True beauty and ugliness lie in your heart. However, your heart is so kind. When your mother was sick, you actually quit school to work to earn money to treat her illness. This is beauty, a traditional virtue of the Chinese people. And you possess such a rare quality.”

Mu Ru smiled wryly when she heard Zheng Yifan’s disguised compliment. She didn’t argue with him because the beauty of the heart was a way to comfort people. Besides, the first impression of the suburbs between people was to look at the appearance directly Who could see WHO’s heart?

Zheng Yifan drove. Mu Ru didn’t deliberately observe the scenery outside the window because she felt that the mature street scenery in Binhai had no appreciation value, so she might as well close her eyes and take a nap.

“We’re here.” With Zheng Yifan’s arrival, his car slowly drove into the parking space and stopped.

Mu Ru opened her eyes and instinctively looked out of the window. She felt a sense of familiarity, as if she had been here before.

She frowned instinctively. Just as she was about to take a closer look, she saw a Hao running over He opened the car door for Zheng Yifan as he bowed and said, “young master, you’re here. Hurry up and invite him. Our Aunt Gu was still talking about you just now.”

Mu Ru sat in the passenger seat in a daze. She looked at a Hao and heard him say aunt Gu. Her mind suddenly came to a realization. So this was one inch ink city, the Dongfang family. No wonder she felt a sense of familiarity.

Zheng Yifan said that he was coming to attend his aunt’s birthday party, but he did not mention his aunt’s name. She never dreamed that Zheng Yifan’s aunt was actually Dongfang Mei.

Zheng Yifan saw that mu ru was still sitting in the front passenger seat, so he immediately went around the front of the car to help her open the door. He reached out very gentlemanly to hold her arm and said in a low voice, "Mu Ru, come down. My Aunt's home is here. "

Mu Ru only felt her legs go weak. A Hao who saw her next to her was also stunned. He probably did not expect that Zheng Yifan's female companion was actually Xi Muru, right?

Mu Ru got out of the car. Her legs went weak and she could barely stand, but when she looked up and saw Dongfang Mei standing at the entrance of the hall, she couldn't help but stand up straight again.

What was she afraid of What was there to be afraid of She didn't owe the Dongfang family, did she And she was Zheng Yifan's female companion today. Would the Dongfang family eat her up?

With that thought, she immediately put her hand through Zheng Yifan's arm and walked elegantly with him toward the Dongfang family's entrance.

### **Chapter 202 I'm no longer your sister-in-law**

From the parking lot to the main entrance, there was a garden in the middle. The tulips that she and a min used to plant were now in Bud. They would probably bloom soon.

The servants in one inch ink city who were helping to welcome the guests also saw her. A Min just happened to walk over from the side. When she saw her, she was so shocked that she quickly covered her mouth with her hand and almost shouted out loud.

Her face had always been indifferent. She was no longer the Xi Muru of the past. She no longer belonged to the Dongfang family, so she was not afraid of them. Even if she saw the devil Dongfang Mo later, she would not be afraid.

Mu Ru was telling herself that she would not be afraid anymore, that there was no need to be afraid. However, when they were getting closer and closer to the door, her legs could not help but Flash, and her body could not help but tremble.

"What's wrong?" Zheng Yifan leaned over and patted her hand. He said softly, "don't be afraid. My aunt looks a little serious, but she's actually very easy to talk to and get along with..." "

"Yifan, what are you talking about me?" Dongfang Mei saw Zheng Yifan talking to his female companion from afar. She immediately guessed that he was talking about her, so she could not help but raise her voice to interrupt Zheng Yifan.

"Auntie, what can I say about you? I'm just praising you." Zheng Yifan brought mu ru to the front and stood a meter away from Dongfang Mei.

Dongfang Mei's gaze only glanced at Zheng Yifan before it was fixed on Mu Ru. From Afar, she already felt that Zheng Yifan's female companion seemed a little familiar. She didn't expect that when she walked closer, she really was familiar.

"If I'm not mistaken, this young lady should be..." "

“Auntie, this is mu Ru.” Zheng Yifan immediately interrupted Dongfang Mei’s words and then hurriedly explained, “don’t look at her like Xi Muxue, the former first lady of the Dongfang family, but she’s not Xi Muxue. Her name is Xi Muru, don’t confuse her.”

“Hehehe,” Dongfang Mei couldn’t help but laugh when she heard Zheng Yifan’s explanation. Her eyes were still locked on Mu Ru. Then, she asked plainly, “Miss Xi, didn’t you tell my Yifan that the former first lady of the Dongfang Family was called Xi Muru?”

“What?” This time, it was Zheng Yifan’s turn to be shocked. He looked at Dongfang Mei and then at Mu Ru. His face quickly filled with confusion. He couldn’t help but ask, “Auntie, what’s going on? I even attended eldest cousin’s wedding. I remember that he was married to Xi Muxue? And the Xi family only has one daughter?”

“Who said the Xi family only has one daughter?” These words did not come from Dongfang Mei, but from Dongfang Yu, who had just walked over from behind Dongfang Mei. His cold gaze landed on Mu Ru, and his thin lips curled up. An emotionless voice sounded at the door, “sister-in-law, tell Mr. Zheng Yifan, how many daughters are there in the Xi family?”

Mu Ru’s blushing face quickly calmed down after hearing Dongfang Yu’s words. She looked at Dongfang Yu and said coldly, “I’m sorry, second young Master Dongfang. I’ve already been chased out of one inch Mo city by Mr. Dongfang Mo. Moreover, Mr. Dongfang Mo has also announced that he has no relationship with the Dongfang family. So, please call me Miss Xi or Xi Muru in the future. I’m no longer your sister-in-law.”

### **Chapter 203: Mu Ru is now free**

“Mu Ru is right,” Zheng Yifan said as he tightened his grip on Mu Ru’s hand. He looked at Dongfang Mei and Dongfang Yu with a smile and said, “regardless of whether it was Xi Muxue or Xi Muru who married eldest cousin, the Xi family and the Dongfang family have nothing to do with each other anymore. Eldest cousin also chased away the former first young madam, so mu ru is now free. She’s a single girl. Second cousin, don’t call her eldest sister-in-law, right?”

Dongfang Yu was slightly taken aback. Just as he was about to speak again, Dongfang Mei spoke first. With a smile on her face, she said, “Yifan is right. Mu Ru is no longer related to our Dongfang family. Tonight, she is Yifan’s female companion and also a guest of the Dongfang family. Hurry up and come in.”

Mu Ru’s hands were secretly clenched into fists under the sleeves of her Qipao as she kept cheering herself on. Since she had already accompanied Zheng Yifan here today, there was absolutely no reason for her to be defeated by the Dongfang family.

She held Zheng Yifan’s hand and walked into the hall. When mother Liu, who had just brought a large bowl of fruit salad from the kitchen and was heading to the dining area, saw her, she was so shocked that she almost threw the bowl of fruit salad in her hand away.

Mu Ru immediately went up and stretched out her hand to help mother Liu straighten the tilted bowl. Then, a faint smile appeared on her face and she naturally greeted mother Liu, “hello, mother Liu.”

“Yes, yes, ” mother Liu quickly responded, but she could not find a second sentence to say.

Mu Ru didn't have any intention of continuing the conversation with mother Liu. She looked at Zheng Yifan who was walking towards her and immediately hooked her arm around his, walking towards the hall with him.

“I'm sorry. ” Mu Ru apologized to Zheng Yifan in a low voice. “I didn't expect you to have a cousin relationship with the Dongfang family. The reason why I didn't tell you about my family matters is actually... ”

“I know. You feel that there's no need to say those things, ” Zheng Yifan immediately replied in a low voice. He patted the back of her hand and comforted her, “there's nothing to be sorry about. Really, I think you're very good. Especially when I know that you were once the first lady of the Dongfang family and that you're the eldest daughter of the Xi family, I think you're even more amazing because not everyone can withstand so many blows. Moreover, it's already not easy for you to be so strong after such a big blow. ”

Mu Ru's nose felt sour when she heard Zheng Yifan's words. She could not help but feel a sense of warmth in her heart. When she was at the lowest point in her life, when her mother was beaten to death and she had nowhere to go, it was Zheng Yifan who reached out to her. He gave her warmth and made her feel that there were actually good people in this world.

Dongfang Mei's birthday was not a big birthday. It was only two or four years old, which was forty-four years old. The Dongfang family was particular and liked to celebrate big birthdays, so this forty-four-year-old was rather grand.

However, because Dongfang Mei was not a woman who stepped out of the house, but an old woman who was waiting to be married, even if the Dongfang family valued her more, they still did not have any big banquets. They only invited some close relatives and friends.

Mu Ru and Zheng Yifan had just arrived at a remote corner and were about to sit down when they heard Dongfang Mei ask, “Ah Yu, where's your brother? Isn't he back yet? Didn't you tell him to come home earlier? ”

“My brother will be back in the afternoon, ” Dongfang Yu quickly replied, then added, “my brother said that the gifts have been prepared and are in aunt Gu's room. He won't come out to meet everyone.

#### **Chapter 204, waiting for Dongfang Mo to appear**

When Dongfang Mei heard Dongfang Yu's words.. She immediately sighed and said, “Ah Mo, this child really cares too much about his appearance. Actually, there's no need for him to be like this. We're all family here, aren't we “Moreover, we won't be able to see anything if he wears a mask. He's now the male host of the Dongfang family. If he doesn't appear, how will the banquet be held “I think we should invite him down first. ”

As Dongfang Mei spoke, she was about to head upstairs when Dongfang Yu beat her to the stairs. He smiled and stopped Dongfang Mei, “aunt Gu, you're the birthday girl today. You can't let the birthday

girl personally invite my big brother, right? Besides, wouldn't you be cutting off my big brother's life if you do this?"

"Yes, yes," a Dongfang family member beside her added. He also followed Dongfang Yu's words, "second young master is right. Ah Mei, we're all here to celebrate your birthday. If you leave now, won't there be an awkward silence? It's better to let ah Yu invite the eldest young master out."

"The eldest young master said that he won't come out." Uncle Liu just happened to walk out of the elevator and saw Dongfang Yu, who was about to go upstairs. He immediately called out to him, "second young master, don't disturb the eldest young master. He's applying medicine on his body right now. I'm afraid he doesn't want anyone to see him."

"Oh, alright then." Dongfang Yu walked down with a helpless expression. He then shrugged and said to Dongfang Mei, "Aunt Gu, I'm sorry. You know about my eldest brother's situation. Please forgive me."

Dongfang Mei had an obviously unhappy look on her face. She could not help but mutter, "Ah Mo, this child is too much. He doesn't apply medicine early and doesn't apply it late. Why does he have to apply medicine now? How long does it take for him to apply medicine? He should at least come out for a while, right?"

"AH MO usually takes half an hour to apply medicine, right?" Dongfang Yingwu took over Dongfang Mei's words with a smile on his face and said indifferently, "Ah Mei, why don't you postpone your birthday banquet for half an hour?"

"Of course," Dongfang Mei immediately replied. Then, she smiled and said to Uncle Liu, "then I'll have to trouble uncle Liu to help ah Mo. at the same time, tell him that we're all waiting for him. After all, he's the male master of the Dongfang family. Moreover, the Dongfang Family's Patriarch is here. It wouldn't make sense if he doesn't come out for a while."

"Alright," uncle Liu replied. His gaze swept over mu ru without leaving a trace. Then, he turned around and walked towards the elevator.

"Yingying, there's still half an hour left. I'll bring you to one inch mo city for a walk," Dongfang Yu stood up and said to his female companion, Kuang Yingying, with a smile.

"Okay." Kuang Yingying clearly felt that it was pointless to sit here and wait for half an hour. She quickly stood up and walked out of the hall together with Dongfang Yu.

Mu Ru was originally sitting in a remote corner, but her identity was too special. Therefore, no matter where she sat, everyone would pay attention to her. Everyone's eyes were almost all looking at her at the same time.

She also stood up and said to Zheng Yifan beside her, "why don't we also go to the small garden in the back for a walk? Or, can we take our leave?"

Zheng Yifan smiled when he heard her words. He stood up and said softly, "Mu Ru, I also want to take my leave as soon as possible to bring you away from here, but the banquet hasn't started yet. It's impolite to take our leave now. Let's take a walk outside."

Chapter 205: An accident

Although Mu ru had only lived in one inch ink city for less than three months, she was still familiar with the courtyard in one inch ink city. After all, she had been Xi Muxue's servant for a period of time, and she often worked with Ah Min.

The two of them walked out of the hall and walked towards the Mountainside at the back. Actually, one inch ink city was built along the mountain, especially at the back. There were stairs leading up the mountain, and at the top of the stairs was a natural hot spring.

Of course, if they walked towards the East, the Dongfang family's Temple was halfway up the mountain. Mu Ru did not want to go to the temple, so she led Zheng Yifan towards the hot spring.

Zheng Yifan saw her leading him halfway up the mountain and frowned. He could not help but ask, "is there anything good to see up there? I think we might as well go to the pavilion on the other side of the corridor. It's only half an hour, and it'll be over soon."

Mu Ru turned around to look at the right corridor, smiled and said, "the scenery on the other side of the corridor is not good. There's a hot spring up here, and if you look down from the side of the hot spring, you can see the blue sea, and..."

Before Mu ru could finish her words, Dongfang Yu helped Kuang Yingying down from the top. Kuang Yingying was limping and her face was scrunched up. She was grimacing in pain.

"What happened?" Zheng Yifan looked at Kuang Yingying who was beside Dongfang Yu and asked. Perhaps this was the instinct of doctors. It was a habit of their profession.

"Yingying slipped by the side of the hot spring and sprained her ankle," Dongfang Yu hurriedly explained. At the same time, he urged Kuang Yingying, "hurry up. Let's go down and find some medicine to wipe it. It will take a long time..."

"Come on, can she walk if she sprained her ankle?" Zheng Yifan rolled his eyes at Dongfang Yu. Then, he scoffed coldly, "second cousin, you must be confused. She sprained her ankle so badly that she can't even walk, yet you're still urging her to hurry up. Let Miss Kuang sit here first. I'll check on her. Hurry up and find some medicine for her injury."

"Oh, okay then." Dongfang Yu looked like he was in a hurry as he quickly ran down the mountain. He had just run two steps when he turned around and shouted, "sister-in-law, no, Miss Xi, can you come down with me? I'll go look for medicine. Help me get mother Liu to bring a pot of boiling water up. I think Yingying's foot needs to be covered with hot water."

"this..." Mu ru was slightly stunned. Then, she glanced at Zheng Yifan. Seeing that he was fully focused on checking Kuang Yingying's ankle, she did not think too much about it. She stood up and ran down the mountain.

Dongfang Yu ran fast. She was wearing high heels and a tight qipao. Moreover, it was downhill, so of course, she could not catch up with him. Therefore, in less than two minutes, she could not see Dongfang Yu's shadow.

It was not a big deal to wear high heels up the hill, but it was indeed very tiring to go down the hill. When Mu ru walked back to one inch ink city's Mo Garden Hall, Dongfang Mei was joking with everyone.

Mu Ru wanted to quietly walk from the corridor to the kitchen at the back, but the corridor was in the middle, and there were many people at the moment. So even if she crept in again, she still attracted everyone's attention.

She walked straight ahead without looking sideways and went straight to the kitchen. Just as she reached the door, she saw mother Liu coming out with a plate of fruit She immediately said to mother Liu, "give me the fruit first. Prepare a pot of boiling water, a clean towel, and a basin. Miss Kuang's leg has twisted. Second Young Master asked me to bring these up to warm Miss Kuang's feet. "

### **Chapter 206. She was no longer the owner of this place**

When mother Wang heard Mu ru say this, she immediately handed the fruit plate in her hand to Mu ru and turned around to prepare the things that mu ru had mentioned.

Mu Ru carried the fruit plate to the dining area in the living room and put it away. She did not care about everyone's surprised gazes and quickly went back to the kitchen. Mother Wang had just finished preparing all this, so she took it and walked out.

Mu Ru was dressed in a cheongsam and a pair of three-inch high heels. She was carrying a kettle in one hand and a basin and towel in the other. This combination looked very comical, like a skit.

"Miss Xi, are you... acting out a comedy for us? " Dongfang Mei's words were obviously filled with mockery and ridicule ...

She did not expect Xi Muru to walk into one inch Mo city again. She did not expect that she would be shameless enough to come and go freely in the Dongfang family. Looking at her expression, it was as if she still treated herself as a member of the Dongfang family.

When everyone heard Dongfang Mei's words, they were stunned. Then, they could not help but laugh because Xi Muru's current outfit and the things she was carrying looked very comical.

When Mu ru heard Dongfang Mei's words, she frowned slightly and said plainly, "Miss Dongfang, it was second young master who asked me to come down and take these things because Miss Kuang sprained her ankle. "

After Mu Ru said this, she did not look at the people in the hall anymore. Instead, she hurriedly walked out of the hall.

However, because she walked a little quickly and she was not used to the high heels on her feet, the Qipao was too narrow and she could not take a step. When she stepped out of the hall, the Qipao behind her seemed to have been stepped on by someone and then loosened She instinctively leaned back and then leaned forward, so her body lost balance and fell straight forward.

"AIYO..." Mu ru shouted almost instinctively The kettle and basin in her hands were thrown out, and her body rolled on the ground. She accidentally rolled onto the boiling water from the kettle, and it immediately burned her body red.

“First Madam, First Madam!” A Min just happened to walk in from outside the hall. When she saw Mu ru rolling on the ground, she forgot that Mu Ru was no longer the Xi family’s first Madam. She used her hand to support mu ru as she shouted, “First Madam fell down and was scalded. SOMEONE COME QUICKLY!”

A Min’s shout caused everyone in the hall to stand up and walk to the door. When they saw Mu Ru, who a min had helped up, her hair was disheveled and her makeup was ruined because of the water. Her Qipao was torn open. The worst part was that her fair legs were red. It was obvious that she had been scalded by the boiling water.

Dongfang Mei’s face darkened slightly when she saw Xi Muru in such a sorry state. She said unhappily, “Miss Xi, why are you walking like this? Is a pot of water and a Washbasin and towel very heavy?”

“I felt like something was hanging off the hem of my dress, so I just...” Mu ru explained awkwardly. At the same time, she used her hand to pull on the Qipao that had been ripped open from the split. She lowered her head in embarrassment, but her face was red from embarrassment.

“Alright, alright. A Min, quickly bring Miss Xi upstairs to change her clothes.” Dongfang Mei waved her hand unhappily, looking completely impatient. She turned around and reminded, “remember to bring her to the guest room. She’s no longer the owner here.”

#### **Chapter 207: The agonized Mu Ru**

Mu Ru followed a min upstairs, but she could not walk after just two steps. because she had fallen in her high heels, she sprained her foot when she fell.

“A min, I can’t walk up.” Mu Ru shook her head in pain. She almost cried. She looked at a min with pleading eyes. “Why don’t you take me to your dorm and find me some of your clothes?”

“This... isn’t good.” A Min was a little troubled, then she explained, “Miss Xi, my clothes in one inch Mo city’s dorm are all work clothes. If you wear work clothes today, then really...”

“Work Clothes it is. It’s fine.” Mu Ru could not care less anymore, so she said to a Min, “please, I really can’t walk anymore.”

“What’s wrong?” Dongfang Mei, who had already turned around to walk to the banquet hall, turned around and saw Mu Ru and a min still standing at the stairway. A Min could not help but ask. She could not help but walk over and ask, “Miss Xi, are you unwilling to go upstairs? Or do you dislike my hospitality?”

“No.” Mu Ru quickly shook her head, then she explained, “Miss Dongfang, I sprained my ankle. It’s a little difficult for me to go upstairs. Look...”

“Don’t tell me you want a min to help you get your clothes and change here?” Dongfang Mei coldly cut off Mu Ru’s words. Then, she said mockingly, “Miss Xi, even if you’re so thick-skinned that you don’t care about other people’s gazes, this is the Dongfang family’s Mo Yuan Hall. We’re not afraid of seeing such an indecent scene and getting unlucky, are we?”

When Mu ru heard Dongfang Mei's words, she was so ashamed that her face was red. She could not say anything more, so with a Min's help, she used her hands to hold the railings on both sides of the stairs and walked upstairs with difficulty step by step.

The guest room on the second floor was actually the room that Dongfang Yu and Xi muxue used to stay in. A Min pushed the door open for her Then, she said very politely, "there are clothes in the closet. You should find some clothes to take a shower first. I'll go find some medicine for your injuries. I'll come up and help you rub them. You probably won't be able to leave for a while. "

A min nodded at Mu Ru. She grimaced in pain and forced herself to say thank you. At the same time, she used her hands to support herself against the wall and slowly hopped towards the closet in the room.

When Xi Muxue was still the second Madam of the Dongfang family in one inch Mo city, she had once entered this room. However, this room was no longer the same as when Xi Muxue was around. It had reverted to the decorative style of an ordinary guest room.

Mu Ru went to the wardrobe and pulled open the wardrobe. She took out a set of cotton undershirt and hopped towards the bathroom. In her heart, she only prayed that a min would quickly find the medicine and bring it up. She only hoped that her feet would recover as soon as possible.

Just as Mu ru was showering in the guest room, Dongfang Mei, who was in the hall on the first floor of Mo Garden, was slightly impatient. At this moment, she was constantly looking at her watch because 40 minutes had already passed.

"What's wrong with mo? It's already been 40 minutes and he still hasn't applied the medicine on his body?" Dongfang Mei stood up as she spoke. As she walked towards the stairway, she muttered, "I really have to go up and invite him personally. "

"Ah Mei, it's better if I go. " Dongfang Yingwu stood up and gave her a look. "You stay here with the guests. I'll go up and invite Mo. "

As soon as he finished speaking, he immediately walked towards the stairway. His speed was so fast that it was as if he would miss the auspicious time if he was one step slower. In less than two minutes, he had already stepped up the stairs.

## **Chapter 208 Dongfang Mo has arrived**

"second uncle, are you going upstairs to look for me?" An old and hoarse voice came from the elevator.

Everyone turned around to look at the voice and realized that there was a wheelchair turning towards them. The man on the wheelchair was wearing a cap, but the top of the CAP was very low. He was wearing a high-necked jacket There was a gray checkered scarf around his neck, and he wore a white mask on his face. His hands on his knees were also wearing white gloves.

Of course, this person was none other than the male owner of one inch ink city, Dongfang Mo. Uncle Liu pushed him to the front of the male owner, and then stood silently to the side.

Dongfang Mo did not take off the mask on his face His voice was still low and hoarse, "I'm sorry to have kept everyone waiting. Today is my aunt Gu's 44th birthday. Ah Mo should have accompanied aunt Gu

to drink a cup of wine to congratulate her, but aunt Gu also knew that AH MO's body was no longer suitable for drinking, so she could only use tea as a substitute for wine, to give a toast to aunt Gu. "

Dongfang Mo glanced under his cap and asked unhappily, "where's Ah Yu? Aunt Gu, didn't he come back for your birthday? "

"Ah Yu, he came back in the evening and brought Miss Kuang with him. " It was only then that aunt Gu remembered Dongfang Yu She quickly explained, "I was waiting for you just now. Ah Yu took Miss Kuang out for a tour of one inch mo city. Then, Miss Xi, who used to be Xi Muru, came in from outside and said that Miss Kuang sprained her ankle. Ah Yu probably stayed with Miss Kuang. "

When Dongfang Mei said this, she specially increased the volume of the words "Miss Xi" and "Xi Muru" . However, her eyes did not blink as she looked at Dongfang Mo, wanting to see what kind of reaction he would have.

"Xi Muru? " Although Dongfang Mo's voice was old and hoarse, there was obvious shock in it. "Is it Xi Muru who used to replace Xi Muxue to marry me? "

"It's her. " Dongfang Mei was very satisfied with Dongfang Mo's shocked reaction Then, she quickly said, "Xi Muru came with Yifan tonight. She's Yifan's female companion. Looks like we really underestimated her ability. Although she's ugly, her methods are indeed very clever. "

Dongfang Mo was silent for a while and did not say anything else. Coincidentally, Uncle Liu passed him a cup of tea. He immediately took it and waved it at Dongfang Mei. "Happy Birthday, aunt Gu! "

Then, he turned his head to the back, pulled back a little mask, and drank it in one gulp.

Everyone only knew that he drank it when they saw Dongfang Mo raise the Empty Cup in the air again. As for how he drank it, no one saw it clearly. After all, Dongfang Mo's back was facing everyone.

"Alright, aunt Gu. " Dongfang Mo's voice was still deep and hoarse. At the same time, he explained, "this kind of situation is not suitable for me to stay for long. I'll take my leave first. Everyone just have a good time and enjoy yourselves. "

After he finished speaking, he gestured for Uncle Liu to push him to the elevator because he really did not need to stay here for long.

Everyone stood up and clapped to see Dongfang Mo off. Although no one could see his appearance clearly, from his heavily armed appearance and his aged and hoarse voice, they knew that he definitely looked terrifying Otherwise, he would not have wrapped himself up so tightly that his eyes and nose would not be exposed.

Dongfang Mei was slightly taken aback, and then she announced the official start of the banquet with a smile on her face. Following that, the sound of cheerful music rang out. Everyone raised their wine glasses and began to talk loudly, while the young people were influenced by the music and began to dance.

Chapter 209: The Unlucky Xi Muru

“Ah Yu, why aren’t you back yet?” Dongfang Yingwu came to Dongfang Mei’s side and whispered, “that Xi Muru came back and said that Kuang Yingying has sprained her ankle for more than half an hour. Could it be...”

“What do you mean?” Dongfang Meii looked at the joyous crowd in the banquet hall, then walked to a quiet place and said, “I think our guess should be wrong. Look, ah Yu is with Kuang Yingying. Didn’t ah Moo come here just now?”

“This... I’m going out to one inch Mo city to take a look.” Dongfang Yingwu’s brows were furrowed even more tightly. He looked at Dongfang Mei and asked softly, “Oh right, where did Xi Mumu say Kuang Yingying sprained her ankle?”

“This... she didn’t say where,” Dongfang Mei recalled for a moment. Then, she said, “one inch Mo city is built on a mountain. Whether it’s to go to the hot spring, the Temple Hall, or the Moon Stone to view the sea, we have to climb the mountain. As long as we climb the mountain and wear high heels, there’s a possibility of spraining our ankle.”

“Then I’ll take three people and split into three groups to look for her. Tell them that Miss Kuang sprained her ankle and that second young master needs help.” As Dongfang Yingwu spoke, he had already turned around and walked out.

Dongfang Mei looked at Dongfang Yingwu’s back as he ran out. She was slightly stunned, and then she walked towards the stairs. There was still a woman at home who sprained her ankle. She had to show her concern, no matter what, right?

Because Mu Ru sprained her ankle, she could not take a bath standing up. Therefore, she could only kneel on the ground and fill the bathtub with water. Then, she used her hands to support the bathtub and moved her body into the bathtub.

The Dongfang family’s guest room was actually comparable to the guest room of a five-star hotel. The bathtub was very big, and she felt very comfortable lying in it. Perhaps it had been a long time since she had taken a bath like this, so she felt sleepy after lying down for less than two minutes. She actually felt drowsy.

She did not know how long she had been in the bath for, but in fact, it had only been about ten minutes. Suddenly, the sound of the door being pushed open was heard. She immediately opened her eyes nervously and could not help but ask, “is it a min? Did you send the medicine up?”

“It’s me.” Dongfang Mei pushed open the bathroom door and quickly scanned the bathroom. When she saw mu ru lying in the bathtub, she walked over unwillingly. When she saw the bathtub full of bubbles, she frowned. As she reached into the bathtub, she said very naturally, “it’s winter now. If the bath water is too cold, it’s easy to catch a cold. Let me see if your water temperature is enough.”

Mu Ru’s body, which was originally lying very naturally, instinctively curled up because Dongfang Mei’s hand suddenly reached in. Then, because Meng Meng curled up, she forgot that she had sprained her ankle and bumped into the edge of the bathtub. The pain made her cry out instinctively, “ouch!”

Dongfang Mei’s hand scooped around the bathtub that was full of bubbles. Then, she slowly took it out and looked at Xi Muru, who was in so much pain that tears were rolling down her face. She scoffed

coldly. "Miss Xi, take your time in the bath. The water is still hot. I'm sure you've taken a bubble bath today. Who knows when you'll be able to take a bath again?"

Then, she turned around gracefully and walked out of the bathroom door. To Mu Ru, who was still struggling in the bathtub with a flushed face, she could only humiliate and ridicule her.

Mu Ru was so angry that she gritted her teeth. Was there anyone more unlucky than her? To think that Zheng Yifan was attending a dinner party with the Dongfang family. They helped Dongfang Yu's fiancée get some water and a towel, but in the end, she even fell and sprained her ankle. It was not easy for her to come to the guest room to take a shower, but she was still inexplicably humiliated by Dongfang Mei.

It was true that all the old women who were not married had bad hearts. No, it was the entire Dongfang family who had bad hearts!

### **Chapter 210 turning a blind eye**

Mu Ru cursed the Dongfang family in her heart. However, she had no choice but to use her hands to support the edge of the bathtub as she tried her best to pull her body out of the bathtub. Then, she used her unsprained foot to stand in the bathroom.

Spraining one's foot was an extremely painful thing because the sprained foot could not land on the ground at all. Jumping on one foot was not something that everyone could do easily.

Fortunately, Mu Ru had sprained her foot when she was young, so she had some experience. Moreover, the bathroom was not big. She used her hands to support herself against the wall and jumped two steps before she arrived at the Tatami area.

By the time she sat on the Tatami in the bathroom, put on her clothes and pants, and hopped into the room on one foot, Amin had already brought some ointment.

"First Young Madam, could it be that your foot is dislocated?" Amin asked as she passed the ointment to Mu Ru while looking at her swollen ankle.

"Amin, I'm no longer a member of the Dongfang family. Don't call me first young madam anymore. Call me Mu Ru," Mu Ru took the lead to correct her. Then, she answered her question, "It shouldn't be dislocated. It's just sprained my ankle. It'll be fine after a few hours of rubbing."

After saying that, Mu Ru immediately applied some medicine on her ankle and gently rubbed it. Fortunately, she had grown up beside the servants when she was young. She was used to falling and touching things. Moreover, she took care of herself. This was because it was very difficult for her parents to remember that she was their daughter.

The ointment from the Dongfang family was good. The place where she sprained her ankle was burning with pain. However, after applying the ointment, she immediately felt cool and comfortable.

"Alright, thank you, Amin." Mu Ru passed the ointment to Amin and then asked softly, "Um, can I borrow a pair of your shoes? I don't think I can walk in high heels now."

“Hehehe, there are spare shoes in the guest room.” A Min stood up and took out a pair of soft flat shoes from the shoe cabinet and handed them to her. “wear this pair. This pair of shoes matches your clothes better.”

Mu Ru looked at the clothes on her body. In fact, they were also from the wardrobe in this room. They were probably prepared for the guests, but they did match the shoes on her feet.

When Mu ru put on her shoes and walked down the stairs with her hands supporting the wall, there were already very few guests in the banquet hall on the first floor. Most of them were saying their goodbyes, while Dongfang Mei was no longer in the hall. She probably went to the courtyard to see the guests off.

Just as she was thinking of where to find Zheng Yifan, she saw Dongfang Yu carrying Kuang Yingying, who had sprained her ankle. Kuang Yingying’s ankle was still wrapped in Gauze, and she looked like she was in pain. Both of her hands were tightly wrapped around Dongfang Yu’s neck She portrayed the delicate and petite woman’s appearance to the point of being wooden.

She quickly reached out to hold the railing of the stairs and stood to the side. She watched Dongfang Yu Carry Kuang Yingying up the stairs, and his gaze was deep and focused on the woman in his arms. Towards her, who was standing to the side to make way.. He did not even look at her.

Mu Ru bit her lips lightly, ignoring the slight pain in her heart. Her gaze swept across the hall, wanting to find someone to ask if she saw Zheng Yifan. However, she found that Zheng Yifan had already walked in from the entrance of the hall.

Zheng Yifan was slightly stunned when he saw mu ru standing by the railing with one foot. He immediately ran over and asked nervously, “Mu Ru, what’s wrong? Why are you changing your clothes? Why are you standing here with one foot?”
